Voting Information

Election Day is November 4, 2014

Polling Places
The polls will be open from 7:00 a.m. to 8:00 p.m. on Election Day. **To locate your polling place please call 1-888-383-8683. In Anchorage, please call 269-8683.**

Bring Identification to the Polls
You MUST be prepared to show one form of identification. You may use the following ID:

- Voter ID Card
- Driver's License
- State ID Card
- Current and valid photo ID Card
- Passport
- Military ID Card
- Birth Certificate
- Hunting or Fishing License

or, you may use an original copy of one of the following documents if it contains your name and current address:

- Current Utility Bill
- Government Check
- Bank Statement
- Pay Check
- Other Government Document

If you do not have identification when voting, you will be asked to vote a questioned ballot.

What Happens if Your Name is not on Register
If your name does not appear on the precinct register, you may vote a questioned ballot. Before receiving a ballot, you must complete a questioned ballot envelope. Your voted ballot will be placed in a secrecy sleeve and then the secrecy sleeve will be sealed inside the completed questioned ballot envelope. All questioned ballots are returned to the Election Supervisor for review and counting by the Questioned Ballot Review Board.

Marking the Ballot
When voting the ballot, completely fill in the oval next to the candidate or issue you wish to vote for. Fill in the oval like this: ⬬

You only have to mark the races or issues you choose to vote for. If you mark more than one choice in a race or issue, that section of the ballot will NOT be counted. The sections of the ballot that are properly marked will be counted.

If you make a mistake marking your ballot, DO NOT erase or correct the ballot. You may return the spoiled ballot to an election worker and request a new ballot. If you attempt to correct a mistake on the ballot, the corrected vote may not be counted. **Note:** *You may only receive a replacement for a spoiled ballot 2 times.*

Campaigning Prohibited Near Polls
Alaska law prohibits political persuasion within 200 feet of any entrance to a polling place during the hours the polls are open. This means you may not discuss or display campaign items for candidates or issues appearing on the ballot at that polling place.

Voter Rights, Assistance and Concerns

Questioned Voting
If your name is not listed on the precinct register or if you do not have identification, you have the right to vote a questioned ballot. The information you provide on the outside of the questioned ballot envelope will be used to determine your voting eligibility and to update your voter registration information. If for any reason your questioned ballot is not fully counted, you will be notified in writing.

Language or Other Assistance While Voting
If you need language or other assistance during the voting process, you may have a person of your choice help you as long as that person is not a candidate for office in the election, is not your employer, agent of your employer or agent of a union you belong to. You can have help during each step of the voting process, including inside the voting booth with reading or marking the ballot. The election workers at the polling place are available to help you as well. This is your right under federal law.

The Division of Elections has hired bilingual outreach workers and poll workers to provide language assistance to Alaska Native voters. These workers are available in rural areas throughout the state where there are limited English proficient Alaska Native voters. The bilingual workers are available to provide language assistance prior to the election, including help with this pamphlet and on Election Day during the voting process. If you need the name of the person who has been hired to provide language assistance in your community, please contact the Division of Elections. Yup'ik language assistance is available by calling the division's Yup'ik Language Coordinator, toll-free, 1-866-954-8683.

Touch Screen Voting Option
There will be one touch screen voting unit in each polling place. Touch screen voting is intended for the blind, disabled, and for voters who do not read well. Alaska's touch screen voting unit allows disabled voters to vote unassisted through the use of magnified, high contrast and audio ballots. If you need to vote using the touch screen voting unit, let the election board know.

Visually Impaired Voters
Magnifying ballot viewers for the visually impaired will be available at all polling places and absentee voting sites.

Audio recording of this Pamphlet is available at each Regional Election Office or from the Alaska State Library, Talking Book Center, located in Anchorage. Telephone the library at (907) 269-6575 for information.

Hearing Impaired Voters
The Division of Elections has a TTY telecommunications device, which allows hearing impaired voters to obtain general information about elections by calling (907) 465-3020.

Physically Disabled Voters
If you have difficulty gaining access to your polling place, or if you have accessibility questions about your polling place, please let the Division of Elections know. We make every effort to ensure that polling places are accessible to all Alaskans.

Concerns, Comments, Questions
If you have any concerns or comments about voting, if you have questions, or if you would like more information about our special services, please contact any regional elections office.

Absentee Voting

Early / In Person / By Mail / Electronic and Special Needs Voting

There are several absentee voting options available during each election. You may vote absentee in person, by mail, by electronic transmission, or vote a special needs ballot through a personal representative.

Voting Early or Absentee In Person
Beginning **October 20, 2014**, you may vote at an absentee voting site. Ballots for all 40 districts are available at all Regional Elections offices. In addition to the Regional Elections offices, there are many other voting sites throughout Alaska that will have ballots for their house district. For more information or for a list of absentee voting locations visit our website or contact a Regional Elections office.

Special Needs Voting
If you are unable to go to the polls due to age, serious illness or a disability, you may have a personal representative pick up and deliver a ballot to you beginning 15 days before an election at an absentee voting site or on Election Day at the polling place. Your personal representative can be anyone, except a candidate for office in the election, the voter's employer, an agent of the voter's employer, or an officer or agent of the voter's union.

Voting By Mail or Electronically
The Division of Elections Absentee Office in Anchorage handles all absentee by mail and electronic applications. To vote by mail or electronically, you must submit an application.

Absentee By Mail
Absentee ballot applications can be submitted after January 1st of each election year. You can request a ballot for a specific election or for all elections in the year. **Absentee by mail ballot applications for the General election must be received by October 25, 2014.** Apply early to ensure timely delivery of your ballot. Your voted ballot must be postmarked on or before Election Day.

Absentee By Electronic Transmission
Voting by electronic transmission should be your last alternative for casting a ballot. You may apply for electronic voting **October 20, 2014 through 5:00pm Alaska Time on November 3, 2014.** You may return your voted ballot by mail or by fax. **If you return your voted ballot electronically, it must be received no later than 8:00pm Alaska Time on Election Day.** If you return your voted ballot by mail, it must be postmarked on or before Election Day.

If you have questions about voting by mail or electronically, please contact the Absentee Office at (907) 375-6400 or Toll Free 1-877-375-6508.

For more information about absentee voting, contact any Division of Elections office or visit our website at:

C06 (Rev. 06/01/2013)

State of Alaska - Division of Elections
Absentee Ballot Application Instructions

You may use this application to request absentee ballots and simultaneously initially register to vote or update your voter registration record for federal and state elections. **Are you currently registered to vote?** If so, your completed application **MUST** be received at least 10 days prior to Election Day. *Military and Overseas Voters*, when requesting your ballot to be sent to you by fax or through online delivery, your application **MUST** be received no later than 5:00 p.m. Alaska Standard Time the day prior to Election Day. **Are you initially registering to vote?** If so, your completed application and any supporting documentation **MUST** be received or postmarked at least 30 DAYS prior to Election Day except, in a United States presidential election. In a presidential election, you may initially register and participate in the presidential race so long as your completed application and any supporting documentation is received 10 DAYS prior to Election Day and for *Military and Overseas Voters*, when requesting your ballot to be sent to you by fax or through online delivery, your application and any supporting documentation **MUST** be received no later than 5:00 p.m. Alaska Standard Time the day prior to Election Day.

When completing this application, provide:

1. **Alaska residence address:** You **MUST** provide a physical residence address in Alaska. Your Alaska residence address determines your voting district and precinct. Your application will be denied if you do not provide a physical residence address or if you provide a PO Box, HC Number and Box, PSC Box, Rural Route Number, Commercial Address or Mail Stop Address in Box 5 of the application.

   If your residence has been assigned a street name and house number, provide this information. If your residence address has not been assigned a street name and house number, indicate exactly where you live such as, highway name and milepost number, boat harbor with pier and slip number, subdivision name with lot and block, or trailer park name and space number. If you live in rural Alaska, you may provide the community name as your residence address.

   Are you temporarily out of state? If so, and you have intent to return (active military and military spouses are exempt from intent requirements), you may maintain your Alaska residence as it appears on your current record. If you provide a new residence address, it must be within Alaska.
2. **Proof of identity:** Your identity **MUST** be verified. If you have been issued a Social Security Number, an Alaska driver's license or Alaska state identification card number, you must provide at least one in Box 7 of the application. If you have never been issued one of the identification numbers, you may indicate this by checking the appropriate box.

   Are you submitting this application by mail, by fax or as an attachment through e-mail? If so, and if you are not already registered to vote in Alaska, your identity must be verified either at the time you register or the first time you vote. If you would like to ensure that your identity is verified at the time you register, submit a copy of one of the following:
   - Current and valid photo identification
   - Passport
   - Birth certificate
   - Driver's license
   - State identification card
   - Hunting and Fishing license

   If you do not provide proof of identification at the time of registration, you may be required to meet certain identification requirements when you vote.
3. **Date of birth:** If you do not provide a date of birth, your application may not be processed.
4. **Are you initially registering to vote from outside the State of Alaska?** If so, you must provide proof of Alaska residency, such as a copy of your Alaska driver's license, hunting or fishing license, student loan or college tuition documents, proof of employment in Alaska, military leave and earnings statement or other documentation that supports your claim as an Alaska resident.
5. **Have you been convicted of a felony?** If so, you may register to vote only if you have been unconditionally discharged. If available, provide a copy of your discharge papers with this application.
6. **Political affiliation:** **Recognized political parties** are parties that have gained recognized political party status under Alaska Statute. **Political groups** are groups who have applied for political party status but have not met the qualifications to be a recognized political party under Alaska Statutes. Political affiliations in Alaska are as follows:

   Recognized Political Parties:
   - Alaska Democratic Party
   - Alaska Libertarian Party
   - Alaska Republican Party
   - Alaskan Independence Party

   Political Groups:
   - Alaska Constitution Party
   - Green Party of Alaska
   - Veterans Party of Alaska

   Other:
   - Nonpartisan (not affiliated with a political party or group)
   - Undeclared (do not wish to declare a political affiliation)
7. **Primary election ballot type:** Your political affiliation 30 days before Election Day determines your primary election ballot type. You **MUST** select a ballot type that corresponds to your political affiliation in Box 9 of the application. If you are not affiliated with one of the **Recognized Political Parties** listed under instruction Number 6 above, and you do not select a ballot type, your application will not be processed for the primary election.
   - Any registered voter may select the Alaska Democratic Party, Alaska Libertarian Party and Alaskan Independence Party candidate ballot.
   - Only voters registered Republican, Nonpartisan or Undeclared may select the Alaska Republican Party candidate ballot.
   - Any registered voter may select the ballot measures ONLY ballot. This ballot has ballot measures only and no candidates.
8. **Voters who will be outside the United States or in a remote area of Alaska:** Check the box in Box 14 if you will be living, working or traveling outside the United States or in a remote area of Alaska with limited mail service and want your ballot sent to you beginning 45 days prior to a primary, general or statewide special election. **This option is not available for REAA elections.**
9. **Sign your application:** If you submit your application without a signature or with an electronic signature, it will be denied.

SERVICE ORGANIZATION(S) MEMBERSHIP:
Spirit of Youth Foundation, Founder, ASSETS, Former President, Family Resource Center Former President, Boys & Girls Club, Former Board of Directors, Air Force Association, Member, Making a Difference Program, Founder, National Rifle Association, Lifetime member

STATEMENT:
Being born and raised in Alaska, I understand Alaska's unique needs and the diversity of our communities, people and opinions. For me, fighting for Alaska is just common sense.

It's easy to talk about getting results, but I have a proven record fighting for Alaska and using my clout to produce results for our state. I successfully pushed the Obama administration to allow drilling in the Arctic Ocean, secured permits to allow the first ever commercial oil production in the National Petroleum Reserve-Alaska and have fought for permits for mining projects like Kensington Mine and Red Dog Mine, creating good-paying jobs across the state.

In Fairbanks I fought to keep the F-16s at Eielson Air Force Base saving hundreds to thousands of jobs and I continue to fight against genetically modified salmon known as Frankenfish, which threaten Alaska jobs.

I also brought the Indian Health Service and Veterans Administration together to allow Alaska veterans to get care close to home instead of traveling to Seattle or Anchorage. This has helped bring waitlists for veterans' health care in Alaska from hundreds to almost zero.

Working alongside Senator Lisa Murkowski and Congressman Don Young I've also helped protect Alaska's postal service, provide for our general aviation industry and grow our natural resource development.

I'm the only candidate who believes in raising the minimum wage, defending a woman's right to choose and overturning the Supreme Court's Citizens United ruling, which unfairly allows billionaires and corporations to spend unlimited amounts to buy our elections.

OTHER:
I served on many State disaster missions including the Exxon Valdez oil spill.

STATEMENT:
I first arrived in Alaska in 1962. My life here includes a 20 year career in Alaska's Army National Guard. I've spent time in virtually every corner of our state and know it's uniqueness well. I have served on the Alaska's State Commission on Human Rights and, for the past seven years, I have also served on the Citizen's Advisory Commission on Federal Area's, dealing with federal regulators, the public and issues relating to federal and state relations. This experience has given me a good understanding of the issues facing Alaska. My term as president of Airport Height Community Council, also shows my ability to work with diverse groups of individuals while pursuing our common interest.

I am the only U.S. senate candidate endorsed by the Alaska Libertarian Party. My position is the Libertarian Party Platform. I believe government's sole legitimate function is to protect and defend the individual right to life, liberty and property of us all.

My goals as a US Senator would include:
Eliminate the IRS and implementing a fair tax system.
End the War on Drugs.
Establish an Immigration policy that protects our country and provides for the free exchange of goods and services with the world.
And finally, we must bear the true cost of war by honoring the commitments we have made to our service members and veterans.
Join me in the defense of our rights and country. Together we can set course to a bright future. I ask for your vote.

OTHER:
For the past 52 years my love and wife Francoise and I have done everything TOGETHER, including our campaigns for senator and governor, and WE will put ALL of our substantial combined skills, talents, knowledge, abilities, and experience to the MAXIMUM SERVICE AND BENEFIT of our fellow Alaskans.

STATEMENT:
Vote for me, and you'll get TED AND FRANCOISE GIANOUTSOS, ALASKA'S UNIQUE 52-YEAR TEAM!

We are UNIQUELY qualified as a TEAM to open ANWR in the BEST and most BENEFICIAL way for America, Alaska, and wildlife. That's worth more than two trillion dollars and will benefit EVERYONE and everything we do in America!

Why can we do what every other candidate can't? Because we are the ONLY ones that ACTUALLY PERSONIFY WINNING HIGH GROUND ANWR LEGISLATION in the same way that we did the NATIONAL FISH AND WILDLIFE FOUNDATION (NFWF) that has grown to be the largest multi-billion-dollar wildlife conservation foundation in America. We got the NFWF act UNANIMOUSLY PASSED in a divided Congress 30 years ago. Please see www.tedandfran.com for details. We can do the SAME thing with ANWR legislation!

RE-ELECTING MARK BEGICH WILL RESULT IN SAME-OLD, SAME-OLD!

Alaskans have already had two republican senators with both republican and democratic administrations and congresses. For the past 6 years, Alaska has had republican Lisa Murkowski and democrat Mark Begich with a democratic president and a divided congress. ALL of them have FAILED to open ANWR because NONE of them PERSONIFY it in a WINNING way. WE DO!

Our proposed N.E.W.-N.E.T.-ANWR legislation (see our website) WILL open ANWR! Alaska voters can make a two-trillion-dollar change. DO IT!!!

In this Senate election, if you elect the democratic incumbent or his republican challenger, THEY WILL WIN - AND YOU'LL GET SAME OLD!

ELECTED, AND YOU, AMERICA, ALASKA, AND WILDLIFE - WIN!

STATEMENT:
I am an optimist. We live in the greatest state in the greatest nation in the world. But, our country is fundamentally going in the wrong direction. We have a federal government that stands in our way at every turn. President Obama and Harry Reid have empowered Washington, D.C. bureaucrats to dictate how we educate our kids, insert themselves into our businesses and personal lives, and stop us from unleashing our energy potential. Mark Begich rubber stamps this agenda, voting with President Obama 97% of the time.

I believe that Alaskans should choose their own destiny. That's why I will continue to tirelessly fight federal overreach and champion policies that promote economic growth, fiscal responsibility, energy production, and jobs. The federal government should be a partner, lifting up our communities and providing vital infrastructure as our state continues to grow. Instead it has become a weight around our necks. As your U.S. Senator, I will work to unshackle Alaska's promise and roll back the liberal agenda Mark Begich and President Obama have forced on the country the last six years.

Together, we can restore Alaskan values to the United States Senate. I believe our best days are ahead of us. We can become a world leader in energy production and a driving force of America's economy. We can stem this nation's downward slide, empower local communities, and build a brighter future for our kids. I would be honored by your vote.

MILITARY SERVICE:
First Lieutenant, Alaska Army National Guard

OTHER:
I am a life-long Alaskan, who grew up in Eagle and Cordova. I've worked as a commercial fisherman, a stocker at Fred Meyer, and a wildland firefighter.

I paid my own way through college in DC, where I interned and worked as a paid staffer in the U.S. Congress.

Public service has been central to my life. I have worked at Alaska Legal Services, done policy research at the Alaska Office of Public Advocacy, and recently commissioned as an officer in the Alaska Army National Guard.

STATEMENT:
Our state deserves a congressperson who will fight for resource development, veterans, and clean elections.

I've opposed the Paul Ryan budget, which my opponent voted for repeatedly, because it raises taxes on middle class families, cuts funding for veterans' healthcare, slashes funding for the IHS, and turns Medicare into a voucher program.

Our current congress spends too much, does too little, and feels entitled to the offices they hold. **I believe we can do better, and have called on all candidates to support meaningful campaign finance reform, including term limits.** I've signed the We the People Alaska Pledge to show my support for ending corporate personhood and restoring the original intent of our constitution.

Alaskans want common-sense solutions to the problems we face - not our current partisan gridlock. I've worked with both parties, and know Alaskans want an independent voice.

Our current representative is no longer effective. Don Young's ethics violations have cost him the ability to chair full committees, and have ended his influence in Washington.

Representative Young has been unable to overcome opposition to resource development in DC because he has taken an "us against them" approach that he can no longer back up with influence.

We need a representative who will protect our fisheries, open ANWR and the NPR-A, protect subsistence, diversify our economy, lower energy costs, and fight for in-state control of our resources.

Alaska's Congressional seat belongs to the people of Alaska. It is no one's personal property. I'd be honored to have your vote.

Janet and I have a blended family consisting of seven children, and we have many wonderful grandchildren. I came to Alaska in January 1991 and knew immediately that this was home. I'm an advocate for Small Business Development and Personal Liberty.

STATEMENT:
Military: Military action should only be employed when our homeland is threatened. We should not use our military service members as the world's police. I would like to see our military employed to help better secure our own borders.

Immigration: I believe we ought to allow for a more free flow in immigration via work–visas for those who can find work & contribute to our society. Especially recent university graduates with degrees in highly sought after fields of industry need.

Drugs: I believe that marijuana ought to be regulated in the same manner as alcohol. I would rather see some of our nation's wealth spent on educating our people on the danger of alcohol & drug abuse, rather than spent on incarcerating our people for marijuana use & sales. The many billions of dollars saved can then be used to enhance our society and reduce tax burden on our citizens.

Law Making: We are a nation of laws but also a nation of redundancy within our legal system. We need to re-examine national laws to ensure only the needed & relevant laws are in place.

Crime: Let's help law breakers through positive rehabilitation programs, and not allow the worst of the worst to prey over other inmates.

Foreign Aid: Our government needs to stop giving billions of our tax dollars to nations whose governments are hostile to our way of life and our cultural values.

Government: End crony capitalism between big government & big business.

STATEMENT:
My desire to serve as your Congressman is as strong today as it was four decades ago when I first ran for Congress. I want to continue fighting for Alaska to make this state a better place for all Alaskans.

While we have enjoyed many accomplishments in our state's history, such as construction of the Trans-Alaska pipeline, protection of our fishing industry and ensuring seniors have access to care, I believe we are at a critical turning point in our nation's history. Currently, President Obama and his Administration have laid their heavy hand of government over many vital Alaskan industries, jeopardizing our state's economic and social well-being by locking away our lands and oceans to resource development and pushing harmful federal policies upon Alaskan small business owners and families. Time and time again, we have seen the severe impacts of federal bureaucrats who believe they know best for Alaska. But as we all know, Alaska is not a "one-size fits all" state.

This Administration's policies continue to be a drag on the American economy, resulting in skyrocketing deficits, staggering debts, and outrageous energy prices. It's crucially important Alaskans have an experienced fighter representing them in the House of Representatives. Whether it's defending each and every Alaskan's right to bear arms or continuing my fight for responsible development of our abundant resources, my number one priority has been and continues to be standing up for Alaska. With your support and encouragement I believe we can continue Alaska's progress forward.

STATEMENT:
National polls show that a majority of Americans are unhappy with the jobs the politicians are doing, both here in Alaska and across the U.S. As an Alaska Libertarian, I stand for individual rights, personal responsibility, and minimizing government. The two-party system has caused government to grow bigger and more intrusive every year. Since I am not a politician, and I belong to a third party, I will be able to follow my principles and veto expenses that do not benefit all Alaskans or that are not specifically guaranteed by our Alaska Constitution. I will be able to work with every legislator. We don't want to bring back the State Income Tax. It was Libertarian Dick Randolph who sponsored the repeal of the State Income Tax; Alaska needs a Libertarian governor to fight the overspending in Juneau and bring our budget back to sustainable levels. As Governor, I will use my line-item veto power to shrink the budget back down to 5.5 billion dollars; to prevent deficit spending; and to prevent reinstating the income tax. I will fight to eliminate rules and regulations that interfere with liberty.

I will also protect Alaskan freedom in these areas:

- Personal and medical privacy
- Private property
- Resource development
- Marriage, Family, and Religious Decisions
- Educational Freedom
- Business and Free Trade
- Victimless "crimes"
- Second amendment rights
- Constitutionally limited government
- Medical decisions

STATEMENT:
I will vote No on 1. Yes on 2. I oppose using tax dollars for private schools. I support repeal of the Alaska marriage definition amendment. I support equal protection under the law. We are a society of laws. Laws must be obeyed and enforced; if they are not worthy of either, then they must be repealed.

I oppose the initiation of force. I recognize and support the natural right of self-defense. I fully support individuals' natural right to free association and to think and do whatever they like, so long as it does not harm another; even if they are knuckleheads. Government control, power, and responsibility should be as local and open as feasible.

I support sustainable budget practices that spend within our means and maintain or grow our savings and reserve accounts. As a State, we need to keep all the promises that have been made, and we need to stop making unsustainable promises. Being an owner State, I interpret the Alaska State constitution to require that we spend the maximum amount on social programs and capital improvements that we can sustainably spend from royalty revenues derived from oil production and other resource development.

I ask first if a problem can be solved with more freedom instead of less. I say the truth as I see it as often as I can. I change my mind every time I see myself as being wrong.

STATEMENT:
We need a hopeful vision for our future. Our culture needs to remember and defend the intrinsic value of human life. Alaska desperately needs courageous, principled and responsible leadership. Alaskans want leaders who will serve the best interests of the people. I will uphold all of our constitutional rights, including our Second Amendment rights.

We have been given empty promises coupled with reckless record breaking deficit spending by those who falsely claim to be fiscal conservatives. The current Governor and Legislature have spent 1/3 of our savings in just the last two years! If we don't get control of the situation now, we are facing more raids on the savings fund, implementation of statewide sales and income taxes and the erosion of the PFD.

I don't want any of that to happen, and I need your help to do something about it. This election is an opportunity for the People of Alaska to reclaim our government through the ballot box. If everyone who agrees with this message votes, we win!

As Governor, my budget target will be lean, mean and sustainable. I propose across the board spending cuts spread out over my first four years in office until we've achieved this goal. I will use the powerful Line Item Veto as required.

This campaign is about building a viable long-term future for Alaska upon a firm Constitutional footing. I need your prayers, support and votes to keep up the fight for the future of All Alaskans!

STATEMENT:
My objective is to help establish ballot access for the Alaska Constitution Party and to activate grass-roots effort in Alaska. I am unequivocally pro-life, pro-Second Amendment and pro-traditionally defined marriage. I support the Fully Informed Jury Association's stance on jury nullification and believe that we must reclaim the Common Law. State Sovereignty, Property rights and the protection of Sheriff's are issues becoming very important in many states, including Alaska, not admitted under equal footing doctrine. I support the decriminalization of marijuana and recent oil tax reform; I'll vote "NO" on 1 but believe Alaska must get its fiscal house in order by passing sustainable spending bills. During the petition gathering phase of my campaign I noticed several problems with both Division of Elections and APOC. Reforms would include a streamlined approach to ballot access; simplified campaign finance regulations and lower costs and easier access for competitive political parties. In all arenas I believe that the introduction of competition and innovation has a positive effect on the outcome, including in our public school system. I wrote, spoke and testified in favor of SJR-9 to allow the people of Alaska to vote to decide the new direction for educating future generations. I also believe strongly in independent home schooling, volunteerism and nullification. I am a student of the Austrian school of economics which supports entrepreneurialism and personal responsibility. I believe as our founders believed in the smallest possible government and the greatest degree of individual liberty.

STATEMENT:
I am running for re-election to continue growing opportunity and building Alaska's future for every Alaskan.

Strong Economy. As your governor, I have led our state to a strong economy. We created an economic climate that's produced over 16,000 new jobs. Alaska now leads most states in small business and entrepreneurial activity, and billions of new dollars in private-sector investment have returned to our state.

Alaska Gas for Alaskans First. We've made historic progress on building a large volume gasline through Alaska. The real work of engineering and design are underway on the Alaska LNG Project. The gas trucking solution known as the Interior Energy Project is under construction to bring lower cost energy to Alaskans in the Interior. The Cook Inlet region has seen resurgence in jobs and natural gas production under our policies, and new hydro projects are underway in Southeast and Southcentral Alaska.

Standing Up for Alaskans
I have fought federal overreach at every turn, stood up for the military, and made sure the State lives within its means with record spending cuts. I championed Alaska Performance Scholarships for our young people, and high school graduation rates are climbing. We've worked directly with Alaskans in over 170 communities to tackle the epidemic of domestic violence and sexual assault and seen many lives positively changed.

Our state is on the right track, and whether you live in rural Alaska or in the cities, I will always put you first. I respectfully ask for your vote.

Thank you.

I have spent the last 14 years serving my Anchorage community as an assembly member and as the mayor. I am proud of what I have been able to accomplish during this time and I would like to continue my public service at the state level, where many of the same challenges I faced as mayor are confronting our state today.

As mayor, I tackled budget deficits, rising crime rates, backlogged deferred maintenance, and a looming energy crisis. Through hard work and good planning, all of these challenges have been successfully met. I also took on the hard issues of labor reform, improving educational standards, and a port expansion project that had been terribly mismanaged. I have never avoided the tough issues and that is the type of leadership we need in Alaska today.

As your Lieutenant Governor, I will work hard to make sure we present responsible, sustainable budgets and develop our resources for the maximum benefit of all Alaskans, as required in our State Constitution. I am also the only candidate running for Lieutenant Governor who has the top level executive experience in both the public and private sectors to serve as the Governor if the occasion ever arose.

I would be honored to serve you.

STATEMENT:
I am running as an Independent Alaskan candidate for governor because we need a leader who puts people and progress ahead of partisan politics.

Fiscal control. We are in the worst deficit in Alaskan history, drawing down on our savings at a rate of $7 million a day. We can build ourselves out of this fiscal freefall.

The key to every growing economy is low cost energy. A large volume gasline/LNG project financed by long term contracts with the world markets could generate over $400 billion over 30 years and reduce energy costs by 80% in some areas of Alaska. Unfortunately, the current gasline study puts companies with competing projects in control. Alaska owns the gas. We must start acting like ranch owners, not ranch hands.

Low cost energy. Despite our resource wealth, we have the highest cost of energy in the nation. This drives Alaskans out of rural Alaska, forces choices between food and heat, and sends our retirees outside. Alaskans don't have to make these choices. We must stop studying the problem and start building the solutions.

Alaskans First. I support: Medicaid expansion as long as full federal funding continues; adequate funding for education and increased voc/tech opportunities; increasing the minimum wage; training Alaskans from Houston, Alaska rather than ferrying workers from Houston, Texas for Alaskan jobs; and Alaskan appointments to boards and commissions.

I would be honored to serve the people and the state I love as governor and would appreciate your vote.

STATEMENT:
I am a lifelong Alaskan with a passion for this place and its people. From small town mayor to Permanent Fund manager, I know that polarizing partisanship is not how solutions are achieved. It takes leadership and hard work. I have a 50-year bi-partisan track record of bringing people together to tackle complicated issues. This campaign is about building a better Alaska and who's best prepared to get us there.

Priorities:

Education: My first priority is education: it grows everything else. From universal, voluntary pre-K services to timely, predictable K-12 funding to expecting excellence in the classroom to reducing student loan interest rates, a strong education system attracts and keeps residents and grows the economy. It's the best investment we can make.

Energy: Energy costs are crippling . My first day on the job I will appoint an energy chief to coordinate and consolidate efforts to bring affordable power and fuel to all Alaskans, with an emphasis on innovation and conservation. While there's no single answer, there can and should be a singular focus on energy at the highest level.

The Economy: Alaska faces critical choices -- not in 10 or 20 years -- but now. Our state is in a dangerous situation: revenues don't cover costs and savings will be depleted within five years. Balancing the books while supporting vital public services is fundamental and urgent. Thirty years as a CEO and director of profit and non-profit organizations have prepared me well to work toward a balanced bottom line.

STATEMENT:
I was born and raised in this district. My ancestral ties go back many generations. My roots are deep and so is my commitment to better the lives of our citizens and our communities. Our backyard is changing opening new ventures, with the thawing of the tundra and the melting of the Arctic ice. It is my intent and my responsibility as your State Senator, to ensure our region participates as our state moves forward.

Education: Education is the backbone of all society. The better educated our children are, the brighter the future for us all. Rural educators face many challenges that can be overcome. I fully support education and will continue to be a strong advocate.

Energy: Every Alaskan deserves affordable energy. As a resource rich state (oil, gas, wind, and tidal), our state should and could, harness all of this energy to benefit all of its citizens. I pledge to continue to work towards reducing the high cost of energy in rural Alaska.

Fish and Wildlife Management: Our region continues to experience fish and wildlife population declines. I fully support funding continued research and increased funding for the Fish and Game budget to address this issue.

Water and Sewer: Clean running water and sanitary sewage make a healthy community. Our state has made great strides in this area but now face the most challenging and expensive communities to serve. In addition to aging infrastructure, funding has diminished. I will continue to fight for funds.

STATEMENT:
I look forward to again representing, the Aleutian Islands, Alaska Peninsula and Bristol Bay, with the addition of several new communities in the lower Interior Region.

I'm optimistic about what we can achieve in the next two years. However, there will be challenges ahead as the state enters into an extended period of deficit spending. I will use my experience in the legislature to do everything possible to protect our district from budget cuts.

The biggest issue we face is the rising cost of goods and services, especially energy. We must continue to pursue long-term solutions that benefit rural Alaska, including a natural gas pipeline. In the meantime, existing services must be kept intact. That's why I support expanding PCE and maintaining funding for programs like Weatherization, Heating Assistance, and the Renewable Energy Grant Fund.

Healthy capital budgets are essential to the future of rural Alaska. My priority will be to maintain funding for basic services and emphasis economic opportunities and jobs at the local level.

Our future depends on quality education for our children. It is essential to keep the K-12 funding formula at a level that will enable smaller schools to keep pace with ever-increasing costs and uncertainty in annual student enrollments. I do not support amending the Alaska constitution so state money can be used for private schools.

With your support this fall, it will be my great privilege to continue serving in the Alaska legislature on behalf of the communities in House District 37.

Ballot Measures

Vote! November 4

Ballot Measure No. 2 - 13PSUM
An Act To Tax and Regulate the Production, Sale, And Use of Marijuana

Ballot Measure No. 2

This bill would tax and regulate the production, sale, and use of marijuana in Alaska.

The bill would make the use of marijuana legal for persons 21 years of age or older. The bill would allow a person to possess, use, show, buy, transport, or grow set amounts of marijuana, with the growing subject to certain restrictions. The bill would ban the public use of marijuana. The bill would prohibit a person under 21 years of age from using false identification to buy or try to buy marijuana or marijuana accessories.

The bill would allow validly registered marijuana-related entities and persons 21 years of age or older who own or are employed by these entities to make, possess, buy, distribute, sell, show, store, transport, deliver, transfer, receive, harvest, process, or package marijuana and marijuana products, subject to certain restrictions. Alaska Statute 17.30.020 (Controlled Substances) would not apply to these entities.

The bill would require the Alcoholic Beverage Control (ABC) Board to implement parts of the bill. But the bill would also let the legislature create a Marijuana Control Board to assume these duties. The bill would require the ABC Board to adopt regulations governing marijuana-related entities. The regulations would need to cover certain topics and be subject to certain restrictions. The bill would also create procedures for registering a marijuana-related entity. The procedures would be managed by the ABC Board and local governments.

The bill would allow a local government to prohibit the operation of marijuana-related entities. A local government could do that by enacting an ordinance or through voter initiative. The ordinances could cover the time, place, manner, and registration of a marijuana entity's operations.

The bill would allow a person 21 years of age or older to possess, use, show, buy, or transport marijuana accessories. Marijuana accessories are products individuals use to grow or consume marijuana. The bill would also allow persons 21 years of age or older to make marijuana accessories and to distribute or sell them to persons who are 21 years of age or older.

The bill states that it is not intended to require an employer to allow marijuana use, transportation, possession, sale, growth, or transfer or prevent an employer from prohibiting these activities. The bill does not intend to supersede laws prohibiting driving under the influence of marijuana. The bill does not intend to prohibit schools, correction facilities, hospitals, or private persons or entities from restricting marijuana on their property. The bill does not intend to limit the state's existing medical marijuana laws.

The bill would impose a $50 per ounce (or proportionate) excise tax on the sale or transfer of marijuana from a cultivation facility to a retail store or marijuana product manufacturing facility. The marijuana cultivation facility would pay the tax and send monthly tax statements to the Department of Revenue. The department of Revenue could exempt certain parts of the marijuana plant from the tax. It could also establish a lower tax rate for certain parts of the plant.

The bill defines numerous terms. The bill contains a statement of purpose and findings. The bill would impose civil fines and penalties for violations.

Should this initative become law?

◯ YES ◯ NO

Ballot Measure No. 3 - 13MINW
An Act To Increase Alaska's Minimum Wage

Ballot Measure No. 3

This bill would raise Alaska's minimum wage from $7.75 per hour to $8.75 per hour as of January 1, 2015. The bill would raise the minimum wage to $9.75 per hour as of January 1, 2016. The bill would adjust the minimum wage each year for inflation after 2016. The bill creates a method for this adjustment. Under the bill, if the adjusted minimum wage is less than one dollar over the federal minimum wage, Alaska's minimum wage will be one dollar over the federal minimum. Tips or gratuities would not count toward the minimum wage.

The bill has a statement of findings and declaration. This statement gives reasons for the bill. The reasons pertain to quality of life for low income workers, the effect of increases in the cost of living, the relationship of the Alaska minimum wage to the federal poverty level, and the minimum wage in other states.

Should this initative become law?

◯ YES ◯ NO

Ballot Measure No. 4 - 12BBAY
An Act Providing for Protection of Bristol Bay Wild Salmon and Waters Within or Flowing Into the Existing 1972 Bristol Bay Fisheries Reserve

Ballot Measure No. 4

This bill would require the legislature to approve future large-scale metallic sulfide mines in the Bristol Bay Fisheries Reserve (BBFR) by passing a law. The law would have to find that any proposed mine would not endanger the BBFR fishery. The approval would be in addition to any other required permits or authorizations. The bill defines "large-scale metallic sulfide mining operation" as "a specific mining proposal to extract metals, including gold and copper, from sulfide-bearing rock and that would directly disturb 640 or more acres of land." The bill lets the Department of Natural Resources adopt regulations.

The bill would make findings. The bill's findings would be that the legislature found the BBFR important by creating it in 1972; that the bill's protections are necessary; that protecting the waters and wild salmon of the BBFR is of statewide interest based on the region's fisheries, economic benefits, cultural heritage, and unique wild salmon resources; and that metallic sulfide mining may harm these interests because mines can produce toxins and pollutants. The bill intends the legislature to approve any large-scale metallic sulfide mine in the BBFR or which could adversely affect its watershed.

The bill would apply only to large-scale metallic sulfide mines in the BBFR that lack all required permits, licenses, or approvals before the bill's effective date.

LEGISLATIVE AFFAIRS AGENCY SUMMARY

The Act regulates the production, sale, and use of marijuana. The Act enacts a marijuana tax.

The Act allows personal use of marijuana by a person 21 years of age or older, with restrictions. The Act lets a person have, show, use, buy, transport, or give away up to one ounce of marijuana to another person 21 years of age or older. The Act makes it a crime for a person under 21 to use a false ID to buy marijuana. The Act also makes it a crime to use marijuana in public. The Act sets the number and types of marijuana plants a person may keep and give away. The plants may not be in public view. The Act allows a person 21 years of age or older to buy, make, have, show, sell, and give away items used to grow, use, produce, package, or store marijuana, or produce, use, package, test, or store marijuana products.

The Act regulates marijuana establishments. The Act defines an establishment as a retail store, a grower, a tester, or a product manufacturing facility. To operate legally, an establishment must register. Registered establishments may possess, transport, deliver, display, or receive marijuana. Registered marijuana stores, growers, or manufacturers may buy and sell marijuana. Growers or testers may grow or process it.

The Alcoholic Beverage Control Board administers the registration system. The board must make rules to carry out the Act. Those rules may not make it impractical to operate a marijuana establishment. The board must give a copy of each application and half the application fee to the local marijuana authority, if there is one; the Act provides for local control if the board does not act. Cities or boroughs may ban establishments. They may limit the number of them within their boundaries. They may regulate the time, place, and manner of operation. They may name local authorities to regulate them.

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

The Act taxes the sale of marijuana by registered growers. The tax is $50 per ounce. The Department of Revenue administers the tax. Growers who pay late may be subject to fines. Growers who do not pay the tax may lose their registrations.

Under the Act, employers do not have to allow marijuana in the work place. Employers may also restrict marijuana use by employees. The Act does not allow a person to drive under the influence of marijuana. The Act allows private property owners or tenants to ban the use of marijuana on the property.

STATEMENT OF COSTS

Estimate of Costs to the State of Alaska for the Implementation of the Initiative Proposing an Act to "tax and regulate the production, sale, and use of marijuana."

Summary

As required by AS 15.45.090(a)(4), the State of Alaska has prepared the following statement of costs resulting from the implementation of the proposed ballot initiative to tax and regulate the production, sale, and use of marijuana.

The initiative would legalize the personal use of marijuana for persons age 21 or older. Specifically, the statute would permit: the possession, use, display, purchase, or transportation of marijuana accessories or one ounce or less of marijuana; the possession, growth, processing, or transporting of no more than six marijuana plants (with three or fewer being mature, flowering plants) and possession of the marijuana on the premises where the plants were grown; the transfer of one ounce or less of marijuana and up to six immature marijuana plants to a person who is 21 years of age or older without remuneration; the consumption of marijuana in a non-public location; and assisting another person who is 21 years of age or older in any of the above activities.

The initiative would also impose certain restrictions and penalties on the personal cultivation and public consumption of marijuana as well as prohibit the use of false identification by a person under the age of 21 to purchase or attempt to purchase marijuana. It would allow for the manufacture, possession, purchase, distribution and sale of marijuana accessories as well as the lawful operation of marijuana-related facilities such as retail stores and cultivation facilities.

The initiative requires the Alcoholic Beverage Control Board (ABC) in the Department of Commerce, Community and Economic Development (DCCED) to adopt regulations to implement the law no later than nine months after the initiative is approved. However the legislature may create a Marijuana Control Board in DCCED to assume the ABC's regulatory role. Marijuana establishments must be registered and local governments could prohibit or limit the existence of and operations of marijuana facilities in their jurisdiction.

The initiative also imposes a $50 per ounce (or proportionate part) excise tax on the sale and transfer of marijuana from a marijuana cultivation facility to a retail marijuana store or marijuana product manufacturing facility. The tax would be paid by the marijuana cultivation facility.

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

Based on examination of Washington and Colorado, two states that are currently in the process of implementing similar legislation, the Governor, the Legislature, or the ABC Board may choose to establish a Task Force to represent the major stakeholders affected by the implementation of the initiative. An estimate of the potential costs for the Task Force are included under the DCCED cost statement beginning on page 3. This would be an effective method to facilitate an expedient and comprehensive gear-up of the tax and regulatory framework described or established in the initiative.

There are numerous unknowns in the State's implementation of this initiative and as such the cost statement provided here is illustrative. For example, it is unknown whether or not the legislature will create a Marijuana Control Board within DCCED, so the cost estimates do not reflect that potential administrative structure. Using information available from the Colorado and Washington experiences as well as other sources, state agencies have identified a range of potential costs to the state from $3.7 to $7.0 million in the first year. It is likely that costs related to development of the tax and regulatory framework would initially be significant. Over the longer term, it would be expected that more of the state's total costs would become public health and education activities as the extent of the impact on public health becomes more defined.

Below is a summary table of agency costs followed by explanations of the estimates by individual agency. The following represents a potential range of state agency costs. The estimate does not include expenses that the legislature may or may not incur associated with the initiative, or any legal expenses that the state may incur as a result of the initiative.

Summary of estimated costs to implement the Marijuana Initiative by State Agency

Agency	Cost Range - First Year	
Alaska Department of Revenue	$650,000	$800,000
Alaska Department of Commerce, Community and Economic Development	$1,563,960	$1,563,960
Alaska Department of Health and Social Services	$0	$2,987,000
Alaska Department of Public Safety	$1,434,700	$1,434,700
Alaska Department of Environmental Conservation	$0	$136,900
University of Alaska	indeterminate	--
Office of the Lieutenant Governor	$9,000	$9,000
Division of Elections	$71,257	$71,257
Total First Year Estimated Cost	**$3,728,917**	**$7,002,817**

Statement of Cost Estimates by Department

Estimate of costs to the Alaska Department of Revenue to implement the marijuana initiative **$650,000 -$800,000**

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

If this initiative is approved by the voters in the August 2014 primary election, it would require DOR to incur additional costs to effectively implement it. If approved, it is presumed that this initiative would take effect thirty days after approval by a majority of qualified voters.

The estimated cost to the state for the implementation of this initiative is between $650,000 and $800,000. Recurring annual costs are estimated at approximately $300,000.

The estimated costs can be broken down into two categories:

Personnel Services:	$300,000
Contractual Services:	$350,000-$500,000
TOTAL	**$650,000-$800,000**

Personnel - DOR estimates that it will need to create at least three new positions to oversee the new excise tax imposed by this initiative at a cost of approximately $300,000 to assist with the administration and collection of a new excise tax. DOR would need at least one Tax Auditor III position, one Tax Technician II position, and one Investigator III position to fulfill the needs of a new tax program. This cost is similar to the cost that is currently incurred by DOR to administer other similar types of excise taxes, and would be recurring annual costs for DOR.

Contractual Services - DOR estimates that it will incur a one-time additional expense of approximately $500,000 for systems configuration. In August 2014, DOR will be complete with configuring the excise tax portion of its new Tax Revenue Management System (TRMS). If this initiative is approved by the voters, it will require DOR and its information system contractors to reconfigure the system to add this new excise tax. Given the limited timeframe to analyze what portions of the system would need to be reconfigured if the initiative passed, DOR's contractors have supplied an estimate of $350,000 to $500,000 for this effort.

The above cost estimates represent a minimum cost given the numerous uncertainties around the referendum, and what all of the effects of its passage would be.

Estimate of costs to the Alaska Department of Commerce, Community and Economic Development to implement the marijuana initiative **$1,563,960**

The following represents an estimated cost to DCCED given the language of the ballot initiative; the actual costs will likely be different. The estimate does not include expenses the legislature or other departments may incur associated with the initiative. The Washington and Colorado marijuana initiative cost estimates were reviewed in developing this cost analysis.

If the initiative is approved by voters in the August 2014 primary election, the State of Alaska, through the Alcoholic Beverage Control (ABC) Board, shall adopt regulations within nine months following the effective date, as required by AS 17.38.090. It is presumed that the initiative would take effect thirty days after the approval by a majority of qualified voters.

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

A local government may designate a local regulatory authority that would be responsible for processing applications submitted for the operation of a marijuana establishment within the boundaries of the local government. If the ABC Board fails to adopt regulations as outlined in the initiative, an applicant may submit an application directly to a local regulatory authority one year after the effective date of the law. In accord with AS 17.38.110, a local government may prohibit cultivating, manufacturing, testing, and selling marijuana through an ordinance or voter initiative. Local governments may also enact local ordinances or regulations for the governance of marijuana establishment operations as long as they are not in conflict with the initiative or regulations enacted pursuant to the initiative.

If the initiative passes, the responsibility for controlling marijuana will lie with the ABC Board until or unless a marijuana control board is established by the legislature within DCCED.

As was done in the state of Colorado following the passage of a similar initiative, the department recommends the creation of a Task Force to identify legal, policy, and procedural issues that need to be resolved, and to offer suggestions and proposals for legislative and executive action for the implementation of this initiative. The Task Force would need to complete its initial regulatory framework within four months of the effective date of the initiative to allow for the adoption of regulations within the nine month requirement. The remaining Task Force work would be concluded one year after the effective date of the initiative.

It is assumed that the Task Force would be comprised of a total of 17 uncompensated members representing interest groups affected by the ballot initiative: four Legislators, one each from the majority and minority of both the House and Senate; one Commissioner or their Designee from each agency affected by this initiative (DCCED, Public Safety, Health and Social Services, Environmental Conservation, Revenue, Law, Corrections and the University of Alaska); one member of the initiative campaign; one member of the public who represents the medical industry; and three members of the public at-large, with one representing rural Alaska. Task Force members will receive travel and per diem. The actual composition of the Task Force may be different. The estimated total cost to DCCED for the implementation of this initiative is $1,563,960 for the first year and $1,413,140 for the second year.

	First Year	Second Year
Business Registration Examiners, Range 13 C - 2 at $73,000 each		$146,000
Investigator IIIs, Range 18 C - 4 at $99,300 each		$397,200
Investigator IV, Range 20 C		$110,000
Administrative Officer I, Range 17 C		$86,000
Program Coordinator II, Range 20 C	$107,800	$107,800
Total Personal Service Costs	**$107,800**	**$847,000**
Board member/Staff travel and per diem		$85,900
Informants/underage buyers (compliance check) travel, pay, and per diem		$34,000
Task Force travel and per diem	$16,600	
Total Travel and Per Diem Costs	**$16,600**	**$119,900**

ABC Board Warning/Enforcement Signs	$2,000	$2,000
Envelopes	$800	$800
Forms	$1,500	$1,500
Postage	$2,000	$2,000
Office Space 160 sq. ft. per employee at $3 foot	$5,760	$51,840
Ongoing support services for new employees	$10,000	$90,000
One-time set up costs for new positions	$5,000	$40,000
Total Equipment, Office Space, and Supplies Costs	**$27,060**	**$188,140**
Task Force recommendations contract funds	$650,000	
Department of Law Assistant Attorney General Services	$62,500	$62,500
Department of Law for expedited regulations	$200,000	
Database Creation	$500,000	
Database Maintenance		$50,000
Vehicles 4 at $33,500		$134,000
Vehicle Operating and Maintenance at $240t per month		$11,600
Total Contracts and Services Costs:	**$1,412,500**	**$258,100**
Total Costs:	**$1,563,960**	**$1,413,140**

Personal Services

All positions within the ABC Board are currently performing at or above capacity. With the passage of the initiative, the workload of the ABC Board has the potential to double or triple. If doubled, the ABC Board would require an additional four investigators, one supervisor, and two business registration examiners to regulate the marijuana industry, similar to the duties of current staff that regulate the liquor industry. The addition of an Administrative Officer I would be necessary to support the added financial requirements. A Program Coordinator II would be necessary for the facilitation, coordination, and documentation of the Task Force and for the long-term program development, planning, coordination, and oversight of this complex program.

Travel and Per Diem

Board
If the ABC Board of Directors takes on the added responsibility of controlling the cultivation, manufacture, barter, possession, and the sale of marijuana, the current board meetings would be extended by one day, adding to the cost of lodging, ground transportation, and per diem.

Investigations
Investigators and underage buyers will travel to communities around the state to provide compliance checks and ensure retailers adhere to the laws and regulations of the program, similar to liquor industry compliance investigations.

Task Force
The Task Force will hold seven two-day meetings, with two face-to-face meetings in Anchorage and the rest conducted either by video or teleconference; this assumes ten members are located

outside Anchorage.

Equipment, Office Space, and Supplies

Equipment and supply costs includes new employee set up, warning signs, test kits, paper products, postage, and additional office space.

Contracts and Services

Contract costs are for studies on market demand, effects of marijuana, and the cost of production. Regulations will need to be in place nine months after the effective date of this initiative and will require extensive work with the Department of Law. There will be significant ongoing work required by the Department of Law to meet the demands of this new program, similar to the legal demands of the liquor industry.

A new database would require the analysis and development of business rules, analysis of existing systems for parallel processes or required modifications, new system development, testing, validation, implementation, and documentation.

Vehicles

Additional vehicles are required to perform investigations across the state.

Estimate of costs to the Alaska Department of Health & Social Services to implement the marijuana initiative $0 - $2,987,000

As written, the initiative primarily focuses on the process and procedures necessary to establish taxation and regulation of the production, sale, and use of marijuana; the actions addressed in the initiative will not directly impact or cost the Department of Health and Social Services in the establishment of these procedures and regulation development.

However, there is evidence that downstream health and social service consequences of implementing this initiative could be significant. The department has prepared an estimate based on research, other states' experiences, and an extrapolation of expenses the department incurs providing similar substance related services. The fiscal impact will directly relate to how many additional people begin using marijuana and how many current users increase their use.

To evaluate costs, the department has considered recent studies including Proceedings of the National Academy of Science[1], and the United Nations Office on Drugs and Crime, *Cannabis: A Short Review.*[2]

These studies note emerging findings on the harmful effect of cannabis on neuropsychological functioning data indicating cannabis is linked to addiction, cognitive impairment, motor skills

deficiency, respiratory, cardiovascular and mental health problems, and has been shown to be particularly damaging to maturing brains.

The consequences and outcomes of marijuana use create a significant potential for increased costs for physical and behavioral health care, child welfare services, educational systems, employers, public safety, criminal justice, community health and other aspects of state and local governments. For instance, legalization of marijuana may create an environment in which young people, in particular, perceive a lower risk of harm from marijuana use, resulting in increased use.[3]

According to Robert Morrison, Executive Director of the National Association of State Alcohol and Drug Abuse Directors (NASADA), Alaska has one of the highest use rates of marijuana at 11%, along with Vermont. He also highlights that an estimated 4.4 million individuals, nationwide, met criteria for marijuana dependence or abuse.[4]

While actual increases in health and social service programming are unknown, research and data provide a clear picture of the potential for increased problems associated with the legalization of marijuana.[5] In states where medical marijuana is legal, marijuana abuse and dependence rates are almost twice as high as in those states without medical marijuana. Two states that have recently legalized marijuana, Washington and Colorado, report difficulty determining the potential costs. Results of a recent report to estimate the fiscal impact of marijuana legalization in Colorado were inconclusive and four national marijuana-policy experts wrote that “the future holds more unknowns than knowns.”

The Division of Juvenile Justice has identified several areas in which costs could increase. Making possession of marijuana an offense that can be committed by minors but not adults creates a new status offense that is subject to specific rules governing the secure holding of juveniles. Violation of those rules could jeopardize federal funding currently received through the U.S. Office of Juvenile Justice and Delinquency Prevention. The initiative could also require increased treatment for substance abuse and mental health issues among youth held in detention.

With this very brief overview of concerns about increased marijuana use and legalization, the department anticipates potential costs to DHSS in the following areas, with estimates of per annual cost increases:

- Increased substance use, dependency and addictions treatment: $200,000 or a 10% increase in treatment services for marijuana dependence;
- Increased mental health treatment services: $1.1 million or a 5% increase in mental health treatment services;
- Increased physical health services through public health and our primary care providers: $400,000;

- Increased Medicaid costs to cover treatment and service needs: $27,000 or a 10% increase in current marijuana treatment services covered by Medicaid;
- Increased enforcement of marijuana access by youth (similar to our current tobacco enforcement efforts). This expenditure will be determined upon the process developed for retail sale of marijuana: $140,000 or a potential 20% increase;
- Increased prevention, education and early intervention programs for adolescents and young adults: 10% community grant increase and 20% ASAP service increase = $390,000 + $250,000;
- Increased child protection services for young children in homes with regular and persistent marijuana users (second hand marijuana smoke, neglect), and training for foster parents and staff: $250,000;
- Increased juvenile justice services for youth engaged in marijuana use and dependency $200,000; and
- Potential Human Resource activities related to employee use of marijuana and related policies $30,000.

Estimated annual potential cost increases to the Department of Health and Social Services resulting from the legalization of marijuana are $2,987,000. As indicated, these are estimates based on projected impacts; depending on the actual regulations, enforcement, and number of citizens who increase their use of marijuana, actual costs are likely to be different.

Estimate of Costs to the Alaska Department of Public Safety to implement the marijuana initiative **$1,434,700**

The ballot initiative would tax and regulate marijuana sales and allow Alaskans to cultivate marijuana for personal use. Persons 21 years of age or older could legally possess up to one ounce of marijuana or six marijuana plants (three of which could be mature), and could legally cultivate, sell and purchase marijuana through authorized marijuana-related facilities.

The cost to DPS to implement the law proposed by this initiative is based on the following assumptions regarding the legalization of marijuana in Alaska: it will lead to increased demand and usage and a consequent increase in the number of people driving while under the influence of this drug, and it will increase the illegal diversion and exportation of marijuana lawfully cultivated in Alaska.

Therefore, the costs to DPS are associated with the following:

1. Increasing the number Statewide Drug Enforcement Unit trooper investigators to target the diversion and exportation of marijuana lawfully grown in Alaska;

2. Requiring more troopers to receive Drug Recognition Expert (DRE) certification to enhance their ability to detect drivers impaired by marijuana and address the anticipated increase in DUI offenses;

3. Launching a public education and awareness campaign on the dangers of driving under the influence of marijuana; and

4. Increasing the number of samples being sent out for toxicology analysis to detect the presence of marijuana in blood.

Division of Alaska State Troopers:

Marijuana is identified as a primary substance of abuse in Alaska, along with alcohol, cocaine, heroin, and prescription drugs. These substances are the focus of most drug enforcement efforts in Alaska.

DPS' Division of Alaska State Troopers (AST), Alaska Bureau of Investigation, Statewide Drug Enforcement Unit (SDEU) provides a leadership role in coordinating law enforcement's efforts to reduce the availability of illegal alcohol and controlled substances (including marijuana) throughout Alaska. The SDEU primarily supports six investigative drug task forces throughout Alaska. These teams are broken down by region as follows:

- Alaska Interdiction Task Force/Anchorage Enforcement Group (sponsored by the U.S. Drug Enforcement Administration)
- Fairbanks Area-wide Narcotics Team
- Mat-Su Narcotics Enforcement Team
- South Central Area-wide Narcotics Team
- Southeast Alaska Cities Against Drugs Task Force
- Western Alaska Alcohol and Narcotics Team

SDEU participates with and receives assistance from several federal investigative agencies involved in drug enforcement. These agencies include: the Drug Enforcement Administration (DEA); Federal Bureau of Investigation (FBI); U.S. Postal Inspection Service; Bureau of Alcohol, Tobacco, Firearms, and Explosives (BATFE); and U.S. Immigration and Customs Enforcement (ICE).

The DEA awarded $80,000 in Marijuana Eradication grant funds to the State of Alaska in calendar year 2012. These funds were used to cover some of the costs associated with marijuana eradication in the state. In calendar year 2012, funds were shared with the Anchorage, Craig, and Kenai police departments to cover overtime incurred by officers involved in eradication operations. The following table reports the activities supported through this grant:

2012 Domestic Cannabis Eradication/Suppression Statistical Report for Alaska								
Total Eradicated Outdoor Grow Sites	Total Cultivated Plants Outdoor	Total Eradicated Indoor Grow Sites	Total Cultivated Plants Indoor	Total Cultivated Plants (Outdoor & Indoor)	Bulk Processes Marijuana	Number of Arrest	*Assets Seized (Value)	Weapon Seizure
3	113	62	4,270	4,383	203	76	$36,077	74

**Assets seized include paraphernalia items such as grow lights and digital scales and does not include marijuana plants.*

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

Given that marijuana is illegal under federal law, legalization of marijuana in Alaska will have an impact on the collaborative working relationships DPS has with its federal counterparts and could potentially affect federal grant funds DPS and local law enforcement agencies receive for marijuana eradication and suppression efforts.

Should this initiative become law, it is practical to assume that arrests for simple possession will decrease. Even so, drug enforcement efforts are primarily targeted at individuals engaged in commercially cultivating and trafficking marijuana.

It is likely that sales of marijuana will not only be conducted by legitimate, taxpaying business people, but by criminal actors as well. Due to more potent levels of tetrahydrocannabinol (THC) in Alaskan-grown marijuana, the out of state demand for the drug is significant, and legalization could increase opportunities for marijuana export. AST predicts illegal commercial marijuana growing operations will continue to exist to meet this demand, skirting taxes and regulation in order to make the maximum profit. In addition, allowing the operation of marijuana cultivation facilities as proposed by the initiative actually increases the opportunity for Alaska's "legally grown" marijuana to be illegally diverted and exported.

DPS would require at least three additional Alaska State Trooper positions to target the illegal diversion and exportation of marijuana lawfully cultivated in Alaska. These positions would also work with DCCED's Alcoholic Beverage Control (ABC) board investigators on investigations into criminal activity associated with regulation of the marijuana industry.

The first year cost of three new trooper investigator positions is $827,200; $594,400 for ongoing funding to cover personal services, travel, training, and supplies (base increment), and $232,800 to cover training at the academy, IT equipment, portable radios, office equipment, firearms and vehicles (one-time funding).

Though arrests for simple possession may decrease, the greater availability of marijuana will likely increase the number of adults consuming marijuana and the frequency with which it is consumed; consequently, the number of individuals driving under the influence of marijuana is expected to increase. Current practice is to administer standardized field sobriety tests to individuals suspected of driving under the influence (DUI). There is currently no chemical test that can be used in the field to detect marijuana impairment; the taking of a blood sample for purposes of determining the presence of a controlled substance (including marijuana) must be conducted at a medical facility.

To quickly and proficiently recognize the signs of marijuana impairment in drivers who are contacted, DPS proposes that more troopers become certified as drug recognition experts. A drug recognition expert (DRE), sometimes referred to as a drug recognition evaluator, is a police officer trained to recognize impairment in drivers under the influence of drugs other than, or in addition to, alcohol. Training and certification requirements are established by the International Association of Chiefs of Police and the National Highway Traffic Safety Administration. The cost for this training is approximately $2,500 per trooper.

Finally, DPS would launch a major public education and awareness media campaign focused on the dangers of driving under the influence of marijuana, similar to its current drunk driving and seat belt use campaigns. Using current media campaign expenditures as a base, the production and advertising costs for a DUI campaign focused on marijuana impairment are estimated to be $500,000 per year for television, radio, print, and internet advertising.

Scientific Crime Detection Laboratory:

The DPS Scientific Crime Detection Laboratory (SCDL) provides drug identification services to Alaska's law enforcement agencies through its controlled substances section. Forensic scientists in the section analyze evidence items and conclusively identify a controlled substance or perform sufficient analysis to determine that no controlled substances are present.

Drug evidence submitted to the section can be analyzed through a variety of methods that include preliminary testing combined with confirmatory testing. Preliminary testing can include color testing, microcrystalline microscopic analysis, or physical identification of a tablet using a reliable source. The confirmation of the presence of a controlled substance is performed through one of two confirmatory tests, gas chromatography/mass spectrometry (GC/MS) or infrared spectrophotometry.

Following analysis, a forensic scientist interprets the instrumental data and prepares a report of his/her findings. This report is used in criminal court proceedings and often the forensic scientist is asked to provide expert testimony to the courts.

Marijuana, a schedule VIA controlled substance under AS 11.71.190, is commonly submitted by law enforcement agencies to the crime lab. Drug paraphernalia such as pipes and digital scales are also frequently submitted to the crime lab for analysis. Forensic scientists may also be called upon to analyze samples for federal agencies operating within Alaska for substances controlled under the federal Controlled Substances Act, which includes marijuana.

The crime lab seldom analyzes personal use quantities of marijuana. Rather, the evidence being submitted to the crime lab is indicative of distribution (trafficking) level quantities. As AST predicts that illegal commercial marijuana grow operations will continue despite any legalization of marijuana-related facilities, such as marijuana cultivation facilities and marijuana retail stores, the SCDL does not anticipate a decrease in submissions of evidence.

Alaska does not currently have an in-house drug toxicology program. The SCDL has a contract with the Washington State Patrol Toxicology Laboratory in Seattle for toxicology services and sends samples there for drug analysis. Based on the anticipated increase in marijuana impaired driving, DPS estimates that an average of 150 additional samples will be sent out for analysis each year. At an average cost of $300 per sample, the increase in contract costs would be $45,000 per year.

The estimated total cost to DPS for the implementation of this initiative is $1,434,700 for the first year and $1,201,900 for the second year. Following is a summary of the estimated costs:

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

	First Year	Second Year
Three Trooper Investigator Positions	$594,400	$594,400
One-time position costs (academy training, IT equipment, office equipment, firearms, and vehicles)	$232,800	$0.0
Total Personal Service Costs	**$827,200**	**$594,400**
Marijuana DUI Media Campaign (production and advertising)	$500,000	$500,000
DRE Certification ($2,500/trooper x 25 troopers annually)	$62,500	$62,500
Contractual increase for toxicology services ($300/sample x 150 additional samples)	$45,000	$45,000
Total Contracts and Services Costs	**$607,500**	**$607,500**
TOTAL COSTS	**$1,434,700**	**$1,201,900**

Estimate of costs to the Alaska Department of Environmental Conservation to implement the marijuana initiative **$0 - $136,900**

The ballot initiative legalizes marijuana for use by persons 21 years of age and older. Section 17.38.080 states that the Department of Commerce, Community, and Economic Development (DCCED) may create a Marijuana Control Board; otherwise, the powers, duties, and responsibilities fall to the Alcoholic Beverage Control Board, located in the DCCED.

Normally, under AS 17.20, the DEC has responsibility to regulate food and food products. Marijuana or its derivatives, if considered a food, would fall under those provisions. However, under 17.38.090 of the proposed law, responsibility for regulating marijuana, including creating labeling requirements and health and safety regulations for the manufacture of marijuana, lies with the Alcoholic Beverage Control Board.

If additional food establishments were opened to create marijuana products (such as marijuana bakeries, etc.) along with additional food facilities opening up in the state, the Food Safety and Sanitation Program within DEC will need an additional Environmental Health Officer III position in Anchorage to review sanitation plans and conduct sanitation inspections for the increased number of facilities. If there is an increase in facilities, DEC anticipates needing one full time position at a total cost of $136,900 (includes personal services, travel, contractual and supply expenses).

The estimates are done based on the cost during FY14 and do not reflect inflationary increases that will occur during the years it takes for this legislation to be passed, regulations to be written, and individuals to set up grow operations and potential food establishments. The cost will likely increase in future years.

