November 2006

Dear Alaska Voter:

The Division of Elections and I are pleased to provide you with the 2006 Official Election Pamphlet, your guide to the November 7 General Election. I hope this is useful to you as you prepare to vote for a U.S. Congressman, Governor and Lieutenant Governor, members of the Alaska Legislature, retention of judges and ballot measures.

This year we are reminded that the right to vote comes with a price. From the Revolutionary War to our current peacekeeping missions in the Middle East, Americans have stood strong to protect the principles of self-government. I pay special tribute to our military and National Guard who are serving bravely so others can live in freedom and vote, perhaps for the first time. I also commend their families and friends who are supporting them.

To maintain a healthy democratic republic we must have civic-minded voters who participate in elections. In Alaska many races have been decided by a handful of votes. One vote has and will continue to make a difference. That vote could be yours.

Please exercise your right to shape the form of our governments and who our leaders are by voting.

Sincerely,

Loren Leman
Lieutenant Governor

GENERAL INFORMATION ABOUT ABSENTEE VOTING
In accordance with Alaska law, any voter may vote before Election Day for any reason. You may vote absentee in person, by mail, by fax or vote a special needs ballot through a personal representative.

ABSENTEE IN PERSON
Beginning on October 23, 2006, you may vote absentee in person at any of the Regional Elections offices or other voting sites established by the Division of Elections. A list of these sites with information on which ballots will be available at each location can be found beginning on page 6 of this pamphlet. These stations will offer absentee in person voting on Election Day.

ABSENTEE BY MAIL
Absentee ballot applications are available and can be submitted after January 1st of each calendar year, up to 10 days prior to each election for any state elections during that year. You can request a ballot for a specific election or for all elections in the year. To receive an absentee ballot by mail, you must first send an application so that your voter registration can be verified. Apply early to ensure timely delivery of your ballot. All absentee by mail ballot applications must be received by October 28, 2006 for the 2006 General Election. The Absentee by mail office will be open on October 28 from 8 a.m - 5 p.m. to accept by mail ballot applications. Voted absentee by mail ballots must be postmarked on or before Election Day.

Your completed application must be received by 5:00 p.m. AST on or before November 6, 2006. SPECIAL NEEDS VOTING
A qualified voter who is unable to go to the polls due to age, serious illness or a disability may apply for a special needs ballot through a personal representative. Fellow Service Member,

Thank you for your dedication and sacrifice to our state and country. Your service keeps our neighbors free from the extremists who threaten us with terrorism every day. Alaska, and the United States, appreciates your commitment and your protection.

In this election season, it is appropriate that you take the time to vote, for this is the foundation of freedom. I encourage you not to take this for granted; make your voice heard.

If you do not have the chance to vote in person, hopefully you have already voted absentee by-mail. If you have not already voted, and will miss the mail application deadline, please vote by absentee-fax. It’s quick, easy, and will ensure that your choice will be heard at home, no matter where you’re serving in the world. Please take the following into account:

- By using this method you are voluntarily waiving your right to a secret ballot.
- You must apply separately for each election. The fax application form will not be accepted until 15 days before the election. Print; completely fill in the form, sign. And then fax it to the Division of Elections. When your application is approved, a ballot will be faxed to you.
- Vote your ballot, have your signature witnessed and fax (or mail) the ballot according to instructions.
- If you are returning your ballot by fax, it must be voted, witnessed and received by the appropriate fax machine in the Absentee Voting office by 8:00 p.m. Alaska time on election day.

This year is extremely unique, as we have additional National Guard Soldiers and Airmen away from home on Election Day. Please support our democracy by participating with your vote. You are an example of freedom; demonstrate to the world the power of your vote.

Sincerely,

Major General Craig E. Campbell
Adjutant General of the Alaska National Guard

STATEMENT:
Years ago, a fair and thoughtful Nick Begich held this position. When he died, it was Alaska’s loss. Given 
national debt, war, and economic disparities this is an unglamorous time to run. Nevertheless, I stand up 
because Alaskan’s deserve a Representative who will:

Make an Ethical Commitment to the Job
I will show up for votes, and do the job; promote ending pay raises for Congressional delegates until average Americans’ incomes are raised, work justly, and advocate with dignity for Alaska.

Prioritize Hospital for Veterans/Health Care for All
With 75,000 Veterans, and a large military population, Alaska should have a Veterans Hospital. Alaskans deserve affordable quality health care, and a universal health care system will make that possible.

Ensure Education/Job Opportunities
A way to keep America great is to educate. Funding education should be regarded as an investment, not social programming. Rather than out-sourcing our jobs, I will prefer educational funding, job training, and American business building.

Build Sustainable Industries Rather than Bridges
We must create value-added industries, responsibly develop resources and tourism (ensuring Alaskans benefit), promote new technology, and energy options. Let’s learn from outside interests, not be owned by outside interests. Let’s make livable wages, equal pay, and worker safety an expectation not compensation.

Defend Rights and Freedoms
I oppose laws that infringe on privacy of citizens, that inhibit organized bargaining, that restrict our Constitutional rights, that would advocate war before diplomacy, or that attempts to fool Americans, or prevents adequate discussion for good policy decision-making.

OTHER:
My father was mayor of my small hometown, so maybe that’s where I got the political bug.

I came of age during the Vietnam/Nixon era, and progressed from protest to the conclusion that the only way to prevent future Vietnams and future Nixons, and to address such issues as poverty and racism, was through rebuilding society on socialist principles.

Arriving in Ketchikan in 1975, I got hired on the ferries. What started as a summer job became a career. From dishwasher I rose to Chief Mate, retiring two years ago. If elected, I would be one of the few congressmen who actually spent his adult life working for a living.

Along the way, I married and had one child.

As convention delegate in the militant ferry unions, I fought for international solidarity, social justice, and for a Labor Party pledged to working-class policies. I remain committed to this program.

STATEMENT:

If elected, on the first day of business of Congress, I will move that President Bush and Vice-President Cheney be impeached. I will continue that fight for as long as it takes.

They should be impeached for misleading the country into a military adventure that has cost over 20,000 Americans killed and maimed, and well over 100,000 Iraqis. The final cost in dollars is estimated to run to $1,000,000,000,000...and beyond - there's no end.

With the federal treasury stretched to the breaking point, Bush and Congress approve huge tax cuts for the super-rich.

If elected, I would vote not one more penny for the Iraq War, or for other attempts at military conquest or intimidation against weaker nations, no matter how much oil they possess.

The assaults on democratic rights and privacy at home are equally alarming - and impeachable. Unbelievably, Bush flouts the very laws passed in the wake of the Nixon abuses, and the Congress...does absolutely nothing.

Meanwhile, the essential needs - housing, jobs, medical care, education, etc. - of the working-class, middle-class, and poor are ignored. This is where our money should be spent.

Every vote for Impeach Now! will send a powerful message of hope beyond Alaska to the rest of the country, and around the world - to the suffering people of Iraq, Palestine, and throughout the Middle East. Let it be known that even in little/huge conservative Alaska, there are people who categorically reject current U.S. policy. Every vote represents a giant victory in the forward progress of history!

As Alaska's only Representative in the 435-member U.S. House of Representatives, it is important that Alaska be represented by a proven leader who is dedicated to serve people from every region of our state.

Your continued trust and support has enabled me to serve previously as the Chairman of the House Resources Committee and currently as Chairman of the powerful Transportation and Infrastructure Committee. I am the senior Member on the Homeland Security Committee.

As Chairman, I have worked to ensure that Alaska receives adequate funding for highways and bridges, large and small airports, ports and other important infrastructure projects.

In response to the terrorist attacks on September 11th, I have taken the lead in writing several important national security bills, including the aviation security bill, the port and maritime anti-terrorist legislation, the bus security bill and the pipeline safety and security bill. These will all play a role in improving America's Homeland Security effort.

As a senior member of the House Resources Committee, which has jurisdiction over federal lands, fisheries, wildlife, energy and minerals, forests, and American Indian and Alaska Native issues. I have been a strong supporter of the ANWR legislation passed in the house this year.

Alaska’s future is one of unlimited potential. We have an abundance of natural resources, wildlife and the most beautiful lands in the world. By managing our resources wisely, we can provide for a healthy environment and a diverse economy — both for ourselves and future generations.

I ask for your continued support.

STATEMENT:

After 20 years of growing a statewide family business, 4
years as a Republican Legislator and the last 3 years of
writing a newspaper column on public policy, I’ve come to
understand the dramatic impacts state government has on
the communities and businesses of Alaska.

Today we are competing in a global market to sell our
resources. Over the last fifteen years instead of competing
we’ve been retreating. From tourism to commercial fishing,
we have allowed large outside interests to dominate while
providing reduced benefits to Alaskans.

This has been due to the state’s fiscal instability and the
lack of leadership.

For 12 years both Democratic and Republican Governor’s
have had the opportunity to fix the problem and they’ve
failed. That is why I’m running for Governor as an
Independent.

As Governor I intend to focus on three critical areas:

• Health of Alaskans and Communities
  Health care and education, an aging population, an in-
migration that is driving local and state budgets higher.
  Confronting high rates of domestic violence, child
  abuse and sexual assault.

• Health of Alaska’s Economy
  A long range fiscal plan to provide economic stability.
  Combating the decline in oil production, high cost of
  rural energy and the need for alternatives. A fishing
  industry in need of competitive marketing and quality
  assurance programs. Growing tourism beyond cruise
  ship passengers.

• Legislative Reforms
  Stronger ethics and disclosure laws governing public
  officials. Term limits and shortening the legislative
  session.

STATEMENT:
My goals as Lieutenant Governor are:

• To assure public confidence in the election process by
  hiring competent staff to manage Alaska's elections in
  a nonpartisan and efficient manner.

• To assist with developing a fiscal plan to avoid the
  boom and bust cycles.

• To reach out to communities so their voices are being
  heard at the State level. As a former Assemblymember
  and an activist in the Alaska Municipal League, I know
  the problems in our cities and towns need to be heard
  and solutions found. Municipal revenue sharing is
  necessary for the healthy survival of our communities.

• To make sure Alaska's voices are heard at the federal
  level, whether it is education, health care, lands, fish or
  the many other issues we share with the federal
government.

• To help restore Alaskan's faith in State government and
  to find practical, common sense solutions to solve our
problems.

Your vote for our ticket, an independent voice for all
Alaskans regardless of their party, would be appreciated. I
encourage you to go to our website, www.andrewhalcro.com,

feelings on the issues. We want to hear from you.

**STATEMENT:**

The decisions Alaskans make today can bring us positive benefits for the next 50 years and more – if we make the right choices.

**Unite behind Alaska terms on gas line**  
Current high prices make a natural gas pipeline very profitable. We must look at all proposals to ensure we get the best possible deal on Alaska's terms: commitment to a construction timetable, access to affordable energy for urban and rural Alaskans, use of Alaska hire and Alaska businesses, and separation of oil tax changes from any gas line agreement.

**Fair share of revenues**  
Developing Alaska's gas on our terms and a change in oil revenues will bring billions in revenues to Alaska. Our obligation with these resources is to exercise fiscal discipline and focus on education and public safety; support our communities, our military, National Guard and their families; and work to bring health care to all working families.

