Position Statement

Alaska has given me and my family everything we have, and I am running for State House to do my part and Make Alaska Great Again! My family has been in this Valley since 1935, needless to say, it has changed. We can all sense the current lack of direction in our State and feel the damage caused by our politicians in Juneau. If elected, the first piece of legislation from me will be TERM LIMITS! Get in, get things done and the get out! Then a FULL PFD (the way our forefathers intended) and lastly, NO TAXES! You will not see me pass one tax bill! With these trying times and economic crisis, outmigration, political correctness, and divisiveness have all taken a toll on our economy and the overall psyche as a State and people. As someone who was born and raised in the Valley, I am tired of us being treated like the stepchild to Anchorage, Fairbanks and Juneau. Getting the scraps and leftovers. It's Time for a Change...Send me to Juneau to be a voice for the VALLEY and our way of life.