Estimate of costs to the University of Alaska to implement the marijuana initiative **Indeterminate**

The University of Alaska has examined the initiative and due to the uncertainty around the

initiative cannot provide a definitive estimate of the costs that it would incur at this time. However, should the initiative become law, it will directly impact the University's primary population – its students.

Areas of potential costs include but are not limited to:

As with Colorado and Washington, education will be needed for students, faculty, and staff about how the initiative would change University policies regarding possession or use of drugs on campus.

The Clery Act includes requirements for education on drug effects. The University would need to adjust its Clery documents, and there would potentially be some production costs associated with that effort. Additionally, there will likely be costs associated with revising University policies and regulations such as housing, employment and discipline.

It is anticipated that there would be additional costs associated with enforcement (the proposed law prohibits consumption in public) by UAA and UAF police departments as well as by administrators

There are potential legal costs associated with analyzing initiative and advising Major Administrative Units (MAUs).

There is likely to be some impact on the health care costs and rates for employees as well as a potential impact on insurance rates for the University.

The University envisions that they would very likely incur some research costs based on requests for information on the social and economic impacts of the initiative.

Estimate of costs to the Office of the Lieutenant Governor and the Division of Elections to implement the marijuana initiative **$80,257**

Office of the Lieutenant Governor
Assuming the initiative is placed on the ballot, the minimum cost to conduct public hearings concerning the initiative in two communities in each of four judicial districts is estimated to be $9,000. This number may be reduced if hearings are held on more than one initiative at a time.

Lt. Governor's Office estimate by category

Travel	$ 9,000
Total	**$ 9,000**

Estimated travel expenses include round-trip air transportation, per diem and other associated travel costs for the Lieutenant Governor and staff to travel to seven communities in Alaska. It is assumed one of the hearings would be in Anchorage which would not involve travel costs.

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

Division of Elections

The minimum cost to the Division of Elections associated with certification of the initiative application and review of the initiative petition, excluding legal costs to the state and the costs to the state of any challenge to the validity of the petition, is estimated to be $71,257.

Elections estimate by category

Personal Services	$69,957
Services	$ 1,300
Total	**$71,257**

Personal services expenses associated with certification of the initiative application and review of the initiative petition:

Three full-time employees at 522 hours is $29,200
8 temporary employees at 2,520 hours is $40,757

Services expenses associated with certification of the initiative application and review of the initiative petition:

Printing of booklets is $1,300.

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

STATEMENT IN SUPPORT

Marijuana prohibition has been just as ineffective, inefficient, and counterproductive as alcohol prohibition. It's time for a more sensible approach.

Ballot Measure 2 will end the failed policy of marijuana prohibition in Alaska and replace it with a system in which:

- Personal use, possession, and limited home-growing of marijuana is legal for adults 21 and older; and
- Marijuana is regulated and taxed like alcohol.

Government studies and scientific research have consistently concluded that even the most potent marijuana, in concentrate or any other form, is far less harmful than alcohol to the consumer and to society. It's less addictive, less damaging to the body, and far less likely to trigger violent and reckless behavior. [1,2] Adults who prefer to use marijuana instead of alcohol shouldn't be punished for making a safer choice.

There were 2,219 arrests for marijuana offenses in Alaska in 2010, of which 91% were for possession alone.[3] Measure 2 would allow law enforcement to spend their time and limited resources addressing serious crimes instead of arresting and prosecuting adults for using a less harmful substance than alcohol.

Current marijuana prohibition laws force marijuana sales into the underground market where they're controlled by criminal enterprises. Measure 2 will replace the underground market with a tightly regulated system of licensed marijuana businesses that will create good jobs for Alaskans and generate tax revenue for the state and localities. It will also create business and ancillary industries, such as construction, real estate, and accounting. Localities will have the right to ban marijuana establishments.

State officials will create and enforce rules governing the production and sale of marijuana, such as testing, packaging, labeling requirements, and restrictions on advertising.

A regulated market will provide a safer environment for adults to purchase marijuana, and it will reduce their exposure to other illegal substances. It will also more effectively prevent teens from purchasing marijuana. It will remain illegal to sell or provide marijuana to minors, and proof of age will be required to purchase marijuana. Those selling marijuana in the underground market do not ask for ID.

In Colorado, where voters approved a similar measure in 2012, officials have reported no instances of businesses illegally selling marijuana to minors.[4] Since the state began regulating hundreds of marijuana-related businesses in 2010, teen marijuana use hasn't increased, high school graduation rates have increased, and drop-out rates have decreased.[5,6]

Implementation of the Colorado law hasn't contributed to an increase in crime, and violent crime decreased statewide in the first year in which marijuana was legal for adults.[7] The number of fatal vehicle crashes dropped more than 25% during the first four months of legal marijuana sales compared to the same period the previous year.[8]

Statewide support for ending marijuana prohibition has increased in Colorado since legal adult marijuana sales began.[9]

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

STATEMENT IN OPPOSITION

Big Marijuana. Big Mistake. Vote No on 2

Against the best interests of our State, Proposition 2 seeks to legalize, commercialize, **advertise**, and industrialize marijuana and concentrated marijuana products (such as "shatter," "butane hash oil," and marijuana "Ring Pots") in Alaska. The Initiative is costly, extreme, premature, and will unduly harm Alaskan communities, businesses, families, and our youth. We urge you to Vote No on 2 because:

1. **The Initiative is Far Too Costly.** The State of Alaska estimates that this initiative could increase costs to State Government by over $7 million/year, including increased costs for child neglect and DUIs. Also, the Alaska Association of Chiefs of Police estimates that the initiative will increase costs to small towns and cities by $6 million. These are just the costs to state government and police. Based on evidence, **for every $1 of taxes raised, the social, productivity, business, and health costs of substances like marijuana will be $10.** Costs include: lost productivity, increased accidents, harm to youth, harm to families, and increased health costs.

2. **The Initiative Legalizes the Manufacturing, Advertising, Marketing, Transport and Consumption of Extreme Products like Shatter, Butane Hash Oil and Dangerous, Child-Friendly Edibles.** The Initiative specifically defines marijuana to include all marijuana concentrates and products. This would legalize the manufacturing, advertising, marketing, transport and consumption of such extreme products as 80-90% THC shatter, butane hash oil, and crumble. **We recommend all voters Google shatter and butane hash oil before voting.** Two people have already died in Colorado from child-friendly marijuana edibles, and emergency room visits have increased.

3. **The Initiative Eliminates the local option** for communities in Alaska to be dry on marijuana.

4. **This Initiative Will Not Eradicate the Illegal Trafficking of Marijuana.** If this initiative passes, there will be: illegal sales of marijuana to youth; illegal export of marijuana, and illegal sales to adults (just as there are in Colorado now after legalization).

5. **Do Alaskans Really Want Another Major Industry Promoting the Increased Use of Another Harmful Intoxicant? No.** There is so much evidence that marijuana is harmful to fetuses, developing brains, motivation, judgment (including while driving), mental health, lungs, hearts and more.

6. **Large Outside Interests are Funding the Initiative.** Follow the money. Big marijuana. Big mistake.

7. **Rates of Use by our Youth Will Increase.** Public Health science is very clear. If this initiative passes, youth use rates of marijuana, including shatter, butane hash oil, and edibles will increase.

8. **There is No Reason to Rush into Making a Mistake.** We deserve to see what happens in Colorado and make a more informed decision about what is best for Alaskans. Let's see how the **pervasive advertising of marijuana and marijuana products** works out; how many **lawsuits** there are from the marijuana industry; and what **marijuana lobbyists** do. Let's examine the increases in emergency room visits and deaths. There is no rush in Alaska to make a mistake.

The costs of this outside-funded initiative are far too great. Vote No on 2.

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

FULL TEXT OF PROPOSED LAW

"An Act to tax and regulate the production, sale, and use of marijuana."

BE IT ENACTED BY THE PEOPLE OF THE STATE OF ALASKA:

***Section 1.** AS 17 is amended by adding a new chapter to read:

Chapter 38. The regulation of marijuana

Sec. 17.38.010. Purpose and findings.

(a) In the interest of allowing law enforcement to focus on violent and property crimes, and to enhance individual freedom, the people of the state of Alaska find and declare that the use of marijuana should be legal for persons 21 years of age or older.

(b) In the interest of the health and public safety of our citizenry, the people of the state of Alaska further find and declare that the production and sale of marijuana should be regulated so that:

(1) Individuals will have to show proof of age before purchasing marijuana;

(2) Legitimate, taxpaying business people, and not criminal actors, will conduct sales of marijuana; and

(3) Marijuana sold by regulated businesses will be labeled and subject to additional regulations to ensure that consumers are informed and protected.

(c) The people of the state of Alaska further declare that the provisions of this Act are not intended to diminish the right to privacy as interpreted by the Alaska Supreme Court in *Ravin v. State of Alaska.*

(d) Nothing in this Act proposes or intends to require any individual or entity to engage in any conduct that violates federal law, or exempt any individual or entity from any requirement of federal law, or pose any obstacle to federal enforcement of federal law.

Sec. 17.38.020. Personal use of marijuana.

Notwithstanding any other provision of law, except as otherwise provided in this chapter, the following acts, by persons 21 years of age or older, are lawful and shall not be a criminal or civil offense under Alaska law or the law of any political subdivision of Alaska or be a basis for seizure or forfeiture of assets under Alaska law:

(a) Possessing, using, displaying, purchasing, or transporting marijuana accessories or one ounce or less of marijuana;

(b) Possessing, growing, processing, or transporting no more than six marijuana plants, with three or fewer being mature, flowering plants, and possession of the marijuana produced by the plants on the premises where the plants were grown;

(c) Transferring one ounce or less of marijuana and up to six immature marijuana plants to a person who is 21 years of age or older without remuneration;

(d) Consumption of marijuana, except that nothing in this chapter shall permit the consumption of marijuana in public; and

(e) Assisting another person who is 21 years of age or older in any of the acts described in paragraphs (a) through (d) of this section.

The text of this bill is presented as submitted by petition sponsors.

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

Sec. 17.38.030. Restrictions on personal cultivation, penalty.

a) The personal cultivation of marijuana described in AS 17.38.020(b) is subject to the following terms:

(1) Marijuana plants shall be cultivated in a location where the plants are not subject to public view without the use of binoculars, aircraft, or other optical aids.

(2) A person who cultivates marijuana must take reasonable precautions to ensure the plants are secure from unauthorized access.

(3) Marijuana cultivation may only occur on property lawfully in possession of the cultivator or with the consent of the person in lawful possession of the property

(b) A person who violates this section while otherwise acting in compliance with AS 17.38.020(b) is guilty of a violation punishable by a fine of up to $750.

Sec. 17.38.040. Public consumption banned, penalty.

It is unlawful to consume marijuana in public. A person who violates this section is guilty of a violation punishable by a fine of up to $100.

Sec. 17.38.050. False identification, penalty.

(a) A person who is under 21 years of age may not present or offer to a marijuana establishment or the marijuana establishment's agent or employee any written or oral evidence of age that is false, fraudulent or not actually the person's own, for the purpose of:

(1) Purchasing, attempting to purchase or otherwise procuring or attempting to procure marijuana or marijuana products; or

(2) Gaining access to a marijuana establishment.

(b) A person who violates this section is guilty of a violation punishable by a fine of up to $400.

Sec. 17.38.060. Marijuana accessories authorized.

Notwithstanding any other provision of law, it is lawful and shall not be an offense under Alaska law or the law of any political subdivision of Alaska or be a basis for seizure or forfeiture of assets under Alaska law for persons 21 years of age or older to manufacture, possess, or purchase marijuana accessories, or to distribute or sell marijuana accessories to a person who is 21 years of age or older.

Sec. 17.38.070. Lawful operation of marijuana-related facilities.

(a) Notwithstanding any other provision of law, the following acts, when performed by a retail marijuana store with a current, valid registration, or a person 21 years of age or older who is acting in his or her capacity as an owner, employee or agent of a retail marijuana store, are lawful and shall not be an offense under Alaska law or be a basis for seizure or forfeiture of assets under Alaska law:

(1) Possessing, displaying, storing, or transporting marijuana or marijuana products, except that marijuana and marijuana products may not be displayed in a manner that is visible to the general public from a public right-of-way;

(2) Delivering or transferring marijuana or marijuana products to a marijuana testing facility;

(3) Receiving marijuana or marijuana products from a marijuana testing facility;

The text of this bill is presented as submitted by petition sponsors.

(4) Purchasing marijuana from a marijuana cultivation facility;

(5) Purchasing marijuana or marijuana products from a marijuana product manufacturing facility; and

(6) Delivering, distributing, or selling marijuana or marijuana products to consumers.

(b) Notwithstanding any other provision of law, the following acts, when performed by a marijuana cultivation facility with a current, valid registration, or a person 21 years of age or older who is acting in his or her capacity as an owner, employee or agent of a marijuana cultivation facility, are lawful and shall not be an offense under Alaska law or be a basis for seizure or forfeiture of assets under Alaska law:

(1) Cultivating, manufacturing, harvesting, processing, packaging, transporting, displaying, storing, or possessing marijuana;

(2) Delivering or transferring marijuana to a marijuana testing facility;

(3) Receiving marijuana from a marijuana testing facility;

(4) Delivering, distributing, or selling marijuana to a marijuana cultivation facility, a marijuana product manufacturing facility, or a retail marijuana store;

(5) Receiving or purchasing marijuana from a marijuana cultivation facility; and

(6) Receiving marijuana seeds or immature marijuana plants from a person 21 years of age or older.

(c) Notwithstanding any other provision of law, the following acts, when performed by a marijuana product manufacturing facility with a current, valid registration, or a person 21 years of age or older who is acting in his or her capacity as an owner, employee or agent of a marijuana product manufacturing facility, are lawful and shall not be an offense under Alaska law or be a basis for seizure or forfeiture of assets under Alaska law:

(1) Packaging, processing, transporting, manufacturing, displaying, or possessing marijuana or marijuana products;

(2) Delivering or transferring marijuana or marijuana products to a marijuana testing facility;

(3) Receiving marijuana or marijuana products from a marijuana testing facility;

(4) Delivering or selling marijuana or marijuana products to a retail marijuana store or a marijuana product manufacturing facility;

(5) Purchasing marijuana from a marijuana cultivation facility; and

(6) Purchasing of marijuana or marijuana products from a marijuana product manufacturing facility.

(d) Notwithstanding any other provision of law, the following acts, when performed by a marijuana testing facility with a current, valid registration, or a person 21 years of age or older who is acting in his or her capacity as an owner, employee or agent of a marijuana testing facility, are lawful and shall not be an offense under Alaska law or be a basis for seizure or forfeiture of assets under Alaska law:

(1) Possessing, cultivating, processing, repackaging, storing, transporting, displaying, transferring or delivering marijuana;

(2) Receiving marijuana or marijuana products from a marijuana cultivation facility, a marijuana retail store, a marijuana products manufacturer, or a person 21 years of age or older; and

(3) Returning marijuana or marijuana products to a marijuana cultivation facility, marijuana retail store, marijuana products manufacturer, or a person 21 years of age or older.

(e) Notwithstanding any other provision of law, it is lawful and shall not be an offense under Alaska law or be a basis for seizure or forfeiture of assets under Alaska law to lease or otherwise allow the use of property owned, occupied or controlled by any person, corporation or other entity for any of the activities conducted lawfully in accordance with paragraphs (a) through (d) of this section.

(f) Nothing in this section prevents the imposition of penalties upon marijuana establishments for violating this chapter or rules adopted by the board or local governments pursuant to this chapter.

(g) The provisions of AS 17.30.020 do not apply to marijuana establishments.

Sec. 17.38.080. Marijuana Control Board.

At any time, the legislature may create a Marijuana Control Board in the Department of Commerce, Community, and Economic Development or its successor agency to assume the power, duties, and responsibilities delegated to the Alcoholic Beverage Control Board under this chapter.

Sec. 17.38.090. Rulemaking.

(a) Not later than nine months after the effective date of this act, the board shall adopt regulations necessary for implementation of this chapter. Such regulations shall not prohibit the operation of marijuana establishments, either expressly or through regulations that make their operation unreasonably impracticable. Such regulations shall include:

(1) Procedures for the issuance, renewal, suspension, and revocation of a registration to operate a marijuana establishment, with such procedures subject to all requirements of AS 44.62, the Administrative Procedure Act;

(2) A schedule of application, registration and renewal fees, provided, application fees shall not exceed $5,000, with this upper limit adjusted annually for inflation, unless the board determines a greater fee is necessary to carry out its responsibilities under this chapter;

(3) Qualifications for registration that are directly and demonstrably related to the operation of a marijuana establishment;

(4) Security requirements for marijuana establishments, including for the transportation of marijuana by marijuana establishments;

(5) Requirements to prevent the sale or diversion of marijuana and marijuana products to persons under the age of 21;

(6) Labeling requirements for marijuana and marijuana products sold or distributed by a marijuana establishment;

(7) Health and safety regulations and standards for the manufacture of marijuana products and the cultivation of marijuana;

(8) Reasonable restrictions on the advertising and display of marijuana and marijuana products; and

(9) Civil penalties for the failure to comply with regulations made pursuant to this chapter.

(b) In order to ensure that individual privacy is protected, the board shall not require

a consumer to provide a retail marijuana store with personal information other than government-issued identification to determine the consumer's age, and a retail marijuana store shall not be required to acquire and record personal information about consumers.

Sec. 17.38.100. Marijuana establishment registrations.

(a) Each application or renewal application for a registration to operate a marijuana establishment shall be submitted to the board. A renewal application may be submitted up to 90 days prior to the expiration of the marijuana establishment's registration.

(b) The board shall begin accepting and processing applications to operate marijuana establishments one year after the effective date of this act.

(c) Upon receiving an application or renewal application for a marijuana establishment, the board shall immediately forward a copy of each application and half of the registration application fee to the local regulatory authority for the local government in which the applicant desires to operate the marijuana establishment, unless the local government has not designated a local regulatory authority pursuant to AS 17.38.110(c).

(d) Within 45 to 90 days after receiving an application or renewal application, the board shall issue an annual registration to the applicant unless the board finds the applicant is not in compliance with regulations enacted pursuant to AS 17.38.090 or the board is notified by the relevant local government that the applicant is not in compliance with ordinances and regulations made pursuant to AS 17.38.110 and in effect at the time of application.

(e) If a local government has enacted a numerical limit on the number of marijuana establishments and a greater number of applicants seek registrations, the board shall solicit and consider input from the local regulatory authority as to the local government's preference or preferences for registration.

(f) Upon denial of an application, the board shall notify the applicant in writing of the specific reason for its denial.

(g) Every marijuana establishment registration shall specify the location where the marijuana establishment will operate. A separate registration shall be required for each location at which a marijuana establishment operates.

(h) Marijuana establishments and the books and records maintained and created by marijuana establishments are subject to inspection by the board.

Sec. 17.38.110. Local control.

(a) A local government may prohibit the operation of marijuana cultivation facilities, marijuana product manufacturing facilities, marijuana testing facilities, or retail marijuana stores through the enactment of an ordinance or by a voter initiative.

(b) A local government may enact ordinances or regulations not in conflict with this chapter or with regulations enacted pursuant to this chapter, governing the time, place, manner and number of marijuana establishment operations. A local government may establish civil penalties for violation of an ordinance or regulation governing the time, place, and manner of a marijuana establishment that may operate in such local government.

(c) A local government may designate a local regulatory authority that is responsible for processing applications submitted for a registration to operate a marijuana establishment within the boundaries of the local government. The local government may provide that the local regulatory authority may issue such registrations should the issuance by the local government become necessary because of a failure by the board to adopt regulations

pursuant to AS 17.38.090 or to accept or process applications in accordance with AS 17.38.100.

(d) A local government may establish procedures for the issuance, suspension, and revocation of a registration issued by the local government in accordance with (f) of this section or (g) of this section. These procedures shall be subject to all requirements of AS 44.62, the Administrative Procedure Act.

(e) A local government may establish a schedule of annual operating, registration, and application fees for marijuana establishments, provided, the application fee shall only be due if an application is submitted to a local government in accordance with (f) of this section and a registration fee shall only be due if a registration is issued by a local government in accordance with (f) of this section or (g) of this section.

(f) If the board does not issue a registration to an applicant within 90 days of receipt of the application filed in accordance with AS 17.38.100 and does not notify the applicant of the specific, permissible reason for its denial, in writing and within such time period, or if the board has adopted regulations pursuant to AS 17.38.090 and has accepted applications pursuant to AS 17.38.100 but has not issued any registrations by 15 months after the effective date of this act, the applicant may resubmit its application directly to the local regulatory authority, pursuant to (c) of this section, and the local regulatory authority may issue an annual registration to the applicant. If an application is submitted to a local regulatory authority under this paragraph, the board shall forward to the local regulatory authority the application fee paid by the applicant to the board upon request by the local regulatory authority.

(g) If the board does not adopt regulations required by AS 17.38.090, an applicant may submit an application directly to a local regulatory authority after one year after the effective date of this act and the local regulatory authority may issue an annual registration to the applicant.

(h) A local regulatory authority issuing a registration to an applicant shall do so within 90 days of receipt of the submitted or resubmitted application unless the local regulatory authority finds and notifies the applicant that the applicant is not in compliance with ordinances and regulations made pursuant to (b) of this section in effect at the time the application is submitted to the local regulatory authority. The local government shall notify the board if an annual registration has been issued to the applicant.

(i) A registration issued by a local government in accordance with (f) of this section or (g) of this section shall have the same force and effect as a registration issued by the board in accordance with AS 17.38.100. The holder of such registration shall not be subject to regulation or enforcement by the board during the term of that registration.

(j) A subsequent or renewed registration may be issued under (f) of this section on an annual basis only upon resubmission to the local government of a new application submitted to the board pursuant to AS 17.38.100.

(k) A subsequent or renewed registration may be issued under (g) of this section on an annual basis if the board has not adopted regulations required by AS 17.38.090 at least 90 days prior to the date upon which such subsequent or renewed registration would be effective or if the board has adopted regulations pursuant to AS 17.38.090 but has not, at least 90 days after the adoption of such regulations, issued registrations pursuant to AS 17.38.100.

(l) Nothing in this section shall limit such relief as may be available to an aggrieved party

under AS 44.62, the Administrative Procedure Act.

Sec. 17.38.120. Employers, driving, minors and control of property.

(a) Nothing in this chapter is intended to require an employer to permit or accommodate the use, consumptions, possession, transfer, display, transportation, sale or growing of marijuana in the workplace or to affect the ability of employers to have policies restricting the use of marijuana by employees.

(b) Nothing in this chapter is intended to allow driving under the influence of marijuana or to supersede laws related to driving under the influence of marijuana.

(c) Nothing in this chapter is intended to permit the transfer of marijuana, with or without remuneration, to a person under the age of 21.

(d) Nothing in this chapter shall prohibit a person, employer, school, hospital, recreation or youth center, correction facility, corporation or any other entity who occupies, owns or controls private property from prohibiting or otherwise regulating the possession, consumption, use, display, transfer, distribution, sale, transportation, or growing of marijuana on or in that property.

Sec. 17.38.130. Impact on medical marijuana law.

Nothing in this chapter shall be construed to limit any privileges or rights of a medical marijuana patient or medical marijuana caregiver under AS 17.37.

Sec. 17.38.900. Definitions.

As used in this chapter unless the context otherwise requires:

(1) "Board" means the Alcoholic Beverage Control Board established by AS 04.06.

(2) "Consumer" means a person 21 years of age or older who purchases marijuana or marijuana products for personal use by persons 21 years of age or older, but not for resale to others.

(3) "Consumption" means the act of ingesting, inhaling, or otherwise introducing marijuana into the human body.

(4) "Local government" means both home rule and general law municipalities, including boroughs and cities of all classes and unified municipalities.

(5) "Local regulatory authority" means the office or entity designated to process marijuana establishment applications by a local government.

(6) "Marijuana" means all parts of the plant of the genus cannabis whether growing or not, the seeds thereof, the resin extracted from any part of the plant, and every compound, manufacture, salt, derivative, mixture, or preparation of the plant, its seeds, or its resin, including marijuana concentrate. "Marijuana" does not include fiber produced from the stalks, oil, or cake made from the seeds of the plant, sterilized seed of the plant which is incapable of germination, or the weight of any other ingredient combined with marijuana to prepare topical or oral administrations, food, drink, or other products.

(7) "Marijuana accessories" means any equipment, products, or materials of any kind which are used, intended for use, or designed for use in planting, propagating, cultivating, growing, harvesting, composting, manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, vaporizing, or containing marijuana, or for ingesting, inhaling, or otherwise introducing marijuana into the human body.

(8) "Marijuana cultivation facility" means an entity registered to cultivate, prepare, and

package marijuana and to sell marijuana to retail marijuana stores, to marijuana product manufacturing facilities, and to other marijuana cultivation facilities, but not to consumers.
(9) "Marijuana establishment" means a marijuana cultivation facility, a marijuana testing facility, a marijuana product manufacturing facility, or a retail marijuana store.
(10) "Marijuana product manufacturing facility" means an entity registered to purchase marijuana; manufacture, prepare, and package marijuana products; and sell marijuana and marijuana products to other marijuana product manufacturing facilities and to retail marijuana stores, but not to consumers.
(11) "Marijuana products" means concentrated marijuana products and marijuana products that are comprised of marijuana and other ingredients and are intended for use or consumption, such as, but not limited to, edible products, ointments, and tinctures.
(12) "Marijuana testing facility" means an entity registered to analyze and certify the safety and potency of marijuana.
(13) "Retail marijuana store" means an entity registered to purchase marijuana from marijuana cultivation facilities, to purchase marijuana and marijuana products from marijuana product manufacturing facilities, and to sell marijuana and marijuana products to consumers.
(14) "Unreasonably impracticable" means that the measures necessary to comply with the regulations require such a high investment of risk, money, time, or any other resource or asset that the operation of a marijuana establishment is not worthy of being carried out in practice by a reasonably prudent businessperson.

***Sec. 2.** AS 43 is amended by adding a new chapter to read:

Chapter 61. Excise tax on marijuana

Sec. 43.61.010. Marijuana tax.
(a) An excise tax is imposed on the sale or transfer of marijuana from a marijuana cultivation facility to a retail marijuana store or marijuana product manufacturing facility. Every marijuana cultivation facility shall pay an excise tax at the rate of $50 per ounce, or proportionate part thereof, on marijuana that is sold or transferred from a marijuana cultivation facility to a retail marijuana store or marijuana product manufacturing facility.
(b) The department may exempt certain parts of the marijuana plant from the excise tax described in (a) of this section or may establish a rate lower than $50 per ounce for certain parts of the marijuana plant.

Sec. 43.61.020. Monthly Statement and Payments.
(a) Each marijuana cultivation facility shall send a statement by mail or electronically to the department on or before the last day of each calendar month. The statement must contain an account of the amount of marijuana sold or transferred to retail marijuana stores and marijuana product manufacturing facilities in the state during the preceding month, setting out
(1) the total number of ounces, including fractional ounces sold or transferred;
(2) the names and Alaska address of each buyer and transferee; and
(3) the weight of marijuana sold or transferred to the respective buyers or transferees.
(b) The marijuana cultivation facility shall pay monthly to the department, all taxes, computed at the rates prescribed in this chapter, on the respective total quantities of the

marijuana sold or transferred during the preceding month. The monthly return shall be filed and the tax paid on or before the last day of each month to cover the preceding month.

Sec. 43.61.030. Administration and Enforcement of Tax.

(a) Delinquent payments under this chapter shall subject the marijuana cultivation facility to civil penalties under AS 43.05.220.

(b) If a marijuana cultivation facility fails to pay the tax to the state the marijuana cultivation facility's registration may be revoked in accordance with procedures established under AS 17.38.090(a)(1).

***Sec. 3.** The provisions of this Act are independent and severable, and, except where otherwise indicated in the text, shall supersede conflicting statues, local charter, ordinance, or resolution, and other state and local provisions. If any provision of this Act, or the application thereof to any person or circumstance, is found to be invalid or unconstitutional, the remainder of this Act shall not be affected and shall be given effect to the fullest extent possible.

Ballot Measure No. 3

An Act to Increase Alaska's Minimum Wage

BALLOT LANGUAGE

Ballot Measure No. 3 – 13MINW
An Act to Increase Alaska's Minimum Wage

This bill would raise Alaska's minimum wage from $7.75 per hour to $8.75 per hour as of January 1, 2015. The bill would raise the minimum wage to $9.75 per hour as of January 1, 2016. The bill would adjust the minimum wage each year for inflation after 2016. The bill creates a method for this adjustment. Under the bill, if the adjusted minimum wage is less than one dollar over the federal minimum wage, Alaska's minimum wage will be one dollar over the federal minimum. Tips or gratuities would not count toward the minimum wage.

The bill has a statement of findings and declaration. This statement gives reasons for the bill. The reasons pertain to quality of life for low income workers, the effect of increases in the cost of living, the relationship of the Alaska minimum wage to the federal poverty level, and the minimum wage in other states.

Should this initiative become law?

◯ Yes ◯ No

LEGISLATIVE AFFAIRS AGENCY SUMMARY

The Act raises the state minimum wage. On January 1, 2015, it will go from $7.75 to $8.75 per hour. On January 1, 2016, the minimum wage will go up again to $9.75 per hour. Each year after 2016, the state will adjust the minimum wage for inflation. The new amount must be at least $1.00 more per hour than the federal minimum wage. Tips and gifts do not count as part of the minimum wage.

Multi-Agency Cost Summary

Agency	Cost
Alaska Department of Labor and Workforce Development	$2,083
Office of the Lieutenant Governor	$9,000
Office of the Lieutenant Governor- Division of Elections	$71,257
TOTAL	**$82,340**

Ballot Measure No. 3

An Act to Increase Alaska's Minimum Wage

Estimate of costs to the Alaska Department of Labor and Workforce Development

As required by AS 15.45.090(a)(4), the Alaska Department of Labor and Workforce Development (DOLWD) has prepared the following statement of costs to implement the proposed minimum wage increase ballot initiative. The minimum cost to the Alaska Department of Labor and Workforce Development, excluding legal costs to the state, is estimated to be $2,083.

The ballot initiative replaces the current minimum wage, which under AS 23.10.065(a) is set at $.50 higher than the federal minimum wage. The initiative calls for a minimum wage increase to $8.75 as of January 1, 2015 and $9.75 as of January 1, 2016. After 2016, the initiative establishes that the minimum wage shall be adjusted for inflation on an annual basis and that the minimum wage shall remain at least $1.00 higher than the federal minimum wage.

There is insufficient data to establish certain cost estimates associated with minimum wage increases as a result of the initiative. Currently, there would be no impact on wages paid to employees of the State of Alaska; however, it is unknown what if any effect the minimum wage increase may have on services contracted by the State of Alaska to private entities.

The quantifiable expenses caused by the ballot initiative adjustments to minimum wage are associated with publications produced by the DOLWD to notify employers and employees of legal requirements that include the minimum wage. The estimated yearly cost for all publications associated with annual adjustments to minimum wage is $2,083. The annual estimated expenses for publications would begin in FY2015.

5,000 posters – "Summary of Wage and Hour Act":	$308
5,000 "Know Your Rights" child labor brochures:	$525
1,500 "Alaska Fishing Industry" brochures:	$1,250
Total	**$2,083**

Estimate of costs to the Office of the Lieutenant Governor and the Division of Elections

As required by AS 15.45.090(a)(4), the Alaska Office of the Lieutenant Governor has prepared the following statement of costs to implement the proposed minimum wage increase ballot initiative.

Office of the Lieutenant Governor
Assuming the initiative is placed on the ballot, the minimum cost to conduct public hearings concerning the initiative in two communities in each of four judicial districts is estimated to be $9,000.
Lt. Governor's Office estimate by category

Travel	$ 9,000
Total	**$ 9,000**

Estimated travel expenses include round-trip air transportation, per diem and other associated travel costs for the Lieutenant Governor and staff to travel to seven communities in Alaska: It is assumed one of the hearings would be in Anchorage which would not involve travel costs.

An Act to Increase Alaska's Minimum Wage

Division of Elections

As required by AS 15.45.090(a)(3), the Division of Elections has prepared the following statement of costs to implement the proposed minimum wage increase ballot initiative.

The minimum cost to the Division of Elections associated with certification of the initiative application and review of the initiative petition, excluding legal costs to the state and the costs to the state of any challenge to the validity of the petition, is estimated to be $71,257.

Elections estimate by category

Personal Services	$69,957
Services	$ 1,300
Total	**$71,257**

Personal services expenses associated with certification of the initiative application and review of the initiative petition:

Three full-time employees at 522 hours is $29,200
8 temporary employees at 2,520 hours is $40,757

Services expenses associated with certification of the initiative application and review of the initiative petition:

Printing of booklets is $1,300.

Ballot Measure No. 3

An Act to Increase Alaska's Minimum Wage

STATEMENT IN SUPPORT

Under existing law, the minimum wage in Alaska is set at $.50 over the federal minimum wage. Since the current federal minimum wage is $7.25, Alaska's minimum wage is $7.75 per hour. The $.50 Alaska premium was established by the First Alaska Legislature in 1959, when the federal minimum wage was $1.00 per hour.

The minimum wage is intended to assure "the maintenance on minimum standards of living necessary for the health, efficiency, and general well-being of workers" (Fair Labor Standards Act, 1938). No one can cay Alaska's current minimum wage even comes close to doing this. A full-time, year-round worker making $7.25 an hour earns only $16,120 annually. This is $8,600 below the federal poverty threshold for a family of three in Alaska ($24,740) and $13,700 below the federal poverty threshold for a family of four ($29,820).

After having had the highest minimum wage in the nation for the first four decades after statehood, Alaska has fallen to **19**th, behind even low-wage states such as Florida ($7.93) and Arizona ($7.90). Thirteen states provide for an annual cost-of-living adjustment to their minimum wage based on the Consumer Price Index (CPI). Washington ($9.32) and Oregon ($9.10) have the highest state minimum wages; the minimum wage in California will increase to $10 in January 2016.

The measure proposed by Alaskans for a Fair Minimum Wage would raise the state minimum wage to approximately what it should have been by January 1, 2016 had the 2003 legislature not repealed a cost of living adjustment enacted with broad public support in 2002. The increase is phased in over two years (to $8.75 January 1, 2015 and to $9.75 January 1, 2016, with cost of living adjustment annually after that) to accommodate employers of low-wage workers in adjusting to the increase.

The initiative bill also reaffirms the long-standing ban on counting employee tips toward meeting an employer's obligation to pay the full minimum wage to tipped employees.

Studies have shown that over 75% of Alaskan workers earning minimum wage are adults. While critics claim that increasing the minimum wage has a negative impact on job opportunities for youth, studies have found the effect, if any, to be minor. In fact, under current Alaska law, which the proposed initiative would not change, workers under the age of 18 who work no more than 30 hours per week are exempted from the Alaska minimum wage and fall under the federal minimum wage law only.

In Alaska, approximately 30,000 workers at or near the minimum wage who would benefit from this measure are employed in seafood processing, hotels, restaurants and food service, child care, as cashiers and delivery drivers, and in other low-paying occupations.

Ballot Measure No. 3

An Act to Increase Alaska's Minimum Wage

STATEMENT IN OPPOSITION

Make no mistake, should Proposition 3 pass, it would have two immediate effects—but not the ones supporters would have you believe.

First, teenage unemployment will increase over time, reducing their chances of getting valuable work experience; second, the ability of low-skilled workers to earn income, especially those assisting seniors with errands and chores around the house, would be drastically cut—harming two groups of people at once.

In fact, more than those earning below it, the only potential beneficiaries of Proposition 3 are likely to be families earning at least three times the poverty level, making a minimum-wage increase a lousy anti-poverty initiative.

These results are not a matter of speculation, but economic patterns that have followed every increase in the minimum wage. It's vital voters know the truth about the minimum wage:

- 99 percent of all hourly wage workers in Alaska (all but 2,000 people) already earn above the minimum wage (2012, latest data available).
- More than 50 percent of minimum-wage workers are under age 24, so raising the rate removes the first rung up the economic ladder of life for young adults, as business owners are forced to cut back on hiring in order to meet the cost increase
- After the last federal increase in the minimum wage, one-half million teenage jobs disappeared following six months, and that was in a period of economic recovery when more jobs should be available.
- The average annual family income of those earning the minimum wage (nationally in 2009) was over $48,000.
- Significantly more people earning at least three times the poverty level will benefit as those living beneath it.
- 83 percent of minimum wage earners are teenagers living with working parents, adults living alone, or dual income couple.

Prop. 3 supporters point to Washington state as an example Alaska should follow. In 2013, both states had similar unemployment rates—6.5 percent in Alaska, and 7 percent in Washington. But for young adults ages 16 to 19, the situation was much different. In Alaska, where the minimum wage is $7.75 an hour, teen unemployment was 17.5 percent. In Washington state, where the minimum wage is $9.32 an hour and rises every year because of indexing to inflation, the teen unemployment rate was an astounding 30.6 percent.

What happens when minimum wages rise too high? Remember filling station attendants. How about baggers in grocery stores? Or, for older people, ushers in movie theatres. All have been eliminated. Technology may do the same for today's minimum wage jobs. Placing orders through touch screens and the self-checkout is growing in Alaska. Losing these jobs means losing the bottom rung on the career ladder and fewer opportunities for the people who used to fill those jobs.

Asks economist William J. Dennis, who has studied small business and the minimum wage for 40 years: "Employers want experienced workers. How do you get experience when you price people out of the market in the first place?"

Ballot Measure No. 3

An Act to Increase Alaska's Minimum Wage

FULL TEXT OF PROPOSED LAW

"An Act increasing the Alaska minimum wage to $8.75 per hour effective January 1, 2015, $9.75 per hour effective January 1, 2016 and thereafter adjusted annually for inflation."

BE IT ENACTED BY THE PEOPLE OF THE STATE OF ALASKA

Section 1. Findings and Declaration

The people of the State of Alaska find and declare that:
(a) An increase in Alaska's minimum wage will help ensure a minimum standard of living for the health and well being of every Alaskan,
(b) Alaskans working full-time at the current minimum wage earn far below the federal poverty level for a family of three,
(c) The U.S. West Coast states of Washington, Oregon, and California already have a higher minimum wage than the State of Alaska,
(d) A fair minimum wage indexed to the cost of living will help low-income workers keep pace with inflation.

Section 2. Purpose

The purpose and intent of enacting this legislation is to raise Alaska's minimum wage to $8.75 per hour effective January 1, 2015, $9.75 per hour effective January 1, 2016, and thereafter adjusted annually for inflation.

Section 3. AS 23.10.065(a) is repealed and reenacted to read:
(a) Except as otherwise provided for in law, an employer shall pay to each employee a minimum wage, as established herein, for hours worked in a pay period, whether the work is measured by time, piece, commission or otherwise. An employer may not apply tips or gratuities bestowed upon employees as a credit toward payment of the minimum hourly wage required by this section. Tip credit as defined by the Fair Labor Standards Act of 1938 as amended does not apply to the minimum wage established by this section. Beginning with the passage of this Act, the minimum wage shall be $8.75 per hour effective January 1, 2015, $9.75 per hour effective January 1, 2016 and thereafter adjusted annually for inflation. The adjustment shall be calculated each September 30, for the proceeding January-December calendar year, by the Alaska Department of Labor and Workforce Development, using 100 percent of the rate of inflation based on the Consumer Price Index for all urban consumers for the Anchorage metropolitan area, compiled by the Bureau of Labor Statistics, United States Department of Labor; the department shall round the adjusted minimum hourly wage up to the nearest one cent; the adjusted minimum hourly wage shall apply to work performed beginning on January 1 through December 31 of the year for which it is effective.

Section 4. If the minimum wage determined under Section 3 is less than one dollar over the federal minimum wage, the Alaska minimum wage shall be set at one dollar over the federal minimum wage. This amount shall be adjusted in subsequent years by the method established in Section 3.

Ballot Measure No. 4

An Act Providing for Protection of Bristol Bay Wild Salmon and Waters Within or Flowing Into the Existing 1972 Bristol Bay Fisheries Reserve

BALLOT LANGUAGE

Ballot Measure No. 4 – 12BBAY
An Act Providing for Protection of Bristol Bay Wild Salmon and Waters Within or Flowing Into the Existing 1972 Bristol Bay Fisheries Reserve

This bill would require the legislature to approve future large-scale metallic sulfide mines in the Bristol Bay Fisheries Reserve (BBFR) by passing a law. The law would have to find that any proposed mine would not endanger the BBFR fishery. The approval would be in addition to any other required permits or authorizations. The bill defines "large-scale metallic sulfide mining operation" as "a specific mining proposal to extract metals, including gold and copper, from sulfide-bearing rock and that would directly disturb 640 or more acres of land." The bill lets the Department of Natural Resources adopt regulations.

The bill would make findings. The bill's findings would be that the legislature found the BBFR important by creating it in 1972; that the bill's protections are necessary; that protecting the waters and wild salmon of the BBFR is of statewide interest based on the region's fisheries, economic benefits, cultural heritage, and unique wild salmon resources; and that metallic sulfide mining may harm these interests because mines can produce toxins and pollutants. The bill intends the legislature to approve any large-scale metallic sulfide mine in the BBFR or which could adversely affect its watershed.

The bill would apply only to large-scale metallic sulfide mines in the BBFR that lack all required permits, licenses, or approvals before the bill's effective date.

Should this initiative become law?

◯ Yes ◯ No

LEGISLATIVE AFFAIRS AGENCY SUMMARY

The Act requires legislative approval of certain mines. The Act applies only to mines larger than 640 acres in the watershed of the Bristol Bay Fisheries Reserve. The Act applies only to mines that extract metal from sulfur bearing rock. The legislature must find that a mine is not a danger to the Bristol Bay fishery to approve it. The Act has findings that explain the intent of the Act. The Act allows the Department of Natural Resources to adopt regulations. The Act applies only to mines that do not have all required permits, licenses, or approvals before the Act's effective date.

STATEMENT OF COSTS

Ballot Measure No. 4

An Act Providing for Protection of Bristol Bay Wild Salmon and Waters Within or Flowing Into the Existing 1972 Bristol Bay Fisheries Reserve

Prepared by the Alaska Department of Natural Resources and the Alaska Department of Law:

As required by AS 15.45.090(a) (4), the Alaska Departments of Natural Resources and Law have prepared the following statement of costs to the State of Alaska to implement the law proposed by this ballot initiative.

The ballot initiative would require legislative approval of any proposed large scale metallic sulfide mining operations "that would directly disturb 640 acres or more of land" where those proposed projects are located within the watershed of the Bristol Bay Fisheries Reserve. Any authorization by the Legislature "shall take the form of a duly enacted law finding that the proposed large-scale metallic sulfide mining operation will not constitute danger to the fishery within the Bristol Bay Fisheries Reserve."

If the initiative is approved by the voters, a legislative process and passing a law that has a specific finding will be additional requirements to the current permitting regime for a specific type of mining operation in the watershed of the Bristol Bay Fisheries Reserve. The additional requirements would apply retroactively to large-scale metallic sulfide mining operations that have not received all necessary authorizations, licenses, permits, or approved plans of operation before the effective date of the initiative.

There is insufficient detail in the initiative to identify all costs that may be associated with implementing this step to the permitting regime. This represents an estimate of the State's costs and the actual costs are likely to be different.

The estimates are as of December 2012 and do not reflect inflationary increases that are likely to occur during the number of years it may take for a large scale mine to complete the current state permitting regime and then be submitted to the Legislature for review and approval.

The estimate excludes litigation expenses; expenses that the legislature may or may not incur associated with additional items of examination outside of existing permits or authorizations, and potential revenue impacts to the State from delayed or lost taxes and royalties.

The Alaska Department of Natural Resources (DNR) Office of Project Management and Permitting (OPMP) coordinates the review of larger scale projects in the State. It is assumed that a potential project as defined by the initiative would benefit from a single primary point of contact and would utilize OPMP.

Assuming that the initiative does not require additional findings, standards, or requirements in addition to those already in place under State permitting regulations, there would be no additional costs to state agencies associated with permitting a project of the scope and scale as described in the initiative. However, in the year in which a final authorization for a project would come before a legislature, it is assumed that there would be legislative hearings, and that DNR and other permitting agencies would be asked to provide their expertise on pertinent subjects or the permitting process in general. It is assumed that the role of the State agencies would be to explain their permitting

decisions, not to advise the Legislature, to ensure proper separation of powers.

In anticipation of legislative hearings, agencies would prepare and package pertinent documents and the OPMP project coordinator would compile and coordinate documents and staff presentations that encompass all relevant permitting decisions. The OPMP coordinator would represent DNR at the legislative hearings and serve as the lead liaison between the legislature and state agencies. Compiling the pertinent materials and coordination of the effort during the legislative session is estimated to cost a minimum of $70,000. Those costs are broken down as follows: personal services $52,000; travel $14,000; and supplies and materials $4,000.

The Department of Law (Law) estimates the costs associated with the legislative process to be a minimum of $50,000, associated with advising agencies in the following areas: processing public records requests; legislative review; process and hearing documents; and agency regulations review and revisions.

The above cost estimates represent a minimum cost given the numerous uncertainties regarding the timing of the legislative review, the lack of criteria in the initiative upon which a legislative determination is to be made, and the potential impact to State revenue should the legislature deny a permit for a large scale mine.

Estimate of Costs to the State of Alaska for the Implementation of the Bristol Bay Forever Initiative – AS 15.45.090 (a) (4)
Prepared by the Office of the Lieutenant Governor and the Division of Elections

Division of Elections Cost Statement:

The minimum cost to the Division of Elections associated with certification of the initiative application and review of the initiative petition, excluding legal costs to the state and the costs to the state of any challenge to the validity of the petition, is estimated to be $71,257. This statement is required under AS 15.45.090(a) (3).

Ballot Measure No. 4

An Act Providing for Protection of Bristol Bay Wild Salmon and Waters Within or Flowing Into the Existing 1972 Bristol Bay Fisheries Reserve

STATEMENT IN SUPPORT

Ballot Measure 4 is necessary to protect Bristol Bay salmon from the harmful effects of large-scale mining—VOTE YES

This measure will require large-scale mines to meet the standard that has applied to oil and gas exploration for 40 years—avoiding irreparable harm to vital Bristol Bay fisheries.

Bristol Bay's importance—

Bristol Bay, with its many rivers, lakes, and streams, produces wild salmon on a scale and of a quality unmatched by any other place on Earth. Bristol Bay's annual production of 31 million sockeye salmon amounts to one-third of the world's supply. It is the world's largest and most valuable wild salmon fishery. Unlike other salmon-producing regions, this fishery is 100% wild and has never been supported by hatchery-grown fish. It is truly a one-of-a-kind region.

Bristol Bay salmon are critical to Alaska's economy. The sport and commercial fisheries support 10,000 jobs—with an annual economic impact in Alaska between $318 and $578 *million*—nationwide, that impact is $1.5 *billion.*

Thousands of local residents depend on the annual salmon run to support their way of life, as it has for generations.

Bristol Bay's fishery can continue to provide economic and cultural benefits far into the future if Ballot Measure 4 is passed.

The Fisheries Reserve—

In 1972, the Alaska Legislature created the Bristol Bay Fisheries Reserve. The watershed of the Reserve includes critical rivers and streams and portions of two national parks and one state park. Ballot Measure 4 would affect only about 5% of Alaska's total area.

To protect the Reserve, the legislature inserted one additional step for oil and gas developers seeking drilling permits in the region—the developers had to demonstrate that their activities would not endanger the Reserve's salmon, and the economy dependent upon them.

If the developers met their burden, the elected representatives of Alaskans (*and not* unelected bureaucrats) would authorize the activity. To this day, the Reserve is the only one in Alaska.

Ballot Measure 4 simply takes that same standard—a standard that has applied to oil and gas activities for 40 years—and applies it to large-scale metallic sulfide mining.

Protecting Bristol Bay for future generations—

Large-scale metallic sulfide mining in Bristol Bay is currently being pursued in the form of Pebble Mine. Mining of this type produces chemicals that could harm the surrounding waters in a manner uniquely toxic to salmon. Such mining would also require massive amounts of such toxic substances to be stored in or near the Reserve forever. No mine of Pebble's size has ever been developed without polluting the surrounding groundwater.

Given that mining of this type is being proposed in the heart of the world's greatest salmon-producing watersheds, it is vital that Alaskans vote yes on Ballot Measure 4 to protect the Fishery.

If a project will not endanger Bristol Bay, then Ballot Measure 4 will not stop it. However, the measure provides a necessary safeguard against any project that would destroy a priceless resource.

VOTE YES on Ballot Measure 4—VOTE YES for salmon.

Ballot Measure No. 4

An Act Providing for Protection of Bristol Bay Wild Salmon and Waters Within or Flowing Into the Existing 1972 Bristol Bay Fisheries Reserve

STATEMENT IN OPPOSITION

The Bristol Bay Forever initiative would politicize Alaska's highly professional and successful permitting process; your **"NO"** vote in opposition to the initiative is important to allow the established process to move forward responsibility. The initiative is crafted to stop the Pebble mine in Southwest Alaska; it will not, but will delay the permitting process for that project and others that could be discovered in that area. It will undoubtedly be used by those intending to stop responsible development in Alaska at many other projects as the process creeps to other areas. Alaskan's have strong opinions about the Pebble project, but the ballot box is not the place to make those development decisions. A **"no"** vote would retain responsible development decisions to the specialists who are highly qualified to carry the process forward while a "yes" vote would create very bad public policy. Our government works on a separation of powers principle; adoption of this initiative would compromise this doctrine.

My experience, having worked with the Office of Project Management and Permitting (OPMP) within the Department of Natural Resources, indicates that this group and contributing agencies are a very credible and professional. They take their roles and the statutes that they uphold and administer very seriously. The OPMP coordinates the permitting process within the state for large mine projects. The process developed by this agency and its conduct are among the world leaders in responsible development permitting. Other agencies involved in the process include Departments of Natural Resources, Environmental Conservation, Fish & Game, Labor and Workforce Development, Transportation, Commerce, and others; various federal agencies, including EPA, and the Corps of Engineers further contribute to the process.

The initiative presents a very serious question about the separation of powers doctrine between the administrative and legislative branches of our government. Our system is set up to have checks and balances between the branches of government. This initiative attempts to give the legislative branch an unequal level of authority in decisions regarding resource development. YOUR "**NO** VOTE" IS URGED! To deny/restrict/overview/question by the legislature is not responsible, and is very bad policy - do you consider that the legislature is more qualified to make important resource development decisions than the highly trained and professional administrators and regulators?

Please vote no on Ballot Measure 4.

Ballot Measure No. 4

An Act Providing for Protection of Bristol Bay Wild Salmon and Waters Within or Flowing Into the Existing 1972 Bristol Bay Fisheries Reserve

FULL TEXT OF PROPOSED LAW

FOR AN ACT PROVIDING FOR PROTECTION OF BRISTOL BAY WILD SALMON AND WATERS WITHIN OR FLOWING INTO THE EXISTING 1972 BRISTOL BAY FISHERIES RESERVE

Be it enacted by the People of the State of Alaska:

Section 1. AS 38.05, is amended by adding a new section to read:

Sec. 38.05.142. Legislative approval required for certain large scale mines.

(a) In addition to permits and authorizations otherwise required by law, a final authorization must be obtained from the legislature for a large-scale metallic sulfide mining operation located within the watershed of the Bristol Bay Fisheries Reserve designated in AS 38.05.140(f). This authorization shall take the form of a duly enacted law finding that the proposed large-scale metallic sulfide mining operation will not constitute danger to the fishery within the Bristol Bay Fisheries Reserve.

(b) The commissioner may adopt regulations under AS 44.62 to implement this section.

(c) In this section, "large-scale metallic sulfide mining operation" means a specific mining proposal to extract metals, including gold and copper, from sulfide-bearing rock and that would directly disturb 640 or more acres of land.

Section 2. The uncodified law of the State of Alaska is amended by adding a section to read:

The People of Alaska find as follows:

(1) In 1972, the Alaska Legislature recognized the statewide importance of this region by establishing the Bristol Bay Fisheries Reserve to protect the salmon fisheries of the region by requiring legislative approval of permits to develop oil and gas leases within the Reserve;

(2) Given the recognized statewide importance of the Reserve, and given the potential of metallic sulfide mining to adversely affect and pollute the waters of the Reserve the people of Alaska believe that certain large scale mining projects must live up to the same standards that have been applied to oil and gas development within the Reserve since 1972;

(3) The Bristol Bay region of Alaska, including its multiple rivers, lakes, and streams, is a wild salmon producing region of statewide interest because the various fisheries in the region (a) feed and employ residents from across the state; (b)

The text of this bill is presented as submitted by petition sponsors.

provide important statewide economic benefits; (c) produce one-third of the world's wild sockeye salmon supply.

(4) For thousands of years, the wild salmon of the Bristol Bay watersheds have sustained the subsistence and cultural lifestyles of Alaska Natives in many parts of Alaska;

(5) The wild salmon of Bristol Bay and its watersheds also supply vital and growing sport and commercial fishing industries which provide important statewide economic benefits;

(6) The genetic diversity of the distinct salmon populations in the region is one of the primary reasons the wild salmon of the region are resilient and have remained abundant. Accordingly, each individual salmon population is an integral and irreplaceable part of the overall resource;

(7) As wild salmon resources decline worldwide, the value to Alaska of Bristol Bay's wild salmon resources continues to grow. The increasing value of this extraordinary and unique resource to all citizens of Alaska warrants additional protective measures for the wild salmon in the waters that drain into the waters of the Bristol Bay Fisheries Reserve;

(8) Metallic sulfide mining has the potential to adversely affect salmon resources because the byproducts of such mining can adversely alter the chemistry of waters inhabited by salmon during their lives and can have very serious consequences on the survival of individual salmon populations, subspecies and species. Accordingly, it is a matter of statewide public interest to ensure that the world's greatest wild salmon producing watersheds are protected from pollution and toxic materials and particularly effects uniquely associated with large-scale sulfide mining;

(9) The protective measures of this Act are reasonably based on the need to safeguard the Bristol Bay Fisheries Reserve. The facts, evidence and reasoning upon which the Alaska Legislature based its creation of the Bristol Bay Fisheries Reserve in 1972 also support the need for the protective measures of this Act; and

(10) It is the intent of this Act to require legislative approval of any large-scale metallic sulfide mining operation within the Bristol Bay Fisheries Reserve, or which has the potential to adversely affect any anadromous waters within the reserve.

Section 3. The uncodified law of the State of Alaska is amended by adding a new section to read:

AS 38.05.142, as enacted by section 2 of this Act, applies only to large-scale metallic sulfide

mining operations that have not received all necessary authorizations, licenses, permits, or approved plans of operation before the effective date of this Act. The legislative action required in AS 38.05.142(a) does not apply to an existing mining operation in the state or a mine that does not affect the watershed described in AS 38.05.142(a).

Section 4. The uncodified law of the State of Alaska is amended by adding a new section to read:

It is the intention of the people of Alaska that the provisions of AS 38.05.142, as enacted, are independent and severable, and if any provisions of AS 38.05.142 shall be held to be invalid by a court of competent jurisdiction, the remainder of AS 38.05.142 shall not be affected and shall be given effect to the fullest extent possible.

Section 5. Effective Date. The uncodified law of the State of Alaska is amended by adding a new section to read:

This Act takes effect 90 days after enactment.

Judges on the Ballot

Alaska Judicial Council Evaluation and Recommendations

Why do judges appear on the ballot?

The Alaska Constitution and state law requires all state judges to appear periodically on the ballot for approval or disapproval by the voters. This power and duty of the people to vote whether to retain judges is a critical part of Alaska's merit selection-retention judicial system.

What information is available about judges on the ballot?

Voters sometimes feel they do not have enough information to vote on judges. To help voters make informed choices, the Alaska Judicial Council is required by law to evaluate the performance of sitting judges who are up for retention, and to make this information available to voters. The Alaska Judicial Council publishes its information in this Election Pamphlet, and on its web site at: www.knowyouralaskajudges.com.

How are judges chosen in Alaska?

Under the Alaska Constitution, the **selection** of judges is a two-part process involving the Alaska Judicial Council and the governor. The Alaska Judicial Council, a non-partisan citizens' commission, first reviews applications of people who want to be judges, and nominates the best-qualified among them. The governor then appoints a judge from the list of nominees.

Retention Election. After appointment, each judge must appear on the ballot in order to remain in office.

The framers of our constitution thus provided Alaskans with a non-partisan, merit-based system of judicial selection, and a retention election that ensures judges remain accountable to the public.

What judicial qualities did the Alaska Judicial Council evaluate?

The Judicial Council evaluated judges' integrity, diligence, legal ability, fairness, demeanor, case management skills, and overall performance of their duties in and out of the courtroom. For the 2014 retention, the Judicial Council compiled and analyzed the experiences of thousands of Alaskans who have appeared before, observed, or worked with the judges.

Please review the following pages for more details about the recommendation on each judge.

How did the Alaska Judicial Council evaluate the judges on the 2014 ballot?

- Surveys: The Judicial Council surveyed thousands of Alaskans, including peace and probation officers, court employees, attorneys, jurors, and social services professionals.
- Public Hearings & Public Comment: The Judicial Council hosted a statewide public hearing, solicited comments about judges on its web site, and accepted comments from the public.
- Review of Other Information: The Judicial Council reviewed conflict of interest statements filed with the Alaska Public Offices Commission, and separate forms filed with the court system. It reviewed court personnel records. It researched whether any salary warrants were withheld for untimely decisions and whether any disciplinary matters came before the Alaska Commission on Judicial Conduct. The Judicial Council analyzed the number of peremptory challenges filed against a judge, and the number of times the judge's decisions were reversed on appeal. The Judicial Council reviewed information from an independent group of community-based volunteer court observers, the Alaska Judicial Observers.
- Considered Judges' Self-Assessments: The Judicial Council invited each judge to assess his or her own performance over his or her most recent term.
- Questioned Attorneys with Recent Experience: The Council invited attorneys who had recently litigated a case before each judge to provide detailed observations about the judge's performance in that case.

What is the Alaska Judicial Council?

- The Alaska Constitution sets the membership of the Judicial Council:
  Three non-attorney members appointed by the Governor and confirmed by a majority of each house of the Alaska Legislature,
  Three attorneys appointed by the Board of Governors of the Alaska Bar Association, an entity created and authorized by the Alaska Legislature,
  and
  the Chief Justice of the Alaska Supreme Court who serves as chair. (The Chief Justice does not vote unless his or her vote can affect an outcome.)
- The Constitution requires all appointments be made with "due consideration to area representation and without regard to political affiliation."
- Members serve staggered terms. They receive no financial compensation for their work other than reimbursement for travel expenses.

STATEMENT:
It has been a privilege and an honor to serve the people of Alaska as a supreme court justice for the past five years and before that for five years as a superior court judge in Anchorage. I will continue to give 100% of my ability and best effort to be the kind of supreme court justice you expect and deserve – a judge of integrity, who is committed to equal justice under the law for all; a judge who will apply the rule of law without regard to personal views; a judge who will be completely prepared for every case, listen carefully to all views, be patient, be fair and impartial to all; a judge who will work diligently with an unflagging work ethic and commitment to public service; a judge who will dissent when convinced that the court has reached an incorrect or unjust decision; a judge who respects the Constitution and understands that the court's role under the Constitution is not to act as a "super legislature" but is instead to faithfully interpret and apply the law. With respect and humility, I ask that you vote to retain me as a justice on the Alaska Supreme Court.

SPECIAL INTERESTS:
Flying (flight instructor, including instrument and multi-engine instructor); fishing; triathlons.

STATEMENT:
I have been honored to be able to serve the Anchorage community as a superior court judge since February 2011. I've consistently tried to conduct all the hearings before me in a fair and understandable manner, and to make sure I listen to each person's position, to apply the law neutrally to their situation and as passed by the legislature, and to treat all the parties who appear in the courtroom with respect and dignity. I try hard to make sure that parties understand what is being said and what their next steps should be, especially parties who are representing themselves. I also take pride in giving my decisions as quickly and with as much explanation as possible, because I know that waiting for a ruling can be stressful and difficult for parties.

I have travelled to other court locations for hearings and trials; I am always pleased to do this because I also enjoy getting to know the people and communities outside Anchorage. I will continue to volunteer for those cases, so that the important issues and conflicts affecting Alaskans outside the urban centers are resolved carefully, promptly, and justly.

I very much appreciate and enjoy the privilege of serving as a judge, and look forward to expanding my reach by continuing to provide impartial and timely decisions in every case that comes before me.

Anchorage 1994-1995; 1996 to present

EDUCATION:
Fairfield University, B.A. 1989

POLITICAL AND GOVERNMENT POSITIONS:
Assistant Public Defender 1995-1996
Assistant Attorney General 1996-2001
Assistant Municipal Prosecutor 2001-2011

SPECIAL INTERESTS:
Biking, Skiing, Hiking

OTHER:
I grew up in the Boston area and continued my education on the east coast. During one of my law school "co-ops", I interned at the Alaska Office of Public Advocacy. After graduating, I returned as a law clerk for the Alaska Court of Appeals. I then moved to Kenai to work at the Public Defenders Agency. Later, I moved back to Anchorage to work for the Attorney General, doing consumer protection and then child protection work. Five years later, I went to work at the Municipal Prosecutor's Office where I supervised the domestic violence unit and trial attorneys.

STATEMENT:
When I arrived in Alaska, I immediately became enamored with the friendliness, the spirit, and the wildness of Alaska, and I made Alaska my home. In the past 20 years, I was fortunate to have served as a law clerk, public defender, prosecutor, juror, and judge. These experiences have exposed me to the criminal and civil justice system in Alaska. I have seen and appreciate that the Alaska Court System strives every day to be one that represents fairness and equality where the goal is to treat all individuals that come before the court with dignity and respect. Being the first lawyer in my family, it was a daunting task to go to law school and then overcome the challenges of litigating. So I recognize that coming to court is an uncomfortable experience for the public because I personally have experienced it.

The transition from lawyer to judge the past three years has been both challenging and rewarding It has truly been an honor and a privilege to make that transition. As a district court judge who deals with individuals with important matters in their lives that they wish to be addressed by the court system, I strive to be impartial and courteous every day and to make decisions, fairly and promptly. I look forward to continue serving the public as a district court judge and hope for the opportunity to do so.

BUSINESS AND PROFESSIONAL POSITIONS:
Lawyer, Lane Powell Spears Lubersky, 1992-1994

SPECIAL INTERESTS:
Hiking, Tennis, Reading

STATEMENT:
I have lived in Alaska since 1972. After attending college and law school, I returned to Alaska because of my strong desire to stay in Alaska and serve the community where I was raised. As an Assistant District Attorney and Assistant Attorney General in Anchorage, Barrow, Fairbanks, and Palmer, I became familiar with the issues that face all Alaskans when they become involved with our justice system. This experience has enabled me to deal efficiently and fairly with the high volume of cases in the Anchorage district court. In criminal cases, I strive to make sentencing decisions that meet both the needs of the community and the victim, as well as addressing a defendant's rehabilitation. In civil cases, I listen carefully to the parties and take the time to reach decisions that are well reasoned and just.

Within the court system itself, I have worked with other judges to make hearings more efficient for the public, and I am currently working to bring electronic filing to the court system as well as broaden public access to the courts through the internet.

I am committed to treating everyone who becomes involved in our justice system fairly and with respect. I greatly enjoy both serving and being a member of this community.

