PRE-ELECTION CHECKLIST

- Recruit 3 - 4 workers. Ensure your board is politically balanced.

- Verify you received all supplies and voting equipment according to your supply inventory sheet. If anything is missing, contact your election supervisor immediately.
- Store the ballots, supplies and voting equipment (precinct scanner and voting tablet) in a safe location. Store equipment in a warm, dry, secure location. DO NOT store voting equipment in the cold.

- VERIFY that the voter entrance and any separate ADA entrances remain unobstructed and accessible to all voters.
- WALK from the parking lot to the voting booths. Are there any obstructions that might make it difficult for someone in a wheelchair or with limited mobility to navigate this path?

THE DAY PRIOR TO ELECTION DAY

- Remind workers to be at the polling place at least 1/2 hour before polls open.

CHAIRPERSON:

For **scanning precincts**, assign an Election Official to set up the scanner using the separate *Precinct Scanner Guide*.

For **hand count** precincts, assign an Election Official to set up the ballot box.

Seat the ballot box inside the bottom with the side pins on the outside. Twist bottom latches to secure. Align the lid flanges into the slots and secure with a zip tie.
Assign an election official to set up the Voting Tablet using the separate Voting Tablet Guide.
**SET UP ACCORDING TO GRAPHIC**

**Step 1:** Lift the legs, straighten the diagonal brace and set the booth upright.

**Step 2:** Open the booth by inserting a pen or similar object and slide the metal locks towards the center of the case.

**Step 3:** Raise and straighten the metal curtain supports and extend the curtain arm on each support.

**Step 4:** Place the lid of the case upside down on the front support and hook the holes along the back edge of the lid.

**Step 5:** Hang the white curtain around the sides and fix the striped curtain to the front with the metal rods.
Step 1: Lift the legs, straighten the diagonal brace and set the booth upright.

Step 2: Open the booth by inserting a pen or similar object and slide the metal locks towards the center of the case.

Step 3: There should be two metal feet for each handicap-voting booth. The feet are left and right specific. One at a time, place the short metal stubs on a foot inside the tubing that forms a leg of the booth. Rotate the flat metal end pieces and hook them to the metal stops attached to the booth’s leg. Extend the curtain arms on each support to the front and straighten the diagonal braces.

Step 4: Position the lid of the case so that the end of the booth’s upright curtain supports first through the holes in the short side of the lid. The long side of the lid will hang down the back of the booth. There are 1 ½-inch screws protruding from the long side of the lid. Push these screws through small holes in the upright curtain supports.

Step 5: Hang the white curtain around the sides and back of the booth. Fasten the curtain to the extended curtain arms using the spring clips attached to the top of the curtain.

Step 6: The door curtain has a metal rod with ends that are bent at right angles. Insert the ends of the curtain rod into the small openings at the end of each curtain arm at the front of the booth.
Step 1: Check the voter’s identification – Acceptable forms of ID are listed on the “Have Identification Ready” poster.

- **Do you personally know the voter?** If so, you do not need to ask for ID, unless MUST SHOW ID appears on the voter’s signature line.

Step 2: Locate the voter’s name on the precinct register.

- If the voter’s name cannot be located or has changed, the voter **MUST** vote a questioned ballot.

- If MUST SHOW ID appears on the signature line, the voter must show ID even if you know them. If they do not have ID, the voter must vote a questioned ballot.

- Questioned or special needs voters DO NOT sign the precinct register.

Step 3: Mark the type of ID presented by the voter with an X in the appropriate column or if personally known, mark PK.

\[(VC) = \text{Voter ID Card} \quad (OI) = \text{Other ID} \quad (PK) = \text{Personally Known}\]

Step 4: Have the voter sign the precinct register.

- Highlight the voter’s name on the precinct register.

- Voter signs or makes a mark on the precinct register above their printed name.

- Give the voter a “Signed Register” card.
Step 5: The voter MUST vote a questioned ballot if:

- Voter’s name is not in the register
- Voter does NOT have ID and is not personally known
- Voter’s eligibility was challenged
- Voter arrived after 8:00pm and demands to vote
- Voter’s name changed
- Voter’s residence changed
- Already Voted is on signature line
- MUST SHOW ID is on signature line and voter still does not have acceptable identification

Step 6: Direct voter to the ballot issuing official to receive their ballot.

REMINDER
If the voter has signed the precinct register and leaves without voting or votes a questioned ballot instead, cross out the voter’s signature and make a note on the precinct register.
BALLOT ISSUING OFFICIAL

Collect the Signed Register card from the voter.

