Donald J. Trump wants to Make America Great Again. He wants to reestablish our place in the world by steering our government away from special interests and introducing policies that put money in people's pockets, restore love of country and restore our world status.

Mr. Trump believes in free markets, the importance of a strong family, a culture of Life, a strong military and our country's sacred obligation to take care of our veterans and their families.

Our country has been poorly served by the political class who value their self-interest over the interests of the United States and its citizens. Mr. Trump will end the corrupting influence of special interests once and for all.

We need free and fair trade. No longer will China, Mexico, Japan and other countries manipulate their currencies to benefit their citizens at the expense of ours.

We must restore the integrity of our national borders.

We must reduce the tax burden by lowering rates, eliminating loopholes, and simplifying the tax code. We must fix our corporate tax structure so capital and jobs return to America.

We will rebuild our military, return education to the parents and students, make college affordable and fix our healthcare system by getting rid of Obamacare and replacing it with free market solutions.

We will protect the Second Amendment and will defend religious liberty for all.

Together, we will Make America Great Again.
