

**Kevin McKinley—House District 5 Representative—Alaska Republican Party
Primary Candidate**

Other:

I'm Kevin McKinley, Candidate for State House District 5.

Raised in Kotzebue, I know the grit it takes to survive Alaska. As a young man, I took that same grit and determination and began my entrepreneurial career at 9 years old and at the age of 27 I started Body Piercing Unlimited. I'm very humble in saying the company I built 27 years ago continues to flourish not only in Fairbanks but across our great state.

I am committed to this community and would like to have the unique opportunity to be your representative.

Position Statement:

As your elected legislator I will diligently listen to you and your concerns, working hard to fix what you feel should be changed.

As a business owner and a homeowner, I will work to create a fair system for the cost of energy and heating, also create a transparency to the process of providing energy and heat to our residents.

As a family man, I would be remiss if not to be fighting to ensure and create laws that are in place to protect all Alaskans from the outside and criminal entities.

I will work with small businesses to ensure their development and stop the weaponizing of our legislative process which puts a halt to their expansion into the economy and tax base.

My highest priority, and I feel it should be everyone's, is keeping the State Operating Budget under control and cutting where it is needed, as well as to streamline the budget's bottom line and stop runaway spending. I will not support any new tax bills that are put forth during this economic recession.