**Invest surpluses in education**  
Alaskans deserve the highest quality education, accessible to all. We must fully fund our Constitutional commitment to education through 12th grade. But education starts before kindergarten and extends long past high school.

Surpluses should be placed in a trust fund to build pre-school learning programs and children's health and nutrition; and vocational, technical and University programs.

With fiscal discipline, we can make our schools the best in America. When Alaskans unite behind this vision, we will make it a reality. This should be our legacy for future generations; this is why I am running for Governor.

STATEMENT:
I believe in Alaska and the idea that it means something special to live here. I’m running for Lieutenant Governor to Keep Alaska’s Promise – to seize the opportunities and protect the freedoms we all value, and to pursue strategies that promote self-reliant individuals and strong, healthy communities.

LOW COST ENERGY
Alaska’s destiny as an energy state begins with oil and a gasline, and includes developing Alaska’s abundant resources to reduce unacceptably high fuel bills. Alternative energy like wind, geothermal, and biomass can bring energy security, economic opportunity and independence to Alaska’s communities and Alaska’s families.

INDIVIDUAL, QUALITY EDUCATION
Treat each student as an individual and bring out the potential of every Alaskan at every level of education. A competitive 21st Century educational system encompasses:
• Pre-kindergarten, so kids start school ready to learn;
• K-12, including sports, arts, music and class choice beyond just the basics;
• Vocational and technical schools, so Alaskans benefit from Alaska’s job opportunities;
• A university that trains Alaskans to fill teaching, nursing and needed positions, and that conducts research to help us better understand our state and use our resources wisely.

ETHICAL, COMPETENT GOVERNMENT honors public trust, ideals and traditions. It provides fiscal discipline to protect today’s surpluses, inspires improvements in the cost and delivery of health care, and runs honest, accurate and transparent elections.

Alaskans working together created statehood, the pipeline and the Permanent Fund. That’s a great legacy and a great lesson and that’s why I’m confident we’ll Keep Alaska’s Promise.

STATEMENT:
My public service as Mayor of Alaska's fastest growing area is a record of success that I'm eager to put to work statewide as your Governor. Focusing on basic infrastructure for our families and businesses, this approach greatly encouraged investment and let the private sector create opportunity and jobs.

My proven public service experience reflects a simple Alaskan philosophy: we expect effective, accountable, and trustworthy state government.

I propose a state agenda controlling government's reach with sustainable budgets, wisely developing resources, safeguarding our children's Permanent Fund, and protecting Alaska's freedoms. We do this by prioritizing and making our assets the best in the nation: education, job opportunity, public safety, and solid infrastructure will be our touchstones.

Together we will build an Alaskan gasline that provides affordable energy throughout Alaska, thus fulfilling our constitutional mandate to maximize resource development for all Alaskans. I will always put Alaskans first and will always take a stand for what is right.

Our traditional rights to fish and game resources are fundamental to our Alaskan lifestyle. My commercial and sport fishing family taught me a balanced perspective on managing resources for abundance for all and with increased access to our lands.

I'll lead by espousing the values of President Lincoln: respecting equality, encouraging competition and free enterprise, and honoring faith and freedom.

Join me in changing Alaska's future; working together we'll make a positive difference. I'm honored to offer my experience, energy and vision to lead Alaska with that new, POSITIVE approach as your Governor.

STATEMENT:
On a daily basis, I strive to demonstrate to our children
my sincere belief in Alaska's promise as a place of hope
and opportunity. I will bring that same ethic to state
government. Elected officials should keep alive Alaska's
promise as a place where you are judged on the merits
of your abilities, and dreams are realized through hard
work and dedication to purpose.

I served Alaska as a member of the House and Senate,
and as Deputy Director of the Division of Oil & Gas. I
balanced the budget and cut state spending. I advocated
for victims of crime and domestic violence. And I voted to
protect the Permanent Fund, as I believe the people
should decide how those monies are handled.

The biggest issue facing Alaska is whether we can
negotiate a pipeline deal that delivers on our right to
receive the highest value for our shared resources. The
current agreement with the producers fails the test. It
inappropriately binds Alaska's taxing and regulatory
authority and minimizes the state's role as a commercial
party. We must do better! As Deputy Director, I
represented the state in negotiations with MidAmerican
and TransCanada. I know the issues. I know the players.
And I know what must be done to develop a successful
project.

My greatest interest is to serve the people of Alaska with
integrity and provide real leadership during this critical
period in our state's history.

STATEMENT:
I’m not going to stand on a platform of blowing my own horn or on credentialism, chest beating or personality. But I will take a stand on the issues, and that’s what matters, because no one else will.

I’m an ordinary working person much like yourself. I have come to understand that the structure of government is no longer for people like you and me; but is a self-serving, self-sustaining, self-replicating, all-consuming and defecating bureaucracy that is designed to serve the needs of the bureaucrats and not us, be it simply to line their own pockets, or to install their own pet social engineering programs for us to live by. It's time to turn that around now!

You can start by making your vote, count; not by supporting someone who is against what you want, but by supporting someone who is for what you want. By voting for a lesser of two evils, you only perpetuate an already corrupt system by giving it your support. The so-called two-party system is evil by its very nature, because it has become one party with two names, and is monopolistic; the difference being that this monopoly has armed enforcement agencies to make you live the way they want. Republicans govern like socialists. Democrats govern like communists.

It's time for a change. It's time to tell the bureaucrats to take a hike. It's time to take the future into your own hands. It's time for us all to reclaim ownership of our own lives.
STATEMENT:

In this flourishing state there are many opportunities to improve ourselves and our community. I am a newcomer to the political process and the libertarian philosophy. With this campaign I hope to improve myself and increase my understanding of the operation of state and local government. My primary focus will be on the duties and responsibilities of Lieutenant Governor.

I was asked to run for this office because people believe in me and know I can't be "bought". I'm running because I care about this land, this State, the young and old, rich and the poor. I care about our quality of life. More so I care about our future and the opportunity that has to be here if we are to continue to grow and prosper. As a Homesteader, I'm no stranger to hard work. I promise to work harder than any man has ever worked to make sure your voice is heard.

Vote AIP! Vote ALASKA FIRST! Vote Doug Welton!

STATEMENT:
I've been in Alaska 28 years and I've been hearing the same talk about a gas line, opening ANWR, solving subsistence, and developing our resources since I got here. It's a big field with lots of big names, it's an uphill battle for sure, but nothing is more powerful than when the people get together and make it clear that enough is enough and demand that we be heard and that now and in the future what is best for all of us here in Alaska. The resources belong to the citizens of this State as shareholders for the common good of the people. Not for the pillering by those that have the money to take it from us. It's time for disciplined Alaskans to hold fast to our rights and principles that made this the great place it is! Let's put Alaska First! Let's prove that it's not about who has the most money, the cutest ads, and who can kiss the most babies and shake the most hands. This is our future, let's take it back and do it right. Remember, Alaska First!

STATEMENT:
In my three terms I have represented the largest House
District in the nation, encompassing 209,406 square miles.
This is over one third of our great state. Now with the
redistricting, if re-elected, I will represent even a larger
district with even more diverse economic and cultural
needs. It is a challenge, but one I consider with
heightened responsibility.

With the vast wealth of our great state, we have
opportunities like no other. Alaska must identify economic
and resource potentials in the state. We need
transportation corridors to access and support resource
development. Pressing for and investing in alternative
means of energy, such as natural gas and electrical inter-
ties, to bring affordable energy to residents and allow for
industry in rural communities is a priority. We need to
promote and support advanced job training programs and
create a strong Alaska work force. These investments will
provide jobs and economy for future generations.

Education continues to be top priority, because our
children are our most valuable resource. Our younger
population educated and working will provide and take
care of our elders.

My commitment to Subsistence is and remains:
Subsistence yesterday, Subsistence today, and
Subsistence tomorrow.

Please feel free to contact me to share your thoughts on
issues of concern to you.

House District 6
Woodie W. Salmon, Democrat

STATEMENT:

As your legislator, I’m committed to bringing a strong, independent voice for equality in funding between rural and urban Alaska. For too long, rural Alaska hasn’t gotten its fair share of Alaska’s great resources—even though many of those resources are located in rural Alaska. I decided to run two years ago because I have no ties to special interests; the only interests I care about are my constituent’s interests.

If reelected, I’ll keep working on the following goals:

• get resources for rural education so our kids have a real chance to succeed;
• build and maintain schools;
• get money for vocational training in rural Alaska;
• work to funnel jobs to rural Alaska, particularly jobs on the gasoline;
• bring home the bacon: get funding for rural projects;
• work with congressional delegation and the governor’s office to maintain and expand Alaska’s highway system;
• protect our resources, especially our river salmon;
• make sure there are affordable, common sense housing alternatives in rural Alaska;
• support economic development possibilities for Alaskans; and
• restore the longevity bonus

Since I began work in Juneau two years ago, I’ve been a strong voice for residents of rural Alaska—and I always bring home the bacon. Please vote for me so I can keep representing your interests in Juneau.

OTHER:
Born and raised in the Yukon Flats, Woodie Salmon is a Gwich’in Athabaskan who has served his community as a pilot, mayor, and village chief. Raised in Chalkyitsik, he graduated from high Lathrop High School in Fairbanks. Woodie worked on the North Slope, where he taught himself to fly, and has been a small business owner and commercial pilot for over twenty years. He currently serves as Chair of the Interior Regional Housing Authority Board.

As legislator, Woodie represents the largest House district in the United States, one that reaches from downriver Kuskokwim villages to the Canadian border. He represents his constituents on the Education, Transportation, Fisheries, and Community and Regional Affairs Committees. In his two years in Juneau, he’s brought over $170 million in capital projects to towns and villages across his district, and has sponsored a bill to create a Yukon ferry system.

STATEMENT:
My primary goal is to hold hearings and work for
legislation eliminating weighted voting, vote dilution, and
minority rule in Alaska. Alaskans have been denied
essential rights of equality and self determination. The State
of Alaska has not enforced one-person-one-vote. The
Voting Rights Act of 1965 has been used as a smoke
screen for weighted voting and vote dilution in violation of
Alaska Law. Alaska is under the jurisdiction of the Voting
Rights Act because of discriminatory practices against
minority voters, including literacy tests. The state has
misrepresented clearance by the Federal Department of
Justice under the VRA as providing clearance for weighted
voting, but the act only guarantees representation of
minority residents. Under the guise of “maximum local self
government” (Article 10 of the Alaska Constitution) the
State of Alaska has allowed local governments to rule
without regard for the democratic process or the rule of
law. Power should flow upward from the people, but
authoritarians have derailed the will of the people at the
local level.

I will work for full funding for education, fair compensation
for our natural resources, including oil and gas, wildlife and
habitat protection essential to subsistence, fishing and
tourism, health care for ALL Alaskans, and renewable
energy development. We must consider all gasline options
and not rubber stamp the only proposal from the
Governor and the oil companies.

I will also push for a constitutional convention to reduce
the power of the governor and restore open, honest
government.

STATEMENT:
I have been honored to serve District D Alaskans for the last four years in the Senate. During that time, my staff and I have worked hard to be a positive force in the legislature. Your future and that of your children and grandchildren has been paramount in our efforts.