Signed Register

Step 1: Issue voter a paper ballot unless the voter needs or would benefit using the voting tablet. If the voter is going to use the voting tablet, direct them to the Voting Tablet Official for assistance.

Step 2: For regular paper ballots, you will issue them in numerical order, starting with the lowest stub number first. Provide the ballot to the voter inside a secrecy sleeve folder.

Step 3: Provide instructions to the voter:

- Vote both sides of the ballot, if applicable.
- Completely fill in the ovals.
- **Ranked Choice Voting General Election Only:** Voter ranks as many or as few candidates as they like by completely filling in the oval in the (1\textsuperscript{st} Choice, 2\textsuperscript{nd} Choice, 3\textsuperscript{rd} Choice, etc.) column for each candidate. The voter can only fill in one oval for each candidate or column.
- Deposit ballot into precinct scanner or ballot box.

Write-Ins

(GENERAL ELECTION ONLY)

Voter must write the name of the write-in candidate on the space provided AND completely fill in the oval to rank their choice. A list of write-in candidates will be included in supplies for election officials to assist voters. Do NOT post the write-in list or discuss write-in candidates.
Spoiled Ballots MUST be recorded.

If a voter makes an error on their ballot the voter may receive a replacement ballot. A voter may only be issued up to **two** replacement ballots of any combination (paper or voting tablet).

**Step 1:** Record that the ballot was spoiled on the “Spoiled Ballot Envelope Log”.

**Step 2:** Instruct the voter to tear up the spoiled or mismarked ballot and place it into the Spoiled Ballot Envelope.

**Step 3:** Issue the voter a new ballot. Only issue one replacement ballot at a time.

BALLOT BOX OFFICIAL

Step 1: Instruct voters to insert their voted ballot into the designated ballot box, either by feeding the ballot through the precinct scanner or by dropping it directly into the ballot box, depending on your location.

- **Please be aware** that there is about a TEN-second delay before the ballot will be accepted by the scanner.
- **Once ballot is in ballot box** voters may NOT be issued a new ballot. DO NOT retrieve ballot from ballot box. If the voter demands a new ballot, they must vote a questioned ballot.
- **Questioned and Special Needs Ballots** – Must be sealed in their ballot envelope then placed in the emergency bin or other ballot box. Make sure voters are not attempting to place their questioned or special needs ballot (without an envelope) into the ballot box.

Reminders:
- To give the voter privacy, stand to the side of the ballot box where the display screen of the precinct scanner is located.
- Election officials may assist voters. Be mindful of privacy.

If the ballot is rejected from the scanner:

If the ballot still will NOT scan, voter may spoil their ballot and receive a replacement ballot or if voter does NOT want a replacement, voter inserts ballot into emergency bin.</td>
</tr>
<tr>

Step 2: Thank the voter for participating and provide them with an “I Voted” sticker.
QUESTIONED OFFICIAL

EVERY ELECTION OFFICIAL MUST SIGN THE QUESTIONED VOTER REGISTER

Why a questioned ballot?

- Not on the precinct register
- No identification and is NOT personally known
- MUST SHOW ID is on signature line and voter still does not have acceptable identification
- Residence address or name change
- Voter’s qualifications are challenged
- The voter has already voted

Step 1: Give this notice to the voter.

Step 2: Voter MUST complete the questioned register.

I further certify that I am a US Citizen; a resident of Alaska; at least 18 years of age; and I have not been convicted of a felony, or having been so convicted, have been unconditionally discharged from incarceration, probation and/or parole. I am not registered to vote in another state, or I have taken the necessary steps to cancel that registration. I am or have been a registered voter in Alaska at some time in the last 4 years or am newly registering. I have not and will not vote in any other manner in this election. Step 3: Check Voter’s ID.

If the voter does not have identification, mark “no identification and unknown” in the lower right-hand corner of the envelope. The voter may still vote using the questioned ballot.
DO NOT remove the top copy.

Completed and sealed envelopes must **NOT** be opened by the ballot box. **DO NOT** open the questioned envelope.

Fold the ballot, place it inside the grey secrecy sleeve, insert it in the completed questioned ballot envelope and give to voter. Completed and sealed envelopes must go into the ballot box. **DO NOT** open the questioned envelope. **DO NOT** remove the top copy.

**Step 4:** Voter

Be sure to mark the reason for voting a questioned ballot. Record the line that the voter signed on in the questioned register and put that number here.

