Position Statement:

Four years ago I ran to represent you because Alaska was facing a fiscal crisis that had never been seen. I am pragmatic and willing to work across party lines to do the right thing and make the tough choices, independent of party.

I am a husband, a father, and a longtime Fairbanks business owner. I want to keep Fairbanks a great place to live. The things that made me fall in love with Fairbanks 35 years ago are the reasons I'm running for re-election: Strong education, a strong economy, and a safe, stable community.

My priorities are:

Fiscal Plan: Alaska's future is at stake. As a business owner, I see how our economy is hurting. We must take action and make the hard choices.

Standing up for UAF: I led the fight to get an increase in their budget, first one in four years.

Support our Schools: As a parent, education is personal to me. As a business owner, I know that investing in our schools is how we build a healthy economy and healthy community. Teachers should be valued and our kids deserve the best they can get.

Lower Energy Costs: Fairbanks has very high energy costs and its hurting us. We need natural gas at a good price. It will attract other businesses to Fairbanks.

You have seen how hard I have worked for you as your representative, and I with your vote I will continue to be your voice of reason. I get things done.
