Other:

District 25 is my lifelong home. I'm a proud **Alaskan, Iñupiaq, fisherman, mother** of three, and **grandmother**

As your Representative, I fight tirelessly for **public safety, fiscal stability, and economic growth.**

The people of District 25 are the ones I will continue to fight for; safety, education, critical infrastructure, and fair treatment for all.

Position Statement:

Safety: Our district's priorities include restoring the public trust in our justice system. I will keep up the pressure until we win the **repeal of SB 91**, and hold offenders accountable. No more coddling of criminals at the expense of victims. We must restore to our police, prosecutors and judges the tools they need, and we must double our efforts to combat the opioid epidemic, which means stopping the flow of illegal and dangerous drugs into our state.

Jobs: Alaskans want to work. Our teens need summer jobs to prepare them for the workforce. Our unemployment rate, the highest in the nation, is unacceptable. A strong **private sector** is the key to our future. New development, increased production, and a **PFD** you can count on will lift all sectors of our economy. This economy needs our private sector's back, so we must have its back!

Fiscal restraint: To address our fiscal gap, government must **live within its means**. This year alone, we located \$300 million in spending reductions. It takes **grit** to **cut the budget** during the lean years. But a tax on your paycheck is **not** the answer. I will **keep fighting** for a **balanced** approach to spending, services, and common sense.

Experience and grit is more important than ever this year. I would be grateful to earn your vote. I welcome your calls and your questions. Thank you for expressing your love for Alaska by voting!