**Step 5:** Election official

Complete the questioned ballot and put it in the questioned register on the voter signed line. Be sure to mark the reason for voting a questioned ballot.
SPECIAL NEEDS OFFICIAL

Special needs voting is for any voter who is unable to go to the polling place due to age, illness, or a disability. Special needs voters **DO NOT** sign the precinct register. **DO NOT** open special needs envelopes.

*(See the reverse side for an example envelope)*

**Step 1:** The Election Official completes 1-3 on the left side column of the envelope, under When Issuing a Ballot.

**Step 2:** The representative completes the Special Needs Voting Register.

**Step 3:** The representative completes Step 1 of the envelope and signs under Step 1.

**Step 4:** Place a ballot inside a grey secrecy sleeve, then place inside the completed special needs envelope. **Do NOT** seal. Give ballot package to Personal Representative.

**Step 5:** Instruct the representative that the voter completes 1-9 under Step 2, the representative signs on line 10 under Step 2, and returns the ballot to any precinct by 8:00 pm.

**Step 6:** When an envelope is returned to your location, verify all information is complete, complete 1-2 on the left side column under when ballot is returned, write date returned on the special needs register.

** Make a note on Special Needs Register if the ballot is not returned by 8:00 pm on election night.

**Reminders: (1)** The voter’s residence address should be where they reside and not a temporary location as this can invalidate portions of the ballot. **(2)** If a special needs ballot is returned *that you did not issue*, this will not affect your ballot accountability and do not record it on any register. Accept the ballot as usual and deliver it with all election materials. **(3)** If a voter’s disability prevents them from completing the envelope the representative may do so for the voter.
Voter and Representative must sign. The Representative MUST sign as a Witness in both Step 1 and Step 2 and it MUST BE THE SAME REPRESENTATIVE.

DO NOT remove the top copy.
Federal law allows a voter to have a person of his or her choice aid the voter during the voting process.

**Who can assist a voter?** - Anyone can aid a voter except for a candidate for office in the election, the voter’s employer or agent of that employer, or an officer or agent of the voter’s union.

The person helping may go into the voting booth to assist the voter.

**Voter can’t sign?** This works! The voter can make a mark.

---

Can I Help? – For detailed tips on assisting voters:

- Disability & Voter Assistance - Refer to pages 29 and 30 for more information on disability awareness and voter assistance.

- Language Assistance – Refer to the *Election Procedures for Bilingual Election Workers and Translators* manual.
  - Use the *Language Assistance Requests Log* to record the type of assistance provided and in what language. Do not list voter’s name.
  - **Sign** and return the *Language Assistance Log* even if you did not have any voters who requested language assistance.

Need a translator? – Contact your election supervisor

- At least one member of the election board is bilingual in many rural precincts.

- When providing an oral translation of the ballot information, the translator may not voice their own opinion on candidates or issues appearing on the ballot.
General Awareness Tips

- **Use common sense.** Treat people with disabilities the same way you would treat others – as a person! A person is a person first. The disability comes second.
- **Be sensitive to their needs.** People with disabilities are much more independent than people give them credit for being. Getting around the physical environment is often less frustrating than trying to communicate with people who are not sensitive to their needs.
- **Stay focused.** Limit inquiries about the person’s disability to access and accommodation needs. It is understandable to be curious about someone’s disability and he/she may be willing to talk to you about it, but it has little to do with the business at hand.
- **Don’t assume.** What works for one person may not work for others with the same or similar type of disability.
- **Don’t be afraid to offer assistance.** If the person looks as if they need assistance, ask if there is something you can do. Don’t automatically give help unless the person clearly needs it or has asked for it.
- **Don’t be patronizing.** Show the person the same respect that you expect to receive from others. Treat adults as adults.
- **Use appropriate terminology.** Avoid terms like physically challenged and handicapped. Within the disability community, it is common practice to say, “people with disabilities” rather than saying “disabled people”. Saying “a person who uses a wheelchair” is appropriate. “Wheelchair user”, “wheelchair bound” or “wheelchair restricted” is not. If in doubt, ask; people with disabilities are generally tolerant and forgive most social blunders.

Disability Awareness and Voter Assistance Information

The voter may have a person of his or her choice help as long as that person is not their employer, agent of their employer or agent of a union that the voter is a member of. Service animals are also allowed. Sample ballots are great tools to assist voters. If voters are standing in line, encourage them to review sample ballots so that they are prepared to vote when they get into the voting booth.