These past four years, I approached the job from a common sense, solid business perspective. As a result, we have been able to accomplish many of our goals. For example, we were able to:

- significantly increase education funding;
- greatly increase University funding;
- keep the State Virology Laboratory in Fairbanks with a brand new building soon beginning construction; and
- pass legislation that further protects your permanent fund.

The next four years are filled with great promise and with significant challenges. Oil production is declining and Alaska must quickly make the transition from an oil economy to a natural gas economy. As Chairman of the Senate Special Committee on Natural Gas Development, I am in a pivotal position to help make a natural gas pipeline a reality. An unbiased, business approach can assure a project that returns the maximum benefit for Alaskans and puts a maximum number of Alaskans to work.

I value the trust you have placed in me and remain steadfast in my commitment to the men, women and children of Senate District D.

STATEMENT:
Creating good, high paying jobs for Alaskans and building opportunities for families; people talk about it, but I’ve done it. For over thirty years it has been my work and my passion as a union laborer and leader. I want to bring my energy, experience and expertise to our State Capitol to serve you and help grow our economy.

I was born in Fairbanks more than fifty years ago. I grew up seeing Alaska’s promise; one of opportunity, cooperation and a can-do spirit. I rolled up my sleeves to build our community—from the pipeline to Fairbanks’ schools. Those efforts grew our town and strengthened our economy. Working together, we can continue to wisely invest in our future.

I believe the future for Fairbanks and Alaska is bright. With the right type of leadership, we will build a gas pipeline that will benefit Alaska families for decades to come.

My priorities are:

Economic Development—A gas line is critical to our economy and we need one that maximizes Alaska jobs and State revenue. Cheap energy can help our local economies as well—making small business ventures more profitable and lowering our cost of living.

Education—When I served on the University of Alaska Board of Regents, I worked to develop a qualified work force for Alaskan jobs. I support an endowment so Alaska’s children have great teachers and safe places to learn—from kindergarten through college.

Budget—Budget discipline and long term planning are essential to keeping our economy growing.

STATEMENT:
Cherie and I grew up, graduated University and raised our family in Fairbanks. I've trucked your fuel, helped keep your lights on as CEO of GVEA and most recently carried passengers, mail and freight to the Bush as a pilot for Tanana Air Service. Community involvement is my way of life. Faith and family are important in my life: they center me and teach me to listen.

I am conservative and a passionate believer in the bright future of Alaska. I am wary of government, while understanding the greatness of our system. I believe in striving for accountability, honesty and efficiency in government. Alaska is brimming with potential, yet our youth must often seek life's work and happiness elsewhere. At the time of statehood our leaders recognized that we Alaskans were few in this vast land. They understood the cost of government and infrastructure could not be borne on so few backs. Development of Alaska's resources would be key to our prosperity. That was true at statehood - it is true today. To tame our spending habit we need a sustainable long-term fiscal policy that includes a constitutional spending limit.

I believe access, multiple use and helping the other guy IS at the heart of the Alaskan way. Effective game management is hard science, not politics; and it moves toward plenty, away from scarcity. It has been an honor and privilege serving you during the 24th Legislature and I'm ready to go another round if you'd like.

non-profits every year. It is an example of what volunteers
working together can do to improve our community.

STATEMENT:
I’ve been working for wages since I was sixteen and a
Union member much of that time. I’ve lived, worked and
visited throughout Alaska. I have been a miner, utility
operator, commercial fisherman, small business owner and
unemployed. I have experienced the problems that our
wage earners and rural poor face. State government does
not create all of those problems, but it contributes to
some. State government cannot solve all of those
problems, but it can help with some.

I am a candidate for office because I believe that Alaska
will benefit when the common people are represented in
the Legislature. We have an abundance of natural
resources that must be developed responsibly for the
benefit of Alaskans. The State government is currently
debating how to develop some of those resources and the
wage earners are not well represented in the debate.

We must move beyond our resource extraction economy
to provide a bright future for Alaska. Our educational
system is the tool that will create that future and prepare
Alaskans to benefit from it. The common people have not
been adequately represented in debates over the future of
our educational system. The result has been decisions that
benefit a narrow range of Alaskans and can cripple our
educational system. I want to represent the interests of the
common people of Alaska. “Together We Can” create a
bright future.

SPECIAL INTERESTS:

OTHER:
In 1989 I helped clean up the Valdez Oil Spill and saw firsthand the damage done by lack of industry oversight. I worked in the Alaska tourism industry, 1992-1999, and escorted thousands of visitors across the state from Prudhoe Bay to Skagway. While attending an International Law class at UAF in 1997, I decided to get my law degree, and later returned to practice in Fairbanks.

STATEMENT:
My fellow Alaskans,
What an exciting time to be an Alaskan---the future abounds with great opportunities!

Within District 8, stretching from West Fairbanks to Cantwell, we have a world renowned university, complete with cutting-edge research facilities, superb K-12 educational and extra-curricular opportunities for our children, an international airport, a National Park, access by road and the Alaska Railroad, a military base at Clear, a massive coal mine in Healy, and an abundance of resources and sights which attract many visitors and investors.

Certainly, our state faces serious future challenges. A gasline contract is vital. Fiscal discipline is necessary. From oil and gas taxes to subsistence, we need to be certain we set proper structures in place the first time, while being efficient and speedy enough to prevent opportunities from passing us by.

Education will require additional funding. We need the best Public employees---those jobs should attract and keep our most talented and experienced!

Unique ideas and fresh perspectives are needed in Juneau. Having lawmakers actually trained in the law is a smart first step. Having lawmakers who are accessible and open to listening to your ideas and addressing each one is even more important.

Although there are no simple solutions, my solid training in the law, my experience working and living in Interior Alaska, along with my education, experience, and problem-solving abilities will bring a new level of competency and honesty to Juneau. With your vote this November, I will work diligently and conscientiously toward securing Alaska’s future!

STATEMENT: The strength of Alaska lies in its people. We must develop our resources for the maximum benefit of all who call Alaska home. We must forge a strong economy that provides good jobs, quality education, and services the people need and deserve. Adoption of a long range fiscal plan is crucial for a stable future: a plan that represents the broad spectrum of interests in our community and protects the Permanent Fund dividend.

Education: I will continue to work to increase school funding in order to provide our children with the highest quality education. Our children are our greatest resource; we must give them the tools to succeed.

The University: I support funding the University above the Regents’ requested level. We must dream big and we need to sustain programs and promote new initiatives that attract students and faculty to keep Alaska moving forward.

Natural Resources: We must develop our resources using sound responsible principles that meet our constitutional obligation for the maximum benefit for Alaska. Building a gas line must provide economic opportunities for all Alaskans. I am very strong on “local hire.”

Alaska’s Families: Families are healthy and strong when they have good jobs with health benefits. I am pro-choice.

"The moral test of government is how it treats those who are in the dawn of life, the children; those who are in the twilight of life, the aged; and those who are in the shadow of life, the sick, the needy and the handicapped." Hubert Humphrey

STATEMENT:
As a life-long Alaskan, I was privileged to grow up in Fairbanks on our family homestead. With our work ethic and the help of wonderful neighbors, today, Marcia and I have a good business and a great family. During my two terms as your District 9 Representative, I’ve tried to assist in the growth of Fairbanks by keeping alive the pioneering spirit of our forefathers and by doing all that I can to protect our economic freedoms and personal liberties.

As a member of the House Finance Committee, it has been my goal to be careful with your money. In our good times, we have tried to catch up with huge unfunded maintenance needs of Alaskan infrastructure. During my terms, I have worked for increased funding for education, deferred maintenance of facilities and construction of new needed facilities. I’ve supported restraint and believe in showing compassion for those who cannot help themselves by offering a hand up, instead of a hand out.

Today we have huge challenges ahead of us. I believe your legislature must remain prudent, practical, and visionary.

My faith, my family, and my hope for a continued great Alaska, guides my efforts. I believe Fairbanks needs strong, principled, thoughtful and capable leaders, now more than ever. We must balance our needs with our wants and we must look forward, remembering and learning from our past mistakes.

Thank you for allowing me to serve you. Your vote and continued support will be greatly appreciated.

STATEMENT:
I am optimistic about Alaska’s future. We have a state with immense wealth and potential. We have bountiful natural resources, a promising gas pipeline project, a first-class University and K-12 system, a $34-billion Permanent Fund and some of the finest people to complete our Golden Heart community.

Now we need the kind of leadership that will dream big, act boldly and get the job done for Fairbanks while in the State House.

First, I will work hard to build a gas pipeline and develop our natural resources on Alaska’s terms. Any natural gas pipeline must be built by Alaska labor, routed through Fairbanks and allow for us to cut our energy costs. A pipeline done the right way can produce a new industry for Fairbanks.

Second, I will protect the PERMANENT Fund Dividend for our future families. The dividend infuses millions of dollars into the state economy and creates hundreds of jobs. Taking this source of income away from the people is irresponsible and destructive to our future.

Third, I will make Fairbanks a priority. The politicians in Juneau cut the longevity bonus to seniors, cut municipal revenue sharing that kept property taxes low and gutted KUAC and public broadcasting. Then they passed the largest state budget in history.

As a Councilman for six years, I worked hard to make Fairbanks a great place to live, work and play. As your representative, I will represent the people of Fairbanks First with the honor and integrity you deserve.

**STATEMENT:**  
After finishing college, I spent most of my adult life in the private sector at Jaybird’s Wingworld, Food Factory, Pike’s Landing and Pike’s Waterfront Lodge serving the public. Along the way I discovered a love for doing socially positive, charitable good works. Being a good corporate citizen is an obligation of every business owner in Alaska. Having served in the Legislature for a term now, I find that it is a platform that allows a member of the community to do good things that makes our community of Fairbanks a better place to live. The greatest issue facing us now is how to cope with the ever-increasing cost of government and providing our citizens with a bright, clearly articulated pathway to a greater quality of life. As the federal government recedes in its support for Medicare and Medicaid, greater pressure will be exerted on our annual budgets. This will be exacerbated by the burdensome public retirement obligation of PERS/TRS, which is still spiraling out of control. How do we plot our way out of this maze of pressure? We do it with development of our greatest natural resource: hydrocarbons. We have enormous amounts of oil, heavy oil and natural gas which must find their way to global and North American markets. Government is best when it helps to set the table and gets out of the way. I pledge to continue making government more approachable for ordinary folks and less burdensome for business. Alaska is a great place to live.

STATEMENT:

All-Alaska Natural Gas Pipeline: Voters in the North Slope Borough, Fairbanks North Star Borough and the City of Valdez voted overwhelmingly (80%) in support of the Alaska Gas-line Port Authority in 1999. Alaskan voters supported formation of Alaska Natural Gas Development Authority in 2002 by 62.3%. Any gas-line that fails to guarantee jobs and resource availability for local use, denying Alaskans a clean less expensive source of energy for heating and industry is unacceptable!

Long Term Fiscal Plan: Long overdue. Failure to plan is planning to fail. Nowhere is this more apparent than this past sessions’ record breaking spending spree.

