## Position Statement

Alaska should be a beacon of conservatism. Unfortunately, we have elected officials in Juneau who bend to the pressure of the media and liberals. It's time to put Alaska on the right track.

As your next State Senator, I'm going to tackle the tough issues of controlling spending, having a reliable permanent fund dividend, bringing back affordability, holding the line against taxes, stopping the radicalization of our children, protecting our Constitutional rights, and strengthening public safety.

As a former member of the Alaska House of Representatives for Chugiak-Eagle River-JBER and a United States Army veteran, I have the proven conservative track record and backbone you can trust especially when it comes to our 2nd amendment rights. While others talk, I have done it.

When it comes to helping our economy and affordability, I have the experience. For over a decade, I

worked for our nation's leading small business advocates -the National Federation of Independent Business. I am the only candidate who has signed the No New Taxes pledge. I am committed to make Alaska affordable again.

Did you know that Alaska is 49th in empowering parents in the schools? I will work to improve parental rights because I know involved parents increase chances for success.

I also support school choice and charter schools.

Our legislature has refused to join the national movement for Congressional term limits.

As the State Chair for U.S. Term Limits, I will work to pass the resolution.

I would be honored to have your vote. [JacksonforAlaska.com](http://JacksonforAlaska.com)
