Statement:

In 2012, you sent me to Juneau with a mandate to work on the budget, getting more oil in the pipeline, lowering the cost of energy for Alaskans, getting more fish in rivers, and protecting the life and safety of our citizens.

In controlling the growth of the budget, I focused my attention on state general funds spent on the Capitol budget and here are the results:

FY 2012 (Democrat Coalition)	\$1,661,259,400
FY 2013 (Democrat Coalition)	\$2,004,236,500
FY 2014 (Dunleavy)	\$1,028,092,100
FY 2015 (Dunleavy)	\$ 850,325,600

With this cost containment, next year we will focus on reducing the operating budget substantially.

With the newly enacted oil tax incentives, more investment is going to the slope that hopefully will result in more oil production and longer-term revenue picture for Alaska.

Regarding low cost energy for Alaskans both an LNG project and instate gas line have been given the go ahead by the legislature with the intent of getting Alaskans low cost gas hopefully within the next decade.

Through our efforts needed studies and policies have now been enacted aimed at getting more salmon in the rivers in the valley for all citizens to harvest.

Life safety issues have also been addressed from needed fire equipment and funding new firehouses to reducing the number of abortions the government funds.

With your vote, I will carry your message to Juneau to continue to work aggressively on your behalf to ensure your voice is heard in Juneau, Thank You.
