National Association of State Boards of Education, Editorial Advisor
Host, AFS International Exchange

Special Interests:

Kayaking, bicycling, hiking, baking, German language

Other (Biographical Information):

As an educator with 30 years of experience, I have been fortunate to work in both formal and informal education settings: as a National Parks Education Specialist at Katmai National Park in Southwest Alaska, as a science center education trainer, and as a public-school elementary teacher in Sand Point for 1 year and Sitka for 19 years. It has been a tremendous honor to work for the people of House District 2 over the past two years!

Position Statement

It has been an honor to serve as the Representative for the 21 communities in House District 2. In my first term I supported balanced budgets that did not require a draw on savings, advocated to stabilize the Alaska Marine Highway System and worked across party lines to ensure that all forms of public schools are supported. There is much more work to do.

As a member of the House Education Committee, I recognize and will continue to advocate for stable and predictable funding for public schools.

Serving on the House Fisheries Committee, I was especially proud to sponsor a resolution supporting the troll fleet against a misguided lawsuit. I am committed to maintaining Alaska's seafood industry and the working waterfronts that sustain our coastal communities.

On the Community and Regional Affairs Committee, I worked to maintain local control and ease the burdens on the rural municipalities I am so honored to represent. This year I will visit all 21 House District 2 communities again, meeting with leaders and learning about local issues.

Running as a non-partisan independent, I am committed to working across the aisle toward goals we can all support, like educating the next generation of Alaskans, growing our economy, and protecting our fishermen from outside threats. I am committed to Alaska's tradition of coalition leadership, and I will fight to ensure Southeast Alaska's concerns are brought to light in the legislature. I believe in the Alaskan values of hard work, grit and service above self.