OTHER:
I am a third-generation Alaskan. My maternal grandfather came to Sitka, Alaska in 1898. My father graduated from UAF in 1934. In 1936, my parents came to Palmer to work for the University Extension Service. After leaving public service, they owned and operated a dairy farm and raised a family of seven children. My sisters, one of my brothers, and nieces and nephews still live in the Valley.

STATEMENT:

As a lifelong Alaskan, it has been my honor to serve the Valley as a judge for 11 years, handling well over 60,000 cases. I love my job, and strive to treat every person who appears before me fairly and with respect. One of the high points of my judicial service has been helping start Palmer's mental health court which I believe has helped many people turn their lives around through therapeutic justice.

In 2013, I discovered three cases in which I had decisions that were overdue and realized that I had incorrectly signed pay affidavits during two of those cases. I immediately self-reported this matter to the Judicial Conduct Commission and fully cooperated with its investigation. The commission ultimately found that I "did not act intentionally" when I signed "inaccurate pay affidavits" during the time those two cases were overdue, that I had "an excellent character and reputation," and that I had "no dishonest or selfish motive." I have learned from this humbling experience to pay far more attention to administrative procedures. At my own expense, I attended case management training, and have reworked my office procedures. I will never make this mistake again.

I have faithfully served the Third Judicial District in Palmer as a judge and hope my self-reporting and corrective actions demonstrate my integrity. I care deeply about providing justice to all people that come before me and respectfully ask for your vote so that I can continue to serve the people of the Valley.

Alaska Judicial Council Recommendation

William L. Estelle, Palmer District Court

The Judicial Council finds Judge Estelle to be ***Unqualified*** and recommends unanimously that the public vote **"No"** to retain him in office.

Why does the Alaska Judicial Council recommend a "No" vote on Judge Estelle?

■ The Judicial Council recommends a "No" vote on Judge Estelle because he signed 16 untrue affidavits under oath, swearing that he had completed or issued decisions in all matters that had been pending before him for more than six months, when in fact he had not. He signed 12 of these affidavits between September 15, 2011 and February 28, 2012, related to one undecided matter, and he signed 4 of these affidavits between January 15, 2013 and February 28, 2013, relating to a second undecided matter.

What is the Alaska Judicial Council?

- A citizens' commission created by the Alaska Constitution
- Council members are volunteers appointed with due consideration for area representation and without regard to political affiliation
- Alaska law requires the Judicial Council to evaluate judges' performance and authorizes it to recommend to voters whether judges should be retained in office.

■ Because he signed the untrue affidavits swearing that he had no decisions or uncompleted matters outstanding for more than six months, Judge Estelle continued to receive his salary on time, contrary to state law that prohibits a judge from being paid on time if the judge has undecided matters outstanding for longer than six months.

■ The Judicial Council concluded that by signing the 16 untrue affidavits, Judge Estelle failed to conduct himself in a manner that promotes public confidence in the integrity and competence of the judiciary.

■ The Alaska Commission on Judicial Conduct, an agency independent and separate from the Judicial Council, held a formal hearing and recommended to the Alaska Supreme Court that Judge Estelle be disciplined, based on its findings that Judge Estelle violated Alaska's Code of Judicial Conduct by recklessly signing the 16 pay affidavits. At the time of publication, the discipline case was pending before the Alaska Supreme Court; please check the Alaska Judicial Council website for the most recent developments.

What were other evaluation ratings for Judge Estelle?

■ The Judicial Council's complete evaluation of Judge Estelle included surveys of attorneys, peace and probation officers, court employees, jurors, and social services professionals; a review of his peremptory challenge and recusal rates, appellate affirmance and reversal rates, APOC and court system conflict of interest statements, and disciplinary matters involving Judge Estelle, as well as Judge Estelle's own assessment of his performance, and his personal explanation of the circumstances surrounding his signing of the 16 untrue pay affidavits.

OTHER:
My husband Glenn and I were married in Golden, Colorado in 1988. Living in Alaska was a dream we shared and we were able to move here in 1990. Kenai is home to us now. My husband works on an offshore oil platform in Cook Inlet.

STATEMENT:
It has been an honor to serve the people of the State of Alaska both in my previous positions with the Department of Law and in my current position as a District Court Judge. I always strive to treat everyone with fairness and respect. Many of the cases that are assigned to me in my current position have litigants who are not represented by attorneys. I try to make certain that citizens who are appearing in court without the benefit of an attorney understand what is happening and the options that are available. Jurors are very important to the functioning of the court system and I try to make the many citizens who report for jury service aware of the importance of their role and to respect the time of those who serve as jurors. Before making any decision I work hard to become aware of and to carefully and impartially evaluate both the facts and the law.

Serving as the only District Court Judge in Kenai has been both challenging and rewarding. If retained, I will continue to do the best job that I can in this position to serve the citizens of the State of Alaska.

STATEMENT:
It has been my honor since August of 1992 to serve the people of the State of Alaska as a district court judge.

The vast majority of you who have contact with any court in the state have contact with the district court.

Many people appear in the district court without attorneys. I am committed to providing individuals who seek to have legal issues resolved in the court with the same kind of access to the justice system that individuals with lawyers have.

Many of you have or will serve as jurors. I am committed to treating jurors with courtesy and appreciation for their service.

I strive to treat all people who come to the court - individuals, attorneys, jurors and others - with respect and fairness and to assist them in understanding and using their court system.

If retained, I will continue to uphold my oath of office by providing the public with an accessible, fair and impartial forum for dispute resolution.

STATEMENT:
It has been a privilege for me to serve as a District Court Judge. I am grateful for the positive recommendation of the Alaska Judicial Council.

I am honored to be a member of what I believe to be among the finest judicial systems in the country. I work hard to provide a forum that is fair to all parties and to treat all who appear before me with courtesy and respect. I try to consider each case in a careful, impartial and thoughtful manner and to render a judgment that is impartial and in accordance with the law.

I have welcomed opportunities to promote respect for democratic principles and our system of justice by speaking to groups such as youth court graduations and by participating in mock trial with school classes. The job of a judge requires constant study to remain current in the law and to learn new ways to improve the administration of justice. In addition to private study, I have pursued educational opportunities such as legal seminars to improve my performance as a judge.

I have always strived to conduct myself with integrity, humility and diligence. If retained I will continue to perform my duties to the best of my ability and endeavor to be worthy of the job entrusted to me.

As Alaskan Libertarians, We believe that individuals have the right to life, liberty, and property.

We believe that respect for individual rights is the essential precondition for a free and prosperous world. That force and fraud must be banished from human relationships, and that only through true freedom can peace and prosperity be realized.

We defend each individual's right to engage in any activity that does not actively violate another's right to life, liberty, and property, and welcome the diversity that freedom brings.

The world we seek to build is one where individuals are free to follow their own dreams in their own ways, without interference from government or any authoritarian power.

Alaska Permanent Fund | 2014

LETTER FROM THE CHAIR

In February of this year, the Alaska Permanent Fund reached a value of $50 billion for the first time, and closed fiscal year 2014 with a value of $51.2 billion. The Board of Trustees is pleased that in the five years since the recession, the Permanent Fund has almost doubled in value while paying out $4 billion in dividends.

There have been many dedicated professionals who have worked for the success of the Fund over the years, including past Trustees who laid the foundation for where we are today. It's important to recognize the efforts of all of their leadership and the staff who helped the Fund reach the $50 billion milestone.

While we note this new high water mark, the real focus of the Trustees is on future growth. Our mission continues to be structuring a portfolio that will provide a prudent balance between managing risk and seeking the returns that will help the Fund harvest the next $50 billion. The Board is aware that a changing investment landscape means that we cannot simply hold to the asset allocations of the past. As world economies become more connected, they become more correlated. As the rapid relay of information makes research easier, it limits the returns that can be found in the public markets. So we must adjust the Permanent Fund's course to meet new challenges and respond to new opportunities.

One way we are moving forward is to expand the programs that focus on private asset investments for the Fund. In 2004, the Board first began investing in private equity and added infrastructure in 2007. Initially the Corporation relied exclusively on outside gatekeepers to make these investments on our behalf. Over time we have become more knowledgeable about private assets and comfortable that the Corporation can build expertise in-house to make prudent investments, and at a lower cost than using outside managers.

To that end, the Board authorized staff to begin infrastructure and private equity co-investment programs alongside the Permanent Fund's existing programs. And we have directly undertaken more special opportunities and focused investments, including an investment in Juno Therapeutics, a Seattle-based firm that is working to find cures for select cancers using a patient's internal immune system.

We are also adding to the types of private asset investments we make. Fiscal 2014 saw the first investments in listed infrastructure, public market infrastructure shares which are similar to real estate investment trusts (REIT). These investments will provide the benefits of infrastructure to the portfolio, enhanced by the liquidity of publicly traded shares.

Sometimes a new direction means going back to traditional asset classes. The Board thought it was time to grow the Fund's real estate holdings, but needed to find the capital to do so. Within the portfolio there is a group of stable, core properties that fared well during the recent recession. Combined with historically low interest rates, this created an opportunity to implement some leverage (at a level much lower than most institutional funds) to provide more cash in hand. The resulting $348 million in capital produced by the leverage program will be used to acquire attractive properties to add to the Fund's investments.

Sincerely,

William Moran

WHAT IS THE ALASKA PERMANENT FUND?

The Permanent Fund is an investment fund created by Alaskans in 1976 as a way to save a portion of our oil revenues for the needs of future generations. On June 30, 2014, the Fund was worth $51.2 billion.

WHO MANAGES THE PERMANENT FUND?

The Alaska Permanent Fund Corporation manages the day-to-day operations of the Fund and is overseen by a six-member Board of Trustees appointed by the governor and selected for their experience in finance, investments or other business-related fields.

HOW DOES THE FUND WORK?

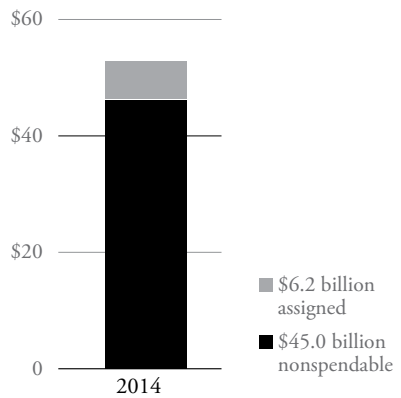
The Fund is divided into two parts, principal (nonspendable) and earnings (assigned), both of which are fully invested. The Alaska Constitution says that the principal may not be spent. The earnings in the earnings reserve account may be spent by the Legislature for any purpose it wishes. Currently, earnings are only used for the Permanent Fund Dividend and transfers to the Alaska Capital Income Fund.

HOW DOES MONEY GO INTO THE EARNINGS RESERVE ACCOUNT?

Realized earnings go into the earnings reserve account. This is the income from bond interest, real estate rent payments, stock dividends and the gains from assets that are sold at a profit. Unrealized earnings remain in principal until the assets are sold.

FUND BALANCE

Ending Balance as of June 30 (In Billions)



HOW IS THE FUND INVESTED?

Originally, the Fund was only invested in bonds. Now it is invested in a number of different asset classes, which earn income and can grow in value. By diversifying the Fund into these different assets, the Trustees ensure that it is better protected for the future. When one asset class has a down year, it is often balanced by good performance in other asset classes. In 2009, the Board of Trustees added a new aspect to the asset allocation with the creation of risk-based categories. While the underlying investments didn't change, grouping investments by the economic conditions that affect them allows the staff and Trustees to better understand how the Fund will perform under different market conditions.

HOW IS THE DIVIDEND DETERMINED?

Each year, the dividend distribution is calculated using a formula set in state law. The statutory net income of the Fund for the past five years is averaged, and the resulting amount is divided in half. This is the amount that is available for the dividend. Once the dividend has been calculated, the next step is to determine if enough income is available in the earnings reserve account to pay the dividend. It is possible that in a given year, while the calculation may produce a dividend amount, the balance of the earnings reserve is not sufficient to pay some or all of it. Once the maximum amount payable has been determined, the lump sum is sent to the Permanent Fund Dividend Division where it is divided by the number of eligible applicants that year.

HOW DOES THE FUND GROW?

The Fund has three sources of potential growth each year, which are listed to the right. For FY14, the additions and subtractions from the Fund's total value are listed in the Sources of Change in Fund Value graph below.

- The state Constitution directs that at least 25 percent of Alaska's mineral royalties (primarily oil royalties) be deposited into the Fund.
- Income flows in from stock dividends, bond interest and real estate rental fees.
- Assets can increase (or decrease) in value over the original purchase price, whether they are sold or held in the portfolio.

Alaska's Ballot Counting System

Your Vote is Secure!

Alaska uses three different methods to count ballots:

- Hand-count
- Optical Scan
- Touch Screen equipped with voter-verifiable paper audit trail

Alaska's ballot tabulation system has a paper trail of every ballot cast. Each precinct receives paper ballots that are either hand-counted when the polls close or counted using an optical scan unit as the voter inserts the ballot into the optical scan. In addition, during federal elections, each precinct has a touch screen voting unit equipped with a voter-verifiable paper trail that allows the voter to verify the printed version of the ballot prior to casting the ballot.

The ballot tabulation system used in Alaska to produce and count ballots is federally certified and is thoroughly tested prior to each election. It is a stand-alone system that is not connected to the internet or to a network.

Each optical scan and touch screen voting unit, along with their corresponding memory cards are tested prior to the election. A functionality test is conducted to ensure the equipment is in proper working order. Two different logic and accuracy tests are performed, by two different bi-partisan boards, on memory cards to ensure the cards are counting the ballots correctly.

In addition to the pre-election testing, the division is required by law to conduct a verification of machine counts by hand-counting ballots from a random sampling of precincts. In fact, through this verification, 5% of the ballots cast in each of the 40 house districts throughout Alaska are hand-counted after the election to verify the election results are accurate. If we find a discrepancy of more than 1% in the hand-count verification, we are required to hand-count all of the ballots cast in the district.

With all the testing, security and verification processes used by the Division of Elections during each election, you can go to the polls knowing that your vote is secure and that it will be accurately counted and reported.

Impormasyon sa Pagboto

November 4, 2014 ang Araw ng General Eleksyon

Mga Lugar ng Botohan
Ang mga botohan ay bukas mula ika-7 ng umaga hanggang ika-8 ng gabi sa Araw ng Eleksyon. **Para malaman ang lugar ng inyong botohan paki tawag sa 1-888-383-8683. Sa Anchorage, paki tawag sa 269-8683.**

Magdala ng ID sa Botohan
Ikaw ay KAILANGANG preparadong magpakita ng isang uri ng identifikasyon. Puedeng gamitin ang kahit ano sa mga sumusunod:

- Voter ID Card
- Driver's License
- State ID Card
- Current and valid photo ID Card
- Passport
- Military ID Card
- Birth Certificate
- Hunting o Fishing License

o, puedeng gumamit ng original copy ng isa sa mga sumusunod na dokumento kung meron itong pangalan o kasalukuyang address mo:

- Current Utility Bill
- Government Check
- Bank Statement
- Pay Check
- Ibang Pang gobyernong Dokumento

Kung wala kang ID pag boto mo, ikaw ay pabobotohin ng balotang questioned.

Ano ang Mangyayari kung Wala ang Pangalan mo sa Listahan
Kung wala ang pangalan mo sa registro ng presinto, puede kang bumoto ng balotang questioned. Bago tumanggap ng balota kailangang magkumpleto ka ng envelope ng balotang questioned. Ang ibonoto mong balota ay ilalagay sa secrecry sleeve at ito ay isisilyado sa loob ng kinompleto mong envelope ng balotang questioned. Lahat ng balotang questioned ay ibabalik sa Supervisor ng Eleksyon para pag-aralan at mabilang ng Review Board ng Balotang Questioned.

Pag Marka ng Balota
Pag boto ng balota, punuang mabuti ang oval katabi ng kandidato o isyu na gusto mong iboto. Punuan ang oval katulad nito: ⬬

Kailangan lang markahan ang mga laban o isyung gusto mong botohan. Kung nagmarka ka ng mahigit sa isang laban o isyu, ang seksyon ng balotang iyon ay HINDI bibilangin. Ang mga seksyon ng balota na namarkahan ng tama ay bibilangin.

Kung nagkamali ka sa pagmarka ng balota, HUWAG mag erase o itama ang balota. Puedeng ibalik ang balotang namalian sa trabahador ng eleksyon at humingi ng bagong balota. Kapag inatuhan mong itama ang pagkakamali mo sa balota, maaaring hindi mabilang ang itinama mong boto.
Tandaan: *Dalawang beses lamang puedeng magpalit para sa namaliang balota.*

Bawal ang Pagkakampanya Malapit sa Botohan
Ang batas ng Alaska ay nagbabawal na mangampanya sa loob ng 200 talampakan sa kahit anong pasukan ng lugar ng botohan sa oras nang pagboto. Ibig sabihin hindi mo puedeng pag-usapan o ipakita ang kahit anong bagay pangampanya para sa mga kandidato o mga isyu sa balota sa lugar na botohang iyon.

Karapatan ng Botante, Tulong at Mga Alalahanin

Pagboto ng Questioned
Kung ang pangalan mo ay hindi nakalista sa registro ng presinto o wala kang identifikasyon, may karapatan kang bumoto ng balotang questioned. Ang impormasyong inyong ihahayag sa labas ng envelop ng balotang questioned ay gagamiting para malaman ang karapat-dapat para sa iyo sa pagboto at para ma-update ang impormasyon ng iyong rehistro sa pagboto. Kung sa ano mang dahilan ay hindi binilang ang lahat sa iyong balotang questioned, ipaalam sa iyo sa pamamagitan ng sulat.

Tulong sa Wika o Ibang Tulong habang Bumoboto
Kung kailangan mo ng tulong sa lengwahe o iba pa habang nasa proseso ng pagboboto, maaari kang magkaroon ng isang taong pinili mo hangga't ang taong iyon ay hindi isang kandidato para sa opisina sa halalan, ay hindi iyong amo, ahente ng iyong amo o ahente ng isang unyon kung saan ka napapabilang. Maaari ding magkaroon ng tulong sa bawat hakbang ng proseso ng pagboboto, kasama sa loob ng silid ng pagbobotohan sa pagbabasa o pagmamarka ng balota. Ang mga trabahador ng halalan sa mga lugar ng pagbobotohan ay maaaring makuhang tumulong din sa inyo. Ito ay iyong karapatan sa ilalim ng pederal na batas.

Ang Sangay ng Halalan ay umupa ng marunong sa dalawang lengwaheng mga trabahador sa outreach at mga trabahador sa botohan para magbigay ng tulong sa mga Nitibong botante ng Alaska. Ang mga trabahador na ito ay maaring makuha sa mga rural na lugar sa buong estado kung saan mayroong limitadong sanay sa Ingles na mga Nitibong botante ng Alaska. Ang marunong sa dalawang lengwaheng mga trabahador ay maaaring makuha para magbigay ng tulong sa lengwahe bago ang halalan, kasama ang tulong sa pampletang ito at sa Araw ng Halalan habang ang proseso ng pagboboto. Kung kailangan mo ang pangalan ng tao na inupahan para magbigay ng tulong sa lengwahe sa inyong komunidad, pakiusap makipag-ugnayan sa Sangay ng Halalan.

Pagpili ng Touch Screen sa Pagboto
Mayroong touch screen na puedeng botohan sa bawa't presinto. Ang touch screen ay para sa bulag, may kapansanan, at mga botanteng hindi makabasa ng mabuti. Ang botohang touch screen ng Alaska ay tulong para ang mga botanteng may kapansanan ay makaboto ng walang tulong sa pamamagitan ng paggamit ng pinalaki, pinaliwanag at madidinig na balota. Kung kailangan mong bumoto sa touch screen, ipaalam sa eleksyon board.

Botanteng May Malabong Paningin
Mayroong mga tinginan para palakihan ang balota para sa mga malabo ang paningin sa lahat ng botohan at lugar ng botohang absentee.

Ang rekord ng audio sa Pampletang ito ay maaaring makuha sa bawat Rehiyonal na Opisina ng Halalan o mula sa Pang-estadong Silid Aklatan ng Alaska, Sentro ng Nagsasalitang Aklat, matatagpuan sa Anchorage. Tawagan ang silid aklatan sa (907) 269-6575 para sa impornasyon.

Botanteng May Mahinang Pandinig
Ang Division ng Eleksyon ay mayroong TTY para sa pagtawag, na maaari ang may mga mahihinang pandinig na botante na makakuha ng pangkalahatang impormasyon tungkol sa eleksyon sa pagtawag sa (907) 465-3020.

Botanteng May Kapansanang Pisikal
Kung may kahirapan para sa inyo ang pagpunta sa inyong botohan, o kung may katanungan kayo tungkol sa madaling paraan para makaabot sa inyong botohan, paki paalam sa Division ng Eleksyon. Ginagawa naming lahat ng paraan para masigurado na ang mga botohan ay madaling mapuntahan ng lahat ng mamamayan ng Alaska.

Mga Alalahanin, Komentaryo o Tanong
Kung may mga alalahanin o mga komentaryo tungkol sa pagboto, o kung may mga tanong, o gusto mo nang karagdagang impormasyon tungkol sa aming espesyal na serbisyo, paki tawagan ang kahit anong pangrehiyon ng opisina ng eleksyon.

C06-T (Rev 06/01/2013)

Estado ng Alaska – Mga Sangay ng Halalan
Mga Instruksyon sa Aplikasyon ng Balota ng mga Hindi Makakarating

Maari mong gamitin ang aplikasyon na ito upang makahingi ng mga balota para sa mga hindi makakarating at isabay ang panimulang pagpaparehistro para makaboto o i-update ang iyong tala sa pag-rehistro ng botante para sa mga pederal at pang-estadong halalan. **Ikaw ba ay kasalukuyang nakarehistro**? Kung oo, ang iyong nakumpletong aplikasyon ay **DAPAT** na matanggap ng di bababa sa 10 araw bago ang Araw ng Halalan. *Para sa mga Militar at mga nasa Ibayong Dagat na mga Botante*, kung humihiling na iyong balota ay ipadala sa pamamagitan ng fax o di kaya sa pamamagitan ng online na pagpapadala, ang iyong aplikasyon ay **DAPAT** na matanggap ng hindi lalagpas ng 5:00 ng hapon ng Sukatan na Oras ng Alaska isang araw bago ang Araw ng Halalan. **Ikaw ba ay inisyal na nagpaparehistro para bumoto**? Kung oo, ang iyong nakumpletong aplikasyon at kahit anong sumusuportang mga dokyumento ay **DAPAT** na matanggap o mamarkahan ng di bababa sa 30 ARAW bago ang Araw ng Halalan maliban, sa isang pampresidenteng halalan sa Estados Unidos. Sa isang pampresidenteng halalan,ikaw ay maaaring magpanimulang magrehistro at lumahok sa pampresidenteng karera basta ang iyong nakumpletong aplikasyon at kahit anong sumusuportang dokyumentasyon ay natanggap 10 ARAW bago ang Araw ng Halalan at para *sa mga Militar at mga nasa Ibayong Dagat na mga Botante*, kung humihiling ng iyong balota para mapadala sa iyo sa pamamagitan ng fax o online na pagpapadala, ang iyong aplikasyon ay **DAPAT** na matanggap ng di lalagpas ng 5:00 ng hapon ng Sukatan na Oras ng Alaska, isang araw bago ang Araw ng Halalan.

Pagkinukumpleto ang aplikasyon, magbigay:

1. **Tirahan sa Alaska:** Ikaw ay **DAPAT** magbigay ng isang pisikal na tirahan sa Alaska. Ang iyong tirahan sa Alaska ay tutukoy sa iyong distrito at presinto na pagbobotohan. Ang iyong aplikasyon ay tatanggihan kung hindi mo maiibigay ang pisikal na tirahan o kung ikaw ay magbibigay ng isang PO Box, HC Number and Box, PSC Box, Numerong Rural na Ruta, Komersyal na Tirahan o Hintuan ng Koreo sa Kahon 5 ng aplikasyon.

   Kung ang iyong tirahan ay nabigyan ng pangalan ng kalye at numero ng bahay, ibigay ang impormasyon na ito. Kung ang iyong tirahan ay hindi nabigyan ng pangalan ng kalye at numero ng bahay, ituro kung saan tumpak kang nakatira tulad ng, pangalan ng haywey at numero ng poste ng milya, dungkaan ng bangka kasama ang numero ng pyer at slip, pangalan ng subdibisyon kasama ang lote at bloke, o pangalan na parke ng treyler at numero ng espasyo. Kung ikaw ay nakatira sa rural na Alaska, ikaw ay maaaring magbigay ng pangalan ng komunidad bilang iyong tirahan.

   Ikaw ba ay pansamantalang nasa labas ng estado? Kung gayon, at ikaw ay may balak na bumalik (ang mga aktibong militar at mga asawa ng militar ay malaya sa mga kinakailangang balak), maaari mong panatiliin ang iyong tirahan sa Alaska tulad sa kung anong nakikita sa iyong kasulukuyang tala. Kung ikaw ay magbibigay ng bagong tirahan, ito ay dapat napapaloob sa Alaska.

2. **Patunay ng Pagkakakilanlan:** Ang iyong pagkakakilanlan ay **DAPAT** na mapatunayan. Kung ikaw ay nabigyan ng isang numero ng Social Security, isang pang – Alaska na lisensya sa pagmamaneho o numero ng kard ng pagkakailanlan sa estado ng Alaska, ikaw ay dapat magbigay ng kahit isa sa Kahon 7 ng aplikasyon. Kung ikaw ay hindi kailanman nabigyan ng isa sa mga numero ng pagkakakilanlan, maaari mong ipaalam sa pamamagitan ng pag-tsek sa naaangkop na kahon.
   Ikaw ba ay nagsusumite ng aplikasyon na ito sa pamamagitan ng koreo, fax o bilang lakip sa pamamagitan ng e-mail? Kung oo, at kung ikaw ay hindi pa nakarehistro na bumoto sa Alaska, ang iyong pagkakakilanlan ay dapat mapatunayan kahit alin man sa oras ng iyong pagrehistro o sa unang beses ng iyong pagboto. Kung gusto mong siguraduhin na ang iyong pagkakakilanlan ay mapatunayan sa oras ng iyong pagrehistro, magsumite ng isang kopya ng isa sa mga sumusunod:
   - Kasalukuyan at balidong litratong pagkakakilanlan
   - Lisensya sa pagmamaneho
   - Pasaporte
   - Pang-estadong kard ng pagkakakilanlan
   - Sertipiko ng Kapanganakan
   - Lisensya sa Pangangaso at Pangingisda

   Kung ikaw ay hindi magbibigay ng patunay ng pagkakakilanlan sa oras ng pagrerehistro, ikaw ay maaaring hingan na tumugon sa mga kinakailangan sa pagkakakilanlan kapag ikaw ay bumoto.
3. **Petsa ng Kapanganakan:** Kapag ikaw ay hindi nakapagbigay ng petsa ng kapanganakan, ang iyong aplikasyon ay maaaring hindi maproseso.
4. **Ikaw ba ay panimulang nagrerehistro upang makaboto mula sa labas ng Estado ng Alaska?** Kung oo, ikaw ay dapat na magbigay ng katibayan ng paninirahan sa Alaska, ang sinabing kopya ng iyong lisensya sa pagmamaneho sa Alaska, lisensya sa pangangaso o pangingisda, utang pang-estudyante o mga dokyumento sa matrikula sa kolehiyo, patunay ng pagka-empleyo sa Alaska, militar na bakasyon at mga salaysay ng kita o ibang dokyumentasyon na sumusuporta sa iyong pag-angkin bilang isang residente ng Alaska.
5. **Ikaw ba ay nahatulan ng mabigat na pagkakasala?** Kung oo, ikaw ay maaaring mag-rehistro para makaboto lamang kung ikaw ay walang pasubaling pinalaya mula sa pagkakabilanggo. Kung mayroon, magbigay ng isang kopya ng iyong mga papeles sa pagkakalaya kasama ng aplikasyon na ito.
6. **Politikal na Kinasasapian:** **Ang mga kinikilalang politikal na partido** ay mga partido na nakapagkamit ng kinikilalang politikal na partidong estado sa ilalim ng Batas ng Alaska. **Ang mga politikal na grupo** ay ang mga grupo na nag-aplay para sa politikal na partidong estado ngunit ay hindi naharap ang mga kwalipikasyon upang maging isang kinikilalang politikal na partido sa ilalim ng mga Batas ng Alaska. Ang mga politikal na kinasasapian sa Alaska ay ang mga sumusunod:

   Mga Kinikilalang Politikal na Partido:
   - Partidong Demokratiko ng Alaska
   - Partidong Libertaryano ng Alaska
   - Partidong Republikano ng Alaska
   - Partidong Independensya ng Alaska

   Mga Politikal na Grupo:
   - Partidong Konstitusyonal ng Alaska
   - Berdeng Partido ng Alaska
   - Mga Beterano ng Alaska

   Iba:
   - Walang partido (hindi kasapi sa isang politikal na partido o grupo)
   - Walang Pinahayag (hindi nais na magpahayag ng politikal na kinasasapian)
7. **Pangunahing uri ng balota para sa halalan:** Ang iyong politikal na kinasasapian 30 araw bago ang Araw ng Halalan ay magpapasya ng iyong uri ng pangunahing halalan balota. Ikaw ay **DAPAT** na pumili ng isang uri ng balota na bumabagay sa iyong politikal na kinasasapian sa Kahon 9 ng aplikasyon. Kung ikaw ay hindi kasapi sa isa sa mga **Kinikilalang Politikal na Partido** na nakalista sa ilalim ng instruksyon Numero 6 sa itaas, at ikaw ay hindi pumili ng uri ng balota, ang iyong aplikasyon ay hindi mapoproseso para sa pangunahing halalan.
   - Ang kahit sinong nakarehistrong botante ay maaaring piliin ang pang-kandidatong balota ng Partidong Demokratiko ng Alaska, Partidong Libertaryano ng Alaska at ang Partidong Independensya ng Alaska.
   - Ang mga botante lamang na nakarehistrong Republikano, Walang partido o ayaw magpahayag ay maaaring piliin ang pang-kandidatong balota ng Partidong Independensya ng Alaska.
   - Ang kahit sinong nakarehistrong botante ay maaaring piliin ang may sukat LAMANG na balota. Ang balotang ito ay mayroon ng mga sukat lamang at walang mga kandidato.
8. **Mga botanteng lalabas ng Estasdos Unidos o pupunta sa liblib na lugar ng Alaska?** Check ang box sa Box 14 kung ikaw ay maninirahan, magtratrabaho, o magbibiyahe sa labas ng Estados Unidos o sa liblib na lugar ng Alaska na may mabagal na serbisyo ng mail at gusto mo ang iyong balota ay ipadala sa iyo mula 45 araw bago sa pangunahin, pangkalahatang halalan o pang-malawakan na state na halalan. Wala ang pagpipiliang ito kung REAA na halalan.
9. **Lagdaan ang iyong aplikasyon:** Kung ikaw ay magsumite ng iyong aplikasyon na walang lagda o may isang elektronikang lagda, ito ay tatanggihan.
10. **Koreo, fax, o e-mail:** I-sumite ang iyong aplikasyon sa pamamagitan ng koreo, **fax** o bilang kalakip sa e-mail (PDF, TIFF o JPG) sa opisina sa ibaba:

Pahayag:
Dahil ipinanganak at pinalaki sa Alaska, aking naiintindihan ang mga natatanging pangangailangan ng Alaska at ang pakakaiba't iba ng ating mga komunidad, mga taong bayan at mga opinyon. Para sa akin, ang paglaban para sa Alaska ay sentido kumon lamang.

Madaling pag-usapan ang tungkol sa pagkuha ng mga resulta, ngunit ako ay may napatunayang talaang pakikipaglaban para sa Alaska at paggamit ng aking hampas para makagawa ng mga resulta para sa ating estado. Aking matagumpay na itinulak ang administrayong Obama na payagan ang pagbabarena sa Arctic Ocean, siniguro ang mga permiso na payagan ang nauna kailanmang komersyal na produksyon ng langis sa Reserba Pambansang Petrolyo-Alaska at lumaban para sa mga permiso sa mga proyekto ng pagmimina tulad ng Kensington Mine at Red Dog Mine, gumagawa ng mga trabaho na mabubuting suweldo sa buong estado.

Sa Fairbanks ako ay nakipaglaban para mapanatili ang F-16s at Base ng Puwersang Panghimpapawid ng Eielson na nagligtas ng daan-daan hanggang libu-libong mga trabaho at ako ay patuloy na lumalaban laban sa genetikong nabagong salmon kilala bilang Frankenfish, na bumabanta sa mga trabaho sa Alaska.

Aking ding dinala ang Administrasyon sa Indiyanong Serbisyo sa Kalusugan at Mga Beterano kasama para pahintulutan ang mga beterano ng Alaska na makakuha ng pag-aaruga malapit sa tahanan sa halip ng pagbabyahe sa Seattle o Anchorage.
Ito ay nakatulong na magdala ng mga talaan na naghihintay sa pag-aaruga ng kalusugan ng mga beterano sa Alaska mula sa daang daan hanggang sa halos wala.

Pagtatrabaho kaagapay si Senator Lisa Murkowski at Kongresistang si Don Young nakatulong din ako na maprotektahan ang pangkoreong serbisyo ng Alaska, nagbigay para sa ating industriya ng pangkalahatang abyasyon at palakihin ang pagpapaunlad ng ating likas na kayamanan.

Ako lamang ang kandidato na naniniwala sa pagpapalaki ng pinakamababang sahod, pagtatanggol sa karapatan ng isang babae na makapili at itinataob ang pasya ng Nagkakaisang Mga Mamamayan ng Korte Suprema, na marayang pinapayagan ang mga bilyonaryo at mga korporasyon na gumastos na walang hanggang mga halaga para bilhin ang ating mga halalan.

Pahayag:
Ako ay unang dumating sa Alaska noong 1962. Ang aking buhay dito ay kasama ang isang 20 na taon na karera sa Pambansang Guwardiya ng Hukbo sa Alaska. Binigay ko ang oras sa talagang bawat kanto ng ating estado at alam ang pagkatangi din nito. Ako ay nagsilbi sa Komisyon sa Karapatang Pangtao ng Estado ng Alaska at, para sa nakaraang pitong taon, ako din ay nagsilbi sa Tagapagpayong Komisyon ng Mga Mamamayan sa Pederal na Mga Lugar, nakikipagtungo sa mga pederal na taga areglo, ang pampubliko at mga isyung nauugnay sa pederal at pang-estadong mga ugnayan. Ang karanasang ito ay nabigay sa akin ng isang mabuting pagkakaintindi sa mga isyung hinaharap ng Alaska. Ang aking termino bilang pangulo ng Konseho ng Komonidad ng Airport Height, ay nagpakita din sa aking kakayahan na magtrabaho kasama ang iba't ibang uri ng mga grupo ng mga indibiduwal habang hinahabol ang ating interes na kumon.

Ako lamang ang kandidato sa senado ng U.S. na inendorso ng Partidong Libertaryano ng Alaska. Ang aking posisyon ay ang Partidong Libertaryanong Plataporma. Ako ay naniniwala na ang nag-iisang lehitimong tungkulin ng gobyerno ay ang maprotektahan at ipagtanggol ang indibiduwal na karapatan sa buhay, kalayaan at propiyedad nating lahat.

Ang aking mga layunin bilang isang Senador ng US ay sinasaklaw ang:
Pag-alis ng IRS at pagpapatupad ng isang patas na sistema ng buwis.
Tapusin ang Digmaan laban sa Droga.
Pagtatag ng isang patakaran sa Imigrasyon na poprotektahan ang ating bansa at nagbibigay ng libreng palitan ng mga paninda at mga serbisyo sa mundo.
At sa wakas, dapat nating tiisin ang tunay na halaga ng digmaan sa pamamagitan ng pagpaparangal sa mga pangako na ating ginawa sa ating mga miyembro ng serbisyo at mga beterano.
Samahan ako sa pagtatanggol ng ating mga karapatan at bansa. Magkasama tayo na maaaring magtakda ng daan sa isang maliwanag na hinaharap. Ako ay humihingi sa inyong boto.

Para sa nakalipas na 52 na taon ang aking mahal at asawa na si Francoise at ako ay ginawa ang lahat nang MAGKASAMA, kasama ang aming mga kampanya bilang senador at gobernador, at ilalagay NAMIN ang LAHAT ng aming matibay na pinaghalong mga kakayahan, mga talento, mga kaalaman, mga abilidad, at karanasan sa PINAKAMATAAS NA SERBISYO AT BENEPISYO ng ating mga kapwa taga Alaska.

Pahayag:
Iboto ako, at makukuha ninyo si TED AT FRANCOISE GIANOUTSOS, ANG KAKAIBANG 52-TAONG KOPONAN NG ALASKA!

Kami ay KAKAIBANG kwalipikado bilang isang KOPONAN para buksan ang ANWR sa PINAKAMABUTI at PINAKABENEPISYAL na paraan para sa Amerika, Alaska, at mga ligaw na hayop. Iyon ay nagkakahalaga ng mahigit sa dalawang trilyong dolyares at makakabenepisyo sa LAHAT NG TAO at lahat ng aming gagawin sa Amerika!

Bakit magagawa namin ang kung ano ang hindi magagawa ng ibang mga kandidato? Dahil kami LANG ang TUNAY NA KUMAKATAWAN SA NANANALONG MATAAS NA LUGAR NG LEHISLASYON NG ANWR sa parehong paraan na ginawa namin ang PAMBANSANG PUNDASYON NG ISDA AT MGA LIGAW NA HAYOP (NFWF) na lumaki na magiging pinakamalaking bilyun-bilyong dolyar na pundasyon ng pagkokonserba ng mga ligaw na hayop sa Amerika. Aming NAGKAKAISANG NAIPASA ang batas NFWF sa nakahating Kongreso noong nakaraang 30 na taon. Pakitingnan ang www.tedandfran.com para sa mga detalye. Maaari nating gawin ang PAREHONG bagay sa lehislasyon ng ANWR!

ANG PAGBOBOTO MULI KAY MARK BEGICH AY RERESULTA SA PAREHO SA DATI, PAREHO SA DATI!

Ang mga taga Alaska ay mayroon nang dalawang mga republikanong senador na may kasamang parehong republikano at demokratikong mga administrasyon at mga kongreso. Para sa nakalipas na 6 na taon, ang Alaska nagkaroon ng republikanong si Lisa Murkowski at demokratikong si Mark Begich kasama ang isang demokratikong pangulo at isang nahating kongreso. LAHAT sila ay NABIGO na buksan ang ANWR dahil WALA sa kanila ang KUMAKATAWAN dito sa isang NANANALONG paraan. GAGAWIN NAMIN!

Ang aming minumungkahing N.E.W.-N.E.T.-ANWR na lehislasyon (tignan ang aming website) AY bubuksan ang ANWR! Ang mga botante ng Alaska ay maaaring gumawa ng isang dalawang-trilyong-dolyar na pagbabago. GAWIN ITO!!!

Sa halalan ng Senado na ito, kung iboboto mo ang demokratikong kasalukuyang nanunungkulan o ang kanyang republikanong humahamon, MANANALO SILA – AT MAKUKUHA MO ANG PAREHO NG DATI!

IBOTO, AT IKAW, AMERIKA, ALASKA, AT MGA LIGAW NA HAYOP - PANALO!

Pahayag:
Ako ay isang optimista. Tayo ay nabubuhay sa pinakabantog na estado sa pinakabantog na bansa sa mundo. Ngunit, ang ating bansa ay panimulang papunta sa maling direksyon. Meron tayong isang pederal na gobyerno na naghahadlang sa ating daanan sa bawat pag-ikot. Si Pangulong Obama at Harry Reid ay nagbigay ng kapangyarihan sa mga burukratiko sa Washington, D.C. para madiktahan kung paano natin tinuturuan ang ating mga anak, ipasok ang kanilang mga sarili sa ating mga negosyo at personal na mga buhay, at pigilan tayo mula na hindi itali ang ating potensyal na enerhiya. Si Mark Begich ay sineselyohan ng goma ang adyendang ito, binuboto si Pangulong Obama 97% na oras.

Ako ay naniniwala na ang mga taga Alaska ay dapat piliin ang kanilang sariling kapalaran. Kaya ako ay magpapatuloy na walang pagod na linalabanan ang pederal na sobrang pag-abot at kampyonadong mga patakaran na nagtataguyod ng ekonomikong paglaki, piskal na responsibilidad, produksyon ng enerhiya, at mga trabaho. Ang pederal na gobyerno ay dapat na isang kasosyo, iaangat ang ating mga komunidad at ibigay ng napakahalang imprastraktura habang ang ating estado ay patuloy na lumalaki. Sa halip ito ay naging isang pabigat sa ating mga leeg. Bilang inyong Senador ng U.S., ako ay magtatrabaho para maalis ang kadena sa pangako sa Alaska at ibalik ang liberal na adyenda na pinuwersa ni Mark Begich at President Obama sa bansa sa nakalipas na mga anim na taon.

Magkasama, maaari nating ibalik ang mga kahalagahan ng taga Alaska sa Senado ng Estados Unidos. Ako ay naniniwala na ang ating pinakamabubuting araw ay nasa ating unahan. TAYO ay maaaring maging isang pinuno sa mundo sa produksyon ng enerhiya at isang nagmamanehong puwersa ng ekonomiya ng Amerika. Kaya nating tangkayan ang pababang pagdulas ng ating bansa, bigyan ng kapangyarihan ang mga lokal na komunidad, at bumuo ng isang mas maliwanang na hinaharap para sa ating mga anak. Ikararangal ko ang inyong boto.

Congressman ng United States

Forrest Dunbar, Demokratiko

Edad: 29

Trabaho: Abugado/Opisyal ng JAG

Haba ng Pagkakatira sa Alaska: 29 na Taon

Mga Komunidad na Natirhan sa Alaska:
Eagle, Cordova, Fairbanks, Anchorage

Edukasyon:
Cordova Jr./Sr. High School
American University, BA
Harvard University, MPP
Yale Law School, JD

Serbisyo Militar:
Unang Tinyente, Pambansang Guwardya ng Hukbo ng Alaska

Pagkakasapi ng mga Organisasyong Pangserbisyo:
Bumalik na Boluntaryo ng Pangkat Pangkapayapaan
Dating Direktor ng Patakaran sa Proyekto ng Pagtulong sa mga Iraqi na Takas
Miyembro ng lupon ng Ikaw ang Pumili ng Proyekto, walang-kitang naka nakatutok sa abuso ng druga sa mga kabataan ng Alaska

Mga Tanging Nakakawilihan:
Naglalaro ng basketbol, nanoonood ng futbol, naglalakbay sa

Iba pa:
Ako ay isang habang buhay na taga – Alaska, na lumaki s Eagle at Cordova. Ako ay nagtrabaho bilang isang pangkormersiyong mangingisda, isang stocker sa Fred Meyer, at isang pang lupaing ligaw na bumbero.

Ako ang nagbayad ng sariling daan hanggang kolehiyo sa DC, kung saan ako ay nag – interno at nagtrabaho bilang isang may bayad na tauhan sa Kongreso ng U.S.

Ang pampublikong serbisyo ay naging sentro ng aking buhay. Ako ay nakapagtrabaho sa Legal na mga Serbisyo ng Aslaska, nagsagawa ng mga pananaliksik sa polisiya sa Opisina ng Pampublikong Pagtatanggol ng Alaska, at kamakailan ay kinumisyon bilang isang opisyal ng Pambansang Guwardya ng Hukbo ng Alaska.

Pahayag:
Ang ating estado ay nararapat sa isang kongresista na makikipaglaban para sa pagpapaunlad ng ating mga kayamanan, mga beterano, at mga malinis na halalan.

Kinalaban ko ang badyet ni Paul Ryan, na binoto ng paulit-ulit ng aking kalaban ng , dahil itinataas nito ang mga buwis sa mga kalagitnaang klase ng pamilya, pinuputol ang mga pagpopondo para sa mga pag-aaruga ng kalusugan ng mga beterano, hinahati ang pagpopondo para sa IHS, at ginagawa ang Medicare na isang programang gumagarantiya.

Ang ating kasalukuyang kongreso ay sobrang gumagastos, sobrang konti ang ginagawa, at pakiramdam nila ay sila ay may karapatan sa mga opisinang kanilang hinahawakan. **Naniniwala ako na makakagawa kami ng mas mabuti, at tinawag namin ang lahat ng mga kandidato na sumuporta sa makabuluhang reporma sa pananalapi ng kampanya, kasama ang mga hangganan ng termino.** Nilagdaan ko ang Pangako Naming mga Taong Bayan ng Alaska para ipakita ang aking suporta para sa pagtapos ng pangkorporasyon pangkatao at pagbalik ng orihinal na layunin ng ating konstitusyon.

Gusto ng mga taga Alaska ang sentido-kumon na mga solusyon sa mga problemang ating hinaharap – hindi ang ating kasalukuyang de-partidong hadlang. Nakatrabaho ko ang parehong mga partido, at alam ko na gusto ng mga taga Alaska ang isang malayang tinig.

Ang ating kasalukuyang representante ay hindi na epektibo. Ang kay Don Young na mga paglabag sa etika ay nagdulot sa kanya ng pagkawala ng abilidad na maging tagapangulo ng mga komiteng buo, at siyang tumapos sa kanyang impluwensya sa Washington.

Si Representante Young ay hindi kinayang pagtagumpayan ang oposisyon sa pagpapaunlad ng mga kayamanan sa DC dahil siya ay kumuha ng isang "tayo laban sa kanila" na paglapit hindi na kayang itaguyod ng impluwensya.

Kailangan natin ng isang representante na poprotektahan ang ating mga palaisdaan, buksan ang ANWR at ang NPR-A, protektahan ang mga pangkabuhayan, pag-iba't ibahin ang ating ekonomiya, babaan ang mga halaga ng enerhiya, at lalaban para sa kontrol ng ng ating mga kayamanan na pangloob estado.

Ang Kongresyonal na upuan ay pagmamay-ari ng taong bayan ng Alaska. Ito ay hindi personal na propiyedad ng isang tao. Ikagagalak kong makuha ang inyong boto.

Libertaryang Partido ng AK, Tagapayo ng mga Guro para sa Naudyakang Akademiko, Kinetiko, mga Negosyante (M.A.K.E.) na organisasyon ng mga Estudyante

Iba pa:
Si Janet at ako ay may isang halong pamilya na binubuo ng pitong anak, at mayroon kaming maraming kahanga-hangang mga apo. Dumito ako sa Alaska noong Enero 1991 at nalaman kaagad na ito ay tahanan. Ako ay isang tagataguyod para sa Pagpapaunlad ng Maliit na Negosyo at Personal na Kalayaan.

Pahayag:
Militar: Ang kilos militar ay dapat gamitin lamang kung ang ating lupang tahanan ay tinatakot. Hindi natin dapat gamitin ang mga miyembro ng ating serbisyo militar bilang pulisya ng mundo. Gusto kong makita ang ating militar na naka-empleyo na tumulong na siguraduhing mas mabuti ang ating sariling mga hangganan.

Imigrasyon: Naniniwala ako na dapat nating payagan para sa isang mas libreng daloy sa imigrasyon sa pamamagitan ng trabaho –mga bisa para doon sa mga makakahanap ng trabaho at makapagbibigay sa ating lipunan. Lalo na ang mga kamakailan lang na mga nagtapos na may mga digri sa madalas na hinahabol na mga larangan ng industriyang kailangan.

Mga Druga: Naniniwala ako na ang mariwana ay dapat maareglo sa katulad na pamamaraan tulad ng alkohol. Mas gugustuhin kong makita ang ilan sa yaman ng ating bansa na ginasta sa pagtuturo sa taong bayan sa panganib ng alkohol at pag-abuso ng droga, higit pa sa paggasta sa pagkakabilanggo para sa paggamit at pagbenta ng mariwana. Ang bilyun-bilyong dolyares na natipid ay maaaring gamitin para pagandahin ang ating lipunan at bawasan ang bigat ng buwis sa ating mga mamamayan.

Paggawa ng Batas: Tayo ay isang bansa ng mga batas ngunit tayo rin ay isang bansa ng paulit-ulit sa loob ng ating legal na sistema. Kailangan nating suriin muli ang mga pambansang batas para masiguro na ang mga kinakailangan at mga nauugnay na mga batas lamang ang nasa lugar.

Krimen: Tulungan natin ang mga lumalabag sa batas sa pamamagitan ng mga programa sa positibong rehabilitasyon, at hindi payagan ang pinakamasama sa pinakamasama na silain laban sa ibang mga preso.

Banyagang Tulong: Kailangan ng gobyerno nating tigilan ang pamimigay ng bilyun-bilyon ng ating mga dolyares mula sa buwis sa mga bansa na ang mga gobyerno ay salungat sa ating paraan ng buhay at ating mga pang-kulturang halaga.

Gobyerno: Tapusin ang pangangapital ng mga katoto sa pagitan ng malaking gobyerno at malaking negosyo.

Mga Tanging Nakakawilihan:
Pangangaso, Pangingisda, Pagmimina, Pagbibitag, Pangongolekta ng Baril

Pahayag:
Ang aking kagustuhan na maglingkod bilang inyong Kongresista ay kasing lakas ngayon tulad noong apat na dekadang nakalipas noong una akong tumakbo para sa Kongreso. Gusto kong magpatuloy na lumaban para sa Alaska upang gawin ang estadong ito na isang mas mabuting lugar para sa lahat ng taga Alaska.

Habang tayo ay nasiyahan sa maraming mga tagumpay sa kasaysayan ng ating estado, tulad ng paggawa ng linya ng tubo ng Trans-Alaska, proteksyon ng ating industriya ng pangingisda at pagsiguro na ang mga nakatatanda ay may daan sa pag-aalaga, naniniwala ako na tayo ay nasa isang kritikal na punto ng pag-ikot sa kasaysayan ng ating bansa. Sa kasalukuyan, si Pangulong Obama at ang kanyang Administrasyon ay ipinataw ang kanilang mabigat na kamay ng gobyerno sa maraming napakahalagang mga industriya ng Alaska, isinasapanganib ang pang-ekonomiya at panglipunang kaayusan ng ating estado sa pamamagitan ng pagsirado ng ating mga lupain at mga karagatan sa pagpapaunlad ng kayamanan at pagtulak ng nakakasirang mga patakarang pederal sa mga may-ari ng mga maliliit na negosyo sa Alaska at mga pamilya. Paulit-ulit na panahon, nakita natin ang matinding epekto ng pederal na mga burukratiko na naniniwala na alam nila kung ano ang pinakamabuti para sa Alaska. Ngunit alam nating lahat, ang Alaska ay hindi isang “isang sukat, kaysa lahat” na estado.

Ang mga patakaran ng Administrasyong ito ay patuloy na maging isang pabigat sa ekonomiya ng Amerikano, nagreresulta sa mabilis na pagtaas ng mga lugi, pautal-utal na mga utang, at nakakapangilabot na mga presyo ng enerhiya. Ito ay napakahalaga sa mga taga Alaska na magkaroon ng isang may karanasang manlalaban na kumakatawan sa kanila sa Bahay ng mga Representante. Maging ito’y sa pagtatanggol sa bawat at kada karapatan ng taga Alaska na humawak ng armas o ipagpapatuloy ang aking laban para sa responsableng pagpapaunlad ng ating masaganang mga kayamanan, ang aking numero unong prayoridad ay naging at patuloy na magiging ang pagtayo para sa Alaska. Kasama ang inyong suporta at paghihimok, naniniwala ako na kaya nating ipagpatuloy ang pag-usbong pasulong ng Alaska.

Pahayag:
Ang mga pambansang pagboboto ay ipinapakita na ang karamihan ng mga Amerikano ay hindi masaya sa mga trabaho na ginagawa ng mga politiko, pareho dito sa Alaska at sa buong U.S. Bilang isang taga Alaska na Libertaryano, ako ay tumatayo para sa indibiduwal na mga karapatan, personal na responsibilidad, at pinapaliit ang gobyerno. Ang dalawang partidong sistema ay nakapagdulot sa gobyerno na lumaki at mas nakikialam kada taon. Dahil ako ay hindi isang politiko, at ako ay kasapi ng isang ikatlong partido, kaya kong sundin ang aking mga prinsipyo at bumeto ang mga gastos na hindi nakakabenepisyo sa lahat ng mga taga Alaska o na hindi espesipikong nakagarantiya ng ating Konstitusyon ng Alaska. Kakayanin kong magtrabaho kasama ang bawat lehislador.

Ayaw nating ibalik ang Buwis sa Kita ng Estado. Si Libertaryanong Dick Randolph na nagtataguyod sa pagsasawalang bisa ng Buwis sa Kita ng Estado; Ang Alaska ay nangangailangan ng isang Libertaryanong gobernador para labanan ang sobrang paggastos sa Juneau at dalhin ang ating badyet pabalik sa mapapanatiling mga antas. Bilang Gobernador, gagamitin ko ng aking kapangyarihan sa pagbeto sa isang bagay sa linya para paliitin ng husto ang badyet pababa sa 5.5 na bilyong dolyares; para mapigilan ang luging paggastos; at para mapigilan ang muling pagbalik sa dating tungkulin ang buwis sa kita. Ako ay lalaban para maalis ang mga patakaran at mga regulasyon na nanghihimasok sa kalayaan.

Ako ay magpoprotekta din sa kalayaan ng taga Alaska sa mga lugar na ito:

- Personal at medikal na pangsarilihan
- Pribadong propiyedad
- Pagpapaunlad ng kayamanan
- Pag-aasawa, Pamilya, at Rehilyosong mga Desisyon
- Pang-edukasyong Kalayaan
- Negosyo at Libreng Kalakalan
- Walang biktimang mga "krimen"
- Mga karapatan sa ikalawang pag-aamyenda
- Pangkonstitusyong limitadong gobyerno
- Medikal na mga desisyon

Bumoto para sa Lady Liberty!

Pahayag:
Ako ay boboto ng Hindi sa 1. Oo sa 2. Hinahadlangan ko ang paggamit ng mga dolyares galing sa buwis para sa mga pribadong paaralan. Sinusuportahan ko ang pagsasawalang bisa ng pagbabago ng kahulugan ng kasal sa Alaska. Sinusuportahan ko ang patas na proteksyon sa ilalim ng batas. Tayo ay isang lipunan ng mga batas. Ang mga batas ay dapat sundin at ipatupad; kung sila ay hindi nararapat sa kahit alin sa dalawa, dapat itong maisawalang bisa.

Hinahadlangan ko ang pagsisimula ng puwersa. Kinikilala ko at sinusuportahan ang likas na karapatan ng pagdedepensa sa sarili. Buong buo kong sinusuportahan ang indibiduwal na likas na karapatan sa malayang pag-uugnayan at na mag-isip at gawin ang kahit anong gusto nilang gawin, basta lamang hindi ito nakakapinsala sa iba; kahit sila ay mga sira ulo. Kontrol, kapangyarihan, at responsibilidad ng gobyerno ay dapat maging kasing lokal at bukas tulad ng maaari.

Sinusuportahan ko ang mga napapanatiling kasanayan sa badyet na ginagastos sa loob ng ating mga paraan at mapanatili o mapalaki ang ating mga ipon at mga nakareserbang kuwenta. Bilang isang Estado, kailangan natin na panatiliin ang lahat ng mga ginawang pangako, at kailangan natin na tigilan ang paggawa ng hindi napapanatiling mga pangako. Bilang isang nagmamay-aring Estado, ang pagkakahulugan ko sa konstitusyon ng Estado ng Alaska na nangangailangan tayong gumastos ng pinakamalaking halaga sa mga panglipunang programa at mga pagbubuti sa kapital na maaari nating patuloy na gastusin mula sa interes mula sa kita sa pagpapahiram ng karapatan sa iba nakuha mula sa produksyon ng langis at ibang pagpapaunlad ng kayamanan.

Itanong ko muna kung ang isang problema ay maaaring lutasin na mas may kalayaansa halip ng kaunti. Sinasabi ko ang totoo sa nakikita ko sa kadalasan. Binabago ko ang aking isip sa bawat oras na nakikita ko ang sarili kong mali.

Pahayag:
Kailangan natin ng isang pangitaing may pag-asa para sa ating kinabukasan. Kailangang tandaan ng ating kultura at ipagtanggol ang tunay na halaga ng buhay ng tao. Ang Alaska ay desperadong nangangailangan ng matapang, maprinsipyo at responsableng lideratura. Gusto ng mga taga Alaska ang mga pinuno na magsisilbi sa pinakamabuting interes ng taong bayan. Itataguyod ko ang lahat ng ating konstitusyonal na mga karapatan, kasama ang mga karapatan sa Ikalawang Pag-aamyenda.

Nabigyan tayo ng walang lamang mga pangako sinamahan pa ng walang bahalang nakakasira ng talaang luging paggastos noong mga di makatotohanang umangkin na mga piskal na konserbatibo. Ang kasalukuyang Gobernador at Lehislatura ay gumastos ng 1/3 ng ating ipon sa huling dalawang taon lamang! Kung hindi natin makuha ang kontrol sa sitwasyon ngayon, hinaharap natin ang mga mas maraming pagsalakay sa mga ipong pondo, ang implementasyon ng pang-estadong lawak na mga buwis sa pagbebenta at kita at ang pagguho ng PFD.

Hindi ko gusto ang kahit alin diyan na mangyari, at kailangan ko ang inyong tulong na gumawa ng anuman tungkol dito. Ang halalang ito ay isang oportunidad para sa Taong Bayan ng Alaska na angkining muli ang ating gobyerno sa pamamagitan ng kahon ng balota. Kung ang bawat isa na sumasang-ayon sa mensaheng ito ay bumoto, mananalo tayo!

Bilang Gobernador, ang aking target sa badyet ay magiging payat, hamak at mapapanatili. Iminumungkahi ko sa buong lupon ang mga pagputol sa paggastos na nakakalat sa unang apat na taon ko sa opisina hanggang nakamit na natin ang layuning ito. Gagamitin ko ang makapangyarihang Line Item Veto tulad ng kinakailangan.

Ang kampanyang ito ay tungkol sa pagtayo ng isang maaaring mabuhay na pangmatagalang hinaharap para sa Alaska sa isang matatag na Konstitusyonal na pagpapalagayan. Kailangan ko ang inyong mga dalangin, ang suporta at mga boto para mapanatili ang laban para sa hinaharap ng Lahat ng mga taga Alaska!

Pahayag:
Ang aking layunin ay ang tulungang maitatag ang paraan sa balota para sa Partido ng Konstitusyon ng Alaska at pagalawin ang damong-ugat na pagsisikap sa Alaska. Ako ay maliwanag na para sa buhay, maka-Ikalawang Pag-aamyenda at makatradisyonal na tukoy na pagpakasal. Sinusuportahan ko ang paninindigan ng Kapisanan ng Mga May Buong Kaalamang Hurado sa pagsasawalang-bisa ng hurado at naniniwala na dapat nating angkinin muli ang Batas Kumon. Ang Soberenya ng Estado, karapatan sa pag-aari at ang proteksyon ng Siyerip ay mga isyu na nagiging mahalaga sa maraming estado, kasama ang Alaska, na hindi inaamin sa ilalim ng doktrina ng patas na katayuan. Sinusuportahan ko ang hindi pagiging kriminal ng mariwana at kamakailan lamang na reporma ng buwis sa langis; bubuto ako ng "HINDI" sa 1 ngunit naniniwala na ang Alaska ay dapat makuha ang piskal na bahay nito sa ayos sa pamamagitan ng pagpapasa ng mapapanatiling mga batas sa paggastos. Sa panahon ng pagtitipon ng petisyon ng aking kampanya, napansin ko ang ilang mga problema sa parehong Sangay ng Halalan at APOC. Kasama sa mga reporma ang isang tinalagusang diskarte sa daan sa balota; pinagaang mga regulasyon sa pananalapi sa kampanya at mas mababang gastos at mas madaling daan para sa mga makapagkumpitensyang partidong politikal. Sa lahat ng arena, naniniwala ako na ang pagpapakilala ng kompetisyon at pagbaago ay may isang positibong epekto sa kalalabasan, kasama ang ating sistema ng pampublikong paaralan. Sumulat, nagsalita at tumestigo ayon sa SJR-9 para payagan ang tao ng Alaska na bumoto para pagpasiyahan ang bagong direksyon para sa pagtuturo sa mga darating na henerasyon. Naniniwala din ako ng mabuti sa malayang pag-aaral sa tahanan, pagboboluntaryo at pagsasawalang-bisa. Ako ay isang estudyante ng Austrian na paaralan ng ekonomika na nagsusuporta sa pagnenegosyo at personal na responsibilidad. Naniniwala ako tulad ng paniniwala ng ating mga tagapagtatag sa pinakamaliit na posibleng gobyerno at ang pinakadakilang digri ng indibiduwal na kalayaan.

Mga Tanging Nakakawilihan:
Pamilya, pagtakbo, paglalakad ng malayo.

Pahayag:
Ako ay tumatakbo para sa muling pagkahalal para maipagpatuloy ang lumalaking oportunidad at pagbuo ng hinaharap ng Alaska para sa bawat taga Alaska.

Malakas na Ekonomiya. Bilang inyong gobernador, ako ay namuno sa ating estado sa isang malakas na ekonomiya. Tayo'y nakalikha ng ng isang ekonomikong klima na nakagawa ng mahigit sa 16,000 na mga bagong trabaho. Ang Alaska ngayon ay namumuno sa karamihan ng mga estado sa maliit na negosyo at pangnegosyong gawain, at bilyun-bilyong bagong dolyares sa pamumuhunan sa pribadong sektor ay bumalik sa ating estado.

Gaas ng Alaska para sa Mga Taga Alaska Muna. Nagawa natin ang makasaysayang kaunlaran sa pagbuo ng isang malaking dami ng linya ng gaas sa buong Alaska. Ang tunay na trabaho ng pag-iinhinyero at disenyo ay isinasasagawa sa Proyektong LNG ng Alaska. Ang solusyon sa pagsakay sa trak ng gaas kilala bilang ang Proyekto ng Panloob na Enerhiya ay sumasailalim ng konstruksyon para pababain ang halaga ng enerhiya sa mga taga Alaska sa Looban. Ang rehiyon ng Cook Inlet ay nakita ang muling pagkabuhay sa mga trabaho at produksyon ng likas na gaas sa ilalim ng ating mga patakaran, at bagong proyektong galing sa tubig na isinasasagawa sa Timog-silangan at Timog-sentral na Alaska.

Tumatayo para sa mga Taga Alaska
Aking nilabanan ang pederal na sobrang pag-abot sa bawat pag-ikot, tumayo para sa militar, at sinigurado na ang Estado ay namumuhay sa loob ng pamamaraan nito kasama ang pumuputol sa naitalang paggastos. Aking kinampyon ang Mga Iskolarship sa Pagganap sa Alaska para sa ating mga kabataan, at ang bilang ng mga nakakatapos sa mataas na paaralan ay tumataas. Kami ay nakapagtrabaho deretso sa mga taga Alaska sa higit 170 na mga komunidad para harapin ang epidemya ng karahasan sa tahanan at sekswal na panghahalay at nakita na maraming buhay ang positibong nagbago.

Ang ating estado ay nasa tamang landas, at kahit ikaw ay nakatira sa rural Alaska o sa mga siyudad, ilalagay ko kayo palagi sa una. Ako ay magalang na humingi para sa inyong boto.

Salamat.

Mga Tanging Nakakawilihan:
Pamilya, politika, laro, pagbabasa, serbisyo sa komunidad

Iba pa:
Ako ay isang panghabang-buhay, ika-4 na henerasyong taga Alaska na may mahabang kasaysayan ng pamilya ng pampublikong serbisyo.

