Hunting

Other (Biographical only):

On Election Day you have a choice between two republican candidates for Lt Governor. A professional politician vying to be governor some day or the apparent underdog Kelly "Wolf" who has proven himself as a working man, fighter against obtrusive government. As a former legislator I stood against the 2004 attempted raid on the PFD by the Murkowski administration, fought against the Kenai Peninsula boroughs expansion of government overreach and government control.

Statement:

As your candidate for Lt Governor I will use my life's experiences working as a legislator, businessman, contractor and the Youth Restoration Corps to be your voice in Juneau. In finding solutions, resolve issues and working across party lines to get things done. My commitment to the Alaska residents is that no one is unimportant, everyone matters, regardless where you live or what your situation is I'm here as your Lt Governor.

I support the 2nd amendment.

I will vote no on prop 1.

I will fight against the federal government over reach.

I vow to work with our elderly, youth, veterans, disabled and homeless.

I support a strong work force.

I support that marriage is between one man and one woman.

I cannot support legalizing marijuana in Alaska because two friends committed suicide using marijuana.

I cannot support abortion, because if did my oldest son who was born with Down's Syndrome may not be here and to me and my family this would have been a tragedy.

My commitment and promise to the people of Alaska is that I will fight and work for you, not outside interests and will assist you in all manners allowed by the office of Lt. Governor. With the promise that if the good people of Alaska should choice to elect me as their Lt Governor I will serve no more than two terms representing them. On August 19th you can elect a professional politician or a Wolf that will fight for you.
