Fairbanks and Anchorage

Education:

Salem Academy Charter School, Hobbies (soccer, lacrosse, skiing, dirt biking, hiking)
Western New England University (Springfield MA, studied engineering 1 year)
University of Alaska Fairbanks (ASUAF, Studied psychology during covid stood against it for the treason and terrorism it was got retaliated and trespassed for standing up for civil rights)

Political and Government Positions:

Independent nonpartisan conservative with a understanding and position on long covid, covid coercion, and ongoing scheme against the constitution. Americans are being lied to in the long term and its interfering with their voting patterns.

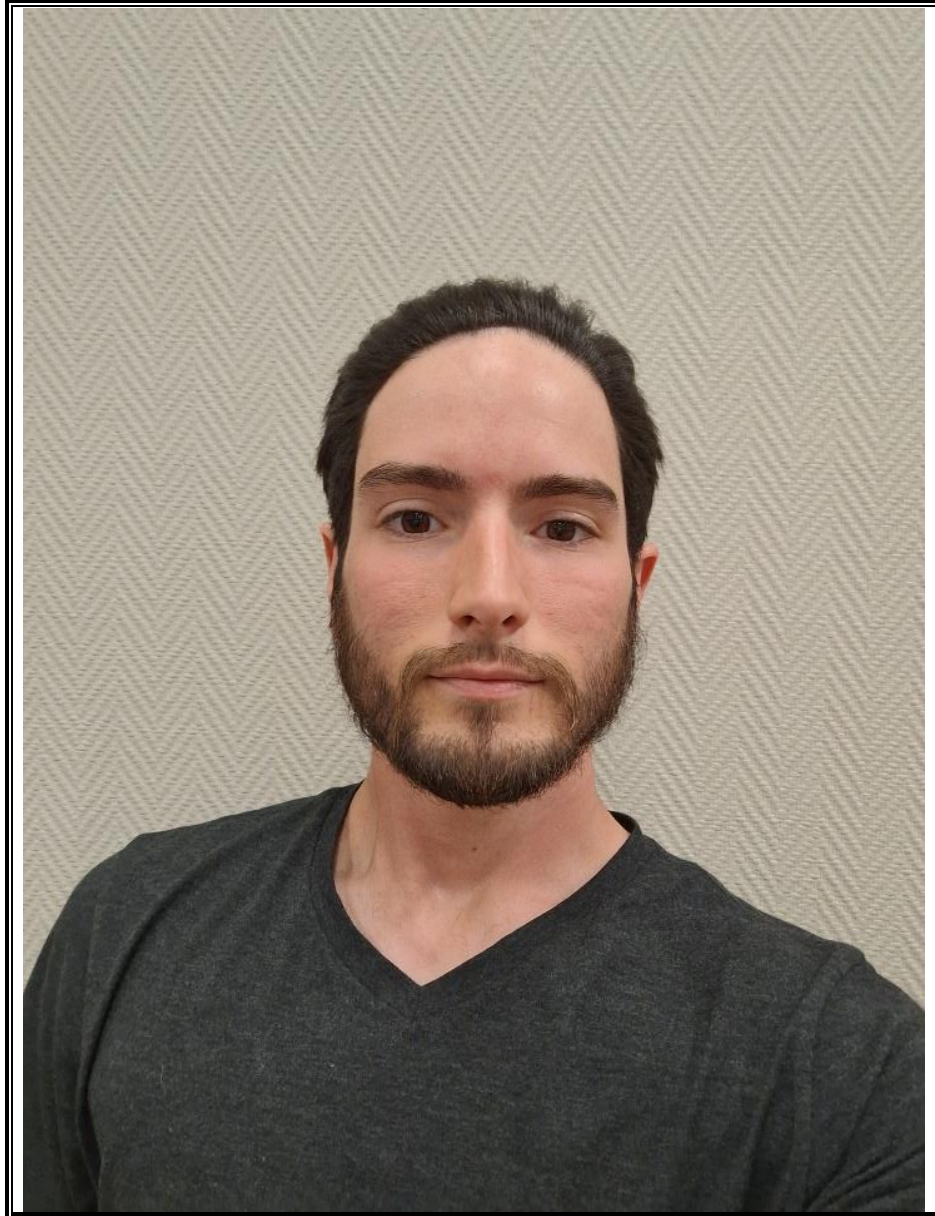

Business and Professional Positions:

I am a free market fiscal conservative willing to use my position in congress to regulate the currency in accordance with the powers of the office and reclaim the authority from the FED.

Position Statement

I'm running for office to expose and hold accountable the ongoing crimes against the country and the information warfare psyop operations being run against the American people contributing to outcome determinative election fraud. I encourage all Alaskans to find and follow me on facebook as well as keep track of the information being disseminated on telegram for various purposes. If you haven't heard about my two court cases for treason, including for the use of spacetime WMDs and election fraud, the media is manipulating the flow of information. If you felt coerced by covid guidance or think that it violated nuremberg code and constituted treason, want a declaration of global war against the deep state cartels and seizure of canada for engaging in war crimes against the USA by means of covid guidance or the resulting spoils of war, a restoration of the currency in accordance with NESARA, or a healthy respect for civil liberties and states rights I encourage you to vote for me. I will fight smarter than anyone in Washington and bring back a healthy respect for the last frontier and the benefits of the state we all enjoy. The country needs less of the lower 48 in Alaska and more of Alaska in the lower 48. I will bring forth a series of bills designed to rid bureaucratic interference with the state's right to engage in commerce continuing to boost our resource economy and institute tribunals for that and other covid interferences with civil rights.
