State of Alaska

Official Election Pamphlet

The citizens of Alaska are as unique as its landscape.

We unite as Alaskans at the polls.

Vote November 2!

Region I: Southeast, Cordova, Kenai Peninsula, Western Cook Inlet, Kodiak
This publication was produced by the Division of Elections at a cost of $.36 per copy. Its purpose is to inform the Alaskan voter about candidates and issues appearing on the 2004 General Election Ballot. It was printed in Salem, Oregon. This publication is required by Alaska Statute 15.58.010.

The 2004 Official Election Pamphlet was compiled and designed by Division of Elections Staff: Suzanne Mullen, Official Election Pamphlet Coordinator. Cover photo courtesy of Suzanne Mullen.
Dear Alaska Voter:

Perhaps the most important principle in our State Constitution is found in the "Declaration of Rights," Article I, Section 2:

All political power is inherent in the people. All government originates with the people, is founded upon their will only, and is instituted solely for the good of the people as a whole.

The first and last word always remains with the true owners of the document—not bureaucracies, not the Courts—but the people. The surest way to have that word is to exercise your right to vote.

Every election is important, but the 2004 election is especially important for Alaska. I hope you will use this Official Election Pamphlet to assist you as you consider your vote for President and Vice President of the United States, U.S. Senator, U.S. Congressman, the Alaska Legislature, retention of judges and ballot measures.

In Alaska many races have been decided by just a handful of votes. One vote has and will continue to make a difference. That vote could be yours. I hope that you will exercise your most important right to shape the form of our governments and who our leaders are by voting on November 2.

Sincerely,

Loren Leman

CD6 (REV 7/04)
Dear Military Voter:

Thank you for serving our country as a member of the Armed Forces! As we prepare to vote this year we are reminded that the right to vote has come with a price. From the Revolutionary War to our current peacekeeping efforts, Americans have fought to realize and protect the principles of self-government. You are serving bravely so others can vote, in some cases for the first time. I want to make sure nothing prevents you from doing the same.

If you are unable to vote in-person this election day, perhaps you have already taken advantage of the absentee by-mail voting option. If not, and time constraints will not allow you to vote a by-mail ballot, please consider voting absentee by-fax. Here are a few things to consider if you choose to do so:

* By using this method you are voluntarily waiving your right to a secret ballot.

* You must apply separately for each election. The fax application form will not be accepted until 15 days before the election. Print, completely fill in the form, sign, and then fax it to the Division of Elections. When your application is approved, a ballot will be faxed to you.

* Vote your ballot, have your signature witnessed and fax (or mail) the ballot according to the instructions.

* If you are returning your ballot by fax, it must be voted, witnessed and received by the appropriate fax machine in the Director’s Office by 8:00 p.m. Alaska time on election day.

To have a healthy democratic republic we must have civic-minded voters who participate in elections. Please use the voting options available to you and contact the Division of Elections if you have questions or difficulties.

Sincerely,

[Signature]

Lieutenant Governor Loren Leman

The application period begins on October 18 and your completed application must be received by 5:00 p.m. AST on November 1. You must apply separately for each election. You may download an application from our web site: www.elections.state.ak.us or you may call (907) 465-4611. A qualified voter who is disabled or unable to go to the polls because of age or illness may apply for an absentee ballot through a personal representative who can bring the ballot to the voter. Beginning October 18, absentee voting stations and absentee voting officials will offer special needs voting. On election day, all polling places will accommodate voters with special needs. Contact your regional election office for additional information. Phone numbers are listed on the back of this pamphlet. Information is also available on our web site. The Electoral College

Along with members of the Electoral College all over the country, Alaska’s College members will meet on December 13, 2004 (the Monday following the second Wednesday of the month) to cast their votes for president and vice president of the United States. Voted ballots will be sealed and mailed to the president of the U.S. Senate who, on the following January 6, will open and read them before both houses of Congress. The president and vice president will take the oath of office on January 20, 2005.

The Electoral College is an assembly of people elected in each state to perform the formal duty of electing the president and vice president of the United States.

The framers of the United States Constitution designed the Electoral College. The first design is described in Article II, Section 1 of the U.S. Constitution. Changes are described in the 12th Amendment.

Constitution framers considered several possible methods for selecting a president:

• Have Congress choose the president

• Have state legislatures select the president

• Have the president elected by a direct vote of the people

There were arguments in favor and against all three methods.

Finally, a so-called "Committee of Eleven" in the convention proposed an indirect election of the president through a College of Electors whose function may be likened to that in the Roman Catholic Church of the College of Cardinals selecting the Pope. The original idea was for the most knowledgeable and informed people from each state to select the president based solely on merit and without regard to state of origin or political party.

The electors in each state equal the number of its members in Congress. Thus, Alaska, with two U.S. Senators and one member of the House of Representatives, has three electors. Altogether, there are 538 electors, with 270 votes required to elect the president and vice president.

There have, in its 200-year history, been critics and proposed reforms to the Electoral College system, most of them trying to eliminate it. But the Electoral College also has staunch defenders.
Arguments against the Electoral College

• The possibility of electing a minority president

• The risk of so-called “faithless” electors (those who do not follow a pledge to vote for the party's candidate for president)

• The possible role of the Electoral College in depressing voter turnout

• Its failure to accurately reflect the national popular will

Arguments for the Electoral College

• It contributes to the cohesiveness of the country by requiring a distribution of popular support to be elected president

• It enhances the status of minority interests

• It contributes to the political stability of the nation by encouraging a two-party system

• It maintains a federal system of government and representation

The Electoral College has performed its function for more than 200 years (and in more than 50 presidential elections) by ensuring that the president of the United States has both sufficient popular support to govern and that popular support is sufficiently distributed throughout the country to enable the president to govern effectively.

Although there were a few anomalies in its early history, none has occurred in the past century. Proposals to abolish the Electoral College, though frequently put forward, have failed largely because the alternatives to it appear more problematic than is the College itself.

The fact that the Electoral College was originally designed to solve one set of problems but today serves to solve an entirely different set of problems is a tribute to the genius of the Founding Fathers and to the durability of the American federal system.

Excerpts from "The Electoral College" by William C. Kimberling, Deputy Director, FEC Office of Election Administration.

STATEMENT:
Have you lost your job to downsizing or corporate mergers? Are you fearful that you might? If so, you won’t want to vote for the Democrats or Republicans this November.

Establishment politicians think that larger, more elaborate government jobs programs are the solution to your problems. However, since these programs must be funded by taking money from the private sector, even more jobs are destroyed—more jobs than the government programs can ever create.

More government regulation and spending translate to more unemployment and less wealth creation. Less wealth creation means fewer goods and services, less health care, higher prices. The resulting lower standard of living means that people die needlessly. One study estimated that the death toll from regulations that do more harm than good cost 60,000 American lives each year! Will your loved ones be among them?

Even when government spends for a good cause, society becomes poorer. Consequently, the Swedish government, which established elaborate social safety nets in the 1970s, can now barely create enough wealth to sustain itself. America will end up in the same situation if we continue to grow government.

We know how jobs are destroyed: too much regulation and too much government spending. We know how to reverse the process; we’ve done it before. If you elect me as your president, I promise to downsize government instead of your job!

I’m Michael Badnarik, Libertarian for President. I ask the tough questions—to give you answers that really work!

United States Vice President
Richard Campagna, Libertarian

STATEMENT:
My motto is: “In education, law and life, the ‘existential’ and ‘libertarian’ approaches are most consistent with the human condition. Isn’t it about time we introduced these philosophies and approaches into our daily existence and our government?”

In addition to being a staunch supporter of each and every one of the platform components of the Libertarian Party, I am deeply committed to leading our government towards significant educational reform, downsizing of government at all levels through constitutional mechanisms and a non-interventionist foreign policy.

Furthermore, as an attorney who has practiced, counseled and taught law for more than 25 years, I am also deeply committed to a revival of our common law rights, civilly and criminally, so that our citizens can be protected against illegal force, coercion and fraud. Perhaps the major component of my platform is the introduction of a mechanism for “redress of grievances” as set forth in the U.S. Constitution. Such would be utilized by the populace to eliminate unconstitutional institutions, including but in no way limited to the Federal Income Tax.

statement:

I have been honored to serve as President during an historic time for America. Together, we are making our nation safer, stronger, and better.

We have rallied the world to defeat terrorists abroad and strengthened our laws to protect Americans at home. Tax relief for families and small businesses has spurred our economy to its fastest growth in nearly 20 years. Schools are improving with higher standards, strong accountability, and local control. And prescription drug coverage is helping older Americans pay for their medicines.

During the next four years, we will spread opportunity and prosperity to every part of America and continue to lead the cause of freedom and peace in the world. We will ensure every American who wants a job can find one by keeping taxes low, making regulation of small businesses more reasonable, opening up foreign markets, and reducing junk lawsuits. We will pass a comprehensive energy plan to make America more energy independent. We will help more Americans get job training at community colleges. We will make health care more affordable and help families save and invest so every person owns a part of the American Dream. And I will stand with the men and women of our military, law enforcement, and first responders as we defend our homeland, defeat terrorists, and bring peace and freedom to people around the world.

I have a positive and optimistic agenda for America, and I would be grateful for your vote.

David Cobb, Green

STATEMENT:
David Cobb and Patricia LaMarche invite Alaskans to vote for a healthy future, based on healthy people and communities, sustainable local economies, and clean air, water, and land.

We call for health care for every American through a Canadian-style single-payer health care program.

Energy independence is achievable only through a shift to renewable fuels. Conservation, fuel efficiency, and wind-powered generation of hydrogen will help America become energy self-sufficient and provide jobs in industries using clean, renewable, domestic resources. We must slow global warming and keep the Arctic Refuge wild for future generations.

Restore diplomacy and world leadership. Green foreign policy is based on nonviolence, cooperation, diplomacy, respect for the democratic process, and the protection of human rights and the environment. We oppose the military draft.

Restore government to the people. We stand for campaign finance laws that will level the playing field for all citizens. We need Instant Runoff Voting, Proportional Representation, and abolition of the Electoral College.

We call for equal rights for all including: Native peoples, people with disabilities, lesbian and gay people, including the right to marry. End the racist War on Drugs and repeal the Patriot Act.

We call for support for small businesses, laborers, the self-employed, and a living wage to replace the poverty-level minimum wage. America needs a prosperous, sustainable economy encompassing public and private investment, full cost pricing, clean technologies and practices, and economies focused on local needs.

Please vote David Cobb for President and Patricia LaMarche for Vice-President for a better world.

United States President
John F. Kerry, Democrat

STATEMENT:
John Kerry is running to make America stronger at home and more respected in the world. He will stand up for the values that have always made America great: faith and family, strength and service, responsibility and opportunity for all. He has a plan to create good-paying jobs at home and keep them here. A plan to let families get ahead in an America where the middle class is growing, not being squeezed and to make health care a right for all Americans. He has a plan to make this nation independent from Middle East oil. John Kerry believes that we must modernize and strengthen America’s military, defeat global terrorism, and lead a new era of alliances - so young Americans are never put in harm’s way because we insisted on going it alone.

John Kerry wants to build an America that fulfills our promise as a people and a nation but today, this administration says this is the best economy of our lifetime. They say this is the best we can do. They have even called us pessimists. Well, as John Kerry says, the most pessimistic thing you can say is that America cannot do better. John Kerry believes we are a country of the future. We are a country of optimists. We are the can-do people. And we just need to believe in ourselves. We can let America be America again.

