Position Statement

It's been my privilege to represent you. I'm seeking reelection because I want our district to have the strongest voice possible in Juneau. As a senior member in the House, I've teamed with Senator Hoffman and Bush Caucus members to ensure the needs of rural Alaska are always a top priority. Last session, we led the charge to increase funding for public education, Head Start, the VPSO program, rural school internet speeds, school major maintenance, weatherization, and PCE.

It's not easy living in remote Alaska. Everything costs more, including energy, and the challenges we face are unique. Drug use continues to rise and we're in the midst of an overdose epidemic. Beyond protecting vital state programs to tackle these problems, we also need to take steps to protect our subsistence rights, which are once again under attack.

I strongly support returning to a defined benefits retirement plan to help keep state employees in the Bush, including our teachers. As a member of the Seafood Task Force, I will strive to assure our fisheries have a prosperous future.

I will continue to work in a bipartisan manner to maintain funding for important rural programs like K-12 schools, VSPOs, troopers, ferries, essential capital projects, among other needs. We also cannot lose sight of the tremendous importance of the PFD and our state's fiscal future.

Thank you again for your support and encouragement. I look forward to being your voice in the legislature for the next two years.