Municipal Revenue Sharing: By eliminating local revenue sharing it has driven up local governments’ costs. The money hasn’t been removed from the states budget, just spent differently. Unfunded mandates for property tax relief was exacerbated this past session with the approval of a tax moratorium for special interests with no fiscal understanding of local impacts.

Retirement Indebtedness: SB 141 has many unresolved issues to be clarified to fix the fix. This legislation does nothing to eliminate the indebtedness. By removing the revenue stream going into the programs, the problem has been exacerbated. Under-funding of the programs and reliance on investment income to meet projected target balances is the greater part of the problem. A more serious problem created is recruitment and retention of educators and other professionals necessary to meet the required standards for today’s youth in public schools and engineers to maintain our transportation infrastructure throughout Alaska.
STATEMENT:

Alaska is transitioning through an important point in its development and the decisions made by the next Legislature will be critical to our long-term well being. The challenges of the next four years will require leadership, honesty and a willingness to do what is right, not what is politically expedient.

For the past two years I have been tasked with equipping the Legislature with the tools to evaluate a gas pipeline proposal. To facilitate this review, I have contracted with independent consultants who have specific knowledge on oil and gas operations in Alaska and around the world. These consultants have been critical of the Governor's proposal and I have come under increasing pressure to ignore their advice and just vote "yes". I have resisted this pressure and will continue to make sure the Legislature has independent, unbiased advice. While we all want a gasline, it must be a fair deal for Alaskans now and in the future.

I have also worked on other matters of importance to the residents of Senate District F. The following is a partial list of legislation I sponsored or co-sponsored and worked through to become law:

State Rights
- Extend the Navigable Waters Commission
- Asserting state title to submerged land

2nd Amendment Rights
- Use of force to protect self, home and property

Family Protection
- Ban online distribution of pornography
- Ban online enticement of minors
- Increased penalties for indecent exposure to minors

Identity Theft
- Protect the confidentiality of personal information on absentee ballots

House District 11
John B. Coghill Jr., Republican

SPECIAL INTERESTS:
Family (grandchildren), carpentry and building, Bible and history.

STATEMENT:
The privilege of serving House District 11 these last two years has been both tough and productive.

Getting our natural gas to market is the issue of the day and I want to get our gasoline built. So let’s make sure that our state is protected economically and constitutionally. I am not a fan of our state joint venturing with the major oil companies. I prefer the state role as regulator and resource manager rather than business owner and operator.

Limited government, maximum individual liberty, traditional family values, godly heritage, the rule of law, and our Constitutional Republic all based in the Declaration of Independence are my core beliefs.

I am pro-life. Choices are before conception – after this we are responsible to our Creator as parents.

Education is primarily the family’s responsibility: Our Constitution calls for public education so let us do well in both areas.

With a vision for a strong diversified economy and a sound form of government I will apply myself with all my convictions as your representative.

At this time in my life I would like to show my appreciation by serving in the state government. Alaska needs to change from a government of bickering and secret meetings to one of common purpose and openness, serving all Alaskans. I am skilled in building unity within diversity and will seek to find ways to represent my North Pole and Fairbanks neighbors while working with other Alaskans. I will strive toward making our state government an example of liberty and responsiveness to all, as well as a place where individuals will find opportunities to remain in Alaska. This is an exciting time for our state. Decisions made now will likely affect many generations. By listening and working together we can make a significant impact on the future. This is our chance to make a real difference for our children and grandchildren. Let’s Do It Right!

I am honored to once again have the opportunity and privilege to serve my district and all the people of the great state of Alaska in the state legislature. As a fourth generation Alaskan, I feel a responsibility to address and solve the issues facing this state. The legislature must address the critical social and economic issues facing this state soon. I pledge to work in a bi-partisan effort toward that goal for the benefit of all Alaskans. A stable economy means good jobs with good wages and benefits. A stable economy means good quality schools with well-paid teachers and a disciplined system of achievement. Alaska will always be a natural resource state and the legislature must assure development of its oil and gas, timber, mining, agriculture, and other resources in an environmentally sound and responsible way. STATEMENT:
When my grandparents came to Alaska in the early 1940s it was a place where dreams could come true. Their dreams did come true, but what about our grandchildren? Is Alaska still a place where their dreams can come true? It should be, and we can work together to make sure it remains a land of opportunity.

We need to respect our senior citizens and restore the longevity program. We need to take care of our children, our greatest resource, by responsibly funding our schools. We need to honor our veterans by ensuring they get the health benefits due them. We need to remember that all of us deserve to retire with dignity. We need to provide local tax relief and share state revenue with local governments.

Make no mistake, addressing these issues will cost money and so we need to design a balanced budget.

I see two obvious ways to increase our available cash. First, our current oil taxes need to be adjusted so that we, the owners of the oil, get our fair share. A properly designed production tax could increase our income significantly. Two, we need to develop our gas reserves. An Alaska gas-line could provide jobs, energy, and maximize revenue to the state.

I want to insure that Alaska—the Great Land—is a land of opportunity for my grandchildren, and yours.

Together, we can do this.

Vote!
November 7
The initiative, referendum and recall procedures appear in Article XI of the Alaska Constitution, Alaska Election Law under AS 15.45.010 - 15.45.720 and the Alaska Administrative Code under 6 AAC 25.240 and 245. The following information summarizes the statutes and regulations.

The initiative process is the procedure by which the people instead of the legislature introduce and enact a law. A specified number of voters propose the law they wish to be placed on a ballot to have it voted up or down by their fellow Alaskans. [Ref. AS 15.45.010-245]

The referendum process is the procedure by which the people approve or reject a law already passed by the legislature. The referendum petition must be filed within 90 days after the adjournment of the legislative session at which the law was passed, in order for it to appear on a ballot to be voted on. [Ref. AS 15.45.250-465]

The recall process is the procedure by which the people may remove the governor, lieutenant governor, or members of the state legislature from office. The recall question appears on a special election ballot. [Ref. AS 15.45.470-720]

**STEPS IN THE PROCESS**

The three petition processes follow the same basic steps:

- PREPARATION OF LANGUAGE by a petition committee for the application.
- COLLECTION OF SIGNATURES of 100 qualified voters who agree to act as sponsors for petition circulation purposes.
- APPLICATION for a petition presented to the Lt. Governor, or in the case of a recall, the Director of the Division of Elections.
- REVIEW by the Lt. Governor, Department of Law and Division of Elections.
- PETITION BOOKLETS PRINTED by the Division of Elections for the petition committee.
- COLLECTION OF SIGNATURES of qualified voters in at least 30 election districts who support the petition.
- FILING OF THE PETITION with the Division of Elections.
- REVIEW of signatures by the Division of Elections.
- NOTIFICATION by the Lt. Governor if the petition is or is not sufficient (i.e., there were enough signatures) to appear on the ballot or in the case of a recall, the Director of the Division of Elections.
- PREPARATION of ballot language.

BALLOT MEASURE NO. 1
90-Day Session Limit For Legislature
05LEGS

This initiative would reduce the maximum length of a regular legislative session from 121 days to 90 days.

Should this initiative become law?
☐ YES
☐ NO

BALLOT MEASURE NO. 2
Natural Gas Resources Tax and Production Credit
05GAS2

This initiative would levy a new state tax on certain oil and gas leases covering large deposits of natural gas. The tax rate would be three cents a year per thousand cubic feet of recoverable gas in the ground. Leaseholders who dispute the levy of the tax or the amount owed will have to deposit the disputed amount into an escrow account until the dispute is resolved. A leaseholder subject to the new tax could avoid paying the tax by giving up rights under oil and gas leases by December 31, 2006.

When a major gas pipeline system is built and gas is transported, the resource tax will be repealed. After the repeal, the initiative provides for tax credits for some of these taxes previously paid, which could be used to reduce future production taxes owed by leaseholders on their gas.

LEGISLATIVE AFFAIRS AGENCY SUMMARY

This measure limits the length of a regular session of the legislature. The session may last only ninety days. The limit will not apply to the next regular session. It will apply to other sessions in the future.

STATEMENT OF COSTS AND REVENUES FOR BALLOT MEASURE 1 - INITIATIVE 05LEGS - Prepared by the Legislative Affairs Agency

As required by AS 15.58.020 (6) (c) the Legislative Affairs Agency has prepared the following statement of costs and cost savings to the Legislative Affairs Agency of implementing the law proposed in Ballot Initiative 05LEGS.

The initiative would limit regular sessions of the Legislature to 90 days, including the day the legislature first convenes in that regular session. The 90 day limit would take effect beginning with the second regular session of the 25th Alaska Legislature in January 2008.

The Legislative Affairs Agency would realize a cost savings of $700,000 per year due to shortening the existing 121 day session to 90 days. However, shortening the regular session to 90 days may or may not result in more frequent special sessions so that legislators can work on single subject legislation, or work on legislation that did not make it through the process during the regular session. If more special sessions were held, the $700,000 cost savings realized by shortening the session, would be offset by the costs of holding more frequent special sessions.

FULL TEXT OF THE PROPOSED LAW

An Act relating to a 90-day regular session of the legislature; and providing for an effective date.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF ALASKA:

*Section 1. AS 24.05.150 is amended by adding a new subsection to read:

The text of this bill is presented as submitted by petition sponsors.

(b) The legislature shall adjourn from a regular session within 90 consecutive calendar days, including the day the legislature first convenes in that regular session.

*Sec. 2 This act takes effect on the first day of the second regular session of the 25th Alaska Legislature.

STATEMENT IN SUPPORT

Why limit the Alaska legislative session to a 90 day duration?

This is the most asked question we get when discussing our voter initiative.

The advantages are many and too numerous to list in the limited space made available in this election pamphlet, but here are some of the major advantages to a 90 day session.

First, we save 30 days of per diem and expenses of operation of the legislature - paper, copy costs, transportation, etc.

Secondly, twenty-seven other states in the U.S. have a shorter session than Alaska (remember this figure when people tell you we would not have adequate time to do our work).

Third, since 1990, legislation has been introduced twenty-four times and none of the bills have gotten to the floor of either body for action.

All voters should understand that a 90 day session limit would in no way restrict the legislature from calling itself into special session to meet specific needs of the state. The Governor also has the ability to call the legislature into special session, as he has done the last two years.

Finally, we would like to quote a very compelling piece from the Juneau Empire, which stated the following:

"Reducing the time away from family and other work also might encourage people to run for office. Competition and choice only helps the democratic process and ultimately might boost the caliber of candidates"

STATEMENT IN OPPOSITION

If you like power-wielding committee chairs, special interests, and high-paid lobbyists, you’re going to love Ballot Measure 1. This proposed change to Alaska’s statutes would play right into their hands.

On the other hand if you like your Legislature truly representative and dedicated to listening to the people of Alaska on issues that affect their lives, rights, resources, and revenues then Ballot Measure 1 deserves a “NO” vote on your ballot November 7.

Here’s why:

Most Alaskans want meaningful, beneficial bills to be respectfully considered during the course of the regular sessions of each Legislature. They want appropriate committees in each house to have time to schedule hearings so that members can study legislation, hear Alaskan citizen testimony and experts, then intelligently vote their recommendations and send the bills on to the next committee of referral, if any. Some important, many-faceted bills may require consideration and recommendations from as many as three committees. A natural resources measure, for instance, may require referrals to Resources, Judiciary, and Finance.

