OTHER:

32 years of high-risk, high-intensity, mission-focused,
combat leadership experience.

STATEMENT:

Rights, Liberties, Freedoms

I have been defending our Constitution for 32 years against
our enemies and now turn my focus to protecting your
individual rights, liberties, and freedoms at the community
level with the same vigor and tenacity. Upholding the
principles and intent of our U.S./Alaska Constitutions is
paramount in all we do.

Economic Engine

We need to posture Alaska to serve a leading role in our
Nation's resurgence in energy production during the 2025
Presidential term. This will reinvigorate clean natural resource
production to historic levels and resolve Alaska's immediate
energy needs while bolstering our Nation's strategic
requirements. This resurrection will create numerous local
jobs, strengthen the Permanent Fund/PFD, reconstruct a
viable state budget, and rejuvenate our state/local economy-
reversing inflation. Recovering fisheries is vital.

Budget Reform

We will mandate reforms that demand fiscal accountability
for past, present and future expenditures, institute spending
limits, and provide constitutional certainty for your PFD.
Government will endure audit to right-size agencies and to
maximize productivity/efficiency.

Education

We will strengthen parental involvement through a charter
school construct allowing parents to formulate policy, budget,
and curriculum decisions—maximizing student benefit.
Eliminating boundaries will increase your school choices;
correspondence schools will receive maximum support.

Leadership and Integrity

As a retired General Officer, I offer you a unique leadership
skill-set to guide our community through these unprecedented
times. As your neighbor, I strongly desire to secure/defend
our traditional American values of patriotism, faith, family,
community, and the rule of law. Please visit <https://www.johnhillyerforalaska.com/> for additional information.