Pahayag:
Ako ay tumatakbo para Tinyente Gobernador dahil gusto kong maging bahagi ng isang kuponan na pinangungunahan ang Alaska sa isang bagong henerasyon ng kasaganahan. Ginamit ko ang aking huling 14 na taon sa pagsisilbi sa aking komunidad ng Anchorage bilang isang miyembro ng kapulungan at bilang alkalde. Ipinagmamalaki ko kung ano ang nakaya kong matapos sa panahong ito at gusto kong ipagpatuloy ang aking pampublikong serbisyo sa antas ng estado, kung saan ang marami sa parehong mga pagsubok na aking hinaharap bilang alkalde ay hinaharap ng ating estado ngayon.

Bilang alkalde, aking sinunggaban ang mga pagkalugi sa badyet, tumataas na mga bilang ng krimen, nakalinyang mga ipinagpaliban na pagpapanatili, at isang dumarating na mabigat na krisis sa enerhiya. Sa pamamagitan ng pagsisikap sa trabaho at mabuting pagpaplano, lahat ng mga pagsubok na ito ay matagumpay na nasalubong. Kinuha ko rin ang mga mahihirap na isyu sa reporma sa trabaho, pinapabuti ang mga batayan ng edukasyon, at isang proyekto sa pagpapalawak ng daungan na lubhang napamalahaan nang masama. Ako ay hindi kailanman umiwas sa mahihirap na mga isyu at ang gayong uri ng pamumuno ay kailangan natin sa Alaska ngayon.

Bilang inyong Tinyente Gobernador, ako ay magsisikap sa trabaho para siguraduhin na tayo ay magprepresenta ng mga responsable, mapapanatili na badyet at paunlarin ang ating mga kayamanan para sa pinakamalaking benepisyo sa lahat ng taga Alaska, tulad ng kinakailangan ng Konstitusyon ng Estado natin. Ako din lamang ang kandidato na tumatakbo para Tinyente Gobernador na may pinakamataas na antas ng ehekutibong karanasan sa parehong pampubliko at pribadong bahagi para magsilbi bilang Gobernador kung ang pagkakataon ay lumitaw man.

Ikararangal ko na mapagsilbihan kayo.

Mga Tanging Nakakawilihan:
Simbahan (Komunidad sa Kristiyanong Pananalig), Pamilya, Pababa na pag-ski, Pangingisda at Pagtatayo.

Pahayag:
Ako ay tumatakbo bilang isang independenteng kandidato sa Alaska bilang Gobernador dahil kailangan natin ang isang pinuno na inuuna ang mga tao at ang pag lago kaysa sa mga politikang partido.

Piskal kontrol. Tayo ang may pinakamalalang kakulagan sa kasaysayan ng Alaska, humahatak tayo ng $7 milyon bawat araw sa ating ipon. Kaya nating bumangon sa ating piskal na pagka laglag.

Ang susi sa lahat ng mga umaangat na ekonomiya ay ang mababang gastos sa ekonomiya. Ang malaking bahagi ng gasolina/LNG na proyekto na pinupunduhan ng mahabang kontrata sa mga pandaigdigang merkado ay maaring kumita nang $400 bilyon sa loob ng 30 taon. Ang gastos sa enerhiya ang maaring bumaba hangang 80% sa piling mga lugar sa Alaska. Sa kasamaang palad, ang kasalukuyang pag-aaral ay naglagay sa mga kompanyang may mga kompetisyong proyekto ang kontrol. Ang Alaska ang may ari ng gaas. Tayo ay dapat umasal na may ari ng rancho at hindi mga taohan lamang.

Mababang Presyo ng Enerhiya. Kahit na mayaman tayo sa mapagkukunan, tayo ay isa sa may pinakamahal na presyo sa enerhiya sa nasyon. Ito ang nagdadala ng mga taga Alaska palabas sa rural Alaska at napipilitan sa pagpili sa pagitan ng pagkain at init, at pagpadala sa mga retirado sa labas. Ang mga taga Alaska ay di kailangang pumili. Kailangan nating huminto na pag-aralan ang problema at simulang gumawa nang mga solusyon.

Una ang mga taga Alaska. Sinusuportahan ko: Ekspansyon ng Medicaid hanga't patuloy ang ganap na pagpopondo ng pederal na pamahalaan; sapat na kaukolan para sa edukasyon at mas mataas na voc/tech na mga oportunidad; pag-taas ng pinakamababang pasahod; pagsasanay ng mga Alaska sa Houston, mga taga Alaska kaysa kumuha pa ng mga taohan sa Houston, Texas para sa mga trabaho sa Alaska at ang pag loklok sa mga taga Alaska sa mga lupon at komisyon.

Karangalan ko na magsilbi sa mga tao at sa bansang aking minamahal bilang gobernador at ipagpapasalamat ko ang inyo boto.

Mga Tanging Nakakawilihan:

Pahayag:
Buong-buhay akong taga Alaska na may isang labis na pagmamahal para sa lugar na ito at sa mga tao. Mula sa alkalde ng maliit na bayan papunta sa tagapangasiwa ng Permanenteng Pondo, alam ko na ang magkahiwalay na pagkapartido ay hindi kung paano makamit ang mga solusyon. Kailangan nito ang ang pamumuno at pagsisikap sa trabaho. Ako ay may 50 na taong walang kinikilingang partido talaan ng pagdala ng mga taong bayan na sama-sama para sunggaban ang mga komplikadong isyu. Ang kampanyang ito ay tungkol sa pagbuo ng isang mas mabuting Alaska at kung sino ang pinakahanda na dalhin tayo doon.

Mga Priyoridad:

Edukasyon: Ang una kong priyoridad ay ang edukasyon: ito ay pinapalaki ang lahat pa ng iba. Mula sa pangkalahatan, boluntaryong mga serbisyong pre-K hanggang sa napapanahon, nahuhulaang pagpopondo sa K-12 hanggang sa pag-aasam ng kahusayan sa silid-aralan hanggang sa pagbababa ng mga singil sa interes ng utang ng mag-aaral, isang malakas na sistema ng edukasyon ay nang-aakit at nagpapanatili ng mga residente at nagpapalaki sa ekonomiya. Ito ang pinakamabuting pamumuhunan na magagawa natin.

Enerhiya: Ang mga halaga ng enerhiya ay nakakapilay. Ang aking unang araw sa trabaho ay itatalaga ko ng isang hepe sa enerhiya para itugma at pag-isahin ang mga pagsisikap para makapagdala ng abot-kayang kapangyarihan at panggatong sa lahat ng taga Alaska, na may pagdiin sa pagbabago at pag-iimbak. Habang walang isang sagot, mayroon at nararapat na maging isang nag-iisang pokus sa enerhiya sa pinakamataas na antas.

Ang Ekonomiya: Ang Alaska ay humaharap sa kritikal na mga pagpipilian – hindi lamang sa loob ng 10 o 20 na taon – ngunit ngayon. Ang ating estado ay nasa isang delikadong sitwasyon: ang mga kita ay hindi tinatakpan ang mga gastos at ang mga ipon ay mauubos sa loob ng limang taon. Ang pagbabalanse sa mga libro habang sinusuportahan ang mga napakahalagang pampublikong mga serbisyo ay kinakailangan at minamadali. Ang tatlumpung taon bilang isang CEO at direktor ng kumikita at di kumikitang mga samahan ay naihanda ako nang maayos para magtrabaho patungo sa isang balanseng kita.

Mga Tanging Nakakawilihan:
Pangangaso, pangingisda, pamamangka, Kasaysayan ng Alaska, teknolohiya ng kompyuter, enerhiya

Pahayag:
Ako ay ipinanganak at pinalaki sa distritong ito. Bumabalik sa maraming henerasyon ang aking minanang sutla. Ang aking mga ugat ay malalim at pati na rin ang aking pangako na pagandahin ang mga buhay ng ating mga mamamayan at ating mga komunidad. Ang ating bakuran ay nagbabago, nagbubukas ng mga bagong pakikipagsapalaran, kasama sa pagkalusay ng tundra at pagkatunaw ng yelo ng Arctic. Ito ay aking layunin at responsibilidad bilang inyong Senador sa Estado, na masiguro ang ating rehiyon ay nakikilahok habang ang ating estado ay kumikilos pasulong.

Edukasyon: Ang edukasyon ay gulugod ng buong lipunan. Sa pagka mas may edukasyon ang ating mga kabataan, mas maliwanang ang hinaharap para sa ating lahat. Ang mga rural na nagtuturo ay humaharap sa maraming mga pagsubok na maaaring matagumpayan. Buong buo kong sinusuportahan ang edukasyon at ipagpapatuloy na maging isang malakas na tagataguyod.

Enerhiya: Ang bawat taga Alaska ay nararapat sa abot-kayang enerhiya. Bilang isang estadong mayaman sa kayamanan (langis, gaas, hangin, at alon), ang ating estado ay dapat at maaari, gamitin ang lahat ng enerhiyang ito para makabenepisyo sa lahat ng mga mamamayan nito. Ako ay nangangako na magpapatuloy na magtatrabaho patungo sa pagpapababa ng mataas na halaga ng enerhiya sa rural Alaska.

Pangangasiwa ng Isda at Mga Hayop: Ang ating rehiyon ay patuloy na nakakaranas ng pagbaba sa populasyon ng isda at mga hayop. Buong buo kong sinusuportahan ang pagpopondo sa patuloy na pagsusuri at pagtaas ng pagpopondo para sa badyet ng Isda at Mga Hayop para mapunan ang isyung ito.

Tubig at Paagusan: Ang malinis na tumatakbong tubig at malinis na paagusan ay makakagawa ng isang malusog na komunidad. Ang ating estado ay gumawa ng malalaking mga hakbang sa lugar na ito ngunit ngayon ay humaharap sa pinakamapanghamon at mahal na mga komunidad na sisilbihan. Dagdag pa sa tumatandang imprastraktura, ang pagpopondo ay kumaunti. Ipagpapatuloy ko ang paglaban para sa pondo.

Ang mga tanawin na ipinahayag sa pahayag na ito ay galing sa kandidato at hindi inendoso ng Sangay ng Halalan.
Ang mga teksto sa pahayag na ito ay iniharap at ipinagkaloob ng kandidato ayon sa AS 15.58.030 at 6 AAC 25.690.

Pahayag:
Inaasahan ko ang muling pangangakatawanan, ang mgaIsla ng Aleutians, Peninsula ng Alaska at Look Bristol, kasama ang karagdagang ilang bagong mga komunidad sa mababang Loobang Rehiyon.

Ako ay masayang umaasa tungkol sa kung ano angating maaaring makamit sa mga sumusunod na dalawang taon. Gayunman, magkakaroon ng mga hamon sa hinaharap sa pagpasok ng estado sa isang pinahabang panahon ng luging paggastos. Sa dakong huli, gagamitin ko ang aking karanasan sa lehislatura para gawin ang lahat ng posible upang maprotektahan ang ating distrito mula sa mga pagpuputol ng badyet.

Ang pinakamalaking isyu na ating hinaharap ay ang pagtataas ng halaga ng mga paninda at mga serbisyo, lalo na ang enerhiya. Dapat nating pagsikapang ipagpatuloy ang pangmatagalang mga solusyon na nakakabenepisyo sa rural Alaska, kasama na ang isang likas na linya ng tubo ng gaas. Samantala, ang mga umiiral na mga serbisyo ay dapat na mapanatiling buo. Kaya ko sinusuportahan ang lumalaking PCE at pinapanatili ang pagpopondo para sa mga programa tulad ng Weatherization, Tulong sa Pagpapainit at ang Pondo ng Nababagong Enerhiya.

Ang mga malakas na kapitalbadyet ay kritikal para sa kinabukasan ng rural Alaska. Matindi ang aking pagsuporta sa pagpopondo ng mga pangunahing serbisyo at paggawa ng mga ekonomikong oportunidad at mga trabaho sa lokal na antas.

Ang ating kinabukasan ay nakasalalay sa de-kalidad na edukasyon para sa ating mga kabataan. Mahalaga na panatiliin ang pormula sa pagpopondo ng K-12 sa isang antas na papahintulutan ang mga mas maliliit na paaralan na panatiliin ang bilis sa laging tumataas na mga halaga at ang hindi kasiguraduhan sa taunang pagpapatala ng mga mag-aaral. Hindi ko sinusuportahan ang pag-aamyenda ng konstitusyon ng Alaska para ang pera ng estado ay maaaring gamitin para sa mga pribadong paaralan.

Kasama ang inyong suporta ngayong taglagas, ito ay magiging aking pribilehiyo na ipagpatuloy ang pagsisilbi sa lehislatura ng Alaska sa ngalan ng mga komunidad sa Bahay Distrito 37.

Panukalang Batas Bilang 2 - 13PSUM
Acto para Buwisan at Maayos na Sipilin ang Produksyon, Pagbebenta, at Paggamit ng Marijuana

Panukalang Batas Bilang 2

Ang panukalang ito ay magbubuwis at iaayos ang pagsipil ng produksyon, pagbebenta, at paggamit ng marijuana sa Alaska.

Ang panukalang ito ay gagawing legal ang paggamit ng marijuana sa mga taong edad 21 o mas matanda. Ang panukala ay papayagan ang taong magkaroon, gumamit, magpakita, magdala, o magpatubo ng takdang dami ng marijuana, na ang pagpapatubo ay ayon sa ilang paghihigpit. Ang panukala ay babawalan and publiko na gumamit ng marijuana. Ang panukala ay magbabawal sa taong bata sa 21 taong gulang sa paggamit ng pekeng ID para bumili o sumubok bumili ng marijuana o mga kaukulang gamit pang mamarijuana.

Ang panukala ay papayagan ang mga validong rehistradong may kaukulan sa marijuanang mga katawanin o taong edad 21 of mas matanda na may ari o empleyado ng mga katawaning ito na gumawa, magkaroon, bumili, magbahagi, magbenta, magpakita, magdala, maghatid, maglipat, tumanggap, mag-ani, mag proseso, o mag pakete ng marijuana at mga produkto ng marijuana, ayon sa ilang paghihigpit. Ang Alaska Statute 17.30.020 (Controlled Substances) ay hindi angkop sa mga katawaning ito.

Ang panukala ay kakailanganin ang Alcoholic Beverage Control (ABC) Board na magpatupad ng bahagi ng panukala. Ngunit ang panukala ay hahayaan din ang lehislatura ng lumikha ng Marijuana Control Board para ipaganap ang mga tungkulin. Ang panukala ay kakailanganin ang ABC Board na mag angkin ng mga regulasyon sa pamamahala ng mga katawaning nauukol sa marijuana. Ang mga regulasyon ay kailangang sakobin ang ilang mga paksa at umayon sa ilang paghihigpit. Ang panukala din and lilikha ng mga pamamaraan sa pagrerehistro ng katawining may kaugnayay sa marijuana. Ang mga pamamaraan ay pangangasiwaan ng ABC board at mga lokal na pamahalaan.

Ang panukala ay papayagan ang lokal na pamahalaan na ipagbawal ang operasyon ng may kaugnayan sa marijuana na mga katawanin. Maaaring gawin ng lokal na pamahalaan yaon na magpasya ng ordinansya o sa pamamagitan ng pangunguna ng mga botante. Ang mga ordinansya ay masasakloban ang oras, lugar, asal, at rehistrasyon ng katawanin ng operasyon ng marijuana.

Ang panukala ay papayagan ang taong edad 21 o mas matanda na magkaroon, gumamit, magpakita, bumili, o magdala ng mga kaukulang gamit sa pagmamarijuana. Ang mga kaukulang gamit-pangmamarijuana ay mga produktong ginagamit ng mga indibidual para magpatubo o kumonsumo ng marijuana. Ang panukala ay papayagan din ang mga taong 21 and edad o mas matanda na gumawa ng mga kaukulang gamit ng pagmamarijuana at ipamahagi o ibenta ang mga ito sa mga taong edad 21 o mas matanda.
Ang panukala ay nagsasaad na hindi sinasadyang kailanganin ng amo na payagan ang paggamit ng marijuana, pagdadala, pag-aari, pagbebenta, pagpapatubo, o paglilipat, o pigilan ang amo na pagbawalan ang mga gawaing ito. Ang panukala ay hindi sinasadyang pagbawalan ang mga paaralan, kulungan o pasilidad ng paghuhusay, mga ospital, o pribadong mga tao o katawanin na paghigpitan ang marijuana sa kanilang ari-arian. Hindi intensyon ng panukala ng limitahan ang mga umiiral na pang medical na marijuanang batas ng state.

Ang panukala ay mag-aatang ng $50 kada onsang (o kasukat) excise na buwis sa benta o lipat ng marijuana galing sa pasilidad na pinagpatubuan papunta sa tindahan o pasilidad na pinaggagawaan ng produktong marijuana. Ang pasilidad na pinagpapatubuan ng marijuana ang magbabayad ng buwis at ipapadala ang buwanang pahayag ng buwis sa Department ng Revenue. Maaaring ilibre ng Department ng Revenue ang ilang bahagi ng tanim ng marijuana sa buwis. Maaari din itong magtatag ng mas mababang singil para sa ilang bahagi ng tanim.

Ang panukala ay nagbibigay ng mga kahulugan sa maraming termino. Ang panukala ay naglalaman ng pahayag ng layunin at mga natuklasan. Ang panukala ay mag-aatang ng pangmamayanang multa at parusa sa paglabag.

Dapat bang maging batas ang panukalang ito?

Panukalang Batas Bilang 3 - 13MINW
Acto Para Itaas ang Minimum na Sahod sa Alaska

Panukalang Batas Bilang 3

Itataas ng panukalang ito ang minimum na sahod sa Alaska mula $7.75 kada ora magiging $8.75 kada ora mula Enero 1, 2015. Ang panukala ay itataas ang minimum na sahod sa $9.75 kada ora mula Enero 1, 2016. I-a-adjust ng panukalang ito bawat taon para sa pagtaas ng presyo ng bilihin matapos ang taong 2016. Maglilikha ang panukala ng paraan para sa adjustment.Sa ilalim ng panukala, kung ang adjusted na minimum na sahod ay mababa ng isang dolyar kumpara sa pang federal na minimum na sahod, ang minimum na sahod sa Alaska ay magiging isang dolyar higit sa pang federal na minimum. Ang mga tip o gratuity ay hindi ibibilang sa minimum na sahod.

Ang panukala ay may pahayag ng findings at declaration. Ang pahayag na ito ay nagbibigay ng dahilan para sa panukala. Ang mga dahilan ay ayon sa kalidad ng buhay para sa mga mabababang sahod na mga manggagawa, ang epekto ng mga pagtaas sa mga presyo ng pamumuhay, ang relasyon na minimum na sahod sa Alaska sa pang federal na antas ng kahirapan, at minimum na sahod sa ibang state.

Panukalang Batas Bilang 4 - 12BBAY
Actong Magbibigay ng Proteksyon sa Ligaw na Salmon ng Bristol Bay at Mga Tubig sa Loob ng Umiiral na 1972 Bristol Bay Fisheries Reserve at mga Tubig na Dumadaloy Dito

Panukalang Batas Bilang 4

Ang panukalang ito ay kakailanganin na aprobahan ng lehislatura ang mga hinaharap na malakihang minahan ng metallic sulfide sa Bristol Bay Fisheries Reserve (BBFR) sa pagpapasa ng batas. Dapat makita ng batas na anumang ipananukalang minahan ay hindi ilalagay sa piligro ang isdaan ng BBFR. Ang pag-a-aproba ay karagdagan sa anumang ibang kakailanganing permit at mga pahintulot. Ipinaliliwanag ng batas na ang "operasyon ng malakihang metallic sulfide na minahan" na "isang tiyak na panukala para tanggalin ang mga metal, kasama ang ginto at tanso, sa mga bato na may asupre at ito'y magagambala mismo ang 640 o mahigit pa na ektarya ng lupa." Hinahayaan ng panukala ang Kagawaran ng Likas na Yaman na botohang tanggapin ang mga regulasyon.

Ang panukala ay makakatuklas. Ang mga matutuklasan ng panukala ay nakita ng lehislatura na mahalaga ang BBFR sa paglikha nito noong1972; na ang mga proteksyon ng panukala ay kinakailangan; na ang pagprotekta ng mga tubig at ligaw na salmon ng BBFR ay interes ng buong state base sa isdaang pang rehiyon, benipisyo pangkabuhayan, pamanang pang kultura, at kakaibang kayamanang ligaw na salmon; at na ang pagmimina ng metallic sulfide ay nakakapinsala sa mga interes na ito dahil ang mga minahan ay nagliilikha ng lason at dumi. Ang panukala ay binabalak ang lehislatura na aprobahan ang anumang malakihang metallic sulfide na minahan sa BBFR o kung anumang labis na makakasama sa mga pansol nito.

Ang panukala ay para lamang sa mga malakihang minahan ng metallic sulfide sa BBFR na kulang sa lahat ng mga kinakailangang mga permit, lisensya, o mga pahintulot bago sa petsa na epektibo ang panukala?

BUOD NG AHENSYA NG PANG LEGISLATIBONG UGNAYAN

Inaareglo ng Batas ang produksyon, pagbenta, at paggamit ng mariwana. Isinasabatas ng Batas ang isang buwis sa mariwana.

Pinapahintulutan ng Batas ang personal na paggamit ng mariwana ng isang taong 21 na taong gulang ang edad o mas matanda, na may mga paghihigpit. Ang batas ay pinapayagan ang isang tao na magkaroon, magpakita, gumamit, bumili, maglipat o mamigay ng hanggang sa isang onsa ng mariwana sa ibang tao na 21 na taong gulang ang edad o mas matanda. Ginagawa ng Batas na isang krimen para sa isang tao na mas mababa sa 21 na taong gulang na gumamit ng isang pekeng ID na bumili ng mariwana. Ginagawa din ng Batas na isang krimen ang paggamit ng mariwana sa publiko. Itinatalaga ng Batas ang bilang at mga uri ng mga halamang mariwana na maaaring itago at ipamigay ng isang tao. Ang mga halaman ay hindi maaaring nasa pampublikong pananaw. Pinahihintulutan ng Batas ang isang taong 21 na taong gulang ang edad o mas matanda na bumili, gumawa, magkaroon, magpakita, magbenta, at mamigay ng mga bagay na ginagamit sa pagpapalaki, paggamit, paggawa, pagbabalot, o pagtago ng mariwana, o gumawa, gumamit, magbalot, magsuri, o magtago ng mga produkto ng mariwana.

Panukalang Batas Bilang 2

Acto para Buwisan at Maayos na Sipilin ang Produksyon, Pagbebenta, at Paggamit ng Marijuana

Inaareglo ng Batas ang mga establisyamento ng mariwana. Itinatakda ng Batas ang isang establisyamento bilang isang tigian na tindahan, isang nagpapalaki, isang tagasuri, o isang pasilidad ng paggawa ng produkto. Para makapagpatakbo ng legal, ang isang establisyamento ay dapat magrehistro. Ang mga nakarehistrong establisyamento ay maaaring magmay-ari, maglipat, maghatid, magpakita, o tumanggap ng mariwana. Ang mga nakarehistrong tindahan ng mariwana, nagpapalaki, o gumagawa ay maaaring bumili at magbenta ng mariwana. Ang mga nagpapalaki o sumusuri ay maaaring magpalaki o magproseso nito.

Ang Lupon ng Taga-kontrol ng Inuming Alkohol ay namamahala sa sistema ng pagrerehistro. Ang lupon ay dapat gumawa ng mga patakaran para magawa ang Batas. Ang mga patakaran na iyon ay maaaring hindi ito gawing impraktikal na patakbuhin ang isang establisyamento ng mariwana. Ang lupon ay dapat magbigay ng isang kopya ng bawat aplikasyon at kalahati ng bayad sa aplikasyon sa lokal na awtoridad ng mariwana, kung mayroong isa nito; ang Batas ay nagbibigay para sa lokal na kontrol kung ang lupon ay hindi kikilos. Ang mga lungsod o mga bayan ay maaaring pagbawalan ang mga establisyamento. Maaari nilang limitahan ang bilang nila sa loob ng kanilang mga hangganan. Maaari nilang i-areglo ang oras, lugar, at pamamaraan ng pagpapatakbo. Maaari nilang pangalanan ang mga lokal na awtoridad para i-areglo sila.

Ang Batas ay bubuwisan ang pagbenta ng mariwana ng mga nakarehistrong nagpapalaki. Ang buwis ay $50 bawat onsa. Ang Kagawaran ng Kita ang nangangasiwa sa buwis. Ang mga nagpapalaki na nagbabayad ng huli ay maaaring sumailalim sa mga multa. Ang mga nagpapalaki na hindi nagbabayad ng buwis ay maaaring mawalan ng kanilang mga rehistro.

Sa ilalim ng Batas, ang mga taga-empleyo ay hindi kailangan na payagan ang mariwana sa kanilang lugar ng trabaho. Ang mga taga-empleyo ay maaari ding paghigpitan ang paggamit ng mariwana ng mga empleyado. Ang Batas ay hindi pinapayagan ang isang tao na magmaneho sa ilalim ng impluwensya ng mariwana. Ang Batas ay pinapayagan ang mga may-ari ng pribadong propiyedad o mga nangungupahan na ipagbawal ang paggamit ng mariwana sa propiyedad.

PAHAYAG NG HALAGA NG GASTUSIN

Tantiya ng mga Halaga sa Estado ng Alaska para sa Pagpapatupad ng Inisyatibang Nagmumungkahi ng isang Batas na "buwisan at kontrolin ang produksyon, benta, at gamit ng mariwana."

Buod

Bilang kinakailangan ng AS 15.45.090(a)(4), ang Estado ng Alaska ay naghanda ng sumusunod na pahayag ng mga halagang nagreresulta mula sa pagpapatupad ng iminumungkahing inisyatiba ng balota para buwisan at kontrolin ng produksyon, benta, at gamit ng mariwana.

Ang inisyatiba ay gagawing legal ang personal na paggamit ng mariwana para sa mga taong edad 21 na taong gulang o mas matanda. Sa partikular, ang batas ay papahintulutan: ang pag-aari, paggamit, pagpapakit, pagbili, o paghahakot ng mga gamit sa mariwana o isang onsa o mas kaunting mariwana; ang pag-aari, pagpapalaki, pagpoproseso, o paghahakot ng hindi dadami sa

Panukalang Batas Bilang 2

Acto para Buwisan at Maayos na Sipilin ang Produksyon, Pagbebenta, at Paggamit ng Marijuana

anim na halamang mariwana (na may tatlo o mas kaunti na magulang, namumulaklak na mga halaman) at pag-aari ng mariwana sa mga lugar kung saan ang mga halaman ay pinapalaki; ang paligpat ng isang onsa o mas kaunti ng mariwana at hanggang anim na bata pang mga halaman ng mariwana sa isang tao na 21 na taong gulang ang edad o mas matanda na walang bayad; ang pag konsumo ng mariwana sa isang di-pampublikong lugar; at pagtulong sa iba pang tao na 21 na taong gulang ang edad o mas matanda sa kahit aling mga aktibidad sa taas.

Ang inisyatiba ay magpapataw ng mga tiyak na paghihigpit at mga parusa sa personal na paglilinang at pampublikong konsumo ng mariwana pati na rin ang pagbabawal sa paggamit ng huwad na pagkakakilanlan ng isang tao sa na mas mabababa ang edad sa 21 para bumili o sumubok bumili ng mariwana. Pahihintulutan din nito ang paggawa, pag-aari, pagkalat at pagbenta ng mga gamit ng mariwana pati na rin ang alinsunod sa batas na operasyon ng mga kaugnay sa mariwanang mga pasilidad tulad ng tingian na tindahan at panglilinang na mga pasilidad.

Ang inisyatiba ay nangangailanan sa Lupon na Taga-kontrol ng Inuming Alkohol (ABC) sa Kagawaran ng Komersyo, Komunidad, at Pang-ekonomikong Pagpapaunlad (DCCED) para kupkupin ang mga regulasyon para ipatupad ang batas di tatagal sa siyam na buwan matapos ang inisyatiba ay naaprubahan. Ngunit ang lehislatura ay maaaring gumawa ng isang Lupon na Taga-kontrol ng Mariwana sa DCCED para tanggapin ang tungkuling mag-kontrol ng ABC. Ang mga establisyamento ng mariwana ay dapat marehistro at ang mga lokal na pamahalaan ay maaaring magbawal o limitahan ang pagkakaroon ng at ang mga operasyon ng pasilidad ng mariwana sa kanilang hurisdiksyon.

Ang inisyatiba ay nagpapataw din ng $50 kada onsa (o katimbang na bahagi nito) ng singil na buwis sa pagbenta at paglipat ng mariwana mula sa isang pasilidad ng paglilinang ng mariwana sa isang tingian na tindahan ng mariwana o pasilidad ng paggawa ng produkto ng mariwana. Ang buwis ay babayaran ng pasilidad ng paglilinang ng mariwana.

Batay sa pagsusuri ng Washington at Colorado, dalawang estado na kasaluyang nasa proseso ng pagpapatupad ng katulad na lehislasyon, ang Gobernador, ang Lehislatura, o ang Lupon ng ABC ay maaaring mamili na magtatag ng isang Puwersa ng Gawain para kumatawan sa mayoryang humahawak na apektado ng pagpapatupad ng inisyatiba. Ang isang tantiya ng potensyal na mga halaga para sa Puwersa ng Gawain ay kasama sa ilalim ng pahayag ng halaga ng DCCED simula sa pahina 3. Ito ay magiging isang epektibong pamamaraan para padaliin ang isang napapanahon at komprehensibong pagsasandata ng buwis at balangkas na nagkokontrol na inilalarawan o itinatatag sa inisyatiba.

Mayroong maraming hindi alam sa pagpapatupad ng Estado ng inisyatibang ito at kadahilanang ang pahayag ng halagang ibinigay dito ay isang linilarawan. Halimbawa, hindi alam kung ang lehislatura ay gagawa ng isang Lupon na Taga-kontrol ng Mariwana sa loob ng DCCED, kaya ang mga tantiya ng halaga ay hindi pinapakita ang potensyal na administratibong estraktura. Gamit ng mga impormasyong maaring makuha mula sa mga karanasan ng Colorado at Washington pati na rin sa ibang mga pinagkukunan, ang mga ahensya ng estado ay nakilala ang isang saklaw ng potensyal na mga halaga sa estado mula $3.7 hanggang $7.0 na milyon sa unang taon. Malamang ang mga halaga na nauugnay sa pagpapaunlad ng buwis at administratibong estraktura ay

magiging makabuluhan. Sa mas mahabang termino, maasahan na marami sa kabuuang mga halaga ng estado ay magiging mga aktibidad ng pampublikong kalusugan at pang-edukasyon bilang ang lawak ng epekto sa pampublikong kalusugan ay nagiging mas tukoy.

Sa ibaba ay isang mesa ng buod ng mga halaga ng ahensya sinusundan ng mga paliwanag ng indibiduwal na ahensya. Ang sumusunod ay kumakatawan sa isang potensyal na saklaw ng mga halaga ng ahensya ng estado. Ang tantiya ay hindi isinasama ang mga gastos na maaaring o hindi maaaring makuha kaugnay sa inisyatiba, o kahit anong mga legal na gastos na maaaring makuha ng estado bilang isang resulta ng inisyatiba.

Buod ng tinatantiyang mga halaga para maipatupad ang Inisyatiba ng Mariwana ayon sa Ahensya ng Estado

Ahensya	Saklaw ng Halaga – Unang Taon	
Kagawaran ng Kita ng Alaska	$650,000	$800,000
Kagawaran ng Komersyo, Komunidad, at Pang-ekonomiyang Pagpapaunlad ng Alaska	$1,563,960	$1,563,960
Kagawaran ng Kalusugan at mga Serbisyong Panglipunan ng Alaska	$0	$2,987,000
Kagawaran ng Pampublikong Kaligtasan ng Alaska	$1,434,700	$1,434,700
Kagawaran ng Pag-iingat ng Kalikasan ng Alaska	$0	$136,900
Unibersidad ng Alaska	Walang takda	--
Opisina ng Tinyente Gobernador	$9,000	$9,000
Sangay ng Halalan	$71,257	$71,257
Kabuuang Tantiyang Halaga sa Unang Taon	**$3,728,917**	**$7,002,817**

Pahayag ng mga Tantiya ng Halaga ayon sa Kagawaran

Tantiya ng mga halaga sa Kagawaran ng Kita ng Alaska para ipatupad ang inisyatiba ng mariwana $650,000 -$800,000

Kung ang inisyatiba ay aaprubahan ng mga botante sa Agosto 2014 na pangunahing halalan, mangangailangan ito sa DOR na magkaroon ng karagdagang mga halaga para epektibong maipatupad ito. Kung maaprubahan, itinuturing na ang inisyatibang ito ay magkakabisa tatlumpong araw matapos ang pag-aapruba ng isang mayoridad ng mga kwalipikadong botante.

Ang tantiyang halaga sa estado para sa pagpapatupad ng inisyatibang ito ay nasa gitna ng $650,000 at $800,000. Ang mga inuulit na mga taunang halaga ay tantiya sa mahigit kumulang $300,000.

Ang tantiyang mga halaga ay maaaring mahati sa dalawang kategorya:

Panukalang Batas Bilang 2

Acto para Buwisan at Maayos na Sipilin ang Produksyon, Pagbebenta, at Paggamit ng Marijuana

Mga Serbisyo ng Tauhan:	$300,000
Mga Kinontratang Serbisyo:	$350,000-$500,000
KABUUAN	**$650,000-$800,000**

Mga Tauhan – tinatantiya ng DOR na mangangailangan ito na gumawa ng di bababa sa tatlong bagong puwesto para tumingin sa bagong singil na buwis na ipinataw nitong bagong inisyatiba sa isang halaga na mahigit kumulang $300,000 para tumulong sa administrasyon at pangongolekta ng isang bagong singil na buwis. Ang DOR ay mangangailangan ng kahit isang Awditor ng Buwis III na puwesto, isang Tekniko ng Buwis II na puwesto, at isang Imbestigador III na puwesto para punan ang mga pangangailangan ng isang bagong programa ng buwis. Ang halaga ay malapit sa halaga na kasalukuyang nakukuha ng DOR para pangasiwaan ang ibang katulad na uri ng singil sa buwis, at paulit ulit na taunang mga halaga para sa DOR.

Kinontratang mga Serbisyo – ang DOR ay tinatantiya na magkakaroon ito ng isang pang isang beses na gastos ng mahigit kumulang $500,000 para sa pagkokonpigura ng mga sistema. Sa Agosto 2014, kukompletuhin ng DOR sa pagkokonpigura ng bahagi ng singil na buwis ng bago nitong Sistema sa Pangangasiwa ng Kita mula sa Buwis (TRMS). Kung ang inisyatibong ito ay aaprubahan ng mga botante, mangangailangan ito sa DOR at sa mga kontraktor ng sistema ng impormasyon na muling pagkokonpigura sa sistema na idagdag ang bagong singil na buwis. Sa ibinigay na limitadong oras para masuri kung aling mga bahagi ng sistema ang kinakailangan na makonpigura muli kung ang inisyatiba ay papasa, ang mga kontraktor ng DOR ay nagbigay ng isang tantiya ng $350,000 hanggang $500,000 para sa pagsisikap na ito.

Ang mga tantiya ng halaga sa itaas ay kumakatawan sa isang pinakamababang halaga sa ibinigay na maraming di-katiyakan palibot sa reperendum, at kung ano mang magiging mga epekto ng pagpapasa nito.

Tantiya ng mga halaga sa Kagawaran ng Komersyo, Komunidad at Pang-ekonomikong Pagpapaunlad para maipatupad ang inisyatiba ng mariwana $1,563,960

Ang sumusunod ay kumakatawan sa isang tantiyang halaga sa DCCED sa ibinigay na lenguwahe ng inisyatiba ng balota; ang tunay na mga halaga ay malamang maging iba. Hindi kasama sa tantiya ang mga gastos na nakuha ng lehislatura o ng ibang mga kagawaran kaugnay sa inisyatiba. Ang mga tantiya ng halaga ng inisyatiba ng mariwana ng Washington at Colorado ay sinuri sa pagpapaunlad ng pag-aanalisa ng halagang ito.

Kung ang inisyatiba ay aaprubahan ng mga botante sa Agosto 2014 na pangunahing halalan, ang Estado ng Alaska, sa pamamagitan ng Lupon na Taga-kontrol ng Inuming Alkohol (ABC), ay kukupkupin ang mga regulasyon sa loob ng siyam na buwan sumusunod sa petsa ng bisa, ayon sa kinakailangan ng AS 17.38.090. Itinuturing na ang inisyatiba ay magkakabisa tatlumpung araw matapos ang pag-aapruba ng isang mayorya ng mga kwalipikadong botante.

Ang isang lokal na pamahalaan ay maaaring magtalaga ng isang lokal na taga-kontrol na awtoridad na magiging responsable para sa pagpoproseso ng aplikasyong isinumite para sa operasyon ng isang establisyamento ng mariwana sa loob ng mga hangganan ng lokal na pamahalaan. Kung

Panukalang Batas Bilang 2

Acto para Buwisan at Maayos na Sipilin ang Produksyon, Pagbebenta, at Paggamit ng Marijuana

ang Lupon ng ABC ay bigong makupkop ang mga regulasyon tulad ng sinasabi sa inisyatiba, ang isang aplikante ay maaaring isumite ang isang aplikasyon diretso sa isang lokal na taga-kontrol na awtoridad isang taon matapos ang petsa ng bisa ng batas. Alinsunod sa AS 17.38.110, ang isang lokal na pamahalaan ay maaaring pagbawalan ang paglilinang, paggawa, pagsusuri, at pagbebenta ng mariwana sa pamamagitan ng isang ordinansa o inisyatiba ng botante. Ang mga lokal na pamahalaan ay maaari ding isabatas ang mga lokal na ordinansa o mga regulasyon para sa pamumuno ng mga operasyon ng mga establisyamento ng mariwana habang sila ay hindi sumasalungat sa inisyatiba o mga regulasyong isinasabatas ayon sa inisyatiba.

Kung ang inisyatiba ay papasa, ang responsibilidad para pagkontrol ng mariwana ay nasa Lupon ng ABC hanggang o bago ang isang lupong taga-kontrol ng mariwana ay maitatatag ng lehislatura sa loob ng DCCED.

Tulad ng ginawa sa estado ng Colorado matapos ang pagpapasa ng isang katulad na inisyatiba, ang kagawaran ay inirerekomenda ang pagbuo ng isang Puwersa ng Gawain para kilalanin ang legal, pangpatakaran, at pangpalakad na mga isyu na kailangan na malutas, at para mag-alok ng mga suhestiyon at mga mungkahi para sa lehislatibo at ehekutibong kilos para sa pagpapatupad ng inisyatibang ito. Ang Puwersa ng Gawain ay mangangailangan na kompletuhin ang pasimulang pang-kontrol na balangkas sa loob ng apat na buwan ng petsa ng bis ng inisyatiba para pahintulutan ang pagkupkop ng mga regulasyon sa loob ng siyam na buwan na pangangailangan. Ang natitirang trabaho ng Puwersa ng Gawain ay tatapusin isang taon pagkatapos ng petsa ng bisa ng inisyatiba.

Ipinapalagay na ang Puwersa ng Gawain ay ibinubuo ng kabuuan ng 17 na walang bayad na mga miyembrong kumakatawan sa mga grupo ng interes na apektado ng inisyatiba ng balota: apat na mga Lehislador, tag-isa mula sa mayorya at minorya ng parehong Bahay ng Kongreso at Senado; isang Komisyonado o kanilang Kinatawan mula sa bawat ahensyang apektado ng inisyatibang ito (DCCED, Pampublikong Kaligtasan, Kalusugan at mga Serbisyong Panglipunan, Pangkalikasang Pag-iingat, Kita, Batas, mga Koreksyon, at ng Unibersidad ng Alaska); isang miyembro ng kampanya ng inisytiba; isang miyembro ng publiko na kumakatawan sa industriyang ukol sa medisina; at tatlong miyembro ng mga malalayang publiko, na may isang kumakatawan sa rural na Alaska. Ang mga miyembro ng Puwersa ng Gawain ay tatanggap ng panglakbay at pang araw-araw. Ang tunay na pagbuo ng Puwersa ng Gawain ay maaaring maging iba. Ang tinatantiyang halaga sa DCCED para sa pagpapatupad ng inisyatibang ito ay $1,563,960 para sa unang taon at $1,413,140 para sa ikalawang taon.

Personal na mga Serbisyo

Lahat ng mga puwesto sa loob ng Lupon ng ABC ay ginagawa sa kasalukuyan o mas mataas sa kakayahan. Sa pagpasa ng inisyatiba, ang dami ng trabaho ng Lupon ng ABC ay may potensyal na dumoble o triple. Kung dumoble, ang Lupon ng ABC ay mangangailangan ng karagdagang apat na imbestigador, isang tagapamahala, at dalawang tagasuri ng rehistro ng negosyo para makontrol ang industriya ng mariwana, katulad sa mga tungkulin ng kasalukuyang tauhan na nagkokontrol sa industriya ng alak. Ang dagdag ng isang Administratibong Opisyal I ay kakailanganin para suportahan ang naidagdag na atas pinansyal. Isang Koordinator ng Programa II ay kakailanganin para sa papapadali, pagtutugma, at dokumentasyon ng Puwersa ng Gawain at para sa pang

matagalang pagpapaunlad ng programa, pagpaplano, pagtutugma, at pagtingin sa kabuuan ng komplikadong progamang ito.

Paglalakbay at Pang Araw-araw

Lupon
Kung ang Lupon ng mga Direktor ng ABC ay kukunin ang dagdag na responsibilidad ng pagkokontrol sa paglilinang, paggawa, pagpapalitan, pag-aari, at pagbenta ng mariwana, ang kasalukuyang mga pagpupulong ng lupon ay papahabain ng isang araw, dadagdag sa halaga ng pagtira, transportasyon sa lupa, at pang araw-araw.

Mga imbestigasyon
Ang mga imbestigador at mga wala sa wastong gulang na mga mamimili ay lalakbay sa mga komunidad sa palibot ng estado para magbigay ng mga pagsisiyasat sa pagsunod at siguraduhin na ang mga tingian na tindahan ay sumusunod sa mga batas at mga regulasyon ng programa, katulad sa mga imbestigasyon sa pagsunod ng industriya ng alak.

Puwersa ng Gawain
Ang Puwersa ng Gawain ay magkakaroon ng pitong tag-dalawang araw na mga pagpupulong, na may dalawang harap-harapan na mga pagpupulong sa Anchorage at ang iba ay gagawin sa pamamagitan ng video o komperensya sa telepono; ipinapalagay nito na ang sampung miyembro ay nasa labas ng Anchorage.

Kagamitan, Lugar ng Opisina, at Mga Pagtutustos

Ang mga halaga ng kagamitan at pagtutustos ay sinasaklaw ang pag-aayos ng mga bagong empleyado, mga karatula ng babala, mga kit sa pagsusuri, mga produkto ng papel, halaga ng selyo, at karagdagang lugar ng opisina.

Mga Kontrata at Mga Serbisyo

Ang mga halaga ng kontrata ay para sa pag-aaral sa pangangailangan ng merkado, mga epekto ng mariwana, at ang halaga ng produksyon. Ang mga regulasyon ay kinakailangan na nasa lugar siyam na buwan matapos ang petsa ng bisa ng inisyatibang ito at ay aatas ng malawak na trabaho kasama ang Kagawaran ng Batas. Mayroong makabuluhang trabahong iaatas ng Kagawaran ng Batas para mapunan ang mga pangangailangan ng bagong programang ito, katulad sa mga legal na pangangailangan ng industriya ng alak.

Isang bagong ipon ng datos ay mangangailangan ng pag-aanalisa at pagpapaunlad ng mga patakaran ng negosyo, pag-aanalisa ng umiiral na mga sistema para sa kaparehong mga proseso o mga kinakailangang kaunting pagbabago, pagpapaunlad sa bagong sistema, pagsusuri, pagiging balido, pagpapatupad, at dokumentasyon.

Mga Sasakyan

Karagdagang mga sasakyan ay inaatas para gawin ang mga imbestigasyon sa buong estado.

Tantiya ng mga halaga sa Kagawaran ng Kalusugan at Serbisyong Panlipunan ng Alaska para maipatupad ang inisyatiba ng mariwana $0 - $2,987,000

Tulad ng nakasulat na, ang inisyatiba ay pangunahing nakatutok sa proseso at mga palakad na kinakailangan para maitatag ang pagbubuwis at regulasyon ng produksyon, pagbenta, at paggamit ng mariwana; ang mga kilos na sinasabi sa inisyatiba ay hindi diretsong aapekto o mapapagastos ang Kagawaran ng Kalusugan at Serbisyong Panlipunan sa mga establisyamento ng mga palakad na ito at pagpapaunlad ng regulasyon.

Gayon pa man, mayroong ebidensya na ang paibabang agos ng kahihinatnan ng kalusugan at serbisyong panlipunan ng pagpapatupad ng inisyatibang ito ay maaaring maging makabuluhan. Ang kagawaran ay naghanda ng isang tantiya batay sa pananaliksik, mga karanasan ng ibang estado, at isang pag-intindi muli ng mga gastusin na nakukuha ng kagawaran na nagbibigay ng katulad na serbisyong kaugnay sa substansya. Ang piskal na resulta ay diretsong uugnay sa gaano karaming karagdagang tao ang simulang gumagamit sa mariwana at gaano karaming kasalukuyang gumagamit ay dadamihan ang kanilang gamit.

Para matasa ang mga halaga, ang kagawaran ay isinasalang-alang ang makabagong pag-aaral kasama ang mga Paglilitis ng Pambansang Akademya ng Siyensya,[1] at ng Opisina ng Droga at Krimen ng United Nations, *Kanabis: Isang Maikling Pagsusuri.*[2]

Ang mga pag-aaral na ito itinatala ang mga lumalabas na natuklasan na data sa mga mapinsalang epekto ng kanabis sa paggana ng utak ipinapahiwatig na ang kanabis ay nakaugnay sa pagkagumon, mahinang pagkikilala, kakulangan sa motor na abilidad, mga problema sa kalusugan ng pang hinga, sa puso at sa pag-uutak, at nagpapakita na siyang maging partikular na nakakasira sa gumugulang na mga utak.

Ang mga kahihinatnan at kalalabasan ng paggamit ng mariwana ay lumilikha ng makabuluhang potensyal para sa tumaas na halaga para sa pag-aaruga ng kalusugan ng pisikal at pang-aasal, mga serbisyo para sa kapakanan ng bata, sistema ng edukasyon, mga taga-empleyo, pampublikong kaligtasan, hustisya sa krimen, kalusugan ng komunidad at ibang mga aspeto ng pang-estado at lokal na mga pamahalaan. Halimbawa, ang pagiging legal ng mariwana ay maaaring lumikha ng isang kapaligiran kung saan ang mga kabataan, lalo na, ay nakakakita ng isang mas mababang panganib ng pinsala mula sa paggamit ng mariwana, nagreresulta sa tumataas na gamit.[3]

Alkohol at Drogo ng Estado (NASADA), ang Alaska ay may isa sa pinakamataas na antas ng gamit ng mariwana sa 11%, kasama ang Vermont.

Pinagbigyan-diin din niya ang isang tinatantiyang 4.4 na milyong mga indibiduwal, sa buong bansa, natugunan ang batayan para sa pagdedepende o abuso sa mariwana.

Habang ang kasalukuyang mga pagtataas sa pagpoprograma ng mga serbisyong pangkalusugan at panlipunan ay di pa nalalaman, ang pananaliksik at datos ay nagbibigay ng isang malinaw na litrato ng potensyal para sa tumaas na mga problema kaugnay sa pagiging legal ng mariwana. Sa mga estado kung saan ang mariwana sa medisina ay legal, ang mga antas ng abuso sa mariwana at pagdedepende ay malapit sa doble kumpara doon sa mga estado na walang mariwana sa medisina. Dalawang mga estado ay bagu-baguhan lang na ginawang legal ang mariwana, ang Washington at Colorado, ay inuulat ang kahirapan sa pag-alamin ang potensyal na mga halaga. Ang mga resulta ng isang bagu-baguhang ulat para tantiyahin ang piskal na epekto ng pagiging legal ng mariwana sa Colorado ay hindi matibay at apat na mga dalubhasa sa patakaran sa mariwana ay isinulat na "ang hinaharap ay humahawak ng mas maraming di alam kaysa alam."

Ang Sangay ng Pambatang Hustisya ay nakilala ang ilang mga lugar kung saan maaaring tumaas ang mga halaga. Ang paggawa ng pag-aari ng mariwana na isang kasalanan na maaaring gawin ng mga minor pero hindi ng mga matatanda ay lumilikha ng isang bagong kasalanan sa katayuan na ipasailalim sa tiyak na mga patakarang namumuno na paghawak ng mga bata. Ang paglabag sa mga patakaran na iyon may maaaring ilagay sa panganib ang pederal na pondo na kasalukuyang natatanggap sa pamamagitan ng Opisina ng U.S. na Pambatang Hustisya at Pag-iwas sa Pagkadelingkwente. Ang inisyatiba ay maaari ring iatas ang mas mataas na paggamot para sa abuso ng substansya at mga isyu sa kalusugan ng pag-iisip sa mga kabataang hinahawakan sa detensyon.

Kasama ang maikling pangkalahatang-ideya ng mga alalahanin tungkol sa tumaas na paggamit at pagiging legal ng mariwana, ang kagawaran ay hinuhulaan ang potensyal na mga halaga sa DHSS sa mga susunod na lugar, kasama ang mga tantiya ng mga taunang pagtaas ng halaga:

- Tumaas na gamit ng substansya, pagkadepende at mga paggamot sa pagkagumon: $200,000 o isang 10% na pagtaas sa mga serbisyo ng paggamot sa pagkadepende sa mariwana;
- Tumaas na mga serbisyo ng paggamot sa kalusugan sa pag-iisip: $1.1 na milyon o isang 5% na pagtaas sa mga serbisyo ng paggamot sa pagkadepende sa mariwana;
- Tumaas na mga serbisyo sa kalusugang pisikal sa pamamagitan ng pampublikong kalusugan at mga pangunahing tagabigay ng aruga: $400,000;
- Tumaas na mga halaga ng Medicaid para saklaw ang mga pangangailangan ng paggamot at serbisyo: $27,000 o isang 10% na pagtaas sa kasalukuyang mga serbisyo ng paggamot ng mariwana saklaw ng Medicaid;
- Tumaas na pagpapatupad ng daan sa mariwana ng kabataan (katulad ng ating kasalukuyang mga pagsisikap sa pagpapatupad ng tabako). Ang paggasta ay malalaman

sa pagpapaunlad ng proseso para sa tingiang pagbenta ng mariwana: $140,000 o isang potensyal na 20% na pagtaas;

- Tumaas na mga programa ng pagpipigil, edukasyon at maagang pakikialam para sa kabataan at mga tamang edad na bata: 10% pagtaas sa kalooban sa komunidad at 20% pagtaas ng serbisyong ASAP = $390,000 + $250,000;
- Tumaas na mga serbisyo ng pambatang proteksyon para sa batang maliliit sa mga may regular na bahay at patuloy na mga gumagamit ng mariwana (segunda manong usok ng mariwana, kapabayaan), at pagsasanay para sa pangalawang mga magulang at mga tauhan: $250,000;
- Tumaas na mga serbisyo ng pambatang hustisya para sa kabataang nakikibahagi sa paggamit ng mariwana at pagkadepende $200,000; at
- Mga aktibidad ng Potensyal na Magkukunan ng Tao kaugnay sa paggamit ng mga empleyado ng mariwana at mga kaugnay na mga patakaran $30,000.

Ang tinatantiyang potensyal na pagtataas ng halaga sa Kagawaran ng Kalusugan at mga Serbisyong Panlipunan nagreresulta mula sa pagiging legal ng mariwana ay $2,987,000. Tulad ng ipinahiwatig, ito ay mga tantiya batay sa mga inaasahang mga epekto; depende sa tunay na mga regulasyon, pagpapatupad, at bilang ng mga mamamayan na magtataas ng kanilang paggamit ng mariwana, ang tunay na mga halaga ay malamang magiging iba.

Tantiya ng mga Halaga sa Kagawaran ng Pampublikong Kaligtasan ng Alaska para maipatupad ang inisyatiba ng mariwana $1,434,700

Ang inisyatiba ng balota ay bubuwis at kokontrol sa benta ng mariwana at magpapahintulot sa mga taga Alaska na maglinang para sa pangsariling gamit. Ang mga taong 21 na taong gulang ang edad o mas matanda ay maaaring mag-ari ng legal ng hanggang isang onsa ng mariwana o anim na halaman ng mariwana (tatlo nito ay maaaring maging magulang), at maaaring legal na maglinang, magbenta at bumili ng mariwana sa pamamagitan ng mga awtorisadong pasilidad na kaugnay ng mariwana.

Ang halaga sa DPS para ipatupad ang batas na iminumungkahi ng inisyatibang ito ay batay sa sumusunod na mga pagpapalagay tungkol sa pagiging legal ng mariwana sa Alaska: ito ay hahantong sa pagtaas ng pangangailangan at paggamit at isang kahihinatnang pagtaas sa bilang ng taong nagmamaneho sa ilalim ng impluwensya ng drogang ito, at itataas nito ang iligal na pagkalat at pagluluwas ng mariwana alinsunod sa batas na nilinang sa Alaska.

Samakatuwid, ang mga halaga sa DPS ay kaugnay sa mga sumusunod:

1. Tumataas na bilang ng mga kawal na imbestigador ng Yunit ng Pang-estadong Lawak na Tagapatupad ng Droga para tamaan ang paglihis at pagluluwas ng mariwana na pinalaki alinsunod sa batas ng Alaska;

2. Pag-aatas ng mas maraming kawal para tumanggap ng sertipikason ng Dalubhasa sa Pagkikilala ng Droga (DRE) para pagandahin ang kanilang abilidad para mahanap ang mga nagmamaneho na pinahina ng mariwana at solusyunan ang inaasahang pagtaas sa

mga paglabag sa DUI;

3. Paglunsad ng isang pampublikong kampanya ng edukasyon at kamalayan sa mga panganib ng pagmamaneho sa ilalim ng impluwensa ng mariwana; at

4. Tumataas na bilang ng mga halimbawang pinadadala para sa toksikology na pag-aanalisa para tuklasin ang presensya ng mariwana sa dugo.

Sangay ng mga Kawal ng Estado ng Alaska:

Ang mariwana ay kinilala bilang isang pangunahing substansya ng abuso sa Alaska, kasama ang alkohol, heroin, at naka-resetang droga. Ang mga substansyang ito ay ang paksa ng karamihan ng mga pagsisikap ng pagpapatupad ng droga sa Alaska.

Ang Sangay ng mga Kawal ng Estado ng Alaska (AST) ng DPS, Kawanihan ng Imbestigasyon ng Alaska, Yunit ng Pang-estadong Lawak ng Pagpapatuwad ng Droga (SDEU) ay nagbibigay ng isang papel ng pamumuno sa mga pagsisikap ng pagtutugma ng pagpapatupad ng batas para mabawasan ang pagkakaroon ng iligal na alkohol at mga kontroladong substansya (kasama ang mariwana) sa buong Alaska. Ang SDEU ay una sa lahat sinusuportahan ang anim na iniimbestigahang droga ng mga Puwersa ng Gawain sa buong Alaska. Ang mga koponan na ito ay nahahati ayon sa rehiyon tulad ng sumusunod:

- Puwersa ng Gawain ng Pagbabawal ng Alaska/Group ng Pagpapatupad ng Anchorage (itinataguyod ng Administrasyon ng Pagpapatupad ng Droga ng U.S.)
- Koponan ng Narkotio ng Lugar ng Lawak ng Fairbanks
- Koponan ng Pagpapatupad ng Narkotiko ng Mat-Su
- Koponan ng Narkotiko ng Lugar na Lawak ng Timog Sentral
- Puwersa ng Gawain Laban sa Droga ng mga Lungsod Timog-silangang Alaska
- Koponan ng Alkohol at Narkotiko ng Kanlurang Alaska

Ang SDEU ay sumasali sa at tumatanggap ng tulong mula sa ilang pederal na nag-iimbestigang tagatupad ng droga. Kasama sa mga ahensyang ito ay: ang Administrasyon ng Pagpapatupad ng Droga (DEA); Pederal na Kawanihan ng Imbestigasyon (FBI); Serbisyo ng Pangkoreong Inspeksyon ng U.S.; Kawanihan ng Alkohol, Tabako, mga Armas, at mga Eksplosibo (BATFE); at Pagpapatupad ng Imigrasyon at Adwana ng U.S. (ICE).

Ang DEA ay pinagkalooban ng $80,000 sa nabigay na pondo sa Pagpuksa ng Mariwana sa Estado ng Alaska sa kalendaryong taon ng 2012. Ang mga pondong ito ay ginamit para takpan ang ilan sa mga halagang kaugnay sa pagpuksa ng mariwana sa estado. Sa kalendaryong taon ng 2012, ang mga pondo ay hinati sa mga kagawaran ng pulis ng Anchorage, Craig, at Kenai para takpan ang sobrang oras na nakuha ng mga opisyal na kasali sa mga operasyon ng pagpuksa. Ang sumusunod na mesa ay inuulat ang mga aktibidad na sinusuportahan sa pamamagitan ng kaloob na ito:

Sa pagkakaalam na ang mariwana ay iligal sa ilalim ng pederal na batas, ang pagiging legal ng mariwana sa Alaska ay magkakaroon ng epekto sa pang trabahong mga relasyon na mayroon ang DPS sa mga pederal na katapat nito at ay maaaring potensyal na maapektohan ang mga pederal na ibinigay na pondo na natatanggap ng DPS at mga lokal na ahensya ng nagpapatupad ng batas para sa mga pagsisikap ng pagpuksa at pagsugpo ng mariwana.

Kung ang inisyatibang ito ay magiging batas, praktikal na ipagpalagay na ang mga aresto para sa simpleng pag-aari ay bababa. Gayon pa man, ang mga pagsisikap sa pagpapatupad ng droga ay nangungunang nakatutok sa mga indibiduwal na kasali sa komersyal na paglilinang at pagtatrapiko ng mariwana.

Malamang ang pagbebenta ng mariwana ay hindi lamang gagawin ng lehitimo, mga nagbabayad ng buwis na mga negosyante, pero pati ng mga krimal na rin. Dahil sa mas matapang na antas ng tetrahydrocannabinol (THC) sa mga tubong-Alaska na mga mariwana, ang mga labas ng estado na pangangailangan para sa droga ay makabuluhan, at ang pagiging legal ay maaaring itaas ang mga oportunidad para sa pagluluwas ng mariwana. Hinuhulaan ng AST na ang mga operasyon ng iligal na komersyal na pagpapalaki ng mariwana ay patuloy na iiral para mapunan ang pangangailangan na ito, umiiwas sa mga buwis at regulasyon para makagawa ng pinakamatas na kita. At saka, ang pagpapahintulot sa operasyon ng mga pasilidad ng paglilinang ng mariwana tulad ng iminungkahi ng inisyatiba ay talagang itinataas ang oportunidad para sa “pinalaking legal” na mariwana ng Alaska na iligal na malihis at maluwas.

Ang DPS ay iaatas ang kahit tatlong dagdag na mga puwesto ng Kawal ng Estado ng Alaska para tutukan ang iligal na paglihis at pagluwas ng mariwana alinsunod sa batas na nilinang sa Alaska. Ang mga puwesto na ito ay makikipagtrabaho din sa mga imbestigador ng lupon ng na Taga-kontrol ng May Alkohol na mga Inumin (ABC) sa mga imbestigasyon sa kriminal na aktibidad kaugnay ang regulasyon ng industriya ng mariwana.

Ang halaga ng unang taon ng tatlong puwesto ng bagong kawal na imbestigador ay $827,200; $594,400 para sa patuloy na pagpopondo para matakpan ang personal na mga serbisyo, paglakbay, pagsasanay, mga pagtutustos (ang batayan ay tumataas), at $232,800 para matakpan ang pagsasanay sa akademya, mga kagamitan ng IT, malilipat na mga radio, mga kagamitan sa opisina, mga armas at mga sasakyan (isang-beses na pagpopondo).

Panukalang Batas Bilang 2

Acto para Buwisan at Maayos na Sipilin ang Produksyon, Pagbebenta, at Paggamit ng Marijuana

Bagama't ang mga aresto para sa mga simpleng pag-aari ay maaaring bumaba, ang mas malaking pagkakataong makakuha ng mariwana ay malamang itataas ang bilang ng mga tamang edad na nagkokonsumo ng mariwana at ang dalas kung kailan ito kinukonsumo; ang kahihinatnan, ang bilang ng mga indibiduwal na nagmamaneho sa ilalim ng impluwensya ng mariwana ay inaasahang tataas. Ang kasalukuyang sinasanay ay ang pangangasiwa ng may batayang nasa labas na pagtitimpi sa mga indibiduwal na sinususpetsyahan ng pagmamaneho sa ilalim ng impluwensya (DUI). Walang kasalukuyang walang kemikal na pagsusuri na maaaring gamitin sa labas para malaman kung may panghihina dahil sa mariwana; at ang pagkuha ng isang sampol ng dugo para sa mga layunin ng pagtukoy sa presensya ng isang nakontrol na substansya (kasama ang mariwana) ay dapat gawin sa isang pasilidad na mediko.

Para mabilis at masigurong makilala ang mga palatandaan ng mariwana sa mga drayber na nakausap, iminumungkahi ng DPS na mas maraming mga kawal ay maging sertipikado bilang mga eksperto sa pagkilala ng droga. Ang isang eksperto sa pagkilala ng droga (DRE), minsan tinatawag bilang isang taga tasa ng pagkilala ng droga, ay isang opisyal ng pulis na nagsanay para makilala ang mga panghihina sa mga drayber sa ilalaim ng impluwensya ng droga maliban sa, o dagdag sa, alkohol. Ang mga atas ng pagsasanay at sertipikasyon ay itinatag ng Pandaigdig na Kapisanan ng mga Hepe ng Pulisya at ng Administrasyon ng Kaligtasan ng Trapiko ng mga Pambansang Daang-bayan. Ang halaga para sa pagsasanay na ito ay mahigit kumulang $2,500 kada kawal.

Sa wakas, ang DPS ay ilulunsad ang isang malaking pampublikong edukasyon at kampanya ng media ng kamalayang nakatutok sa mga panganib ng pagmamaneho sa ilalim ng impluwensya ng mariwana, katulad sa mga kampanya ng kasalukuyang pagmamaneho ng lasing at paggamit ng linturon pangkalikasan. Gamit ang paggasta ng kasalukuyang kampanya ng media bilang isang batayan, ang mga halaga ng produksyon at pag-aanunsyo para sa isang kampanya ng DUI na nakatutok sa panghihina dahil sa mariwana ay tinatantiyang magiging $500,000 kada taon para sa telebisyon, radyo, limbag, at pag-aanunsyo sa internet.

Laboratoryo ng Siyentipikong Pagtuklas ng Krimen:

Ang Laboratoryo ng Siyentipikong Pagtuklas ng Krimen (SCDL) ay nagbibigay ng mga serbisyong pagkilala ng droga sa mga ahensya ng tagapagpatupad ng batas ng Alaska sa pamamagitan ng seksyon ng kontroladong mga substansya nito. Ang mga forensik na siyentipiko sa seksyon ay inaanalisa ang mga bagay ng ebidensya at mag konklusyong kilalanin ang isang kontroladong substansya o gawin ang sapat na pag-aanalisa para malaman na walang kontroladong mga substansya ay naroroon.