Here’s where the special interests and power brokers come in. If a bill is filed that is not to their liking there are two ways they can kill it.

First is the honorable way, by participating in honest, forthright testimony in committees, and by presenting their views to members of each house before a vote on each house floor. Of course, for an outcome to their liking they will need to round up enough negative votes (20 “nays” in the House, 10 in the Senate) to cause the bill to fail passage.

The other, easier way for the well-heeled, well-connected lobbyist or interest group is to find a friendly, sympathetic committee chair who will either outright refuse to bring up a bill for committee consideration and advancement or kill it with kindness by scheduling multiple strung-out hearings or by holding it for “more study.”

What does this have to do with session limits? Obviously, the shorter the allowable session, the easier it is to stall a good bill’s progress until the legislative session clock runs out. Hence the enthusiasm for Ballot Measure 1 among special interests and legislator power brokers.

Remember this: the more you limit the legislature’s time to do its legitimate business, the more you limit the opportunity of Alaskans to hear the facts and share their expertise.

And by the way, session-limiting statutes don’t even work. Ever since the current 120-day session went into effect in 1985 every single Legislature has had to be called back into special session one, two, or even three more times!

This is expensive and wasteful. The people of Alaska deserve better.

Please vote “NO” on Ballot Measure 1!

Ballot Measure 2 - 05GAS2  
Natural Gas Resources Tax and Production Credit

BALLOT LANGUAGE

This initiative would levy a new state tax on certain oil and gas leases overlying large deposits of natural gas. The tax rate would be three cents a year per thousand cubic feet of taxable gas in the ground. Leaseholders who dispute the levy of the tax or the amount owed will have to deposit the disputed amount into an escrow account until the dispute is resolved. A leaseholder subject to the new tax could avoid paying the tax by giving up rights under oil and gas leases by December 31, 2006.

When a major gas pipeline system is built and gas is transported, the resource tax will be repealed. After the repeal, the initiative provides for tax credits for some of these taxes previously paid, which could be used to reduce future production taxes owed by leaseholders on their gas.

SHOULD THIS INITIATIVE BECOME LAW?

☐ Yes  ☐ No

LEGISLATIVE AFFAIRS AGENCY SUMMARY

This initiative levies a tax on certain natural gas resources under state lease. The tax rate is three cents per 1,000 cubic feet. The initiative gives a partial tax credit if the taxable gas is committed by contract for sale and delivery as the measure directs. Once gas is delivered, the tax is repealed. If challenged, the measure has an escrow provision for the tax revenue obtained. The measure says that the proceeds of the tax may be used to build a state owned gas pipeline or for another legal purpose.

STATEMENT OF COSTS AND REVENUES FOR BALLOT MEASURE 2 - INITIATIVE 05GAS2 - Prepared by the Alaska Departments of Revenue and Natural Resources

DEPARTMENT OF REVENUE COSTS

The costs of administering this tax are difficult to estimate. In the absence of disputes by taxpayers, it could be a relatively simple tax to administer. For the Department of Revenue (DOR), administration may require about 25 percent of one tax technician’s time per year and some time from the State Petroleum Property Assessor. The measure specifies that the Department of Revenue will determine the volume of taxable gas after consultation with the Department of Natural Resources and the Alaska Oil and Gas Conservation Commission. Having three agencies involved in the determination of gas reserve estimates may complicate the already uncertain science of reserve estimation and therefore result in additional costs.

The measure specifies that no taxes will be levied on reserves of less than one trillion cubic feet. Depending on how certain language in the measure is interpreted, there may be at least two gas fields where reserves are estimated to be very close to one trillion cubic feet, which could trigger an expensive conflict about whether taxes of about $30 million per year would be owed for each field.

At a minimum, the DOR State Petroleum Property Assessor would need $100,000 per year for contract expertise and administrative review for the purpose of determining taxable gas volumes. A tax technician at $14,000 per year (25 percent of annual cost) would also be required, for a total annual cost of $114,000. Expenses in the first year of implementation are estimated to be $50,000 for DOR personnel, and $85,000 for support from the Department of Law in the development and establishment of regulations necessary to administer the tax.

Once the gas is being marketed, there will be additional costs incurred by DOR for the purpose of determining the amount of credit to be applied to production tax liabilities. It is highly unlikely that these costs will be incurred prior to FY2014; therefore, we are not attempting to estimate these costs at this time.

DEPARTMENT OF REVENUE REVENUES

This initiative would establish a new tax to be levied on Alaska’s known gas resources as defined in, and subject to the exemptions of, the measure. Definitive estimates of gas resources have yet to be determined; however, according to the Department of Natural Resources, Division of Oil and Gas 2006 Annual Report, about 35.4 trillion cubic feet (TCF) of natural gas could be subject to the tax under the proposal. The tax would be repealed when the gas on which the tax is levied is first transported to market through a major gas pipeline system.
Assuming that 35.4 trillion cubic feet are subject to the tax, a $.03 tax on each 1,000 cubic feet of natural gas would yield revenues of approximately $1.1 billion per year until the gas is transported to market under conditions specified in the bill. When a major gas pipeline system is complete and the gas is marketed, lessees will be allowed to claim a credit for certain of the taxes paid under this legislation. The credit is subject to the following limitations: (1) In any year, the credit is limited to half of the lessee’s production taxes on gas carried in the major pipeline system; (2) Taxes paid pursuant to this measure before the lessee made an irrevocable commitment to either ship or sell the gas do not qualify for the credit; and (3) Any credit not used by 2030 expires.

DEPARTMENT OF NATURAL RESOURCES COSTS

Assuming that the Department of Natural Resources (DNR) will do the majority of the work required under this initiative to determine the volume of taxable gas reserves, DNR estimates that three additional positions (Petroleum Geologist, Petroleum Engineer, and Commercial Analyst) would be needed to perform the necessary work on an annual basis with sufficient accuracy for tax purposes. These three positions would require an additional $519,000 annual appropriation to DNR.

(Note: In the event of prolonged appeals or litigation of this initiative, the State Departments of Revenue, Natural Resources, and Law, and the Alaska Oil and Gas Conservation Commission could incur substantial additional costs in responding to the appeals or litigation. These costs cannot be determined at this time.)

FULL TEXT OF THE PROPOSED LAW

AN ACT ENTITLED

“An Act levying a tax on certain leases having known resources of natural gas, conditionally repealing the levy of that tax, and authorizing a credit for payments of that tax against amounts due under the oil and gas properties production (severance) tax if requirements relating to the sale or shipment of the natural gas are met; and providing for an effective date.”

The lessee shall submit the return on or before February 1 on the form prescribed by the department based on volumes of taxable gas existing on January 1 of each calendar year, except as otherwise provided in this chapter.

(b) With the written approval of the department, an operator of a lease holding an interest in property taxable under this chapter may submit returns or make payment of the tax levied under this chapter on behalf of the lessee.

(c) The tax levied under this chapter is payable to the department on or before June 30 of each year or in installments at the times and under the conditions that the department may by regulation require.

(d) If directed or approved by the department, a person submitting returns under this section or making payments as required under this chapter for more than one lease may regard taxable gas attributable to leases within a state-approved unit as if it were a single lease for purposes of submitting those returns or making those payments.

(e) The department may, by written notice, require a person filing a return to submit additional information to the department not later than 30 days after the notice.

Sec. 43.58.250. Regulations. The department shall adopt regulations in accordance with AS 44.62 (Administrative Procedure Act) as appropriate to administer and enforce this chapter. The regulations must include provisions that address

(1) annual preparation of the tax roll of property that includes taxable gas;
(2) provision for notice to operators or lessees of leases having gas subject to tax under this chapter of the volume of taxable gas for each lease or unit;
(3) procedures by which a person aggrieved by an action of the department may appeal that action and obtain a hearing; under the procedures to be adopted,

(A) conduct of the hearing and activities preliminary to it shall be in accordance with AS 44.62.350, 44.62.430, 44.62.450, 44.62.460, 44.62.480, 44.62.500 - 44.62.550, 44.62.590, and 44.62.610 - 44.62.640; for the purposes of this subparagraph, the term “respondent” used in those sections shall be considered to include the person aggrieved by the action of the department;

(B) at the hearing, the appellant bears the burden of proof; and

(C) within 30 days after the decision by the department following the hearing, a person aggrieved by that decision may appeal to the superior court; and

(4) certification of a final taxation roll and the manner of preparation of a supplemental roll using procedures applicable to the preparation of the original tax roll.

(1) “gas” and “natural gas” have the meanings given to “gas” in AS 43.55.900;
(2) “known gas resources” means the volume of gas that geological and engineering information indicates is recoverable in the future under existing technology, without regard to the current lack of a means of its transportation to markets;

(d) A credit may be claimed and allowed under this section

(1) only against the tax due during the month under this chapter calculated on the lessee’s production of natural gas that is transported in the pipeline system that is described in (c) of this section;

(2) against not more than 50 percent of the tax described in (1) of this subsection; and

(3) in an amount that does not exceed the unused portion of the credit based on the taxpayer's total liability for taxes levied and collected under AS 43.58 incurred on and after the date of the taxpayer's execution of the irrevocable agreement of sale or binding transportation agreement described in (c)(1) of this section and before the date that natural gas committed by contract for sale and delivery as commercially marketable gas is first delivered to tidewater for transshipment or to the domestic North American natural gas pipeline system and the delivery is by a pipeline or combination of pipelines having a minimum delivery capacity of 2,000,000,000 cubic feet of gas per day.

*Sec. 5. The uncodified law of the State of Alaska is amended by adding a new section to read:

THE ALL-ALASKA GAS PIPELINE ESCROW PROVISION. In an action or appeal brought on by one or more taxpayers subject to AS 43.58 to challenge the constitutionality of this Act, to challenge the amount of taxes owed, to challenge the applicability of the tax to that taxpayer, or any other challenge to this Act or regulations adopted under this Act, an administrative or regulatory agency or a court shall direct that the amount of taxes levied under AS 43.58 that are the subject of the dispute be placed immediately in escrow in a financial institution approved by the Department of Revenue, with accurate records kept of all amounts paid to the account. (1) the department’s regulations adopted under authority of AS 38.05.020 relating to surrenders of rights in land held under lease; and

(2) the applicable requirements of the lease that relate to surrender of the person’s rights in it.

*Sec. 7. The uncodified law of the State of Alaska is amended by adding a new section to read:

*Sec. 9. Section 5 and 6 of this Act take effect immediately under AS 01.10.070(c).

*Sec. 10. Except as provided in secs. 8 and 9 of this Act, this Act takes effect January 1, 2007.

Ballot Measure 2 - 05GAS2

NATURAL GAS RESOURCES TAX AND PRODUCTION CREDIT

STATEMENT IN SUPPORT

ALASKA GASLINE NOW INITIATIVE

We Alaskans own a resource worth hundreds of billions of dollars -- our natural gas. Yet, for three decades, we have received nothing for it: no jobs, no gas to heat our homes, and no money to fund our schools. Nothing.