- Give the person extra time to complete each task.
- Offer voters with disabilities the opportunity to vote unassisted on the voting tablet.
- If you notice that someone appears confused, approach the person courteously and offer assistance.
- Ask questions to determine if assistance is needed. Suggest specific actions, as opposed to general processes.
- Explain concisely. Exercise patience. Voting can be a first-time experience for some people.
- Ask for help from a service provider, if available. Service providers may transport and accompany individuals or groups. Their goal is to support the integration of people with disabilities in the community.
- Offer assistance with reading, equipment operation, etc. People may have low-language and/or reading skills. Helping people use the voting tablet may be necessary.
- Stay aware in case the person needs more help. People who experience cognitive impairments may avoid asking for help.
ASSISTING VOTERS WITH...

**Hearing Impairments** - Speak clearly and distinctly but don’t exaggerate. Use normal speech speed unless asked to slow down. Speak directly to the person, instead of from the side or behind the person.

- If you are having trouble understanding a deaf person’s speech, feel free to ask him/her to repeat. If that doesn’t work, then use paper and pen. Printed instructions may be useful.
- If a person who is deaf is with an interpreter, speak directly to the person, not to the interpreter.
- Find out how the person communicates. If the person reads lips, speak in a normal fashion. Do not exaggerate your speaking. Short and simple sentences and yes/no questions may work best. Avoid blocking the view of your face and mouth.
- Get someone’s attention by tapping his/her shoulder or gently waving your hand in front of that person before starting a conversation.

**Visual Impairments** - Introduce yourself and let the voter know that you are an election official.

- Give the person verbal information about things that are visually obvious to those who can see. Describe things from their perspective, not yours. Some people who are blind use a “clock” reference for things or obstacles directly in front of them. For example, you can state, “There is a chair at 10 o’clock.” Before using this method, ask if it is useful to them.
- Lead someone who is blind only after he/she has accepted your offer to do so. Touch his/her arm, and then offer your arm to guide that person. Allow the voter to hold your arm rather than you holding on to theirs.
- Do not interact with a service animal or guide dog while it is working.
- Keep the path to the voting booth clear of obstacles.
- Inform the person of snow levels and/or icy conditions when walking on the sidewalk or ramp near the door. This can help prevent accidents.
- Do not leave a person who is blind in an empty space. Provide a physical object, a table, chair, etc. so that he or she can remain oriented. For example, “The chair at the registration table is directly in front of you, about 18 inches. Would you like me to place your hand on it?”
- If you are with a person who is blind and need to leave, tell him/her you are going in a respectful way, such as “I need to go check with the election official”. Otherwise, he/she may not realize you have gone and try to continue a conversation.

**Mobility Impairments** - Watch diligently for voters with mobility issues. If necessary, assist the voter into the polling place.

- Offer assistance but wait until it is accepted before giving it. Giving help before it is accepted is perceived as rude and can sometimes be unsafe.
- Don’t touch a person’s wheelchair without permission.
- Give the person adequate time to complete tasks.
- Eye contact is important for one-on-one conversation. Find a nearby place to sit where you can see eye-to-eye.
- Talk directly to a person with a disability as you would any other person.
SECURE UNUSED BALLOTS & STUBS

Step 1. Provide the First Unused Ballot Stub Number and the Last Ballot Stub Number Used to the Election Official who is completing the Closing Job Card Ballot Accountability Job Card 7

Step 2. Completely Unused Ballot Pads

- **Return by Mail Precincts:** For the pads of ballots that have not had any ballots removed, seal these into the E34 Unused Ballot Envelope (return in the RED bag). For large quantities, place Unused ballots back in the box they were shipped in and place a postage paid return label on the box, tape shut and mail.

- **Return in Person Precincts:** Tape the box closed and secure with a Tamper Proof Seal and return to the election supervisor.

Step 3. Preparing Ballot Stubs

**Completely Used Ballot Pads:**
- Return the top narrow stub from the pads where all ballots were used.

**Partially Used Ballot Pads:**
- Return the stubs from partially used ballot pads. Keep the partially used pad available for completing the Ballot Accountability. Tear the bottom half of the ballots off the pad and discard the bottom half. Put the top half of the ballots, still attached to the narrow stub, in the Ballot Stubs envelope.

- Seal the envelope and sign across the flap.

