STATEMENT:

It's been my honor and privilege to serve as your
Senator for the past 9 years. I'm running for re-election
to continue working for the people of Southeast Alaska
to increase economic opportunity, reduce the costs of
energy, promote fiscal discipline, and work for public
accountability in government.

I'm proud of what's been accomplished during my time in
the Senate. We've improved the infrastructure, economy,
and quality of life in our communities. We've added over
\$14 billion to state savings and lowered the cost of energy
and doing business. Together we've expanded Alaska's
resource-based economy, leveled the playing field for
rural school funding, improved vocational-education, and
invested in public safety infrastructure. I've worked to
secure funding for the Alaska Class Ferry project, the first
state ferry to be constructed in Alaska. As Co-Chairman
of the Senate Finance Committee I've had a major role
in these solutions. Additionally to grow our economy,
I've also worked to expand construction of our electrical
intertie, roads and ports, and enhance our fishing and
tourism industries. My priorities for the future include
job creation, infrastructure development, improving K-12
and higher education, and working to reduce the cost of
energy in Alaska.

My great-grandparents moved to Southeast Alaska in
1902. I have a deep respect for our state. I humbly ask
for your vote this November, and hope to work with you to
build a better future for Alaska.