Ang ebidensya ng droga na isinumite sa seksyon ay maaaring maanalisa sa pamamagitan ng iba't ibang uri ng mga pamamaraan na isinasama ang pangunang pagsusuri kahalo ang nagkokonpirmang pagsusuri. Ang pangunang pagsusuri ay maaaring isama ang pagsusuri ng kulay, pag-analisa gamit ang microscope ng microcrystalline, o pisikal na pagkilala ng isang tableta gamit ang isang mapagkakatiwalaang mapagkukunan. Ang konpirmasyon ng presensya ng isang kontroladong substansya ay ginagawa sa pamamagitan ng isa sa dalawang nagkokonpirmang mga

pagsusuri, kromatography ng gaas/mass spectrometry (GC/MS) o infrared na spektropotometry.

Sumusunod sa pag-aanalisa, isang forensik na siyentipiko ay binibigyan kahulugan ang nakatulong na datos at naghahanda ng isang ulat ng kanyang mga natuklasan. Ang ulat na ito ay ginagamit sa mga paglilitis ng kriminal na hukuman at madalas ang forensik sa siyentipiko ay hinihingan na magbigay ng dalubhasang testimonya sa mga hukuman.

Ang mariwana, isang naka-iskedyul na VIA na kontroladong substansya sa ilalim ng AS 11.71.190, ay isang karaniwang isinusumite ng mga ahensya ng pagpapatupad ng batas sa laboratoryo ng krimen. Ang mga kagamitan sa droga tulad ng mga pipa at mga digital na iskala ay kadalasan ding isinumite sa laboratoryo ng krimen para sa pag-aanalisa. Ang mga forensik na siyentipiko ay maaari ding tawagin para maanalisa ang mga muwestra para sa mga pederal na ahensang tumatakbo sa loob ng Alaska para sa mga substasyang kontrolado sa ilalim ng pederal na Batas ng Kontroladong mga Substansya, na sumasaklaw sa mariwana.

Ang laboratory ng krimen ay bihirang niaanalisa ang mga dami ng personal na gamit ng mariwana. Sa halip, ang ebidensyang isinusumite sa laboratoryo ng krimen ay nagpapahiwatig ng pagpapakalat (pagtatrapiko) na antas ng dami. Tulad ng hula ng AST na ang iligal na operasyon ng komersyal na pagpapatubo ng mariwana ay magpapatuloy kahit na anong pagiging ligal ng mga nauugnay sa mariwana na mga pasilidad, tulad ng mga pasilidad sa paglilinang ng mariwana at mga tingian na tindahan ng mariwana, ang SCDL ay hindi inaasahan ang isang pagbaba sa pagsusumite ng ebidensya.

Ang Alaska ay kasalukuyang walang pangloob na programa ng paghahanap ng lason sa droga. Ang SCDL ay may kontrata kasama ang Pang-estadong Laboratoryo ng Paghahanap ng Lason sa Washington sa Seattle para sa serbisyo sa paghahanap ng lason at nagpapadala ng mga muwestra doon para sa pag-aanalisa ng droga. Batay sa inaasahang pagtaas sa pagmamanehong pinahina ng mariwana, tinatantiya ng DPS na ang isang pamantayan ng 150 na karagdagang mga muwestra ay ipapadala para sa pag-aanalisa sa kada taon. Sa karaniwang halaga ng $300 kada muwestra, ang pagtaas sa mga halaga ng kontrata ay magiging $45,000 kada taon.

Ang tinatantiyang kabuuang halaga sa DPS para sa pagpapatupad nitong inisyatiba ay $1,434,700 para sa unang taon at $1,201,900 para sa ikalawang taon. Ang sumusunod ay isang buod ng mga tinatantiyang mga halaga:

	Unang Taon	Ikalawang Taon
Tatlong Puwesto ng Kawal na Imbestigador	$594,400	$594,400
Mga halagang pang isang beses sa puwesto (pagsasanay sa akademya, mga kagamitan ng IT, mga kagamitan sa opisina, mga armas, at mga sasakyan)	$232,800	$0.0
Kabuuang Halaga ng mga Personal na Serbisyo	**$827,200**	**$594,400**
Kampanya ng Media sa DUI ng Mariwana (produksyon at pag-aanunsyo)	$500,000	$500,000

Tantiya ng mga halaga para sa Kagawaran ng Pag-iingat ng Kalikasan ng Alaska para ipatupad ang inisyatiba ng mariwana $0 - $136,900

Ang inisyatiba ng balota ay ginagawang legal ang mariwana para sa paggamit ng mga taong 21 na taong gulang ang edad o mas matanda. Seksyon 17.38.080 ay sinasabi na ang Kagawaran ng Komersyo, Komunidad, at Pang-ekonomiyang Pagpapaunlad ay maaaring lumikha ng isang Lupon na Taga-kontrol ng Mariwana; kung hindi, ang mga kapangyarihan, mga tungkulin at mga responsibilidad ay mapupunta sa Lupon na Pagkontrol ng mga Inuming may Alkohol, matatagpuan sa DCCED.

Karaniwan, sa ilalim ng AS 17.20, ang DEC ay may responsibilidad na kontrolin ang pagkain at mga produkto ng pagkain. Ang mariwana o ang mga deribatibo nito, kung gawing isang pagkain, ay ipasailalim sa mga probisyong iyon. Gayon pa man, sa ilalim ng 17.38.090 ng iminungkahing batas, ang resposibilidad para sa pag kokontrol ng mariwana, kasama ang paglikha ng mga atas ng pag-eetiketa at ang mga regulasyon sa kalusugan ang kaligtasan para sa paggawa ng mariwana, ay nasa Lupon ng Taga-kontrol ng May Alkohol na Inumin.

Kung ang karagdagang mga establisyamento ng pagkain ay binuksan para lumikha ng mga produkto ng mariwana (tulad ng mga gawaan ng tinapay ng mariwana, atbp.) kasama ang karagdagang mga pasilidad ng pagkain na nagbubukas sa estado, ang Programa ng Kaligtasan ng Pagkain at Kalinisan sa loob ng DEC ay mangangailanan ng karagdagang puwesto para sa Pangkalikasang Opisyal ng Kalusugan III sa Anchorage para suriin ang mga plano sa paglilinis at gumawa ng mga inspeksyon sa kalinisan para sa tumaas na bilang ng mga pasilidad. Kung mayroong pagtaas sa mga pasilidad, inaasahan ng DEC ang pangangailangan ng isang regular na posisyon sa kabuuang halaga ng $136,900 (kasama ang mga serbisyong personal, paglalakbay kontraktuwal at mga gastos sa pagtustos).

Ang mga tantiya ay ginagawa batay sa halaga niyon FY14 ay hindi lumalarawan sa pagtataas ng implasyon na mangyayari sa mga taon magagamit nito hanggang ang lehislasyon ay maipapasa, ang mga regulasyon ay dapat nakasulat, at mga indibiduwal na nag-ayos ng mga operasyon ng pagpapalawak at potensyal na mga establisyamento ng pagkain. Ang halaga ay tataas sa hinaharap na mga taon.

Tantiya ng mga Halaga sa Unibersidad ng Alaska para maipatupad ang inisyatiba ng mariwana Di tiyak

Panukalang Batas Bilang 2

Acto para Buwisan at Maayos na Sipilin ang Produksyon, Pagbebenta, at Paggamit ng Marijuana

Ang Unibersidad ng Alaska ay nasuri ang inisyatiba at dahil sa pagiging di sigurado sa palibot ng inisyatiba ay hindi kayang magbigay ng isang tantiya ng mga halaga na makukuha nito sa oras na ito. Subalit, kung ang inisyatiba ay magiging batas, ito ay diretsong aapekto sa pangunahing populasyon ng Unibersidad – ang mga mag-aaral.

Ang mga potensyal na lugar sa mga halaga kasama pero hindi limitado sa:

Kasing tulad sa Colorado at Washington, ang edukasyon ay kakailanganin ng mga estudyante, mga guro, at tauhan tungkol sa inisyatibo na papalit sa mga patakaran ng Unibersidad tungkol sa pagmamay-ari o gamit ng droga sa paaralan.

Ang Batas ng Klery ay isinasali ang mga antas para sa edukasyon sa mga epekto ng droga. Ang Unibersidad ay kailanganin na isaayos ang Klery nito, at magkakaroon ng potensyal na mga dokyumento, ang mayroong potensyal na mga gastusin sa ilang alaga ng produksyon kaugnay ang pagsisikap na iyon. Dagdag pa, malamang ang mga alagang kaugnay sa pagbabago ng mga patakaran at regulasyon ng Unibersidad. Dagdag pa dito, ay malamang magkakaroon ng halaga kaugnay at paayos ang mga patakaran at mga regulasyon tulad ng pagbabahay, pag-eempleyo at disiplina.

Inaasahan na magkakaroon ng mga karagdagang halagang kaugnay sa pagpapatupad (ang iminumungkahing batas ay ipinagbabawal ang pagkonsumo sa publiko) ng mga kagawaran ng pulis ng UAA at UAF pati na rin ng mga admistrador.

Mayroong mga potensyal na legal na halagang kaugnay sa pag-aanalisa ng inisyatiba at pagpapayo sa Mayoryang Administratibong mga Yunit (MAUs).

Malamang magkakaroon ng ilang epekto sa mga halaga ng pag-aaruga ng kalusugan at mga singil para sa mga empleyado pati na rin ang isang potensyal na epekto sa singil ng bayad sa pagsisiguro para sa Unibersidad.

Nakikinita ng Unibersidad na sila ay malamang makakakuha ng ilang halaga sa pananaliksik batay sa mga kahilingan para sa impormasyon sa panlipunan at ekonomikong mga apekto ng inisyatiba.

Tantiya ng mga halaga sa Opisina ng Tinyente Gobernador at Sangay ng Halalan para maipatupad ang inisyatiba ng mariwana **$80,257**

Opisina ng Tinyente Gobernador
Ipinapalagay na ang inisyatiba ay inilagay sa balota, ang pinakamababang halaga para gumawa ng mga pampublikong pagdinig tungkol sa inisyatiba sa dalawang komunidad sa bawat isa sa apat na panghukumang distrito ay tinatayang magiging $9,000. Ang bilang na ito ay maaaring bumaba kung ang mga pagdinig ay gagawin sa mas marami sa isang inisyatiba sa isang oras.

PAHAYAG SA SUPORTA

Ang pagbabawal ng mariwana ay naging kasing hindi epektibo, hindi episyente, at naging hindi produktibo tulad ng pagbabawal ng alkohol. Oras na para sa isang mas makatwiran na paglapit.

Ang Sukat Balota 2 ay magtatapos sa palpak na polisiya ng pagbabawal ng mariwana sa Alaska at papalitan ito ng isang sistema kung saan:

- Personal na paggamit, pagmamay-ari, at limitadong pagpapalaki sa bahay ng mariwana ay legal para sa mga matatanda na 21 na taong gulang at mas matanda; at
- Ang mariwana ay inareglo at binuwisan tulad ng alkohol.

Ang mga pag-aaral ng gobyerno at siyentipikong pagsusuri ay tuloy-tuloy na pinalagay na kahit ang pinakamabisang mariwana, sa puro o kahit anong ibang porma, ay mas hindi nakakasira sa mamimili at sa lipunan kaysa sa alkohol. Hindi ito masyadong nakakahumaling, hindi masyadong nakakasira sa katawan, at hindi malayong malabong mapagsimulan ng marahas at walang bahalang asal.[1,2] Matatanda na mas pinipili na gamitin ang mariwana sa halip ng alkohol ay hindi dapat maparusahan para sa paggawa ng isang mas ligtas na pinili.

Mayroong 2,219 na mga aresto sa mga paglabag sa mariwana sa Alaska noong 2010, kung saan 91% ay para sa paghawak lamang.[3] Ang Sukat 2 ay pumapayag sa mga nagpapatupad ng batas na gamitin ang kanilang oras at limitadong mga kayamanan sa pagharap sa mga seryosong krimen sa halip ng pag-aaresto at pag-uusig ng mga adulto para sa paggamit ng isang hindi gaanong nakakasirang material kaysa sa alkohol.

Ang kasalukuyang mga batas sa pagbabawal sa mariwana ay tumulak sa pailalim na mga pagbebenta ng mariwana sa merkado kung saan sila ay kinokontrol ng mga kriminal na pangangalakal. Ang Sukat 2 ay papalitan ang pailalim na merkado ng isang mahigpit na reguladong sistema ng lisensyadong mga negosyo ng mariwana na lilikha ng mabubuting trabaho para sa mga taga Alaska at makagawa ng kita sa buwis para sa estado at mga lokalidad. Ito rin ay lilikha ng negosyo at mga sumusuportang industriya, tulad ng konstruksyon, pagbebenta ng mga lupain, at pagwenta ng mga tustusin. Ang mga lokalidad ay magkakaroon ng karapatan na ipagbawal ang mga establisyamento ng mariwana.

Ang mga opisyal ng estado ay lilikha at magpapatupad ng mga tuntunin na magmamahala sa produksyon at pagbenta ng mariwana, tulad ng pagsusubok, pagbabalot, mga kinakailangan sa pagdidikit ng etiketa, at mga paghihigpit sa pag-aanunsiyo.

Ang isang kontroladong merkado ay magbibigay ng isang mas ligtas na kapaligiran para sa mga matatanda sa pagbili ng mariwana, at ibababa nito ang kanilang pagkakalantad sa ibang iligal na materyal. Ito rin ay maging mas epektibong mapipigilan ang mga tinedyer sa pagbili ng mariwana. Mananatili itong iligal ang pagbenta o pagbigay ng mariwana sa mga minor de edad, at ang katibayan ng edad ay kakailanganin sa pagbili ng mariwana. Iyong mga nagbebenta ng mariwana sa pailalim na merkado ay hindi humihingi ng ID.

Sa Colorado, kung saan ang mga botante ay inaaprubahan ang isang katulad na sukat noong 2012, iniulat ng mga opisyal na walang pagkakataon ang iligal na mga negosyo sa pagbebenta ng mariwana sa mga minor de edad.[4] Simula ng sinimulan ng estado ang pag-aareglo ng daan-daang mga negosyong nauugnay sa mariwana noong 2010, ang paggamit ng mariwana ng mga tinadyer ay hindi tumaas, ang bilang ng mga pagtatapos sa mataas na paaralan ay tumaas, at bilang ng mga tumitigil sa pag-aaral ay bumaba.[5,6]

Ang pag-iimplementa ng batas ng Colorado ay hindi nag-ambag sa isang pagtaas sa krimen, at ang marahas na krimen ay bumaba sa buong estado sa unang taon kung saan ang mariwana ay para sa mga adulto.[7] Ang bilang ng nakamamatay na bungguan ng sasakyan ay bumagsak ng higit sa 25% sa unang apat na buwan ng legal na pagbebenta ng mariwana kumpara sa parehong haba ng panahon noong nakaraang taon.[8]

Ang buong-estadong suporta para sa pagtatapos ng pagbabawal ng mariwana ay tumaas sa Colorado simula ang legal na adultong pagbebenta ng mariwana ay nagsimula.[9]

Gumagana ang pag-aareglo ng mariwana.

PAHAYAG SA OPOSISYON

Malaking Mariwana, Malaking Pagkakamali, Bumoto ng Hindi sa 2

Laban sa pinakamabuting interes ng ating Estado, ang Panukala 2 ay hinahangad na maging legal, gawing pangkomersyal, **mag-anunsiyo**, at gawing pang-industriya ang mariwana at produkto ng purong mariwana (tulad ng "shatter," "butane hash oil," at mga "Ring Pots" ng mariwana) sa Alaska. Ang Inisyatiba ay magastos, grabe, hindi pa panahon, at nakakasakit sa mga komunidad ng Alaska, mga negosyo, mga pamilya at ating kabataan. Hinihimok namin kayo na Bumoto ng Hindi sa 2 dahil:

1. **Ang Inisyatiba ay Sobrang Magastos.** Ang Estado ng Alaska ay tinatantiyang ang inisyatibang ito ay maaaring itaas ang mga gastos sa Gobyerno ng Estado ng mahigit sa $7 na milyon kada taon, kasama ang mga tumaas na gastos para sa kapabayaan ng bata at mga DUIs. At saka, ang Kapisanan ng Mga Hepe ng Pulis ng Alaska ay tinatantiya na ang inisyatiba ay itataas ang mga gastos sa maliliit na mga bayan at mga lungsod ng $6 na milyon. Ito ay mga gastos sa gobyerno ng estado at pulis lamang. Batay sa ebidensya, **para sa bawat $1 ng mga naitaas na buwis, ang mga gastos sa sosyal, pagiging produktibo, negosyo, at kalusugan ng mga substansiya tulad ng mariwana ay magiging $10.** Kasama sa mga gastos ang: nawalang pagiging produktibo, dumaraming mga aksidente, pinsala sa kabataan, pinsala sa mga pamilya, at tumaas na gastos sa kalusugan.

2. **Ang Inisyatiba ay Ginagawang Legal ang Paggawa, Pag-aanunsiyo, Pagkalakal, Paglilipat at Pagkokonsumo ng Grabeng Produkto tulad ng Shatter, Butane Hash na Langis at Delikadong, Madaling Makakain sa Mga Bata.** Ang Inisyatiba ay tanging tinutukoy ang mariwana na isinasama ang lahat ng mga purong mariwana at mga produkto. Gagawin nitong legal ang paggawa, pag-aanunsiyo, paglilipat at pagkokonsumo ng ganoong mga grabeng produkto ng 80-90% THC shatter, butane hash oil, at mga guho. **Inirerekomenda namin na ang lahat ng mga botante ay i-Google ang shatter at butane hash oil bago bumoto.** Dalawang tao na ang namatay sa Colorado mula sa mariwana na madaling makakain sa mga bata, at ang mga pagbisita sa silid-emerhensya ay dumami.

3. **Kinukuha ng Inisyatiba ang pagpipiliang lokal** para sa mga komunidad ng Alaska na maging tuyo sa mariwana.

4. **Hindi Kinukuha ng Inisyatibang Ito ang Ilegal na Pagtatrapiko ng Mariwana.** Kung papasa ang inisyatibang ito, magkakaroon ng: ilegal na bentahan ng mariwana sa kabataan; ilegal na pagluwas ng mariwana, at ilegal na bentahan sa mga nasa wastong edad (tulad ng sa Colorado ngayon pagkatapos ng legalisasyon).

5. **Gusto Ba Talaga ng Mga Taga Alaska ng Ibang Malaking Industriya na Nagsusulong ng Pagtaas na Paggamit ng Ibang Nakakapinsalang Nagpapalasing? Hindi.** Marami masyadong mga ebidensya na ang mariwana ay nakakapinsala sa mga hindi pa napapanganak na sanggol, mga lumalaking utak, paggayak, pagpapasiya (kasama ang habang nagmamaneho), kalusugan ng isip, mga baga, mga puso at marami pa.

6. **Ang mga Galing sa Labas na Interes ang Nagpopondo sa Inisyatiba.** Sundan ang pera. Malaking mariwana. Malaking pagkakamali.

7. **Ang Bilang sa mga Kabataang Gumamit ay Tataas.** Ang siyensiya ng Pampublikong Kalusugan ay talagang malinaw. Kung ang inisyatiba ay papasa, ang bilang sa mga kabataang gumamit ng mariwana, kasama ang shatter, butane hash oil, at mga nakakain ay tataas.

8. **Walang Dahilan para Magmadali sa Paggawa ng isang Pagkakamali.** Nararapat nating makita kung ano ang nangyayari sa Colorado at gumawa ng isang desisyon na may kaalaman tungkol sa kung ano ang pinakamabuti para sa mga taga Alaska. Tignan natin kung papaano ang **malaganap na pag-aanunsiyo ng mariwana at mga produkto ng mariwana** ay gagana; ilang **mga demanda** mayroon galing sa industriya ng mariwana; at kung ano ang ginagawa ng mga **tagalobi ng mariwana.** Suriin natin ang tumataas na mga pagbisita sa silid-emerhensya at mga kamatayan. Walang pagmamadali sa Alaska para gumawa ng isang pagkakamali.

Ang mga gastos nitong inisyatiba na galling sa labas ang mga pondo ay napakalaki. Bumoto ng Hindi sa 2.

KABUUANG TEXTO NG PANUKALANG BATAS

"Isang Batas para buwisan at kontrolin ang produksyon, pagbebenta, at paggamit ng mariwana."

ISASABATAS ITO SA PAMAMAGITAN NG MGA TAONG BAYAN NG ESTADO NG ALASKA:

***Seksyon 1.** AS 17 ay binago sa pamamagitan ng pagdagdag ng isang bagong kabanata na binabasang:

Kabanata 38. Ang regulasyon ng mariwana

Sek. 17.38.010. Hangarin at mga nakita.

(a) Sa interes ng pagpapayag sa pagpapatupad ng batas na makapokus sa marahas at pang-propiyedad na mga krimen, at para pagbutihin ang indibiduwal na kalayaan, ang mga taong bayan ng estado ng Alaska ay nakita at idinedeklara na ang paggamit ng mariwana ay dapat maging legal para sa mga taong 21 na taong gulang ang edad o mas matanda.

(b) Sa interes ng kalusugan at pampublikong kaligtasan ng ating mga mamamayan, ang taong bayan ng estado ng Alaska ay lalo pang nakita at idinideklara na ang produksyon at pagbebenta ng mariwana ay dapat kontrolin upang:

(1) Ang mga indibiduwal ay dapat magpakita ng katibayan ng edad bago bumili ng mariwana;

(2) Lehitimo, mga negosyanteng tao na nagbabayad ng buwis, at hindi mga gumagawa ng krimen, ang gagawa ng pagbebenta ng mariwana; at

(3) Ang mariwana na ibinenta ng mga kontroladong negosyo ay eetikitahan at masasakop nang mga karagdagang regulasyon upang masiguro na may alam at protektado ang mga mamimili.

(c) Dagdag pang dinideklara ng mga taong bayan ng estado ng Alaska na hindi binabalak ng mga probisyon nitong Batas na paliitin ang karapatan sa pagkahiwalay tulad ng pagkakaintindi ng Korte Suprema ng Alaska sa *Ravin v. Estado ng Alaska.*

(d) Wala sa Batas na ito ang nagmumungkahi o nagbabalak na mangailangan sa kahit sinong indibiduwal o entidad na sumali sa kahit anong kilos na lumalabag sa pederal na batas, o maglibre ng kahit sinong indibiduwal o entidad mula sa kahit anong pangangailangan ng pederal na batas, o gumawa ng kahit anong harang sa pederal na pagpapatupad ng batas pederal.

Sek. 17.38.020. Personal na gamit ng mariwana.

Sa kabila ng anumang iba pang probisyon ng batas, maliban kung ibinigay sa kabanatang ito, ang sumusunod na mga kilos, ng mga taong 21 na taong gulang ang edad o mas matanda, ay alinsunod sa batas at hindi magiging isang kriminal o sibil na pagkakasala sa ilalim ng batas ng Alaska o sa batas ng kahit anong politikal na pang-ilalim na sangay ng Alaska o magiging isang batayan sa pagpapatigil o pagbawi ng mga ari-arian sa ilalim ng batas ng Alaska:

(a) Pagmamay-ari, paggamit, pagpapakita, pamimili, o paghahakot ng mga gamit sa mariwana o isang onsa o mas mabababa ng mariwana;

(b) Pagmamay-ari, pagpapalaki, pagproseso o paghahakot ng di tataas sa anim na mga halaman na mariwana, kung saan ang tatlo o mas kakaunti ay magulang na, namumulaklak na mga halaman, at pag-aari ng mariwanang binunga ng mga halaman sa mga lugar kung saan ang mga halaman ay pinalaki;

(c) Paglilipat ng isang onsa o mas kakaunti na mariwana at hanggang sa anim na bata pang mga halaman na mariwana sa isang tao na 21 na taong gulang o mas matanda na walang bayad;

(d) Konsumo ng mariwana, maliban na wala sa kabanatang ito ay papayag sa konsumo ng mariwana sa publiko; at

(e) Pagtulong sa ibang tao na 21 na taong gulang ang edad o mas matanda sa kahit ano sa mga aksyon na inilarawan sa mga talatang (a) hanggang (d) ng seksyon na ito.

Sek. 17.38.030. Mga paghihigpit sa personal na paglilinang, parusa.

(a) Ang personal na paglilinang ng mariwana na inilarawan sa AS 17.38.020(b) ay napapailalim sa mga sumusunod na mga kasunduan:

PANANALITA SA BALOTA

Panukalang Batas Bilang 3 – 13MINW
Acto Para Itaas ang Minimum na Sahod sa Alaska

Itataas ng panukalang ito ang minimum na sahod sa Alaska mula $7.75 kada ora magiging $8.75 kada ora mula Enero 1, 2015. Ang panukala ay itataas ang minimum na sahod sa $9.75 kada ora mula Enero 1, 2016. I-a-adjust ng panukalang ito bawat taon para sa pag-taas ng presyo ng bilihin matapos ang taong 2016. Maglilikha ang panukala ng paraan para sa adjustment.Sa ilalim ng panukala, kung ang adjusted na minimum na sahod ay mababa ng isang dolyar kumpara sa pang federal na minimum na sahod, ang minimum na sahod sa Alaska ay magiging isang dolyar higit sa pang federal na minimum. Ang mga tip o gratuity ay hindi ibibilang sa minimum na sahod.

Ang panukala ay may pahayag ng findings at declaration. Ang pahayag na ito ay nagbibigay ng dahilan para sa panukala. Ang mga dahilan ay ayon sa kalidad ng buhay para sa mga mababababang sahod na mga manggagawa, ang epekto ng mga pagtaas sa mga presyo ng pamumuhay, ang relasyon na minimum na sahod sa Alaska sa pang federal na antas ng kahirapan, at minimum na sahod sa ibang state.

BUOD NG AHENSYA NG PANG LEGISLATIBONG UGNAYAN

Itinataas ng Batas ang pinakamababang sahod sa estado. Sa Enero 1, 2015, ito ay magtataas mula $7.75 papuntang $8.75 kada oras. Sa Enero 1, 2016, ang pinakamababang sahod ay muling tataas patungo sa $9.75 kada oras. Kada taon pagkatapos ng 2016, ang estado ay isasaayos ang pinakamababang sahod para sa pagtaas ng mga presyo ng bilihin. Ang bagong halaga ay dapat maging kahit $1.00 na mas mataas kada oras kaysa pederal na pinakamababang sahod. Ang mga tip at mga regalo ay hindi nabibilang na bahagi ng pinakamababang sahod.

Bilang kinakailangan ng AS 15.45.090(a)(4), ang Kagawaran ng Pagpapaunlad ng Trabaho at Mga Manggagawa ng Alaska (DOLWD) ay inihanda ang sumusunod na pahayag ng mga halaga para ipatupad ang pagkukusa ng balota para sa iminumungkahing pagtaas ng pinakamababang sahod. Ang pinakamababang halaga sa Kagawaran ng Pagpapaunlad ng Trabaho at Mga Manggagawa ng Alaska, di kasama ang mga legal na halaga sa estado, ay tinatayang magiging $2,083.

Ang inisyatiba ng balota ay papalit sa kasalukuyang pinakamababang sahod na, sa ilalim ng AS 23.10.065(a) ay nakatakda sa $.50 na mas mataas kaysa sa pederal na pinakamababang sahod. Ang pagkukusa ay tumatawag para sa isang pagtaas sa pinakamababang sahod papuntang $8.75 simula sa Enero 1, 2015 at $9.75 simula sa Enero 1, 2016. Matapos ang 2016, ang pagkukusa ay magtatatag na ang pinakamababang sahod ay iaakma sa pagtaas ng basehan ng mga taunang presyo ng bilihin at ang manatiling ang pinakamababang sahod ay $1.00 na mas mataas kaysa pederal na pinakamababang sahod.

Walang sapat na impormasyon para itatag ang mga piling tantiya ng halaga kaugnay sa pagtaas ng pinakamababang sahod bilang isang resulta ng pagkukusa. Sa kasalukuyan, walang magiging bisa sa mga sahod na binabayaran sa mga empleyado ng Estado ng Alaska; ngunit, hindi alam na kung may kahit anong epekto ang pagtaas ng pinakamababang sahod sa mga serbisyong kinontrata ng Estado ng Alaska sa mga pribadong entidad.

Ang mabibilang na mga gastusing sanhi ng mga pagsasaayos ng pagkukusa ng balota sa pinakamababang sahod ay kaugnay sa mga pahayagang ginawa ng DOLWD para sabihan ang mga taga-empleyo at mga empleyado ng mga legal na pangangailangan kasama na ang pinakamababang sahod. Ang tantiyang taunang halaga para sa lahat ng mga pahayagan kaugnay sa taunang pagsasaayos sa pinakamababang sahod $2,083. Ang taunang tinantiyang gastusin para sa mga pahayagan ay magsisimula sa FY2015.

PAHAYAG SA SUPORTA

Sa ilalim ng umiiral na batas, ang pinakamababang sahod sa Alaska ay nakataya sa $.50 mas mataas sa pederal na pinakamababang sahod. Dahil ang umiiral na pederal na pinakamababang sahod ay $7.25, ang pinakamababang sahod ay $7.75 kada oras. Ang $.50 na premyo ng Alaksa ay itinalaga sa Unang Lehislatura ng Alaska sa 1959, noong ang pederal na pinakamababang sahod ay $1.00 kada oras.

Ang pinakamababang sahod ay itinakda para siguraduhin "ang pangangalaga sa pinakamababang mga batayan ng pamumuhay na kinakailangan para sa kalusugan, pagka-epektibo, at pangkalahatang ayos ng mga manggagawa" (Batas sa Mga Batayan ng Patas na Trabaho, 1938). Walang makapagsasabi na ang pinakamababang kasalukuyang sahod ng Alaska ay kahit na lumalapit sa paggawa nito. Ang isang buong oras, pangbuong taong na manggagawa na nakakakuha ng $7.25 kada oras ay kumikita lamang ng $16,120 kada taon. Ito ay mas mababa ng $8,600 sa pederal na simula ng kahirapan para sa isang pamilya ng tatlo sa Alaska ($24,740) at $13,700 mas mababa sa pederal na simula ng kahirapan para sa isang pamilya ng apat ($29,820).

Matapos ang pagkakaroon ng pinakamataas na pinakamababang sahod sa buong bansa para sa unang apat na dekada pagkatapos ng pagiging isang estado, ang Alaska ay nahulog sa ika-**19**, sa likod ng kahit na mabababang sahod na mga estado tulad ng Florida ($7.93) at Arizona ($7.90). May labing tatlong mga estado na nagbibigay para sa isang taunang pagsasaayos sa halaga ng pamumuhay sa kanilang pinakamababang sahod base sa Indise ng mga Presyo ng Konsumidor (CPI). Ang Washington ($9.32) at Oregon ($9.10) ay may pinakamatataas na pang-estadong pinakamababang sahod; ang pinakamababang sahod sa California ay tataas sa $10 sa Enero 2016.

Ang sukat na minumungkahi ng mga taga Alaska para sa isang Patas na Pinakamababang Sahod ay itataas ang pinakamababang sahod sa mahigit kumulang kung ano ito dapat noong Enero 1, 2016 kung ang 2003 na lehislatura ay hindi naisawalang bisa ang isang pagsasaayos ng halaga ng pamumuhay na naisabatas na may malawakang pampublikong suporta sa 2002. Ang pagtaas ay hinugis higit sa dalawang taon (paakyat sa $8.75 Enero 1, 2015 at sa $9.75 Enero 1, 2016, na may pagsasaayos sa halaga ng pamumuhay kada taon pagkatapos niyon) para makapagtanggap ng mga taga empleyo ng mga trabahador na may mababang sahod sa pagsasaayos sa pagpapataas.

Ang inisyatibang batas ay pinagtitibay muli ang matagal nang pagbabawal sa pagbibilang ng mga tip sa empleyado papunta sa pagharap sa obligasyon ng isang taga empleyo na bayaran ng buong pinakamababang sahod sa mga empleyadong nakatanggap ng tip.

Ang mga pag-aaral ay nagpapakita na sobra sa 75% ng mga trabahador na taga Alaska na kumikita ng pinakamababang sahod ay mga nasa tamang edad. Habang ang mga kritiko ay inaangkin na ang pagtataas ng pinakamababang sahod ay may isang negatibong epekto sa mga oportunidad sa trabaho para sa kabataan, ang mga pag-aaral ay nakakita na ang epekto, kung mayroon, ay maliit. Sa katunayan, sa ilalim ng kasalukuyang batas ng Alaska, kung saan ang iminungkahing inisyatiba ay hindi magbabago, ang mga trabahador sa ilalim ng edad na 18 na hindi nagtatrabaho nang hindi lalagpas sa 30 na oras kada linggo ay hindi kasali mula sa pinakamababang sahod ng Alaska at sumasailalim lamang sa batas ng pederal na pinakamababang sahod.

Sa Alaska, mahigit kumulang 30,000 na mga manggagawa sa o malapit sa pinakamababang sahod ay makakabenepisyo mula sa sukat na ito ay naka-empleyo sa pagpoproseso ng mga pagkaing dagat, mga hotel, mga restawran at serbisyo sa pagkain, pag-aaruga sa bata, bilang mga kahera, mga nagmamanehong tagapaghatid, at ibang mga mababababang bayad na mga trabaho.

PAHAYAG SA OPOSISYON

Gawin ang hindi mali, kung ang Panukala 3 ay papasa, ito ay magkakaroon ng dalawang agarang epekto—ngunit hindi ang mga pinapaniwala sa iyo ng mga sumusuporta.

Una, ang kawalan ng trabaho ng mga tinedyer ay tataas sa paglipas ng panahon, binababaan ang kanilang pagkakataon ng pagkuha ng mahalagang karanasan sa trabaho; ikalawa, ang abilidad ng mababang-kakayahang mga trabahador para kumita, lalo na sa mga tumutulong sa mga nakakatanda sa mga lakad at mga gawain sa palibot ng bahay, ay biglaang mapuputol—masasaktan ang dalawang grupo ng tao nang sabay.

Sa katunayan, karamihan kaysa doon sa kumikita ng mas mababa dito, ang mga maaaring taga benepisyo lamang ng Panukala 3 ay malamang ang mga pamilyang kumikita ng hindi liliit sa tatlong beses sa antas ng kahirapan, ginagawa ang isang pagtaas ng pinakamababang sahod na walang kuwentang laban sa kahirapan na inisyatiba.

Ang mga resultang ito ay hindi isang bagay ng haka-haka, ngunit ang mga ekonomikong disenyo na sumunod sa bawat pagtaas sa pinakamababang sahod. Napakahalaga na ang mga botante ay alam ang katotohanan tungkol sa pinakamababang sahod:

- Ang 99 na porsiyento ng lahat ng mga trabahador na orasang sahod sa Alaska (lahat maliban sa 2,000 na tao) ay kumikita na ng mas mataas kaysa pinakamababang sahod (2012, ang pinakabagong datos na makukuha).
- Higit sa 50 na porsiyento ng mga trabahador na may pinakamababang sahod ay mababa pa sa 24 ang edad, kaya ang pag-angat ng bayad ay tatanggalin ang unang matatamo sa ekonomikong hagdan ng buhay para sa mga batang tama sa gulang, habang ang mga may-ari ng negosyo ay napipilitan na putulin ang pag-aarkila para matugunan ang pagtaas ng gastos
- Pagkatapos ng huling pederal na pagtaas sa pinakamababang sahod, kalahating milyong mga trabaho para sa tinedyer ay nawala matapos ang anim na buwan, at iyon ang panahon ng ekonomikong pagbawi kung kailan mas maraming trabaho ay dapat na maaaring makuha.
- Ang karaniwang taunang kita ng pamilya noong kumikita ng pinakamababang sahod (sa buong bansa noong 2009) ay mahigit sa $48,000.
- Makabuluhang mas maraming taong kumikita ng kahit tatlong beses sa antas ng kahirapan ay bebenipisyo kaysa doon sa naninirahan sa ilalim nito.
- 83 na porsiyento ng mga kumikita ng pinakamababang sahod ay mga tinedyer na naninirahan kasama ang kanilang mga nagtatrabahong magulang, mga tamang gulang na naninirahan mag-isa, o mga mag-asawang dalawa ang kita.

Ang mga sumusuporta sa Panukala 3 ay tinuturo ang estado ng Washington bilang isang halimbawa na dapat sundin ng Alaska. Noong 2013, ang parehong estado ay nagkaroon ng magkatulad na bilang ng walang trabaho—6.5 na porsiyento sa Alaska, at 7 na porsiyento sa Washington. Ngunit para sa mga batang tamang gulang na nasa mga edad 16 hanggang 19, ang sitwasyon ay labis na iba. Sa Alaska, kung saan ang pinakamababang sahod ay $7.75 kada oras, ang kawalan ng trabaho ng tinedyer ay 17.5 na porsiyento. Sa estado ng Washington, kung saan ang pinakamababang sahod ay $9.32 kada oras at tinataas kada taon dahil sa pagsasatuntunan sa pagtaas ng mga presyo ng bilihin, ang bilang ng kawalan ng trabaho ng tinedyer ay isang lubhang kataka-takang 30.6 na porsiyento.

Ano ang mangyayari kung ang pinakamababang sahod ay itinaas ng sobra? Alalahanin ang mga tagapaglingkod sa estasyon ng gasolina. Paano naman ang mga tagabalot sa mga tindahan ng groseri? O, para sa mas nakakatanda, tagahatid sa mga teatro ng pelikula. Ang lahat ay tatanggalin. Ang teknolohiya ay maaaring gawin ang pareho para sa trabahong may pinakamababang sahod ngayon. Ang paglagay ng mga utos sa pamamagitan ng touch screens at pansariling checkout ay lumalaki sa Alaska. Ang pagkawala ng mga trabahong ito ay nangangahulugang pagkawala ng pinakamababang pagkamit sa hagdan ng karera at mas kaunting mga oportunidad para sa mga tao na dating pumupuno sa mga trabahong iyon.

Tinatanong ni ekonomistang William J. Dennis, na nag-aral ng maliliit na negosyo at ang pinakamaliit na sahod para sa 40 na taon: “Gusto ng mga taga empleyo ang may karanasang mga trabahador. Paano ka magkakaroon ng karanasan kung pinipresyohan mo palabas ng merkado ang mga tao sa simula pa lamang?”

Acto Para Itaas ang Minimum na Sahod sa Alaska

KABUUANG TEXTO NG PANUKALANG BATAS

"Isang Batas na nagtataas ng pinakamababang sahod sa Alaska sa $8.75 kada oras epektibo sa Enero 1, 2015, $9.75 kada oras epektibo sa Enero 1, 2016 at matapos ay taunan na iakma sa pagtataas ng presyo ng mga bilihin."

ISASABATAS SA PAMAMAGITAN NG TAONG BAYAN NG ESTADO NG ALASKA

Seksyon 1. Mga Natuklasan at Deklarasyon

Ang taong bayan ng Estado ng Alaska ay natuklasan at idinedeklara na:
(a) Ang pagtataas sa pinakamababang sahod sa Alaska ay tutulong makasiguro sa isang pinakamababang batayan ng pamumuhay para sa kalusugan at kapakanan ng bawat taga-Alaska,
(b) Ang mga taga-Alaskan na nagtatrabaho ng regular na kasalukuyang may pinakamababang sahod ay kumikita na di hamak na mas mababa sa pederal na antas ng kahirapan para sa isang pamilya ng tatlo,
(c) Ang mga estado sa Kanlurang Baybayin ng U.S. na Washington, Oregon, at California ay mayroon nang mas mataas na pinakamababang sahod kaysa sa Estado ng Alaska,
(d) Ang isang pantay na pinakamababang sahod ay naisalatuntunan sa halaga ng pamumuhay ay tutulong sa mga mababang-sahod na mga manggagawa na makipagsabayan sa pagtataas ng presyo ng mga bilihin.

Seksyon 2. Layunin

Ang layunin at balak ng pagsasabatas ng lehislasyong ito ay para itaas ang pinakamababang sahod sa Alaska sa $8.75 kada oras epektibo sa Enero 1, 2015, $9.75 kada orsa epektibo sa Enero 1, 2016, at matapos ay iaakma taunan sa pagtataas ng presyo ng mga bilihin.

Seksyon 3. AS 23.10.065(a) ay mapapawalang bisa at naisasabatas mula para mabasa na:
(a) Maliban kung ito'y ibinigay sa batas, ang isang taga-empleyo ay magbabayad sa bawat empleyado ng pinakamababang sahod, tulad ng itinatag dito, para sa mga oras na nagtrabaho sa isang panahon ng bayad, maging ang trabaho ay sinusukat ayon sa oras, piraso, komisyon o iba pa. Ang isang taga-empleyo ay hindi maaaring gamitin ang mga tip o mga pabuyang ibinigay sa mga empleyado bilang isang kredito papunta sa bayad ng pinakamababang oras-oras na sahod na kinakailangan ng seksyon na ito. Ang kredito ng tip tulad ng tinutukoy ng Batas ng Pantay na mga Batayan ng Trabaho ng 1938 na binago ay hindi nalalapat sa pinakamababang sahod na itinatag ng seksyon na ito. Simula sa pagpasa ng Batas na ito, ang pinakamababang sahod ay magiging $8.75 kada oras epektibo sa Enero 1, 2015, $9.75 kada oras epektibo sa Enero 1, 2016 at matapos inaakma taunan sa pagtataas ng presyo ng mga bilihin. Ang pag-aakma ay kulkalahin kada Septyembre 30, para sa susunod na Enero - Disyembre na kalendaryong taon, ng Kagawaran ng Pagpapaunlad ng Trabaho at Mga Maggagawa, gamit ang 100 na porsiyento ng singil ng pagtaas ng presyo ng mga bilihin batay sa Talatuntunan ng Presyong Pang Taga-konsumo para sa lahat ng tagalungsod na taga-konsumo para sa pang lungsod na lugar ng Anchorage, ipinagsama-sama ng Kawanihan ng Istatistika ng Trabaho, Kagawaran ng Trabaho ng Estados Unidos; ang kagawaran ay ilalapit ang inakmang pinakamababang oras-oras na sahod pataas sa pinakamalapit na isang sentimo; ang inakdang pinakamababang sahod ay gagamitin

Panukalang Batas Bilang 3

Acto Para Itaas ang Minimum na Sahod sa Alaska

sa trabahong ginawa mula Enero1 hanggang Disyembre 31 ng taon kung saan ito ay epektibo.

Seksyon 4. Kung ang pinakamababang sahod na itinukoy sa ilalim ng Seksyon 3 ay mas maliit sa isang dolyar laban sa pederal na pinakamababang sahod, ang pinakamababang sahod ng Alaska ay gagawing isang dolyar na mas mataas laban sa pederal na pinakamababang sahod. Ang halagang ito ay iaakma sa mga susunod na taon sa pamamagitan ng paraang itinatag sa Seksyon 3.

Ang pananalita sa inisyatibong ito ay inilahad ayon sa sinumite ng mga nagpanukala.

Panukalang Batas Bilang 4

Actong Magbibigay ng Proteksyon sa Ligaw na Salmon ng Bristol Bay at Mga Tubig sa Loob ng Umiiral na 1972 Bristol Bay Fisheries Reserve at mga Tubig na Dumadaloy Dito

PANANALITA SA BALOTA

Panukalang Batas Bilang 4 – 12BBAY
Actong Magbibigay ng Proteksyon sa Ligaw na Salmon ng Bristol Bay at Mga Tubig sa Loob ng Umiiral na 1972 Bristol Bay Fisheries Reserve at mga Tubig na Dumadaloy Dito

Ang panukalang ito ay kakailanganin na aprobahan ng lehislatura ang mga hinaharap na malakihang minahan ng metallic sulfide sa Bristol Bay Fisheries Reserve (BBFR) sa pagpapasa ng batas. Dapat makita ng batas na anumang ipananukalang minahan ay hindi ilalagay sa piligro ang isdaan ng BBFR. Ang pag-a-aproba ay karagdagan sa anumang ibang kakailanganing permit at mga pahintulot. Ipinaliliwanag ng batas na ang "operasyon ng malakihang metallic sulfide na minahan" na "isang tiyak na panukala para tanggalin ang mga metal, kasama ang ginto at tanso, sa mga bato na may asupre at ito'y magagambala mismo ang 640 o mahigit pa na ektarya ng lupa." Hinahayaan ng panukala ang Kagawaran ng Likas na Yaman na botohang tanggapin ang mga regulasyon.

Ang panukala ay makakatuklas. Ang mga matutuklasan ng panukala ay nakita ng lehislatura na mahalaga ang BBFR sa paglikha nito noong1972; na ang mga proteksyon ng panukala ay kinakailangan; na ang pagprotekta ng mga tubig at ligaw na salmon ng BBFR ay interes ng buong state base sa isdaang pang rehiyon, benipisyo pangkabuhayan, pamanang pang kultura, at kakaibang kayamanang ligaw na salmon; at na ang pagmimina ng metallic sulfide ay nakakapinsala sa mga interes na ito dahil ang mga minahan ay naglilikha ng lason at dumi. Ang panukala ay binabalak ang lehislatura na aprobahan ang anumang malakihang metallic sulfide na minahan sa BBFR o kung anumang labis na makakasama sa mga pansol nito.

Ang panukala ay para lamang sa mga malakihang minahan ng metallic sulfide sa BBFR na kulang sa lahat ng mga kinakailangang mga permit, lisensya, o mga pahintulot bago sa petsa na epektibo ang panukala?

Dapat bang maging batas ang panukalang ito?

Magagamit lamang ang Batas sa mga minahan na kumukuha ng metal mula sa mga batong may asupre. Ang lehislatura ay dapat hanapin na ang isang minahan ay hindi isang panganib sa palaisdaan ng Bristol Bay para aprubahan ito. Ang Batas ay may mga natuklasan na nagpapaliwanang sa layunin ng Batas na ito. Ang Batas ay pinapayagan ang Kagawaran ng Likas na Yaman na kupkupin ang mga regulasyon. Magagamit lamang ang Batas sa mga minahan na wala ang lahat ng mga kinakailangang pahintulot, mga lisensya, o mga pag-aapruba bago ang petsa ng bisa ng Batas.

PAHAYAG NG HALAGA NG GASTUSIN

Inihanda ng Kagawaran ng Likas na Yaman ng Alaska at ng Kagawaran ng Batas ng Alaska

Bilang kinakailangan ng AS 15.45.090(a) (4), ang mga Kagawaran ng Likas na Yaman at Batas ng Alaska ay naghanda ng sumusunod na pahayag ng mga halaga sa Estado ng Alaska para ipatupad ang batas na iminumungkahi nitong inisyatiba ng balota.

Ang inisyatiba ng balota ay mangangailangan ng lehislatibong pag-apruba ng kahit anong iminumungkahing malalaking mga operasyon ng pagmimina ng metalik sulfide “na diretsong didistorbo sa 640 na mga ektarya o mas malaking lupa” kung saan ang iyong mga iminumungkahing mga proyekto ay nasa loob ng imbakan ng tubig ng Reserba ng mga Palaisdaan ng Look Bristol. Ang kahit anong awtorisasyon ng Lehislatura “ay kukuha sa hugis ng isang karampatang naisabatas na batas na nakikita na ang iminungkahing malaking mga operasyon ng pagmimina ng metalik sulfide ay hindi lalakip ng panganib sa palaisdaan sa loob ng Reserba ng mga Palaisdaan ng Look Bristol.”

Kung ang inisyatiba ay iaaprubahan ng mga botante, isang lehislatibong proseso at pagpapasa ng isang batas na may tiyak na pagtuklas ay magiging karagdagang pangangailangan sa kasalukuyang nagpapahintulot na rehimen para sa tiyak na uri ng operasyon ng pagmimina sa imbakan ng tubig ng Reserba ng mga Palaisdaan ng Look Bristol. Ang karagdagang mga pangangailangan magkakaroon ng bisa nakaraan sa mga malaking mga operasyon ng pagmimina ng metalik sulfide na hindi nakatanggap ng lahat ng mga kinakailangang awtorisasyon, mga lisensya, mga permiso, o mga aprubadong plano ng operasyon bago ang petsa ng bisa ng inisyatibo.

Mayroong di sapat na detalye sa inisyatiba para makilala lahat ng mga halaga na maaaring kaugnay sa pagpapatupad ng hakbang na ito sa nagpapahintulot na rehimen. Ito ay kumakatawan sa isang tantiya ng mga halaga ng Estado at ang tunay na mga halaga ay malamang magiging iba. Ang mga tantiya ay simula Disyembre 2012 at hindi magpapakita ng mga pagtaas mula sa pagtaas ng mga presyo ng mga bilihin ay malamang mangyari sa bilang ng mga taon na maaaring itagal nito para sa isang malaking minahan na kumpleto ang kasalukuyang nagpapahintulot na rehimen at pagkatapos ay maisumite sa Lehislatura para sa pagsusuri at pag-apruba.

Hindi kasama sa tantiya ang mga gastos sa litigasyon; mga gastos na ang lehislatura ay maaari o maaari ding hindi makuha kaugnay sa mga karagdagang mga gamit ng pagsusuri sa labas

ng umiiral na mga permiso o awtorisasyon, at mga potensyal na tamang kita sa Estado mula sa naantala o nawalang mga buwis at kita sa mula sa pagpapahiram ng karapatan sa mga bagay-bagay.

Ang Kagawaran ng Likas na Yaman ng Alaska (DNR) Opisina ng Pangangasiwa ng Proyekto at Pagpapahintulot (OPMP) ay nagtutugma sa pagsusuri ng mas malalaking mga proyekto sa Estado. Ito ay ipinapalagay na ang isang potensyal na proyekto tulad ng tinukoy ng inisyatiba ay makikinabang mula sa isang pangunahing punto ng ugnayan at gagamit ng OPMP.

Ipinapalagay na ang inisyatiba ay hindi nangangailangan ng karagdagang mga pagtutuklas, mga pamantayan, o mga kinakailangan bilang dagdag doon sa nakalagay na sa ilalim ng nagpapahintulot sa mga regulasyon ng Estado, walang magiging mga karagdagang halaga sa mga ahensya ng estado sa paghihintulot sa isang proyekto sa lawak at laki tulad ng inilalarawan sa inisyatiba. Ngunit, sa taon kung saan ang isang pangwakas na awtorisasyon para sa isang proyekto ay darating bago ang isang lehislatura, ipinapalagay na magkakaroon ng mga lehislatibong pagdinig, at na ang DNR at ibang mga nagpapahintulot na ahensya ay hihingin na magbigay ng kanilang kadalubhasaan sa mga nauukol na paksa o sa nagpapahintulot na proseso sa kabuuan. Ipinapalagay na ang tungkulin ng mga ahensya ng Estado ay ang ipaliwanag ang kanilang mga nagpapahintulot na desisyon, hindi para magpayo sa Lehislatura, para masiguro ang pagkahiwalay ng kapangyarihan.

Sa pag-aasam ng mga lehislatibong pagdinig, ang mga ahensya ay maghahanda at mag-impake ng nauukol na mga dokyumento at ang tagatugma ng nga proyekto ng OPMP ay mag-iipon at itutugma ang mga dokumento at mga pagtatanghal ng mga tauhan na pumapalibot sa lahat ng nauugnay na nagpapahintulot na mga desisyon. Ang tagatugma ng OPMP ay kakatawan sa DNR sa mga lehislatibong pagdinig at magsisilbi bilang punong tagapag-ugnay sa pagitan ng lehislatura at mga ahensya ng estado. Ang pag-iipon ng mga nauukol na materyales at pagtutugma na pagsisikap sa panahon ng lehislatibong sesyon ay tinatayang magkakahalagang pinakamababa na $70,000. Ang mga halagang iyon ay maaaring hatiin tulad ng sumusunod: mga personal na serbisyo $52,000; paglalakbay $14,000; at mga kagamitan at materyales $4,000.

Ang Kagawaran ng Batas (Law) ay tinatantiya ang mga halagang kaugnay sa lehislatibong proseso na magiging pinakamababa na $50,000, kaugnay sa mga nagpapayong ahensya sa mga sumusunod na mga bahagi: pagpoproseso ng mga pakiusap ng pampublikong talaan; lehislatibong pagsusuri; mga dokyumento ng proseso at pagdinig; at pagsusuri at mga pagbabago ng mga regulasyon ng ahensya.

Ang mga tantiya ng halaga sa itaas ay kumakatawan sa isang pinakamababang halaga matapos ibigay ang ilang mga di-katiyakan tungkol sa tiyempo ng lehislatibong pagsusuri, ang kakulangan ng batayan sa inisyatiba kung saan ang isang lehislatibong pagpapasiya ay gagawin, at ang potensyal na epekto sa kita ng Estado kung ang lehislatura ay di nagbigay ng permiso para sa isang malakihang minahan.

– AS 15.45.090 (a) (4)
Inihanda ng Opisina ng Tinyente Gobernador at ng Sangay ng Halalan

Pahayag ng Halaga ng Sangay ng Halalan:

Ang pinakamababang halaga sa Sangay ng Halalan kaugnay ang sertipikasyon ng aplikasyon ng inisyatiba at pagsusuri ng petisyon ng inisyatiba, di kasama ang mga legal nga halaga sa estado at mga halaga sa estado sa kahit anong hamon sa pagiging balido ng petisyon, ay tinatayang magiging $71,257. Ang pahayag na ito ay kinakailangan sa ilalim ng AS 15.45.090(a)(3).

Tantiya ng mga halalan ayon sa kategorya

Kabuuan $71,257

Personal na mga Serbisyo $69,957
Ang mga gastusin sa mga personal na serbisyo kaugnay sa sertipikasyon ng aplikasyon ng inisyatiba at pagsusuri ng petisyon ng inisyatiba:
Tatlong regular na empleyado sa 522 na oras ay $29,200
8 temporaryong mga empleyado sa 2,520 na oras ay $40,757

Mga Serbisyo $ 1,300
Pag-imprinta ng mga librito ay $1,300

Pahayag ng Halaga ng Opisina ng Tinyente Gobernador
Ipinapalagay na ang inisyatiba ay inilagay sa balota, ang pinakamababang halaga para gumawa ng mga pampublikong pagdinig tungkol sa inisyatiba sa dalawang komunidad sa bawat isa sa apat na panghukumang distrito ay tinatantiyang magiging $9,000. Ang pahayag na ito ay kinakailangan sa ilalim ng 15.45.195.

Tantiya ng Opisina ng Tinyente Gobernador sa ayon sa kategorya

Kabuuan $ 9,000

Paglakbay $ 9,000
Ang tinatantiyang mga gastusin sa paglalakbay kasama ang balikang transportasyon gamit ang eroplano, pang araw-araw at ibang kaugnay na mga gastusin sa paglalakbay para sa Tinyente Gobernador at mga tauhan para maglakbay sa pitong mga komunidad sa Alaska: Ito ay ipinapalagay na ang isa sa mga pagdinig ay mangyayari sa Anchorage na hindi magsasangkot ng gastusin sa paglakbay.

PAHAYAG SA SUPORTA

Sukat Balota 4 ay kinakailangan na protektahan ang salmon sa Bristol Bay mula sa pinakamapinsalang mga epekto ng malaking sukatan ng pagmimina—BUMOTO NG OO

Ang sukat na ito ay nangangailangan ng malaking sukatan na mga minahan para natugunan ang batayan na ginamit sa paggalugad ng langis at gaas sa 40 taon—maiwasan ang hindi na maisasaayos na pinsala sa napakahalagang mga palaisdaan ng Bristol Bay.

Ang importansya ng Bristol Bay—

Ang Bristol Bay, kasama ang mararmi nitong mga ilog, mga lawa, at mga daluyan, nakakagawa ng mga ligaw na salmon sa isang sukatan at ng isang kalidad na walang kapares ng kahit anong lugar sa Daigdig. Ang taunang produksyon ng Bristol Bay ng 31 na milyong sockeye salmon na nagkakahalaga sa isang-katlo ng panustos ng mundo. Ito ang pinakamalaki at pinakamahalagang palaisdaan ng ligaw na salmon sa mundo. Di tulad ng ibang mga rehiyon ng nag-aani ng salmon, ang palaisdaang ito ay 100% na ligaw at ay di kailanman sinuportahan ng pinalaki sa pamisaan na isda. Ito ay tunay na isa sa isang uri na rehiyon.

Ang salmon sa Bristol Bay ay kritikal sa ekonomiya ng Alaska. Ang mga palaisdaan para sa laro at komersyal ay sumusuporta sa 10,000 na mga trabaho—na may isang taunang ekonomikong epekto sa Alaska sa pagitan ng $318 at $578 *milyon*—buong bansa, ang epektong iyon ay $1.5 *bilyon*.

Libu-libong mga lokal na residente ay umaasa sa taunang pagtakbo ng salmon para suportahan ang kanilang pamamaraan ng pamumuhay, tulad ng ginagawa nito para sa mga henerasyon.

Ang palaisdaan ng Bristol Bay ay maaaring magpatuloy na magbigay ng ekonomiko at pang-kulturang mga benepisyo kung ang Sukat Balota 4 ay naipasa.

Ang Reserba ng Mga Palaisdaan—

Noong 1972, ang Lehislatura ng Alaska ay lumikha ng Reserba ng Mga Palaisdaan ng Bristol Bay. Ang imbakan ng tubig ng Reserba ay isinasama ang kritikal na mga ilog at mga daluyan at mga bahagi ng dalawang pambansang parke at isang parke ng estado. Ang Sukat Balota 4 ay maapektuhan lamang ang mga 5% ng kabuuang lugar ng Alaska.

Para maprotektahan ang Reserba, ang lehislatura ay ipinasok ang isang karagdagang hakbang para sa mga nagpapaunlad ng langis at gaas na naghahanap ng mga permiso sa pagbabarena sa rehiyon—ang mga nagpapaunlad ay nangangailangan na ipakita ang kanilang mga gawain ay hindi isasapanganib ang salmon ng Reserba, at ang ekonomiya ay umaasa sa kanila.

Kung ang mga nagpapaunlad ay natugunan ang kanilang mga pasan, ang nahalal na mga representante ng mga taga Alaska (at hindi *ang hindi* nahalal na mga burukratiko) ay magpapahintulot sa gawain. Sa araw na ito, ang Reserba ay nag-iisa lamang sa Alaska.

Ang Sukat Balota 4 ay kinukuha ang parehong pamantayan—isang pamantayan na ginamit sa mga gawain sa langis at gaas ng 40 na mga taon—at ginagamit ito sa malaking sukat ng pagmimina ng metal na sulfide.

Pagpoprotekta sa Bristol Bay para sa mga darating na mga henerasyon—

Ang malaking sukat ng pagmimina ng metal na sulfide sa Bristol Bay ay kasalukuyang sinusunod sa hugis ng Pebble Mine. Ang pagmimina ng ganitong uri ay nakakagawa ng mga kemikal na maaaring makapinsala sa pumapalibot na mga tubig sa isang paraang kakaibang nakakalason sa salmon. Ang ganitong pagmimina ay mangangailangan din ng maramihang halaga ng ganitong mga nakalalasong sangkap na naitatago sa o malapit sa Reserba magpakailanman. Walang mina na nasa laki ng Pebble ay *kailanman* napaunlad na walang marurungisan sa pumapalibot na lupang tubig.

Nakatakda na ang ganitong uri ng pagmimina ay iminumungkahi sa puso ng pinakamalaking gumagawa ng salmon na imbakan ng tubig sa mundo, ito ay napakahalaga na ang mga taga Alaska ay bumoto ng oo sa Sukat Balota 4 para maprotektahan ang Palaisdaan.

Kung ang isang proyekto ay hindi isasapanganib ang Bristol Bay, ang Sukat Balota 4 ay pipigilan ito. Gayon pa man, ang sukat ay nagbibigay ng isang kinakailangang proteksyon laban sa kahit anong proyekto na sisira sa isang hindi mabibili ng salaping kayamanan.

BUMOTO NG OO sa Sukat Balota 4—BUMOTO NG OO para sa salmon.

PAHAYAG SA OPOSISYON

Ang inisyatibo ng Magpakailanman ng Look ng Bristol ay popolitikahin ang lubos na propesyonal at matagumpay na proseso ng pagpepermiso ng Alaska; ang iyong **"HINDI"** na boto sa oposisyon sa inisyatibo ay mahalaga para payagan ang matatag na proseso na isulong ang pananagutan. Ang inisyatibo ay ginawa para matigil ang mina ng Pebble sa Timog-kanlurang Alaska; hindi ito, ngunit matatagalan ang proseso ng pagpepermiso para sa proyektong iyon at ang iba pa na maaaring matuklasan sa lugar na iyon. Ito ay walang pagdududang gagamitin noong nagbabalak na itigil ang responsableng pagpapaunlad ng Alaska at maraming ibang proyekto tungkol sa proyekto ng Pebble, ngunit ang kahon ng balota ay hindi ang lugar para gawin iyong mga desisyon sa pagapapaunlad. Ang isang **"hindi"** na boto ay pananatiliin ang mga desisyon sa responsableng pagpapaunlad sa mga espesyalista na lubos na kwalipikado na dalhin ang proseso pasulong habang ang isang "oo" na boto ay gagawa ng napakasamang pampublikong polisiya. Ang ating gobyerno ay nagtatrabaho sa isang prinsipyo ng pagkakahiwalay ng mga kapangyarihan; ang pagkupkop ng inisyatibong ito ay isasalang-alang ang doktrinang ito.

Ang aking karanasan, na nagtatrabaho sa Opisina ng Pamamahala ng Proyekto at Pagpepermiso (OPMP) sa loob ng Kagawaran ng Likas na Kayamanan, nagpapahiwatig na ang grupong ito at mga nag-aambag na ahensya ay isang talagang mapagkakatiwalaan at propesyonal. Kinukuha nila ang kanilang mga tungkulin at ang mga batas na kanilang pinapagtibay at napakaseryosong pinangangasiwaan ito. Ang OPMP ay tinutugma ang proseso ng pagpepermiso sa loob ng estado para sa mga proyekto ng malalaking minahan. Ang proseso na pinaunlad ng ahensyang ito at ang asal nito ay kasama sa mga namumuno ng mundo ng responsableng pagpepermiso ng pagpapaunlad. Ang ibang mga ahensya na kasangkot sa proseso ay isinasaklaw ang mga Kagawaran ng Likas na Yaman, Pangkalikasang Pangangalaga, Isda & Hayop, Mga Manggagawa at Pagpapaunlad ng Puwersa ng Trabaho, Transportasyon, Komersyo, at iba pa; iba't ibang mga pederal na ahensya, kasama ang EPA, at ang Pangkat ng mga Inhinyero ay may dagdag na kontribusyon sa proseso.

Ang inisyatibo ay nagprepresenta ng isang napakaseryosong tanong tungkol sa pagkakahiwalay ng mga kapangyarihan sa pagitan ng administratibo at lehislatibong mga sangay ng ating gobyerno. Ang ating sistema ay itinayo para magkaroon ng mga tseke at mga balanse sa pagitan ng mga sangay ng gobyerno. Ang inisyatibong ito ay sumubok na ibigay sa lehislatibong sangay ng isang hindi pantay na antas ng awtoridad sa mga desisyon tungkol sa pagpapaunlad ng mga kayamanan. Ang IYONG "**HINDI** NA BOTO" AY HINIHIMOK! Para itanggi/higpitan/tignan ng pangkalahatan/itanong ng lehislatura ay hindi responsable, ay isang pinakamasamang polisiya – inisip mo ba na ang lehislatura ay mas kwalipikado na gumawa ng mga mahahalagang desisyon sa pagpapaunlad ng kayamanan kaysa sa lubos na nasanay at propesyonal na mga administrador at mga tagabigay ng regulasyon?

