Position Statement

I'm a fourth-generation Alaskan, a proud parent of two, and a husband. I have twenty years of experience in public service and I would be honored to represent you in Juneau. Running for political office is like applying for a job. When you compare my qualifications, experience, and dedication to our community's needs, you'll find that I am the best candidate to serve as your legislator.

I am committed to fighting for you and your family to create:

- A Safe and Affordable Community
- Good-Paying Jobs
- High Quality of Life for All Alaskans
- Thriving Small Businesses
- Quality Schools

I have a proven track record of working across party lines to get things done:

- Alaska Performance Scholarship Plan
- Anchorage Curbside Recycling
- Alaska Grown Food in Schools Grant Program
- Kusilvak Economic Development Initiative
- 2024 Alaska Child Care Bill and Funding

I am running as an Independent because I want to bring Alaskans together to tackle our state's toughest challenges, such as long-term education funding, the Cook Inlet energy crisis, a balanced budget, and a fiscal plan that doesn't make our state go bankrupt.

My goal is to make our state government work for YOU, not the special interests. With your support, we can bring about the change we need in Juneau and steer our state back on the path to prosperity.
