Statement:

I would appreciate your vote on Election Day. As a State Legislator, I have worked hard on the important issues facing our state:

Resource Development: Advocated for responsible development of our resources, supported building an in-state natural gas pipeline to ensure long term energy supplies to heat our homes, our businesses, and provide economic benefits to our state, and promoted renewable and alternative energy projects to provide efficient and affordable energy solutions to Alaska communities.

Education: Secured forward funding of education, successfully championed for the expansion and resources for voc-tech education in our schools, supported increased opportunities for charter and residential schools, and provided funding for our local school construction and safety projects.

Public Safety: Sponsored legislation focused on outlawing the sale of dangerous synthetic drugs, combatting underage drinking, protecting victims' rights, and providing the strongest penalties for egregious crimes, like sexual assault and exploitation of children.

Public Finance: Worked to reduce the growth of government spending in the state operating budget, supported a disciplined approach to funding capital and infrastructure projects in Alaska, and opposed punitive taxes that would harm the economy if the state.

None of my accomplishments as a legislator would have been possible without the people that I represent. It has been a honor and privilege serving you. I look forward to working together to ensure that Alaska is a great place to live, work and raise a family. Thank you for your support!
