6 AAC 240.040. Wainwright Precinct. Repealed. (Eff. 5/31/2012, Register 202; repealed ___/___/___, Register ___)

6 AAC is amended by adding a new chapter to read:

**Chapter 300. Statewide Election Districts and
Election District Precincts**

6 AAC 300.010. Election districts established. The Redistricting Board established the House election districts of the state by issuing the board's *Proclamation of Redistricting* on July 14, 2013.

(b) The boundaries of the House election districts of the state are depicted on maps approved and adopted by the Redistricting Board in preparing its July 14, 2013 *Proclamation of Redistricting*. Also, each election district is described in narrative form in the board's *Description of 2013 Proclamation Plan House and Senate Districts*, prepared July 14, 2013. To the extent any inconsistency may arise between the maps and the narrative regarding the proper location of the boundary of an election district, the division of elections will rely on the boundary locations depicted on the maps approved and adopted by the board. (Eff. ___/___/___, Register ___)

Authority: AS 15.10.020 AS 15.15.010

Editor's note: The Redistricting Board's Proclamation of Redistricting July 14, 2013, and its *Description of House Districts* may be reviewed at the offices of the director of the division of elections and are set out in part in Art. XIV of the Alaska Constitution.

6 AAC 300.020. Election district precincts established. (a) 6 AAC 301 – 6 AAC 340 describe, respectively, the voting precincts established by the division of elections for each House election district established by the Redistricting Board. The election district voting precincts are depicted on maps approved and adopted by the division of elections in the division's document titled *Voting Precinct Maps*, dated July 14, 2013, each of which maps is adopted by reference. To the extent any inconsistency may arise regarding the proper location of the boundary of a voting precinct, the boundary locations depicted on the maps approved and adopted by the division of elections take precedence over the narrative descriptions set out in 6 AAC 301 – 6 AAC 340.

(b) If a portion of the boundary of a voting precinct as described or depicted as set out in (a) of this section also forms a portion of the boundary of the election district in which that precinct is located, and if there is an inconsistency between the depiction or description of that portion of the precinct's boundary and the depiction or description of the election district's boundary under 6 AAC 300.010 takes precedence. (Eff. ___/___/___, Register ___)

Authority: AS 15.10.020 AS 15.15.010

Editor's note: The document *Voting Precinct Maps* dated July 14, 2013, and the maps approved in that document, adopted by reference in 6 AAC 300.020(a), may be reviewed at the division of elections offices in Anchorage, Fairbanks, Juneau, or Nome.

Chapter 301. House District 1 – Downtown Fairbanks.

6 AAC 301.446. Aurora Precinct. Beginning at the intersection of eastern bank Noyes Slough and Johansen Expressway; then southwesterly along the centerline of Johansen Expressway to its intersection with the Alaska Railroad right-of-way; then easterly along the centerline of the Alaska Railroad right-of-way to its intersection with an unnamed road; then southerly along the centerline of the unnamed road and its extension to its intersection with Chena River; then westerly along the northern bank of Chena River to its intersection with Peger Road; then northerly along the centerline of Peger Road to its intersection with the City of Fairbanks boundary; then easterly along the City of Fairbanks boundary to its intersection with College Road; then easterly along the centerline of College Road to its intersection with Mary Leigh Avenue; then southerly along the centerline of Mary Leigh Avenue to its intersection with O'Connor Road; then easterly along the centerline of O'Connor Road to its intersection with Noyes Slough; then northeasterly along the north bank of Noyes Slough to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

Beginning at the intersection of the southern bank of Chena River and University Avenue Bridge; then southerly and southeasterly along the centerline of University Avenue, following the City of Fairbanks boundary, to its intersection with Mitchell Expressway; then northwesterly along the centerline of Mitchell Expressway to its

intersection with Chena River; then easterly along the southern bank of Chena River to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 305.582. Chena Precinct. Beginning at the intersection of Chena Ridge Spur Road and the Parks Highway; then westerly along the centerline of the Parks Highway to its intersection with the GVEA Power Line; then southwesterly along the GVEA Power Line to its intersection with Blind Moses Road; then southerly along the centerline of Blind Moses Road to its intersection with Sawyer Lane; then northerly along the centerline of Sawyer Lane to its intersection with the GVEA power line; then southerly along the GVEA power line to its intersection with the Parks Highway; then southerly along the centerline of the Parks Highway to its intersection with Jeep Trail; then southerly along the centerline of Jeep Trail to its intersection with Fairbanks North Star Borough boundary; then southeasterly along the Fairbanks North Star Borough boundary to its intersection with east bank Tanana River; then northwesterly along the eastern bank Tanana River to its intersection with Bonnifield Trail; then southerly along the centerline of Bonnifield Trail to its intersection with the Fort Wainwright Military Reservation boundary; then northerly along a non-visible point-to-point line extending across the Tanana River to the north bank Chena River; then northeasterly along the north bank Chena River to its intersection with an unnamed creek; then northerly along the thread of the unnamed creek to its intersection with Old Chena Ridge Road; then westerly along the centerline of Old Chena Ridge Road to its intersection with Chena Ridge Road; then northeasterly along the centerline of Chena Ridge Road to its intersection with an Cripple Creek; then northerly along the thread of the

Cripple Creek to its intersection with Chena Ridge Spur Road; then easterly along the centerline of Chena Ridge Spur Road to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 305.586. Geist Precinct. Beginning at the intersection of the western bank of Noyes Slough and the Alaska Railroad; then southwesterly along a non-visible point-to-point line extending to Sandvik Street; then westerly along the centerline of Sandvik Street to its intersection with University Avenue; then northerly along the centerline of University Avenue to its intersection with the Alaska Railroad right-of-way; then northwesterly along the centerline of the Alaska Railroad right-of-way to its intersection with Sheep Creek Road; then westerly along the centerline of Sheep Creek Road to its intersection with Goldhill Road; then southwesterly along the centerline of Goldhill Road to its intersection with Townsend Lane; then southerly along the centerline of Townsend Lane to its intersection with Parks Highway; then southeasterly along the centerline of Parks Highway to its intersection with Chena River; then southeasterly along the southern bank of Chena River to its intersection with University Avenue; then northerly along the centerline of University Avenue to its intersection with Chena River; then easterly along the centerline of Chena River to its intersection with Chief William Drive; then easterly along the centerline of Chief William Drive to its intersection with Chief Thomas Drive; then northerly along the centerline of Chief Thomas Drive to its intersection with Phillips Field Road; then easterly along the centerline of Phillips Field Road to its intersection with Peger Road; then northerly along the centerline of Peger Road to its intersection with the Alaska Railroad; then westerly along the Alaska Railroad to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 305.587. Lakeview Precinct. Beginning at the intersection of Easy Street and Williams Gate Road; then easterly along the centerline of Williams Gate Road to its intersection with the City of Fairbanks boundary; then southerly along the City of Fairbanks boundary to its intersection with the Tanana River; then westerly along the northern bank of the Tanana River to its intersection with Airport Perimeter Road; then northeasterly along the centerline of Airport Perimeter Road to its intersection with University Avenue S.; then northeasterly along the centerline of University Avenue S. to its intersection with the Mitchell Expressway; then easterly along the centerline of the Mitchell Expressway to its intersection with Peger Road; then southerly along the centerline of Peger Road to its intersection with the City of Fairbanks boundary; then southerly and easterly along the City of Fairbanks boundary to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 305.588. Pike Precinct. Beginning at the intersection of Chena River and Parks Highway; then southwesterly along the northern bank of Chena River to its intersection with Tanana River; then southeasterly along the northern bank of Tanana River to a non-visible point on the Fort Wainwright Military Reservation boundary, east of Wenrich Island; then southeasterly along the Fort Wainwright Military Reservation boundary to its intersection with Bonnifield Trail; then easterly and northerly along the centerline of Bonnifield Trail to its intersection with Tanana River; then westerly along the northern bank of Tanana River to its intersection with an unnamed creek; then westerly along the thread of the unnamed creek to its

intersection with Airport Perimeter Road; then easterly along the centerline of Airport Perimeter Road to its intersection with University Avenue S.; then northeasterly along the centerline of University Avenue S. to its intersection with Mitchell Expressway; then northwesterly along the centerline of Mitchell Expressway to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 305.590. Richardson Precinct. Beginning at the intersection of Bradway Road and Lakloey Drive; then southerly along the centerline of Lakloey Drive to its intersection with Old Richardson Highway; then southeasterly along the centerline of Old Richardson Highway to its intersection with Rozak Road; then southerly along the centerline of Rozak Road to its intersection with a GVEA power line; then westerly along the GVEA power line to its intersection with the Fort Wainwright Military Reservation boundary; then southerly along the centerline of the Fort Wainwright Military Reservation boundary to its intersection with Tanana River; then southeasterly along the Tanana River to its intersection with the City of North Pole boundary; then northwesterly along the City of North Pole boundary to its northwestern-most corner; then northeasterly along a non-visible point-to-point line extending to the intersection of Badger Road and Repp Road; then northerly along the centerline of Badger Road to its intersection with Marigold Road; then westerly along the centerline of Marigold Road to its intersection with Woll Road; then southerly along the centerline of Woll Road to its intersection with Ownby Road; then westerly along the centerline of Ownby Road to its intersection with Benn Lane; then northerly along the centerline of Benn Lane to its intersection with Bradway Road; then westerly along the centerline of Bradway Road to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 305.592. Shanly Precinct. Beginning at the intersection of Farmers Loop Road and Tanana Drive; then easterly along a non-visible point-to-point line extending to RJ Loop; then northeasterly along the centerline of RJ Loop to a non-visible point; then easterly along a non-visible point-to-point line extending to the intersection of Alaska Way and College Road; then easterly along the centerline of College Road to its intersection with the City of Fairbanks boundary; then southerly along the City of Fairbanks boundary to its intersection with the Alaska Railroad; then westerly along the Alaska Railroad to its intersection with Noyes Slough; then southwesterly along a non-visible point-to-point line extending to Sandvik Street; then westerly along the centerline of Sandvik Street to its intersection with University Avenue; then northerly along the centerline of University Avenue to its intersection with Farmers Loop Road; then northwesterly along the centerline of Farmers Loop Road to the point of beginning. (Eff.

