Anchorage 1997-to present

**Education:**

Elston-General Education Diploma  
OVTI Community College

**Business and Professional Positions:**

Master of Motor Vessels 100 regular gross tons, On board drill instructor, proficiency in survival craft, basic safety training, radar observer unlimited, able body seamen course, rating forming part of navigational watch, basic HTC curriculum, maritime security training

**Special Interests:** Golf, Fishing, time with family

**Position Statement:**

Department of Labor statistics  
Alaska in a recession for last 5 years  
11,000 thousand jobs lost in last 3 years  
THIS IS UNACCEPTABLE

Alaskans should be worried about the state of the economy. The State House and Senate(most of but not all) have no plan how to get us out of a recession. Their solution is to use the Permanent Fund to help fund the budget.

## THAT IS NOT A PLAN

Ask your representatives what their fiscal plan is for the next 5 years, the next 10 years, you will see (most of but not all) have no plan.

Our state is losing thousands of jobs each year, businesses are closing, thousands of people are leaving the state each year which impact our schools and economy.

It's time we turn things around by building the LNG pipeline, creating over 12,000 temporary jobs for several years, creating over 1,000 permanent jobs and generating revenue for decades to come.

Our state is rich in natural resources which we are not taking advantage of.

Lets change that now by voting in candidates who want to MOVE THE STATE FORWARD.
