Medals awarded: National Defense Service Medal, Global War On Terrorism, Sea
Service Deployment, Global War On Terrorism Expeditionary

Service Organization(s) Membership: Omega Psi Phi

Special Interests: Shooting, hiking, fishing, photography, motorcycle riding

Position Statement:

I have always believed in fighting for what's right. I joined the US Navy to help defend the rights of my fellow Americans. Over a period of time, I realized that being a public servant will forever be a part of who I am. I became motivated to run due to the many obstacles that blocked my autistic son's path to education. We were in a constant battle for the services my son needed for a proper education.

It would be an honor to represent your voice in Juneau. It is important that we understand that the PFD belongs to the citizens of Alaska. No one in Juneau should have the power to decide how Alaskans PFD is spent without asking you. We have to protect it by putting it in the Alaska State Constitution.

Taxes should be a last resort. We need new ideas that will keep the burden of taxes from Alaskans. Taxes should only be passed by citizens, in a statewide election.

Our government needs to live within its means. We need to fix the constitutional spending cap. This will ensure an end to the deficit spending by forcing our government to live within our means.