___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 305.594. University Campus Precinct. Beginning at the intersection of Farmers Loop Road and Tanana Drive; then westerly along the centerline of Tanana Drive to its intersection with Tanana Loop; then southerly along the centerline of Tanana Loop to its intersection with Kuskokwim Way; then westerly along the centerline of Kuskokwim Way to its intersection with an unnamed street; then westerly along the centerline of the unnamed street to its intersection with Sheenjok Drive; then southerly along the centerline of Sheenjok Drive to its intersection with N. Koyukuk Drive; then westerly along the centerline of N. Koyukuk Drive to

its intersection with RDD; then westerly along the centerline of RDD to its intersection with an unnamed street; then southerly along the centerline of the unnamed street to its intersection with Yukon Drive; then southwesterly along the centerline of Yukon Drive to its intersection with W. Tanana Loop; then northwesterly along the centerline of W. Tanana Loop to its intersection with Sheep Creek; then westerly along the thread of Sheep Creek to its intersection with the Alaska Rail Road; then southeasterly along the centerline of the Alaska Rail Road to its intersection with University Avenue; then northerly along the centerline of University Avenue to its intersection with Farmers Loop Road; then northerly along the centerline of Farmers Loop Road to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 305.596. University West Precinct. Beginning at the intersection of Parks Highway and Chena Ridge Spur Road; then westerly along the centerline of Chena Ridge Spur Road to its intersection with Cripple Creek; then southwesterly along the thread of Cripple Creek to its intersection with Chena Ridge Road; then southwesterly along the centerline of Chena Ridge Road to its intersection with Old Chena Ridge Road; then easterly along the centerline of Old Chena Ridge Road to its intersection with an unnamed river; then southerly along the thread of the unnamed river to its intersection with Chena River; then northeasterly along the northern bank of Chena River to its intersection with Parks Highway; then northwesterly along the centerline of Parks Highway to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

Chapter 306. House District 6 – Eielson/Denali/Upper Yukon/Border Region.

6 AAC 306.005. Anderson Precinct. All that area within the city limits of Anderson, excluding all that area within the Clear Missile Site. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 306.007. Arctic Village Precinct. Beginning at the intersection of the United States-Canadian border and the winter trail just north of Bilwaddy Creek; then southwesterly along the centerline of the winter trail to its intersection with Strangle Woman Creek; then southwesterly along the thread of Strangle Woman Creek to its intersection with Coleen River; then southwesterly along the thread of Coleen River to its intersection with Pass Creek; then northwesterly along the thread of Pass Creek to its headwaters; then southwesterly along a non-visible point-to-point line extending to Seven Dikes Mountain; then northwesterly along a non-visible point-to-point line extending to the headwaters of Sheenjek River; then southwesterly along the thread of Sheenjek River to its intersection with Koness River; then northwesterly along the thread of Koness River to its intersection with Vanticlese Creek; then northwesterly along the thread of Vanticlese Creek to its intersection with Old John Lake; then northwesterly along the eastern shoreline of Old John Lake to its intersection with an unnamed stream on the northeastern-most corner; then northwesterly along the thread of the unnamed stream to its intersection with Solomon Lake; then northwesterly along the western shoreline of Solomon Lake to its intersection with an unnamed stream; then westerly along the thread of the unnamed stream to its intersection with Island Lake; then northwesterly along the eastern shoreline of Island Lake to its intersection with Tritt Creek; then northwesterly along the thread of Tritt Creek to its intersection with the City of Arctic Village boundary; then southwesterly along the City of

Arctic Village boundary to its intersection with East Fork Chandalar River; then southwesterly along the western bank of East Fork Chandalar River to its intersection with Crow Nest Creek; then northerly along the thread of Crow Nest Creek to its intersection with the North Slope Borough boundary; then northerly and easterly along the North Slope Borough boundary to the United States-Canadian border; then southerly along the United States-Canadian border to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 306.010. Beaver Precinct. Beginning at the intersection of Yukon River and Lower Birch Creek; then southeasterly along the thread of Lower Birch Creek to its intersection with Beaver Creek; then southwesterly along the thread of Beaver Creek to its intersection with Victoria Creek; then northwesterly along the thread of Victoria Creek to its intersection with Glacier Creek; then northerly along the thread of Glacier Creek to its headwaters; then westerly along a non-visible point-to-point line extending to the White Mountain Recreation Area boundary; then westerly along the White Mountain Recreation Area boundary to its intersection with the Yukon Flats National Wildlife Refuge boundary just north of Bear Creek; then westerly along the Yukon Flats National Wildlife boundary to its intersection with the winter trail south of Fox Creek; then northwesterly along the centerline of the winter trail to its intersection with Rogers Creek; then northerly along the thread of Rogers Creek to its intersection with Yukon River; then easterly along the eastern bank of Yukon River to its intersection with Marten Slough; then southeasterly along the southern bank of Marten Slough to its intersection with Yukon River; then easterly along the eastern bank of Yukon River to a non-visible point; then northerly along a non-visible point-to-point line extending to Hodzana River; then northerly

along the thread of Hodzana River to a non-visible point west of Nelson Mountain; then easterly along a non-visible point-to-point line extending to Nelson Mountain; then northeasterly along a non-visible point-to-point line extending to the headwaters of Forty and One-Half Mile Creek; then northeasterly along the thread of Forty and One-Half Mile Creek to its intersection with Hadwenzic River; then southerly along the thread of Hadwenzic River to its intersection with Yukon River; then easterly along Yukon River to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 306.012. Cantwell Precinct. Beginning at the intersection of Nenana River and Jack River; then southwesterly along the thread of Jack River to its intersection with the Denali National Park boundary; then easterly along the Denali National Park boundary to its intersection with Parks Highway; then southerly along the centerline of Parks Highway to its intersection with an unnamed street; then southeasterly along the centerline of the unnamed street to its intersection with Nenana River; then southeasterly along the thread of Nenana River to its intersection with Bruskasna River; then northeasterly along the thread of Bruskasna River to its intersection with a non-visible point-to-point line extending southerly to a point north of Nenana River; then easterly along a non-visible point-to-point line extending to Thief Mountain peak; then southerly and westerly along the Denali Borough boundary to a point east of Bull River; then northerly and easterly along a non-visible point-to-point line extending to Cantwell Creek; then northeasterly along a non-visible point-to-point line extending to Nenana River; then southeasterly along the thread of Nenana River to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 306.015. Central Precinct. Beginning at the intersection of the Trans-Alaska Pipeline and Fish Creek; then northeasterly along the thread of Fish Creek to its intersection with an unnamed winter trail south of Rogers Creek; then northerly along the centerline of the unnamed winter trail to its intersection with the Yukon Flats National Wildlife Refuge boundary; then easterly and northerly along the Yukon Flats National Wildlife Refuge boundary to its intersection with a power line; then northeasterly along the power line to its intersection with Glacier Creek; then southeasterly along the thread of Glacier Creek to its intersection with Victoria Creek; then southeasterly along the thread of Victoria Creek to its intersection with Beaver Creek; then northeasterly along the thread of Beaver Creek to its intersection with Moose Creek; then southeasterly along the thread of Moose Creek to its intersection with a power line; then southeasterly along the power line to its intersection with the Yukon Flats National Wildlife Refuge boundary; then northeasterly along the Yukon Flats National Wildlife Refuge boundary to its intersection with Preacher Creek; then northeasterly along the thread of Preacher Creek to its intersection with Rock Creek; then southeasterly along the thread of Rock Creek to its intersection with the Yukon Flats National Wildlife Refuge boundary; then easterly along the Yukon Flats National Wildlife Refuge boundary to its intersection with Big Creek; then northeasterly along the thread of Big Creek to its intersection with the Yukon Flats National Wildlife Refuge boundary; then northeasterly along the Yukon Flats National Wildlife Refuge boundary to its intersection with Birch Creek; then southeasterly along the thread of Birch Creek to its intersection with Bluff Creek; then southeasterly along a non-visible point-to-point line extending to the headwaters of Six Mile Creek; then northeasterly and southeasterly along the

thread of Six Mile Creek to its intersection with Yukon River; then northerly along the western bank of Yukon River to its intersection with the Yukon Flats National Wildlife Refuge boundary; then easterly and northerly along a power line, crossing Yukon River to its eastern bank; then southeasterly along the eastern bank of Yukon River to a non-visible point on its eastern bank, at the approximate same latitude as the Yukon Flats National Wildlife Refuge boundary west of Yukon River; then easterly along a non-visible point-to-point line extending to the Yukon Flats National Wildlife Refuge boundary; then easterly and northerly along the Yukon Flats National Wildlife Refuge boundary to its intersection with Black River; then easterly along a non-visible point-to-point line extending to the Yukon Flats National Wildlife Refuge boundary; then northerly and easterly along the Yukon Flats National Wildlife Refuge boundary to its intersection with Grayling Fork River; then southeasterly along the thread of Grayling Fork River to its intersection with Tikan Creek; then northeasterly along the thread of Tikan Creek to its intersection with the United States-Canadian border; then southerly along the United States-Canadian border to its intersection with the Alaska Gateway School District boundary; then westerly along the Alaska Gateway School District boundary to its intersection with the Fairbanks North Star Borough boundary; then westerly along the Fairbanks North Star Borough boundary to its intersection with the Yukon Flats School District boundary; then northwesterly along the Yukon Flats School District boundary to its intersection with Moose Creek; then northeasterly along the thread of Moose Creek to its intersection with the West Fork Tolovana River; then northeasterly along the thread of the West Fork Tolovana River to its intersection with Lost Creek; then northeasterly along the thread of Lost Creek to its intersection with the Trans-Alaska Pipeline; then northwesterly along the Trans-Alaska Pipeline to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 306.020. Chistochina Precinct. Beginning at the intersection of White River and the United States-Canadian border; then northerly along the United States-Canadian border to its intersection with the AHTNA Regional Corporation boundary; then westerly and northerly along the AHTNA Regional Corporation boundary to its intersection with the City of Chisana boundary; then westerly and northerly along the City of Chisana boundary to its intersection with the AHTNA Regional Corporation boundary; then northerly and westerly along the AHTNA Regional Corporation boundary to its intersection with the Alaska Gateway School District boundary; then northwesterly along the Alaska Gateway School District boundary to its intersection with Slana River; then northwesterly along the thread of Slana River to its intersection with West Fork; then southwestly along the thread of West Fork to its intersection with the Alaska Gateway School District boundary; then northwesterly along the Alaska Gateway School District boundary to its intersection with an unnamed lake just east of Limestone Creek; then northeasterly along the south shoreline of the unnamed lake to its intersection with Alaska Gateway School District boundary; then, at the point where the Alaska Gateway School District boundary turns north approximately 95 degrees, westerly along a non-visible point-to-point line extending to a winter trail; then northeasterly and easterly along the centerline of the winter trail to its intersection with the Alaska Gateway School District boundary; then northerly and westerly along the Alaska Gateway School District boundary to its intersection with west fork Chistochina River; then southeasterly along the thread of west fork Chistochina River to its intersection with Chistochina River; then southeasterly along the thread of Chistochina River to its intersection with Chistochina River 1; then southerly along the thread

