Rotary, Lions, Kiwanis, APO, + dozens of smaller groups

Special Interests:

Photography, Volunteering, Nature, Chess, Logic, Truth examples @ www.AlaskaQuinn.com

Other (Biographical Information):

I do not accept contributions. Please share the message "Women & Children First!" As a matter of principle, I have never taken the PFD. I will not sell you out for money. As a statesman, I think long term for the common good of your children & grandchildren. Your average politician thinks short term power/greed. I believe Christian Nationalism is a cancerous virus destroying the soul of the greatest nation on earth & we should stop it. Please search NACL and Christian Nationalism to learn more.

Position Statement

Women & Children First! Alaska ranks among the worst for Rape, Domestic Violence, Child Abuse, and Child Well-Being every decade. This is a disgrace which sends negative ripples through all other aspects of our society! Every second Alaskan woman does not need to be raped or assaulted because we do not care. We have a welcome sign inviting rapists and abusers to come and be paid by PFD to do evil. WWJD? Our children deserve the best education, foster care, adoption systems in the USA and our women deserve to be safe! No improvement then no PFD.

We need election reform including: term limits; taxing all campaign contributions at 90% then distribute the wealth to improving the entire election system such as poll worker pay, better security, improved access, balanced candidate access to voters, free valid voter ID, etc. Taxing is constitutional and does not stop freedom of speech. Politicians should only be paid after submitting an online 40 hour/week detailed time sheet.

We need to stop Christian Nationalism which is spreading as a cancerous virus destroying the soul of the greatest nation on Earth. Search NACL and Christian Nationalism to learn more and stop it in Alaska.

Revenue can increase by equally taxing all resources that leave the state regardless of loopholes like S-corporations. Implement an income and sales tax where local residents receive a 10% reduction for each month they actually live in Alaska. If you live here 10+ months then you pay zero. Tourists/Texans pay full.
