Statement:

My experience in Alaska makes me uniquely qualified to represent Southwest Anchorage in the State House. I have a wide range of experience including the specifics of how state agencies work day-to-day as well as the nuts-and-bolts of how the State budget is assembled. I have worked for years with the Department of Law and the Department of Corrections, developed rural energy programs, administered multi-million dollar housing funds and made recommendations in court face-to-face with some of Alaska's most violent criminals. I will be able to "hit the ground running" when I am elected in November. My Ten Point Positions are

- 1. The oil industry needs to pay its fair share.**
- 2. Alaska needs a long term fiscal plan so we do not lurch from year to year trying to balance the budget.**
- 3. Legislators have to reach across the aisle and pass the best possible legislation.**
- 4. Alaska needs to develop a comprehensive approach to education which includes both reliable funding and quality program development.**
- 5. Alaska needs to accept federal Medicaid funding.**
- 6. Alaska needs to develop a statewide, workable health care approach that is fiscally reasonable and affordable.**
- 7. Alaska needs a mechanism to tax out-of-state individuals and industries who make money here.**
- 8. Alaska needs a unified, statewide approach to mental health issues.**
- 9. Alaska needs to take a realistic approach to drug addiction and treatment.**
- 10. Alaska needs to stop spending money suing the Federal government for purely political purposes.**