of Chistochina River 1 to a non-visible point; then southwesterly along a non-visible point-to-point line extending to the headwaters of north branch Sinona Creek; then southerly along the thread of north branch Sinona Creek to its intersection with Sinona Creek; then westerly along the thread of Sinona Creek to a non-visible point north of Ochina Peak; then southerly along a non-visible point-to-point line extending to Ochina Peak; then southeasterly along a non-visible point-to-point line extending to its intersection with an unnamed creek and Tok Cutoff; then southwesterly along the centerline of Tok Cutoff until it becomes Glenn Highway; then southwesterly along the centerline of Glenn Highway to its intersection with Tulsona Creek at Milepost 107.5; then southeasterly along the thread of Tulsona Creek to its intersection with Copper River; then southwesterly along the thread of Copper River to its intersection with Sanford River; then southeasterly along the thread of Sanford River to its intersection with Sanford Glacier; then southeasterly along Sanford Glacier to its intersection with Wrangell Ice Field; then southwesterly along Wrangell Ice Field to its intersection with Cheshinina Glacier; then southerly and westerly along Cheshinina Glacier to its intersection with Wrangell Ice Field; then easterly along Wrangell Ice Field to its intersection with Nabesna Glacier; then southeasterly along Nabesna Glacier to its intersection with Regal Glacier; then westerly along Regal Glacier to its intersection with Nizina Glacier; then northeasterly along Nizina Glacier to its intersection with Middle Fork Glacier; then southeasterly along Middle Fork Glacier to its intersection with Middle Fork Creek; then southeasterly along the thread of Middle Fork Creek to its intersection with White River; then northeasterly along the thread of White River to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 306.023. Circle Precinct. Beginning at the intersection of the Yukon Flats National Wildlife Refuge boundary and Birch Creek; then southerly along the thread of Birch Creek to its intersection with Bluff Creek; then southeasterly along a non-visible point-to-point line extending to the headwaters of Six Mile Creek; then northerly, easterly, and southerly along the thread of Six Mile Creek to its intersection with Yukon River; then northeasterly along the western bank of Yukon River to its intersection with the Yukon Flats National Wildlife Refuge boundary; then westerly along the Yukon Flats National Wildlife Refuge boundary to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 306.024. Clear Precinct. Beginning at the intersection of Rock Creek and the Denali National Park boundary; then northwesterly along the Denali National Park boundary to its intersection with the Denali Borough boundary; then easterly and northerly along the Denali Borough boundary to its intersection with Sled Road, northeast of Seven Mile Lake; then northwesterly along the centerline of the Sled Road to its intersection with FAA Way; then northwesterly along the centerline of FAA Way to its intersection with the City of Nenana boundary; then northerly along the City of Nenana boundary to its intersection with Tanana River; then northeasterly along the southern shoreline of Tanana River to its intersection with Wood River; then southeasterly along the thread of Wood River to its intersection with the Denali Borough boundary; then westerly along the Denali Borough boundary to its intersection with St. George Creek; then southerly along the thread of St. George Creek to its intersection with Sled Road; then northwesterly along the centerline of Sled Road to its intersection with Totatlanika River; then southwestly along the thread of Totatlanika River to its intersection

with California Creek; then southwesterly along the thread of California Creek to its intersection with Rex Creek; then westerly along the thread of Rex Creek to its headwaters; then southwesterly along a non-visible point-to-point line extending to the headwaters of Chicken Creek; then southwesterly along the thread of Chicken Creek to its intersection with Moose Creek; then northwesterly along the thread of Moose Creek to its intersection with Nenana River; then southerly along the thread of Nenana River to its intersection with Rock Creek; then southwesterly along the thread of Rock Creek to the point of beginning, excluding all that area within the Anderson precinct, established at 6-005. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 306.025. Copper Center Precinct. Beginning at the intersection of the Trans-Alaska Pipeline and 22 APL 1 Road; then easterly along the centerline of 22 APL 1 Road to its intersection with Dry Creek; then southeasterly along the thread of Dry Creek to its intersection with Copper River; then northeasterly along the eastern bank of the Copper River to its intersection with Sanford River; then southeasterly along the thread of Sanford River to its intersection with Sanford Glacier; then southeasterly along Sanford Glacier to its intersection with Wrangell Ice Field; then southwesterly along Wrangell Ice Field to its intersection with Cheshinina Glacier; then southerly and easterly along Cheshinina Glacier to its intersection with Wrangell Ice Field; then easterly along Wrangell Ice Field to its intersection with Nabesna Glacier; then southeasterly along Nabesna Glacier to its intersection with Regal Glacier; then easterly along Regal Glacier to its intersection with Rohn Glacier; then easterly along Rohn Glacier to its intersection with Nizina Glacier; then northeasterly along Nizina Glacier to its intersection with Middle Fork Glacier; then southeasterly along Middle Fork Glacier to its

intersection with Middle Fork Creek; then southeasterly along the thread of Middle Fork Creek to its intersection with White River; then northeasterly along the thread of White River to its intersection with the United States-Canadian border; then southerly along the United States-Canadian border to its intersection with the Copper River School District boundary; then northwesterly along the Copper River School District boundary to its intersection with Copper River; then northeasterly along the northern bank of Copper River to its intersection with Eskilida Creek; then northwesterly along the thread of Eskilida Creek to its intersection with O'Brien Creek; then northeasterly along the thread of O'Brien Creek to its intersection with Fox Creek; then northwesterly along the thread of Fox Creek to its headwaters; then northeasterly along a non-visible point-to-point line extending to the headwaters of Five Mile Creek; then northeasterly along the thread of Five Mile Creek to its intersection with Copper River; then northwesterly along the thread of Copper River to a non-visible point; then southerly along a non-visible point-to-point line extending to the intersection of Rock Creek and Willow Creek; then westerly along the thread of Rock Creek to its intersection with the Richardson Highway; then northwesterly along the centerline of the Richardson Highway to its intersection with 19 APL 1 Road; then westerly along the centerline of 19 APL 1 Road to its intersection with the Trans-Alaska Pipeline; then northerly along the Trans-Alaska Pipeline to the point of beginning.
(Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 306.026. Denali Park Precinct. Beginning at the intersection of Rock Creek and the Denali National Park boundary; then southerly, westerly and southeasterly following the Denali National Park boundary to its intersection with Savage River; then southeasterly along the

thread of Savage River to its intersection with Park Road; then southeasterly along the centerline of Park Road to its intersection with Rock Creek; then southeasterly along the thread of Rock Creek to its intersection with Hines Creek; then northeasterly along the thread of Hines Creek to its intersection with Riley Montana Creek; then easterly along the thread of Riley Montana Creek to its headwaters; then southwesterly along a non-visible point-to-point line extending to Mount Fellows; then southeasterly along a non-visible point-to-point line extending to the intersection of Yanert Fork and Revine Creek; then southeasterly along the thread of Yanert Fork to its intersection with Dean Creek; then northeasterly along the thread of Dean Creek to its headwaters; then northwesterly along a non-visible point-to-point line extending to the headwaters of Cody Creek; then northeasterly along the thread of Cody Creek to its headwaters; then easterly along a non-visible point-to-point line extending to west fork Little Delta River; then northeasterly along the thread of west fork Little Delta River to its intersection with the Denali Borough boundary; then southerly and westerly along the Denali Borough boundary to Thief Mountain peak; then westerly along a non-visible point-to-point line extending to a point north of Nenana River; then northerly along a non-visible point-to-point line extending to Bruskasna Creek; then westerly along the thread of Bruskasna Creek to its intersection with Nenana River; then northwesterly along the thread of Nenana River to its intersection with an unnamed street; then northwesterly along the centerline of the unnamed street to its intersection with Parks Highway; then northerly along the centerline of Parks Highway to its intersection with the Denali National Park boundary; then southwesterly along the Denali National Park boundary to its intersection with Jack River; then northeasterly along the thread of Jack River to its intersection with Nenana River; then northwesterly along the thread of Nenana River to its intersection with a non-visible point-to-point line extending southwesterly to Cantwell Creek;

then westerly and southerly along a non-visible point-to-point line extending to the Denali Borough boundary; then southwesterly and northeasterly along the Denali Borough boundary to its intersection with the Denali National Park boundary at Boulder Creek; then northerly, easterly and westerly along the Denali National Park boundary to the point of beginning. (Eff.

