Special Interests: My personal interests include music, hunting, fishing, community activity and volunteer service.

Other:

Sigma Beta Delta Honors Society for Academic Excellence Recipient

Position Statement:

Alaska does not have a fiscal problem. We have a leadership problem. And all problems have solutions.

Most politicians are very good at promising to study problems – but real leaders make commitments to solve them.

The foundation of Alaska's government is the Alaska State Constitution. It is very simple and considered to be one of the best of any state.

Legislators need to start by following the Constitution.

The current Administration and Democrat lawmakers believe that if government is short of revenue then it simply needs to reach into the pockets of the state's citizens, and reach into the pockets of the businesses who create jobs, to cover government's spending.

Alaska can prosper for generations if we get back to the basic principle that you don't spend more than you make – and you don't rob Peter to pay Paul.

Military service taught me the value of teamwork, honesty and hard work. As District 25's Representative I will bring those values to Juneau and work on your behalf to solve our drug and crime problem, and reduce the bureaucracy that wraps red tape around every business trying to grow and create jobs in Alaska.

We have abundant resources and we need to develop those resources to the maximum benefit of every Alaskan. If you put your trust and your vote behind me, I guarantee that I won't let you down. Like you, I have children, and I want them to enjoy boundless opportunities as they grow up. Let's get to work!