OTHER:
John F. Kerry was born on December 11, 1943 at Fitzsimons Army Hospital in Colorado. His father volunteered as a test pilot during World War II. His mother was a lifelong community activist.

Upon graduating from Yale, John Kerry volunteered to serve in Vietnam. He served two tours of duty. On his second tour, he volunteered to serve on a Swift Boat in the river deltas. His leadership and courage earned him a Silver Star, a Bronze Star, and three Purple Hearts.

John Kerry was elected Lieutenant Governor of Massachusetts in 1982 where he organized the nation’s Governors to combat acid rain. Two years later, he was elected to the United States Senate. He has served 19 years on the Senate Foreign Relations Committee, and as chairman of the Senate Committee on POW/MIA Affairs, he worked closely with John McCain to learn the truth about American soldiers missing in Vietnam.

Ralph Nader, Populist

DATE OF BIRTH: February 27, 1934
PLACE OF BIRTH: Winsted, Connecticut
MAILING ADDRESS: Nader for President 2004
PO Box 18002
Washington, DC 20036
E-MAIL ADDRESS: sconn@votenader.org
WEB SITE ADDRESS: voteNader.org
OCCUPATION: consumer advocate, lawyer and author.
EDUCATION: Princeton University AB magna cum laude, 1955;
Harvard University Law School LLB with distinction, 1958.
OTHER:
For more than four decades, Ralph Nader has saved
lives, opened minds, implemented solutions, and
inspired citizens to building a better world. He has
organized more than 100 civic organizations, authored
countless books and publications, and perhaps more
than any other person has defined our understanding of
the American ideals of democracy, civic duty, and par-
ticipation for the public good, rather than dominance by
corporate powers. Known for his ethics, integrity and
independence, Nader is recognized world-wide for put-
ting democracy to work. Nader seeks to end the daily
abuses suffered by ordinary Americans by corrupt cor-
porations and indifferent bureaucracies.

STATEMENT:
I urge a six-month, responsible Iraq withdrawal. I seek
an end to corporate control of government and would
shape government truly "of, by and for the people." I
seek to shift the power to workers, consumers and
taxpayers away from big corporations and put the
necessities of people before corporations including
health care for all, earning a living wage for breadwin-
ers and their family, authentic consumer protection,
environmental protection, labor law reform, a jobs pro-
gram to rebuild U.S. infrastructure, ending poverty, an
energy policy that breaks U.S. addiction to fossil and
nuclear energy and creates jobs building sustainable
clean energy as well as efficient buildings and motor
vehicles. I support education, from pre-school through
college, affordable for all Americans with developed
civic skills. I would protect the Constitution by repeal-
ing the Patriot Act, ending the failed drug war and
restoring criminal and civil justice. I would shift the
burden from work to wealth and to things we like
least, e.g. pollution, gambling, addictive industries and
stock speculation more than things we like, e.g. food,
books, clothing. I seek to wage peace not just prepare
for war-the military budget is half the federal govern-
ment’s current operating expenditures. I seek a
peaceful resolution to the Israel-Palestine conflict,
pressing for arms control and nuclear disarmament
worldwide, stopping support of dictators and oligarchs
and advancing human rights. I urge voters to vote
their needs not their fears and declare productive
independence from the two corporate political parties.

Peter Miguel Camejo, Populist

STATEMENT:
Peter Camejo ran for Governor of California with the Green Party in 2002 receiving 5.3% of the vote and during the recall race in 2003, participating in 6 televised debates. Mr. Camejo was appointed by the Lt. Governor of Hawaii to be an advisor to the Hawaii Capital Stewardship Forum.

Peter Camejo has a lifelong commitment to promoting social justice worldwide. Since his youth, Peter has advocated for environmental justice and immigrants' rights, drawing on his experiences as first-generation American of Venezuelan decent. He marched in Selma, Alabama with Dr. Martin Luther King Jr., rallied for migrant farm workers and was active against the war in Vietnam.

Active in the environmental movement, Mr. Camejo served as a member of the Board of Directors of EarthShare in the early 1990s—a coalition of over 40 major environmental groups—and on the Council for Responsible Public Investment, which he founded. He also helped form the Environmental Justice Fund to finance and unify environmentalists of color.

This year, Peter Camejo is running with Ralph Nader to give U.S. voters a real choice. Peter stands with Ralph against the illegal U.S.-led war and occupation in Iraq, against the USA PATRIOT Act—an affront to the founding tenets of the Constitution, and for a living wage, civil rights, healthcare for all and a fair tax scheme that won't provide breaks to the rich and powerful at the expense of working people.

30,000 + SIGNATURES ON NOMINATION PETITION

Francoise and I are a 42-year team. We married while I was based in Normandy with the USAF. We are 62, have no children, and always do everything together. We are lifelong public servants with 8 diplomas between us. In 1983, we founded the National Fish and Wildlife Foundation (NFWF) in Washington DC.

We are wildlife conservationists, hunters, shooters, fishers, bird-dog trainers, readers, and opera fans. We are 24-year benefactor members of the NRA and founding members of the Alaska SeaLife Center.

We originated Volunteer PFD Gift Assignment Philanthropy for the Alaska Common Good, and the National Endowment for Wildlife (N.E.W.) concept tied to the opening of ANWR.

We are leading on building 3 self-financing stand-alone veterans’ homes and hospitals. We are parishioners and lectors at Holy Family Cathedral. We have a lifelong record of honesty, integrity, giving, and service to our country.

STATEMENT:

Has Lisa’s endless spin made you dizzy? Has Tony’s baloney given you indigestion? We’re the best alternative. We are running for only 1 term. No re-election. No campaign contributions, ads, mail, or calls either. We prefer to raise money for veterans’ homes and hospitals instead. We will do 3 good things while representing Alaska in the Senate to the best of our considerable abilities.

First, we will open ANWR and create the National Endowment for Wildlife (N.E.W.) with our North Slope Natural Resources Act. We can do it because we personify it as we did with the National Fish and Wildlife Foundation legislation. In 1983, we got it passed in Congress unanimously, with 60 co-sponsors. No other candidate can successfully personify N.E.W.-ANWR as we can. We can’t possibly fail any worse than the big shots have failed on opening ANWR for the past 20 years. We can only succeed!

Second, we will build 3 real stand-alone veterans’ homes and 3 real VA hospitals in Anchorage, Fairbanks, and Juneau.

Third, we will motivate our fellow Alaskans to make Voluntary PFD Gift Assignment Philanthropy for the Alaska Common Good the norm in Alaska.

That’s all folks! We won’t warm a senate seat for 22 years for anybody’s children. So, say goodbye to Princess Spinski and Tony Baloney. Instead, give us a chance to do 3 good things in 1 term to make Alaska a better place to live for all of us. Thanks, and God bless!

Economic development must come through reliable affordable energy, access to resources, and a trained

Alaskans. I will insist that our military receive the nec-

Dear Alaskan,

I’m proud of our accomplishments during my terms as your Governor, and now seek your support to serve in the U.S. Senate.

As a husband, father, Vietnam veteran, small business owner, and sportsman, I deeply care about the issues that face Alaska. As a former Governor and Mayor, I have the experience and record as an independent voice that always puts Alaska First.

Jobs - As Senator, I will continue to push for opening ANWR, building the Alaska gas pipeline, and developing the roads, airports, and other infrastructure that drive our economy.

Education - I have a longtime commitment to funding education and achieving better results for our children. We must take control back from the federal “No Child Left Behind” law.

Health Care - Affordable health care is not the privilege of some but the right of all. I will fight to meet the needs of our elderly, children and working families.

National Security - As a veteran, I believe in a strong national defense and will promote Alaska’s bases and missile defense system to keep America safe. We must mend the broken promise made to veterans for their healthcare.

Personal Freedoms - I’m a defender of the Bill of Rights, including our Second Amendment right to keep and bear arms. I’ll protect a woman’s right to choose. I oppose Patriot Act provisions that undermine our freedoms.

I am proud to have served Alaska and I will work hard to earn your vote on Election Day.

STATEMENT:
We, the members of the Libertarian Party, challenge the cult of the omnipotent state and defend the rights of the individual.

We hold that all individuals have the right to exercise sole dominion over their own lives, and have the right to live in whatever manner they choose, so long as they do not forcibly interfere with the equal right of others to live in whatever manner they choose.

Governments throughout history have regularly operated on the opposite principle, that the State has the right to dispose of the lives of individuals and the fruits of their labor. Even within the United States, all political parties other than our own grant to government the right to regulate the lives of individuals and seize the fruits of their labor without their consent.

We, on the contrary, deny the right of any government to do these things, and hold that where governments exist, they must not violate the rights of any individual; namely, (1) the right to life—accordingly we support prohibition of the initiation of physical force against others; (2) the right to liberty of speech and action—accordingly we oppose all attempts by government to abridge the freedom of speech and press, as well as government censorship in any form; and (3) the right to property—accordingly we oppose all government interference with private property, such as confiscation, nationalization, and eminent domain, and support the prohibition of robbery, trespass, fraud, and misrepresentation.

STATEMENT:
There is an old Eastern saying that goes something like this: “If you want to know what water is really like, don’t ask the fish.”

And that, my friends, points to the problem with the current major political parties; they have been floundering inside the Capitol fishbowl so long, that their motives no longer reflect the desires or best interests of Alaska.

I served my country proudly in the U.S. Navy, grew-up with little and worked hard for everything. The voters of District 19 elected me four times to represent them in the Alaska State House under the Republican banner and now, with the major parties having slid into a mediocre clone of one another, many have said, “Jerry, we need you back.”

The outcome of this election will have profound effects, and it’s critical you cast your vote for one who is outside the country club politics with Alaska’s best interest in mind.

I advocate:

• The repatriation of public land. Alaska is almost entirely owned by the government-99.7%, in fact. The federal government owns the majority of Alaska’s land. In conformance with Alaska’s Statehood Compact, I will seek greater state control of our land.

• Pro-Life/Pro-Gun: We have an obligation to protect the innocent, and the Right to protect ourselves, our families, and our way of life.

• On subsistence: I believe in equality. There should be NO legal limitations on how a man, woman, or family is able to feed themselves from fish and game.

STATEMENT:
The rights and interests of Alaskans, the health of America, and our national energy security are at stake in this election. My experience in working across the political spectrum will be valuable in solving our most serious problems. We must stop the influence of millions of Outside special interest dollars that prevent issues from moving. We must restore trust in government, as I did by example in accepting contributions only from individual Alaskans. I also went to federal court to stop special interest money.

Many people have expressed supported my work on behalf of Alaskans and empowering people, but want to know if I can win. The answer is, “Yes!”

Please see the details on my website, www.sykesforalaska.us.

On the issues:
I will continue working for a Canadian-style single-payer health care system so every American gets the treatment they need from the doctor they want.

The only way we can achieve national energy security is through conservation and shifts to renewable fuels, while we keep the Arctic Refuge wild for future generations.

I am the only candidate who pushed for the All-Alaska gas line Authority (ANGDA), which will provide the most secure, lowest cost option and far more jobs than the trans-Canada (AlCan) proposal.

I am the only candidate who opposed the Iraq war and publicly called for more diplomatic options to be explored. Support our troops. Bring them home.

Please support me with your vote. Thank you.