6 AAC 310.015. Tanaina Precinct. Beginning at the intersection of Lochcarron Drive and Lucille Street; then northeasterly along the centerline of Lucille Street to its intersection with

E. Schrock Road; then westerly and northwesterly along the centerline of E. Schrock Road to its intersection with W. Schrock Road; then northwesterly, southwesterly along the centerline of W. Schrock Road to its intersection with Power Line ROW; then northerly following along the Power Line ROW to its intersection with Moon Princess Creek; then northeasterly along the thread of Moon Princess Creek to its intersection with Coal Creek; then northeasterly along the thread of Coal Creek to its headwater at the intersection with a non-visible point-to-point line extending from Bald Mountain Ridge; then northerly along the non-visible point-to-point line extending to its intersection with a non-visible point-to-point line south of Grubstake Gulch; then following along the non-visible point-to-point line just south of Grubstake Gulch to its intersection with an unnamed creek; then southeasterly along the thread of the unnamed creek to its intersection with the north bank of the Little Susitna River; then southwesterly along the north bank of the Little Susitna river to its intersection with a non-visible extended point-to-point line extending from the south shore of the Little Susitna River; then southerly along the non-visible extended point-to-point line extending from the south shore of the Little Susitna River to its intersection with the south shore of the Little Susitna River and Power line ROW; then southeasterly, southwesterly along the Power Line ROW to its intersection with E. Pamela Drive; then easterly along the centerline of E. Pamela Drive to its intersection with N. Wasilla Fishhook Road; then southwesterly along the centerline of N. Wasilla Fishhook Road to its intersection with E. Seldon Road; then westerly along the centerline of E. Seldon Road to its intersection with Lochcarron Drive; then northwesterly along the centerline of Lochcarron Drive to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 310.020. Houston Precinct. All the area within the city limits of Houston.

(Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 310.025. Meadow Lakes No. 3 Precinct. Beginning at the intersection of an unnamed creek and Kalmbach Jeep Trail; then northwesterly along the non-visible line of the Kalmbach Jeep Trail to its intersection with N. Kalmbach Lake Drive; then northeasterly and northwesterly along the centerline of N. Kalmbach Lake Drive to its intersection with W. Beverly Lakes Road; then westerly along the centerline of W. Beverly Lakes Road to its intersection with N. Wyoming Drive; then northeasterly along the centerline of N. Wyoming Drive to its intersection with W. Starr Road; then westerly along the centerline of W. Starr Road to its intersection with Foot Trail; then northwesterly along a non-visible line of the Foot Trail to its intersection with the southern shoreline of Little Lake; then southwesterly along the southwest shoreline of Little Lake to its intersection at the headwaters of an unnamed stream; then southwesterly along the thread of the unnamed stream to its intersection with an unnamed stream; then northwesterly and southwesterly along the thread of the unnamed stream to its intersection with N. Pittman; then northerly and northeasterly along the centerline of N. Pittman Road to its intersection with the non-visible centerline of W. Peninsula Drive; then westerly along the non-visible centerline of W. Peninsula Drive to its intersection with the non-visible extended centerline of N. Island Lake Drive; then northerly and northeasterly along the non-visible extended centerline of N. Island Lake Drive to its intersection with Tote Street; then northerly along the centerline of Tote Street to its intersection with N. Sasbo Bluff Loop; then westerly and northerly along the centerline of N. Sasbo Bluff Loop to its intersection with Sasbo

Bluff Road; then northerly along the centerline of Sasbo Bluff Road to its intersection with Silver Drive; then westerly along the centerline of Silver Drive to its intersection with the south bank of the little Susitna River; then westerly along the south bank of the Little Susitna River to its intersection with the Houston City boundary line; then northerly, westerly, and northerly along the Houston City boundary line to its intersection with the winter trail; then northeasterly along the non-visible center of winter trail to its intersection with Deception Creek; then northeasterly along the thread of Deception Creek to its intersection with a non-visible point-to-point line extending from Bald Mountain Ridge; then northeasterly along the non-visible point-to-point line to its intersection with Bald Mountain Ridge; then northeasterly and southeasterly along Bald Mountain Ridge to its intersection with a non-visible point-to-point line extending from the headwaters of Coal Creek; then southerly along the non-visible point-to-point line to its intersection with the headwaters of Coal Creek; then southerly along the thread of Coal Creek to its intersection with Moon Princess Creek; then southerly along the centerline of Moon Princess Creek Drive to its intersection with W. Schrock Road; then southwestly along the centerline of W. Schrock Road to its intersection with N. Church Road; then southerly along the centerline of N. Church Road to its intersection with an unnamed river south of W. Carlsbad Place; then westerly along the thread of the unnamed river south of W. Carlsbad Place to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 310.030. Susitna Precinct. Beginning at the intersection of Caswell Creek and the east bank of the Susitna River; then northerly along the east bank of the Susitna River to its intersection with Sunshine Creek; then easterly along the thread of Sunshine Creek to its

intersection with Question Creek; then northeasterly along the thread of Question Creek to its intersection with Answer Creek; then northeasterly along the thread of Answer Creek to its headwaters at the intersection with a non-visible point-to-point line extending from Bald Mountain; then northeasterly along the non-visible point-to-point line to its intersection with Bald Mountain at a non-visible point-to-point line extending from North Fork Creek; then southeasterly along the non-visible point-to-point line to its intersection with North Fork Creek; then easterly and southeasterly along the thread of North Fork Creek to its headwaters at a non-visible point-to-point line extending from Middle Fork Montana Creek; then southeasterly along the non-visible point-to-point line to its intersection with Middle Fork Montana Creek; then northeasterly and southeasterly along the thread of Middle Fork Montana Creek to its headwaters at a non-visible point-to-point line extending from a tributary of South Fork Montana Creek; then southeasterly along the non-visible point-to-point line to its intersection with the tributary of South Fork Montana Creek; then southwesterly along the thread of the tributary to its intersection with South Fork Montana Creek; then southeasterly along the thread of South Fork Montana Creek to its headwaters at a non-visible point-to-point line extending from a tributary of Sheep Creek; then southwesterly along the non-visible point-to-point line to its intersection with the tributary of Sheep Creek; then southwesterly along the thread of the tributary to its intersection with Sheep Creek; then southeasterly along the thread of Sheep Creek to its headwaters at a non-visible point-to-point line extending from the intersection of Kashwitna River and Bartholf Creek; then southwesterly along the non-visible point-to-point line to its intersection with Kashwitna River; then northwesterly, westerly, and southwesterly along the thread of Kashwitna River to its intersection with the Alaska Railroad; then northerly along the

Alaska Railroad to its intersection with Caswell Creek; then southwesterly along the thread of Caswell Creek to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 310.035. Talkeetna Precinct. Beginning at the intersection of Sunshine Creek and the east bank of the Susitna River; then northerly along the east bank of the Susitna River to its intersection with a non-visible point-to-point line extending from Chulitna River; then northwesterly along the non-visible point-to-point line to its intersection with the east bank of the Chulitna River; then northerly along the east bank of the Chulitna River to its intersection with the thread of the Chulitna River; then northerly and northeasterly along the thread of the Chulitna River to its intersection with the West Fork Chulitna River; then northeasterly, northwesterly along the thread of West Fork Chulitna River to its intersection with the Matanuska-Susitna Borough boundary; then northeasterly and easterly following along the Matanuska-Susitna Borough boundary to its intersection with the Parks Highway; then southerly and westerly along the centerline of the Parks Highway to its intersection with Denali State Park boundary; then southerly, southeasterly, southwesterly following along the Denali State Park boundary to its intersection with the north bank of the Susitna River and a non-visible point-to-point line; then southerly along the non-visible point-to-point line to its intersection with the south bank of the Susitna River; then southwesterly following along the south bank of the Susitna River to its intersection with the mouth of Dead Horse Creek; then southerly along the thread of Dead Horse Creek to its intersection with Phillips Lake Trail; then southeasterly along the center of Phillips Lake Trail to its intersection with Chunilna (Clear) Creek; then southwesterly along the thread of Chunilna (Clear) Creek to its intersection with an unnamed river; then southerly, easterly along

the thread of the unnamed river to its intersection with a non-visible point-to-point line extending from the unnamed river to the western shoreline of Cache Lake; then southwesterly along the western shoreline of Cache Lake to its intersection with a non-visible point-to-point line extending from Cache Lake to Disappointment Creek; then southeasterly along the non-visible point-to-point extended line to its intersection with Disappointment Creek and the Talkeetna River; then southwesterly along the thread of the Talkeetna River to its intersection with the beginning of Sheep Creek; then easterly, southerly to its intersection with Iron Creek Trail, then southerly along the Iron Creek Trail to its intersection with Sheep Creek; then southeasterly along the thread of Sheep Creek to its intersection with foot trail extending from Sheep Creek; then southwesterly along the foot trail to its intersection with Sheep Creek; then northwesterly along the thread of Sheep Creek to its intersection with a tributary of Sheep Creek; then northeasterly along the tributary to its headwaters at a non-visible point-to-point line extending from the headwaters of South Fork Montana Creek; then northeasterly along the non-visible point-to-point line to its intersection with the headwaters of South Fork Montana Creek; then northwesterly along the thread of South Fork Montana Creek to its intersection with a tributary with South Fork Montana Creek; then northeasterly along the tributary to its headwaters at a non-visible point-to-point line extending from the headwaters of Middle Fork Montana Creek; then northwesterly along the non-visible point-to-point line to its intersection with Middle Fork Montana Creek; then northwesterly and southwesterly along the thread of Middle Fork Montana Creek to its intersection with a non-visible point-to-point line extending from the headwaters of North Fork Creek; then northwesterly along the non-visible point-to-point line to its intersection with North Fork Creek; then northwesterly and southwesterly along the thread of North Fork Creek to its intersection with a non-visible point-to-point line extending from Bald Mountain;