The major oil companies say they might develop our gas by 2017. Then again, it may take another 20 years. Under Governor Murkowski’s proposed contract with the oil companies, they have only promised to study it and let us know.

If we wait another two decades for gas to flow, another generation of Alaskans will have been denied access to and the benefits of our own resources.

We need the benefits now. We need stable funding for vital government services that does not depend on corporate decisions made in Houston or London. We need a strong incentive for the oil companies to get the gasline moving now.

We need the Alaska Gasline Now Act. That is why 47,000 Alaskans signed the petition to give us all the right to vote on it.

Here is what the Alaska Gasline Now Act does:

* It treats the oil companies fairly by giving them a tax credit after the pipeline is built. They will get a full rebate if they act quickly to build the gasline. Delay costs money.

We have done this before. In 1975, frustrated by delays in building the oil pipeline, Alaskans needed revenues to fund basic government services. We levied a reserves tax on oil that was repealed after the TAPS line was completed.

We own the gas. We need to act like owners. No one else would lease a valuable asset and let it remain unproductive for 30 years. It is time for Alaska to take a stand for development of our gas and a stand for fiscal stability.

It is time for the Alaska Gasline Now Act. Vote “Yes” for Alaska’s future.

Governor Wally Hickel
Mayor Jim Whitaker
Representative Eric Croft

Note: Governor Jay Hammond was an original cosponsor of the Alaska Gasline Now initiative. We miss his help, advice, and company.

* It creates income from our gas resources now by levying a reserves tax on large deposits of natural gas that have been leased but undeveloped for decades. As a result, the state will receive an estimated $900 million dollars per year for our schools, roads, and other vital government services.

* It encourages construction of the natural gas pipeline by automatically repealing the reserves tax when the gas pipeline is completed. This creates an incentive for the oil companies to build it sooner rather than later.

* It promotes exploration and development for oil and gas by assuring new explorers there will be a gas pipeline in which they can ship their new discoveries to market. Any new gas found is exempt from the reserves tax.
STATEMENT IN OPPOSITION

Ballot Measure 2 discourages oil and gas exploration and development.

Alaska’s oil production continues to decline, and we need new investment in oil and gas exploration and development. But, when explorers find oil, they also find gas. That gas would then be subject to billions of dollars of new taxes, making it less likely that the producers would make the investments necessary to find and produce more oil and gas. Alaska needs new investment, and this ballot measure would have a chilling effect on that investment.

The Gas Reserves Tax puts the Alaska Gas Pipeline in jeopardy and will delay its development.

The Alaska Gas Pipeline would create thousands of jobs and generate new state revenue for roads, schools and other public services. The project is now at a critical crossroads. Alaska can choose to move forward with the project, or not. Ballot Measure 2 will jeopardize the gas pipeline, placing billions of dollars of new taxes on the project, while also discouraging oil exploration. Voting yes on this initiative puts Alaska’s future at risk.

Ballot Measure 2 would mean fewer jobs, less state revenue, and less money in the Permanent Fund.

Alaska needs the gas pipeline, with its thousands of jobs and billions in state revenue. Without the development of the Alaska Gas Pipeline, North Slope oil production will continue to decline, resulting in fewer jobs, less state revenue for roads and schools, and less money deposited into the Permanent Fund. This ballot measure could stop development of the gas pipeline and discourage new investment in Alaska.

The Gas Reserves Tax sends the wrong message to Alaska investors and employers.

No other jurisdiction in the world imposes such a tax, because it is simply bad public policy. The reserves tax punishes explorers and gas leaseholders and creates disincentives for future investment. Passage of the reserves tax would indicate to investors across industries that Alaska is not open for business and that our policy of stable taxation is eroding.
Judicial Retention Candidates

Vote!
November 7
Alaskans choose their judges through a merit selection system and vote every few years on whether to keep them on the bench. The system assures that judges remain non-partisan and accountable to the public. The constitution requires that the Alaska Judicial Council nominate only the best-qualified people to the Governor for appointment to judgeships, and the state laws require that the Judicial Council evaluate each judge standing for retention elections. State law also requires that the Judicial Council publish its evaluations in the Voters' Pamphlet. The evaluations of judges standing in the November 2006 election appear on the following pages. Each judge also may pay for a page of biographical information that he or she prepares.

Judicial Evaluation Procedures

The Alaska Judicial Council, a non-partisan citizens commission established by the Alaska constitution, evaluates judges on a number of criteria, including their legal ability, demeanor, their diligence, their ability to manage their caseloads, and their fairness and integrity. The Council evaluates judges with the help of thousands of Alaska citizens – police and probation officers, attorneys, jurors, court employees, social workers and others who appear in court before the judges. In 2006, the Council surveyed these groups, asked for written and oral comments from the public throughout the state, and reviewed records about judges' workloads, conflicts of interest, and other aspects of performance.

Summary of Alaska Judicial Council Recommendations - In 2006 the Judicial Council evaluated thirty-one trial court judges. The Judicial Council found that thirty judges were QUALIFIED and recommends that voters retain them as judges. The Council found that Judge David Landry was UNQUALIFIED and recommends that voters not retain him as a judge.

Surveys - The Judicial Council surveyed all active members of the Alaska Bar Association, and all peace and probation officers in the state. In 2006, the Council sent surveys to 3,036 attorneys and 1,492 peace and probation officers. An independent contractor handled the surveys for the Judicial Council, to assure objectivity in the findings. Questions on the surveys asked about judges’ legal abilities, fairness, integrity, temperament, diligence and overall performance. Similar surveys went to social workers and citizens who participated in helping Alaska’s children in court as guardians ad litem and Court Appointed Special Advocate (CASA) volunteers. The Council asked jurors who had served on cases with the judges to comment on the judges’ abilities to handle the trials fairly and capably. Court employees also received surveys to rate the judges.

Judge and Counsel Questionnaires – Each judge standing for retention returned a self-evaluation questionnaire to the Judicial Council. The questionnaire included lists of recent cases that the judge believed were important for evaluation, with an emphasis on jury and non-jury trials. The Council asked each attorney in each case to fill out an additional survey about the judge’s performance in that particular case, including detailed comments about the judge’s abilities.

Other Records - Council staff reviewed a series of other public records, including conflict-of-interest annual statements filed with the Alaska Public Offices Commission and separate forms filed with the court system; court case files; Commission on Judicial Conduct public files; and a report on any withheld salary warrants. The Council also reviewed performance-related court data, such as the number of peremptory challenges filed against a judge and the number of reversals on appeal. The Council looked at performance-related data carefully, because a judge’s caseload type or location may play a major part in the numbers of challenges or appeals and reversals. For example, an Anchorage judge assigned 800 civil cases in one year may receive more challenges (and possibly more appellate reversals) than a rural area judge assigned a mixed caseload of 500 civil and criminal cases. The Alaska Judicial Observers, an independent group of community-based volunteer court observers, provided information to the Council about the retention judges in Anchorage, Kenai and Palmer who they had evaluated.

Public Hearings and Comment - The Council held statewide public hearings for all judges standing for retention, using the legislature's teleconference network and public meeting rooms. Statewide newspaper ads encouraged public participation. Public hearings give citizens a valuable opportunity to speak out about their experiences with judges. They also provide a forum in which citizens can hear the opinions of others.
Investigation - Council staff investigated specific cases, listened to court proceedings, and interviewed judges, attorneys, court staff, and others.

Other Publicity and Input - The Council widely publicized the evaluation process. The Council solicited comments about judges on its website. The Council balanced all the information it received from its many sources.

Results of Evaluations

Evaluation information for each retention judge appears on the following pages. Summaries of the attorney, peace and probation officer, juror, social worker and court employee survey scores are provided. The Alaska Judicial Observers evaluation, where available, also is summarized. Summaries of survey results are shown in tables. Survey ratings are on a five-point scale with "5" as the highest score, "1" as the least favorable score, and "3" as acceptable. The Council's Internet web pages contain survey results and performance information about each judge on the ballot this fall. (http://www.ajc.state.ak.us)

Judicial Council Members

Alaska's constitution establishes the membership of the Judicial Council as three non-attorney members appointed by the Governor, three attorney members appointed by the Board of Governors of the Alaska Bar Association, and the Chief Justice of the Supreme Court of Alaska who serves, ex officio, as chair. (The Chief Justice only votes when his or her vote can affect an outcome.) The Constitution provides that all appointments be made with “due consideration to area representation and without regard to political affiliation.” A majority of both houses of the Legislature must confirm the non-attorney appointments, while the Board of Governors of the Alaska Bar Association appoints the attorney members after conducting advisory elections among Bar members within local judicial districts. Members serve six-year staggered terms. They receive no financial compensation for their work other than reimbursement for travel expenses.

Alex Bryner was chair of the Judicial Council when the Council conducted its evaluation and made its retention recommendations, by virtue of his position as Chief Justice of the Alaska Supreme Court. J ustice Bryner was appointed to the supreme court in 1997. Before his appointment, he had served as Chief J ustice of the Court of Appeals, U.S. Attorney, and an Anchorage District Court judge. Before her appointment she served as a superior court judge. (Term: 2006 - 2009)

Eleanor Andrews is a non-attorney member of the Council from Anchorage. She has served as commissioner of the Department of Administration under Governor Sheffield, and employee relations director for the Municipality of Anchorage. Since 1987 she has been owner and CEO of Andrews Group in Anchorage. (Term: 2001 - 2007)

Douglas Baily is an attorney member from J uneau. He served as Attorney General for Governor Cowper, is in private practice in J uneau and has practiced law in Alaska for nearly 40 years. (Term: 2004 - 2010)

Superior Court Judge
Richard H. Erlich, Second Judicial District

STATEMENT:

For the past fifteen years, I have had the privilege and honor of serving as your Superior Court Judge. You must now decide whether you want to keep me in that position.

Over these years, there has been tremendous change in the laws. There have also been great changes in our communities. All of this has affected our lives and our families. The court is involved in all aspects of our lives. Examples of court involvement in our lives not only includes criminal cases, but also domestic violence petitions, minor consuming alcohol, guardianships, divorces, debt collection, child abuse and neglect as well as delinquency. Over the years, there has been a big increase in all these types of cases. We are now learning that because of those convictions, there are jobs we can't get and we can't be foster parents for our extended family.

Although many problems are brought to the court, the reality is that courts may not be the best place to solve the problem. But that means that people have to create other ways of solving their problems. The Court sponsored conferences with Maniilaq Assoc. "Our Children, Our Families, Our Communities" have been an effort to explore other ways of solving problems. The Court's new mural is also a sign of this change.

I have tried to do my job fairly, thoroughly, independently, and with respect for both the law and the people who appear before me. With your approval, I hope to continue to do so.

I think it is important that a judge attempt to assist the parties resolve their disputes themselves, but be capable of making difficult decisions if the parties are not able to come to an agreement.

STATEMENT:
I have been a superior court judge for almost four years.
The time has gone quickly because the work is so varied
and enriching. Civil judges spend the majority of their time
on divorces and family law. I reacquainted myself with the
developmental needs of young children, and then tried to
do the best I could by children of all ages. I encouraged
parents to resolve their monetary and custodial disputes in
the context of guided settlement conferences so that
outcomes were owned, not imposed. I recently became a
criminal law judge, which brings with it a separate set of
demands and challenges, with a unique and awesome
responsibility.

