**Other (Bio Only):**

Liz is former administrative law judge, Assistant Attorney General, state prosecutor and commercial law litigator. She is active in the community and has served on several city commissions. Liz was elected twice to the board of directors of Chugach Electric and served six years, including as board chair. She has lived with her husband in Anchorage for 30 years and in West Anchorage for 17 years, with their daughter.

**Statement:**

While other candidates make promises, I have a proven record of leadership that has benefited the community and saved money. While serving six years on the Board of Directors of Chugach Electric, I always strove to benefit the ratepayers. As Chair of Chugach Electric, I started a conservation program and testified in favor of the Susitna dam so that eventually we could diversify our energy sources. I also worked hard to foster cooperation among the Railbelt utilities to achieve savings. As a result, Chugach Electric and Municipal Light & Power jointly build the new power plant. This saved money. To improve performance, I appointed a Blue Ribbon Panel composed of local successful businessmen to review the operations of Chugach Electric. As chair of Chugach Electric, I demonstrated I could get things done.

I have a diverse tool kit that will enable me to represent the residents of West Anchorage. I have the experience and knowledge to understand complex legal and regulatory issues, such as energy, oil taxes, health care, and arrive at solutions that work. My priority is to ensure we have a healthy economy; affordable and reliable energy; and roads that are maintained well. As a conservative, I believe in responsible development of our natural resources and that government should not over regulate and discourage economic growth. Government should provide services in a cost effective manner. I promise to listen to you and diligently read the fine print so that I can represent you well.
