

# House District 6

## Roman R. Romanovski, Republican

### OTHER:

Roman R. Romanovski is a 29 year old life long Alaskan that grew up in Eagle River where his father, Bob taught him a love for the great outdoors.

Roman attended the King Career Center's Culinary Arts Program after being inspired by watching Great Chefs of America on the Discovery Channel. Roman graduated from UAA's Culinary Program in 2008 and has been working at the Bear Tooth's Pastry Chef since 2009.

Roman likes hunting, fishing, and sport shooting. When Roman isn't working or cooking up a home meal of fresh, local, wild, organic food you can find him exercising his body by practicing yoga at Laughing Lotus or in the great outdoors cautiously stalking his next meal and spending time with his wife Valentina.

To find out more about Roman R. Romanovski become friends with him on Facebook or follow his Facebook campaign page at [www.facebook.com/romanshouse](http://www.facebook.com/romanshouse).

### STATEMENT:

Life and Liberty, These two words hold the highest regard. They have served our country well. These two words are the basis for a sound philosophy of government. Liberty brings diverse Lives together. Liberty requires tolerance for other Lives and responsibility for your Life. Liberty is Self-Determination and empowers We The People.

The enemies of Life and Liberty are everywhere. We must fight to secure our Liberty and our Lives from these enemies. We must not allow ourselves to give up our Liberty for security from these enemies.

We need a candidate that will fight central planning and the heavy hand of government deciding what is best for us; a candidate that trusts the good residents of Alaska and won't deprive them of the means to protect themselves.

We need a candidate that reveres our Constitution and Limited Government, a candidate not beholden to Corporate PACs or Public Employee Unions.

We need a candidate that is willing to Free Up the Market and create a friendly environment for local businesses.

We need Roman R. Romanovski!

I'm running for office because I got tired of complaining about my government, tired of hearing broken promises, tired of being taxed and seeing my money spent unwisely in ways I disagree with, tired of choosing the lesser of two evils, tired of wondering if my vote matters, tired of watching my Liberty and Freedom eroded.

I am fighting to empower We The People. I am running for State House, "Protecting Life and Liberty."