then northwesterly, along the non-visible point-to-point line to its intersection with Bald Mountain at a non-visible point-to-point line extending from the headwaters of Answer Creek; then southwesterly along the non-visible point-to-point line to its intersection with the headwaters of Answer Creek; then southwesterly along the thread of Answer Creek to its intersection with Question Creek; then southwesterly along the thread of Question Creek to its intersection with Sunshine Creek; then westerly along the thread of Sunshine Creek to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 310.040. Trapper Creek Precinct. Beginning at the intersection of the mouth of the Susitna River and a non-visible point-to-point line extending from the Matanuska-Susitna Borough boundary within the Cook Inlet; then southeasterly along the non-visible point-to-point line to its intersection with the southern boundary of the Matanuska-Susitna Borough; then following the southern, western, and northern boundary of the Matanuska-Susitna Borough to its intersection with West Fork Chulitna River; then southeasterly and southwesterly along the thread of West Fork Chulitna River to its intersection with Chulitna River; then southwesterly and southerly along the thread of the Chulitna River to its intersection with the east bank of the Chulitna River; then southerly along the east bank of the Chulitna River to its intersection with a non-visible point-to-point line extending from the east bank of the Susitna River; then southerly along the non-visible point-to-point line to its intersection with the east bank of the Susitna River; then southerly and southwesterly along the east bank of the Susitna River to the mouth of the Susitna River at the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 310.045. Willow Precinct. Beginning at the intersection of an unnamed stream north of Maid Lake and the east bank of the Susitna River; then northeasterly along the east bank of the Susitna River to its intersection with Caswell Creek; then northeasterly along the thread of Caswell Creek to its intersection with the Alaska Railroad; then southerly along the Alaska Railroad to its intersection with Kashwitna River; then northeasterly, easterly, and southeasterly along the thread of Kashwitna River to its intersection with Bartholf Creek; then southerly along the thread of Bartholf Creek to its headwaters at the intersection with the Talkeetna Mountains; then southwesterly through the Talkeetna Mountains to its intersection with Bald Mountain Ridge; then southwesterly along Bald Mountain Ridge to its intersection with a non-visible point-to-point line extending from Deception Creek; then southwesterly along the non-visible point-to-point line to its intersection with Deception Creek; then southwesterly and westerly along the thread of Deception Creek to its intersection with the winter trail at the northern boundary of the City of Houston; then northerly, westerly, southerly following along the City of Houston boundary to its intersection with Power Line ROW; then westerly following Power Line ROW to its intersection with the Little Susitna River; then westerly and southwesterly along the thread of the Little Susitna River to its intersection with the Power Line ROW; then southerly, westerly, southerly, westerly and northerly along the Power Line ROW to its intersection with the southeastern shoreline of Butterfly Lake; then southerly, northwesterly, southwesterly, westerly and northeasterly along the shoreline of Butterfly Lake to its intersection with a non-visible point-to-point line; then westerly, northerly, westerly, southerly, westerly, northerly, westerly, southwesterly, westerly along the non-visible point-to-point line to its intersection with Fish Creek; then southwesterly along the thread of Fish Creek to its intersection with the Alfred

Creek Trail; then northwesterly, westerly along the center of the Alfred Creek Trail to its intersection with Power Line ROW; then westerly along the Power Line ROW to its intersection with an unnamed stream; then southwesterly along the thread of the unnamed creek to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6AAC 310.050. Meadow Lakes No. 4 Precinct. Beginning at the intersection of the Parks Highway and an unnamed river northeast of Vine Road; then northeasterly along the unnamed river northeast of Vine Road to its intersection with the City of Wasilla boundary; then southerly following along the City of Wasilla boundary to its intersection with W. Museum Drive; then westerly along the centerline of W. Museum Drive to its intersection with the Parks Highway; then westerly along the centerline of the Parks Highway to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 310.055. Lakes No. 2 Precinct. Beginning at the intersection of Bogard Road and E. Grumman Circle; then northerly along the centerline of E. Grumman Circle to its intersection with N. Travel Air Drive; then northeasterly along the centerline of N. Travel Air Drive to its intersection with a non-visible point-to-point line extending west from the airstrip to the eastern shoreline of Anderson Lake; then following along a non-visible point-to-point line extending west from the airstrip to the eastern shoreline of Anderson Lake to its intersection with the eastern shoreline of Anderson Lake; then northerly following along the eastern shoreline of Anderson Lake to its intersection with N. Delta Street; then northeasterly along the centerline of

N. Delta Street to its intersection with E. Shaw's Drive; then easterly, northeasterly along the centerline of E. Shaw's Drive to its intersection with N. Charley Drive; then southeasterly along the centerline of N. Charley Drive to its intersection with a unnamed river northeast of N. Travel Air Drive intersection and N. Charley Drive; then northeasterly along the thread of the unnamed river northeast of N. Travel Air Drive intersect and N. Charley Drive to its intersection with the southern shoreline of Dry Lake; then easterly along the southern shoreline of Dry Lake to its intersection with the mouth of N. Caribou River; then southerly, then easterly along the thread of N. Caribou River to its intersection with the western shoreline of Lower Niklason Lake; then northwesterly, then easterly along the shoreline of Lower Niklason Lake to its intersection with the northern shoreline of Niklason Lake; then easterly along the northern shoreline of Niklason Lake to its intersection with a non-visible point-to-point line extending from N. Engstrom Road to the northern shoreline of Niklason Lake; then northerly along a non-visible point-to-point line extending from N. Engstrom Road to the northern shoreline of Niklason Lake to its intersection with N. Engstrom Road; then northerly along the centerline of N. Engstrom Road to its intersection with E. Hart Lake Loop; then southwestly along the centerline of E. Hart Lake Loop to its intersection with a Power Line ROW; then westerly following along the Power Line ROW to its intersection with N. Sorrelwood Street; then northerly along the centerline of N. Sorrelwood Street to its intersection with a non-visible point-to-point line extending from the centerline of N. Sorrelwood Street to Pamela Drive; then northerly along a non-visible point-to-point line extending from the centerline of N. Sorrelwood Street to Pamela Drive to its intersection with Pamela Drive and Wasilla Fishhook Road; then southwestly along the centerline of Wasilla Fishhook Road to its intersection with E. Seldon Road; then easterly along

the centerline of E. Seldon Road to its intersection with E. Bogard Road and the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

Chapter 311. House District 11 – Greater Palmer.

6 AAC 311.055. Walby Precinct. Beginning at the intersection of E. Palmer Wasilla Highway and Power Line ROW; then northerly following along the Power Line ROW to its intersection with N. Michelle Christine Place; then northerly along the centerline of N. Michelle Christine Place to its intersection with N. Cotswald Circle; then northerly along the centerline of N. Cotswald Circle to its intersection with N. Larkspur Hill Circle; then northerly along the centerline of N. Larkspur Hill Circle to its intersection with the Power Line ROW; then northerly following along the Power Line ROW to its intersection with E. Bogard Road; then easterly along the centerline of E. Bogard Road to its intersection with N. Trunk Road; then northeasterly along the centerline of N. Trunk Road to its intersection with N. Palmer Fishhook Road; then southeasterly along the centerline of N. Palmer Fishhook Road to its intersection with City of Palmer boundary line; then following along the City of Palmer boundary line to its intersection with Scott Road; then westerly along the centerline of Scott Road to its intersection with Oil Water Well Road; then northerly along the centerline of Oil Water Well Road to its intersection with an Easement Trail; then westerly following along the Easement Trail to its intersection with a Power Line; then southerly along the Power Line to its intersection with E. Palmer Wasilla Highway; then westerly along the centerline of E. Palmer Wasilla Highway to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 311.060. Greater Palmer Precinct. Beginning at the intersection of the Glenn Highway and a non-visible point-to-point line south of Outer Springer Loop extending from the northern shoreline of Irene Lake; then westerly along the non-visible point-to-point line to its intersection with the northern shoreline of Irene Lake and a non-visible point-to-point line extending from the northeastern shoreline of Long Lake at the Monitor Well Jeep Road; then northwesterly along the non-visible point-to-point line to its intersection with the Monitor Well Jeep Road; then northwesterly and northeasterly along the centerline of the Monitor Well Jeep Road to its intersection with the Crevasse Moraine Trailhead; then northerly through the Crevasse Moraine Trailhead to its intersection with N. Loma Prieta Drive; then northeasterly along the centerline of N. Loma Prieta Drive to its intersection with E. Palmer Wasilla Highway; then westerly along the centerline of E. Palmer Wasilla Highway to its intersection with N. Arabian Lane; then northeasterly along the centerline of N. Arabian Lane to its intersection with Easement Trail; then easterly following along the Easement Trail to its intersection with Scott Road; then westerly along Scott Road to its intersection with City Water Well Road; then southerly along the centerline of City Water Well Road to its intersection with Scott Road; then easterly along the centerline of Scott Road to its intersection with City of Palmer boundary; then southerly, following along the City of Palmer boundary to its intersection with the Glenn Highway; then southwestly along the centerline of the Glenn Highway to the point of beginning. Authority: AS 15.10.020 AS 15.15.010

6 AAC 311.090. Seward Meridian Precinct. Beginning at the intersection of E. Parks Highway and the Seward Meridian Road; then northerly along the centerline of the Seward Meridian Road to its intersection with E. Palmer Wasilla Highway; then easterly along the centerline of the E. Palmer Wasilla Highway to its intersection with Hyer Road; then southerly along the centerline of Hyer Road to its intersection with E. Parks Highway; then northwesterly along E. Parks Highway to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 311.095. Springer Loop Precinct. Beginning at the intersection of the west shoreline of the Matanuska River and Rabbit Slough; then southwestwardly along the Rabbit Slough to its intersection with Dike Road; then northeasterly, northwesterly along the centerline of Dike Road to its intersection with a Power Line; then northerly following along the Power Line to its intersection with E. Grandview Road; then northeasterly along the centerline of E. Grandview Road to its intersection with the Glenn Highway; then northeasterly along the centerline to its intersection with the City of Palmer boundary line; then easterly following the City of Palmer boundary line; then westerly, southerly, westerly northerly following the City of Palmer boundary line to its intersection with the western bank of the Matanuska River; then southwestwardly along the western bank of the Matanuska River to its point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 311.099. Lazy Mountain Precinct. Beginning at the intersection of a non-visible point-to-point line northeast of E. Depriest Avenue and the west bank of the Matanuska River;

then northwesterly and northeasterly along the west bank of the Matanuska River to its intersection with a non-visible point-to-point line extending from the west bank of the Matanuska River to the mouth of Wolverine Creek; then southeasterly following along the non-visible point-to-point line extending from the west bank of the Matanuska River to the mouth of Wolverine Creek to its intersection with the mouth of Wolverine Creek; then southeasterly along the thread of Wolverine Creek to its intersection with an unnamed creek; then southwesterly along the thread of the unnamed creek to its intersection with a non-visible point-to-point line extending from the unnamed creek to the Matanuska Glacier Power Line; then southeasterly along the non-visible point-to-point line extending from the unnamed creek to the Matanuska Glacier Power Line to its intersection with the Matanuska Glacier Power Line; then southwesterly following along the Matanuska Glacier Power Line to its intersection with McRoberts Creek; then westerly, northwesterly following the thread of McRoberts Creek to its intersection with a non-visible point-to-point line extending from Harmony Avenue; then westerly along the non-visible point-to-point line extending from Harmony Avenue to its intersection with Harmony Avenue; then northerly along the centerline of Harmony Avenue to its intersection with Smith Drive; then westerly along the centerline of Smith Drive to its intersection with the Old Glenn Highway and a non-visible line extending from the Old Glenn Highway and the east bank of the Matanuska River; then following southerly along the east bank of the Matanuska River to its intersection with a non-visible point-to-point line extending west of Township 17N Range 2E section 14 lot A13 to the west bank of the Matanuska River; then westerly along the non-visible point-to-point line extending west of Township 17N Range 2E section 14 lot A13 to the west bank of the Matanuska River to its intersection with the west bank

of the Matanuska River; then northerly along the west bank of the Matanuska River to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

Chapter 312. House District 12 – Chugiak/Gateway.

