My objective is to help establish ballot access for the Alaska Constitution Party and to activate grass-roots effort in Alaska. Law. State Sovereignty, Property rights and the protection of Sheriff's are issues becoming very important in many states, including Alaska, not admitted under equal footing doctrine. I support the decriminalization of marijuana and recent oil tax reform; I'll vote "NO" on 1 but believe Alaska must get its fiscal house in order by passing sustainable spending bills. During the petition gathering phase of my campaign I noticed several problems with both Division of Elections and APOC. Reforms would include a streamlined approach to ballot access; simplified campaign finance regulations and lower costs and easier access for competitive political parties. In all arenas I believe that the introduction of competition and innovation has a positive effect on the outcome, including in our public school system. I wrote, spoke and testified in favor of SJR-9 to allow the people of Alaska to vote to decide the new direction for educating future generations. I also believe strongly in independent home schooling, volunteerism and nullification. I am a student of the Austrian school of economics which supports entrepreneurialism and personal responsibility. I believe as our founders believed in the smallest possible government and the greatest degree of individual liberty.
