travel, gardening, outdoor adventure

STATEMENT:

Dear Friends and Neighbors,

Working with you and members of the Alaska Legislature, I am proud of things that we have been able to accomplish.

Highlights of the past session include \$60 million for a second Alaska-Class ferry, \$49 million for the State Library, Archives and Museum project, a transportation bond package, new money for harbors, University of Alaska Southeast's student housing expansion, and \$7 million for the Thayer Creek hydroelectric project in Angoon.

Training Alaskans for the jobs that support a growing economy is one of my top goals, and so is the development of our transportation, energy and port infrastructure to support mining, fisheries, tourism, and other growth industries.

Representing the capital city is an opportunity to showcase one of the most beautiful state capitals in the country. Juneau is a friendly place to visit, and to do business, and recent improvements in airport infrastructure, the State Capitol campus, downtown parking, and internet connectivity have made Alaska's capital more accessible to the Alaskans we serve.

Southeast Alaskans have much in common. Whether it be port development in Skagway, new mining opportunities on Prince of Wales, or hydroelectric projects in Hoonah and Angoon, we are all connected, and we need to keep moving in the direction of sustainable economic opportunity. Luckily we live in a place of tremendous resources with strong, independent, hard-working people. It is this mix that makes my job so rewarding. Thank you for the opportunity to serve.

Sincerely, Cathy Muñoz