A court system which is functioning well—that is, a court
dedicated to serving the people, from the powerful to the
bereft—is a cornerstone of a decent society. I am humbled
to be a very junior member of your superior court, and to
try to grow year by year into the multifaceted demands of
the job.

November 2006
Superior Court Judge
Sen K. Tan, Third Judicial District

STATEMENT:
Since 1997 it has been my privilege and honor to serve the people of the State of Alaska as a superior court judge.

In making decisions I treat all litigants equally and impartially, regardless of their gender, wealth, ethnicity, political or social affiliations. I strive to be compassionate, reasonable, and practical in deciding the cases that come before me.

I believe our courts should be accessible to all people, including those who represent themselves. I treat everyone who comes to court-litigants, witnesses, lawyers, and jurors-respectfully and courteously.

The work of a superior court judge is to resolve hundreds of disputes each year. I ensure that each case, whether large or small, gets the attention it needs. Often, small dollar cases deeply affect those involved and require a significant amount of time to resolve.

I am proud of the support I received from Alaskan voters in the past retention election and welcome the opportunity to continue to serve the citizens of Alaska as a judge. I will continue to carry out the duties of the office to the best of my abilities.

**STATEMENT:**

This is the 50th anniversary of the State Constitution. I take this opportunity to say thank you to those who worked on it and who helped make Alaska a state. Those of us who take the oath to support and defend the United States and Alaska Constitutions are fortunate to have such clear and strong documents to guide us.

What I like about the judicial system is that we still work on cases one at a time. As the world becomes more crowded and complex, pressure grows to standardize, and it is true that increasing caseloads demand greater efficiency. But we still give every litigant an opportunity to be heard. This helps us reach the right outcome more often, and to have our decisions understood and respected.

If the people vote to retain me, I will do my best to continue to hear what people are saying, and to treat the parties, witnesses, victims, jurors and lawyers with courtesy and respect.

Thank you.

November 2006
District Court Judge

Brian K. Clark, Third Judicial District

STATEMENT:

I have lived in Alaska since 1972. After attending college and law school, I returned because of my strong desire to stay in Alaska and serve the community where I was raised. As an Assistant District Attorney and Assistant Attorney General in Anchorage, Barrow, Fairbanks, and Palmer, I became familiar with the issues that face all Alaskans when they become involved with our justice system. This experience has enabled me to deal efficiently with the high volume of cases in the Anchorage district court. In criminal cases, I strive to make sentencing decisions that meet both the needs of the community and the victim, as well as addressing a defendant’s rehabilitation. In civil cases, I listen carefully to the parties and take the time to reach decisions that are well reasoned and just.

Equally important is the effect my experience has had upon reinforcing my commitment to treat everyone who becomes involved in our justice system fairly and with respect. To that end, I have greatly enjoyed both serving and being a member of this community for the past 33 years, and I hope to continue serving as a judge in Anchorage.

The Palmer Court has developed a number of innovations to manage growth. Both our “Evening Court” and our “Mental Health Court” have been well received and successful. After working to help establish a mental health court in Palmer, I have sought additional training in the area of mental health court issues. Therapeutic Courts for alcohol and drug offenses are possible. I have the honor and privilege of serving in my hometown. Palmer’s history stems from a tradition of social innovation and rehabilitation programs. This tradition continues in the Palmer court.

**STATEMENT:**

Palmer District Court is the “ounce of prevention” court. We deal with the majority of the courts’ cases and deal with the widest variety of human misfortune. We look for each case’s “silver lining” on the theory that what the individual person learns can help them avoid returning to court.

The court is managing growth through innovations. Our new “Evening Court” has been well received by those citizens and officers who find the daytime court hours inconvenient.

Our new “Mental Health Court” (Palmer Coordinated Resources Project or CRP) provides a treatment-oriented alternative to the regular Misdemeanor Trial and Jail phases. Instead, these folks must commit to a long-term treatment plan, with case manager supervision and court review hearings to assess progress and adjust levels or frequency of contacts.

These offenders are often more expensive to protect in a prison setting. However, getting a commitment to hard, long-term, structured work on their particular issues, generates far more public benefits than just financial savings. Longer lasting are the benefits to self, to family and to friends and neighbors. The growing confidence, health and self-respect that shows on the faces of the participants are a reward both to the court and to the other participants.

People remember most, about a court experience, whether they are shown respect, listened to, and treated fairly. Patience, respect and understanding go a long way toward helping people in difficulty to see their way out of trouble and to a better future.

STATEMENT:
It has been my honor to serve the Matanuska-Susitna
community and the State of Alaska as District Court
Judge. In the District Court, most Alaskans experience
their first contact with the judicial system. It is my belief
that all individuals who come before the court deserve to
be treated with dignity and respect. Therefore, I have
diligently worked to enhance the administration of justice
and the accessibility of the system to the public. It is
imperative to the integrity of the system and the individuals
involved that every case be reviewed with acute
attentiveness and conscientious consideration. My
ultimate goal is to demonstrate assiduous care as I listen
and assess criminal and civil cases. I hope that each
person who appears in my court walks away from the
process feeling they had an opportunity to express their
state of affairs and knowing that I regarded them with
respect.

During the last year, I have been responsible for
implementing and overseeing the Palmer Coordinated
Resource Program (CRP). The CRP is a therapeutic court
that handles cases with defendants who have cognitive or
mental disabilities. The court is proving to be a major
success in reducing recidivism. My involvement not only
includes managing the court procedures but also
educating the community concerning the value of a CRP. I
look forward to continuing to work with this significant
program and similarly participating in a drug and alcohol
court when one is established in Palmer.

STATEMENT:

It has been my privilege to serve as a judicial officer in the Kenai District Court for the last seven years - 5 as Magistrate, 2 as District Court Judge. I ask voters to retain me for another term. I will continue to serve the public fairly and impartially.

While the Judicial Council has taken a position against my retention, I respectfully disagree with their statement of reasons.

Delegating judicial authority: pre-signed orders were a local court procedure instituted before my time. When I discovered problems with the way these orders were being filled out by prosecutors, I discontinued this procedure immediately.

Timely trial of criminal cases: I do not have support staff to assist me with my extremely heavy case load, so I had to dismiss a small number of cases for failure to meet speedy trial deadlines, out of hundreds of cases that I handled in 2005. I believe this problem was a system failure; it has been corrected.

Inappropriate sexual comments: I do not believe I ever made such comments in open court. My sense of humor and informal style may have resulted in inappropriate comments outside of court. When confronted with complaints, I took them to heart, and can assure everyone that this will not happen again.

Appearance of favoritism: My record clearly demonstrates that parties, jurors, victims and attorneys are treated with fairness, respect, and civility. My evaluations by attorneys, peace officers and jurors are uniformly positive and in support of my retention.
Alaska Judicial Council Recommendation
Judge David S. Landry, District Court, Kenai

Judicial Council Recommendation
The Alaska Judicial Council, a non-partisan citizens commission established by the Alaska constitution, evaluates judges on a number of criteria, including their legal ability, their demeanor, their diligence, their ability to manage their caseloads, and their fairness and integrity. After receiving a number of reports and comments from those who work with and appear before Judge Landry, the Judicial Council undertook an additional investigation including a review of court records and interviews with over forty people. The Judicial Council's vote relied only on evidence that was corroborated. Based on this investigation, the Judicial Council had considerable concerns about Judge Landry's pattern of poor judgment in a number of areas including: inappropriately delegating judicial authority by handing out blank pre-signed orders to prosecutors, which allowed them to set bail and schedule hearings without further court order; while administering the criminal court calendar, failing to monitor and ensure the timely trial of criminal cases, resulting in dismissal of at least fourteen criminal cases within a year for failure to provide a speedy trial under applicable court rules; making inappropriate sexual comments both in and out of the courtroom, which continued after receipt of warnings; and creating the appearance of favoritism and partiality in handling court cases. The Judicial Council finds Judge Landry to be Unqualified and recommends unanimously that the public vote "NO" on his retention as a district court judge.

Judicial Council Evaluation
The Judicial Council surveyed 3,036 attorneys, 1,492 peace and probation officers, social workers/guardians ad litem, and child advocates, jurors, and court employees about the judges on the ballot. The district court in Anchorage has the highest volume of
cases in the state. It is always a challenge to manage the
competition between prompt case management and the
individual case attention required for measured justice. A

appear in court in order to deal with them fairly. I believe
that my 15 years as a judge show that I accomplish these
important tasks very capably.

In both criminal and civil cases, I continue my commitment
to perform my duties to the highest standards. I work hard
to treat all parties fairly, decide justly, and to apply all
required penalties with certainty and compassion. Finally, I
strive to maintain the high degree of integrity required of all
judges. It is my earnest desire and hope to continue these
important tasks for the people of Alaska.

I appreciate this opportunity to address you on the subject of my retention. My judicial philosophy is straightforward. As a judge I hold a public trust to administer justice fairly and impartially. I believe in God and country and begin each court day with the pledge of allegiance to remind all present of our obligation to ensure justice for all.

In all criminal proceedings, while mindful of the rights of the accused, I also consider the rights of victims and when imposing criminal sentences I weight numerous factors, including the need to confine a defendant to prevent further harm to the public and to deter the defendant and others from future criminal conduct. Because of my concern about such issues as the high cost of litigation and the increase in violence in our society, I am a member of various private and public boards and committees. To assist our veterans, I helped create and run the Alaska Veterans Court.

I believe in the power of an informed public and therefore promote awareness of the judicial system by giving speeches, teaching at schools, and hosting court tours. Constant public scrutiny motivates judges, prosecutors, jurors and witnesses to adhere strictly to their oaths of duty. I believe judges must be intelligent, hardworking civil servants, which is why you will often find me working on weekends and holidays. My judicial colleagues exhibit exemplary integrity, diligence and compassion. I am honored to be a member of one of the best state judicial system in our country.

STATEMENT:

It has been my honor since August of 1992 to serve the people of the State of Alaska as a district court judge.

The vast majority of you who have contact with any court in the state have contact with the district court.

Many people appear in the district court without attorneys. I am committed to providing individuals who seek to have legal issues resolved in the court with the same kind of access to the justice system that individuals with lawyers have.

Many of you have or will serve as jurors. I am committed to treating jurors with courtesy and appreciation for their service.

I strive to treat all people who come to the court - individuals, attorneys, jurors and others - with respect and fairness and to assist them in understanding and using their court system.

If retained, I will continue to uphold my oath of office by providing the public with an accessible, fair and impartial forum for dispute resolution.

Superior Court Judge
Leonard R. Devaney, Fourth Judicial District

STATEMENT:

I have been honored to serve as a judge for almost five years, and I work hard to perform my duties as a Superior Court Judge in a fair and impartial manner. I am committed to hearing cases in a timely manner while at the same time encouraging settlement and early resolution, when appropriate. I try to provide prompt, courteous, and fair hearings for every person, adult or child, who appears in court.