OTHER:
I attended Indiana University/Purdue University where I studied economics, including several graduate courses, and was voted the outstanding senior in the Economics. In Alaska, I have helped put the following issues on the ballot:
• Medical Marijuana
• Term Limits
• Tax Cap
• Decriminalize Marijuana
• Instant Runoff Voting

From 1999 to 2000, I lead the effort to decriminalize marijuana. One of our primary goals was to educate Alaskan’s that the 1990 initiative to criminalize marijuana was unconstitutional. Since then, the Alaska Courts have agreed and once again Alaskans can possess up to four ounces of marijuana in private.

Other issues I am working on include:
• Taxi reform to lower the cost of transportation for the poor and increase entrepreneurial opportunities;
• Using airships/blimps to move goods to remote Alaska at a tiny fraction of the cost of planes and without having to build new roads.

STATEMENT:
During Congressman Don Young’s 32 yrs in Washington, the U.S. has moved from the freest economy in the world to a tie for third with five other countries. Worse still, one out of four prisoners anywhere in the world is in a U.S. prison. Americans are five times as likely as Europeans to be arrested. Meanwhile violent crime is rampant and most of it goes unsolved. Here are my solutions:

◆ Reduce size and scope of government: government consumes 15.5% of GDP;
◆ End the “War on the Drugs”: despite spending billions, drugs are widely available even in prison. Treatment instead of jail allows more resources to pursue violent crime - 60% of which goes unsolved. Instead of building prisons, we can return to the times when we built universities.
◆ Bring troops home: stop playing the world’s policeman;
◆ End foreign aid: foreign aid is taking money from poor people in rich countries and giving it to rich people in poor countries;
◆ Export free trade and free enterprise: free trade will reduce costs of goods thus raising the living standard of the poor and middle class. Exporting free enterprise will do more to raise living standards and to end human rights abuses than anything else we can do.
◆ Give Alaska it’s land; the Federal Government owns 60% of Alaska, less than half of which is in federal parks.

Vote to restore America as the land of the free - Vote Libertarian! Vote Anders for Congress!

As Alaska’s only Representative in the 435-member U.S. House of Representatives, it is important that Alaska be represented by a proven leader who is dedicated to serve people from every region of our state.

Your continued trust and support has enabled me to serve as the Chairman of the House Resources Committee and now as Chairman of the powerful Transportation and Infrastructure Committee.

As Chairman, I have worked to ensure that Alaska receives adequate funding for highways and bridges, large and small airports, ports and other important infrastructure projects.

In response to the terrorist attacks on September 11th, I have taken the lead in writing several important national security bills, including the aviation security bill, the port and maritime anti-terrorist legislation, the bus security bill and the pipeline safety and security bill. These will all play a key role in improving America’s Homeland Security effort.

I also serve as a senior member of the House Resources Committee, which has jurisdiction over federal lands, fisheries, wildlife, energy and minerals, forests, and Native American issues. This session I was able to successfully include ANWR oil and gas development provisions in the House-passed national energy bill.

Alaska’s future is one of unlimited potential. We have an abundance of natural resources, wildlife and the most beautiful lands in the world. By managing our resources wisely, we can provide for a healthy environment and a diverse economy—both for ourselves and future generations.

What is Accu-Vote and how does it work?

It’s a ballot tabulator that uses optical-scan technology.

It’s voter-friendly -- an easy, uncomplicated method to cast ballots.

* Only voters handle ballots.
* Voters feed one ballot into the Accu-Vote.
* Voters use a pen, not a punch, to mark ballots.

It provides ballot security and election integrity.

* Simplifies election-worker tasks.
* Records precinct vote totals instantly.
* Transmits totals via modem to accumulation site.
* Paper ballot provides complete audit trail: precinct totals report printed when polls close; memory device records election data; source documents (paper ballots) are available for review.

Optical Scan and Hand Count Precincts 2004

More than 90 percent of the state's voters continue to use optical scan ballot tabulators (Accu-Vote). The remainder have their ballots counted by hand.

There are 439 precincts in Alaska. Sixty-five percent of the precincts (287 of 439 precincts) are equipped with Accu-Vote. Thirty-five percent (152 precincts) count ballots by hand. Following is a summary of Accu-Vote and hand-count precincts by election region for the 2004 elections.

Region I
Southeast, Cordova, Kodiak, Kenai Peninsula, Western Cook Inlet

There are 89 precincts in Region I: 71 Accu-Vote, 18 hand count.

Region II
Greater Anchorage, the Matanuska-Susitna Borough, Whittier, Hope

There are 151 precincts in Region II: 150 Accu-Vote, one hand count.

Region III
Fairbanks and Greater Fairbanks Area, Central and Southern Interior, Greater Valdez, Eastern Mat-Su

There are 101 precincts in Region III: 56 Accu-Vote, 45 hand count.

Region IV
Northern Alaska, Western Coastal Alaska, Aleutians

There are 98 precincts in Region IV: 10 Accu-Vote, 88 hand count.

OTHER:
For three generations, my family has been proud to
make Southeast Alaska our home. Danelle and I feel
it’s the best place on earth to raise our children. Our
life in Southeast has been a wonderful experience,
and I’ve been happy to give something back in terms
of public service and community involvement.

STATEMENT:
IT’S TIME FOR A CHANGE IN JUNEAU: We need to
elect Legislators who truly care about the people they
represent, and who refuse to “play politics” with peo-
ple’s lives and livelihoods. I am ready to serve you in
Juneau. I care about YOU.

My approach to government is simple, direct and
open. I’ve lived here since early childhood and I know
many of your concerns, but I’ll ask you before I guess!
Your views are important to me.

We’ve had tough times in Southeast Alaska recently,
but I’m optimistic about the future. Here’s how I would
like to help:
• PROTECT THE DIVIDEND: A RAID on this uniquely
  Alaskan institution has been proposed. I pledge to
  protect YOUR dividend!
• ADEQUATELY FUND OUR SCHOOLS: Education
  was once Alaska’s #1 priority. I’ll COMMIT to stable
  funding so that our children can receive top-quality
  education.
• CARING FOR SENIORS AND PIONEERS: I believe
  Alaska should show you honor and respect by main-
  taining crucial services, not by cutting them.
• LOCAL JOBS: I support growing our “living wage”
  employment base through responsible development
  throughout Southeast.
• A BALANCED BUDGET: The Legislature has repeat-
  edly failed to fix the “fiscal gap.” I won’t rely on a sin-
  gle-revenue-source Fiscal Plan.
• OPEN GOVERNMENT: The current practice of hold-
  ing secret meetings about YOUR business is wrong. I
  won’t do it.

I would appreciate your vote.
David Landis

P.S. I’d love to hear your thoughts on making
Southeast an even better place to live… Please call!

SPECIAL INTERESTS:

STATEMENT:
It’s been my unique privilege to serve as your State Senator for the past 12 months. I’m asking for your continued support because now more than ever, we need a strong disciplined voice in Juneau.

My single biggest priority is to improve the State’s fiscal position. Alaska spends more than it earns. We must hold the line on budgets, cut wasteful spending and improve the efficiency of all government services. We need to generate more revenue by expanding current businesses, attracting new ones and by responsibly developing Alaska’s natural resources. I’ve worked hard to improve Alaskan’s business climate, defend our commercial fisheries, stabilize our timber industries and grow our visitor industry.

We must continue to protect the Permanent Fund for future generations of Alaskans. I support a POMV approach to managing the Fund and will consider using a portion of earnings for essential state and municipal services with a vote of the people. I continue to oppose income and sales taxes. Taxes will suppress communities that are already struggling with economic hardships.

Funding education and improving our ferries, harbors, and roads are among my priorities and I consider all are essential to Southeast’s future.

My great-grandparents came to Alaska in 1902. I consider it my responsibility to secure for future generations of Alaskans the same promise and opportunity those pioneering members of my family shared. I respectfully ask for your vote and for the chance to continue fighting for you in Juneau. Together we can build a better future for Alaska.

STATEMENT:
I am honored to be a candidate for Ketchikan,
Saxman, and Prince of Wales; I offer the kind of rep-
resentation we need in Juneau: independent leader-
ship and values you can trust. I will make the needs
of our community my top priority. I will avoid partisan
politics, which only serve to prevent substantive
progress toward realizing our best hopes for Alaska’s
future. From my deep roots in this community, my
career as a pastor, and my experience as a leader in
public broadcasting, I bring the commitment and skills
necessary to hear all sides of an issue, find common
ground, and develop a plan based on our shared val-
ues.

Our community has a bright future, but serious
challenges require serious and enduring leadership.
I will focus on these issues:

A Long-Term Budget Solution that jeopardizes
neither the Alaska Permanent Fund dividend program
nor essential state services

Education Funding that is predictable, reliable,
based on the needs of Alaska’s students, and that
provides teachers adequate resources

New Jobs that adequately support working families.
Our extraordinary human resources and abundant
natural resources can produce new jobs in fishing,
timber, tourism, and emerging industries.

A Strong Ferry System that meets the transportation
needs of Southeast Alaskans

Restoration of the Longevity Bonus

Full Funding for Veterans

The primary goal of my campaign is listening to all
people, regardless of their party. My top priority as

My name is Roxanne Elizabeth (Max) Houston and I am a lifetime Southeast Alaskan. I was raised in Pelican and my parents are Roscoe and Vivian Max, grandparents: Joseph and Elizabeth Paddock and Roscoe and Harriet Max Sr. My father’s career was very much dependent on the fisheries as a foreman at the Pelican Cold Storage until retirement. My grandfather Joe Paddock was a pile driver and built many of the bridges and ferry terminals around southeast. My parents and grandparents are responsible for much of my determination and desire to continue on for a higher degree of learning. Education is one of the most important accomplishments of my career and will be for my children and grandchildren.

I filed for political office for a variety of reasons and the top being that I truly believe I would do a good job in the House with an attentive ear for constituents. Our state is one of the most precious resources Alaskan’s have and I will work hard to ensure it continues to be. I believe that all parties agree on one thing and that is we need a sound and stable budget that sustains our people and economy of this great land. I would appreciate your vote on November 2, 2004.

If elected I will work to;
• Protect our Permanent Fund Dividend
• Increase assistance to our elderly
• Promote and support funding for education
• Create jobs for Alaskans

STATEMENT:

Dear friend,

I take pride in my ability to understand complex prob-
lems and to create solutions for tough issues. As a
working class business owner, family-man, artist and
athlete, I best represent the views of Juneauites and
I promise to bring an honest, open-minded approach,
to influence beneficial legislation as your district 3 rep-
resentative.

I share the values of my Grandfather and
Grandmother who both served this community in the
legislature from the 1940’s to the early 1960’s.

I am a social liberal and fiscal conservative believing
that services are absolutely necessary for our youth
and others that haven’t the mental or physical ability
to provide for themselves. Further, our elderly, who
have spent their lives building Alaska, deserve our
support by receiving benefits geared towards better-
ing their quality of life. A balance can be struck
between the expense of State provided services and
investing for our financial future by balancing our
State’s operating budget. I believe the development
of natural and human resources is vital to our eco-
nomic and social growth.

I am running because I am eager to work hard, in the
spirit of cooperation, with the Governor, the members
of the Senate and House, our local leaders and the
people of Juneau, to create solutions for the issues
facing our community. I sincerely appreciate your
vote.

Representing Juneau has been a great honor. During

My legislative priorities are:
* Education,

* Fiscal policy,
* Responsible resource development,
* Health care, and
* Senior issues.