6 AAC 312.200. Fairview No. 1 Precinct. Beginning at the intersection of the northern bank of the Knik Arm and the mouth of Cottonwood Creek; then northeasterly along the thread of Cottonwood Creek to its intersection with the Palmer Slough Mud Flats boundary; then northeasterly along the Palmer Slough Mud Flats boundary to its intersection with a non-visible point-to-point line extending from E. Fairview Loop; then northerly, northeasterly along the non-visible point-to-point line to its intersection with E. Fairview Loop; then westerly along the centerline of E. Fairview Loop to its intersection with W. Edlund Road; then northerly along the centerline of W. Edlund Road to its intersection with the non-visible extended centerline of W. Edlund Road; then northerly along the non-visible extended centerline of W. Edlund Road to its intersection with S. Fern Street; then northerly along the centerline of S. Fern Street to its intersection with the City of Wasilla boundary; then easterly and northerly along the City of Wasilla boundary to its intersection with E. Parks Highway; then easterly along the centerline of E. Parks Highway to its intersection with Hay Street; then southerly along the centerline of Hay Street to its intersection with E. Fairview Loop Road; then northeasterly along the centerline of E. Fairview Loop Road to its intersection with Abby Boulevard; then southerly along the centerline of Abby Boulevard to its intersection with the Alaska Railroad; then southwesterly along the Alaska Railroad to its intersection with a Power Line ROW; then southwesterly

following along the Power Line ROW to its intersection with Power Line ROW embankment; then northeasterly along the Power Line ROW embankment to its intersection with Wasilla Creek; then southwesterly along the thread of Wasilla Creek to its intersection with the northern shoreline of Knik Arm; then westerly following along the northern shoreline of Knik Arm to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 312.205. Fairview No. 2 Precinct. Beginning at the intersection of the mouth of Crocker Creek and the northern shoreline of the Knik Arm; then easterly following along the northern shoreline of Knik Arm to its intersection with the mouth of Wasilla Creek; then northwesterly, northeasterly following along the thread of Wasilla Creek to its intersection with a Power Line south of E. Crane Road; then northerly following along the Power Line to its intersection with the Alaska Railroad; then northeasterly along the Alaska Railroad to its intersection with S. Abby Road; then northwesterly following along the center line of S. Abby Road to its intersection with Fairview Loop; then southwesterly along the centerline of Fairview Loop to its intersection with Hay Street; then northerly along the centerline of Hay Street to its intersection with E. Parks Highway; then southeasterly along the centerline of E. Parks Highway to its intersection with a Power line; then southerly following along the Power Line to its intersection with Dike Road; then southeasterly along the centerline of Dike Road to its intersection with the Rabbit Slough; then easterly along the thread of Rabbit Slough to its intersection with the northern shoreline of the Matanuska River; then following southerly the northern shoreline of the Matanuska River to its intersection with the Glenn Highway; then southerly along the centerline of the Glenn Highway to its intersection with the Matanuska-

Susitna Borough boundary; then following westerly along the Matanuska-Susitna Borough boundary to its intersection with the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 312.210. Snowshoe Precinct. Beginning at the intersection of Cottonwood Creek and Palmer Slough Mud Flats boundary; then northeasterly along the thread of Cottonwood Creek to its intersection with W. Dermace Circle; then northerly along the centerline of W. Dermace Circle to its intersection with Hayfield Road; then northwesterly along the centerline of Hayfield Road to its intersection with S. Knik Goose Bay Road; then northeasterly along the centerline of S. Knik Goose Bay Road to its intersection with a non-visible point-to-point extended line from Cottonwood Creek; then southeasterly along the non-visible point-to-point extended line from Cottonwood Creek to its intersection with Cottonwood Creek; then northeasterly along the thread of Cottonwood Creek to its intersection with S. Fern Street; then southerly along the centerline of S. Fern Street to its intersection with the non-visible extended centerline of S. Fern Street; then southerly along the non-visible extended centerline of S. Fern Street to its intersection with W. Edlund Road; then southerly along the centerline of W. Edlund Road to its intersection with W. Fairview Loop; then easterly along the centerline of E. Fairview Loop to its intersection with the E. Hanson/Watson Trail; then southerly along the E. Hanson/Watson Trail to its intersection with the Palmer Slough Mud Flats; then southwesterly along the Palmer Slough Mud Flats to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 312.220. Butte Precinct. Beginning at the intersection of Glenn Highway and the Municipality of Anchorage boundary; then northerly along the Glenn Highway to its intersection with the west bank of the Matanuska River; then northeasterly along the north bank of the Matanuska River to its intersection with a non-visible point-to-point line extending west of Township 17N Range 2E section 14 lot A13 to the west bank of the Matanuska River; then easterly along the non-visible point-to-point line extending west of Township 17N Range 2E section 14 lot A13 to the west bank of the Matanuska River to its intersection with the east bank of the Matanuska River; then northerly along the east bank of the Matanuska River to its intersection with a non-visible point-to-point line extending from Smith Road and the N. Old Glenn Highway; then easterly along the non-visible point-to-point line extending from Smith Road and the N. Old Glenn Highway to its intersection with Smith Drive; then easterly along the centerline of Smith Drive to its intersection with Harmony Avenue; then southerly along the centerline of Harmony Avenue to its intersection with Purser Place; then easterly along the centerline of Purser Place to its intersection with a non-visible point-to-point line extending from Purser Place to McRoberts Creek; then easterly along the non-visible point-to-point line extending from Purser Place to McRoberts Creek to its intersection with McRoberts Creek; then northeasterly following the thread of McRoberts Creek to its intersection with the Matanuska Power Line; then southeasterly following along the Matanuska Power Line to its intersection with a non-visible point-to-point line extending from Carpenter Creek at the intersection of Glacier 7190; then northeasterly along the non-visible point-to-point line extending from Carpenter Creek to its intersection with Carpenter Creek and a non-visible point-to-point line extending from Metal Creek; then northeasterly along the non-visible point-to-point line extending from Metal Creek to its intersection with the headwaters of Metal Creek; then

southeasterly, southwesterly along the thread of Metal Creek to its intersection with Glacier Fork; then southeasterly along Glacier Fork to its intersection with the common boundary of the Municipality of Anchorage and the Matanuska-Susitna Borough; then westerly along the common boundary of the Municipality of Anchorage and the Matanuska-Susitna Borough to its intersection with the Glenn Highway; then northeasterly, northwesterly along the centerline of the Glenn Highway to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 312.225. Eklutna Precinct. Beginning at the intersection of the mouth of an unnamed creek west of Edmonds Lake Park and a non-visible point-to-point line extending from the Municipality of Anchorage boundary; then northerly along the non-visible point-to-point line to its intersection with the Municipality of Anchorage boundary; then northeasterly, southerly, and easterly along the Municipality of Anchorage boundary to its intersection with the Chugach National Forest boundary; then westerly along the Chugach National Forest boundary to its intersection with Power Line ROW; then northeasterly following along the Power Line ROW to its intersection with a non-visible point-to-point line extending from Peters Creek; then northerly along the non-visible point-to-point line extending from Peters Creek to its intersection with Peters Creek; then northwesterly along the thread of Peters Creek to its intersection with the Glenn Highway; then northeasterly along the center line of the Glenn Highway following along the Chugach State Park boundary to its intersection with Parks Creek; then southwesterly, northwesterly along the thread of Parks Creek to its intersection with the Glenn Highway; then northeasterly along the centerline of the Glenn Highway to its intersection with an unnamed

stream west of Edmonds Lake Park; then northwesterly along the thread of the unnamed stream to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 312.230. Peters Creek No. 1 Precinct. Beginning at the intersection of Peters Creek and the Glenn Highway; then northwesterly along the thread of Peters Creek to its intersection with the common boundary of the Matanuska-Susitna Borough and the Municipality of Anchorage; then easterly, southerly along the common boundary of the Matanuska-Susitna Borough and the Municipality of Anchorage to its intersection with the mouth of the unnamed stream southwest of Edmonds Lake Park; then southeasterly along the thread of the unnamed stream to its intersection with the Glenn Highway; then southwesterly along the centerline of the Glenn Highway to the point of beginning. Authority: AS 15.10.020 AS 15.15.010