Pakiusap bumoto ng hindi sa Sukat ng Balota 4.

Richard A. Hughes, Namamahalang Kasosyo, Mga Serbisyong Inhinyero sa Minahan ng H2T

KABUUANG TEXTO NG PANUKALANG BATAS

PARA SA ISANG BATAS NA NAGBIBIGAY NG PROTEKSYON NG MGA LIGAW NA SALMON SA LOOK NG BRISTOL AT KATUBIGAN SA LOOB O DUMADALOY SA UMIIRAL NA RESERBA NG PALAISDAAN SA LOOK NG BRISTOL NG 1972

Isasabatas sa pamamagitan ng Taong Bayan ng Estado ng Alaska:

Seksyon 1. AS 38.05, ay binago sa pamamagitan ng pagdagdag ng isang bagong seksyon na babasahing:

Sek. 38.05.142. Lehislatibong apruba ang kinakailangan para sa ilang malakihang mga minahan.

(a) Bilang dagdag sa mga pahintulot at mga awtorisasyon maliban kung inaatas ng batas, isang pang katapusan na awtorisasyon ay dapat na makuha mula sa lehislatura para sa isang operasyon ng malakihang minahan ng metal na sulfide na matatagpuan sa loob ng imbakan ng tubig ng Reserba ng Palaisdaan sa Look ng Bristol na nakatalaga sa AS 38.05.140(f). Ang awtorisasyon na ito ay kukunin ang hugis ng isang tuluyang naisabatas na batas sa pagtuklas na ang iminumungkahing operasyon ng malakihang minahan ng metal na sulfide ay hindi magdadala ng panganib sa palaisdaan sa loob ng Reserba ng Palaisdaan ng Look ng Bristol.

(b) Ang komisyoner ay maaaring kupkupin ang mga regulasyon sa ilalim ng AS 44.62 para maipatupad itong seksyon.

(c) Sa seksyon na ito, ang “operasyon ng malakihang minahan ng metal na sulfide” ay nangangahulugang isang tiyak na mungkahing pagmimina para makakuha ng mga metal, kasama ang ginto at tanso, mula sa batong may sulfide at iyon ay diretsong didistorbo sa 640 o mahigit na ektaryang lupain.

Seksyon 2. Ang di nakakodigong batas ng Estado ng Alaska ay binago sa pamamagitan ng pagdagdag ng isang bagong seksyon na babasahing:

Ang Taong Bayan ng Alaska ay natuklasan ang mga sumusunod:

(1) Noong 1972, ang Lehislatura ng Alaska ay kinilala ang buong estadong importansya ng rehiyong ito sa pamamagitan ng pagtatatag ng Reserba ng Palaisdaan sa Look ng Bristol para maprotektahan ang mga palaisdaan ng salmon ng rehiyon sa pamamagitan ng pag-hingi ng lehislatibong apruba ng mga pahintulot na paunlarin ang mga upa ng langis at gaas sa loob ng Reserba;

(2) Dahil sa kinilala ang buong estadong importansya ng Reserba, at dahil sa potensyal na masamang epekto at pagdumi sa katubigan ng Reserba dala ng pagmimina ng metal na sulfide, ang taong bayan ng Alaska ay naniniwala na ang

ilang proyekto ng malakihang pagmimina ay dapat na mamuhay sa parehong mga batayan na ginagamit sa pagpapaunlad ng langis at gaas sa loob ng Reserba simula 1972;

(3) Ang rehiyon ng Look sa Bristol ng Alaska, kasama ang maraming mga ilog, mga lawa, at mga sapa, ay isang rehiyon na nagbibigay ng mga ligaw na salmon na pang-estadong lawak na interes dahil ang iba't ibang mga palaisdaan sa rehiyon (a) ay nagpapakain at nag-eempleyo sa mga residente sa buong estado; (b) nagbibigay ng importanteng buong estado na mga ekonomikong benepisyo; (c) magbigay ng isa sa kada tatlong pambuong mundong pundo ng ligaw na sockeye salmon.

(4) Sa libo - libong mga taon, ang ligaw na salmon ng imbakan ng tubig ng Look sa Bristol ay nasuportahan ang pangkabuhayan ang kultura ng pamumuhay ng mga Nitibo ng Alaska sa maraming bahagi ng Alaska;

(5) Ang ligaw na salmon sa Look ng Bristol at ang mga imbakan ng tubig ay nagbibigay din ng napakahalaga at lumalaking mga industriya ng isport at komersyal na pangingisda na nagbibigay ng importanteng pang-estadong lawak na ekonomikong mga benepisyo;

(6) Ang genetikong pagkakaiba-iba ng mga populasyon ng mga naiibang uri ng salmon sa rehiyon ay isa sa mga pangunahing dahilan na ang mga ligaw na salmon ng rehiyon ay hindi madaling masupil at ay nanatiling sagana. Kaya, ang bawat indibiduwal na populasyon ng salmon ay isang mahalaga at di mapapalitan na bahagi ng pangkabuuang yaman;

(7) Sa pagbaba ng bilang ng mga mapagkukunan ng ligaw na salmon sa buong mundo, ang halaga sa yaman ng ligaw na salmon sa Look ng Bristol ng Alaska ay patuloy na lumalaki. Ang lumalaking halaga nitong pambihira at nag-iisang yaman sa lahat ng mamamayan ng Alaska ay ginagarantiya ang karagdagang mga batayan ng proteksyon para sa ligaw na salmon sa katubigan na dumadaloy sa Reserba ng Palaisdaan ng Look ng Bristol;

(8) Ang pagmimina ng metal na sulfide ay may potensyal na masamang epekto sa mga yaman ng salmon dahil ang mga ka-produkto nitong pagmimina ay maaaring mapalitan ng masama ang kimiko ng katubigang tinitirhan ng salmon sa kanilang buhay at maaaring magkaroon ng seryosong kahihinatnan sa kaligtasan ng buhay ng mga indibiduwal na populasyon ng salmon, mga ka-klase at mga ka-uring hayop. Kaya, ito ay isang paksa ng pang-estadong lawak na interes para masiguro na ang mga pinakamagagaling na imbakan ng tubig na nagbibigay ng ligaw na salmon ay mapoprotektahan mula sa pagdumi at nakakalason na mga materyales at mga tiyak na epektong tanging nauugnay sa malakihang pagmimina ng sulfide;

Panukalang Batas Bilang 4

Actong Magbibigay ng Proteksyon sa Ligaw na Salmon ng Bristol Bay at Mga Tubig sa Loob ng Umiiral na 1972 Bristol Bay Fisheries Reserve at mga Tubig na Dumadaloy Dito

(9) Ang mga batayan ng proteksyon ng Batas na ito ay makatarungan ayon sa pangangailangan na bantayan ang kaligtasan sa Reserba ng Palaisdaan ng Look ng Bristol. Ang mga katotohanan, ebidensya at pagdadahilan kung saan ang Lehislatura ng Alaska ay inayon ang paggawa ng Reserba ng Palaisdaan sa Look ng Bristol noong 1972 ay sumusuporta din sa pangangailangan para sa batayan ng proteksyon ng Batas na ito; at

(10) Layunin ng Batas na ito na makakuha ng lehislatibong apruba ng kahit anong operasyon ng malakihang pagmimina ng metal na sulfide sa loob ng Reserba ng Palaisdaan sa Look ng Bristol, o kung saan ang potensyal na maapektuhan ng masama ang kahit na anong tubig na humahalo sa dagat sa loob ng reserba.

Seksyon 3. Ang di nakakodigong batas ng Estado ng Alaska ay binago sa pamamagitan ng pagdagdag ng isang bagong seksyon na babasahing:

AS 38.05.142, tulad ng pagsasabatas ng seksyon 2 ng Batas na ito, ay magagamit lamang sa mga operasyon ng malakihang pagmimina ng metal nasulfide na hindi nakatanggap ng lahat na kinakailangang mga awtorisasyon, mga lisensya, mga pahintulot, o aprubadong mga plano ng operasyon bago ang petsa ng bisa ng Batas na ito. Ang lehislatibong likos na inaatas sa AS 38.05.142(a) ay hindi magagamit sa isang umiiral na operasyon ng pagmimina sa estado o sa isang minahan na hindi apektado ang imbakan ng tubig na nakalarawan sa AS 38.05.142(a).

Seksyon 4. Ang di nakakodigong batas ng Estado ng Alaska ay binago sa pamamagitan ng pagdagdag ng isang bagong seksyon na babasahing:

Ang layunin ng taong bayan ng Alaska na ang mga probisyon ng AS 38.05.142, tulad ng naisabatas, ay independente at maaring maging independente, at kung ang kahit anong mga probisyon ng AS 38.05.142 ay mapanghahawakan na magiging di balido ng isang hukuman na may karampatang hurisdiksyon, ang natitirang bahagi ng AS 38.05.142 ay hindi maapektuhan at ay mabibigyan ng bisa sa sagad na sakop na posible.

Seksyon 5. Petsa ng Bisa. Ang di nakakodigong batas ng Estado ng Alaska ay inamyendahan sa pamamagitan ng pagdagdag ng isang bagong seksyon na babasahing:

Ang Batas na ito ay magkakabisa 90 na araw matapos ang pagsasabatas.

Pahayag:
Naging isang pribilehiyo at isang karangalan na magsilbi sa mga tao ng Alaska bilang isang mahistradong hukom sa korte suprema para sa limang taon na nakalipas at para sa limang taon bago doon bilang isang hukom sa nakakataas na korte sa Anchorage. Ipagpapatuloy ko na ibibigay ang 100% sa aking abilidad at pinakamahusay na pagsisikap para maging uri ng mahistrado ng korte suprema na hinahangad at nararapat sa inyo – isang hukom ng integridad, na siyang nangangako sa pantay na hustisya sa ilalim ng batas para sa lahat; isang hukom na siyang gagamit sa patakaran ng batas na walang kasamang pagsasaalang-alang sa personal na mga pananaw; isang hukom na siyang magiging kumpletong nakahanda para sa bawat kaso, makikinig ng maigi sa lahat ng pananaw, maging matiyaga, maging patas at walang kinikilingan sa lahat; isang hukom na siyang magsisikap magtrabaho na may isang walang puknat na etika sa trabaho at pangako sa pampublikong serbisyo; isang hukom na siyang tututol kung makukumbinse na ang korte ay umabot sa isang mali or hindi makatarungan na desisyon; isang hukom na siyang rumerespeto sa Konstitusyon at naiintindihan na ang papel ng korte sa ilalim ng Konstitusyon ay hindi para gumanap bilang isang "dakilang lehislatura" ngunit sa halip ay matapat na bigyan-kahulugan at gamitin ang batas. Kasama ang respeto at pagpapakumbaba, hinihingi ko ang inyong boto para mapanatili ako bilang isang mahistradong hukom sa Korte Suprema ng Alaska.

Pahayag:
Tulad ng sinabi ni John Adams, "Tayo ay isang gobyerno ng mga batas, at hindi ng mga tao." Mayroon, samakatuwid, walang ibangi mas mahalagang pampublikong tungkilin kaysa ang pagbigay tiwala ng mga mamamayan ng Alaska ng tungkulin na maging makatarungan, matapat at walang kinikilingan paggamit ng batas bilang isang hukom. Bilang tugon sa tiwalang ito, ako ay at patuloy na magiging nakatuon sa pagpapasiya sa bawat kaso ng makatarungan at walang kinikilingan ayon sa batas, at ako ay patuloy na magtatrabaho ng mahusay para makapagdesisyon sa bawat kaso sa isang napapanahon na paraan at ipaliwanag ang mga dahilan para sa aking mga desisyon. Kasama ang respeto sa sistema ng korte bilang isang buo, sinusuportahan ko ang maramihang patuloy na mga pagsisikap para makupkop ang mga pagpapabuti, tulad ng pagkilos patungo sa mas may kakayahang umangkop na mga oras ng korte at mga sistema ng elektronikong pagsalansan at pamamahala ng kaso.

Isang pribilehiyo at karangalan para makapagsilbi sa mga mamamayan ng Alaska bilang isang Hukom ng Nakatataas na Korte. Kung mapapanatili, ipagpapatuloy kong gawin sa aking pinakamabuting makakaya para maging karapat-dapat sa kanilang tiwala.

Pahayag:
IIkinararangal ko na nakapagsilbi sa komunidad ng Anchorage bilang isang hukom sa nakatataas na hukuman simula Pebrero 2011. Walang pagbabago kong sinubukan na gawin ang lahat ng paglilitis sa aking harapan sa isang patas at naiintindihan na paraan, at para siguraduhin na nakikinig ako sa posisyon ng bawat tao, para gamitin ang batas nang walang kinikilingan sa kanilang sitwasyon at tulad ng ipinasa ng lehislatura, at para tratuhin ang lahat ng mga partidong humaharap sa silid-hukuman na may respeto at dignidad. Sinusubukan kong mabuti na siguraduhin na ang lahat ng mga partido ay naiintindihan kung ano ang sinasabi at kung ano ang dapat nilang mga susunod na hakbang, lalo na ang mga partidong kumakatawan sa kanilang sarili. Kumukuha din ako ng kapurihan sa pagbibigay ng aking mga desisyon ng mabilis at na may pinakamaraming pagliwanag tulad ng posible, dahil alam ko na ang paghihintay para sa isang paghahatol ay maaaring maging mabigat at mahirap para sa mga partido.

Naglakbay ako sa ibang mga lugar ng korte para sa mga pagdinig at mga paglilitis; ikinalulugod ko palagi na gawin ito dahil nasisiyahan din akong makilala ang mga tao at komunidad sa labas ng Anchorage. Ipagpapatuloy ko na magboluntaryo para sa mga kasong iyon, para ang mga mahahalagang isyu at mga hindi pagkakasundong nakakaapekto sa mga taga Alaska sa labas ng mga sentrong urban ay nareresolba nang mabuti, nasa oras, at makatarungan.

Ikinalulugod ko at nasisiyahan sa pribilehiyo ng pagsisilbi bilang isang hukom, at inaasahan ang pagpapalawak ng aking naaabot sa pamamagitan ng pagbibigay ng walang kinikilingan at napapanahong mga desisyon sa bawat kaso na napupunta sa aking harapan.

Mga Tanging Nakakawilihan:
Pagbibisikleta, Pag-iiski, Paglalakad ng malayo

Iba pa:
Lumaki ako sa lugar ng Boston at pinagpatuloy ang aking edukasyon sa silangang baybayin. Sa isang panahon ng aking "co-ops" sa paaralan ng batas, ako ay nag-interno sa Opisina ng Pampublikong Pagtatanggol ng Alaska. Pagkatapos kong makapagtapos, ako ay bumalik bilang isang kawani ng batas para sa Korte ng Mga Apela ng Alaska. Pagkatapos ay lumipat ako sa Kenai para magtrabaho sa Ahensya ng Pampublikong Mga Tagapagtanggol. Mamaya, ako ay lumipat pabalik sa Anchorage para magtrabaho para sa Abugado Heneral, ginagawa ang pagproproteksyon ng mga mamimili at saka ang trabaho na nagpoprotekta ng kabataan. Pagkalipas ng limang taon, ako ay nagtrabaho sa Opisina ng Tagausig ng Bayan kung saan ako ay nangasiwa sa yunit ng pangtahanang karahasan at mga abugado ng paglilitis.

Pahayag:
Noong ako ay dumating sa Alaska, ako ay agad na napaibig sa pagiging palakaibigan, ang espiritu, at pagkailap ng Alaska, at ginawa ko na tahana ang Alaskan. Sa nakaraan na 20 na taon, naging masuwerte ako na nakapagsilbi bilang isang kawani ng batas, pampublikong tagapagtanggol, tagausig, hurado, at hukom. Naisiwalat sa akin ng mga karanasang ito ang kriminal at sibil na sistema ng hustisya sa Alaska. Nakita ko at ikinatutuwa ko na ang Sistema ng Korte ng Alaska ay nagsusumikap araw-araw na maging isa na kumakatawan sa pagkamakatarungan at pagkapantay-pantay kung saan ang layunin ay tratuhin ang lahat ng mga indibiduwal na humaharap sa korte ng may dignidad at respeto. Sa pagiging unang naging abugado sa aking pamilya, naging isang nakakatakot na gawain ang pumunta sa paaralan ng batas at pagkatapos ay malagpasan ang mga pagsubok ng paglilitis. Kaya kinikilala ko na ang pagpunta sa korte ay isang hindi kumportableng karanasan para sa publiko dahil personal ko itong naranasan.

Ang pagbabago mula sa abugado patungo sa hukom sa nakalipas na tatlong taon ay parehong naging nakakahamon at nakakagantimpala. Talagang naging isang karangalan at pribilehiyo na gawin ang pagbabagong iyon. Bilang isang hukom ng korte ng distrito na nakikitungo sa mga indibiduwal na may mahahalagang bagay sa kanilang mga buhay na gusto nilang matugunan ng sistema ng korte, ako ay nagsisikap na walang kikilingan at araw-araw na magalang at para gumawa ng mga desisyon, nang patas at agaran. Inaasahan ko na makapagpatuloy na magsilbi sa publiko bilang isang hukom ng korte ng distrito at umaasa para sa oportunidad na gawin ito.

Pahayag:
Tumira ako sa Alaska mula 1972. Pagkatapos dumalo sa kolehiyo at sa paaralan ng batas, bumalik ako sa Alaska dahil sa aking malakas na kagustuhan na manatili sa Alaska at magsilbi sa komunidad kung saan ako pinalaki. Bilang isang Katulong na Abugado ng Distrito at Katulong na Abugado Heneral sa Anchorage, Barrow, Fairbanks, at Palmer, ako ay naging pamilyar sa mga isyu na hinaharap ng lahat ng taga Alaska kung sila ay nasangkot sa ating sistema ng hustisya. Ang karanasang ito ang gumawa sa akin na makipag-ugnayan ng episyente at pantay sa mataas na bilang ng mga kaso sa hukuman ng distrito ng Anchorage. Sa mga kriminal na kaso, nagsusumikap akong gumawa ng mga desisyon na tinutugunan ang parehong mga pangangailangan ng komunidad at ng biktima, pati na rin ang pagtugon sa isang pagbabagong buhay ng nasasakdal. Sa mga sibil na kaso, nakikinig akong mabuti sa mga partido at nagdadahan-dahan upang maabot ang mga desisyon na may saktong dahilan at makatarungan.

Sa loob ng sistema ng korte mismo, ako ay nakapagtrabaho kasama ang ibang mga hukom para gawin ang mga paglilitis na mas episyente para sa publiko, at ako ay kasalukuyang nagtatrabaho para dalhin ang elektronikong pagsasalansan sa sistema ng korte pati na rin ang pagpapalawak ng pampublikong paraan sa mga korte sa pamamagitan ng internet.

Nangangako ako sa pagtatrato sa lahat ng sinumang tao na kasali sa sistema ng hustisya natin nang walang kinikilingan at may respeto. Lubha kong ikinagagalak ang parehong pagseserbisyo at pagiging isang miyembro ng komunidad na ito.

Ako ay isang ikatlong henerasyon na taga Alaska. Ang lolo ko sa aking ina ay dumating sa Sitka, Alaska noong 1898. Ang aking ama ay nagtapos mula sa UAF noong 1934. Noong 1936, ang aking mga magulang ay pumunta sa Palmer para magtrabaho para sa Karugtong na Serbisyo ng Unibersidad. Matapos iwanan ang pampublikong serbisyo, nagmay-ari sila at nagpatakbo ng isang sakahang panggatas at nagtayo ng isang pamilya na may pitong anak. Ang aking mga kapatid na babae, isa sa aking mga kapatid na lalaki, at mga pamangkin ay naninirahan pa rin sa Valley.

Pahayag:

Bilang isang panghabang-buhay na taga Alaska, naging isang karangalan na magsilbi sa Valley bilang isang hukom sa 11 na taon, humahawak pa rin ng lagpas sa 60,000 na mga kaso. Mahal ko ang aking trabaho, at pinagsisikapan na tratuhin ang bawat tao na humaharap sa akin ng makatarungan at may respeto. Isa sa mga matataas na mga punto ng aking panghukumang serbisyo ay ang pagtulong na simulan ang korte ng pang-isipang kalusugan na aking pinaniniwalaan ay nakatulong sa maraming tao na ikutin ang kanilang mga buhay sa pamamagitan ng panterapeutikang hustisya.

Noong 2013, natuklasan ko ang tatlong mga kaso kung saan mayroon akong mga desisyon na atrasado at natanto na ako ay hindi tamang napirmahan ang mga binayarang salaysay sa panahon noong dalawang mga kasong iyon. Agaran kong inulat ng sarili ang bagay na ito sa Komisyon ng Panghukumang Asal at buong buo na nakipagtulungan sa imbestigasyon nito. Ang komisyon ay nakatuklas sa bandang huli sa akin na “hindi sinasadyang ginawa” ang pagpirma sa “hindi tumpak na mga binayarang salsaysay” sa panahon na ang dalawang mga kasong iyon ay atrasado, na ako ay “ may isang napakahusay na karakter at reputasyon,” na ako ay “walang kasinungalingan o pansariling motibo.” Natutonan ko mula sa nakakapakumbabang karanasan na bigyan ng mas maraming pansin ang administratibong mga pamamaraan. Sa aking sariling gastos, ako ay dumalo sa mga pagsasanay ng pamamahala ng kaso, ay trinabaho muli ang aking mga pamamaraan sa opisina. Hindi ko na kailanman muling gagawin ang pagkakamaling ito.

Matapat kong pinagsilbihan ang Ikatlong Panghukumang Distrito sa Palmer bilang isang hukom at inaasahan ko na ang aking pag-uulat sa sarili at mga kilos pangtama ay nagpapakita sa aking integridad. Labis akong pinapahalagahan ang pagbibigay ng hustisya sa lahat ng tao na humaharap sa akin at buong respeto kong hinihiling ang inyong boto para patuloy kong mapagsilbihan ang mga tao sa Valley.

Rekomendasyon ng Panghukumang Konseho ng Alaska

Hukom William L. Estelle, Hukuman ng Distrito ng Palmer

Ang Panghukumang Konseho ay nakikita na si Hukom Estelle ay ***Hindi Kwalipikado*** at inirerekomenda nang buong pagkakaisa na ang publiko ay bumoto ng **"HINDI"** para panatiliin siya sa opisina.

Bakit nagrerekomenda ang Panghukumang Konseho ng Alaska ng isang "Hindi" na boto kay Hukom Estelle?

 Ang Panghukumang Konseho ay inirerekomenda ang isang "Hindi" na boto kay Hukom Estelle dahil siya ay pumirma ng 16 na hindi totoong mga sinumpaang salaysay, nanumpa na mayroon siyang nakumpleto o na-isyung mga desisyon sa lahat ng mga bagay na naging nakabitin sa harap niya nang mahigit sa anim na buwan, pero sa katunayan ay hindi. Pumirma siya sa 12 sa mga salaysay na ito sa pagitan ng Septyembre 15, 2011 at Pebrero 28, 2012, kaugnay sa isang hindi nadesisyonang bagay, at pinirmahan niya ang 4 sa mga salaysay na ito sa pagitan ng Enero 15, 2013 at Pebrero 28, 2013, kaugnay sa isang ikalawang hindi nadesisyonang bagay.

 Dahil pinirmahan niya ang mga hindi totoong salaysay na nanunumpa na wala siyang mga desisyon o hindi nakumpletong mga bagay na natitira ng higit sa anim na buwan, si Hukom Estelle ay patuloy na tumanggap ng kanyang sahod ng nasa oras, kasalungat sa batas ng estado na nagbabawal sa isang hukom na mabayaran ng nasa oras kung ang hukom ay may hindi nadesisyonang mga bagay na natitira ng mas matagal sa anim na buwan.

 Ang Panghukumang Konseho ay nagpasya na sa pamamagitan ng pagpirma ng 16 na hindi totoong mga salaysay, si Hukom Estelle ay nabigo na ikilos ang kanyang sarili sa isang paraang nagsusulong ng pampublikong tiwala sa integridad at ang pagkamagaling ng hukuman.

Ano ang Panghukumang Konseho ng Alaska?

- Isang komisyon ng mga mamamayang itinatag ng Konstitusyon ng Alaska
- Ang mga miyembro ng konseho ay mga boluntaryong itinalaga na may tamang konsiderasyon para sa lugar na ikinakatawan at hindi ikinakasama sa politikal na pagkasapi
- Ang batas ng Alaska ay nangangailangan sa Panghukumang Konseho na suriin ang pagganap ng mga hukom at pinapahintulutan ito na magrekomenda sa mga botante kung ang mga hukom ay dapat bang mapanatili.

Para sa karagdagang impormasyon pumunta sa www.knowyouralaskajudges.com

 Ang Komisyon ng Alaska sa Panghukumang Asal, isang ahensyang independente at hiwalay mula sa Panghukumang Konseho, ay nagsagawa ng isang pormal na paglilitis at inirekomenda sa Korte Suprema ng Alaska na si Hukom Estelle ay madisiplina, batay sa mga nakita nito na si Hukom Estelle ay lumabag laban sa Kodigo ng Panghukumang Asal ng Alaska nang walang bahalang pagpirma sa 16 na binayarang salaysay. Sa panahon ng paglalathala, ang kaso ng disiplina ay nakabitin bago sa Korte Suprema ng Alaska; pakiusap tignan ang website ng Panghukumang Konseho ng Alaska para sa pinakabagong kinalabasan.

Ano ang ibang mga marka sa pagsisiyasat para kay Hukom Estelle?

Ang kumpletong pagsusuri ng Panghukumang Konseho kay Hukom Estelle ay sinasama ang mga pagsisiyasat ng mga abugado, mga opisyal ng kapayapaan at probasyon, mga empleyado ng korte, mga hurado, at mga propesyonal sa sosyal na serbisyo; isang pagsusuri ng kanyang bilang ng pangwakas na hamon at bilang ng pagtanggal sa sarili bilang hukom, mga bilang ng pagpapatibay ng paghahabol at pagbabaligtad, mga pahayag sa magkasalungat na interes ng APOC at sistema ng hukuman, at mga bagay na pang disiplinang kasangkot si Hukom Estelle, pati na rin ang pagtatasa ni Hukom Estelle sa kanyang sariling pagganap, at ang kanyang personal na paliwanag ng mga sirkumstansyang nakapalibot sa pagpirma niya sa 16 na hindi totoong mga binayarang salaysay.

Ang aking asawa na si Glenn at ako ay ikinasal sa Golden, Colorado noong 1988. Ang pagtira sa Alaska ay isang panaginip na aming pinagsaluhan at nakayanan naming lumipat dito noong 1990. Ang Kenai ay tahanan na sa amin ngayon. Ang asawa ko ay nagtatrabaho sa isang nasa ibayong dagat na plataporma ng langis sa Cook Inlet.

Pahayag:
Naging isang karangalan na magsilbi sa mga tao ng Estado ng Alaska pareho sa aking nakaraang tungkulin sa Kagawaran ng Batas at sa aking kasalukuyang tungkulin bilang isang Hukom ng Hukuman ng Distrito. Ako ay laging nagsikap para tratuhin ang bawat isa na may katarungan at respeto. Karamihan ng mga kaso na nakatalaga sa akin sa aking kasalukuyang tungkulin ay may mga litigante na hindi kinakatawan ng mga abugado. Sinusubukan kong siguraduhin na ang mga mamamayan na humaharap sa korte na walang benepisyo sa isang abugado ay naiintindihan kung ano ang nangyayari at ang mga mapagpipilian na maaaring makuha. Ang mga hurado ay napaka importante sa paggana ng sistema ng korte at sinusubukan kong gawin na ang maraming mga mamamayan na nag-uulat para sa serbisyo ng hurado ay alam ang kahalagahan ng kanilang tungkulin at respetuhin ang oras noong nagsisilbi bilang mga hurado. Bago gumawa ng kahit anong desisyon ako ay nagtatrabaho ng mabuti para magkaroon ng kaalaman at para maingat at walang kinikilingang suriin ang parehong mga katotohanan at ang batas.

Ang pagsisilbi bilang nag-iisang Hukom sa Hukuman ng Distrito ng Kenai ay naging parehong nakakahamon at nakakagantimpala. Kung mapapanatili, magpapatuloy ko na gawin ang aking pinakamahusay na trabaho sa aking makakaya sa tungkuling ito para magsilbi sa mga mamamayan ng Estado ng Alaska.

Pahayag:
Naging isang karangalan sa akin simula 1992 ng Agosto na magserbisyo sa mga tao ng Estado ng Alaska bilang isang hukom sa korte distrito.

Ang karamihan ninyo na may kontak sa kahit anong korte sa estado ay may kontak sa korte distrito.

Maraming mga tao ang humaharap sa korte ng distrito na walang mga abugado. Nangangako ako sa pagbibigay sa mga indibiduwal na naghahangad na malutas ang mga legal na isyu sa korte na may parehong uring pagpasok sa sistema ng hustisya na mayroon ang mga indibiduwal na may mga abugado.

Lahat kayo ay nasilbi o magsisilbi bilang mga hurado. Nangangako ako na tratuhin ang mga hurado na may paggalang at pagpapahalaga para sa kanilang serbisyo.

Nagsusumikap akong tratuhin ang lahat ng tao na pumupunta sa korte – mga indibiduwal, mga abugado, mga hurdo at iba pa – na may respeto at pagiging patas para tulungan sila sa pag-uunawa at paggamit ng sistema ng korte.

Kung mapapanatili, ipagpapatuloy kong pagtibayin ang aking sinumpaang opisina sa pamamagitan ng pagbigay sa publiko ng isang maaabot, patas at walang kinikilingang pagtitipon para sa resolusyon ng hindi pagkakaunawaan.

Ang mga tanawin na ipinahayag sa pahayag na ito ay galing sa kandidato at hindi inendoso ng Sangay ng Halalan.

Rekomendasyon ng Panghukumang Konseho ng Alaska

Hukom Stephanie Rhoades, Hukuman ng Distrito ng Anchorage

Ang Panghukumang Konseho ay nakikita na si Hukom Rhoades ay ***Kwalipikado*** at inirerekomenda nang buong pagkakaisa na ang publiko ay bumoto ng **"Oo"** para panatiliin siya sa opisina.

Ano ang mga katangian na sinuri ng Panghukumang Konseho ng Alaska?

Ang Panghukumang Konseho ay sumuri kay Hukom Rhoades sa:

- Integridad, sipag, pagkamakatarungan, kilos, at legal na abilidad,
- Abilidad na mangasiwa sa kanyang mga kaso, at
- Pangkabuoang pagganap ng kanyang panghukumang mga tungkulin sa loob at labas ng silid-hukuman.

Para sa karagdagdagang impormasyon tungkol sa lahat ng mga hukom na tumatayo para sa pagpapanatili, pumunta sa www.knowyouralaskajudges.com.

Ano ang Panghukumang Konseho ng Alaska?

- Isang komisyon ng mga mamamayang itinatag ng Konstitusyon ng Alaska
- Ang mga miyembro ng konseho ay mga boluntaryong itinalaga na may tamang konsiderasyon para sa lugar na ikinakatawan at hindi ikinakasama sa politikal na pagkasapi
- Ang batas ng Alaska ay nangangailangan sa Panghukumang Konseho na suriin ang pagganap ng mga hukom at pinapahintulutan ito na magrekomenda sa mga botante kung ang mga hukom ay dapat bang mapanatili.

Paano sinuri ng Panghukumang Konseho ng Alaska si Hukom Rhoades?

Siniyasat ang Libu-libong Mga Taga Alaska
Ang Panghukumang Konseho ay siniyasat ang libu-libong mga taga Alaska na may deretsong karanasan kay Hukom Rhoades, kasama ang mga abugado, mga opisyal ng kapayapaan at probasyon, mga empleyado ng korte, mga hurado, at mga propesyonal sa sosyal na serbisyo (mga sosyal na manggagawa, guardians ad litem, at mga itinalagang espesyal na mga tagataguyod).

Sinuring Impormasyon
Ang Panghukumang Konseho ay sinuri ang maraming mga indikasyon ng pagganap ni Hukom Rhoades, kasama ang mga bilang ng pangwakas na hamon, bilang ng pagtanggal sa sarili bilang hukom, bilang ng pagpapatibay ng paghahabol at pagbabaligtad, kahit anong sibil o kriminal na litigasyon kasangkot ang hukom, mga pahayag sa magkasalungat na interes ng APOC at sistema ng hukuman, kahit anong mga bagay na pang disiplinang kasangkot ang hukom, kung ang sahod ni Hukom Rhoades ay hinawakan para sa mga di napapanahong desisyon, at ang pagtatasa ni Hukom Rhoades na kanyang sariling pagganap.

Tinanong ang Mga Miyembro ng Publiko
Ang Panghukumang Konseho ay pinaghandaan ang isang pambuong-estadong pampublikong paglilitis sa pagganap ng lahat ng mga hukom, humingi ng katugunan sa website nito, at binigyan ng konsiderasyon ang mga marka at mga obserbasyon ng mga boluntaryong tagapagmasid sa korte.

Pahayag:
Naging isang pribilehiyo para sa akin na magserbisyo bilang isang Hukom ng Korte Distrito. Ako ay nagpapasalamat para sa positibong rekomendasyon ng Panghukumang Konseho ng Alaska.

Ikinararangal ko na maging isang miyembro ng kung ano ang pinaniniwalaan ko na isa sa mga pinakamahusay na sistemang pangkuhuman sa buong bansa. Nagtatrabaho ako ng mahusay para maibigay ang isang patas na pagtitipon sa lahat ng partido at para tratuhin ang lahat na humaharap sa akin na may paggalang at respeto. Sinusubukan kong isaalang-alang ang bawat kaso sa isang maingat, walang kinikilingan at pinag-isipang paraan at maibigay ng isang hatol na walang kinikilingan ay naaayon sa batas.

Tinanggap ko ang mga oportunidad para ipagtaguyod ang respeto para sa demokratikong mga prinsipyo at ang ating sistema ng hustisya sa pamamagitan ng pagsasalita sa mga grupo tulad ng mga pagtatapos sa korte ng kabataan at sa pamamagitan ng pagsali sa kunwaring paglilitis kasama ang mga klase sa paaralan. Ang trabaho ng isang hukom ay nangangailangan ng patuloy na pag-aaral para manatiling pangkasalukuyan sa batas at matuto ng mga bagong paraan para mapabuti ang pangangasiwa ng hustisya. Dagdag sa pribadong pag-aaral, pinagpatuloy ko ang mga pang-edukasyong oportunidad tulad ng mga seminar na legal para humusay ang aking pagganap bilang isang hukom.

Lagi kong pinagsisikapan ang sarili na umasal na may integridad, kapakumbabaan at sikap. Ipagpapatuloy ko na gawin ang aking mga tungkulin sa abot ng aking makakaya kung mapapanatili at pagsisikapan na maging karapatdapat sa trabahong ipinagkatiwala sa akin.

Ang mga tanawin na ipinahayag sa pahayag na ito ay galing sa kandidato at hindi inendoso ng Sangay ng Halalan.
Ang mga teksto sa pahayag na ito ay iniharap at ipinagkaloob ng kandidato ayon sa AS 15.58.030 at 6 AAC 25.690.

ANG MGA PINAHAHALAGAHAN NG ALASKA:

- Kalayaan
- Indibiduwal na libertad
- Limitadong gobyerno
- Malalakas na mga pamilya
- Pagpoprotekta sa pinakamahina

ANG AMING PANANAW:

- Pagbubukas ng mga kayamanang enerhiya
- Paglikha ng mga trabaho sa pamamagitan ng paghihimok ng libreng pagnenegosyo
- Malakas na pambansang depensa
- Depensa ng Konstitusyonal na mga karapatan
- Pagtitipid, sa halip ng pagpapanatili
- Mas mababababang buwis – Pagtanggal ng basura

ANG AMING PANGAKO:

Kami ay naniniwala na ang mga taga Alaska ay dapat kontrolin ang kanilang sariling kapalaran, kaya aming sinusuportahan ang mga polisiya na nagbibigay sa mga indibiduwal ng kapangyarihan at mga komunidad sa halip ng mga burukrasya sa gobyerno. Sa Washington, ang mga Republikano ay papanig sa pinakamabuting interes ng Alaska sa halip ng isang liberal na adyenda. Sa Juneau, ang mga Republikano ay tututok sa mga isyu at pinahahalagahan ang mga bagay na importantesa kanilang mga komunidad.

o, Usted puede usar una copia original de los siguientes documentos si contiene su nombre y dirección corriente:

- Factura Actual de Utilidades
- Cheque Emitido del Gobierno
- Extracto de Banco
- Cheque de Pago Actual
- Otro Documento del Gobierno

Si Usted no tiene identificación cuando vaya a votar, se le pedirá votar una boleta cuestionada.

Qué Pasa si su Nombre no Aparece en el Registro
Si su nombre no aparece en el registro de su distrito, Usted puede votar una boleta cuestionada. Antes de recibir una boleta, Usted tiene que completar un sobre de boleta cuestionada. Su boleta votada se pondrá dentro de una funda para mantener su voto en secreto y entonces esa funda se sellará dentro del sobre completada de boleta cuestionada. Todas las boletas cuestionadas se regresarán al Supervisor de Elecciones para ser revisado y contado por la Junta de Revisión de Boletas Cuestionadas.

Marcando la Boleta
Cuando vote la boleta, rellene completamente el óvalo al lado del candidato o asunto del cual desea votar. Rellene el óvalo así: ⬬

Solo tiene que marcar las competencias políticas o asuntos que elija votar. Si marca más de una elección en una competencia o asunto, esa sección de la boleta NO se contará. Las secciones de la boleta que estén propiamente marcadas sí que se contarán.

Si Usted comete un error marcando su boleta, NO borre o corrija la boleta. Usted puede regresar la boleta estropeada a un oficial de elecciones y pedir una boleta nueva. Si Usted intenta corregir un error en la boleta, el error corregido no se contará. **Nota:** *Solo puede recibir una sustitución por una boleta estropeada 2 veces.*

Prohibido Hacer Campaña Cerca de las Urnas
Las leyes de Alaska prohíben la persuasión política dentro de 200 pies de cualquier entrada a un lugar de votación durante las horas que las urnas estén abiertas. Esto quiere decir que Usted no puede hablar de o mostrar artículos de la campaña para los candidatos o asuntos que están en la boleta en el lugar de votación.

Derechos de Votantes, Asistencia y Preocupaciones

Votación Cuestionada
Si su nombre no está en la lista del registro de su distrito de votación o si Usted no tiene identificación, tiene el derecho de votar una boleta cuestionada. La información que Usted ponga en la parte de afuera del sobre de la boleta cuestionada se usará para determinar su elegilibilidad de votación y para poner al corriente su información de registración de votante. Si por alguna razón su boleta cuestionada no se cuenta en total, se le notificará a Usted por escrito.

Idioma u Otra Asistencia Mientras Vota
Si usted necesita asistencia de idioma o de algún otro tipo durante el proceso de votación, puede tener una persona que usted elija ayudarle mientras que esa persona no sea un candidato para un puesto político en las elecciones, que no sea su empleador, agente de su empleador o agente de un sindicato al cual pertenece usted. Usted puede recibir asistencia por cada paso del proceso de votación, incluyendo asistencia leyendo o rellenando la boleta dentro de la cabina de votación. Los trabajadores de elecciones que trabajan en el lugar de votación están disponibles para ayudarle también. Este es su derecho bajo la ley federal.

La División de Elecciones ha contratado trabajadores de participación bilingües para prestar asistencia de idiomas a los votantes Nativos de Alaska. Estos trabajadores están disponibles en las áreas rurales por todo el estado donde hay votantes Nativos de Alaska con capacidad limitada de inglés. Los trabajadores bilingües están disponibles para prestar asistencia de idiomas antes de las elecciones, incluyendo ayuda con este folleto y el Día de Elecciones durante el proceso de votación. Si usted necesita el nombre de la persona que ha sido contratada para prestar asistencia de idiomas en su comunidad, por favor, póngase en contacto con la División de Elecciones.

Opción de Votación por Pantalla Táctil
Habrá una unidad de votación de pantalla táctil en cada lugar de votación. El uso de la votación por pantalla táctil es para los ciegos, incapacitados, y para votantes que no leen bien. La unidad de votación por pantalla táctil le permite a los votantes incapacitados para que voten sin asistencia por medios del uso de boletas magnificadas, con contraste alto y boletas audios. Si Usted necesita votar usando una unidad de pantalla táctil déjale saber a la junta de elecciones.

Votantes con Limitaciones de Visión
Visores de magnificación de boletas par a las personas con limitaciones de visión estarán disponibles en todos los lugares de votación y lugares de votación en ausencia.

Grabaciones en audio de este folleto están disponibles en cada Oficina de Elecciones Regional o en la Biblioteca del Estado de Alaska, Centro de Libros en Audio, ubicado en Anchorage. Llame a la biblioteca al (907) 269-6575 para obtener más información.

Votantes con Deficiencias Auditivas
La División de Elecciones tiene un aparato de telecomunicación TTY, que le permite a los votantes con deficiencias auditivas obtener informacion general sobre las elecciones llamando al (907) 465-3020.

Votantes con Incapacidades Físicas
Si Usted tiene dificultad obteniendo acceso a su lugar de votación, o su tiene preguntas sobre el acceso a su lugar de votación, por favor déjele saber a la División de Elecciones. Intentamos hacer todo esfuerzo para asegurarnos que los lugares de votación sean accesibles para todas las personas de Alaska.

Preocupaciones, Comentarios, Preguntas
Si Usted tiene cualquier preocupación o comentario sobre votar, si tiene preguntas, o si le gustaría recibir más información sobre nuestros servicios especiales, por favor póngase en contacto con cualquier oficina regional de elecciones.

Votación en Ausenci

Temprano / En Persona / Por Correo / Electrónico y Necesidades Especiales para Votar

Hay varias opciones disponibles para votar en ausencia durante cada elección. Puede votar en ausencia en persona, por correo, transmisión electrónica o votar una boleta de necesidades especiales por medios de un representante persona.

Votando Temprano o en Ausencia en Persona
Empezando **el 20 de Octubre del 2014**, puede votar en un lugar de votación para votar en ausencia. Las boletas para todos los 40 distritos están disponibles en las oficinas de Elecciones Regionales. Adicionalmente a las oficinas de Elecciones Regionales, hay muchos otros lugares para votar en toda Alaska que tendrán boletas para sus distritos. Para más información o para obtener una lista de lugares de votación en ausencia visite nuestra página web o póngase en contacto con la oficina de Elecciones Regional.

Necesidades Especiales de Votación
Si no puede ir a las urnas debida a su edad, enfermedad severa o incapacidad, puede pedirle a un representante personal que le recoja y le entregue su boleta empezando 15 días antes de las elecciones en un lugar de votación en ausencia o el Día de Elecciones en su lugar de votación. Su representante personal puede ser cualquier persona, excepto un candidato para un cargo en las elecciones, el empleador del votante, un agente del empleador del votante, o un oficial o agente del sindicato del votante.

Votando Por Correo o Electrónicamente

Estado de Alaska - División de Elecciones

Aplicación de Boleta para Votar en Ausencia

Usted puede usar esta aplicación para pedir una boleta en ausencia y simultáneamente inscribirse inicialmente para votar o poner al corriente su inscripción de votante para las elecciones federales y estatales. Si es un votante inscrito actualmente, su aplicación completada se **TIENE** que recibir por lo menos 10 días antes al Día de las Elecciones. Si se está inscribiendo por primera vez para votar, su aplicación completada y toda la documentación probatoria se **TIENE** que recibir o tener el matasellos por lo menos 30 DÍAS antes del Día de las Elecciones al menos, en unas elecciones presidenciales de los Estados Unidos. En unas elecciones presidenciales, puede inicialmente inscribirse y participar en una competencia presidencial mientras que haya completado la aplicación y se reciba toda la documentación probatoria 10 DÍAS antes del Día de las Elecciones. **Votantes en el Ejército y en el Extranjero**: Cuando pida que su boleta se le mande por fax o por internet, su aplicación se **TIENE** que recibir no más tarde que las 5 de la tarde Tiempo de Alaska el día antes del Día de las Elecciones.

Cuando rellene esta aplicación, proporcione:

1. **Dirección de Domicilio en Alaska: TIENE** que escribir su dirección física en Alaska. Su dirección física en Alaska determina su distrito de votación y su circunscripción electoral. Su aplicación se negará si no pone su dirección física o si pone una Caja Posta (PO Box), No. de HC y Caja Postal, Caja Postal PSC, No. de Ruta Rural, Dirección Comercial o Punto de Recogida en la Casilla 5 de la aplicación.
   Si a su residencia se le ha asignado un nombre de calle o un número de casa, ponga esta información. Si a su residencia no se ha asignado un nombre de calle o un número de casa, indique exactamente donde vive tal como, nombre de carretera y número señalamiento miliario, muelle y número de rama de embarcación, nombre de subdivisión con lote y cuadra o nombre del complejo de tráileres y número de espacio. Si vive en un pueblo rural de Alaska, puede poner el nombre de su comunidad como su dirección de domicilio.
   ¿Está fuera del Estado temporalmente? Si lo está, y tiene la intención de regresar (los militares activos y los cónyuges de los militares están exentos de los requisitos de intención), usted puede mantener su residencia en Alaska tal como aparece en su expediente corriente. Si proporciona una nueva dirección de domicilio, la misma tiene que ser dentro de Alaska.
2. **Prueba de Identidad –** Su identidad tiene que ser verificada. Si se le ha expedido un número de Seguro Social, Licencia de Manejar de Alaska, o Tarjeta de ID del Estado de Alaska, **TIENE** que proporcionar por lo menos un número en la Sección 7 de la aplicación. Si nunca se le ha expedido uno de estos números de identificación, lo puede indicar marcando la casilla apropiada.
   ¿Está enviando esta aplicación por correo, fax, o correo electrónico? Si así es, y no está aún inscrito para votar en Alaska, su identidad tendrá que ser verificada cuando se inscriba o la primera vez que vote. Si desea asegurarse que identidad sea verificada cuando se inscriba, envíe una copia de alguno de los siguientes documentos:
   - Identificación válida y con foto actual
   - Pasaporte
   - Acta de Nacimiento

Declaración:
Como nací y me crié en Alaska, entiendo las necesidades únicas de Alaska y la diversidad de nuestras comunidades, gente y opiniones. Para mí, luchar para Alaska es simplemente sentido común.

Es fácil hablar sobre conseguir resultados, pero yo he conseguido buenos resultados luchando para Alaska y usando mi influencia para producir resultados para nuestro estado. Yo respaldé con éxito para que la administración de Obama permitir la búsqueda de petróleo en el Océano Ártico, aseguré los permisos para permitir la primera producción de petróleo comercial en la Reserva Nacional de Petróleo – Alaska y he luchado para los permisos para los proyectos de minería como la Mina de Kensington y la Mina de Red Dog, creando trabajos que pagan bien por todo el estado.

En Fairbanks yo luché para mantener los F-16 en la Base de las Fuerzas Aéreas de Eielson salvando cientos y hasta miles de trabajos y continuo luchando contra el salmón genéticamente modificado que se conoce como el Frankenpez, que amenaza los trabajos en Alaska.

También junté al Servicio de Salud Indígena y la Administración de Servicios de Veteranos para permitir que los veteranos de Alaska reciban cuidados más cerca a su hogar en vez de tener que viajar a Seattle o Anchorage. Esto ha ayudado rebajar las listas de espera de cuidados de salud de veteranos en Alaska de cientos a casi cero.

Trabajando junto con la Senadora Lisa Murkowski y el Congresista Don Young también he ayudado proteger el servicio de correo de Alaska, proveyendo para la industria general de aviación y para incrementar el desarrollo de nuestros recursos naturales.

Yo soy el único candidato que cree que se debe de aumentar el sueldo mínimo, defiendo el derecho de la mujer para que pueda elegir y anulé el fallo de la Corte Suprema de Ciudadanos Unidos, que injustamente permite a los billonarios y las corporaciones que se gasten cantidades sin límites para comprar nuestras elecciones.

Otros:
Yo serví en muchas misiones de desastre del Estado incluyendo el derrame de petróleo del Exxon Valdez.

Declaración:
Yo llegué por primera vez a Alaska en 1962. Mi vida aquí incluye una carrera de 20 años en la Guardia Nacional del Ejército de Alaska. Yo pasé tiempo en casi todas las partes del estado y conozco su naturaleza única bien. He servido en la Comisión de Derechos Humanos del Estado de Alaska y, durante los últimos siete años, también he servido en la Comisión Asesor de Ciudadanos en Áreas Federales, trabajando con los reguladores federales, el público y los asuntos que tienen que ver con las relaciones federales y estatales. Esta experiencia me ha dado un buen entendimiento sobre los asuntos al que se enfrenta Alaska. Mi término como presidente del Consejo de la Comunidad de Airport Height, también muestra mi habilidad de trabajar con grupos de individuos diversos mientras buscamos intereses comunes.

Yo soy el único candidato para el senado de los E.E.U.U. respaldado por el Partido Libertario de Alaska. Mi posición es la Plataforma del Partido Libertario. Yo creo que la única función legítima del gobierno es proteger y defender los derechos individuales de vida, libertad y propiedad para todos.

Mis metas como Senador de los E.E.U.U. incluirían:
Eliminar el Departamento de Hacienda e implementar un sistema justo de impuestos.
Terminar con la Guerra contra las Drogas.
Establecer una póliza de inmigración que protege nuestro país y provee para el cambio libre de bienes y servicios con el mundo.
Y finalmente, tenemos que cargar con el coste verdadero de la guerra al condecorando los compromisos que hemos hecho a los miembros de servicio y veteranos.
Únanse conmigo en la defensa de nuestros derechos y nuestro país. Juntos podemos corregir el camino hacia un futuro radiante. Les pido su voto.

Durante los últimos 52 años mi esposa querida Francoise y yo lo hemos hecho todo JUNTOS, incluyendo nuestras campañas para senador y gobernador, y NOSOTROS pondremos TODAS nuestras habilidades, talentos, sabiduría, y experiencia sustancial combinadas para darle el SERVICIO Y BENEFICIO MÁXIMO a la gente de Alaska.

Declaración:
Vote por mí, y usted recibirá a TED Y FRANCOISE GIANOUTSOS, ¡EL EQUIPO ÚNICO DE ALASKA CON 52 AÑOS DE EXPERIENCIA!

Somos EXCLUSIVAMENTE calificados como un EQUIPO para abrir ANWR de la MEJOR y más BENEFICIOSA manera para América, Alaska, y la fauna. ¡Eso vale más que dos trillones de dólares y beneficiaría a TODOS y todo lo que hacemos en América!

¿Por qué podemos hacer lo que ningún otro candidato no puede? Porque somos los ÚNICOS que PUEDEN PERSONIFICAR LA GANANCIA DE INSTANCIA MORAL SUPREMA EN LA LEGISLACIÓN DE ANWR en la misma manera que lo hicimos con la FUNDACIÓN NACIONAL DE PESCA Y FAUNA (NFWF) que ha llegado a ser la fundación de conservación más grande multi-billonaria en América. Conseguimos que la ley del NFWF APROBÓ POR UNANIMIDAD en un Congreso dividido hace 30 años. Por favor vea www.tedandfran.com para los detalles. ¡Podemos hacer los MISMO con la legislation de ANWAR!

¡RE-ELEGIR A MARK BEGICH RESULTARÁ EN LO MISMO DE SIEMPRE!

La gente de Alaska ya ha tenido dos senadores republicanos con ambos administraciones y congresos republicanos y demócratas. Por los pasados 6 años, Alaska ha tenido una republican Lisa Murkowski y un demócrata Mark Begich con un presidente demócrata y un congreso dividido. TODOS de ellos han FALTADO en abrir ANWR porque NINGUNO de ellos lo PERSONIFICA de una manera GANADORA. ¡NOSOTROS SÍ!

¡Nuestra legislación propuesta de N.E.W.-N.E.T.-ANWR (vea nuestra página web) ABRIRÁ ANWR! Los votantes de Alaska pueden hacer un cambio de dos trillones de dólares. ¡¡¡HAGALO!!!

En estas elecciones de senada, si usted elige un titular demócrata o su contendente republicano, ¡GANARÁN – Y USTED TENDRÁ LO MISMO DE SIEMPRE!

¡ELEGIDO, Y USTED, ÁMERICA, ALASKA, Y LA FAUNA - GANA!

Declaración:
Yo soy un optimista. Vivimos en el mejor país del mundo. Pero, nuestro país va fundamentalmente en la dirección equivocada. Tenemos un gobierno federal que nos bloquea cada vez que nos damos la vuelta. El Presidente Obama y Harry Reid han fortalecido a los burócratas de Washington, D.C. para dictar como educamos a nuestros hijos, se han metido en nuestros negocios y vidas personales, y nos han detenido de poder desatar nuestra energía posible. Mark Begich aprueba sin cuestionar esta agenda, votando con el Presidente Obama el 97% de las veces.

Yo creo que la gente de Alaska debe de elegir su propio destino. Por eso yo continuaré luchando incansablemente los abarcamientos federales y defender las pólizas que promueven el crecimiento económico, la responsabilidad fiscal, la producción de energía, y los trabajos. El gobierno federal debe de ser un socio, levantando nuestras comunidades y proporcionando la infraestructura vital mientras que nuestro estado continuo creciendo. Esto se ha vuelto en un peso por nuestros cuellos. Como su Senador estadounidense, yo trabajaré para deshacer la promesa de Alaska y retroceder la agenda liberal que Mark Begich y el Presidente Obama ha forzado sobre el país en los últimos seis años.

Juntos, podemos restaurar los valores de Alaska al Senado de los Estados Unidos. Yo creo que los mejores días los tenemos por delante. PODEMOS ser un líder mundial en la producción de energía y ser una fuerza impulsora de la economía de América. Podemos prevenir la descendencia del país, fortalecer las comunidades locales, y crear un futuro brillante para nuestros hijos. Me daría mucho honor recibir su voto.

Diputado de los Estados Unidos

Forrest Dunbar, Demócrata

Edad: 29

Ocupación: Abogado/Oficial de JAG (Abogacía General de la Marina de los Estados Unidos)

Duración de residencia en Alaska: 29 años

Comunidades en Alaska donde ha vivido:
Eagle, Cordova, Fairbanks, Anchorage

Educación:
Escuela Secundario y Preparatorio Cordova

Escuela de Derecho de Yale, JD

Servicio militar:
Primer Teniente, Guarda Nacional del Ejército

Membresía a organizaciones de servicio:
Voluntario Regresado de los Cuerpos de Paz
Director Anterior de Póliza con el Proyecto de Asistencia de Refugiados Iraquíes
Miembro de la Junta de You Choose Project (Proyecto Usted Elige), sin fines de lucro enfocado en el abuso de drogas entre la juventud de Alaska

Intereses especiales:
Jugar al baloncesto, ver fútbol, viajar en Alaska

Otros:
Soy de Alaska de toda la vida, me crié en Eagle y en Cordova. He trabajado como pescador comercial, un reponedor en Fred Meyer, y un bombero de incendios forestales.

Yo solo me pagué los estudios en DC, donde fui becario y trabajé como un empleado en el Congreso estadounidense.

El servicio al público ha sido algo central en mi vida. He trabajado para Servicios Legales de Alaska, he hecho investigación de póliza en la Oficina de Abogacía Pública de Alaska, y recientemente fui comisionado como un oficial en la Guarda Nacional del Ejercito de Alaska.

Declaración:
Nuestro estado merece un congresista que luchará para el desarrollo de recursos, para los veteranos, y elecciones limpias.

Me he opuesto al presupuesto de Paul Ryan, el cual mi oponente votó repetidamente, porque sube los impuestos en las familias de clase media, recorta los fundos para el cuidado de salud de veteranos, recorta la financiación para el IHS, y cambia el Medicare a un programa de cupones.

Nuestro congreso corriente gasta demasiado, hace muy poco, y sienten que tienen el derecho a los puestos políticos que mantienen. **Yo creo que podemos hacer mejor, y he llamado a todos los candidatos para que apoyen la reforma de financiación de campañas electorales significativa, incluyendo los límites de mandatos.** He firmado el We the People Alaska Pledge (La Promesa de Nosotros la Gente de Alaska) para mostrar mi apoyo para terminar con la personaría jurídica y restaurar la intención original de nuestra constitución.

La gente de Alaska quiere soluciones de sentido común para los problemas al cual nos enfrentamos – no el atasco partisano corriente que tenemos ahora. Yo he trabajado con ambos partidos, y sé que la gente de Alaska quiere una voz independiente.

Nuestro representante corriente ya no es efectivo. Las violaciones éticas de Don Young le han costado la habilidad de ser el presidente en comités completas, y han terminado con su influencia en Washington.

El Representante Young no ha podido derrotar la oposición sobre el desarrollo de recursos en DC porque ha tomado una aproximación de “nosotros contra ellos” que ya no puede seguir respaldando con influencia.

Necesitamos un representante que protegerá nuestras pesquerías, abrirá ANWR y el NPR-A, protegerá la subsistencia, diversificará nuestra economía, bajará el coste de la energía, y luchará para el control dentro del estado de nuestros recursos.

El puesto de Congreso de Alaska le pertenecer a la gente de Alaska. No es la propiedad personal de nadie. Sería un honor tener su voto.

Janet y yo tenemos una familia compuesta que consiste en siete hijos, y tenemos muchos nietos maravillosos. Yo vine a Alaska en enero de 1991 y enseguida supe que era mi hogar. Yo soy defensor del Desarrollo de los Pequeños Negocios y la Libertad Personal.

Declaración:
Militar: La acción militar solo se debe de emplear cuando nuestra patria está amenazada. No deberíamos de usar los miembros de los servicios militares como la policía mundial. Me gustaría ver nuestros militares empleados para mejor asegurar nuestras fronteras.

Inmigración: Yo creo que deberíamos permitir un flujo más libre en inmigración por medios de visas de trabajo para los que pueden encontrar trabajo y contribuir a nuestra sociedad. Especialmente los graduados recientes universitarios con títulos en campos deseados en industrias necesitadas.

Drogas: Yo creo que la marihuana se debe de regular en la misma manera que el alcohol. Yo preferiría que se gastase parte de la riqueza de nuestro país en la educación de nuestros ciudadanos sobre los peligros del abuso de alcohol y drogas, en vez de que se gaste en el encarcelamiento de nuestros ciudadanos por el uso y la venta de marihuana. Los billones de dólares que se pueden ahorrar se pueden usar entonces para mejorar nuestra sociedad y rebajar la responsabilidad fiscal de nuestros ciudadanos.

Elaboración de Leyes: Somos un país de leyes pero también un país de redundancias dentro de nuestro sistema legal. Necesitamos volver a examinar las leyes nacionales para asegurar que solo las leyes necesarias y relevantes están en vigor.

Crimen: Vamos a ayudar a los transgresores por medios de programas positivos de rehabilitación, y no permitir que lo peor de lo peor asedia a otros presos.

Ayuda Extranjera: Nuestro gobierno necesita dejar de entregar billones de nuestros dólares de impuestos a naciones cuyos gobiernos son hostiles hacia nuestra forma de vida y a nuestros valores culturales.

Gobierno: Terminar con el capitalismo compinche entre el gran gobierno y los grandes negocios.

Declaración:
Mi deseo de server como su Congresista es tan fuerte hoy como lo era hace cuatro décadas cuando me presenté para Congreso la primera vez. Quiero continuar luchando para Alaska para hacer este estado un sitio mejor para toda la gente de Alaska.

Aunque hemos disfrutado muchos logros en la historia de nuestro estado, tal como la construcción del oleoducto Trans-Alaska, la protección de nuestra industria de pesca y asegurar que los ancianos tengan acceso a cuidados, yo creo que estamos en un punto crítico en la historia de nuestra nación. Ahora mismo, el Presidente Obama y su Administración han puesto su mano pesada del gobierno sobre muchas industrias vitales de Alaska, poniendo en peligro la economía y el bien estar de nuestro estado al cerrar nuestras tierras y océanos al desarrollo de recursos y forzar las pólizas federales peligrosas sobre los dueños de pequeños negocios y familias de Alaska. Una y otra vez, hemos visto el impacto severo de los burócratas federales que creen que saben lo que es lo mejor para Alaska. Pero como sabemos, Alaska no es un estado de “talla única.”

Las pólizas de esta Administración continúan arruinando la economía Americana, resultando en un déficit disparatado, deudas increíbles, y precios de energía ridículas. Es muy importante que la gente de Alaska tenga un luchador con experiencia representándoles en la Cámara de Representantes. Si es defender los derechos de llevar armas de cada ciudadano de Alaska o continuar mi lucha por un desarrollo responsable de nuestros recursos abundantes, mi prioridad número uno ha sido y continúa siendo defender Alaska. Con su apoyo y ánimo yo creo que podemos continuar con el progreso hacia delante de Alaska.

Declaración:
Las encuestas nacionales muestran que una mayoría de americanos no están contentos con el trabajo que están hacienda los políticos, aquí en Alaska igual que en todo los E.E.U.U. Como un Libertario de Alaska, yo represento los derechos individuales, la responsabilidad personal, y la minimización del gobierno. El sistema de dos partidos ha causado que el gobierno crezca más y sea más entrometido todos los años. Como yo no soy un político, y pertenezco a un tercer partido, yo podré seguir mis principios y podré vetar gastos que no benefician a toda la gente de Alaska o que no son garantizados específicamente por la Constitución de Alaska. Yo podré trabajar con todos los legisladores.

No queremos volver a traer el Impuesto Sobre Ingresos Estatales. Fue un Libertario Dick Randolph quien patrocinó la revocación de Impuesto Sobre Ingreso Estatal; Alaska necesita un gobernador Libertario para luchar contra los gastos excesivos en Juneau y hacer que nuestro presupuesto vuelva a niveles sostenibles. Como Gobernadora, yo usaré mi poder de vetar renglones parar rebajar el presupuesto a 5.5 billones de dólares; para prevenir los gastos de déficit; y para prevenir el restablecimiento del impuesto sobre ingresos. Yo lucharé para eliminar las normas y regulaciones que interfieren con la libertad.

También protegeré los derechos de Alaska en estas aéreas:

- Privacidad personal y médica
- Propiedad privada
- Desarrollo de recursos
- Matrimonio, Familia y Decisiones Religiosas
- Libertad de Educación
- Negocios e Intercambio Libre
- “Delitos” sin víctimas
- Derechos de la segunda enmienda
- El gobierno limitado constitucionalmente
- Decisiones médicas

¡Vote por la Señora de la Libertad!

Declaración:
Yo votaré No en 1. Sí en 2. Yo me opongo a usar los dólares de impuestos para escuelas privadas. Yo apoyo la revocación de la enmienda de definición de matrimonio de Alaska. Yo apoyo la igualdad de protección bajo la ley. Somos una sociedad de leyes. Las leyes se tienen que obedecer y ejecutar; si no son merecedores de ambos, entonces tienen que ser revocados.

Yo opongo la iniciación de fuerza. Yo reconozco y apoyo el derecho natural a la defensa propia. Yo totalmente apoyo al derecho natural de los individuos de la libre asociación y que piensen y hagan lo que quieran, mientras que no le hagan daño a otros; aunque sean tontos. El control, poder y responsabilidad de gobierno debe de ser tan local y viable como posible.

