Other:

I am a former Assistant Attorney General, state prosecutor and commercial law litigator, Administrative Law Judge. I have also served on several city commissions and on the Chugach Electric Board of Directors. My husband and I have lived in Anchorage for 35 years, 22 years in district 22.

Position Statement:

I will make your safety a priority - I did not vote for SB 91 and was the first to call it the "Catch and Release" law. As a former prosecutor I knew this law would endanger our communities. My number 1 priority will be to stop the crime wave.

I will protect your wallet- I will not vote for a state income tax or to continue to grab part of your Permanent Fund Dividend check. I do not believe in getting into your wallet while overspending, waste and inefficiencies continue. The state budget has doubled during the past 10 years and continues to grow each year.

Economic Prosperity - Growing the Pie. We are in the third year of an economic recession, with the highest unemployment rate in the country. Resource development and diversification is critical for our future prosperity. I will actively work to accomplish both.