Last session, as Minority Whip, I was a member of the
House Leadership team that was able to get an his-
toric increase in education funding. This was a critical
first step toward rebuilding our education system.

As a member of the House Resources, Oil & Gas, and
Legislative Budget & Audit Committees, I have been
active in the legislative policy supporting a gas pipeline
and in our state's oil tax and incentive structure, which
must be revised to reflect the current world situation.
This is an important part of resolving our fiscal prob-
lems.

Last session I was proud to have the most bills and
resolutions passed of any minority member. These
included right-to-know labeling for farmed fish and
meat products, avalanche safety funding, and con-
stituent-driven legislation.

While I am proud to have led on statewide education,
resource, and fiscal policy issues, I am continually
reminded that the most important thing I do is serve
you. Keeping the capital in Juneau, fighting for our
Marine Highway system, working for Juneau's senior
citizens, and helping constituents with issues is not
only a duty, it is a pleasure.

Thank you for allowing me to serve. I would appreci-
ate your vote.

STATEMENT:
I appreciate the opportunity you have given me to serve as your Representative. Together, we have accomplished many things. I am looking forward to continuing to serve you thoughtfully with honesty, ethics, and passion for our community.

My wife, Luann and I are proud to call Juneau our home. It is a great place to raise our 3 young children. We want it to continue to be the kind of a community where children will flourish and want to call their home too.

Because of my family’s participation in numerous community activities, I am well acquainted with many Juneau families, neighborhoods, and issues and share many of your interests and concerns.

As Juneau’s only member of the majority, I kept Capital move legislation off the agenda, worked with the Department of Transportation and Public Facilities on access to Juneau, increased funding for education, both K-12 and the University, and strengthened and rebuilt relationships with Southeast Alaska communities.

Of the many bills I sponsored that became law, I am most proud of the “5 Wishes” law, dealing with advance health care directives; the provisional drivers license law, that will save the lives of many of our kids; the reauthorization of our boating safety law; immigration assistance; and regulatory reform.

I’m ready to continue to work hard for our community in the Legislature. I ask for your vote on November 2nd.

Thank you.

STATEMENT:
I was born in the Great Depression and grew up during and after World War II. Those events taught me what is worth fighting for and what the really valuable things in life are. My upbringing in a working class family in New Jersey, my 30 years of service in the U.S. Navy, and my participation in the Vietnam war have taught me that we are all responsible for the consequences of our personal decisions and for the associates we choose.

I am running for this office because I believe that one-party control of government in Alaska must end if we are to have any worthwhile ambitions for ourselves and for our children. My top priorities are:
Fiscally responsible government.
Supporting our families.
Strengthening our community.
Planning and providing for the future.

This is my first campaign for any elected office. I have almost 40 years of experience in the executive branch of state and national government. During almost all of my service with the Department of Transportation, the opposition party held control of the legislature. I was able to work amicably with the legislature during all of that time and I expect to do the same as a member of the House.

Alaska has enormous human and natural resources. Single party dominance of state government has stifled the imagination and energy of our citizens. I ask your support to help move Alaska into the better future that her people have a right to expect.

STATEMENT:
In my three terms I have represented the largest
House District in the nation, encompassing 209,406
square miles. This is over one third of our great state.
Now with the redistricting, I currently represent even a
larger district with even more diverse economic and
cultural needs. It is a challenge, but one I consider
with heightened responsibility.

Over the last 6 years, millions of dollars in capital proj-
ects was appropriated for my district, including basic
amenities like water and sewer projects, deferred
maintenance and construction of schools. Funding of
the Power Cost Equalization (PCE) program was
maintained.

With the vast wealth of our great state, we have
opportunities like no other. Alaska must identify eco-
nomic and resource potentials in the state. We need
transportation corridors to access and support
resource development. Pressing for and investing in
alternative means of energy, such as natural gas and
electrical inter-ties, to bring affordable energy to resi-
dents and allow for industry in rural communities is a
priority. We need to promote and support advanced
job training programs and create a strong Alaska work
force. These investments will provide jobs and econo-
my for future generations.

Education continues to be top priority. During my
tenure, we gained school funding increases, efficien-
cies and encouraged accountability in student,
teacher and parents roles.

My commitment to subsistence is and remains:
Subsistence yesterday, Subsistence today, and
Subsistence tomorrow.

Please feel free to contact me to share your thoughts
on issues of concern to you.

STATEMENT:
I have been active in state government for 12 years, and have been involved in statewide public policy for three decades. I feel that I have the background and skills to represent the largest Senate District in the United States, consisting of 126 communities and encompassing 250,000 square miles. My wife and I live and work in rural Alaska and we raised our family of five children in Angoon. Education, transportation, electric power rates, fuel costs, and lack of public safety are the challenges that we face as rural residents. I've been a commercial fishermen, and I hunt and fish for food that I put on my family's table. For eight years I have represented my district in the House and I believe that experience will benefit my constituents in the Senate.

I have supported and voted for: Longevity Bonus, the Endowment for Power Cost Equalization (PCE), Deferred Maintenance for Schools, Increased Education Funding for Schools and the University of Alaska, and I also support funding for preventive programs in health such as the alcohol treatment. I have worked hard to allow for a vote of the people on the subsistence issue facing the State of Alaska. I do have a college degree from Alaska Methodist University and a Juris Doctorate of Law from the University of Washington. My wife Sally is a school-teacher for the Chatham School District in Angoon, which gives me a personal perspective of the Alaska School System.

STATEMENT:
I have spent the last fifteen years as a Lobbyist in
Juneau and have been watching the District continue
to lose vital services and necessary funding for our
communities. We have received some funding, but I
believe that we can do better to at least maintain, not
lose any of the services we now have.

In my Lobbying I have lobbied for Fishing, Education,
Municipalities and Mineral Development as well as
many other issues. In so doing, I have become very
familiar with the Legislative process and know most of
the returning Legislators personally as well as the
members of the current administration. This experi-
ence should give me a very big advantage over other
candidates as the learning curve will be almost
non-existent.

My experience has taught me that I cannot make
promises I may not be able to keep, but that I can
promise the residents in District 5 that I will do my
best to represent their interests. I hope to be able to
protect from mandatory Boroughs, Education Funding,
Veteran and Fishing issues, by serving on necessary
committee’s that will help the District and the Great
State of Alaska.

I do not and have never belonged to any organization
that has been opposed to economic development for
Alaska. I have lived and worked my whole life in
Alaska and would like my children, friends and family
to be able to do the same by working to promote eco-
nomic development in my District and the State.

STATEMENT:
In a democracy we can either lead or react. I believe this Alaska legislature needs people who will lead. As your representative, I will work diligently to ensure that coastal Alaskans get our fair share of Alaska’s wealth and opportunity so we may prosper while maintaining our rich traditions.

Quality education for our children is our foremost responsibility. Every Alaskan child should graduate with a sound education, a marketable skill and an understanding of Alaska’s diverse cultures. We must work together to ensure our rural schools have adequate staff and funding to achieve our goals.

As a longtime commercial fisherman in Alaska, I understand that fishing is the lifeblood of coastal Alaska. We are a community of commercial, subsistence and sport fishermen tied to the waters and forests that produce our fish. Our economic well-being depends on our ability to maintain uncontaminated wild Alaska fish. Thanks to forward-thinking habitat management, our wild Alaska fish remain uncontaminated and we now have a unique opportunity to take back domestic and European markets from the farmed fish industry.

As a boat builder and business owner, I know first hand that our diverse industries create jobs and stability in our coastal communities. Sustainable use of our natural resources and a well-developed infrastructure, like affordable electricity and reliable ferry service, are essential for our communities’ continued success.

I welcome the challenge and opportunity of serving as your representative in the Alaska Legislature. I would appreciate your vote.

STATEMENT:
My slogan, “Alaskans First,” is not just a punch line, I practice it. Individual state governments are structured to answer to the needs and provide for the quality of life their residents require. Alaskan residents expect and deserve first consideration and priority. Your quality of life is my priority.

Alaska’s future economy will depend more and more on our renewable resources as oil, gas, and minerals are depleted. It is imperative that we remain wise stewards of our renewable resources to allow commercial fishing, tourism, and selective timber harvest to continue and prosper.

I do not support the Percent of Market Value Plan. The permanent fund investment strategy should emphasize government/corporate bonds and dividend securities, which will provide a steady, predictable income. This is the safest and the conservative way to protect and grow the principal of the permanent fund. Income from the fund should be divided between resident dividends, general fund, and inflation proofing the principal. I will support this method.

Alaska’s expenditures must be equal to or less than its income. Deficit spending is wrong and certainly not conservative. I will reduce legislative expenditures through attrition, reorganization, and consolidation of state services. I will not vote to increase taxes so long as there are monies in the general fund and constitutional budget reserve.

With your trust and support I can help make Alaska the best managed state and the best place to live in the United States.

STATEMENT:

My political philosophy encompasses the beliefs of a Republican who is fiscally conservative, but moderate when funding education. Our children are the future of the state. We must give more attention to the education of these children. Every student in Alaska deserves the best education we can afford.

Alaskans, first and foremost, need good paying jobs to provide for their families. A large part of the formula involves a strong education. A second part of the formula is a strong economy. Good jobs come with economic expansion, but there won’t be economic expansion in Alaska unless we balance our operating budget. Corporations and companies who can create jobs for Alaskans will not invest in a state with a billion dollar budget gap.

As for the Permanent Fund, I believe in protecting our dividend, and I have three strong reasons for this stance:

1.) This is the best economic stimulant to our economy on the Peninsula.
2.) If politicians are allowed to reduce or take your Permanent Fund Dividend, there aren’t any guarantees that the Legislature would use these funds to balance the budget. (They could go on a spending spree.)
3.) You, not the Legislature, can do a better job spending your Dividend.

Thank you for reading my stand on these issues, and I would appreciate your vote on November 2, 2004.

STATEMENT:
This election will allow the voters of House District 33 to select a new representative in Juneau. Because of my past work with the Alaska Legislature, along with my local municipal and service area experience, I understand both the process and the issues facing the 24th Legislature next January.

Jobs and Economic Growth
Good jobs and economic opportunity are the cornerstones of a growing community. Responsible development of our rich natural resources and sound science in our fisheries will benefit all Alaskans and provide good jobs for families and the next generation. We cannot afford to lose our youth after they finish school because of the lack of employment opportunity.

Education
Quality schools are fundamental to the development and success of our young people and critical to the development of high paying jobs. I support the recent increase in education spending, but we need to ensure that every dollar reaches the classroom and common-sense reforms are implemented.

Fiscal Responsibility
A balanced budget starts with responsible spending, not taxes. I support prioritizing state dollars for education, roads, public safety and the management of our natural resources. It is time to stand up to special interest groups who think they know best how to spend your dollars. I oppose any changes to the Permanent Fund and the Permanent Fund Dividend without the support of Alaskans. I oppose the POMV plan.

I am asking for your vote on November 2nd and promise to work hard on your behalf. I will uphold your trust.

As your Representative, I will work to:

- DEVELOP A LONG-RANGE FISCAL PLAN
  - PROTECT THE PERMANENT FUND while developing a plan that closes the gap, is fair, is of minimal impact to Alaskans, controls state spending and implements new revenue programs.

- BUILD A GAS PIPELINE to tidewater in Alaska. This is our resource and Alaskans should have these jobs and access to our gas.

- IMPROVE OUR SCHOOLS A stable funding mechanism could help local school districts.