6 AAC 336.650. North Tongass No. 2 Precinct. A portion of the Ketchikan Gateway Borough described as follows: beginning at the intersection of Whipple Creek and Milepost 11.47 North Tongass Highway; then northeasterly along the thread of Whipple Creek to its

southern fork; then southerly along the southern fork of Whipple Creek to Slide Ridge Mountain; then northerly along a non-visible point-to-point line extending to Thornton Mountain; then northeasterly along a non-visible point-to-point line extending to the headwaters of Talbot Lake Feeder Creek; then easterly along a non-visible point-to-point line extending to the north shore of Lake Harriet Hunt; then easterly along the north shoreline of Lake Harriet Hunt to the mouth of the north fork of White River; then southerly along the thread of the north fork of White River to the east fork of White River; then easterly along the thread of the east fork of White River to George Inlet; then northerly following the shoreline of George Inlet to a foot trail on the southeast shore of Salt Lagoon; then northeasterly along the centerline of the foot trail to the northwest shore of North Saddle Lake; then northeasterly along the northern shoreline of North Saddle Lake; then easterly along the northern shoreline of North Saddle Lake to a foot trail on the eastern shore of North Saddle Lake; then southeasterly along the foot trail to Shelter Cove in Carrol Inlet; then southerly along the western shoreline of Carrol Inlet to the mouth of Gunsight Creek; then northeast along a non-visible point-to-point line extending to the mouth of Calamity Creek across Carrol Inlet; then southerly along the eastern shoreline of Carrol Inlet to the mouth of Marble Creek; then northeasterly along the thread of Marble Creek to the headwaters of Marble Creek; then northeasterly along a non-visible point-to-point line extending to the northwestern shore of Mirror Lake; then easterly along the northern shoreline of Mirror Lake to Mirror-Loon Lake Connector Creek; then along the thread of Mirror-Loon Lake Connector Creek to the northern shore of Loon Lake; then southeasterly along the northern shoreline of Loon Lake to Loon-Ella Lake Connector Creek; then southerly along the thread of Loon-Ella Lake Connector Creek to the northern shore of Ella Lake; then easterly along the northern shoreline of Ella Lake to the headwaters of Ella Creek; then easterly along the thread of Ella

Creek to the northwest shore of Lower Ella Lake; then easterly along the northern shoreline of Lower Ella Lake to Ella Creek; then easterly along the thread of Ella Creek to its mouth; then easterly along the southern shoreline of Ella Bay to Ella Point; then due east to the median divide of Behm Canal; then northerly following the median divide of Behm Canal to its intersection with the median divide of Borroughs Bay; then northeasterly to a non-visible point-to-point line southeast of the northern shore at the mouth of Grant Creek; then northerly following the thread of Grant Creek to its intersection with the Ketchikan Gateway Borough boundary; then easterly along a non-visible point-to-point line extending to the median divide of Tongass Narrows; then northeasterly along a non-visible point-to-point line extending to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 336.660. Saxman Precinct. All that area within the boundaries of the City of Saxman. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 336.670. South Tongass Precinct. A portion of the Ketchikan Gateway Borough described as follows: beginning at the intersection of the City of Ketchikan boundary and South Tongass Highway; then northeasterly along the City of Ketchikan boundary to its intersection with the Tongass National Forest boundary; then northerly along the Tongass National Forest boundary to its intersection with Ketchikan Creek; then northerly along the thread of Ketchikan Creek to Lower Ketchikan Lake; then northeasterly along the eastern shoreline of Lower and Upper Ketchikan Lakes to the northeastern shore of Upper Ketchikan Lake; then northeasterly

along a non-visible point-to-point line extending to the northwestern shore of Upper Mahoney Lake; then easterly along the southern shoreline of Upper Mahoney Lake to its northeastern shore; then northeasterly along a non-visible point-to-point line extending to the southwestern shore of Mahoney Lake; then easterly along the southern shoreline of Mahoney Lake to its southeastern shore; then easterly along a non-visible point-to-point line extending to the head of a small cove due south of Mahoney Mine in George Inlet; then northerly along the western shoreline of George Inlet to a foot trail on the southeastern shore of Salt Lagoon; then northeasterly along the foot trail to the northern shore of a small lake due west of North Saddle Lake; then northeasterly along the northern shoreline of the small lake to its northern tip; then easterly along a non-visible point-to-point line extending to the northern shore of North Saddle Lake; then easterly along the northern shoreline of North Saddle Lake to a foot trail on the eastern shoreline of North Saddle Lake; then easterly along the foot trail to Shelter Cove in Carrol Inlet; then southerly along the western shoreline of Carrol Inlet to the mouth of Gunsight Creek; then northeasterly along a non-visible point-to-point line extending to the mouth of Calamity Creek; then southerly along the eastern shoreline of Carrol Inlet to the mouth of Marble Creek; then northeasterly along the thread of Marble Creek to the headwaters of Marble Creek; then easterly along a non-visible point-to-point line extending to the northwestern shore of Mirror Lake; then southeasterly along the northeastern shoreline of Mirror Lake to the Mirror-Loon Lake Connector Creek; then southeasterly along the thread of Mirror-Loon Lake Connector Creek to Loon Lake; then easterly along the northern shoreline of Loon Lake to Loon-Ella Lake Connector Creek; then southerly along the thread of Loon-Ella Lake Connector Creek to Ella Lake; then easterly along the northern shoreline of Ella Lake to the headwaters of Ella Creek; then easterly along the thread of Ella Creek to Lower Ella Lake; then easterly along the northern

shoreline of Lower Ella Lake to Ella Creek; then easterly along the thread of Ella Creek to its mouth; then easterly along the southern shoreline of Ella Bay to Ella Point; then easterly to New Eddystone Rock in the median divide of Behm Canal; then following the median divide of Behm Canal north and northwest to the entrance of Borroughs Bay; then northeasterly to Port Fitzgibbon; then following the southeast shoreline of Borroughs Bay to the Unuk River; then southeasterly following the shoreline of the Unuk River to its intersection with the Ketchikan Borough boundary; then easterly following the Ketchikan Borough boundary to the intersection with the Alaska and British Columbia Border; then following the Alaska and British Columbia Border east and southeast to its intersection in Portland Canal including the community of Hyder; then following the Ketchikan Borough boundary to its intersection with a non-visible point-to-point line extending west from Vallenar Point; then easterly along the non-visible point-to-point line to Vallenar Point; then southeasterly along the northern shoreline of Gravina Island to its intersection with a non-visible point-to-point line extending westerly from the northwest corner of the City of Ketchikan boundary in Tongass Narrows; then easterly along the non-visible point-to-point line extending to the northwest corner of the City of Ketchikan boundary; then southeasterly along the City of Ketchikan boundary to the point of beginning, including Pennock and Gravina Islands, and excluding all that area within the boundaries of the City of Saxman. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 336.675. Hydaburg Precinct. Beginning at the intersection of Twelvemile Arm and the median divide of Kasaan Bay; then southeasterly along the median divide of Kasaan Bay, excluding Kasaan Island, to a non-visible point due south of Grindall Island; then

southeasterly along a non-visible point-to-point line extending to the median divide of Clarence Strait; then southerly along the median divide of Clarence Strait to its intersection with the Prince of Wales-Hyder Census Area and Ketchikan Gateway Borough boundary; then southerly along the Ketchikan Gateway Borough and Prince of Wales-Hyder Census Area boundary to the Annette Island reservation line; then proceeding southerly along the Annette Island reservation line to its intersection with the Ketchikan Gateway Borough and Prince of Wales-Hyder Census Area boundary line; then proceeding westerly along the Ketchikan Gateway Borough and Prince of Wales-Hyder Census Area boundary line to the Ketchikan Gateway Borough and Prince of Wales-Hyder Census Area boundary line; then proceeding westerly along the Prince of Wales-Hyder Census Area toward Dixon Entrance and proceeding westerly along the Prince of Wales-Hyder Census Area boundary line; then proceeding northerly along the Prince of Wales-Hyder Census Area boundary line; then easterly along the median divide of Bucareli Bay to its intersection with the median divide of Trocadero Bay; then southeasterly along the median divide of Trocadero Bay to its head, excluding Madre de Dios and Ladrones Islands; then easterly along a foot trail at the head of the bay to its intersection with National Forest Development Road 21; then easterly along the centerline of National Forest Development Road 21 to its intersection with Twelvemile Creek; then northerly along the thread of Twelvemile Creek to Twelvemile Arm; then northeasterly along the median divide of Twelvemile Arm to the point of beginning, including all that area within the boundaries of the City of Hydaburg. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 336.680. Metlakatla Precinct. Beginning at the point of intersection of the Ketchikan Gateway Borough and Prince of Wales-Hyder Census Area boundary line and the Annette Island reservation line; then proceeding northerly along the Ketchikan Gateway Borough and Prince of Wales-Hyder Census Area boundary line to the Annette Island reservation line; then proceeding northerly along the Annette Island reservation line to the point of beginning, including all that area within the Metlakatla Indian Reservation. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 336.690. Wrangell Precinct. Beginning at the City and Borough of Wrangell boundary east of Blaquiére Point where Dry Strait and Sumner Strait intersect; then southwesterly along the City and Borough of Wrangell boundary to the point of beginning including the community of Meyers Chuck. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

Chapter 337. House District 37 – Bristol Bay/Aleutians/Upper Kuskokwim.

6 AAC 337.300. Anvik Precinct. Beginning at the intersection of Winter Trail and the Bonasila River; then northwesterly along the centerline of Winter Trail to its intersection with a non-visible point-to-point line extending westerly, northerly and easterly to its intersection with median of the Yukon River; then southerly along the median of the Yukon River to its intersection with the western shore of the Yukon River; then southerly along the western

shoreline of the Yukon River to the point of beginning including the Slim and Dead Man Slough islands, and that area within the City of Anvik. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 337.302. Grayling Precinct. Beginning at the intersection of the western shoreline of the Yukon River and the southern boundary of the City of Grayling; then westerly, northerly and easterly along the City of Grayling boundary to its intersection with an unnamed trail; then northeasterly along the centerline of the unnamed trail to its intersection with the Iditarod Area School District boundary; then southeasterly along the Iditarod Area School District boundary to its intersection with Mud River; then southwesterly along the thread of Mud River to its intersection with Innoko River; then southwesterly along the thread of Innoko River to its intersection with the Iditarod River; then northeasterly and southwesterly along the thread of the Iditarod River to its intersection with Moose Creek; then southerly along the thread of Moose Creek to its intersection with Tractor Trail; then southwesterly along the centerline of Tractor Trail to its intersection with Winter Trail; then northwesterly along the centerline of Winter Trail to its intersection with the Yukon River; then southerly along the eastern bank of Yukon River to a non-visible point east of Elkhorn Island; then westerly along a non-visible point-to-point line extending to the northern shore of Elkhorn Island; then southwesterly along the northern and western shoreline of Elkhorn Island to a non-visible point east of Bonasila River; then westerly along a non-visible point-to-point line extending across the Yukon River to its western shore at the mouth of the Bonasila River; then northerly along the western shoreline of the Yukon River to the point of beginning, including all that area within the City of Grayling. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 337.304. Holy Cross Precinct. Beginning at the intersection of the Iditarod School District boundary and Paimiut Slough; then northerly along the western shore of Paimiut Slough to its intersection with Innoko River; then westerly along the southern shore of Innoko River to its intersection with the eastern shore of the Yukon River; then northerly along the shoreline of Yukon River to its intersection with the northeast corner of the City of Holy Cross boundary; then northwesterly and westerly along the City of Holy Cross boundary to its intersection with the Yukon River; then northerly along the shoreline of the Yukon River to its intersection with a non-visible point east of the northernmost point of Elkhorn Island; then westerly along a non-visible point-to-point line extending to the northernmost point of Elkhorn Island; then southwestly along the western shoreline of Elkhorn Island to a non-visible point east of the headwaters of Bonasila River; then westerly along the northern shoreline of the Bonasila River to its intersection with the headwaters of Hawk River; then northwesterly along the thread of Hawk River to its intersection with the Iditarod School District Boundary; then southeasterly along the Iditarod School District boundary to the point of beginning including all that area within the City of Holy Cross. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 337.306. McGrath Precinct. Beginning at the intersection of the northern Iditarod School District boundary and Moose Creek; then southerly and southeasterly along the thread of Moose Creek to its intersection with Sunrise Creek; then southwestly along the thread of Sunrise Creek to its intersection with Susulatna River; then southwestly along the thread of

