I'm a conservative leader who believes in high standards, integrity and purposeful leadership. Like you, I've grown weary of the fiscal decline and broken promises that continue to dismantle Alaska. We need a representative and leader that understands the vital importance of fiscal responsibility for a stable and sustainable Alaska economy and a free people over special interests.

Since 2014, I've led the way in promoting a sustainable right size government to preserve the traditional PFD and prevent income taxes. Continued unsustainable budgets are not fiscally responsible nor is the billion dollar bond package recently passed. The oil cash credit bond pays beyond the statutory minimum while Alaskans continue to receive PFD payments below statutory minimum.

Alaska's judiciary and corrections is broken. SB91 accelerated crime and has yet to be properly addressed. Public safety is paramount and a repeal of SB91 is in order. Legislators continue to violate law with no accountability. The "rule of law" is selectively applied.

Education must improve with competitive flexible innovative approaches that fit the students. Get back to the proven basics, add economics and the teaching of goal attainment to carry children throughout life. With those skills, children can dream big dreams and achieve them on their own.

I excel in forward thinking, long term planning, measurable goals and fiscal responsibility. I'm principled and stand unwavering for life, liberty, property and privacy. I would be honored for your vote. I will serve our district and secure Alaskan's way of life. Goode2Go!