- MAKE GOVERNMENT MORE ACCESSIBLE AND RESPONSIVE TO YOU Our state’s business should not be conducted behind closed doors. You deserve to be heard and to be a part of the process.

I have brought, and will continue to bring, a reasonable, balanced approach to state government. My previous experience serving on the Kenai City Council and in the State Legislature, makes me the best qualified candidate.

My vision is of an Alaska with a sound financial future, with excellent job opportunities and a quality of life that enriches us all. It is time to set partisan politics aside and work together in the Legislature. You can make a difference by voting for HAL SMALLEY on NOVEMBER 2nd.

STATEMENT:
As your Alaskan neighbor I believe it is time to set
aside the partisan bickering and get down to the task
at hand. Finding ways to work together will lead to a
healthy economy, more jobs and a secure future for
our community. It is a fact that our youth are leaving
our State because of a lack of jobs that they have
trained for by graduating from high school or college.
I have a strong belief in family and the Alaskan spirit.

I will work for:
• Bringing the railroad to the Peninsula allowing for
  lower cost in shipping of products to export
• Protecting the Permanent Fund
• Reinstating the Longevity Bonus
• Promote factories to produce value added products
• Invest in Alaska and Alaskan’s first

It is high time that small Alaskan businesses get some
of the tax breaks that the larger companies are now get-
ing. It is time someone really stands up for “Alaskans
First.” Workman’s comp is totally out of control and
needs revamped NOW! The partisan politics that is in
Juneau is not for the Alaskan’s benefit it is for the spe-
cial interest groups. It is time that we invest in tech jobs
for the youth. There is no reason that Alaska cannot be
the hub for the information highway. Privatizing the gov-
ernment workload is essential to reduce government
spending on administrative overhead. Change is the
only thing that is constant. I look forward to helping
Alaska evolve. I’m asking for your vote.

STATEMENT:
Thank you for the honor to serve the Kenai Peninsula for the past four years. Together we can make Alaska more efficient, and create jobs that will stop the decade long brain drain of young persons from Alaska. Although these are my priorities, government and economic circumstances change, the Legislature must be firm yet flexible enough to react to the economic condition of the State of Alaska.

Among my other priorities are:

1. Responding to Constituent problems with state government effectively and promptly as possible.

2. Accountability in State Government - encouraging every state employee to be accountable for spending, good service. Implement innovative programs for employees who discover ways to save money and receive rewards.

3. As a member of House Finance, I still find numerous places to reduce government. Department budgets should be scrutinized meticulously every year.

Government shouldn’t be involved in our daily lives; less government is good government. Child Protective Services is the single most troublesome department in Alaska. Most complaints concern CPS, Medicaid and PFD issues. My office has a high successful resolution rate.

4. Responsible Resource Development-develop partnerships between business and government. I sponsored HB 417 allowing the Natural Gas Pipeline terminus to be brought to tidewater in Cook Inlet. Jobs and economic development in Alaska are a personal priority.

5. Long Term Fiscal Planning - Alaska must have a long-term fiscal plan. The Permanent Fund should not be touched.

6. Educational opportunities for children from preschool to college and vocational training. Our children are our future.

7. Public safety, safe roads, and water for Alaskans is a must.

STATEMENT:
We can all agree that change is needed in Juneau. Change cannot happen if we continue to elect the same people. We need new people in Juneau, new ideas and a new direction for Alaska. I love Alaska, believe in its future and want to do my part to protect and improve our state. Let’s work together on the following issues:

Fund Quality Education Based on the Needs of Each Community. Empower the leaders of tomorrow and reevaluate funding formulas.

Hands Off the PFD. Our children’s PFD should not be funding government; they’ll do their share when they grow up.

Improve Our Commercial Fisheries. Research and habitat protection encourages economic development.

Keep Our Promises to Our Seniors. An income based Longevity Bonus should be restored.

Increase Local Job Opportunities. Promote clean and sustainable industries.

Respect Our Military and Veterans. My wife served as a Lieutenant Commander in the Navy. I understand the sacrifices of our veterans.

Restore Balance and Open Debate. We need sensible, limited government that respects local concerns.

Alaska is blessed with a bounty of resources and wealth. There is plenty for all. We do need to fix our financial problems - but not at the expense of our children and seniors. I have been involved in government for twelve years and have learned that public service is about honesty, hard work and a genuine concern for what is right for all Alaskans. Your vote will help bring these values to the State Senate. Thank you.

STATEMENT:
Campaigning door to door this year I’ve had the opportunity to hear a thousand different views on where this state should be going. Without exception - every person showed some willingness to compromise in order to move Alaska forward and make political peace. Alaskans lead tremendously varied lives and hold diverse perspectives. This rich and colorful variety in people can turn bitterly divisive when the power of law is poised to change lives. We must, therefore, be careful with the application of law no matter how well intentioned and reasonable our political ideas seem. A most essential quality in a people’s representative is an instinct for the seed of consensus. If we focus on points of view rather than points of agreement - our political process will continue to reflect the art of war more than the art of diplomacy. Above all - I will be reluctant to make law in a manner which divides us. If we want better government we also need to be better citizens. As a conservative it is fair to say that I focus more on personal responsibility than on individual rights. Individual freedom must be continually earned. This is a cornerstone of conservatism. The state of Alaska cannot owe its citizens more than they have given. I seek this office because I want to know I had the courage and determination to do this - to work with people of strong and conflicting attitudes in an effort to chart a positive course for Alaska.

STATEMENT:
For 29 years Paul Seaton has been actively involved in our Kenai Peninsula communities. As your Representative he works hard for an Alaska that values fiscal responsibility, quality education, improved health care, responsible resource development, and accountable government.

Paul responded to the needs of Alaska’s students for quality education by finding answers to funding problems that enjoyed bipartisan support. He is active in initiating needed changes in the outdated foundation formula. Paul improved the safety and accessibility of health care in Alaska by sponsoring two important bills. The first enables retired health care professionals to donate their time, the second requires new drug labeling regulations to prevent dangerous overdosing.

Paul works hard to ensure resource development is responsive to our communities. He forged coalitions and negotiated compromise in order to eliminate the Shallow Natural Gas lease program and provide early termination of the leases in Homer.

Paul aggressively promotes open and accountable government and was recipient of the non-partisan “Defender of Democracy” award for his efforts. He supported the Ethics Bill that limited closed caucuses and led to an increase in open meetings. Paul Seaton listens to all voices and responds to your concerns through his weekly email newsletter, regularly scheduled teleconferences, and being accessible to you in Juneau and at home.

STATEMENT:
The strength of Alaska depends on healthy families, communities and a well educated population. We must develop a vision for Alaska. We must have a long range fiscal plan that includes the recognition of our diverse communities and a vibrant, stable economy. We need to make adequate funding for education a priority to the benefit of all Alaskans.

The lack of leadership and understanding of the need to empower people to grow to their potential is sad. We need to provide public services and promote small business opportunities to keep our young people in Alaska and our families healthy. Local control should be a top priority in decision making.

I believe the best decisions made are in an open public dialogue. The closed door caucus of the republicans is not healthy. Good decisions are not made when there is not good open debate and discussion. We need to clean house and elect people who are not only willing to speak publicly and are willing to keep the focus on what is best for all the people in our communities regardless of their personal interests.

I will work to change the education funding formula recognizing the Kenai Peninsula is a microcosm of the state. I will work for adequate funding to meet the needs of all students I will also work to inflation proof education.

I am committed to working hard to represent District 35 in Juneau. I look forward to the opportunity with your support November 2.

As Kodiak Island Borough Mayor, I have worked with the legislature and our congressional delegation and have the ability and energy to be an effective legislator. I know how to negotiate, how to compromise, and when to stand firm.

One of my goals is to encourage greater co-operation and compromise among legislators. Polarity and dissent will not move this state forward. To me government should be about solving problems. Too often government creates the problems.

My philosophy of representation is that in order to effectively represent a community and its citizens you have to know it and listen to what the people are saying. I have been proactive in seeking out every segment of my community—they know me and I know them and their concerns.

This amendment changes how to gather signatures for an initiative or referendum petition. It requires signatures from more of the voting districts in the State. It says that signers must be from at least 30 of the 40 house districts, three more than now required. It further requires signatures from each of 30 districts to be at least equal to seven percent of the voters who voted in each of these districts in the last general election. Currently only one signer from a district satisfies the requirement for district participation. The total number of statewide signatures required does not change.

This bill would make it illegal for a person to bait or intentionally feed a bear to hunt, photograph, or view a bear. A person could not feed a bear on purpose or use any item or substance, including food or other edible matter to entice a bear into an area, or to stay in an area. A person who violates this law would be guilty of a Class A misdemeanor, punishable by up to one-year imprisonment and a fine of up to $10,000.

Should this initiative become law?

- [ ] YES
- [ ] NO

This measure would repeal state law by which the Governor makes a temporary appointment of a person to fill a U. S. Senate vacancy until a special or regular election can be held. Under existing law the seat remains vacant until an appointment is made. Under the initiative the seat would remain vacant until the election is certified and the senate meets. Existing law provides that a special election will be held within 60 to 90 days to fill a vacancy unless the vacancy occurs within 60 days of the primary election for that seat. This initiative does not change that provision.

**SHOULD THIS CONSTITUTIONAL AMENDMENT BE ADOPTED?**

YES ☐

NO ☐

**BALLOT MEASURE SUMMARY**

Prepared by the Legislative Affairs Agency

This measure changes the signature requirements for initiative and referendum petitions. Now, a petition must be signed by voters from at least two-thirds of the house districts in the state. This measure would require signatures of voters from at least three-fourths of the house districts in the state. Also, in each of those house districts, at least seven percent of the number of voters who voted in that district in the last general election would need to sign.

**STATEMENT IN SUPPORT**

**Expanding Democracy**

Ballot Measure 1 makes Alaska's initiative process more representative and more democratic.

In 1956, the authors of Alaska's Constitution created a process to allow citizens to put initiatives on the state's ballots. The Constitution's framers ensured that, in addition to the legislative process, Alaskans could make and change laws directly at the voting booth. To place an initiative on the ballot, supporters must gather signatures amounting to at least 10% of the number of people who voted in the most recent general election, including at least one signature each from 27 (two-thirds) of the 40 house districts. The framers of the Constitution wanted to ensure that no particular part of the state could place an initiative on the ballot without some support from throughout the State; this is why our Constitution includes a geographic distribution requirement.

However, Alaska has changed since 1956. There were three areas of the state with roughly equivalent populations then (Southeast, Fairbanks/Interior and Anchorage). Today, one area has a much higher concentration of our population. Also, communication, technology and transportation have improved since our Constitution was written. It is much easier to send signature books around the state to gather support for an issue, or to get one signature in a large city from someone who lives in a remote area.

Currently, most initiatives placed on the ballot have little support from many areas of the state. For example, an average of only 59 voters from Ketchikan, Alaska’s fourth largest city, signed each of the petitions for the last ten initiatives to reach the ballot.

**Ballot Measure 1 helps achieve the framers’ goals of true geographic distribution and statewide support.**

There are numerous examples from other states of the problems caused by unchecked use of citizen initiatives. Legislators from other western states complain that they are unable to do what they were elected to do because of initiatives that tie their hands, restricting their ability to balance budgets and solve significant fiscal issues.

