Statement:

I am running for re-election to continue growing opportunity and building Alaska's future for every Alaskan.

Strong Economy. As your governor, I have led our state to a strong economy. We created an economic climate that's produced over 16,000 new jobs. Alaska now leads most states in small business and entrepreneurial activity, and billions of new dollars in private-sector investment have returned to our state.

Alaska Gas for Alaskans First. We've made historic progress on building a large volume gasline through Alaska. The real work of engineering and design are underway on the Alaska LNG Project. The gas trucking solution known as the Interior Energy Project is under construction to bring lower cost energy to Alaskans in the Interior. The Cook Inlet region has seen resurgence in jobs and natural gas production under our policies, and new hydro projects are underway in Southeast and Southcentral Alaska.

Standing Up for Alaskans

I have fought federal overreach at every turn, stood up for the military, and made sure the State lives within its means with record spending cuts. I championed Alaska Performance Scholarships for our young people, and high school graduation rates are climbing. We've worked directly with Alaskans in over 170 communities to tackle the epidemic of domestic violence and sexual assault and seen many lives positively changed.

Our state is on the right track, and whether you live in rural Alaska or in the cities, I will always put you first. I respectfully ask for your vote.

Thank you.
