Position Statement

A Pro-Trump Conservative; Pro-Life, Pro-2nd Amendment, America-First, Pro-Economy. Our private economy has been throttled, Governor Bill Walker vetoed our dividend. The AKLEG continues capping this invested payout (2017-2024). Legislatures shall abide by the law as written in statute follow the Hammond average earnings 50/50 share/split, no more no less. Our government is overreaching by claiming market value instead of full average interest payments. Taking it for unapproved bureaucracy in the government nonprofit sector w/fruitless unprofitable programs or other nonprofit activities.

Restore and protect the PFD according Its original formula. Rank none The RINO-incumbent/ RINO-Non-profit sector challenger will continue this sloppy agenda. Big bloated budgets jeopardize our future. Unsustainable non-profit government is overburdening the private economy. The PFD theft continues. I stand for Maximum State Constitutional benefits for the people of Alaska taken from our vast renewable resources. We must cut taxes and critical regulations for non-essential bloat. We must develop critical natural resources to secure security, prosperity and stop RINO-Democrat agendas.

Priorities for 2024:

- Fast track critical resource projects, gold, oil, lithium, graphite...
- Transparency in budgeting
- Restore PFD formulas w/payments (Governor Hammond's Full)
- Obligations to Veteran-Seniors
- Law enforcement, Public Safety
