Position Statement:

I am Colonel Edie Grunwald, Retired, and the best choice for the office of Lt. Governor.

I'm running because criminal friendly laws must be repealed and our criminal justice system reformed. Reducing crime will allow our state to actually shrink the huge government we have, reducing our budget without taxing Alaskans and keeping the PFD in the historic split that has worked since its inception. The PFD belongs to the people and any change should go to a vote of the people.

I have managed state and national programs, and served as director, commander, and chief-of-staff in the greatest armed forces in the world. Nothing makes one more experienced and qualified to step up as governor, should the need arise. I've lived my life by the motto "Always Ready." I'm ready now, Alaska.

I have spent 31 years protecting this great state and country, and I vow to spend the next 4 years protecting this state and the people and restoring faith and trust in our government. I will be the best partner to the governor.

Failed leadership and career politicians have led us to historic unemployment rates, huge and bloated government, and crime rates among the highest in the nation. It's time to take our Alaska back.

Alaska can be the greatest state in our country; full of jobs, with a booming economy, a reduced budget, a government that is trusted by the people, and above all, safety for our loved ones.

I respectfully ask for your vote.