**Ballot Measure 1 ensures that initiatives truly reflect the wishes and goals of more Alaskans, and not just those of well-funded outside interests.**

This amendment would not create an undue hardship for people who want to get initiatives on the ballot. Among the ten initiatives that have been on the ballot since 1998, sponsors would have had to gather an average of 935 additional valid signatures statewide to comply with this new constitutional requirement. In fact, Measure 1 only requires signatures from as few as 2.4 and at most 6.4 percent of registered voters in each district.

Ballot Measure 1 was placed on the ballot with the support of two-thirds of the members of the Alaska State House and three-fifths of Alaska's 20 Senators.

Groups Supporting Ballot Measure 1 include the Alaska State Chamber of Commerce, the Alaska Outdoor Council, the Alaska Federation of Natives and the Alaska Miners' Association.

**Vote Yes on Ballot Measure 1.** Let's export democracy to all areas of Alaska.

Ballot Measure 1

Signatures for Initiative and Referendum Petitions

STATEMENT IN OPPOSITION

When convention delegates drafted Article XI of Alaska’s Constitution they provided a mechanism for citizens to put initiatives before Alaska’s voters. They gave Alaska’s citizens a direct avenue to affect changes the political system is unable, or unwilling, to make. Initiatives have been used by both liberals and conservatives, and often non-political groups, to take issues directly to the people.

The initiative process is not perfect. Some initiatives are declared unconstitutional immediately after passage. In recent years there has been concern among many Alaskans regarding a trend to make fish and game management policy via initiative. This is dubbed by many as “ballot box biology.” It is a serious concern for many Alaskans; professional biologists and fish and game managers, and those who represent rural Alaska. The prevalence of outside money and interest groups in ballot initiatives is also a legitimate concern. There are valid criticisms of the initiative process. Making it more difficult for citizens to advance initiatives is not, however, the answer.

There are already numerous restrictions on citizen initiatives. Signatures must be collected in two-thirds of the legislative districts (the same percentage of votes required in the legislature that placed ballot measure #1 on the ballot). Initiatives cannot be used to make appropriations or amend the constitution, and they are heavily scrutinized by the Attorney General. Many initiatives are not even approved for circulation. Initiative petition sponsors must collect signatures (ten percent of the number voting in the most recent general election in at least 27 districts).

Raising the bar to seven percent of the voters in each of thirty districts, in addition to the overall requirement of ten percent of all voters, is a drastic and unnecessary change.

Increasing the percentage of signatures required in individual house districts, as well as the number of districts in which signatures must be collected does indeed create a new hurdle for Alaska’s citizens. The proposed change is intended to make it much more difficult to get issues on the ballot. Well-funded groups that routinely hire signature gatherers will not, however, be deterred. It will, though, create an additional and unnecessary burden on truly citizen based initiative efforts, and certainly would not “expand democracy.”

I may not personally agree with every initiative, or the motives of the backers, but I would rather defeat bad ideas on merits than restrict citizen access to the public process. Enacting a constitutional amendment to create additional barriers for initiatives will only serve to widen the gap between people and their government. The provisions of the proposed constitutional amendment would only make the initiative process more cumbersome for truly citizen-based initiative efforts. It will not prevent well-financed special interests. These special interests would simply pay the extra cost required to collect extra signatures in additional districts.

I believe Alaskan voters will reject the notion that ballot measure #1 “expands democracy” and will reject this proposed constitutional amendment.

Ballot Measure 2
Initiative To Legalize Marijuana

BALLOT QUESTION
This bill would remove civil and criminal penalties under state law for persons 21 years or older who grow, use, sell or give away marijuana or hemp products. State or local government could not require a permit or license for personal cultivation or distribution of marijuana, but could regulate marijuana like alcohol or tobacco. It removes all existing state restrictions on prescription of marijuana by a doctor for all patients, including children. It allows for laws limiting marijuana use in public and to protect public safety.

SHOULD THIS INITIATIVE BECOME LAW?

YES ☐

NO ☐

BALLOT MEASURE SUMMARY
Prepared by the Legislative Affairs Agency
Provides that a person 21 years of age or older may not face civil or criminal penalties in most cases that relate to their having, using, providing, and making hemp. Provides that a person 21 years of age or older may not be required to get a permit to use hemp in most cases. Defines hemp as marijuana and all forms of the cannabis plant. Defines other terms that relate to hemp. Allows laws that restrict persons less than 21 years of age from having hemp intoxicating products. Allows laws that restrict the sale or transfer of hemp intoxicating products to persons less than 21 years of age. Allows laws that limit the use of hemp intoxicating products and the operation of motor vehicles. Allows laws that limit the use of hemp intoxicating products and engaging in conduct that affects public safety. Allows laws that limit the use of hemp intoxicating products in a public place. Allows a physician to prescribe hemp to a patient. Restricts laws that place special limits or fees on the makers of hemp medicines. Restricts laws that place special limits or fees on the makers of hemp nutritional products. Restricts laws that place special limits or fees on the makers of hemp industrial products.

STATEMENT IN SUPPORT
This initiative will remove the threat of fines and prison for people over 21 who possess, grow, use, or buy marijuana. Use by minors will still be prohibited. The initiative allows the Alaska Legislature or cities to limit or prohibit marijuana use in public, and reaffirms laws against driving under the influence of marijuana.

The Legislature and localities could enact other restrictions, such as maximum amounts of marijuana individuals could possess.

Prohibiting marijuana causes many problems:

• Prohibition creates a black market with profits for illegal dealers, fueling crime and corruption. Illegal drugs are more accessible to kids; drug dealers don't ask for ID.
• Prohibition is expensive. A new economic study found approximately $16 million in annual law enforcement, courts, and corrections system costs for marijuana enforcement to the State of Alaska.
• Lost wages, family and social service costs, and secondary costs to the justice system take at least another $8 million.
• Laws against marijuana use don't significantly reduce its use - prohibition actually doesn't work.
• In Alaska, we have another important reason to reject prohibition: the Court of Appeals found in 2003 and 2004 that the current law violates the privacy right in the Alaska Constitution.

Personal choices and public policies about marijuana should be based on scientific facts and common sense. Many U.S. and international experts have examined the issue, and all have concluded that marijuana use itself causes very few problems for individual users or for society. People who consider using marijuana should have accurate information on its effects. We would save State funds by not arresting peaceful, otherwise law-abiding citizens who exercise their constitutionally protected right to use marijuana. These funds could be spent on effective programs to educate and support kids and adults in making responsible choices, or for other worthy causes.

The initiative allows the Legislature to regulate marijuana as we do alcohol and tobacco. This means that the State could tax and control commercial sales of marijuana, generating millions of dollars annually in tax revenues. The initiative does not spell out how the State might tax and regulate marijuana, it simply allows the Legislature to decide.

Passing this initiative will send a strong message to the Legislature to reform Alaska's marijuana laws. The Court of Appeals reaffirmed that Alaskan adults may possess up to four ounces. Their decision, while an improvement over total prohibition, leaves important regulatory issues undecided, including legal access to their approved medication for medical marijuana users. This initiative offers a comprehensive, logical model to bring state law into line with the Court's ruling.

Ballot Measure 2
Initiative To Legalize Marijuana

The initiative could allow development of new, non-intoxicating hemp product industries, and provide economic opportunities for Alaskans. Hemp’s fibers, seeds and oil are used abroad to manufacture thousands of products.

In sum, marijuana prohibition doesn’t work, is expensive, hurts otherwise law-abiding citizens, threatens the privacy rights of all Alaskans, and prevents developing a clean, renewable natural resource.

Tim Hinterberger, Ph.D., Assoc. Professor, Biomedical Program, UAA; Chair, Alaskans for Rights & Revenues
David Finkelstein, Former Alaska State Legislator
Bill Parker, Former Alaska State Legislator and retired Deputy Commissioner, Alaska Dept. of Corrections

STATEMENT IN OPPOSITION

Marijuana is the most widely used illicit drug among America’s youth. This proposition allows not only the possession of marijuana, but also its distribution and sale.

Alaskans have seen this debate before. In 1975, Alaska’s Supreme Court held that under the State Constitution an adult could possess marijuana for personal consumption in the home. The Court’s ruling became a green light for marijuana use.

A 1988 University of Alaska survey showed that Alaska teenagers used marijuana at more than twice the national average for their age group. The report also showed a frequency of marijuana use that suggested it wasn’t just experimental, but a well-incorporated practice for teens.

Alaskans voted in 1990 to recriminalize possession of marijuana. In 1998 voters allowed the “medical” use of marijuana. However, this initiative was refined by the Alaska Legislature in 1999 to limit its application and enable Alaska’s drug laws to be enforced. Still not satisfied with the limited use for “medical” purposes, marijuana proponents again asked in 2000, and Alaska voters rejected, a return to unregulated marijuana use.

Adding an illicit drug to the legion of over-the-counter and prescription drugs is not a reason to support this measure. There is no marijuana “quality control”. Marijuana today is far more potent than it was 30 years ago. Marijuana is not a benign drug. Use impairs learning and judgment and may lead to the development of mental health problems.

Marijuana can be addictive. It is frequently combined with other illicit drugs or alcohol, which further impairs the user’s abilities and judgment. It presents many of the same respiratory complications as smoking tobacco. Any medical benefits from the active ingredient in marijuana, THC, can be obtained from legally prescribed medication. There is no good pharmaceutical reason for decriminalizing marijuana. It remains an illegal substance at the federal level and should remain the controlled substance it is at the State level.

Ballot Measure 3
Prohibiting Bear Baiting or Feeding

BALLOT QUESTION
This bill would make it illegal for a person to bait or intentionally feed a bear to hunt, photograph, or view a bear. A person could not feed a bear on purpose or use any item or substance, including food or other edible matter to entice a bear into an area, or to stay in an area. A person who violates this law would be guilty of a Class A misdemeanor, punishable by up to one-year imprisonment and a fine of up to $10,000.

SHOULD THIS INITIATIVE BECOME LAW?
YES ☐
NO ☐

BALLOT MEASURE SUMMARY
Prepared by the Legislative Affairs Agency

This measure bans baiting for feeding of bears for the purpose of hunting, photography, or viewing. The terms “bait” and “intentionally feed” are defined for the purpose of this measure. The violation of this measure is a class A misdemeanor.

STATEMENT IN SUPPORT
VOTE “YES” ON BALLOT MEASURE 3
Alaska is one of only nine states where bear baiting is legal. The practice involves trophy hunters putting out barrels stuffed with stale pastries, dog food, bacon grease and other unnatural foods at “bait stations,” for the purpose of enticing wild bears to be shot. Thousands of black bears and brown bears are drawn to such sites, resulting in a reported annual kill of 650 black bears. The likelihood of artificially fed bears becoming nuisance, dangerous animals is obviously greater than those exposed only to wild foods.

It is already illegal to bait bears for the purpose of photography or viewing. Ballot Measure 3 would add hunting to the list of prohibited bear baiting practices.

Bear Baiting Is Unsportsmanlike and Unfair
Public opinion polls indicate that most Alaskans consider bear baiting as unsportsmanlike. Ethical, “fair-chase” hunters agree.

“Putting out a cache of food to lure a bear into the close range of a powerful rifle is the antithesis of fair-chase. To kill a bear, or any animal, in that manner is inhumane and beneath human dignity.” - former Lieutenant Governor Lowell Thomas Jr.

“Bear baiting is a lazy, unethical and dangerous practice.”
- George Pollard, retired Master Hunting Guide and a Director of Citizens United Against Bear Baiting.