**Return by Mail Precincts:** Place sealed Ballot Stub envelope into the GREEN bag if you mail back your supplies.

**Return in Person Precincts:** Place the sealed Ballot Stub envelope into the RED or BLUE supply bag if your precinct returns your materials in person to the election supervisor or Hub location.
**SPOILED BALLOT LOG**

**Step 1.** Add up the columns to get the total number of spoiled regular stubbed paper ballots.

**Step 2.** Give this number to the election official who is completing the Ballot Accountability Job Card 7.

![Image of spoiled ballot log]

**PRECINCT REGISTER**

**Step 1.** Starting on page one, count the number of signatures on each page (even if it is zero) and fill in the “# OF SIGNATURES:” line at the bottom of the register.

**Step 2.** Continue to add up the number of signatures per page and add to the previous page subtotal so that you have an increasing subtotal.

**STEP 3.** On the last page, give the final total number of signatures in the precinct register to the election official who is completing the Closing Job Card Ballot Accountability

![Image of precinct register]

For scanning precincts, assign an Election Official to close out the scanner, using the Precinct Scanner Guide.

Assign an election official to close out the Voting Tablet using the separate Voting Tablet Guide.
FOR HANDCOUNT PRECINCTS ONLY

SORT AND STACK

Once all your unused ballots are destroyed and your ballot stubs are placed in the ballot stub envelope (Closing Job Card 1), you may open the ballot box and prepare for counting the voted ballots.

To hand count the ballots, work in teams of two and sort ballots as outlined below:

**Step 1:** Sort the regular voted paper ballots so that they are all face up, using groups of 5, 10 or 25, for ease of counting.

**Step 2:** Count the total number of regular voted paper ballots.

**Step 3:** Record the total number of paper ballots on the Summary Sheet in the space provided on both the original (white) and duplicate (yellow) Summary Sheets.

Now you can begin recording results on to your summary sheets.

**Step 1:** Start with the first race on the ballot.

**Step 2:** Sort the ballots into different stacks based on which candidate in the race received the vote. *During a November General Election, sort the ballots into stacks based on which candidate in the race received a vote in the 1st choice column.*

**Step 3:** Make a stack for “No Vote Tallied.” Place ballots in this stack that were left blank, had an invalid mark, too many candidates marked in a race or in the 1st choice column.

**Step 4:** Once the ballots are sorted, each team member will count the number of ballots in the sorted stacks. One worker will record the votes on the original and duplicate Summary Sheets.

*Results will be tallied one race at a time using the ‘sort and stack’ method. Please see the following page for an example.*
FOR HANDCOUNT PRECINCTS ONLY

Example

There are three candidates in the race for State Bird (Eagle, Ptarmigan, and Raven). Sort all ballots marked for Eagle into a stack; all ballots marked for Ptarmigan into a stack and all ballots marked for Raven into a stack. Make another stack for ‘No Vote.’

Write-Ins: In a General or REAA Election, you may need a stack for write-ins. Remember in the General Election, you will only count write-in candidates in the 1st choice column.

<table>
<thead>
<tr>
<th>Stack for Raven</th>
<th>Stack for Ptarmigan</th>
<th>Stack for Eagle</th>
<th>One stack for “No vote” (over voted; blank; invalid mark)</th>
</tr>
</thead>
</table>

Once the ballots have been sorted into separate stacks, check each stack to make sure that a ballot was not placed incorrectly such as a vote for Eagle was not placed in the stack for Raven.

One worker will count the votes for each stack into groups of 5, 10 or 25. Crisscross the stacks to make it easier to track totals. As you are counting, look at the candidate voted for on the ballot to make sure it is the right candidate for the stack you are counting. Each team member should count the ballots in each stack to make sure the count is correct.
FOR HANDCOUNT PRECINCTS ONLY

Example continued

Once all ballots have been counted for a stack, for example all ballots marked for Eagle, record the total number of votes that candidate received in the space provided on the original (white) and duplicate (yellow) Summary Sheets.

The subtotal for each race must equal the total number of regular paper ballots voted. After the votes for the first candidate on the ballot are counted and recorded in the Summary Sheets, go to the next candidate in that same race and repeat the steps.

Once you have completed sorting, counting, and recording the ballots for all the candidates from the first race on the ballot, go to the next race on the ballot and repeat those same steps until all the races on the ballot have been counted.

Paper Ballots - After the entire ballot has been counted and recorded on the Summary Sheets, sign the oath at the bottom of the Summary Sheets.

Voting Tablet Ballots – Record the votes that were cast on the Voting Tablet onto the Summary Sheet. Refer to the results tape to transfer the total cast and the candidate results onto the Summary Sheets.

