Division of Elections’ Protocol on Dissemination of Voter Information

June 30, 2017, JUNEAU – The State of Alaska has received the letter from the Presidential Advisory Commission on Election Integrity requesting voter data. Below is the Division of Elections’ protocol on the dissemination of voter information.

State law allows only some information to be public. Public information is defined as:

- voter status (active or inactive)
- voter name
- residence address (if not requested by voter to be maintained as confidential under AS 15.07.195)
- mailing address
- voter registration dates
- party affiliation
- district and precinct designation
- voter history

Confidential information is defined as:

- voter number
- social security number (SSN)
- last four numbers of SSN
- Alaska driver's license number
- state identification number
- date of birth
- place of birth
- telephone number
- primary ballot choice
- signature
- residence address (if requested by voter to be maintained as confidential following AS 15.07.195)

Confidential information will not be released.
