Position Statement:

I am not a politician. And I don't want to be one. I am a husband, a father, and a pastor. "Experienced" politicians have us in the mess we are in now--why should we trust them to do any different this go around?

Crime is rampant. The economy is in the septic tank while our resources are sitting there, untapped and under utilized. Your PFD has been taken from you and an income tax was slipped under your nose. Do we really want to re-elect the same people and get the same results? I say "WE CAN MAKE CHANGE!"

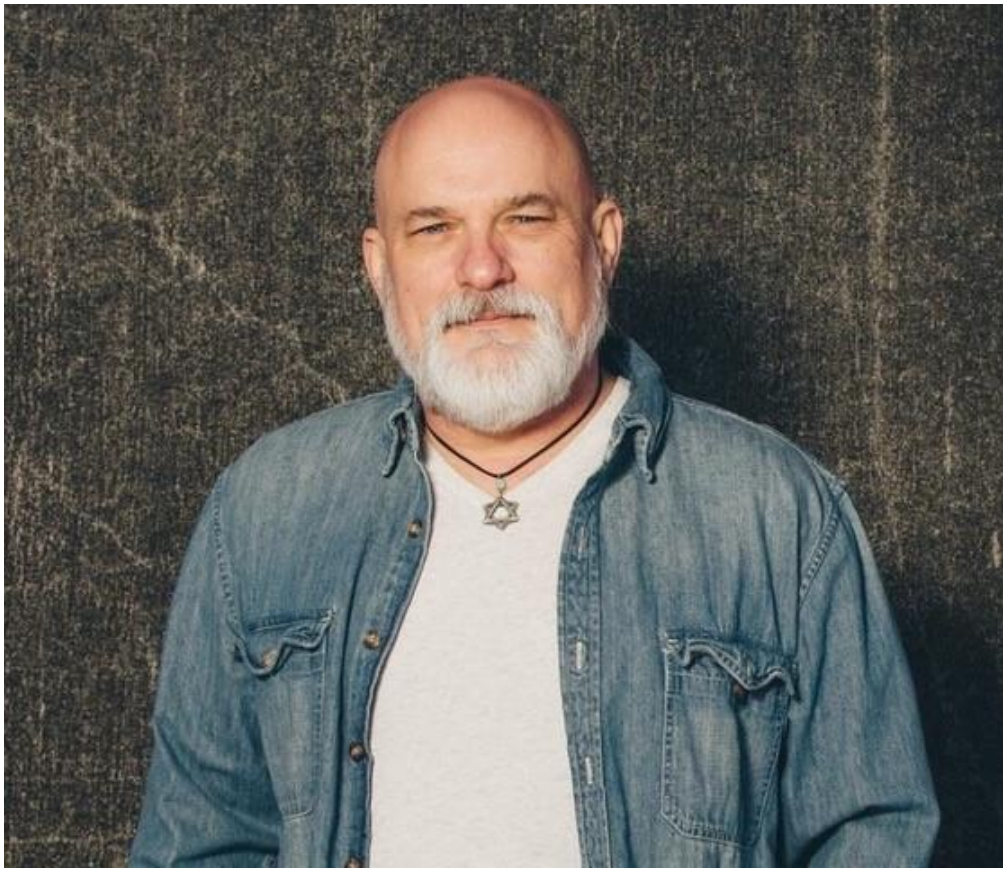

I will support and fight for a full repeal of SB 91. The PFD is YOUR income and half has been taken. That is called an INCOME TAX. I will fight to get rid of that tax and restore the full PFD to your pocket where it belongs

And I will work to responsibly utilize our God-given resources to help boost our economy and get Alaska back on track to being the best state in the nation!

I look forward to serving and representing District 24 in Juneau and eventually Willow- (where the legislature should actually be located).

Blessings and Be Holy (Lev 19:2)

Stephen