Bear Baiting Is Not Compatible With Public Safety
“Keeping bears away from human food is perhaps the most important thing we can do to prevent conflicts and confrontations between bears and people.” - Alaska Department of Fish and Game (ADF&G)

Bear baiters can place bait stations a quarter mile from public roads or trails, and one mile from people’s homes. These are insignificant distances to food-habituated bears. In one study, ADF&G documented hundreds of brown bears and black bears with cubs at bait stations, creating the potential for many to become food-habituated, problem animals. ADF&G has also recorded hundreds of baiting violations, mostly involving unsafe bait station conditions that could lead unsuspecting hikers into having a bear encounter.

Bear Baiting Is Not A Necessary Management Tool
ADF&G has a long history of effectively regulating bear harvests without having trophy hunters engage in bear baiting. Numerous states, as well as the Yukon and British Columbia, have shown that bear populations can be well managed without resorting to baiting.

Class A Misdemeanor
Under the new statute, bear baiting would be a Class A misdemeanor, which is the standard penalty that applies to violations of most of Alaska’s fish and game laws.

This initiative is supported by Citizens United Against Bear Baiting (www.cubb.org), a group of Alaskans whose directorship includes sport hunters, master hunting guides, Alaska Natives, biologists, bear viewing guides, wildlife photographers, wildlife enthusiasts, and other concerned citizens who want to keep Alaska’s wildlife wild.

Ballot Measure 3
Prohibiting Bear Baiting or Feeding

STATEMENT IN OPPOSITION

Vote “No” on the Ban, it goes too far!

Dear fellow Alaskans,

Once again we are under attack by out-of-state animal rights extremists such as Greenpeace and P.E.T.A! The proposed bear ban is another attempt to change Alaska for the worse. The ban would:

• Ban the intentional feeding of bears for the purpose of hunting, photography or viewing;

• Send a person to jail for up to one-year with a $10,000 fine for each violation;

• Prohibit the Alaska Department of Fish and Game from intentionally feeding problem bears with the intent of capturing and relocating them away from town; and

• Severely limit the Alaska Department of Fish and Game’s ability to manage game populations.

The initiative defines intentionally feed as to “give, deposit, distribute, discard, scatter or otherwise expose any attractant or edible material…” This language is so broad a person could be sent to jail and fined just for having a bird feeder in their back yard that may attract a bear.

This initiative is being proposed by out-of state extremists like Greenpeace and P.E.T.A, and is being heavily funded by numerous national anti-hunting, anti-fishing and environmental obstructionist groups. These same groups have tried for years to tell Alaskans how to live and what to do with our resources. The same type of people who tried to ban the Iditarod, to block drilling in ANWR, to end subsistence hunting including whale and seal hunting, as well as to cripple tourism and stop commercial fishing are the ones pushing this ban. Luckily for us, most of their efforts have failed, but one victory for them would most certainly open the door for more attacks on our way of life.

Under this measure the Alaska Department of Fish and Game would be prohibited from feeding a problem bear to live trap it and relocate it away from our communities. Professional game biologists would also be prohibited from utilizing one of the most effective game management tools available. Such limitations on Alaska’s game management options will result in out of control predator populations.

Imagine the result of such restrictive language; protection of our children and pets from dangerous predators would be extremely difficult. The language in this initiative is so broadly written a person could go to jail for up to one-year for protecting their pets or property.

This ban is a statewide mandate that wouldn’t allow for any local control or public involvement. It is simply common sense; this important game management decision should be made by the professionals at the Alaska Department of Fish and Game through their public process, not by out-of-state extremists who want to trick you into voting their way.

Please join us, the Board of Game and thousands of other Alaskans from native, rural and urban communities in voting “No” on the Ban, it goes too far.

Ballot Measure 4
Temporary Replacement of U.S. Senator

BALLOT QUESTION
This measure would repeal state law by which the Governor makes a temporary appointment of a person to fill a U.S. Senate vacancy until a special or regular election can be held. Under existing law the seat remains vacant until an appointment is made. Under the initiative the seat would remain vacant until the election is certified and the Senate meets. Existing law provides that a special election will be held within 60 to 90 days to fill a vacancy unless the vacancy occurs within 60 days of the primary election for that seat. This initiative does not change that provision.

SHOULD THIS INITIATIVE BECOME LAW?

YES

NO

BALLOT MEASURE SUMMARY
Prepared by the Legislative Affairs Agency
This measure is about filling a vacancy in the U.S. Senate. In some ways it is like a law passed by the state legislature in 2004. Both that law and this measure provide for an election to fill a U.S. Senate vacancy. Both that law and this measure establish the same procedure for the election. But, there is a difference between the 2004 law and this measure. The law passed by the legislature allows the governor to appoint a person to fill the U.S. Senate vacancy until the election is held and the election results are certified. This measure does not authorize appointment of a U.S. Senator at all.

STATEMENT IN SUPPORT
DIRECT ELECTION OF U.S. SENATE VACANCIES
The people, not the Governor, should fill a United States Senate vacancy.

The idea that the people have the right to choose who represents them in a legislative body is as old as democracy itself. In the long history of the world, people have fought for this right and people have died for this right.

You, the citizens of the State of Alaska, now have the power to decide this important issue for yourselves; here, at the ballot box.

You will hear some confusing arguments against this initiative. Some people want to sneak the power of appointment power back into the law. The question is simple, whether the people elect or the governor selects.

The only way to make sure that you, not the governor, decides is to vote yes on Proposition 4.

Please join us in defending the right to vote for our U.S. Senator.

Thank you and thanks to the many Alaskans that worked so hard for this day.

STATEMENT IN OPPOSITION

This ballot measure is not only unnecessary—it also could have dire consequences for Alaska. It calls for a special election should any vacancy occur in the U.S. Senate—a provision already in State law. However, its passage could have the consequence of leaving Alaska without vital representation in the U.S. Senate until the special election can be held and certified—which will take three to five months.

To avoid this disastrous scenario, the 2004 Alaska Legislature passed a law that not only accomplishes everything Ballot Measure No. 4 originally set out to do but also provides for continuous representation in the U.S. Senate.

Both the Ballot Measure and the new law require that any vacancy in the office of U.S. Senator be filled by a special election. They also require the election be held 60 to 90 days after the vacancy occurs.

But only the existing law, consistent with the 17th Amendment to the U.S. Constitution, provides for a "temporary appointment" that would make sure Alaska is represented in the U.S. Senate until the people's choice is certified.

The new law passed by the Legislature enjoyed broad bipartisan support and a pledge from the Legislature not to repeal it for at least two years. It is notable that all of the prime sponsors of this ballot measure voted in favor of the final version of the new law— including the "temporary appointment" provision.

If this ballot measure passes, there is an unacceptable risk that Alaska will be left without a vote or voice in the U.S. Senate for a considerable time. A loss of one Alaska vote could drastically affect what happens in committee—where much of the work affecting Alaska is accomplished. Additionally, a loss of that one Alaska vote could affect the size of our share in the federal transportation budget, the military appropriations budget, federal support of our rural communities, or federal support for a natural gas line or development in ANWR.

Current law assures our voice will be heard, our votes will be counted and our work will be done in Washington with little or no interruption.

Please vote "NO" on Ballot Measure No. 4.

Vote!
November 2
Judicial Retention Candidates

The citizens of Alaska are as unique as its landscape. We unite as Alaskans at the polls.

Vote November 2!
Alaskans choose their judges through a merit selection system and vote every few years on whether to keep them on the bench. The system assures that judges remain non-partisan and accountable to the public. The constitution requires that the Alaska Judicial Council nominate only the best-qualified people to the Governor for appointment to judgeships, and the state laws require that the Judicial Council evaluate each judge standing for retention elections. Other laws require that the Judicial Council publish its evaluations in the Voters' Pamphlet. The evaluations of judges standing in the November 2004 election appear on the following pages. Each judge also may pay for a page of biographical information that he or she prepares. The Judicial Council is a citizens’ commission, with three non-attorney members, three attorney members and the Chief Justice of the Alaska Supreme Court, who sits as chair.

In 2004, the Judicial Council evaluated ten trial court judges. The Judicial Council found that all ten judges were QUALIFIED and recommends that voters retain all of them as judges.

JUDICIAL EVALUATION PROCEDURES

The Judicial Council evaluates judges with the help of thousands of Alaska citizens – police and probation officers, attorneys, jurors, court employees, social workers and others who appear in court before the judges. In 2004, the Council surveyed these groups, asked for written and oral comments from the public throughout the state, and reviewed records about judges’ workloads, conflicts of interest, and other aspects of performance.

**Surveys** - The Judicial Council surveyed all active members of the Alaska Bar Association, and all peace and probation officers in the state. In 2004, the Council sent surveys to 2,927 attorneys and 1,495 peace and probation officers. An independent contractor handled the surveys for the Judicial Council, to assure objectivity in the findings. Questions on the surveys asked about judges’ legal abilities, fairness, integrity, temperament, diligence and administrative skills. Similar surveys went to 345 social workers and citizens who participate in helping Alaska’s children in court as guardians ad litem and Court Appointed Special Advocate (CASA) volunteers. The Council asked jurors (750 responded) who had served on cases with the judges to comment on the judges’ abilities to handle the trials fairly and capably. Court employees (about 584) also received surveys to rate the judges.

**Judge and Counsel Questionnaires** – Each judge standing for retention returned a self-evaluation questionnaire to the Judicial Council. The questionnaire included lists of recent cases that the judge believed were important for evaluation, with an emphasis on jury and non-jury trials. The Council asked each attorney in each case to fill out an additional survey about the judge’s performance in that particular case, including detailed comments about the judge’s abilities.

**Other Records** - Council staff review a series of other public records, including conflict-of-interest annual statements filed with the Alaska Public Offices Commission and separate forms filed with the court system, court case files, Commission on Judicial Conduct public files, and a report on any withheld salary warrants. The Council also reviews performance-related court data, such as the number of peremptory challenges filed against a judge and the number of reversals on appeal. The Council looks at performance-related data carefully, because a judge’s caseload type or location may play a major part in the numbers of challenges or appeals and reversals. For example, an Anchorage judge assigned 1,000 civil cases in one year may receive more challenges (and possibly more appellate reversals) than a rural area judge assigned a mixed caseload of 500 civil and criminal cases. The Alaska Judicial Observers, an independent group of community-based volunteer court observers, provided information to the Council about the retention judges in Anchorage and Palmer that they had evaluated.

**Public Hearings and Comment** - The Council held statewide public hearings for all judges standing for retention, using the legislature’s teleconference network and public meeting rooms. Statewide newspaper ads encouraged public participation. Public hearings give citizens a valuable opportunity to speak out about their experiences with judges. They also provide a forum in which citizens can hear the opinions of others.
Other Publicity and Input - The Council widely publicizes the evaluation process. The Council solicits comments about judges on its website. Any judge may request an interview with the Judicial Council. The Council, in turn, may ask judges to speak with the Council members during the final stages of the evaluation process to respond to concerns raised by attorneys, peace or probation officers, or citizens. The Council balances all the information it receives from its many sources.

RESULTS OF EVALUATIONS

Evaluation information for each retention judge appears on the following pages. Summaries of the attorney, peace and probation officer, juror and court employee survey scores are provided. Superior Court Judge
Trevor N. Stephens, First Judicial District

STATEMENT:
It has been my privilege to serve the people of the First Judicial District as a Superior Court Judge for the past four years. I reside in Ketchikan but my regular caseload also includes Superior Court cases from Metlakatla and Prince of Wales Island. I have also handled cases from numerous other SE Alaska communities.

