Position Statement:

I'm a common tax paying citizen. A mechanic by trade and currently employed on Alaska's North slope oilfields for Arctic slope regional Corp. Subcontracted to conoco Phillips at the kuparuk river unit.

I became involved in the governor's campaign after seeing the ballot covered with corrupt politicians. It is evident walker/Senate/congressman colluded and used legislation against Alaskan citizens as sb91 and sb26 are unconstitutional. This includes mike Dunleavy who voted yes to pass sb91. He claims he opposed the bill but only after voting yes. The walker administration has done anything but lead and has used legislation illegally to rob and terrorize Alaskan citizens. The only way to stabilize our state is to not Vote for these criminals.

I became involved due to seeing the list of candidates –

Governor Walker going rogue and working with Senate signing into law illegal and unconstitutional bills. Robbing Alaskan citizens of PFD dividends.

Mike Dunleavy voting on SB91 which is misuse of legislation on Constitutionally Protected citizens amounts to treason.

Alaska needs to replace our governor, senate and congress.
