Statement:

The Libertarian Party is one of four recognized political parties in Alaska. Currently, Alaska has the highest number of registered Libertarians per capita than anywhere else in the world! The libertarian party in Alaska has a rich history. It was formed in the 1970's and inspired by the success of men like Dick Randolph, Ken Fanning, and Andre Marrou.

Dick Randolph was the reason that I came to Alaska. He was the first Libertarian ever elected to the state legislature. He proved it could be done! In 1982, he received 14.9%

of the vote for Governor in Alaska, and that is still a national Libertarian Party record. I joined the Libertarian party in 1978, so these are my roots.

In Alaska, we pride ourselves on our Libertarian tendencies, on our "Libertarian Streak". That is because the vast majority in our state believe in freedom of choice and privacy, we oppose US wars of aggression and we believe peaceful people are always welcome in our Great Land.

Anyone who knows me knows I love Alaska. As a candidate, my goal is to put the Alaskan people's interests first—nothing else matters. I have proven that I can put partisan politics aside, think outside the box, and get the job done. The job is to keep Alaska growing while protecting individual rights.

Please help me advance these principals with your vote.

Thank you
