Statement:

I will vote No on 1. Yes on 2. I oppose using tax dollars for private schools. I support repeal of the Alaska marriage definition amendment. I support equal protection under the law. We are a society of laws. Laws must be obeyed and enforced; if they are not worthy of either, then they must be repealed.

I oppose the initiation of force. I recognize and support the natural right of self-defense. I fully support individuals' natural right to free association and to think and do whatever

they like, so long as it does not harm another; even if they are knuckleheads.
Government control, power, and responsibility should be as local and open as feasible.

I support sustainable budget practices that spend within our means and maintain or grow our savings and reserve accounts. As a State, we need to keep all the promises that have been made, and we need to stop making unsustainable promises. Being an owner State, I interpret the Alaska State constitution to require that we spend the maximum amount on social programs and capital improvements that we can sustainably spend from royalty revenues derived from oil production and other resource development.

I ask first if a problem can be solved with more freedom instead of less. I say the truth as I see it as often as I can. I change my mind every time I see myself as being wrong.
