Other (Biographical Information):
I'm a proud daughter of Filipino immigrants who bought their first home in Airport Heights. I grew up in my family's assisted living homes, graduated from our public schools, and am now a homeowner in Mountain View. I love Alaska dearly and I can't imagine living anywhere else.

Position Statement

I am running for re-election because House District 19 deserves representation AND results. As a vibrant voice in Alaska's capital with nearly a decade of political experience, I was one of the most effective freshman legislators. I pushed for better snow plowing and passed three policies to enshrine Filipino American History Month, allow Medicaid to pay family caregivers, and improve SNAP by promoting self-sufficiency while reducing government bureaucracy.

Our state needs a comprehensive fiscal plan to fund public education, rebuild our workforce, and protect the PFD for our most vulnerable Alaskans. So long as I feel the absence of friends who have left the state and the cynicism of neighbors towards their home, I will step up to champion a better Alaska. I know there's a future here if we have a functioning government that listens to communities, protects civil liberties, and supports opportunities for Alaskans to succeed.

My priorities:

- Protect the Permanent Fund and PFD by passing new revenues
- Fully fund schools from Pre-K to UAA and trades
- Address high costs of child care, housing, energy, and health care
- Improve government services and pass pension reform for state employees
- Strengthen neighborhoods through safe streets and parks
- Support local business and grow Alaska's workforce
- Invest in renewables and preserve our lands and waters

I would be honored to continue serving the area that raised me and fight for the needs of Airport Heights, Mountain View, and Russian Jack as your state representative.

Maraming salamat for your vote.
