**Statement:**

I am an optimist. We live in the greatest state in the greatest nation in the world. But, our country is fundamentally going in the wrong direction. We have a federal government that stands in our way at every turn. President Obama and Harry Reid have empowered Washington, D.C. bureaucrats to dictate how we educate our kids, insert themselves into our businesses and personal lives, and stop us from unleashing our energy potential. Mark Begich rubber stamps this agenda, voting with President Obama 97% of the time.

I believe that Alaskans should choose their own destiny. That's why I will continue to tirelessly fight federal overreach and champion policies that promote economic growth, fiscal responsibility, energy production, and jobs. The federal government should be a partner, lifting up our communities and providing vital infrastructure as our state continues to grow. Instead it has become a weight around our necks. As your U.S. Senator, I will work to unshackle Alaska's promise and roll back the liberal agenda Mark Begich and President Obama have forced on the country the last six years.

Together, we can restore Alaskan values to the United States Senate. I believe our best days are ahead of us. We can become a world leader in energy production and a driving force of America's economy. We can stem this nation's downward slide, empower local communities, and build a brighter future for our kids. I would be honored by your vote.
