**Statement:**

It is an honor to have served our state over the past 30 years as a police officer, police chief, city administrator, state board and commission member, and lead staff to two senators in the Alaska Legislature. My work experience has given me the understanding to represent our beautiful South Anchorage District 24 in the State House. I look forward to continuing the work of making our state a safer and more prosperous place to live.

I strongly support our free market economy and limited government, which encourages innovation and allows us the freedom to enjoy the fruits of our labor. I will vigilantly guard the liberties we cherish, which did not come to us by accident. I will seek to understand and carefully consider the consequences of issues before the Legislature, recognizing the significant responsibility to my constituents, their families and businesses, and our natural resources.

I am ever thankful to my parents and mentors who taught me the valuable lessons of working together and encouraging one another through adversity, and to face fear with resolution and a quiet peace. My public safety career continued this learning process.

I will be a strong advocate for quality education and safe neighborhoods, spending discipline in all state agencies, maintenance of roads and pedestrian safety paths, responsible resource development, and the protection of our Permanent Fund.

I believe my perspective and experience will enable me to be helpful to the legislative process, and that our best days are still ahead of us.
