Friends of Eagle River Nature Center

**Special Interests:** Hiking, Biking, Skiing, Skating, and spending time with my family.

**Position Statement:**

With the State still facing a multi-billion dollar deficit, we need representatives in Juneau who are willing to set aside party politics and work together to develop a long range fiscal plan that will ensure the prosperity of Alaska. That plan must include a balanced combination of strategic cuts, new revenue sources, and responsible use of the Permanent Fund earnings to ensure a vibrant future for the next generation of Alaskans.

As oil revenues decline, we need to find creative solutions to diversify this economy. Having worked in both the oil industry and public education, I appreciate the challenges presented by shrinking budgets. I also recognize the value of responsible investment in both the public and private sectors. We need to make strategic cuts when necessary, but we also need to make sure we protect and expand the basic infrastructure that makes Alaska such a great place to live.

As a 34 year resident of Eagle River, I understand the diverse interests of this community. I am running as a nonpartisan candidate to provide a common sense, independent voice for the people of District 14. I believe there are reasonable solutions to Alaska's fiscal problem. I believe the people of Eagle River are ready to set aside partisan politics. And I believe we need to act now, to create a vibrant Alaska for future generations.