Examples of valid marks

Only those marks that are substantially inside the oval provided, or touching the oval so as to indicate clearly that the voter intended will be counted. The marks must indicate clearly that the voter intended that particular oval to be designated. Improper marks invalidate only that section of the ballot in which they appear.

Step 2: If you issued special needs ballots that were not returned, record this number on the ballot accountability as well on line 4. The voted special needs ballots are returned to the election supervisor. Do not open and tally special needs ballots.

Step 3: Place the voted special needs ballots and special needs register in the appropriate white Tyvek envelope included in your supplies for voted special needs ballot envelopes.

Closing Job Card 6 will provide information for determining the number of Questioned and Special Needs ballots and the Election Official assigned the Voting Tablet will provide the number of ballots cast on this device.

It is recommended that one worker complete the ballot accountability. The ballot accountability is a record of how your precinct used the ballots and it MUST be completed.

Step 1: Fill out the top part of the ballot accountability and verify that ballot stub numbers are accurate for all ballots received and used. The total quantity and starting stub number will be pre-filled.

- **Paper Ballots Used** - Record the First Unused Ballot Stub Number and the First Ballot Stub Number to get the Total Number of Ballots Used.
- **Unused Paper Ballots** – Record the Last Ballot Stub Number AND the Last Ballot Stub Number Used to get the Total Number of Unused Ballots.

Step 2: Fill out the bottom part of the ballot accountability.

- Read and complete each line on the Ballot Accountability.
- Lines 7, 8, and 9 must match the totals in the top part.

EMERGENCY PROCEDURES

PAPER BALLOT SUPPLY: NOT ENOUGH OR MISSING

What if the precinct does not have enough paper ballots or if ballots are missing?
Contact the regional election supervisor immediately. If there are not enough ballots or ballots are missing on Election Day, use sample ballots, ballots removed from an official election pamphlet or sheets of paper on which the names of candidates and issues are written until new ballots are delivered. Complete the certificate on the precinct register. (Keep in mind that you may also have the voter vote on the voting tablet unit until paper ballots are supplied.)

PRECINCT REGISTER MISSING

What should the election board do if the precinct register is missing?
Contact the election supervisor immediately. Do not turn voters away from the polls. Have all voters vote a questioned ballot until a precinct register can be provided.

- Ask each voter to sign in on the questioned voter register. If all lines are filled, have voters sign in on a separate sheet of paper. Voters must print and sign their names and provide identification.
- Ask each voter to complete a questioned ballot envelope.

If a precinct runs out of questioned ballot envelopes, voters may still vote. A plain envelope may be used. Ask voters to print their name, residence and mailing addresses and an identifier, such as social security number, date of birth or voter number on the envelope. The voter must sign the envelope and an election worker must sign the envelope as a witness.

- Ask the voter for identification. If the voter does not have identification, write “no ID” on the envelope.
- Issue the voter a ballot and secrecy sleeve or a piece of paper to return the ballot. The voter should be instructed to return the ballot to the election worker in the sleeve or wrapped in paper after voting.
- When the voter returns the voted ballot, it should be placed in the questioned ballot envelope or a plain envelope that has been written on and signed by the voter and an election worker. Seal the envelope and have the voter drop the envelope in the ballot box.
- When the election board opens the ballot box after the polls close, DO NOT open these envelopes. Rubber band the ballot envelopes together. Put them in the envelope for questioned ballots and mail or return to the election supervisor.
**POLLING PLACE NOT AVAILABLE**
What should the election board do if the polling place is unavailable?

Find another polling place. If a school, public building, church or even a private home is nearby, ask permission to set up the polling place. Post signs at both the original and new polling places so that voters can find the new location.

As soon as possible, contact the election supervisor. The election supervisor will notify the voters and the news media of the change.

**BALLOT BOX MISSING OR UNUSABLE**
What should the election board do if the ballot box is missing or unusable?

A cardboard box or similar empty box can be used as a temporary ballot box. Tape the box closed. Cut a slot in the top to make an opening large enough for ballots to be inserted.

**FIRE ALARM**
What should the election board do if a fire alarm goes off?

Assess the situation; remember the safety of the election board comes first. If possible, secure the ballots and lock the door as you leave. However, do not take any risk that may jeopardize the safety of your election board.

**TSUNAMI WARNING**
Follow evacuation instructions for your community provided by the public safety advisory for tsunami warnings. Assess the situation. Safety of your election board comes first. If possible, secure the ballots and lock the door as you leave. However, do not take any risk that may jeopardize the safety of your election board.