Yo apoyo las practicas sostenibles de presupuestos que gasten dentro de nuestros recursos e incrementar nuestros ahorros y cuentas de reserve. Como un Estado, necesitamos mantener todas las promesas que se han hecho, y necesitamos dejar de hacer promesas no sostenibles. Al ser un Estado propietario, yo interpreto a la constitución del Estado de Alaska para requerir que nos gastemos la cantidad máxima en programas sociales y mejoramientos capitales que podemos sosteniblemente gastar de los ingresos que vienen de la producción del petróleo y otros recursos desarrollados.

Yo pido primero que se pueda resolver un problema con más libertad en vez de menos. Yo digo la verdad como lo veo tanto como puedo. Yo cambio de pensamiento cada vez que veo que estoy equivocado.

Declaración:
Necesitamos una visión de esperanza para nuestro futuro nuestra cultura necesita acordarse de y defender los valores intrínsecos de la vida humana. Alaska desesperadamente necesita liderazgo valiente, con principios y con responsable. La gente de Alaska quiere líderes que servirán a los mejores intereses de la gente. Yo defenderé todos nuestros derechos constitucionales, incluyendo nuestros derechos de la Segunda Enmienda.

Se nos ha dado promesas varias con un gasto de déficit imprudente que bate records por aquellos que falsamente dicen que son conservativos fiscales. ¡El Gobernador y Legislatura actual se han gastado 1/3 de nuestros ahorros en solo los últimos dos años! Si no controlamos la situación ahora, nos vamos a enfrentar a más redadas en nuestro fondo de ahorros, la implementación de un impuesto de IVA en todo el estado e impuestos sobre nuestros ingresos y la erosión del Dividendo.

Yo no quiero que pase nada de eso, y necesito su ayuda para hacer algo sobre ello. Estas elecciones son una oportunidad para que la Gente de Alaska reclame su gobierno por medios de las urnas. Si todos los que acordamos con este mensaje votásemos, ¡ganaríamos!

Como Gobernador, mi meta de presupuesto será austera, fuerte y sostenible. Yo propongo un recorte de gastos en todas aéreas durante los cuatro años del cargo hasta hayamos cumplido la meta. Yo usaré la potestad vetar ciertos renglones como sea necesario.

Esta campaña electora es sobre la construcción de un cimiento Constitucional viable a largo plazo para el futuro de Alaska. Yo necesito sus oraciones, apoyo y votos para mantener la lucha para el futuro de Toda la Gente de Alaska!

He vivido y viajado en muchos estados y países antes de irme a vivir a Alaska. Disfruto aprendiendo sobre gente y culturas de todo el mundo.

Declaración:
Mi objetivo es ayudar establecer un acceso a las boletas para el Partido Constitucional de Alaska y para activar un esfuerzo de organización de base en Alaska. Yo soy inequívocamente pro vida, pro Segunda Enmienda y pro matrimonio definido tradicionalmente. Yo apoyo la posición de la Asociación de un Jurado Totalmente Informado sobre la anulación del jurado y creo que deberíamos de reclamar la Ley Consuetudinaria. La Soberanía Estatal, los derechos de Propiedad y la protección del Alguacil son asuntos que son muy importantes en muchos estados, incluyendo Alaska, no admitido bajo la doctrina de condiciones de igualdad. Yo apoyo la legalización de marihuana y la reforma del impuesto de petróleo reciente; yo votaré “NO” en 1 pero creo que Alaska tiene que poner sus cuentas fiscales en orden aprobando unas leyes de gastos sostenibles. Durante la fase de recolecta de petición de mi campaña yo me di cuenta de varios problemas con ambos la División de Elecciones y el APOC. Las reformas incluirían una aproximación reestructurada para el acceso a las boletas; regulaciones de finanza de campaña simplificada y costes bajos y acceso más fácil para los partidos políticos competitivos. En todas las áreas yo creo que la introducción de competición e innovación tiene un efecto positivo sobre el resultado, incluyendo en nuestro sistema de escuelas públicas. Yo escribí, hablé y testifiqué en favor de SJR-9 para permitir a la gente de Alaska votar para decidir una nueva dirección para educar las futuras generaciones. Yo también creo fuertemente en la educación en el hogar independiente, hacer de voluntario y la anulación. Yo soy estudiando de la escuela de economía de Austria que apoyo al empresario y la responsabilidad personal. Yo creo que nuestros fundadores creían en el gobierno más pequeño posible y el grado mayor de libertad individual.

Declaración:
Yo soy candidato para reelección para continuar aumentar la oportunidad y crecer el futuro de Alaska para toda la gente de Alaska.

Una Economía Fuerte. Como su gobernador, yo he llevado a nuestro estado hacia una economía fuerte. Hemos creado un clima económico que ha producido más de 16,000 trabajos nuevos. Alaska ahora encabeza la mayoría de los estados en pequeños negocios y actividades empresariales, y billones de dólares nuevos de inversión en el sector privado han regresado a nuestro estado.

El Gas de Alaska para Alaska Primero. Hemos hecho progreso histórico en crear un gaseoducto de gran volumen por Alaska. El verdadero trabajo de ingeniería y diseño esta en progreso en el Proyecto LNG de Alaska. La solución de transporte de gas conocido como el Proyecto de Energía del Interior está bajo construcción para rebajar el coste de energía a la gente de Alaska en el Interior. La región de Cook Inlet ha visto un aumento en trabajos y la producción de gas natural bajo nuestras pólizas, y nuevos hidro proyectos están empezando en las regiones sureste y sudcentral de Alaska.

Defendiendo Alaska
Yo he luchado contra las extralimitaciones federales a cada paso, he respaldado el ejército, y me he asegurado que el Estado viva dentro de sus medios con recortes de gastos. Yo respaldé las Becas de Cumplimiento de Alaska para nuestra juventud, y están aumentando los índices de graduación de escuelas preparatorias. Hemos trabajado directamente con la gente de Alaska en más de 170 comunidades para luchar contra la epidemia de violencia domestica y acoso sexual y hemos visto que han cambiado positivamente muchas vidas.

Nuestro estado va de buen camino, y si vives en Alaska rural o en las ciudades, yo siempre pensaré primero en usted. Respetuosamente le pido su voto.

Gracias.

Yo he vivido aquí toda la vida, 4ª generación en Alaska con una larga historia familiar de servicio público.

Declaración:
Yo soy candidato para Vice Gobernador porque quiero ser parte del equipo que dirige Alaska hacia una nueva generación de prosperidad. He pasado los últimos 14 años sirviendo mi comunidad de Anchorage como miembro de la asamblea y como alcalde. Estoy orgulloso de lo que he podido cumplir durante este tiempo y me gustaría continuar mi servicio público a un nivel estatal, donde muchos de los mismos cambios al cual me enfrenté como alcalde están confrontando nuestro estado hoy.

Como alcalde, me enfrenté al déficit de presupuesto, el índice creciente de delincuencia, mantenimiento deferido atrasado, y la crisis de energía inminente. Por medios de trabajo duro y buenos planes, todos de estos desafíos se han cumplido con éxito. También me enfrenté a los asuntos difíciles de la reforma laboral, el mejoramiento de los estándares educacionales, y un proyecto de expansión del puerto que había sido dirigido mal. Nunca he evitado los asuntos difíciles y ese es el tipo de liderazgo que necesitamos en Alaska hoy.

Como su Vice Gobernador, yo trabajaré mucho para asegurar que presentemos un presupuesto responsable y sostenible y que desarrollemos nuestros recursos para el beneficio máximo de toda la gente de Alaska, como es requerido por nuestra Constitución Estatal. Yo soy el único candidato para Vice Gobernador que tiene experiencia ejecutiva de alto nivel en ambos los sectores públicos y privados para servir como Gobernador si la ocasión ocurriese.

Sería un honor para mí servirles.

Declaración:
Me estoy presentando como un candidato de Independencia de Alaska para gobernador porque necesitamos un líder que pone a la gente y el progreso delante de la política partisana.

Control Fiscal. Estamos pasando por el déficit peor en la historia de Alaska, rebajando nuestros ahorros a razón de $7 millones al día. Podemos salirnos de esta caída libre fiscal.

La clave a cualquier economía creciente es el coste bajo de la energía. Un gaseoducto de gran volumen/el proyecto LNG financiado por contraltos a largo plazo con los mercados del mundo puede generado más de $400 billones sobre 30 años. Desafortunadamente, el estudio corriente del gaseoducto pone compañías con proyectos conflictivos en control. La gente de Alaska son los dueños del gas. Tenemos que comportarnos como si fuésemos los dueños de un rancho, no los trabajadores del rancho.

Coste de Energía Baja. A pesar de nuestros recursos de riqueza, tenemos el coste más alto de energía en toda la nación. Esto obliga a la gente de Alaska que salgan de Alaska rural, obliga a que elijan entre comida y calefacción, y obliga a que nuestros jubilados se vayan afuera para vivir. La gente de Alaska no tiene porque tomar estas decisiones. Tenemos que dejar de estudiar el problema y tenemos que empezar a crear soluciones.

La Gente de Alaska Primero. Yo apyo: la expansión de Medicaid mientras que continúe la financiación federal total; la financiación adecuada para la educación e incrementación de oportunidades vocacionales/técnicas; el incremento del sueldo mínimo; capacitación para la gente de Alaska de Houston, Alaska en vez de traer a trabajadores de Houston, Tejas para trabajos en Alaska; y el nombramiento de gente de Alaska a las juntas y comisiones.

Sería un honor servir a la gente y el estado que tanto quiero como gobernador y apreciaría su voto.

Declaración:
Yo he vivido toda mi vida en Alaska con una pasión por este lugar y su gente. De ser un alcalde de un pequeño pueblo al administrador del Fondo Permanente, yo sé que polarizar colaboraciones no es como se cumplen las soluciones. Se necesita liderazgo y mucho trabajo. Yo tengo un historial bipartito de 50 años de juntar a la gente y enfrentarme a los asuntos complicados. Esta campaña es sobre crear una Alaska mejor y sobre quien es la persona mejor preparada para llevarnos ahí.

Prioridades:

Educación: Mi primera prioridad es a la educación: aumento todo lo demás. Desde los servicios voluntarios universal de los jardines de infancia, al financiamiento a tiempo predecible de kínder al curso 12, a esperar excelencia en las aulas a reducir las tasas de intereses de los préstamos estudiantiles, un sistema de educación fuerte atrae y mantienen a los residentes y aumenta la economía. Es la mejor inversión que podríamos hacer.

Energía: Los costes de energía devastadores. Mi primer día de trabajo yo nombraré un jefe de energía para coordinar y consolidar los esfuerzos para traer la energía y combustible asequible para toda la gente de Alaska, con un énfasis sobre la innovación y conservación. Aunque no hay una sola respuesta, pueda haber un enfoque singular sobre la energía en el nivel más alto.

La Economía: Alaska se enfrenta a las elecciones criticas – no en 10 o 20 años – pero ahora. Nuestro estado está en una situación peligrosa: los ingresos no cubren los costes y los ahorros se terminarán dentro de cinco años. Balancear las cuentas mientras soportando los servicios públicos es fundamental y urgente. Treinta años como Director Ejecutivo y director de organizaciones de lucro y sin lucro me ha preparado bien para trabajar hacia una conclusión balanceada.

Declaración:
Yo nací y me crié en este distrito. Mis lazos ancestrales retoman muchas generaciones. Mis raíces son profundas y también es mi compromiso para una mejor vida para nuestros ciudadanos y nuestra comunidad. Nuestros alrededores están cambiando abriendo nuevas empresas, con el descongelamiento de la tundra y el hielo del Ártico. Es mi intención y mi responsabilidad como su Senador Estatal, asegurar que nuestra región participe mientras que nuestro estado avanza.

Educación: La educación es el cimiento de toda la sociedad. Cuanto mejor sean educados nuestros hijos, mejor será el futuro para todos. Los educares de las aéreas rurales se enfrentan a muchos desafíos que pueden derrotar. Yo totalmente apoyo la educación y continuaré abogar fuertemente.

Energía: Cada persona de Alaska merece energía asequible. Como un estado rico en recursos (petróleo, gas, viento, y marea), nuestro estado debe y podría, emplear toda esta energía para beneficiar a todos los ciudadanos. Yo prometo continuar trabajar para rebajar el coste alto de energía en las aéreas rurales de Alaska.

Administración de Pesca y Fauna: Nuestra región continua experimentar una rebaja en la población de pesca y fauna. Yo totalmente apoyo la financiación continua de investigación y la financiación incrementada para el presupuesto de Pesca y Caza para abordar este asunto.

Suministro de Agua y Alcantarillacto: El agua corriente limpia y las aguas residuales sanitarias hacen una comunidad sana. Nuestro estado ha hecho grandes avances en esta área pero ahora nos enfrentamos a las comunidades más desafiantes y caras para servir. Adicionalmente a la infraestructura antigua, la financiación ha disminuido. Yo continuaré luchando para fondos.

Declaración:
Tengo ganas de volver a representar a las Islas Aleutianas, la Península de Alaska y la Bahía de Bristol, con la adición de varias nuevas comunidades en la Región Interior de abajo.

Soy optimista sobre lo que podemos cumplir en los siguientes dos años. Sin embargo, vamos a tener retos mientras que el estado entra en un periodo de financiación con déficit prolongado. Subsecuentemente, yo usaré mi experiencia en la legislatura para hacer todo lo posible para proteger nuestro distrito de los recortes presupuestarios.

El asunto más grande al cual nos enfrentamos es el coste elevado de bienes y servicios, especialmente la energía. Tenemos que continuar buscando soluciones de largo plazo que beneficiarían a la parte rural de Alaska, incluyendo un gaseoducto de gas natural. Mientras tanto, los servicios que existen se tienen que mantener intactos. Por eso yo apoyo la extensión del PCE y el mantenimiento de fondos para programas como Impermeabilizción, Asistencia con Calefacción, y el Fondo de Subvención de Energía Renovable.

Los presupuestos capitales fuertes son críticos para el futuro de la parte rural de Alaska. Yo fuertemente apoyo la financiación de servicios básicos y el crear oportunidades económicas y trabajos a un nivel local.

Nuestro futuro depende en la calidad de educación para nuestros hijos. Es esencial mantener la fórmula de financiación de K-12 a un nivel que permitirá a las escuelas más pequeñas mantenerse al día con los costos constantemente creciente y la incertidumbre de la matriculación anual de estudiantes. Yo no apoyo enmendar la constitución de Alaska para que el dinero estatal se pueda usar para escuelas privadas.

Con su apoyo este otoño, será mi privilegio continuar sirviéndole en la legislatura de Alaska a nombre de las comunidades en la Cámara del Distrito 37.

Propuesta de Ley No. 2 - 13PSUM
Una Ley para Cobrar Impuestos y Regular la Producción, Venta, y Uso de Marihuana

Propuesta de Ley No. 2

Esta propuesta de ley cobraría impuestos y regularía la producción, venta, y uso de marihuana en Alaska.

Esta propuesta de ley haría el uso de marihuana legal par a las personas mayores de 21 años de edad o mayor. La propuesta de ley permitiría a persona poseer, usar, mostrar, comprar, transportar, o cultivar ciertas cantidades de marihuana, con la cultivación sujeto a ciertas restricciones. La propuesta de ley prohibiría el uso en público de marihuana. La propuesta de ley prohibiría que una persona menor de 21 años de edad use una identificación falsa para comprar o intentar comprar marihuana o accesorios de marihuana.

La propuesta de ley permitiría entidades relacionadas con la marihuana y personas de 21 años de edad o mayor o que sean empleados de una de estas entidades para hacer, poseer, comprar, distribuir, vender, mostrar, guardar, transportar, entregar, transferir, recibir, cosechar, procesar o empaquetar marihuana y productos de marihuana ser válidamente registrados, sujetos a ciertas restricciones. Estatuto de Alaska 17.30.020 (Sustancias Controladas) no se aplicarían a estas entidades.

Esta propuesta de ley requeriría que la Junta de Control de Bebidas Alcohólicas (ABC) implemente partes de esta propuesta de ley. Pero la propuesta de ley también permitiría que la legislatura crea la Junta de Control de Marihuana para asumir estas obligaciones. La propuesta de ley requeriría que la junta de ABC adopte regulaciones que gobernarían las entidades relacionadas con la marihuana. Las regulaciones necesitarían cubrir ciertos temas y seria sujeto a ciertas restricciones. La propuesta de ley también crearía procedimientos para la registración de entidades relacionadas con la marihuana. Los procedimientos serán administrados por la junta de ABC y los gobiernos locales.

La propuesta de ley permitiría que los gobiernos locales para prohibir la operación de entidades relacionadas con la marihuana. Un gobierno local podría hacer eso al promulgar una ordenanza o por iniciativa de los votantes. Las ordenanzas podrían cubrir la hora, lugar, manera, y registración de las operaciones de entidades de marihuana.

La propuesta de ley permitiría que una persona de 21 años de edad o mayor posea, use, muestre, compre, o transporte accesorios de marihuana. Los accesorios de marihuana son productos que los individuos usan para cultivar y consumir la marihuana. La propuesta de ley permite que las personas de 21 años de edad o mayor que fabriquen accesorios de marihuana y distribuirlos o venderlos a personas que tengan más de 21 años de edad o mayor.

La propuesta de ley dice que no es la intención de requerirle a un empleador permitirle el uso, transportación, posesión, venta, cultivación, o transferencia, o prevenir a un empleador de prohibirle estas actividades. La propuesta de ley no tiene la intención de suplantar las leyes prohibiendo manejar bajo la influencia de marihuana. La propuesta de ley no tiene la intención de prohibirle a las escuelas, cárceles, o personas privadas o entidades de restringir la marihuana en sus propiedades. La propuesta de ley no tiene la intención de limitar las leyes de marihuana médica del estado.

La propuesta de ley impondría un impuesto de $50 por onza (o proporcionado) en la venta o transferencia de marihuana del lugar de cultivación a una tienda o un lugar de fabricación de productos de marihuana. El lugar de la cultivación de marihuana pagaría el impuesto y mandaría las declaraciones fiscales mensualmente a Hacienda. Hacienda podría exentar ciertas partes de la planta de la marihuana del impuesto. También podría establecer una tasa menor de impuestos para ciertas partes de la planta.

La propuesta de ley define numerosos términos La propuesta de contiene una declaración de propósitos y hallazgos. La propuesta de ley podría imponer multas y penas civiles por violaciones.

Propuesta de Ley No. 3 - 13MINW
Una Ley para Incrementar el Sueldo Mínimo de Alaska

Propuesta de Ley No. 3

Esta propuesta de ley subiría el sueldo mínimo de Alaska de $7.75 por hora a $8.75 por hora a partir del 1 de enero del 2015. Le lay subiría el sueldo mínimo a $9.75 por hora a partir del 1 de enero del 2016. La propuesta de ley ajustaría el sueldo mínimo de cada año por el efecto de la inflación cada año después del 2016. La propuesta de ley crea un método para este ajustamiento. Bajo esta propuesta de ley, si el sueldo mínimo ajustado es menos que un dólar sobre el sueldo mínimo federal, el sueldo mínimo de Alaska será un dólar sobre el mínimo federal. Las propinas no contarán hacia el sueldo mínimo.

La propuesta de ley tiene una declaración de hallazgos. Esta declaración da las razones para la propuesta de ley. Las razones atañan a la calidad de vida para los trabajadores de bajos ingresos, el efecto del incremento en el coste de vida, la relación del sueldo mínimo de Alaska al nivel de pobreza federal, y el sueldo mínimo en otros estados.

Propuesta de Ley No. 4 - 12BBAY
Una Ley Proveyendo para la Protección del Salmon Silvestre y las Aguas de Bristol Bay Dentro de o que Fluyen en la Reserva de Pesquerías de Bristol Bay del 1972

Propuesta de Ley No. 4

Esta propuesta de ley requeriría que la legislatura aprueba minas futuras de sulfuro metálico a gran escala en la Reserva de Pesquerías de Bristol Bay (BBFR) al aprobar esta ley. La ley tendría que encontrar que la mina propuesta no sería un peligro a la pesquería de BBFR. La aprobación seria adicional a cualquier otro permiso o autorización requerida. La propuesta de ley define una "operación de minera de sulfuro metálica a gran escala" como "una propuesta específica de minería para extraer metales, incluyendo oro y cobre, de roca que lleva sulfuro y que directamente alterará 640 acres de tierra o más." La propuesta de ley permite que el Departamento de Recursos Naturales adopte las regulaciones.

La propuesta de ley haría hallazgos. Los hallazgos de la propuesta de ley serian que la legislatura halló que el BBFR era importante al crearlo en 1972; que las protecciones de la propuesta de ley son necearías; que proteger las aguas y el salmón silvestre del BBFR es de interés para el estado entero basado en las pesquerías de la región, beneficios económicos, herencia cultura, y recursos únicos de salmón silvestre; y que la mina de sulfuro metálica pueda dañar estos intereses porque las minas pueden producir toxinas y contaminantes. La propuesta de ley tiene la intención de que la legislatura apruebe cualquier mina de sulfuro metálico a gran escala en el BBFR o que podría afectar negativamente la línea divisoria.

La propuesta de ley se aplicaría solo a minas de sulfuro metálico a gran escala en el BBFR que falta todos los permisos, licencias o aprobaciones requeridas antes de la fecha de entrada en vigor de la propuesta de ley.

SUMARIO DE AGENCIA DE LOS ASUNTOS LEGISLATIVOS

La Ley regula la producción, venta, y uso de marihuana. La Ley crea un impuesto de marihuana.

La Ley permite el uso personal de la marihuana por una persona de 21 años de edad o mayor, con restricciones. La Ley permite que una persona tenga, muestre, use, compre, transporte, o regale hasta una onza de marihuana a otra persona de 21 años de edad o mayor. La Ley hace que sea un delito para una persona menor de 21 años de edad usar una identificación falsa para comprar marihuana. La Ley también hace que sea un delito usar marihuana en público. La Ley fija el número y el tipo de plantas de marihuana que una persona puede tener y regalar. Las plantas no pueden estar a la vista del público. La Ley permite que una persona de 21 años de edad o mayor pueda cultivar, usar, producir, empaquetar, o guardar marihuana, o producir, usar, empaquetar, probar, o guardar productos de marihuana.

La Ley regula los negocios de marihuana. La Ley define un negocio como una tienda, un cultivador, un probador, o un lugar donde se produce el producto. Para operar legalmente, un negocio tiene que registrarse. Negocios registrados pueden poseer, transportar, distribuir, mostrar, o recibir marihuana. Tiendas, cultivadores, o fabricantes de marihuana registradas pueden comprar y vender marihuana. Los cultivadores o probadores pueden cultivar y procesarlo.

Propuesta de Ley No. 2

Una Ley para Cobrar Impuestos y Regular la Producción, Venta, y Uso de Marihuana

La Junta de Control de Bebidas Alcohólicas supervisa el sistema de registración. La junta tiene que hacer las normas para cumplir con la Ley. Estas normas no pueden hacer que sea impráctico operar un negocio de marihuana. La junta tiene que darle una copia de cada aplicación y la mitad del coste de la aplicación a la autoridad local de marihuana, si hay uno; la Ley proporcionará el control local si la junta no cumple. Ciudades y distritos pueden prohibir negocios. Pueden limitar el número de negocios dentro de sus fronteras. Pueden regular las horas, lugar, y manera de operación. Pueden nombrar autoridades locales para regularlos.

La Ley cobra un impuesto sobre la venta de marihuana por cultivadores registrados. El impuesto es $50 por onza. El Departamento de Hacienda supervisa el impuesto. Los cultivadores que pagan tarde serán sujetos a multas. Los cultivadores que no pagan el impuesto pueden perder su registración.

Bajo la Ley, empleadores no tienen por qué permitir el uso de la marihuana en el lugar de empleo. Los empleadores también pueden restringir el uso de marihuana por sus empleados. La Ley no permite que una persona pueda manejar bajo la influencia de marihuana. La Ley permite que los dueños de propiedades privadas o arrendatarios prohíban el uso de marihuana en sus propiedades.

DECLARACIÓN DE GASTOS

Estimado de Costes al Estado de Alaska para la Implementación de la Iniciativa Proponiendo una Ley para "tasar y regular la producción, venta, y uso de marihuana."

Sumario

Como requerido por AS 15.45.090(a)(4), el Estado de Alaska ha preparada la siguiente declaración de costes que resulta de la implementación de la iniciativa electoral propuesta para tasar y regular la producción, venta, y uso de marihuana.

La iniciativa legalizará el uso personal de marihuana para las personas de 21 años de edad o mayor. Específicamente, el estatuto permitiría: la posesión, uso, exposición, compra, o transportación de accesorios de marihuana o de una onza de marihuana; la posesión, cultivación, procesamiento, o transportación de no más que seis plantas de marihuana (con tres o menos siendo plantas maduras en flore) y posesión de la marihuana en la propiedad donde las plantas se cultivaron; la transferencia de una onza o menos de marihuana y hasta seis plantas de marihuana inmaduras a una persona que tiene 21 años de edad o mayor sin remuneración; la consumición de marihuana en un lugar no publico; y asistir a otra persona que tiene 21 años de edad o mayor en cualquiera de las actividades nombradas arriba.

La iniciativa también impondría ciertas restricciones y penas sobre la cultivación personal y el consumo público de marihuana igual que prohibir el uso de identificaciones falsas por una persona menor de 21 años de edad para comprar o intentar comprar marihuana. Permitiría la fabricación, posesión, compra, distribución y venta de accesorios de marihuana igual que la operación legal de lugares relacionados con la marihuana tales como tiendas de venta al por menor y los lugares de cultivación.

Propuesta de Ley No. 2

Una Ley para Cobrar Impuestos y Regular la Producción, Venta, y Uso de Marihuana

La iniciativa requiere que la Junta de Control de Bebidas Alcohólicas (ABC) en el Departamento de Comercio, Desarrollo de Comunidad y Economía (DCCED) para adoptar regulaciones para implementar la ley no más tarde que nueve meses después que se apruebe la iniciativa. Sin embargo la legislatura puede crear una Junta de Control de Marihuana en DCCED para asumir el papel regulatorio del ABC. Las tiendas de marihuana tiene que estar inscritas y los gobiernos locales pueden prohibir o limitar la existencia de y operaciones de lugares de marihuana en su jurisdicción.

La iniciativa también impone un impuesto de consumo incidental de $50 por onza (o una parte proporcionada) sobre la venta y transferencia de marihuana de un lugar de cultivación de marihuana a una tienda de venta al por menor de marihuana o de un lugar de fabricación de productos de marihuana. El impuesto lo pagará el lugar de cultivación de marihuana.

Basada en la exanimación de Washington y Colorado, dos estados que actualmente están en el proceso de implementar legislación similar, el Gobernador, la Legislatura, o la Junta de ABC puede elegir establecer un Equipo de Asesoramiento para representar a los depositarios mayores afectados por la implementación de la iniciativa. Un estimado de los costes posibles del Equipo de Asesoramiento se incluyen bajo la declaración de coste de DCCED empezando en la pagina 3. Esto sería un método efectivo para facilitar la preparación expediente y comprehensiva de la infraestructura del impuesto y regulación descrita o establecida en la iniciativa.

Hay numerosas cosas que no se saben en la implementación del Estado sobre esta iniciativa y como tal la declaración de coste proveído aquí es ilustrativa. Por ejemplo, no se sabe si o no la legislatura creará una Junta de Control de Marihuana dentro del DCCED, así que el estimado del coste no refleja esa estructura administrativa posible. Usando la información disponible de las experiencias de Washington y Colorado igual que otros recursos, las agencias del estado han identificado una gama de costes posibles al estado de $3.7 a $7.0 millones en el primer año. Es posible que los costes relacionados al desarrollo de la infraestructura de impuestos y regulaciones fueran bastante significante. Sobre el largo plazo, se esperaría que más de los costes totales del estado se enfocaran en las actividades de salud pública y educación mientras el alcance del impacto a la salud pública se define más.

Abajo hay una tabla de sumario de los costes de las agencias por las explicaciones de los estimados por agencia individual. Lo siguiente representa una posible gama de costes de agencias del estado. El estimado no incluye gastos que la legislatura pueda o no pueda incurrir asociado con la iniciativa, o cualquier gasto legal que el estado pueda incurrir debido a la iniciativa.

Declaración de Estimado de Costes por el Departamento

Estimado de costes al Departamento de Hacienda Publica de Alaska para implementar la iniciativa de marihuana **$650,000 -$800,000**

Si esta iniciativa es aprobada por los votantes en las elecciones primarias en agosto del 2014, le requerirá a DOR incurrir costes adicionales para efectivamente implementarlo. Si es aprobada, se presume que esta iniciativa entrará en vigor treinta días después de ser aprobada por una mayoría de los votantes calificados.

El coste estimado para el estado por la implementación de esta iniciativa es entre $650,000 y $800,000. Costes anuales recurrentes se estiman ser aproximadamente $300,000.

Los costes estimados se pueden dividir en dos categorías:

Servicios Personales:	$300,000
Servicios de Contractuales:	$350,000-$500,000
TOTAL	**$650,000-$800,000**

Personal – el DOR estima que necesitará crear por lo menos tres posiciones nuevas para supervisor el impuesto sobre el nuevo impuesto de consumo incidental por esta iniciativa a un coste de aproximadamente $300,000 para asistir con la administración y colección del nuevo impuesto de consume incidental. El DOR necesitará por lo menos una posición de Auditor Fiscal III, una posición de Técnico Fiscal II, y una posición de Investigado III para cumplir con las necesidades de un nuevo programa de impuestos. Este coste es similar al coste que se está incurriendo actualmente por el DOR para administrar otros tipos similares al impuesto de consumo incidental, y serán costes recurrentes anuales para el DOR.

Servicios Contractuales – El DOR estima que incurrirá un gasto adicional de solo una vez de aproximadamente $500,000 para la configuración de sistemas. En agosto del 2014, el DOR completará la parte de configuración del impuesto de consumo incidental de su nuevo Sistema de Gerencia de Hacienda Pública (TRMS). Si esta iniciativa es aprobada por los votantes, le requerirá

al DOR y sus con tractores de sistema de información para reconfigurar el sistema para añadir este nuevo impuesto de consumo incidental. Dado el periodo de tiempo limitado para analizar que parte del sistema necesitara ser reconfigurado si se aprueba la iniciativa, los contratistas del DOR has presentado un estimado de $350,000 a $500,000 por este esfuerzo.

El estimado de coste arriba representa un coste mínimo dada las incertidumbres numerosas alrededor del referéndum, y que serian todos los efectos de la aprobación.

Estimado de costes al Departamento de Comercio, Comunidad y Desarrollo Económico para implementar la iniciativa de marihuana $1,563,960

Lo siguiente representa un estimado de coste del DCCED dado la manera que está escrita la iniciativa electoral; los costes actuales lo más seguro serán diferentes. El estimado no incluye los gastos que la legislatura u otros departamentos puedan incurrir asociados con la iniciativa. Los estimados de coste de la marihuana iniciativa de Washington y Colorado se revisaron el desarrollo este análisis de coste.

Si la iniciativa es aprobada por los votantes en las elecciones primarios de agosto del 2014, el Estado de Alaska, por medios de la Junta de Control de Bebidas Alcohólicas (ABC), adoptará regulaciones dentro de nueve meses después de la fecha de entrada en vigor, como requerido por AS 17.38.090. Se presume que la iniciativa entrará en vigor treinta días después de la aprobación por una mayoría de votantes cualificados.

Un gobierno local puede designar una autoridad regulatoria local que seria responsable para procesar las solicitudes sometidas para la operación de una tienda de marihuana dentro de las fronteras del gobierno local. Si la Junta del ABC falta en adoptar las regulaciones como resumidas en la iniciativa, un solicitante puede someter una solicitud directamente a una autoridad regulatoria loca un año después de la fecha de entrada en vigor de la ley. En acuerdo con AS 17.38.110, un gobierno local puede prohibir la cultivación, fabricación, pruebas, y venta de marihuana por medios de una ordenanza o iniciativa de votante. Los gobiernos locales también pueden promulgar ordenanzas y regulaciones locales para el gobierno de operaciones de tiendas de marihuana mientras que no estén en conflicto con la iniciativa o las regulaciones promulgadas según la iniciativa.

Si la iniciativa es aprobada, la responsabilidad para controlar la marihuana quedará con la Junta del ABC hasta que o al menos que una junta de control de marihuana es establecida por la legislatura dentro del DCCED.

Como se hizo en el estado de Colorado después de la aprobación de una iniciativa similar, el departamento recomienda la creación de un Equipo de Asesoramiento para identificar asuntos legales, de póliza, y de procedimientos que necesitan ser resueltas, y para ofrecer sugerencias y propuestas para acción legislativa y ejecutiva para la implantación de esta iniciativa. El Equipo de Asesoramiento necesitará completar la infraestructura regulatoria inicial dentro de cuatro meses de la fecha de entrada en vigor de la iniciativa para permitir la adopción de regulaciones dentro del requerimiento de nueve meses. El trabajo restante del Equipo de Asesoramiento se concluirá un año después de la entrada en vigor de la iniciativa.

Propuesta de Ley No. 2

Una Ley para Cobrar Impuestos y Regular la Producción, Venta, y Uso de Marihuana

Se asume que el Equipo de Asesoramiento que consta de un total de 17 miembros no compensados que representan grupos de interés afectados por la iniciativa electoral: cuatro Legisladores, uno del partido de mayoría y uno del partido de minoría de ambos la Cámara de Representantes y el Senado; un Comisionado o la persona nombrada de cada agencia afectada por esta iniciativa (DCCED, Servicios de Seguridad, Salud y Servicios Sociales Públicos, Conservación del Medio Ambiente, Ganancias, Ley, Cárceles, y la Universidad de Alaska); un miembro de la campaña de la iniciativa; un miembro del publico que representa la industria medica; y tres miembros del público en general, con uno representando Alaska rural. Los miembros del Equipo de Asesoramiento recibirán gastos de viaje y un estipendio. La composición actual del Equipo de Asesoramiento puede ser diferente. El coste total estimado del DCCED para la implementación de esta iniciativa es $1,563,960 para el primero año y $1,413,140 para el segundo año.

Servicios Personales

Todas las posiciones dentro de la Junta del ABC actualmente rindiendo en o por encima de capacidad. Con la aprobación de la iniciativa, La carga de trabajo de la Junta del ABC tiene la posibilidad de ser el doble o triple. Si se duplica, la Junta del ABC requerirá cuatro investigadores adicionales, un supervisor, y dos examinadores de registración de negocios para regular la industria de marihuana, similar a las obligaciones del personal actual que regulan la industria del alcohol. La adición de Un Oficial Administrativo I sería necesaria para apoyar los requerimientos económicos adicionales. Un Coordinador de Programa II sería necesario para la facilitación, coordinación, y documentación del Equipo de Asesoramiento y para el desarrollo, planeamiento, coordinación y supervisión de este programa complejo a largo plazo.

Gastos de Viaje y Estipendio

Junta
Si la Junta de Directores del ABC toma la responsabilidad añadid de controlar la cultivación, fabricación, truque, posesión, y venta de marihuana, las reuniones actuales de la junte se extenderían por un día, añadiendo al coste de alojamiento, transportación por tierra, y estipendio.

Investigaciones
Investigadores y clientes menores de edad viajaran a comunidades por todo el estado para proveer revisiones de cumplimiento y asegurar que las tiendas de venta al por menos cumplen con las leyes y regulaciones del programa, similar a las investigaciones de cumplimiento de la industria del alcohol.

Equipo de Asesoramiento
El Equipo de Asesoramiento tendrá siete reuniones de dos días, con reuniones de cara a cara en Anchorage y el resto o por video o teleconferencia, esto asume que diez miembros se ubican fuera de Anchorage.

Equipo, Espacio de Oficina, y Suministros

El coste de equipo y suministros incluye la instalación de nuevos empleados, señales de avisa, equipos de pruebas, productos de papel, gastos de envío, y espacio de oficina adicional.

Contractos y Servicios

Coste de contractos para los estudios sobre la demanda del mercado, los efectos de marihuana, y el coste de producción. Las regulaciones necesitaran ser vigentes nueve meses después de fecha de entrada en vigor de esta iniciativa y requerirá trabajo extensivo con el Departamento de Ley. Habrá trabajo en curso significante requerido por el Departamento de Ley para cumplir con las demandas de este nuevo programa, similar a las demandas de la industria de alcohol.

Propuesta de Ley No. 2

Una Ley para Cobrar Impuestos y Regular la Producción, Venta, y Uso de Marihuana

Una nueva base de datos requerirá el análisis y desarrollo de las normas del negocio, análisis de los sistemas que ya existen para procesos paralelos o modificaciones requeridas, nuevo desarrollo de sistema, pruebas, validación, implementación, y documentación.

Vehículos

Vehículos adicionales se requieren para cumplir con las investigaciones por todo el estado.

Estimado de costes al Departamento de Salud y Servicios Sociales para implementar la iniciativa de marihuana $0 - $2,987,000

Como escrito, la iniciativa se enfoca principalmente sobre el proceso y procedimientos necesarios para establecer impuestos y regulaciones de la producción, venta, y uso de marihuana; las acciones dirigidas en la iniciativa no impactaran directamente o tampoco le costara al Departamento de Salud y Servicios Sociales en el establecimiento del desarrollo de estos procedimientos y regulaciones.

Sin embargo, hay pruebas que dicen que la disminución sobre las consecuencias de salud y servicio social al implementar esta iniciativa podría ser significante. El departamento ha preparado un estimado basado en investigaciones, experiencias de otros estados, y una extrapolación de gastos que el departamento incurre proveyendo sustancias de servicios relacionados similares. El impacto fiscal directamente relacionara a cuantas personas adicionales empezaran a usar marihuana y cuantos usuarios actuales incrementarán su uso.

Para evaluar los costes, el departamento ha considerado los estudios recientes incluyendo los Procedimientos de la Academia Nacional de Ciencia[1], y la Oficina de las Naciones Unidas sobre Drogas y Delitos, *Cannabis: Un Repaso Corto*.[2]

Estos estudios demuestran hallazgos emergentes sobre los efectos peligrosos del cannabis en los datos del funcionamientos neurosicológicos indicando que el cannabis está vinculado a la adición, discapacidad cognitiva, deficiencia de los habilidades motoras, problemas respiratorias, cardiovasculares y de salud mentas, y se ha mostrado ser particularmente dañina a los cerebros que se están madurando.

Las consecuencias y resultados del uso de la marihuana crea un posibilidad significante para el coste incrementado para los cuidados de la salud física y de la salud mental, los servicios de bienestar de niños, sistemas educativos, seguridad del público, justicia criminal, la salud de la comunidad y otros aspectos de los gobiernos del estado y locales. Por ejemplo, la legalización de la marihuana puede crear un ambiente en el cual la gente joven, en particular, perciben un menor riesgo de peligro del uso de la marihuana, resultando en un uso incrementado.[3]

Propuesta de Ley No. 2

Una Ley para Cobrar Impuestos y Regular la Producción, Venta, y Uso de Marihuana

Según Robert Morrison, Director Ejecutivo de la Asociación Nacional de Directores del Estado de Abuso de Alcohol y Drogas (NASADA), Alaska tiene uno de los índices más altos de uso de marihuana del 11%, junto con Vermont. También resalta que un estimado de 4.4 millones de individuos, por todo el país, cumplen con el criterio para tener dependencia de o abusar de la marihuana.[4]

Mientras que los incrementos actuales en la programación de los servicios de salud y sociales no se sepan, las investigaciones y los datos proveen una vista clara para los posibles problemas asociados con la legalización de la marihuana. En estados donde la marihuana medicinal es lega, los índices del abuso y dependencia de la marihuana son casi el doble que en aquellos estados sin la marihuana medicinal.[5] Dos estados recientemente legalizaron la marihuana, Washington y Colorado, reportan una dificultad en determinar los costes posibles. Los resultados de un informe reciente para estimar el impacto fiscal de la legalización de marihuana en Colorado no fueron concluyentes y cuatro peritos nacionales sobre las pólizas de marihuana escribieron que "el futuro tiene más cosas desconocidas que conocidas."

La División de Justicia Juvenil ha identificado varias aéreas en el cual habría un incremento de costes. Hacer que la posesión de la marihuana sea una ofensa para menores pero no para adultos crea un nuevo estado de ofensa que es sujeto a normas especificas que gobiernan la detención segura de menores. La violación de esas normas podría poner en peligro la financiación federal que se recibe actualmente por las Oficina de Justicia Juvenil y Prevención de Delincuencia de los Estados Unidos. La iniciativa también requeriría un incremento de tratamiento para el abuso de drogas y asuntos de salud mental entre los jóvenes que estén detenidos.

Con este resumen breve de las preocupaciones sobre el uso incrementado de la marihuana y la legalización, el departamento anticipa un coste posible al DHSS en las siguientes aéreas, con estimados de un incremento anual de coste:

- Incremento de uso de drogas, dependencia y tratamiento de adicciones: $200,000 o un incremento del 10% en servicios de tratamiento para la dependencia de la marihuana;
- Incremento en los servicios del tratamiento de la salud mental: $1.1 millones o un incremento del 5% en los servicios de tratamiento de salud mental;
- Incremento en servicios de salud físico por medios de la salud pública y nuestros médicos de cabecera: $400,000;
- Incremento de costes de Medicaid para cubrir el tratamiento y los servicios que se necesitan: $27,000 o un incremento del 10% en los servicios de tratamiento de marihuana actuales cubiertos por Medicaid;

Propuesta de Ley No. 2

Una Ley para Cobrar Impuestos y Regular la Producción, Venta, y Uso de Marihuana

- Incremento del cumplimiento sobre el acceso a marihuana por la juventud (similar a nuestros esfuerzos actuales sobre el cumplimiento del tabaco). Este gasto se determinara sobre el proceso desarrollado para el venta al por menor de marihuana: $140,000 o un incremento posible del 20%;
- Incremento en prevención, educación y programas de prevención temprana para los adolescentes y adultos jóvenes: 10% de incremento de subvención comunitario y 20% incremento de servicios de ASAP = $390,000 + $250,000;
- Incremento de servicios de protección de niños para los niños jóvenes en hogares donde hay usuarios regulares y persistentes de marihuana (humo de segunda mano de marihuana, negligencia), y capacitación para padres de acogida y personal: $250,000;
- Incremento de servicios de justicia juvenil para la juventud involucrada en el uso y dependencia de la marihuana $200,000; y
- Actividades de Posibles Recursos Humanos relacionados al uso de marihuana de empleados y pólizas relacionadas $30,000.

Un estimado anual del posible incremento al Departamento de Salud y Servicios Sociales a raíz de la legislación de la marihuana es de $2,987,000. Como indicado, estos estimados están basados en impactos proyectados; dependiendo de las regulaciones actuales, cumplimiento, y el número de ciudadanos que incrementan su uso de marihuana, los costes actuales puede que sean diferentes.

Un Estimado de los Costes al Departamento de Seguridad Pública para implementar la iniciativa de marihuana $1,434,700

La iniciativa electoral tasaría y regularía las ventas de marihuana y permitiría a la gente de Alaska para cultivar la marihuana para el uso personal. Las personas de 21 años de edad o mayor podrían poseer legalmente hasta una onza de marihuana o seis plantas de marihuana (tres de los cuales no podrían ser maduras), y podrían legalmente cultivar, vender y comprar marihuana por un lugar autorizado relacionado a la marihuana.

El coste al DPS para implementar una ley propuesta por esta iniciativa se basa en las siguientes suposiciones sobre la legalización de marihuana en Alaska: llevará a un incremento sobre la demanda y el uso y un incremento consecuente en el número de personas que manejan mientras están bajo los efectos de esta droga, e incrementará el desvío ilegal y la exportación de marihuana cultivada legalmente en Alaska.

Por lo tanto, los costes a DPS están asociados con lo siguiente:

1. El incremento del número de investigadores a la Unidad de de Drogas de los policías estatales por todo el estado para tener como objetico el desvío y exportación de marihuana cultivada legalmente en Alaska.

2. Requiriendo que a más policías estatales para reciban la certificación de Perito de Reconocimiento de Drogas (DRE) para aumentar su habilidad para detector conductores

manejando bajo los efectos de marihuana y abordar el incremento anticipado en ofensas de manejar bajo los efectos de alcohol y drogas;

3. Lanzamiento de una campaña de educación pública y conocimiento sobre los peligros de manejar bajo los efectos de la marihuana; y

4. Incremento de los números de muestras que se manden para los análisis toxicológicos para detecta la presencia de marihuana en la sangre.

División de Policía del Estado de Alaska:

Marihuana se identifica como una droga de abuso principal en Alaska, junto con el alcohol, cocaína, heroína, y drogas recetadas. Estas drogas son el enfoque de la mayoría de esfuerzos de cumplimiento de drogas en Alaska.

La División de Policía del Estado de Alaska de DPS (AST), el Departamento de Investigación de Alaska, la Unidad de Cumplimiento de Drogas de Todo el Estado (SDEU) provee un papel de líder para coordinar los esfuerzo de ley para rebajar la disponibilidad de alcohol ilegal y drogas contraladas (incluyendo marihuana) por toda Alaska. El SDEU principalmente apoya seis equipos de asesoramiento de la investigación de drogas por toda Alaska. Estos equipos se dividen por cada región de la siguiente manera:

- Equipo de Asesoramiento de Interdicción de Alaska/Grupo de Imposición de Ley de Anchorage (patrocinado por la Administración Anti-drogas de los Estados Unidos)
- El Equipo de Narcóticos del Área de Fairbanks
- Equipo de Asesoramiento de Narcóticos del Mat-Su
- Equipo de Asesoramiento de Narcóticos del Área de Sud Central
- Equipo de Asesoramiento de Ciudades Contra las Drogas del Sud Este
- Equipo de Alcohol y Narcóticos del Oeste de Alaska

SDEU participa con y recibe asistencia de varias agencias de investigación federales envueltas con la lucha anti-droga. Estas agencias incluyen: La Administración Anti-droga (DEA); el Departamento Federal de Investigación (FBI); el Servicio de Inspección de Correos; Departamento de Alcohol, Tabaco, Armas de Fuego y Explosivos (BATFE); y las Autoridades de Inmigración y Aduanas (ICE).

La DEA adjudicó $80,000 en fondos de subvención para la Erradicación de Marihuana al Estado de Alaska en el año natural de 2012. Estos fondos se usaron para cubrir algunos costes asociados con la erradicación de la marihuana en el estado. En el año natural de 2012, los fondos se compartieron con los departamentos de policía de Anchorage, Craig, y Kenai para cubrir las horas extras incurridas por los policías involucrados con las operaciones de erradicación. La siguiente tabla reporta las actividades apoyados por medios de esta subvención:

Propuesta de Ley No. 2

Dado que la marihuana es ilegal bajo la ley federal, la legalización de marihuana en Alaska tendrá un impacto sobre las relaciones que el DPS tiene del trabajo colaborativo con sus contrapartes y posiblemente podría afecta los fondos de subvención federales al DPS y las agencias de policía local que los reciben para la erradicación de marihuana y para los esfuerzos de supresión.

Si esta iniciativa se hace ley, es práctico asumir que arrestos para la simple posesión disminuirán. Should this initiative become law, it is practical to assume that arrests for simple possession will decrease. Aun así, los esfuerzos anti-drogas principalmente tienen como objetivo a individuos envueltos en la cultivación comercial y tráfico de marihuana.

Es probable que las ventas de marihuana no sean llevadas a cabo por gente legítima, contribuyentes de negocios, pero por personas comportándose como delincuentes también. Debido a que hay niveles más Fuertes de tetrahidrocannabinol (THC) en la marihuana cultivada en Alaska, la demanda por otros estados para la droga es significante, y la legalización podría incrementar oportunidades para la exportación de marihuana. AST predice que las operaciones comerciales ilegales de marihuana continuaran existiendo para cumplir con esta demanda, evitando impuestos y regulaciones para poder ganar más dinero. Adicionalmente, permitiendo la operación de lugares cultivación de marihuana como propuesto por la iniciativa en realidad incrementa la oportunidad para que la marihuana “legalmente cultivada” de Alaska sea ilegalmente divertida y exportada.

DPS requerirá por lo menos tres posiciones adicionales de Policías Estáteles de Alaska para poder tener como objetivo el desvío y exportación ilegal de la marihuana legalmente cultivada en Alaska. Estas posiciones también funcionarían con los investigadores de la junta de de Control de Bebidas Alcohólicas (ABC) del DCCED sobre las investigaciones de actividades criminales asociadas con la regulación de la industria de marihuana.

El coste del primero año de las nuevas posiciones de investigadores de la policía estatal es de $827,200; $594,400 para el financiamiento para cubrir los servicios personales, viajar, capacitación, y suministros (incremento base), y $232,800 para cubrir la capacitación en la academia, equipo de información tecnológica, radios portátiles, equipo de oficina, armas de fuego y vehículos (financiamiento de una sola vez).

Propuesta de Ley No. 2

Una Ley para Cobrar Impuestos y Regular la Producción, Venta, y Uso de Marihuana

Aunque los arrestos para la simple posesión pueden disminuir, la mayor disponibilidad para conseguir marihuana posiblemente incrementará el número de adultos que consumen marihuana y la frecuencia con el cual se consume; entonces, el número de individuos manejando bajo los efectos de marihuana se espera incrementar. La práctica actual es de administrar una prueba de sobriedad en el sitio estandarizado a las personas que se sospecha que estén manejando bajo los efectos de drogas o alcohol (DUI). Actualmente no hay una prueba química que se pueda usar en el sitio para detector impedimento de marihuana; tomar muestras de sangre para los propósitos de determinar la presencia de una droga (incluyendo la marihuana) se tiene que hacer en un lugar medico.

Para rápida y proficientemente reconocer los indicios de los impedimentos de la marihuana en conductores que son parados, el DPS propone que se certifiquen más policías estatales como peritos en el reconocimiento de drogas. Un perito de reconocimiento de drogas (DRE), a los que a veces se les refiere como evaluador de reconocimiento de drogas, es un policía capacitado para reconocer el impedimento en conductores bajo los efectos de drogas además de, o adicionalmente a, el alcohol. Los requerimientos de capacitación y certificación son establecidas por la Asociación Internacional de Jefes de Policía y la Administración Nacional de Seguridad de Trafico de Carreteras. El coste para esta capacitación es aproximadamente $2,500 por policía estatal.

Finalmente, el DPS lanzaría una campaña de prensa de educación pública y conocimiento enfocado en los peligros de manejar bajo los efectos de marihuana, similar a las campañas actuales de manejar ebrio y del uso de cinturones de seguridad. Usando los gastos de las campañas de prensa actuales como una base, los costes de producción y publicidad para una campaña de DUI enfocada en el impedimento de la marihuana se estima ser $500,000 por año para la televisión, radio, periódico y revista, y anuncios por internet.

Laboratorio de Detección de Crimen Científico:

El Laboratorio de Detección de Crimen Científico de DPS (SCDL) provee los servicios de identificación a las agencias de policía de Alaska por medios de la sección de drogas. Los científicos forenses en la sección analizan los artículos de pruebas e identifican concluyentemente una droga o hacer un análisis suficiente para determinar que ninguna droga esta presente.

Las pruebas de drogas sometidas a la sección pueden ser analizadas por una variedad de métodos que incluye pruebas preliminares con pruebas confirmatorias. Las pruebas preliminares pueden incluir las pruebas de color, análisis micro cristalina microscopio, o identificación física de una tableta usando una fuente fiable. La confirmación de la presencia de una droga se hace por medios de una o dos pruebas confirmatorias, cromatografía de gas/espectrometría masa (GC/MS) o espectrofotometría infrarroja.

Siguiente el análisis, un científico forense interpreta los datos instrumentales y prepara un informe de sus hallazgos. Este informe se usa en los procedimientos judiciales y a veces al científico forense se le pide dar testimonio pericial a los tribunales.

Propuesta de Ley No. 2

Una Ley para Cobrar Impuestos y Regular la Producción, Venta, y Uso de Marihuana

Marihuana, una droga de clasificación VIA bajo AS 11.71.190, a menudo se somete al laboratorio criminal por las agencias de policía. La parafernalia de drogas tal como pipas y básculas digitales también a menudo se somete al laboratorio criminal para ser analizado. A los científicos forenses se les puede llamar para analizar muestras para las agencias federales que trabajan dentro de Alaska para drogas bajo la Ley de Drogas federal, que incluye marihuana.

El laboratorio criminal muy pocas veces analiza las cantidades personales de marihuana. Más, las pruebas sometidas al laboratorio criminal es indicativo de los niveles de cantidades de la distribución (trafico). Como AST predice que las operaciones de cultivación comercial ilegal de marihuana continuaran a pesar de la legalización de lugares relacionados con la marihuana, tal como los lugares de cultivación de marihuana y tiendas del por menor de marihuana, el SCDL no anticipa una disminución en sumisiones de pruebas.

Alaska actualmente no tiene un programa dentro del estado de toxicología. EL SCDL tiene un contrato con el Laboratorio de la Patrulla del Estado de Washington en Seattle para los servicios toxicólogos y les manda las muestras para los análisis de drogas. Basada en el incremento anticipado de manejar bajo los efectos de la marihuana, el DPS estima que un promedio de 150 muestras adicionales se mandaran para ser analizadas cada año. A un coste promedio de $300 por cada muestra, el incremento del coste del contrato será $45,000 por año.

El coste total estimado para DPS por la implementación de esta iniciativa es $1,434,700 para el primero año y $1,201,900 para el segundo año. Lo siguiente es un sumario de los costes estimados:

	Primero Año	Segundo Año
Tres Posiciones de Investigadores de Policía Estatal	$594,400	$594,400
Costes de posición de una sola vez (capacitación de la academia, equipo tecnológico, armas de fuego, y vehículos)	$232,800	$0.0
Total de Costes de Servicio de Personal	**$827,200**	**$594,400**

La iniciativa electoral legaliza la marihuana para uso por una persona de 21 años de edad o mayor. Sección 17.38.080 dice que el Departamento de Comercio, Comunidad, y Desarrollo

Propuesta de Ley No. 2

Una Ley para Cobrar Impuestos y Regular la Producción, Venta, y Uso de Marihuana

Económico (DCCED) puede crear una Junta de Control de Marihuana; de otra manera, los poderes, obligaciones, y responsabilidades le caen a la Junta de Control de Bebidas Alcohólicas, ubicado en el DCCED.

Normalmente, bajo AS 17.20, el DEC tiene la responsabilidad de regular comida y productos comestibles. Marihuana o su derivado, si se considera comida, quedaría bajo esas provisiones. Sin embargo, bajo 17.38.090 de la ley propuesta, la responsabilidad de regular marihuana, incluyendo crear requerimientos de etiquetar y regulaciones de salud y seguridad por la fabricación de marihuana, queda con la Junta de Control de Bebidas Alcohólicas.

Si tiendas de comida adicionales se abren para crear productos de marihuana (tal como panaderías de marihuana, etc.) junto con lugares adicionales de comida que se abrieran en el estado, el Programa de Seguridad y Sanidad de Comida dentro del DEC necesitará un Oficial de Salud del Medio Ambiente III adicional en Anchorage para revisar los planes de sanidad y hacer inspecciones de sanidad para el numero de lugares incrementados. Si hay un incremento en lugares, el DEC anticipa que necesitará una posición de jornada completa a un coste total de $136,900 (incluyendo servicios personales, viajes, gastos de contrato y suministros).

El estimado se hace basado en el coste durante el Año Fiscal 2014 y no refleja los incrementos de inflación que ocurrirán durante los años que tomar para que se apruebe la legislación, para que se escriba la legislación, e individuos para hacer operaciones de cultivación y lugares posibles de comida. El coste lo más seguro incrementará en años futuros.

Estimado de costes de la Universidad de Alaska para implementar la iniciativa de marihuana **Indeterminado**

La Universidad de Alaska ha examinado la iniciativa y debido a la incertidumbre sobre la iniciativa no pueden proveer un estimado definitivo de costes que incurrirían actualmente. Sin embargo, si se hace ley esta iniciativa, directamente impactaría la población primario de la Universidad – los estudiantes.

Aéreas de costes posibles incluyen pero no están limitados a:

Como sucede con Colorado y Washington, la educación se necesitará para los estudiantes, facultada, y personal sobre como la iniciativa cambiaria las pólizas de la Universidad sobre la posesión o uso de drogas en el campus.

La Ley de Clery incluye requerimientos para la educación sobre los efectos de drogas. La Universidad necesitaría modificar los documentos Clery, y podría posiblemente haber algunos costes de producción asociados con ese esfuerzo. Adicionalmente, puede que haya costes asociados con la revisión de las pólizas de la Universidad y regulaciones tales como alojamiento, empleo y disciplina.

Se anticipa que habría costes adicionales anti-droga (la ley propuesta prohíbe la consumición en público) por los departamentos de policía de UAA y UAF igual que por los administradores.

Propuesta de Ley No. 2

Una Ley para Cobrar Impuestos y Regular la Producción, Venta, y Uso de Marihuana

Hay posibles costes legales asociados con el análisis de la iniciativa y los conejos de la Unidad Mayor Administrativa (MAU).

Es posible que haya un impacto a los costes de cuidados de salud y tasas para los empleados igual que un posible impacto en las primas de seguro para la Universidad.

La Universidad imagina que muy posiblemente podría haber costes de investigación basado en peticiones de información sobre los impactos sociales y económicos de la iniciativa.

Estimado de costes de la Oficina del Vice Gobernador y la División de Elecciones para implementar la iniciativa de marihuana $80,257

Oficina del Vice Gobernador
Asumiendo que la iniciativa se pone en la boleta electora, el coste mínimo para hacer las audiencias públicas sobre la iniciativa en dos comunidades en cada uno de los cuatro distritos judiciales se estima ser $9,000. El numero puede rebajarse si las audiencias se hacen sobre más de una iniciativa a la vez.

Estimado de la Oficina del Vice Gobernador por categoría

Viajes	$ 9,000
Total	**$ 9,000**

Gastos de vieja estimados incluyendo transportación por aire de ida y vuelta, estipendio y otros costes de viaje asociados para el Vice Gobernador y su personal para viajar a siete comunidades en Alaska. Se asume que una de las audiencias se llevará a cabo en Anchorage que no tendría costes de viaje.

División de Elecciones

El coste mínimo a la División de Elecciones asociado con la certificación de la solicitud de la iniciativa y la revisión de la petición de la iniciativa, excluyendo los costes legales al estado y los costes al estado si hay una impugnación la validez de la petición, se estima ser $71,257.
Estimado de elecciones por categoría

Servicios Personales	$69,957
Servicios	$ 1,300
Total	**$71,257**

Los gastos de servicios personales asociados con la certificación de la solicitud de la iniciativa y la revisión de la petición de la iniciativa:
Tres empleados de jornada complete a 522 horas es $29,200
8 empleados temporales a 2,520 horas es $40,757

Gastos de servicio asociados con la certificación de la solicitud de la iniciativa y la revisión de la petición de la iniciativa.
Impresa de libretas es $1,300.

Propuesta de Ley No. 2

Una Ley para Cobrar Impuestos y Regular la Producción, Venta, y Uso de Marihuana

DECLARACIÓN DE APOYO

La prohibición de marihuana ha sido tan inefectivo, ineficiente, y contra productiva como la prohibición del alcohol. Es hora para una estrategia más sensible.

Propuesta de Ley 2 terminará la póliza fracasada de la prohibición de marihuana en Alaska y lo reemplazará con un sistema que hará que:

- El uso personal, la posesión, y la cultivación en casa de la marihuana sea legal para adultos 21 años o mayor; y
- La marihuana sea regulada y tasada como el alcohol.

Los estudios del gobierno y la investigación científica han concluido consistentemente que hasta la marihuana más potente, concentrado o de otra manera, es mucho menos dañino que el alcohol al consumidor y a la sociedad. Es menos adictivo, menos dañino al cuerpo, y resulta bastante menos posible desencadenar comportamiento violento y temerario.[1,2] Adultos que prefieren usar marihuana en vez del alcohol no deben de ser castigados por elegir algo más seguro.

Hubieron 2,219 arrestos por las ofensas de marihuana en Alaska en el 2010, del cual el 91% eran por solo la posesion.[3] La Propuesta 2 permitiría a la policía pasar su tiempo y recursos limitados enfocándose en delitos más serios en vez de arrestar y enjuiciar a adultos por el uso de un sustancia menos dañina que el alcohol.

Las leyes en vigor corrientemente de la marihuana obligan a que las ventas de marihuana sean clandestinas y controladas por delincuentes. La Propuesta 2 reemplazará las ventas clandestinas con un sistema bien regulado de negocios licenciados de marihuana que crearán trabajos para Alaska y generarán ingresos de impuestos para el estado y las localidades. También creará negocio e industrias ancilares, tales como construcción, inmobiliaria, y contabilidad. Las localidades tendrán el derecho de prohibir las tiendas de marihuana.
`

Los oficiales del estado crearán y ejecutarán las normas que gobernarán la producción y venta de marihuana, tal como los requerimientos de analizar, empaquetar, y etiquetar y las restricciones de publicidad.

Un mercado regulado proporcionará un ambiente más seguro para que los adultos compren marihuana, y rebajará su exposición a otras drogas ilegales. También más efectivamente prevendrá a adolescentes de comprar marihuana. Seguirá siendo ilegal comprar o vender marihuana a menores, y se requerirá que una persona muestre que es mayor de edad para comprar marihuana. Aquellos que venden marihuana clandestinamente no preguntan por la edad.

En Colorado, donde los votantes aprobaron una propuesta parecida en el 2012, los oficiales no han reportado ninguna instancia de negocios vendiendo ilegalmente a menores.[4] Desde que el estado ha empezado a regular cientos de tiendas de marihuana en 2010, el uso de marihuana entre los adolescentes no ha incrementado, el índice de graduaciones de escuelas preparatorias ha incrementado, y han rebajado el índice de adolescentes que han dejado el colegio. [5,6]

La implementación de la ley en Colorado no ha contribuido a un incremento de delincuencia, y la delincuencia violenta ha rebajado por todo el estado en el primer año en el cual la marihuana se legalizó para los adultos.[7] El número de accidentes de carro letales se ha rebajado más del 25% durante los primeros cuatro meses de la legalización de ventas de marihuana comparado con el mismo periodo del año anterior.[8]

El apoyo por todo el estado para parar la prohibición de marihuana ha incrementado en Colorado desde que las ventas legales para adultos de marihuana empezaron.[9]
Regular marihuana funciona.

Propuesta de Ley No. 2

Una Ley para Cobrar Impuestos y Regular la Producción, Venta, y Uso de Marihuana

DECLARACIÓN EN OPOSICIÓN

Gran Marihuana. Gran Error. Vote No en 2

En contra de los mejores intereses de nuestro Estado, la Proposición 2 busca legalizar, comercializar, **anunciar**, e industrializan la marihuana y productos concentrados de marihuana (tale como "shatter," "aceite de hachís," y los "Ring Pots" de marihuana) en Alaska. La Iniciativa es costoso, extremo, prematuro, y le hará daño indebido a las comunidades, negocios, familias, y la juventud de Alaska. Le rogamos que Voten No en 2 porque;

1. **La Iniciativa es Demasiado Costoso.** El Estado de Alaska calcula que esta iniciativa pueda incrementar los costes del Gobierno por más de $7 millones al año, incluyendo costes incrementados por la negligencia de niños y Arrestos de Manejar Bajo la Influencia. Además, la Asociación de Jefes de Policía de Alaska calcula que la iniciativa incrementará el coste a los pueblos pequeños y ciudades por $6 millones. Estos son solos los costes al gobierno estatal y a la policía. Basada en las pruebas, **por cada $1 de impuestos recaudados, los costes sociales, de productividad, de negocios, y de salud de sustancias como la marihuana será $10.** Los costes incluyen: pérdida de productividad, incremento de accidentes, daño a la juventud, daño a las familias, e incremento al coste de salud.

