Position Statement:

My name is Rich Walker and I am running for State House District 32. These communities offer a unique aspect of Alaska with Honest and Hard Working Alaskans who want proper representation with strong leadership. I started in Alaska on the North Slope and for 8 years I worked as an oil field worker on drilling and production rigs. My career for the last 30 years has been in construction and environmental management. For the past 6 years, I have been a member of the Kodiak City Council. I know what it takes to work hard, achieve positive growth, and represent the hard working members of our communities to bring forward progress for District 32. Over the last 38 years in Alaska, I have learned that Honesty, Integrity, and Standing firm in my beliefs will be the key to be your elected State House Representative.

I support:

- Sustainability of our Fisheries:
 - Through continued investment in Science, Technology, and Fisheries Management.

- Education:
 - Our children are the greatest resource for our future and need our support.

- Save the PFD:
 - Protect the PFD by returning to its original formula.

- No New Taxes at this time:
 - New taxes would erode the ability of smaller communities to maintain their way of life.

- Economic Development for Alaska:
 - A long term fiscal plan to create new taxable wealth as we currently have with North Slope Oil.

- Public Safety:
 - SB91 must be rewritten to protect our communities and give authority back to Law Enforcement.
