Statement:

Two years ago I ran to represent you because the politicians had plunged Alaska into billion dollar deficits. I was disappointed that career politicians blocked any action on a real solution to the budget crisis. Now, more than ever, we need a voice of reason in the State House.

I am a husband, a father, and a longtime Fairbanks business owner. I want to keep Fairbanks a great place to live, work, and raise a family. The things that made me fall in love with Fairbanks 30 years ago are the reasons I'm running for re-election. Strong education, a strong economy, and a safe, stable community are worth fighting for. My priorities are:

Balance the Budget: Alaska's future is at stake. As a business owner, I see how our economy is hurting. We cannot afford to let politicians ignore this crisis.

Standing up for UAF: I led the fight to stop crippling cuts to our university system.

Support our Schools: As a parent, education is personal to me. As a business owner, I know that investing in our schools is how we build a healthy economy.

Lower Health Insurance Costs: Premiums have skyrocketed. I will continue to fight to for lower rates.

Protect the PFD: Without a long term plan there will be no money to pay dividends in three years.

You have seen how hard I have worked for you as your representative, and I with your vote I will continue to be your voice of reason.