As a Judge I have several duties. I must make sure that each person appearing in court is treated with courtesy, dignity and respect. I must provide each party a full opportunity to be heard. I must make sure that the matters presented are decided based on a complete, fair, and impartial consideration of all of the relevant facts and the applicable law. I must act in a manner that promotes public confidence in the integrity and impartiality of the judiciary in Alaska. New developments in the law occur daily. I must maintain my professional competence in the law. I have worked diligently to fulfill all of my judicial duties and am committed to continuing to do so.

STATEMENT:
It has truly been a privilege to work as a superior
court judge and I hope to be able to continue to serve
in that capacity.

My view of a superior court judge’s job is to provide a
fair and impartial forum where parties can reach a
final resolution of disputes. Sometimes achieving a
final resolution is best accomplished by going to trial,
but I try hard to help litigants reach their own resolu-
tions through settlement and negotiation. In my expe-
rience, resolutions that provide for the maximum
amount of input from litigants are often the best long-
term solution for Alaska’s families and businesses.

My administrative assistant and law clerk work closely
with me to provide the public with the best customer
service possible. I am grateful to my staff for their
help and to the members of the Alaska Bar
Association, peace officers, jurors and court observer
programs for their feedback on the judicial survey. If
retained, I will continue to uphold the oath of office
and to provide a fair and impartial forum for dispute
resolution.

Superior Court Judge
Sharon L. Gleason, Third Judicial District

STATEMENT:
It has been an honor and privilege to serve the people in the State of Alaska as a Superior Court Judge.

In my view, a judge should treat each person in the courtroom with respect, listen carefully to each person’s concerns, and apply the law fairly and impartially. I also believe the judge should treat each and every case that comes to court as a unique and special case that deserves the judge’s most careful consideration.

I have consistently been impressed by the level of dedication demonstrated by the many citizens in our state who have served as jurors. Each juror plays a critical role in our justice system, and is entitled to a judge who is accommodating, respectful, and courteous of each juror’s needs.

These are the goals that I strive to consistently achieve each day. I truly enjoy the challenges and responsibilities of being a Superior Court Judge and seek to provide many more years of public service in Alaska.

November 2004
STATEMENT:
It has been an honor to serve the people of the State of Alaska as a judge for the last ten years. I am committed to performing my duties as a Superior Court Judge to the best of my abilities, and I am constantly working toward making our present legal system a better one. To that end, I have been actively involved in the Color of Justice Program. In addition, I preside over courts that promote a more effective resolution of cases that involve alcohol and drug addicted offenders. These courts promote public safety and reduce recidivism.

I strive to be fair and impartial in my decisions and to follow the law. I believe that it is important to treat all who appear before me with courtesy and respect. This commitment applies not only to attorneys but also to all of the people of Alaska who come into the courthouse.

As a judge, I recognize that I have a tremendous responsibility and role in ensuring that there is a fair and prompt resolution to legal disputes. I hope to continue to serve the people of Alaska to the best of my ability.

Superior Court Judge
Mark Rindner, Third Judicial District

STATEMENT:
I have been honored to serve as a judge for almost four years and I have found each year to be a rewarding experience. I am particularly interested in cases involving children and for that reason volunteered to serve as the judge for the Alaska Family CARE Court, a problem solving court for families. The Court’s mission is to break the cycle of addiction, child abuse and neglect by providing intensive judicial support and case management as well as treatment for parents and their children that will help them lead healthy and productive lives.

I believe that the law is held in trust for all people, not just the rich and powerful, and that justice should be the primary focus of our court system. I believe that all persons should have access to our courts, not just those who can afford a lawyer. If retained I will continue to work hard toward these goals.

The Libertarian Party asks:
WHAT KIND OF AMERICA WILL WE LEAVE OUR CHILDREN?

Will it be one full of stifling laws and bureaucracy, with an ever-increasing tax burden - or will it be one where they may live and work here, free to reach their highest potential, unencumbered by needless government programs, free to spend their earnings as they please?

We, as Libertarians, maintain that you own yourself and the fruits of your labor and that government exists only to protect individual rights through limited functions such as police, armed forces to protect the nation, and the courts.

Our state and national platforms seek to place most of the responsibility for things that government does today back in the private sector, as it was when America was founded.

Alaska Libertarians were responsible for ending the state income tax and for establishing the Permanent Fund. Vote Libertarian, and register to vote with your party choice marked “Alaska Libertarian Party,” so we can do more.

"Government is not the giver of rights; only God confers these to the people. People create government, giving it certain and limited powers. Only eternal vigilance by the people will confine government to its role."

Joseph E. Vogler, AIP Founder
From the 1992 Alaska General Election Pamphlet of Joe Vogler's gubernatorial statement.

Are you tired of voting for candidates who promise to:
Reduce state spending yet introduce new spending bills once elected.
Close the fiscal gap by cutting government waste but instead vote for increased taxes and fees once elected.
Develop Alaska's resources yet allow our oil to be sold at well below the world average rate of taxation.
Protect the Permanent Fund yet want to spend its earnings and reduce royalty deposits.
Reform education yet vote to place more restrictions on home schooling.

The Alaskan Independence Party pledges to exert our best efforts to accomplish the following:
To support the privatization of government services.
To preserve and protect the Alaska Permanent Fund, Permanent fund earnings, earnings reserve fund and individual Permanent Fund Dividends.
To strengthen the traditional family and support individual accountability without government interference or regulation.
To support the rights of parents to privately or home school their children and to provide them individually the right to access to a proportional share of all money provided for educational purposes as an unrestricted grant for such purposes.

The Green Party invites all Alaskans to a new kind of politics that finds creative solutions to difficult problems using the empowering process of consensus. Young people are invited to join the Green Party, with full participation, before reaching voting age as part of a needed voice for a better future.

Instant Runoff Voting is used to elect Green Party officers in multi-candidate elections; assuring voters have maximum power to show majority support for a candidate without requiring a runoff vote.

The Green Party utilizes guiding principles for its actions, expressed through “10 Key Values.”

Community-based Economics ● Grassroots Democracy ● Ecological Wisdom ● Future Focus ● Decentralization

Respect for Diversity u Feminism ● Global Responsibility ● Personal/Social Responsibility/Social Justice ● Nonviolence

The Green Party is values-based, empowering Alaskans to solve our most serious problems through grassroots political action.

**Fiscal Plan:** Enact an oil windfall profits tax above $18 per barrel, as we’ve suggested since 2000. It would equalize state and oil company profits during high prices and would have provided a $2 billion surplus if it had been enacted three years ago. Taxes should be raised fairly so everyone helps by paying a little including corporations, tourists, summer workers and residents. The fairest way to tap dividends is through a graduated income tax, not an unfair taking of equal amounts from PFD’s which hurts low income Alaskans.

**Health Care:** Implement Canadian-style single payer health care system so all Alaskans can get the health care they need from the doctor they choose, first proposed by the Green Party in 1990.

Comprehensive care, prescriptions, education, exams and early intervention will build healthier communities.

**Democracy:** Get big special interest money out of politics, implement public financing of clean elections like ME, MA and AZ. Eliminate special interest contributions. Out-of-State contributions should not be allowed.

Education: Repeal or amend “No Child Left Behind” to reward improved learning and repeal sanctions and punishments against schools. Local schools should decide how best to help students succeed, not the federal gov’t.

**Green Economics:** Gain additional economic self-sufficiency by establishing a small manufacturing economy to add value to fish and fish waste, cut and dry timber, make jewelry from gold and other products that are sustainable, environmentally safe, and beneficial to communities.

**Subsistence:** Guarantee continuing access to subsistence resources— the core part of all Alaska Native cultures involving special skills and knowledge, sharing and other cultural values. Resource survival and subsistence economies are top priorities. Sport and commercial uses are secondary.

**Energy:** Alaskans can lead the nation to energy security through conservation, building the all-Alaska gas line to Valdez (with a spur to the rail belt), and developing hydrogen as a future fuel. Sun, wind, micro-hydro, geothermal and tidal energy provide additional potential.

**Arctic Refuge:** A bad economic deal for Alaskans. Almost two barrels of Refuge oil would have to be produced to equal amount of royalty profit we get from one barrel on State lands where there is a 30-40 year supply. Most natural gas lies outside the Refuge. Alaska can help provide national energy security with today’s oil, tomorrow’s gas and future hydrogen production and keep the Arctic Refuge wild for future generations. It’s a win-win situation.

**Law and Order:** Spend largest sum of money on education, intervention and treatment to reduce the need for police enforcement and prisons. Implement conflict resolution, youth courts and tribal courts as better alternatives to the current adversarial court proceedings. For profit prisons should not be allowed.

**Defense:** Develop better diplomatic skills to out-think potential enemies, explore diplomatic options to avoid armed conflict when possible. Stop military expenditures for unworkable, programs like the unproven National Missile Defense System. Support our troops, bring them home ASAP from the Iraq debacle.

Alaska Permanent Fund

WHAT IS THE ALASKA PERMANENT FUND?

The Permanent Fund is an investment fund created by Alaskans in 1976 as a way to save a portion of our oil revenues for the needs of future generations. On June 30, 2004 the Fund was worth $27.4 billion.

WHO MANAGES THE PERMANENT FUND?

The Alaska Permanent Fund Corporation manages the day-to-day operations of the Fund and is overseen by a six-member Board of Trustees appointed by the governor and selected for their experience.

Board of Trustees as pictured from left to right: Gregg Renke, William A. Corbus, Vice Chair Steve Frank, Eric E. Wohlforth, Bill Hudson, and Chair Carl Brady.
**How does the Fund work?**

The Fund is divided into two parts, principal and earnings, both of which are fully invested. The Alaska Constitution says that the principal may not be spent. The earnings in the earnings reserve account may be spent by the Legislature for any purpose it wishes. Currently earnings are only spent on the Permanent Fund Dividend.

**How does money go into the earnings reserve account?**

Realized earnings go into the earnings reserve account. This is the income from bond interest, real estate rent payments, stock dividends and the gains from assets that are sold at a profit. Unrealized earnings remain in principal until the assets are sold.

**How is the Fund invested?**

Originally the Fund was only invested in bonds. Now it is invested in a number of different asset classes, which earn income and gain in value. By diversifying the Fund into these different assets, the Trustees ensure that it is better protected for the future. When one asset class has a down year, it is often balanced by good performance in other asset classes.

**How is the dividend determined?**

On June 30 of each year, the statutory income of the Fund for the last five years is averaged together and half of that amount is available for the dividend. Then that amount is divided by the number of qualified applicants for the dividend.

**How does the Fund Grow?**

The Fund has three sources of potential growth each year:

- The state Constitution directs 25 percent of Alaska’s mineral royalties, primarily oil royalties, be deposited into the Fund.
- Income flows in from stock dividends, bond interest and real estate rental fees.
- Assets can increase in value over the original purchase price, whether they are sold or held in the portfolio.

### What is POMV?

Percent of Market Value is an idea proposed by the Trustees as a better way to manage the amount available to be paid out from the Fund. It would set a limit on spending from the Fund - no more than 5 percent of the Fund’s market value could be withdrawn in any one year. This would protect the Fund from overspending, provide guaranteed inflation-proofing over time and make the formula for determining payouts match the current investments of the Fund.
