Statement:

Jill Stein's Power to the People Plan creates deep system change, moving from the greed and exploitation of corporate capitalism to a human-centered economy that puts people, planet and peace over profit. It empowers the American people to fix our broken political system and make real the promise of democracy.

This plan will end unemployment and poverty; avert climate catastrophe; build a sustainable, just economy; and recognize the dignity and human rights of everyone in our society and our world.

Stein's Power to the People Plan includes:

A Green New Deal

Create millions of jobs by transitioning to 100% clean renewable energy by 2030, and investing in public transit, sustainable agriculture, and conservation.

Jobs as a Right

Create living-wage jobs for every American who needs work, replacing unemployment offices with employment offices. Advance workers' rights to form unions, achieve workplace democracy, and keep a fair share of the wealth they create.

End Poverty

Guarantee economic human rights, including access to food, water, housing, and utilities, with effective anti-poverty programs to ensure every American a life of dignity.

Health Care as a Right

Establish an improved "Medicare For All" single-payer public health insurance program to provide everyone with quality health care, at huge savings.

Education as a Right

Abolish student debt to free a generation of Americans from debt servitude. Guarantee tuition-free, world-class public education from pre-school through university. End high stakes testing and public school privatization.\