2. **La Iniciativa Legaliza la Fabricación, Publicidad, Propaganda, Transportación y Consumición de Productos Extremos como Shatter, Aceite de Hachís y Comestibles Apto Para Menores Peligrosos.** La iniciativa específicamente define la marihuana para incluir todas concentraciones y productos de marihuana. Esto legalizaría la fabricación, publicidad, propaganda, transportación y consumición de tales productos extremos con 80-90% de THC shatter, aceite de hachís, y crumble. **Le recomendamos a los votantes que investiguen en Google el shatter y aceite de hachís antes de votar.** Dos personas ya han muerto en Colorado de comestibles de marihuana aptos para menores, y han incrementado las visitas a las salas de emergencia.

3. **La Iniciativa Elimina la Opción Local** para las comunidades en Alaska que quieren prohibir la marihuana.

4. **Esta Iniciativa No Terminará Con el Tráfico Ilegal de Marihuana.** Si se aprueba esta iniciativa, habrá: venta ilegal de marihuana a la juventud; la exportación ilegal de marihuana, y la venta ilegal a adultas (igual que hay ahora en Colorado después de la legalización).

5. **¿Quiere la Gente de Alaska Verdaderamente Otra Industria Promocionando el Uso de un Estupefaciente Dañino? No.** Hay tantas pruebas de que la marihuana es dañina a los fetos, los cerebros en desarrollo, la motivación, el juicio (incluyendo cuando esta uno manejando), la salud mental, los pulmones, el corazón y más.

6. **Los Intereses Ajenos están Financiando la Iniciativa.** Sigue el dinero. Gran marihuana. Gran error.

7. **El Nivel de Uso por Nuestra Juventud Incrementará.** La ciencia de Salud Pública es muy clara. Si se aprueba la iniciativa, el nivel del uso de la marihuana, incluyendo el de shatter, aceite de hachís, y comestibles incrementará.

8. **No Hay Ninguna Razón Para Darse Tanta Prisa en Cometer un Error.** Merecemos ver lo que pasa en Colorado y tomar una decisión más informada sobre lo que es lo mejor para Alaska. Vamos a ver como la **propaganda generalizada de marihuana y los productos de marihuana** resulta; cuantos **pleitos** hay de la industria de marihuana; y que hacen los **activistas de marihuana.** Vamos a examinar los incrementos en visitas a las salas de emergencias y las muertes. No hay ninguna razón para que Alaska tenga tanta prisa en cometer un error.

Los costes de esta iniciativa de financiación ajena son demasiados. Vote No en 2.

(5) Comprar marihuana de un lugar de cultivación de marihuana; y

(6) Comprar marihuana o productos de marihuana de un lugar de fabricación de productos de marihuana.

El texto de esta propuesta se presenta como fue sometida por los proponentes de la petición.

(d) A pesar de cualquier otra provisión de ley, los siguientes hechos, cuando sean hechos por un lugar de fabricación de productos de marihuana con una inscripción actual y valida, o una persona de 21 años de edad o mayor que esté actuando en su capacidad como propietario o agente del lugar de fabricación de productos de marihuana, son legales y no serán una ofensa bajo la ley de Alaska o no será la base para decomisos o embargos de bienes bajo la ley de Alaska:

(1) Poseer, cultivar, procesar, reempacar, guardar, transportar, mostrar, transferir o entregar marihuana;

(2) Recibir marihuana o productos de marihuana de un lugar de la cultivación de marihuana, una tienda de venta al por menor de marihuana, un fabricante de productos de marihuana, o una persona de 21 años de edad o mayor, y

(3) Devolver marihuana o productos de marihuana a un lugar de cultivación de marihuana, una tienda de venta del por menor de marihuana, un fabricante de productos de marihuana, o una persona de 21 años de edad.

(e) A pesar de cualquier otra provisión de la ley, es legal y no será una ofensa bajo la ley de Alaska o no será una base para decomisar o embargo de bienes bajo la ley de Alaska para arrendar o de otra manera permitir el uso de propiedad perteneciente de, ocupada o controlada por cualquier persona, corporación u otra entidad por cualquier de las actividades dirigidas legalmente en acuerdo con los párrafos (a) hasta (d) de esta sección.

(f) Nada en esta sección previene la imposición de penas sobre los negocios de de marihuana por violar este capítulo o las normas adoptadas por la junta o gobiernos locales según este capítulo.

(g) Las provisiones de AS 17.30.020 no se aplican a los negocios de marihuana.

Sec. 17.38.080. Junta de Control de Marihuana.

En cualquier momento, la legislatura puede crear una Junta de Control de Marihuana en el departamento del Desarrollo de Comercio, Comunidad, y Economía o su agencia sucesor para asumir el poder, obligaciones, y responsabilidades delegados a la Junta de Control de Bebidas Alcohólicas bajo este capítulo.

Sec. 17.38.090. Reglamentaciones.

(a) No más tarde que nueve meses después de la fecha de entrada en vigencia de esta ley, la junta debe de adoptar las regulaciones necesario para la implementación de este capítulo. Tales regulaciones no deben de prohibir la operación de los negocios de marihuana, o expresamente o por medios de las regulaciones que hacen sus operación imprácticas sin razón. Tales regulaciones deben de incluir:

(1) Procedimientos para la emisión, renovación, suspensión, y revocación de una inscripción para operar un negocio de marihuana, con tales procedimientos sujetos a todos los requerimientos de AS 44.62, la Ley de Procedimiento Administrativo;

(2) Un plan de solicitud, inscripción y tarifas de renovación, provisto que, las tarifas de solicitud no sean más que $5,000, con este límite superior ajustado anualmente por el efecto de inflación, al menos que la junta determina una tarifa mayo sea necesario para llevar a cabo las responsabilidades bajo este capítulo;

(3) Calificaciones para la inscripción que están relacionadas directa y demostrablemente a la operación de un negocio de marihuana;

(4) Los requerimientos de seguridad para los negocios de marihuana, incluyendo la transportación de la marihuana por negocios de marihuana;

(5) Los requerimientos para prevenir la venta o el desvío de marihuana y productos de marihuana a personas menor que 21 años de edad;

(6) Los requerimientos de etiquetar para marihuana y productos de marihuana que un negocio de marihuana venda o distribuye;

(7) Las regulaciones de salud y seguridad y las normas para la fabricación de productos de marihuana y la cultivación de marihuana;

(8) Restricciones razonables sobre la publicidad y exposición de marihuana y productos de marihuana; y

(9) Penas civiles por la falta de cumplir con las regulaciones hechas según este capítulo.

(b) Para poder asegurar que la privacidad individual se proteja, la junta no requerirá a un consumidor para proveerle a una tienda de venta al por menor de marihuana con información personal menos que la identificación expedido por el gobierno para determinar la edad del consumidor, y una tienda de venta al por menor de marihuana no se le requerirá obtener y anotar la información personal sobre los consumidores.

Sec. 17.38.100. La inscripción de negocios de marihuana.

(a) Cada solicitud o renovación de solicitud para una inscripción para operar un negocio de marihuana se someterá a la junta. Una solicitud de renovación se puede someter hasta 90 días antes de fecha de caducidad de la inscripción del negocio de marihuana.

(b) La junta empezará a aceptar y procesar las solicitudes para operar un negocio de marihuana un año después de la fecha de entrada en vigencia de esta ley.

(c) Al recibir una solicitud o renovación de solicitud para un negocio de marihuana, la junta debe inmediatamente mandar una copia de cada solicitud y la mitad de la tarifa de inscripción a la autoridad local regulatoria para el gobierno local en el cual la solicitud desea operar el negocio de marihuana, al menos que el gobierno local no haya designado una autoridad regulatorio según el S 17.38.110(c).

(d) Dentro de 45 a 90 días después de recibir una solicitud o solicitud de renovación, la junta emitirá una inscripción anual al solicitante al menos que la junta encuentra que el solicitante no esté en cumplimento con las regulaciones promulgadas según AS 17.38.090 o a el gobierno relevante notifica la junta que el solicitante no esté en cumplimiento con las ordenanzas y regulaciones hechas según AS 17.38.110 y en virgo en el momento de solicitud.

(e) Si un gobierno local ha promulgado un limite numérico sobre el numero de negocios de marihuana y un número mayor de los solicitantes buscan inscribirse, la junta solicitará y considerará la contribución del las autoridades regulatorias locales en cuanto a la preferencia del gobierno local o las preferencias para la inscripción.

(f) Al ser negado la solicitud, la junta notificará al solicitante por escrito de la razón específica por la negación.

(g) Cada inscripción de negocio de marihuana especificará el lugar donde el negocio de marihuana operará. Una inscripción separada requerirá para cada lugar del cual el lugar de marihuana opera.

(h) Los negocios de marihuana y las cuentas y anotaciones mantenidas y creadas por los negocios de marihuana son sujetos a ser inspeccionados por la junta.

Propuesta de Ley No. 2

Una Ley para Cobrar Impuestos y Regular la Producción, Venta, y Uso de Marihuana

Sec. 17.38.110. Control local.

(a) Un gobierno local puede prohibir la operación de los lugares de cultivación de marihuana, lugares de fabricación de productos de marihuana, instalaciones de pruebas de marihuana, o tiendas de venta al por menor de marihuana por medio de la promulgación de una ordenanza o por la iniciativa del votante.

(b) Un gobierno local puede promulgar ordenanzas o regulaciones que no estén en conflicto con el capitulo o con las regulaciones promulgadas según este capítulo, gobernando la hora, lugar, manera y numero de operaciones de negocios de marihuana. Un gobierno local puede establecer penas civiles por la violación de una ordenanza o regulación que gobierna la hora, lugar, y manera de los negocios de marihuana que puedan operar en tales gobiernos locales.

(c) Un gobierno local puede designar una autoridad regulatoria local que sea responsable por procesar las solicitudes sometidas para una inscripción para operar un negocio de marihuana dentro de las fronteras del gobierno local. El gobierno local puede proveer para que la autoridad regulatoria local pueda emitir tales inscripciones si la emisión por el gobierno local debe de ser necesario por una falta por la junta de adoptar regulaciones según AS 17.38.090 o para aceptar o procesar solicitudes en acuerdo con AS 17.38.100.

(d) Un gobierno local puede establecer procedimientos para la emisión, suspensión, y revocación de una inscripción por el gobierno local en acuerdo con (f) esta sección o (g) de esta sección. Esos procedimientos serán sujetos a todos los requerimientos de AS 44.62, la Ley de Procedimiento Administrativo.

(e) Un gobierno local puede establecer un horario de operaciones anual, inscripción, y tarifas de solicitud para los negocios de marihuana, siempre y cuando, la tarifa de solicitud solo se vencerá si una solicitud se somete a un gobierno local en acuerdo con (f) de esta sección y una tarifa de inscripción se vencerá solamente si una inscripción de emita por un gobierno local en acuerdo con (f) de esta sección (g) de esta sección.

(f) Si la junta no emite una inscripción a un solicitante dentro de 90 días después de recibir la solicitud sometida en acuerdo con AS 17.38.100 y no notifica al solicitante de la razón especifica y permisible por su negación, por escrito dentro de tal periodo de tiempo, o si la junta ha adoptado las regulaciones según AS 17.38.090 y ha aceptado solicitudes según AS 17.38.100 pero no ha emitido cualquier inscripción para 15 meses después de la fecha de entrada de vigor de esta ley, el solicitante puede volver a someter su solicitud directamente a la autoridad regulatoria local, según (c) de esta sección, y la autoridad regulatoria local puede emitir una inscripción anual al solicitante. Si una solicitud se somete a la autoridad regulatoria local bajo este párrafo, la junta debe de mandarle a la autoridad regulatoria local la tarifa de solicitud pagada por el solicitante a la junta bajo solicitud por la autoridad regulatorio local.

(g) Si la junta no adopta las regulaciones requeridas por AS 17.38.090, un solicitante puede someter una solicitud directamente a una autoridad regulatoria local después de un año de la fecha de entrada en vigor de esta ley y la autoridad regulatoria local puede emitir una inscripción anual al solicitante.

(h) Una autoridad regulatoria local que emita una solicitud a un solicitante debe de hacerlo dentro de 90 días de recibir la solicitud sometida o reenviada al menos que la autoridad regulatoria local decide y le notifique al solicitante que el solicitante no está en cumplimento con las ordenanzas y regulaciones hechas según (b) de esta sección en vigor en el momento que la solicitud sea sometida a la autoridad regulatoria loca. El gobierno local notificará a la junta que una inscripción anual ha sido emitida al solicitante.

El texto de esta propuesta se presenta como fue sometida por los proponentes de la petición.

Propuesta de Ley No. 3

Una Ley para Incrementar el Sueldo Mínimo de Alaska

LENGUAJE DE LA BOLETA

Propuesta de Ley No. 3 – 13MINW
Una Ley para Incrementar el Sueldo Mínimo de Alaska

Esta propuesta de ley subiría el sueldo mínimo de Alaska de $7.75 por hora a $8.75 por hora a partir del 1 de enero del 2015. Le lay subiría el sueldo mínimo a $9.75 por hora a partir del 1 de enero del 2016. La propuesta de ley ajustaría el sueldo mínimo de cada año por el efecto de la inflación cada año después del 2016. La propuesta de ley crea un método para este ajustamiento. Bajo esta propuesta de ley, si el sueldo mínimo ajustado es menos que un dólar sobre el sueldo mínimo federal, el sueldo mínimo de Alaska será un dólar sobre el mínimo federal. Las propinas no contarán hacia el sueldo mínimo.

La propuesta de ley tiene una declaración de hallazgos. Esta declaración da las razones para la propuesta de ley. Las razones atañan a la calidad de vida para los trabajadores de bajos ingresos, el efecto del incremento en el coste de vida, la relación del sueldo mínimo de Alaska al nivel de pobreza federal, y el sueldo mínimo en otros estados.

¿Esta iniciativa debe de hacerse ley?

◯ Sí ◯ No

SUMARIO DE AGENCIA DE LOS ASUNTOS LEGISLATIVOS

La Ley sube el salario mínimo estatal. El 1 de enero del 2015, subirá de $7.75 a $8.75 por hora. El 1 de enero del 2016, el sueldo mínimo subirá otra vez a $9.75 por hora. Cada año después del 2016, el estado ajustará el sueldo mínimo para la inflación. La nueva cantidad tiene que ser por lo menos $1.00 más por hora que el sueldo mínimo federal. Las propinas y los regalos no cuentan como parte del sueldo mínimo.

Propuesta de Ley No. 3

Una Ley para Incrementar el Sueldo Mínimo de Alaska

Estimado de costes al Departamento de Trabajo y Desarrollo de Fuerza Laboral de Alaska

Como requerido por AS 15.45.090(a)(4), el Departamento de Trabajo y Desarrollo de Fuerza Laboral (Alaska Department of Labor and Workforce Development (DOLWD)) ha preparado el siguiente extracto de costes implementados para el propósitos de la iniciativa de elecciones del incremento del sueldo mínimos. El coste mínimo al Departamento de Trabajo y Desarrollo de Fuerza Laboral, excluyendo costes legales al estado, se estima ser $2,083.

La iniciativa electora reemplaza el sueldo mínimo actual, que bajo AS 23.10.065(a) está puesto a $.50 sobre el sueldo mínimo federal. La iniciativa pido por un incremento del sueldo mínimo a $8.75 desde el 1 de enero del 2015 y $9.75 desde el 1 de enero del 2016. Después del 2016, la iniciativa establece que el sueldo mínimo se ajustará por el efecto de la inflación en una base anual y que el sueldo mínimo se quedará por lo menos $1.00 por encima del sueldo federal mínimo.

No hay datos suficientes para establecer ciertos estimados de coste asociados con el incremento de sueldo mínimo como resultado de la iniciativa. Actualmente, no habría impacto en los sueldos pagados a los empleados del Estado de Alaska; sin embargo, no se sabe qué efecto, si hay cualquier efecto, el incremento de sueldo mínimo pueda tener en los servicios contractados por el Estado de Alaska a las entidades privadas.

Los gastos cuantificables causados por los ajustamientos al sueldo mínimo por la iniciativa electoral están asociados con las publicaciones producidas por el DOLWD para notificar a los empleadores y empleados de los requerimientos legales que incluyen el sueldo mínimo. El coste anual estimado para todas las publicaciones asociadas con el ajustamiento anual al sueldo mínimo es $2,083. Los gastos estimados anuales para las publicaciones empezarían el año fiscal del 2015.

5,000 carteles – “Sumario de la Ley de Sueldo y Hora”:	$308
5,000 “Conozca sus Derechos” panfletos de trabajo infantil:	$525

Total	**$2,083**

Estimado de costes a la Oficina del Vice Gobernador y la División de Elecciones
Como requerido por AS 15.45.090(a)(4), la Oficina del Vice Gobernador de Alaska ha preparado los siguientes extractos de costes para implementar la iniciativa electoral del incremento del sueldo mínimo propuesto.

Oficina del Vice Gobernador
Asumiendo que la iniciativa se pone en el boleto, el coste mínimo para llevar a cabo las audiencias públicas que tienen que ver con la iniciativa en dos comunidades en cada uno de los cuatro distritos judiciales se estima ser $9,000.
Oficina del Vice Gobernado estimado por categoría

Viajes	$ 9,000
Total	**$ 9,000**

Gastos estimados de viaje incluyen la transportación de avión de ida y vuelta, estipendio diario y otros costes asociados con el viaje para el Vice Gobernador y su personal para viajar a las siete comunidades en Alaska: se asume que una de las audiencias ocurriría en Anchorage que no supondría costes de viaje.

División de Elecciones

Como requerido por AS 15.45.090(a)(3), la División de Elecciones ha preparado el siguiente extracto de costes para implementar la iniciativa electoral propuesta del sueldo mínimo.

El coste mínimo a la División de Elecciones asociado con la certificación de la iniciativa aplicada y revisada por la petición iniciativa, excluyendo costes legales al estado y los costes al estado de cualquier cambio a la validez de la petición, se estima ser $71,257.

Estimado de elecciones por categoría

Servicios Personales	$69,957
Servicios	$ 1,300
Total	**$71,257**

Gastos de servicios personales asociados con la certificación de la solicitud iniciativa y la revisión de la petición de iniciativa:

Tres empleados de jornada complete por 522 horas es $29,200

8 empleados temporales por 2,520 horas es $40,757

Los gastos de servicios asociados con la certificación de la solicitud iniciativa y la revisión de la petición iniciativa:

La publicación de panfletos es $1,300.

Propuesta de Ley No. 3

Una Ley para Incrementar el Sueldo Mínimo de Alaska

DECLARACIÓN DE APOYO

Bajo la ley que existe, el sueldo mínimo en Alaska se fija a $.50 por encima del sueldo mínimo federal. Como el sueldo mínimo federal actual es $7.25, el sueldo mínimo de Alaska es $7.75 por hora. La prima de $.50 de Alaska se estableció por la Primera Legislatura de Alaska en 1959, cuando el sueldo mínimo federal era $1.00 por hora.

La intención del sueldo mínimo es asegurar "el mantenimiento de los estándares mínimos de la vida necesarias para la salud, eficiencia, y el bienestar general de los trabajadores" (La Ley de Estándares Justos de Trabajo, 1938). Nadie puede decir si el sueldo mínimo corriente de Alaska llega a cumplir esto. Un trabajador de jornada completa que trabaja todo el año cobrando $7.25 por hora gana solo $16,120 al año. Esto es $8,600 bajo el nivel de pobreza federal para una familia de tres en Alaska ($24,740) y $13,700 bajo el nivel de pobreza federal para una familia de cuatro ($29,820).

Después de tener el sueldo mínimo más alto del país durante las primeras cuatro décadas después de hacerse estado, Alaska ha caído al puesto **19**, detrás de los estados de sueldos más bajos tal como la Florida ($7.93) y Arizona ($7.90). Trece estados proporcionan un ajustamiento de coste de vida anual a su sueldo mínimo basado en el Índice de Precio de Consumidor (CPI). Washington ($9.32) y Oregón ($9.10) tienen los sueldos mínimos estatales más altos; el sueldo mínimo en California incrementará a $10 en enero del 2016.

La ley propuesta por Alaskans for a Fair Minimum Wage (La Gente de Alaska Para un Sueldo Mínimo Justo) incrementaría el sueldo mínimo a aproximadamente lo que debería ser el 1 de enero del 2016 si la legislatura del 2003 no hubiera revocado un ajustamiento del coste de vida promulgado con el apoyo amplio del público en el 2002. El incremento se hace en fases durante dos años (de $8.75 1 de enero del 2015 y de $9.75 1 de enero del 2016, con el ajustamiento anual del coste de vida después de eso) para acomodar a los empleadores de trabajadores de sueldos bajos en ajustarse al incremento.

La propuesta de ley reafirma la exclusión antigua de contar las propinas como parte de la obligación del empleador de pagar un sueldo mínimo completo a los empleados que ganan propinas.

Los estudios han mostrado que más del 75% de los trabajadores de Alaska que ganan un sueldo mínimo son adultos. Mientras que los críticos dicen que incrementar el sueldo mínimo tiene un impacto negativo sobre las oportunidades de empleo para la juventud, los estudios han encontrado que el efecto, si existe, es mínimo. De hecho, bajo la ley actual en Alaska, que la iniciativa propuesta no cambiaría, los trabajadores bajo la edad de 18 años que no trabajan más que 30 horas por semana son exentos del sueldo mínimo de Alaska y caen bajo la ley de sueldo mínimo federal.

En Alaska, aproximadamente 30,000 trabajadores con o cerca del sueldo mínimo que beneficiarían de esta medida trabajan en el procesamiento de marisco, hoteles, restaurants y servicio de alimentos, cuidado de niños, cajeras, repartidores, y en otras ocupaciones de bajo pago.

Propuesta de Ley No. 3

Una Ley para Incrementar el Sueldo Mínimo de Alaska

DECLARACIÓN EN OPOSICIÓN

No lo dude, si se aprueba la Propuesta 3, tendría dos efectos inmediatos – pero no los que los que lo apoyan le harán creer.

Primero, el desempleo de adolescentes incrementará conforme pasa el tiempo, rebajando sus oportunidades de conseguir experiencia laboral de mucho valor; segundo, la habilidad de los trabajadores pocos capacitados de ganarse un sueldo, especialmente aquellos que asisten a los ancianos con los mandados y quehaceres de la casa, se recortaría drásticamente – haciéndole daño a dos grupos de personas a la vez.

De hecho, más de aquellos que ganan menos que el umbral de pobreza, los unicos posibles beneificiarios de la Propuesta 3 posiblemente serán las familias que ganan por lo menos tres veces más que el umbral de pobreza, haciendo que el incremento del sueldo mínimo sea una iniciativa mala contra la pobreza.

Estos resultados no son simplemente especulación, pero patrones económicos que han seguido después de cada incremento del sueldo mínimo. Es vital para que los votantes sepan la verdad sobre el sueldo mínimo:

- El 99 por ciento de los trabajadores que ganan un sueldo por hora en Alaska (todos menos 2,000 personas) ya ganan por encima del sueldo mínimo (2012, la última información disponible).
- Más del 50 por ciento de los trabajadores de sueldo mínimo son menores de 24 años, así que subir el sueldo quita el primer nivel de la escalera económica de la vida de la gente joven, igual que los dueños de negocios estarán obligados a rebajarse en contratar empleados para poder cumplir con el incremento de coste.
- Después del último incremento de sueldo mínimo, medio millón de adolescentes perdieron sus trabajos después de seis meses, y eso fue en un periodo de recuperación cuando más trabajos tendrían que haber estado disponibles.
- El promedio de ingreso anual de una familia que ganan un sueldo mínimo (nacionalmente en el 2009) era más que $48,000.
- Significativamente más personas que ganan por lo menos tres veces más que el umbral de pobreza beneficiarían como aquellos que viven por debajo del umbral de pobreza.
- El 83 por ciento de las personas que ganan un sueldo mínimo son adolescentes viviendo con sus padres, adultos que viven solos, o parejas que tienen dos sueldos.

Las personas que apoyan la Propuesta 3 señalan el estado de Washington como un ejemplo que debería de seguir Alaska. En el 2013, ambos estados tenían un nivel de desempleo similar—el 6.5 por ciento en Alaska y 7 por ciento en Washington. Pero para gente joven de edades de 16 a 19, la situación fue mucho más diferente. En Alaska, donde el sueldo mínimo era $7.75 por hora, el desempleo de adolescentes era 17.5 por ciento. En el estado de Washington, donde el sueldo mínimo era $9.32 por hora y sube todos los años por la inflación, el desempleo de adolescentes era un increíble 30.6 por ciento.

¿Qué pasa cuando el sueldo mínimo sube demasiado? Se acuerdo de los ayudantes en las gasolineras. ¿Y los que ponen la comida en las bolsas en las tiendas? O, para la gente mayor, los acomodadores de los cines. Todos has sido eliminado. La tecnología puede hacer lo mismo para los trabajos de sueldo mínimo de hoy. Hacer sus pedidos por una pantalla y las auto-cajas en los supermercados son cosas que están creciendo en Alaska. Perdiendo estos trabajos quiere decir que el primero escalón en la escalera de carreras se perderá y habrá menos oportunidades para personas que antes tenían estos trabajos.

Preguntamos al economista William J. Dennis, quien ha estudiado pequeños comercios y el sueldo mínimo por 40 años. “Los empleadores quieren trabajadores con experiencia. ¿Cómo consigue uno experiencia cuando el sueldo es demasiado alto para el mercado laboral desde el principio?”

Propuesta de Ley No. 3

Una Ley para Incrementar el Sueldo Mínimo de Alaska

TEXTO COMPLETO DE LA LEY

"Una ley incrementando el sueldo mínimo de Alaska a $8.75 por hora efectivo el 1 de enero del 2015, $9.75 por hora efectivo el 1 de enero del 2016 y a partir de ahí ajustado anualmente para el efecto la inflación."

SEA PROMULGADO POR LA GENTE DEL ESTADO DE ALASKA

Sección 1. Hallazgos y Declaración

La gente del Estado de Alaska encuentran y declaran que:
(a) Un incremento en el sueldo mínimo de Alaska ayudará asegurar una norma de vida para la salud y bien estar de cada persona de Alaska,
(b) La gente de Alaska que trabaja jornada complete con el sueldo mínimo actual ganan mucho menos que el nivel de pobreza federal para una familia de tres,
(c) Los estados de la costa oeste de los Estados Unidos, Washington, Oregón, y California ya tienen un sueldo mínimo más alto que el sueldo mínimo del Estado de Alaska,
(d) Un sueldo mínimo justo catalogado al coste de vida ayudará a los trabajadores de bajos ingresos mantenerse al corriente por el efecto de la inflación.

Sección 2. Propósito

El propósito y la intención de promulgar esta legislación es para subir el sueldo mínimo de Alaska de $8.75 por hora para el 1 de enero del 2015, $9.75 por hora para el 1 de enero del 2016, y de ahí en adelante anualmente por el efecto de la inflación.

Sección 3. AS 23.10.065(a) se revoca y restablece para leer:
(a) Salvo estipulado de otra manera en la ley, un empleador pagará a cada empleado un sueldo mínimo, como establecido aquí, por las horas trabajadas en un quincena, si el trabajo se mido por horas, piezas, comisión o de otra manera. Un empleador no puede aplicar propinas otorgadas a un empleado como crédito hacia el pago de su sueldo mínimo por hora requerido en esta sección. El crédito de propinas como definido por la Ley de los Estándares de Trabajo Justo (Fair Labor Standards Act) de 1938 como enmendado no se aplica al sueldo mínimo establecido por esta sección. Empezando con el avance de esta Ley, el sueldo mínimo será $8.75 por hora efectivo el 1 de enero del 2015, $9.75 por hora efectivo el 1 de enero del 2016 y de ahí en adelante ajustado anualmente por el efecto de inflación. El ajustamiento se calculará cada 30 de septiembre, para el año natural del enero-diciembre anterior, por el Departamento de Trabajo y Desarrollo y Fuerza Laboral de Alaska, usando el 100 por ciento a razón del efecto de la inflación basada en el Índice de Precios del Consumidor para todos los consumidores del área metropolitano de Anchorage, compuesto por el Departamento de Estadísticas de Trabajo, Estados Unidos Departamento de Trabajo; el departamento redondeará el sueldo mínimo ajustado por hora arriba al centavo; el sueldo mínimo ajustado por hora se aplicará al trabajo cumplido empezando el 1 de enero hasta el 31 de diciembre del año por el cual esté en vigor.

Sección 4. Si el sueldo mínimo determinado bajo la Sección 3 es menos que un dólar sobre el sueldo mínimo federal, el sueldo mínimo de Alaska será un dólar por encima del sueldo mínimo federal. Esta cantidad se ajustará en los siguientes años por el método establecido en la Sección 3.

Propuesta de Ley No. 4

Una Ley Proveyendo para la Protección del Salmon Silvestre y las Aguas de Bristol Bay Dentro de o que Fluyen en la Reserva de Pesquerías de Bristol Bay del 1972

LENGUAJE DE LA BOLETA

Propuesta de Ley No. 4 – 12BBAY
Una Ley Proveyendo para la Protección del Salmon Silvestre y las Aguas de Bristol Bay Dentro de o que Fluyen en la Reserva de Pesquerías de Bristol Bay del 1972

Esta propuesta de ley requeriría que la legislatura aprueba minas futuras de sulfuro metálico a gran escala en la Reserva de Pesquerías de Bristol Bay (BBFR) al aprobar esta ley. La ley tendría que encontrar que la mina propuesta no sería un peligro a la pesquería de BBFR. La aprobación seria adicional a cualquier otro permiso o autorización requerida. La propuesta de ley define una "operación de minera de sulfuro metálica a gran escala" como "una propuesta específica de minería para extraer metales, incluyendo oro y cobre, de roca que lleva sulfuro y que directamente alterará 640 acres de tierra o más." La propuesta de ley permite que el Departamento de Recursos Naturales adopte las regulaciones.

La propuesta de ley haría hallazgos. Los hallazgos de la propuesta de ley serian que la legislatura halló que el BBFR era importante al crearlo en 1972; que las protecciones de la propuesta de ley son necearías; que proteger las aguas y el salmón silvestre del BBFR es de interés para el estado entero basado en las pesquerías de la región, beneficios económicos, herencia cultura, y recursos únicos de salmón silvestre; y que la mina de sulfuro metálica pueda dañar estos intereses porque las minas pueden producir toxinas y contaminantes. La propuesta de ley tiene la intención de que la legislatura apruebe cualquier mina de sulfuro metálico a gran escala en el BBFR o que podría afectar negativamente la línea divisoria.

La propuesta de ley se aplicaría solo a minas de sulfuro metálico a gran escala en el BBFR que falta todos los permisos, licencias o aprobaciones requeridas antes de la fecha de entrada en vigor de la propuesta de ley.

¿Esta iniciativa debe de hacerse ley?

◯ Sí ◯ No

SUMARIO DE AGENCIA DE LOS ASUNTOS LEGISLATIVOS

La Ley requiere aprobación legislativa para ciertas minas. La Ley se aplica sólo a minas que sean más grandes que 640 acres en la línea divisoria de la Reserva del Sector Pesquero de Bristol Bay. La Ley sólo se aplica a minas que extraen metal de roca portador de sulfuro. La legislatura tiene que hallar que una mina no es un peligro al sector pesquero de Bristol Bay para aprobarlo. La Ley tiene hallazgos que explican la intención de la Ley. La Ley permite que el Departamento de Recursos Naturales adopte regulaciones. La Ley se aplica sólo a minas que no tienen todos los permisos, licencias, o aprobaciones requeridos antes de que la Ley entre en vigor.

Propuesta de Ley No. 4

Una Ley Proveyendo para la Protección del Salmon Silvestre y las Aguas de Bristol Bay Dentro de o que Fluyen en la Reserva de Pesquerías de Bristol Bay del 1972

DECLARACIÓN DE GASTOS

Preparado por el Departamento de Recursos Naturales de Alaska y el Departamento de Ley

Como requerido por AS 15.45.090(a) (4), los Departamentos de Recursos Naturales y Ley de Alaska han preparado las siguientes declaraciones de costes del Estado de Alaska para implementar la ley propuesta por esta iniciativa electoral.

La iniciativa electoral requerirá la aprobación de la legislatura de cualquier propósito de operaciones de minería de sulfuro metálico a gran escala "que podría directamente interrumpir los 640 acres o más de tierra" donde aquellos proyectos propuestos se ubican dentro de la línea divisoria de de La Reserva de Pesquerías de Bristol Bay. Cualquier autorización por la Legislatura "tomará la forma de una ley debidamente promulgada concluyendo que el propuesto de la operación de minería de sulfuro metálico a gran escala no constituirá un peligro a la pesquería dentro de la Reserva de Pesquerías de Bristol Bay."

Si la iniciativa es aprobada por los votantes, un proceso legislativo y la aprobación de una ley que tiene un hallazgo especifico con requerimientos adicionales al régimen actual de permisos para un tipo especifico de operación de minería en la línea divisoria de la Reserva de Pesquerías de Bristol Bay. Los requerimientos adicionales se aplicarían retroactivamente a una operación de minería de sulfuro metálico a gran escala que no ha recibido todas las autorizaciones, licencias, permisos o planes aprobados de operaciones necesarias antes de la fecha de entrada en vigor de la iniciativa.

No hay detalles suficientes en la iniciativa para identificar todos los costes que puedan estar asociadas con la implementación de este paso al régimen de permisos. Esto representa un estimado de los costes del Estado y los costes actuales probablemente serán diferentes.

Los estimados son a partir de diciembre del 2012 y no reflejan los incrementos debidos a la inflación que probablemente ocurrirán durante el número de años que puede tardar para completar el régimen de permisos actual del estado de una mina a gran escala y entonces someterlo a la Legislatura para ser revisado y aprobado.

El estimado excluye los gastos de litigio; gastos que la legislatura pueda o no pueda incurrir que estén asociados con cosas adicionales de exanimación fuera de los permisos o autorizaciones que existen, e impactos posibles de ganancias para el estado de impuestos y ganancias retrasadas o perdidas.

El Departamento de Recursos Naturales de Alaska (The Alaska Department of Natural Resources (DNR)) Oficina de Gerencia de Proyectos y Permisos (Office of Project Management and Permitting (OPMP)) coordina la revisión de proyectos a gran escala en el Estado. Se asume que un proyecto posible como definido por la iniciativa beneficiaria de un solo punto de contacto primario y utilizaría OPMP.

Propuesta de Ley No. 4

Una Ley Proveyendo para la Protección del Salmon Silvestre y las Aguas de Bristol Bay Dentro de o que Fluyen en la Reserva de Pesquerías de Bristol Bay del 1972

Asumiendo que la iniciativa no requiere hallazgos adicionales, normas o requerimientos adicionales a aquellos que ya están implementadas bajo las regulaciones de permisos del Estado, no habrá costes adicionales a las agencias del estado asociados con el permiso de un proyecto del ámbito y escala como descrito en la iniciativa. Sin embargo, en el año en el cual una autorización final en que un proyecto se presentaría delante de la legislatura, se asume que habrían audiencias legislativas, y que el DNR y a otras agencias de permisos se les pediría contribuir su experiencia sobre sujetos pertinente o el proceso de permisos en general. Se asume que el papel de las agencias del Estado seria explicar sus decisiones de permisos, no para avisar la Legislatura, para asegurar la separación propia de poderes.

En anticipación de las audiencias legislativas, las agencias prepararían y empacarían documentos pertinentes y el OPMP coordinador del proyecto recopilará y coordinará los documentos y las presentaciones del personal que incluyen todas las decisiones de permisos relevantes. El coordinador de OPMP representaría el DNR en las audiencias legislativas y servirían como el intermediario principal entre la legislatura y las agencias del estado. Recopilar la materia pertinente y la coordinación de los esfuerzos durante la sesión legislativa se estima costa un mínimo de $70,000. Esos costes se dividen de la siguiente manera: servicios personales $52,000; viajes $14,000; y suministros y materias $4,000.

El Departamento de Ley (Ley) estima que los costes asociados con el proceso legislativo de ser un mínimo de $50,000, asociado con las agencias consejeras en las siguientes aéreas: procesando solicitudes de registro publicó; revisión legislativa; documentos de procesos y audiencias; y regulaciones y revisiones de de la agencia.

El estimado de los costes antes mencionados representa un coste mínimo dado las numerosas incertidumbres sobre la regulación de la revisión legislativa, la falta de criterio en la iniciativa sobre el cual una determinación legislativa se hará, y el posible impacto a las ganancias del Estado si la legislatura niega un permiso para una mina a gran escala.

Propuesta de Ley No. 4

Una Ley Proveyendo para la Protección del Salmon Silvestre y las Aguas de Bristol Bay Dentro de o que Fluyen en la Reserva de Pesquerías de Bristol Bay del 1972

DECLARACIÓN DE APOYO

Propuesta de Ley 4 es necesario para proteger el Salmon de la Bahía de Bristol de los efectos dañinos de una mina de gran escala. —VOTE SÍ

Esta propuesta requerirá que las minas a gran escala cumplan con las normas que se han aplicado a la exploración del petróleo y gas por 40 años—evitando el daño irreparable a las pesquerías vitales de la Bahía de Bristol.

La importancia de la Bahía de Bristol—

La Bahía de Bristol, con sus ríos, lagos, y arroyos, produce salmón Silvestre de una escala y calidad inigualable por cualquier otro sitio en la faz de la Tierra. La producción anual de la Bahía de Bristol de salmón rojo es de 31 millones y proporcionar un tercio de la reserva mundial. Es la pesquería de salmón silvestre más grande y de más valor en el mundo. A diferencia de otras regiones que producen salmón, esta pesquería es 100% silvestre y nunca ha sido apoyado por peces de criadero. Es verdaderamente una región única.

El salmón de la Bahía de Bristol son críticos para la economía de Alaska. Las pesquerías de deporte y comercial mantienen 10,000 trabajos—con un impacto económica anual en Alaska de entre $318 y $578 *millones*—en todo el país, ese impacto es de $1.5 *billones.*

Miles de residentes locales dependen en el salmón anual para mantener su forma de vida, como se ha hecho por generaciones.

La pesquería de la Bahía de Bristol puede continuar proporcionando beneficios económicos y culturales para un largo futuro asegurado si la Propuesta de Ley 4 se aprueba.

La Reserva de Pesquerías—

En 1972, la Legislatura de Alaska creó la Reserva de Pesquería de la Bahía de Bristol. La línea divisoria de la Reserva incluye ríos y arroyos críticos y partes de dos parques nacionales y un parque estatal. La Propuesta de Ley 4 afectará solo alrededor del 5% área total de Alaska.

Para proteger la Reserva, la Legislatura inserto un paso adicional para los desarrolladores de petróleo y gas que buscan permisos de perforación en la región—los desarrolladores han demostrado que sus actividades no pondrían en peligro el salmón de la Reserva, y la economía que depende de ellos.

Si los desarrolladores cumplen con su obligación, los representantes elegidos por la gente de Alaska (y no los burócratas no elegidos) autorizarían la actividad. Hasta hoy, la Reserve es la única en Alaska.

La Propuesta de Ley 4 simplemente toma ese mismo estándar—un estándar que se ha aplicado a las actividades de petróleo y gas durante los últimos 40 años—y se aplica a las minas de sulfuro metálica de gran escala.

Proteger la Bahía de Bristol para las futuras generaciones—

La minería de sulfuro metálica de gran escala en la Bahía de Bristol actualmente se está cumpliendo en la forma de la Mina de Pebble. La minería de este tipo produce químicos que podría dañar las aguas de los alrededores de una manera únicamente toxica para los salmones. Tales minas también requerirían que cantidades masivas de tales sustancias se guarden en o cerca de la Reserva para siempre. Ninguna mina del tamaño de Pebble se ha desarrollado sin contaminar el agua de los alrededores.

Dado que este tipo de mina se propone en el centro del mayor lugar que produce salmón del mundo, es vital que la gente de Alaska vote sí en la Propuesta de Ley 4 para proteger la Pesquería.

Si un proyecto no pone en peligro la Bahía de Bristol, entonces la Propuesta de Ley 4 no lo va a parar. Sin embargo, la propuesta provee una protección contra cualquier proyecto que pueda destrozar un recurso invaluable.

VOTE SÍ en la Propuesta de Ley 4—VOTE SÍ para el salmón.

Propuesta de Ley No. 4

Una Ley Proveyendo para la Protección del Salmon Silvestre y las Aguas de Bristol Bay Dentro de o que Fluyen en la Reserva de Pesquerías de Bristol Bay del 1972

DECLARACIÓN EN OPOSICIÓN

La iniciativa de Bristol Bay Forever (Bahía de Bristol Para Siempre) le daría un carácter político al proceso altamente profesional y exitoso de Alaska; su voto de **"NO"** en oposición a la iniciativa es importante para permitir que el proceso establecido avance responsablemente. La iniciativa está hecha para parar la mina de Pebble en el sureste de Alaska; no lo hará, pero retrasará el proceso de autorización para que ese proyecto y otros se puedan descubrir en esa área. Sin duda se usará por aquellos que tienen la intención de parar el desarrollo responsable en Alaska en muchos otros proyectos como el proceso avanza hacia otras aéreas. La gente de Alaska tienen opiniones fuertes sobre el proyecto de Pebble, pero las urnas no son el lugar donde tomar las decisiones sobre el desarrollo. Un voto de **"no"** retendría decisiones de desarrollo responsables para los especialistas que están altamente calificados para avanzar el proceso mientras que un voto de "sí" crearía una póliza pública muy mala. Nuestro gobierno trabaja sobre las separaciones de los poderes principales; la adopción de esta iniciativa comprometería esta doctrina.

En mi experiencia, como he trabajado con la Oficina de Gerencia de Proyectos y Autorizaciones (OPMP) dentro del Departamento de Recursos Naturales, indica que este grupo y agencias son muy fiables y profesionales. Ellos toman sus papeles y los estatutos que defienden y administran muy en serio. El OPMP coordina el proceso de autorización dentro del estado para proyectos de minas grandes. Los procesos desarrollados por esta agencia y su conducta son entre los líderes en el desarrollo de responsabilidad en la autorización. Otras agencias envueltas en el proceso incluyen el Departamento de Recursos Naturales, Conversación Medioambiental, Pesca & Fauna, Departamento de Labor y Trabajo, Transportación, Comercio y otros; varias agencias federales, incluyendo el EPA, y el Cuerpo de Ingenieros también contribuyen a este proceso.

La iniciativa presenta una pregunta muy seria sobre la doctrina de poderes entre las ramas administrativas y legislativas de nuestro gobierno. Nuestro sistema está hecho para tener el equilibrio de poderes entre las ramas de gobierno. Esta iniciativa intenta darle a la rama legislativa un nivel de autoridad desigual sobre las decisiones con respeto a nuestros recursos de desarrollo. ¡SU VOTO DE **"NO"** SE URGE! La legislatura no es responsable de negar/restringir/revisar/preguntar y es una póliza muy mala - ¿considera usted a la legislatura más calificada para hacer las decisiones importantes de desarrollo de recursos que aquellos que están altamente capacitados y los administradores y reguladores profesionales?

Por favor vote no en la Propuesta de Ley 4.

Propuesta de Ley No. 4

Una Ley Proveyendo para la Protección del Salmon Silvestre y las Aguas de Bristol Bay Dentro de o que Fluyen en la Reserva de Pesquerías de Bristol Bay del 1972

TEXTO COMPLETO DE LA LEY

PARA UNA LEY QUE ESTIPULA LA PROTECCIÓN DE
EL SALMON SILVESTRE DE BRISTOL BAY
Y LAS AGUAS DENTRO DE O QUE FLUYEN A LA RESERVA DE
PESQUERÍA DE 1972 DE BRISTOL BAY

Sea promulgado por la Gente del Estado de Alaska:

Sección 1. AS 38.05, se enmienda al añadir una sección para leer de la siguiente manera:

Sec. 38.05.142. La aprobación legislativa requerida para ciertas minas a gran escala.

(a) Adicionalmente a los permisos y autorizaciones que de otra manera sean requeridos bajo la ley, una autorización final se tiene que obtener de la legislatura para una operación de minas de sulfuro metálico a gran escala ubicadas dentro de la línea divisoria de la Reserva de Pesquería de Bristol Bay designada en AS 38.05.140(f). Esta autorización tomará la forma de una ley promulgada concluyendo que la propuesta operación de sulfuro metálico a gran escala no constituirá un peligro a la pesquería dentro de la Reserva de Pesquería de Bristol Bay.

(b) El comisionado puede adoptar regulaciones bajo AS 44.62 para implementar esta sección.

(c) En esta sección, “una operación de minería de sulfuro metálico a gran escala” quiere decir una propuesta de minería especifica para extraer metales, incluyendo oro y cobre, de roca que lleva sulfuro y que directamente alterará 640 acres de tierra o más.

Sección 2. La ley no codificada del Estado de Alaska se enmienda al añadir una sección para leer de la siguiente manera:

La Gente de Alaska encuentra lo siguiente:

(1) En 1972, la Legislatura de Alaska reconoció la importancia por todo el estado de esta región al establecer la Reserva de Pesquerías de Bristol Bay para proteger las pesquerías de salmón de la región al requerir la aprobación legislativa de permisos para desarrollar arrendamientos de petróleo y gas dentro de la Reserva;

(2) Dado la importancia reconocida por todo el estado, y dado la posibilidad de que la minería de sulfuro metálico pueda afectar adversamente y contaminar las aguas de la Reserva, la gente de Alaska cree que ciertos proyectos de minería a gran escala tiene que llegar a la altura de las mismas normas que han sido aplicadas al desarrollo de petróleo y gas dentro de la Reserve desde el 1972;

(3) La región de Bristol Bay de Alaska, incluyendo sus ríos, lagos y arroyos múltiples, es una región que produce salmón silvestre que es de interés para todo el

El texto de esta propuesta se presenta como fue sometida por los proponentes de la petición.

estado por las varias pesquerías en la región (a) dar de comer y emplear a residentes por todo el estado; (b) provee beneficios económicos importantes por todo el estado; (c) produce un tercio del suministro del salmón rojo silvestre del mundo.

(4) Durante miles de años, el salmón silvestre de la línea divisoria de Bristol Bay ha sostenido la subsistencia y el estilo de vida cultural de los Nativos de Alaska en muchas partes de Alaska;

(5) El salmón silvestre de Bristol Bay y sus líneas divisorias también suministran las industrias crecientes vitales de deporte y pesca comercial que provee beneficios importantes económicos por todo el estado;

(6) La diversidad genética de las poblaciones distintas de salmón en la región es una de las razones primarias que el salmón silvestre de la región son tan resistentes y han sido tan abundantes. En conformidad, cada población individual de salmón es una parte integral e irremplazable de recurso en total;

(7) Mientras que los recursos de salmón disminuyen por el mundo entero, el valor para Alaska del los recursos de salmón silvestre de Bristol Bay continua creciendo. El valor creciente de este recurso extraordinario y único para todos los ciudadanos de Alaska justifica medidas protectoras adicionales para el salmón silvestre en las aguas que se vacían a las aguas de la Reserva de Pesquerías de Bristol Bay;

(8) La minería de sulfuro metálico tiene la posibilidad de afectar negativamente los recursos de salmón porque el derivado de tal minería puede alterar negativamente la química de las aguas habitadas por salmón durante sus vidas y puede tener consecuencias series sobre la sobrevivencia de poblaciones, sub especies y especies individuales de salmón. En acuerdo, es un asunto de interés público para todo el estado asegurar que la línea divisoria que produce el mejor salmón silvestre esté protegido de la contaminación y materia toxica y los efectos particulares asociados únicamente con una mina de sulfuro a gran escala;

(9) Las medidas protectoras de esta Ley están razonablemente basadas en la necesidad de proteger la Reserva de Pesquerías de Bristol Bay. Los hechos, pruebas, y razonamiento del cual la Legislatura de Alaska basó su creación de la Reserva de Pesquerías de Bristol Bay en 1972 también apoya la necesidad para las medidas protectoras de esta Ley; y

(10) Es la intención de esta Ley de requerir la aprobación legislativa de una operación de minera de sulfuro metálico a gran escala dentro de la Reserva de Pesquerías de Bristol Bay, o que tiene la posibilidad de afectar negativamente las aguas migratorias dentro de la reserva.

Sección 3. La ley no codificada del Estado de Alaska se enmienda al añadir una sección para leer de la siguiente manera:

AS 38.05.142, como promulgada por la sección 2 de esta Ley, se aplica solo a operaciones de minería de sulfuro metálico a gran escala que no han recibido todas las autorizaciones, licencias, permisos, o planes aprobados necesarios de operación antes de la fecha de entrada en vigor de esta Ley. La acción requerida legislativa en AS 38.05.142(a) no se aplica a una operación de minería que existe en el estado o una mina que no afecta la línea divisoria descrita en AS 38.05.142(a).

Sección 4. La ley no codificada del Estado de Alaska se enmienda al añadir una sección para leer de la siguiente manera:

Es la intención de la gente de Alaska que las provisiones de AS 38.05.142, como promulgadas, son independientes y separables, y si cualquier provisión de AS 38.05.142 será invalida por un juzgado de jurisdicción competente, el resto de AS 38.05.142 no será afectado y tendrá validez al mayor alcance posible.

Sección 5. Fecha de Entrada en Vigor. La ley no codificada del Estado de Alaska se enmienda al añadir una sección para leer de la siguiente manera:

Esta ley entra en vigor 90 días después de la promulgación.

Ha sido un privilegio y un honor servir la gente de Alaska como un juez de la corte suprema durante los últimos cinco años y antes que eso por cinco años como juez de la corte superior en Anchorage. Continuaré dando el 100% de mis habilidades y el mayor esfuerzo para ser el tipo de juez de la corte suprema que usted espera y merece – un juez con integridad, comprometido a la justicia igual bajo la ley para todos; un juez que aplicará las normas de las leyes sin tomar en cuenta las vistas personales; un juez que puede estar completamente preparado para todos las causas, escuchar cuidadosamente todas las vistas, tener paciencia, ser justo e imparcial hacia todos; un juez que trabajará cuidadosamente con una ética laboral incansable y compromiso al servicio público; un juez que desacordará cuando esté convencido que otro juez ha llegado a una decisión incorrecta o injusta; un juez que respeta la Constitución y entiende que el papel de un juez bajo la Constitución no es actuar como una “súper legislatura” pero en vez interpretar fielmente y aplicar la ley. Con respeto y humildad, y pido que vote para retenerme como un juez en la Corte Suprema de Alaska.

Ha sido un honor poder servir la comunidad de Anchorage como un juez de la corte superior desde febrero del 2011. He consistentemente intentado llevar a cabo todas las audiencias ante mí de una manera justa y comprensiblemente, y asegurar de que escuche a la posición de cada persona, para aplicar neutralmente la ley a su situación y como haya sido aprobado por la legislatura, y tratar a todas partes que comparecen en la sala judicial con respeto y dignidad. Yo trabajo duro para asegurar que las partes entiendan lo que se está diciendo y que debe de ser el siguiente paso, especialmente las partes que se representan a sí mismo. También estoy orgulloso cuando doy mis decisiones rápidamente y con toda la explicación posible, porque sé que estar esperando una decisión judicial puede causar mucho estrés y ser difícil para las partes. He viajado a otros lugares judiciales para audiencias y juicios; siempre me alegra hacerlo porque disfruto conociendo a la gente y las comunidades fuera de Anchorage. He continuado ser voluntario para esas causas, para que los asuntos importantes y los conflictos que afectan a la gente de Alaska fuera de los centros urbanos se resuelvan con cuidado, rápida y justamente.

Aprecio mucho y disfruto del privilegio de servir como juez, y tengo muchas ganas de ampliar mi alcance para poder continuar dar decisiones imparciales y a tiempo en todos las causas ante mí.

Fiscal General Auxiliar 1996-2001
Fiscal Municipal Auxiliar 2001-2011

Intereses especiales:
Montar en bicicleta, esquiar, alpinismo

Otros:
Me crié en el área de Boston y continué mi educación en la costa este. Durante una de mis primeras "cooperativas", fui becaria en la Oficina de Abogacía Publica de Alaska. Después de graduarme, regresé como actuaria judicial para la Corte de Apelaciones de Alaska. Entonces me fui a vivir a Kenai para trabajar en la Agencia de Abogados de Oficio. Después, me regresé a vivir a Anchorage para trabajar para el Fiscal General, trabajando en la protección del consumidor y luego trabajé en protección de menores. Cinco años más tarde, me fui a trabajar a la Oficina del Fiscal Municipal donde supervisé la unidad de violencia domestica y los abogados de juicio.

Declaración:
Cuando llegué a Alaska, inmediatamente me enamoré de la amabilidad, el espíritu, y la naturaleza de Alaska, e hice Alaska mi hogar. En los últimos 20 años, tuve la suerte de servir como una actuaria judicial, abogada de oficio, fiscal, jurado, y juez. Estas experiencias me han expuesto al sistema judicial criminal y civil en Alaska. He visto y aprecio que el Sistema Judicial de Alaska se esfuerza todos los días para ser uno que representa con justicia e igualdad cuando la meta es tratar a los individuos que comparecen ante la corte con dignidad y respeto. Siendo la primera abogada en mi familia, fue un deber abrumador ir a la escuela de derecho y entonces vencer los desafíos del litigio. Así que entiendo que venir a un juzgado es una experiencia incomoda para el público porque personalmente lo he vivido.

La transición de abogado a juez los últimos tres años ha sido ambos un desafío y gratificante. Verdaderamente ha sido un honor y un privilegio hacer esa transición. Como una juez de la corte del distrito que trabaja con individuos con asuntos importantes en sus vidas que desean que el sistema judicial revise, yo me esfuerzo en ser imparcial y cortes todos los días y de tomar decisiones, justamente y a tiempo. Tengo ganas de continuar sirviendo el público como una juez del distrito y espero tener la oportunidad de poder hacerlo.

Declaración:
He vivido en Alaska desde 1972. Después de asistir a la universidad y la escuela de derecho, regresé a Alaska por el fuerte deseo que sentía de quedarme en Alaska y servir la comunidad donde me crié. Como Fiscal Auxiliar y Fiscal General Auxiliar en Anchorage, Barrow, Fairbanks, y Palmer, me familiaricé con los asuntos al que se enfrenta la gente de Alaska cuando se involucran el sistema judicial. Esta experiencia me ha habilitado para poder trabajar efectiva y justamente con el volumen alto de causas en la corte del distrito de Anchorage. En causas criminales, yo me esfuerzo a tomar las decisiones de sentencia que cumplen con las necesidades de la comunidad y la víctima, igual que abordar la rehabilitación de un acusado. En los casos civiles, yo escucho cuidadosamente a las partes y tomo el tiempo para tomar las decisiones que son razonables y justas.

Dentro del sistema judicial en sí, he trabajado con otros jueces para hacer que las audiencias sean más eficientes para el público, y actualmente estoy trabajando para traer el envío electrónico al sistema judicial igual que ampliar el acceso a los juzgados por medios de internet.

Estoy comprometido en tratar a todo el mundo que se involucra en el sistema judicial justamente y con respeto. Disfruto mucho con servir y ser miembro de esta comunidad.

Yo soy la tercera generación de mi familia en Alaska. Mi abuelo materno vine a Sitka, Alaska en 1898. Mi padre se graduó de UAF en 1934. In 1936, mis padres se vinieron a Palmer para trabajar para el Servicio de Extensión de la Universidad. Después de dejar el servicio público, ellos fueron los propietarios de y operadores de una granja de producción de leche y criaron una familia de siete hijos. Mi hermana, uno de mis hermanos, y mis sobrinos aun viven en el Valle.

Declaración:

Como una persona que ha vivido toda su vida en Alaska, ha sido mi honor servir en el Valle como un juez por 11 años, tratando con más de 60,000 causas. Me encanta mi trabajo, y hago el esfuerzo de tratar a todas las personas que comparecen ante mí justamente y con respeto. Uno de los puntos mayores de mi servicio judicial ha sido ayudar empezar el juzgado de salud mental de Palmer que yo creo que ha ayudado a que mucha gente cambie sus vidas con la justicia terapéutica.

En el 2013, descubrí tres causas del cual tenía decisiones atrasadas y me di cuenta que yo había incorrectamente firmado declaraciones de pago para dos de las causas. Inmediatamente reporté el asunto a la Comisión de Conducta Judicial y totalmente cooperé con la investigación. La Comisión decidió finalmente que yo “no había actuado intencionalmente” cuando firmé “declaraciones de pago equivocadas” durante el tiempo que las dos causas estaban atrasadas, que yo tenía “un carácter y reputación excelente,” y que yo “no tenia motives deshonestos o egoístas.” Yo aprendí de esta experiencia humillante para prestar más atención a los procedimientos administrativos. De mi propio bolsillo, he asistido capacitación de administración de causas, y he revisado los procedimientos de mi despacho. Nunca volveré a hacer este error.

Fielmente he servido al Tercer Distrito Judicial en Palmer como juez y espero que mi autoevaluación y acciones correctivas demuestren mi integridad. A mí me importa profundamente proporcionar justicia a todas las personas que comparecen ante mí y respetuosamente les pido su voto para que pueda continuar sirviendo la gente del Valle.

Recomendación del Consejo Judicial de Alaska

William L. Estelle, Juzgado del Distrito de Palmer

El Consejo Judicial encuentra que el Juez Estelle es ***No Calificado*** y recomienda unánimemente que el público vote **"NO"** para retenerle en su puesto.

¿Por qué recomienda el Consejo Judicial de Alaska un voto "No" para el Juez Estelle?

 El Consejo Judicial recomienda un voto de "No" para el Juez Estelle porque firmó 16 declaraciones juradas falsas bajo juramento, jurando que él había completado o expedido decisiones en todos los asuntos que tenía pendiente por más de seis meses, cuando realidad no lo había hecho. Firmó 12 de estas declaraciones juradas entre el 15 de septiembre de 2011 y el 28 de febrero de 2012, relacionado con un asunto no resuelto, y firmó 4 de las declaraciones juradas entre el 15 de enero de 2013 y el 28 de febrero de 2013, relacionado con un segundo asunto no resuelto.

¿Qué es el Consejo Judicial de Alaska?

- Una comisión de ciudadanos creado por la Constitución de Alaska
- Los miembros del Consejo son voluntarios nombrados con la consideración debida para el área de representación y sin considerar la afiliación política
- La ley de Alaska requiere que el Consejo Judicial evalúe el comportamiento de los jueces y los autoriza para recomendar a los votantes si los jueces deben de ser retenidos

 Porque firmó las declaraciones juardas falsas jurando que no tenia decisiones o asuntos sin resolver por más de seis meses, el Juez Estelle continuo recibiendo su salario a tiempo, al contrario a ley estatal que prohíbe que a un juez se le pague a tiempo si el juez tiene asuntos sin resolver por más de seis meses. .

 El Consejo Judicial concluyó que al firmar las 16 declaraciones juradas, el Juez Estelle falta en comportarse de una manera que promueve la confianza pública en la integridad y competencia del sistema judicial.

Para más información vaya a www.knowyouralaskajudges.com

 La Comisión Sobre Conducta Judicial de Alaska, una agencia independiente y aparte del Consejo Judicial, tuvo una audiencia formal y le recomendaron a la Corte Suprema de Alaska que el Juez Estelle sea disciplinado, baso en los hallazgos que el Juez Estelle violó el Código de Conducta Judicial de Alaska al firmar negligentemente las 16 declaraciones de pago. En el momento de publicación, el caso de disciplina estaba pendiente ante la Corte Suprema de Alaska, por favor mire en la página web del Consejo Judicial de Alaska para el progreso más actual.

¿Cuáles fueron las otras calificaciones para el Juez Estelle?

 La evaluación completa del Juez Estelle del Consejo Judicial incluyó encuestas de abogados, policías y oficiales de la libertad condicional, empleados judiciales, miembros del jurado, y profesionales de servicios sociales; una revisión de sus impugnaciones perentorias e índices de revocación, APOC y conflictos de interés en el sistema judicial, y asuntos disciplinarios que tengan que ver con el Juez Estelle, también como el propio asesoramiento del Juez Estelle sobre su desempeño, y su explicación personal de las circunstancias del por qué firmó las 16 declaraciones juradas de paga falsas.

Declaración:
Ha sido un honor servir a la gente del Estado de Alaska en ambos mi posición previa con el Departamento de Ley y en mi posición actual como Juez de la Corte del Distrito. Yo siempre me esfuerzo a tratar a todo el mundo con justicia y respeto. Muchos de las causas que se me asignan en mi posición actual tienen litigantes que no tienen representación letrada. Yo quiero que los ciudadanos que comparezcan en el juzgado sin el beneficio de la asistencia letrada entiendan lo que está pasando y las opciones que tienen disponibles. Los jurados son muy importantes para el funcionamiento del sistema judicial e intento hacer que los ciudadanos que se presentan para el servicio de jurado sepan la importancia de su papel respetando el tiempo de los que sirven como jurados. Antes de tomar cualquier decisión trabajo para saber de y cuidadosa e imparcialmente evaluar ambos los hechos y la ley.

Sirviendo como la única Juez de la Corte del Distrito de Kenai ha sido no solo un desafío pero también gratificante. Si se me retiene, yo continuaré hacienda el mejor trabajo que pueda en esta posición para servir a los ciudadanos del Estado de Alaska.

Declaración:
Ha sido mi honor desde agosto de 1992 servir a la gente del Estado de Alaska como una juez de la corte del distrito.

La gran mayoría de ustedes que se han tenido contacto con algún juzgado en el estado tienen contacto con la corte del distrito.

Mucha gente comparece en la corte del distrito sin asistencia letrada. Yo estoy dedicada a proporcionar a los individuos que buscan resolver sus asuntos legales en un juzgado con algún tipo de acceso al sistema judicial que los individuos que tienen asistencia letrada tienen.

Muchos de ustedes han servido o servirán como jurados. Estoy dedicada a tratar a los jurados con cortesía y apreciación para su servicio.

Yo me esfuerzo a tratar a toda la gente que viene al juzgado, individuos, abogados, jurados y otros – con el respeto y justicia y para asistirles en entender y usar el sistema judicial.

Si retenida, continuaré cumpliendo mi juramento a la oficina al proporcionar el público con un foro accesible, justo e imparcial para la resolución de disputas.

Declaración:
Ha sido un privilegio para mí servir como un Juez de la Corte del Distrito. Estoy muy agradecido por la recomendación positiva del Consejo Judicial de Alaska.

Es un honor ser un miembro de lo que yo creo que es uno de los sistemas judiciales mejores del país. Yo trabajo duro para proporcionar un foro para todas las partes y tratar a todos que comparezcan delante de mí con cortesía y respeto. Intento considerar todas las causas de una manera cuidadosa, imparcial y considerada y de rendir decisiones que son imparciales y que estén en acuerdo con la ley.

Yo le he dado la bienvenida a las oportunidades para promover el respeto para los principios demócratas y nuestro sistema judicial al hablarle a grupos como los que se gradúan del sistema judicial juvenil y al participar en juicios de práctica con clases escolares. El trabajo de ser un juez requiere el estudio constante para estar al tanto de las leyes y para aprender nuevas maneras para mejorar la administración de justicia. Adicionalmente al estudio privado, yo he buscado oportunidades educacionales tal y como cursillos legales para mejorar mi desempeño como juez.

Siempre me he esforzado para comportarme de con integridad, humildad y diligencia. Si soy retenido continuaré cumpliendo mis obligaciones en la medida de mis capacidades y lucharé para seguir siendo digo del trabajo que se me ha encomendado.