It has been my privilege to be a part of the Bethel Therapeutic Court, where the judge becomes part of a team that works on developing a solution. This program is designed to provide defendants the tools and support necessary to overcome their addiction to alcohol outside of a jail setting, while at the same time staying employed and giving back to their community by performing community work service. It is wonderful to watch defendants grow, learn to believe in themselves, and become more productive members of our community.

We are all very concerned about the effects of drugs and alcohol on our young people. I do my best to try to communicate these effects to the young people who appear before the court. I believe nothing we do is more important than trying to help our youth in any way we can. Outside of court I coach Little League Baseball. I have fun coaching and spending quality time with the youth of our community.

I will continue to strive to serve all the people of the Alaska in a fair, honest and effective manner. Thank you all for this opportunity.

November 2006
STATEMENT:

With over thirteen years of experience as a Fairbanks judge, I continue to enjoy the privilege of serving my community in this capacity. During this last term of service I have been appointed to serve as a superior court judge. That has inspired me to broaden and upgrade my skills and knowledge to meet the challenges of a more diverse and complex caseload. I have presided over trials in Fairbanks, Tok, Delta Junction, Healy, Nenana, Kotzebue, Barrow, Bethel, Dillingham, and Anchorage.

My involvement in improving our judicial system increased this term as I have served on court system committees dealing with fairness and access issues, civil rules pertaining to family law cases, and on a local task force to improve juvenile justice. I have increased my personal preparation by attending seminars in advanced evidence, judicial writing, family law, scientific evidence, and management skills for presiding judges. My courtroom is frequently visited by classes during the school year and I am a regular speaker at our schools on law-related subjects.

The increased experience and preparation has not changed my overall approach to judging - to treat all parties with the dignity and respect they deserve as citizens of our great state. My greatest resolve is to ensure each litigant before me has a full and fair opportunity to be heard.

Understanding Ballot Rotation for 2006

For the 2006 General Election, the following races will be up for election: U.S. Representative, Governor, Lieutenant Governor, 10 State Senate Districts and 40 State House Districts. All ballot rotation will take place by State House District.

Candidates for the U.S. Representative, Governor and Lieutenant Governor races will be placed on the first ballot (House District 1) in alphabetical order. Then, beginning with the House District 2 ballot, candidates will rotate by the top candidate moving to the bottom of the race and all other candidates moving up one position. This rotation will continue through all 40 State House District ballots.

Each State Senate District is comprised of two State House Districts. For the 10 State Senate races, there will be a random draw of the letters of the alphabet to determine the order of how the candidates will be placed on the first State House District ballot. For the second State House District, in which the State Senate District appears, the candidates will rotate by the top candidate moving to the bottom of the race and all other candidates moving up one position.

For the 40 State House District races, there will be a random draw of the letter of the alphabet to determine the order of how the candidates will be placed on the State House District ballot.

There will be one random draw of the letters of the alphabet for both the State Senate and State House District races.

The Alaska Libertarian Party is a political party that fights for the rights of YOU, the individual. It is our belief that individuals know best how to run their lives, and it is our belief that the reins of government have become too strong, dissolving more of our constitutional rights and liberties each day.

The Libertarian Party is the third largest political party in the United States. Millions of Americans have voted for Libertarian Party candidates in past elections throughout the country, and Alaska is dedicated to providing voters a REAL CHOICE in our state’s candidates for government office.

Libertarians believe the answer to America’s political problems is the same commitment to freedom that earned America—and Alaska—its greatness:

* a free-market economy and the abundance and prosperity it brings;

* a dedication to civil liberties and personal freedom that marks this country above all others;

* a foreign policy of non-intervention, peace, and free trade as prescribed by America’s founders.

This year, we have five candidates running for municipal, state, and national office. We hope they have your support:

* **U.S. House:** Alex Crawford
* **Governor:** Billy Toien
* **Lt. Governor:** Robert Mirabal
* **State Representative in District 20 (Mountain View):** Scott Kohlhaas
* **Juneau Assembly District 2:** Sara Chambers

“Government is not the giver of rights; only God confers these to the people. People create government, giving it certain and limited powers. Only eternal vigilance by the people will confine government to its proper role.”

Joseph E. Vogler, Founder of the Alaskan Independence Party.

Although the origins of the Alaskan Independence Party date back to the early 1970s, it wasn’t until 1984 that it became an “officially recognized” party by the State of Alaska. Advocating an "Alaska First" policy focused around land and resource development, the AIP has since emerged as one of the most significant state-level third parties operating in the late 20th century.

The AIP believes full compliance with the Constitutions of the United States of America and the State of Alaska is necessary.
The AIP supports and defends States’ Rights, Individual Rights, and the Equal Footing Doctrine as guaranteed by the constitutions of the United States of America and the state of Alaska.
The AIP supports amending the Constitution of the State of Alaska so as to re-establish the rights of all Alaskan residents to entry upon all public lands within the state, and to acquire private property interest therein, under fair and reasonable conditions. Such property interest shall include surface and sub-surface patent.
The AIP wishes to preserve and protect the Alaska Permanent Fund, earnings, and individual Permanent Fund Dividends.
The AIP supports a constitutional amendment abolishing and prohibiting all property taxes.
The AIP supports the right of the individual to keep and bear arms.
The AIP supports the complete abolition of the concept of sovereign or governmental immunity, so as to restore accountability for public servants.

We are the only Alaskan political party that is entirely comprised of Alaskans, staffed by Alaskans and financed by Alaskans.

We affirm that all political power is inherent in the people; that all government originates with the people, is founded on their will only, is instituted to protect the rights of the individual; that all persons have a natural right to life, liberty, the pursuit of happiness, and the enjoyment of the rewards of their own industry; that all persons are equal and entitled to equal protection under the law. We stand on a firm constitutional foundation.

The Alaskan Independence Party can be summed up in just two words: ALASKA FIRST!

Develop Energy Security through conservation, all-Alaska gas line to Valdez, railbelt spur, propane for bush communities. Develop renewable energies such as hydrogen, solar, wind, micro-hydro, geothermal and tidal energy for Alaskans proposed by Greens since 1990. Commitment to slow greenhouse gases.

Fiscal Plan: Oppose Governor’s PPT oil tax and gas contract scheme.
Get Fair Return on our oil and gas with gross profits tax or windfall profits tax on oil, reserves tax on gas. Consider all gasoline route options, tax proposals for fair return on resources and gas for Alaskans. Alaska would have $7 Billion surplus if Greens proposal for windfall profits tax had been enacted in 2000.

Get big money out of politics, implement public financing of clean elections like ME, MA and AZ.

Guarantee continuing access to subsistence resources, Sport and commercial uses are secondary. (First resolution of Green Party of Alaska, 1991)

Keep Arctic Refuge Wild for Future Generations Almost two barrels of Refuge oil would have to be produced to equal amount of royalty profit we get from one barrel on State lands. Most oil and natural gas lies outside the Refuge. Alaska can help provide national energy security with today’s oil, tomorrow’s gas and future hydrogen and other renewable energy production—a true win-win solution.

Law and Order: Prioritize money for education, community intervention and treatment, conflict resolution. Reduce need for enforcement and prisons. Improve conflict resolution, youth courts and tribal courts.

What is the Alaska Permanent Fund?

- The Permanent Fund is an investment fund created by Alaskans in 1976 as a way to save a portion of our oil revenues for the needs of future generations. On June 30, 2006 the Fund was worth $32.9 billion.

Who manages the Permanent Fund?

- The Alaska Permanent Fund Corporation manages the day-to-day operations of the Fund and is overseen by a six-member Board of Trustees appointed by the governor and selected for their experience in finance, investments or other business related fields.

Board of Trustees
from front left to right:
Chair Carl Brady
William A. Corbus
Vice Chair Steve Frank
Bill Hudson
Eric E. Wohlforth
David Marquez
How does the fund work?

- The Fund is divided into two parts, principal and earnings, both of which are fully invested. The Alaska Constitution says that the principal may not be spent. The earnings in the earnings reserve account may be spent by the Legislature for any purpose it wishes. Currently earnings are only used for the Permanent Fund Dividend and transfers to the Alaska Capital Income Fund.

How does money go into the earnings reserve account?

- Realized earnings go into the earnings reserve account. This is the income from bond interest, real estate rent payments, stock dividends and the gains from assets that are sold at a profit. Unrealized earnings remain in principal until the assets are sold.

How is the fund invested?

- Originally the Fund was only invested in bonds. Now it is invested in a number of different asset classes, which earn income and can grow in value. By diversifying the Fund into these different assets, the Trustees ensure that it is better protected for the future. When one asset class has a down year, it is often balanced by good performance in other asset classes.

How is the dividend determined?

- On June 30 of each year, the statutory income of the Fund for the last five years is averaged together and half of that amount is available for the dividend. Then that amount is divided by the number of qualified applicants for the dividend.

How does the fund grow?

- The Fund has three sources of potential growth each year:
  - The state Constitution directs 25 percent of Alaska’s mineral royalties, primarily oil royalties, be deposited into the Fund.
  - Income flows in from stock dividends, bond interest and real estate rental fees.
  - Assets can increase in value over the original purchase price, whether they are sold or held in the portfolio.

Values rounded to the nearest thousand.

**What is POMV?**

- Percent of Market Value is an idea proposed by the Trustees as a better way to limit the amount available to be paid out from the Fund. No more than 5 percent of the Fund’s market value could be withdrawn in any one year. This would protect the Fund from overspending, provide guaranteed inflation proofing over time and make the formula for determining payouts match the current investments of the Fund.

Through the funding of the federal Help America Vote Act (HAVA), Alaska has purchased a touch screen machine for each of the state’s 439 polling places, which will be used in the 2006 General Election. The touch screen machines allow voters with disabilities the ability to cast a private and independent ballot. The touch screen machines will be available for any voter who wishes to vote on them; however, those with disabilities will have priority in using them. The touch screen machines accommodate visually impaired and blind voters, as well as those with mobility issues.

The voter casts an electronic ballot, and confirms his or her selection with a voter verifiable paper trail produced by the touch screen. This paper print-out is secured behind a screen and is treated as an official ballot in the event of a recount or audit.

A FEW TOUCH SCREEN VOTING MACHINE FAQs:

Q: How will visually impaired and disabled voters cast an independent ballot?
A: The touch screen machines can be used in many different ways to accommodate different disabilities, and offer large print, high-contrast and audio-only ballots. The ballot appearing on the touch screen can be voted using “pointer sticks” for those with limited or no use of their hands or arms.

Q: What is stored on the voter access card?
A: The voter access card holds ballot information that is read by the touch screen machine and presented to the voter. The voter access card holds only ballot information, not results, and is unusable after being used to vote until it is re-encoded by a poll worker. It does not hold information about how the voter voted.

Q: How is the voter access card encoded?
A: The voter access card is encoded by poll workers using a device called an encoder that looks much like a small calculator and contains ballot information from the Division of Elections.

Q: Can a voter access card be used to vote twice?
A: No, once a voter has finished voting, the voter access card must be re-encoded by a poll worker before being used by another voter.

Q: How will the paper ballots be transported after an election?
A: As voters cast their ballots, the paper record is collected in a security canister inside the touch screen machine’s printer module. Once voting ends, ballots will be secured and treated as other paper ballots are.