Susulatna River to its intersection with Agate Fork; then southwesterly along the thread of Agate Fork to its headwaters; then southwesterly along a non-visible point-to-point line extending to Ivy Creek; then southeasterly along the thread of Ivy Creek to its intersection with Nixon Fork; then southwesterly along the thread of Nixon Fork to its intersection with Takotna River; then southwesterly along the thread of Takotna River to its intersection with a winter trail just north of Takotna River; then westerly along the centerline of the winter trail to its intersection with Galickson Creek; then southeasterly along the thread of Galickson Creek to its intersection with Takotna River; then westerly along the thread of Takotna River to its intersection with McGrath winter trail; then easterly along the centerline of McGrath winter trail to its intersection with a winter trail just south of Tatalina River; then southwesterly along the centerline of the winter trail to its intersection with Tatalina River; then southwesterly and easterly along the thread of Tatalina River to its intersection with Carl Creek; then easterly along the thread of Carl Creek to its intersection with Kuskokwim River; then southerly along the thread of Kuskokwim River to its intersection with Black River; then westerly along the thread of Black River to its intersection with Big Creek; then northerly along the thread of Big Creek to its intersection with Takotna River; then southwesterly along the thread of Takotna River to its intersection with Little Waldron Fork; then southerly along the thread of Little Waldron Fork to its intersection with Granite Creek; then southwesterly along the thread of Granite Creek to its intersection with Willow Creek; then westerly along the thread of Willow Creek to its intersection with Tractor Trail just east of George River; then southerly along the centerline of Tractor Trail to its intersection with the southern Yukon-Koyukuk Census Area boundary; then southeasterly along the Yukon-Koyukuk Census Area boundary to its intersection with the Matanuska-Susitna Borough boundary; then northerly along the Matanuska-Susitna Borough boundary to its

intersection with the Denali Borough boundary; then northerly along the Denali Borough boundary to its intersection with the Iditarod School District boundary; then westerly along the Iditarod School District boundary to the point of beginning, excluding all that area within the city limits of Nikolai. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 337.308. Nikolai Precinct. All that area within the boundaries of the City of Nikolai. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 337.310. Shageluk Precinct. Beginning at the intersection of Flat Creek and the Iditarod Area School District boundary; then westerly along the Iditarod Area School District boundary to its intersection with the eastern shore of Piamut Slough; then northeasterly along the shoreline of Piamut Slough to its intersection with Innoko River; then westerly along the shoreline of Innoko River to its intersection with a non-visible point-to-point line extending to the western shore of the Yukon River; then northwesterly along the shoreline of Yukon River to its intersection with the northeast corner of the City of Holy Cross boundary; then northerly and westerly along the City of Holy Cross boundary to its intersection with the shore of the Yukon River; then northwesterly along the shoreline of the Yukon River to its intersection with a non-visible point-to-point line extending to Winter Trail; then easterly along the centerline of Winter Trail to its intersection with the City of Shageluk boundary; then northerly, easterly and southerly along the City of Shageluk boundary to its intersection with Winter Trail; then southeasterly along the centerline of Winter Trail to its intersection with Caribou Creek; then

southeasterly along the thread of Caribou Creek to intersection with a non-visible point-to-point line extending to the headwaters of Otter Creek; then westerly along the thread of Otter Creek to its intersection with State Creek; then southerly along the thread of State Creek to its intersection with a non-visible point-to-point line extending to First Chance Creek; then southerly along the thread of First Chance Creek to its intersection with Bonanza Creek; then westerly along the thread of Bonanza Creek to its intersection with Winter Trail; then southwesterly along the centerline of Winter Trail to its intersection with Timber Creek; then southerly along the thread of Timber Creek to its intersection with Winter Trail; then southerly along the centerline of Winter Trail to the point of the beginning including all the area within the City of Shageluk boundaries. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 337.312. Takotna Precinct. Beginning at the intersection of the northern Iditarod Area School District boundary and Moose Creek; then southerly along the thread of Moose Creek to its headwaters; then southeasterly along a non-visible point-to-point line extending to the headwaters of Sunrise Creek; then southwesterly along the thread of Sunrise Creek to its intersection with Susulatna River; then southwesterly along the thread of Susulatna River to its intersection with Agate Fork; then southwesterly along the thread of Agate Fork to its headwaters; then southwesterly along a non-visible point-to-point line extending to the headwaters of Ivy Creek; then southeasterly along the thread of Ivy Creek to its intersection with Nixon Fork; then southwesterly along the thread of Nixon Fork to its intersection with Takotna River; then southwesterly along the thread of Takotna River to its intersection with the winter trail north of Takotna River; then westerly along the centerline of the winter trail to its

intersection with Galickson Creek; then southeasterly along the thread of Galickson Creek to its intersection with Takotna River; then westerly along the thread of Takotna River to its intersection with Old McGrath Winter Trail; then easterly along the centerline of Old McGrath Winter Trail to its intersection with the winter trail south of Tatalina River; then southwesterly along the centerline of the winter trail to its intersection with the Tatalina Air Force Base boundary; then southerly and westerly along the Tatalina Air Force Base boundary to its intersection with Tatalina River; then southwesterly along the thread of Tatalina River to its headwaters; then easterly along a non-visible point-to-point line extending to Carl Creek; then easterly along the thread of Carl Creek to its intersection with Kuskokwim River; then southerly along the thread of Kuskokwim River to its intersection with Black River; then southwesterly along the thread of Black River to its headwaters; then northerly along a non-visible point-to-point line extending to Black Mountain; then northerly along a non-visible point-to-point line extending to the headwaters of Big Creek; then northwesterly along the thread of Big Creek to its intersection with Takotna River; then southwesterly along the thread of Takotna River to its intersection with Little Waldron Fork; then southerly along the thread of Little Waldron Fork to its headwaters; then southwesterly along a non-visible point-to-point line extending to the headwaters of Granite Creek; then southwesterly along the thread of Granite Creek to its intersection with Willow Creek; then westerly along the thread of Willow Creek to its intersection with Tractor Trail just east of George River; then southerly along the centerline of the Tractor Trail to its intersection with the southern Iditarod Area School District boundary; then westerly along the Iditarod Area School District boundary to its intersection with Tractor Trail; then northerly along the centerline of Tractor Trail to its intersection with Timber Creek; then northeasterly along the thread of Timber Creek to its intersection with Winter Trail; then

easterly along the centerline of Winter Trail to its intersection with Bonanza Creek; then easterly along the thread of Bonanza Creek to its intersection with First Chance Creek; then northerly along the thread of First Chance Creek to its headwaters; then westerly along a non-visible point-to-point line extending to Slate Creek; then northerly along the thread of Slate Creek to its intersection with Otter Creek; then easterly along the thread of Otter Creek to a non-visible point; then northeasterly along a non-visible point-to-point line extending to the headwaters of Caribou Creek; then northwesterly along the thread of Caribou Creek to its intersection with Tractor Trail; then northeasterly along the centerline of Tractor Trail to its intersection with Moose Creek; then northerly along the thread of Moose Creek to its intersection with Iditarod River; then northeasterly, northwesterly, and southwesterly along the thread of Iditarod River to its intersection with Innoko River; then northwesterly and easterly along the thread of Innoko River to its intersection with Mud River; then northeasterly along the thread of Mud River to its intersection with the Iditarod Area School District boundary; then southeasterly along the Iditarod Area School District boundary to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 337.700. Akutan Precinct. Beginning in the median of Unimak Pass; then southeasterly to the median of Akutan Pass including Akutan, Akun, Avatanak, Ugamak, Aiktak, Tiglada, Rootok, and Unalga Islands; then northerly through the median of Akutan Pass to the median of Unimak Pass, the point of beginning, including all that area within the boundaries of the City of Akutan. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 337.702. Aleknagik Precinct. Beginning at the intersection of the Bristol Bay Native Corporation boundary and Kiknik Creek; then southeasterly along the thread of Kiknik Creek to its headwaters; then southerly along a non-visible point-to-point line extending to the headwaters of Chichitnok River; then southerly along the thread of Chichitnok River to its intersection with Nushagak River; then southerly along the thread of Nushagak River to the mouth of Napotoli Creek; then westerly along the thread of Napotoli Creek to its headwaters; then westerly along a non-visible point-to-point line extending to the headwaters of Kokwok River; then southerly along the thread of Kokwok River to the mouth of Nameless Creek; then westerly along the thread of Nameless Creek to its headwaters; then northerly along a non-visible point-to-point line extending to the southern shore of Okstukuk Lake; then westerly along the southern shoreline of Okstukuk Lake to its intersection with Okstukuk Lake Trail; then southwestwardly along the centerline of Okstukuk Lake Trail to its intersection with the City of Aleknagik boundary; then southeasterly along the City of Aleknagik boundary to its intersection with Arcana Creek; then southeasterly along the thread of Arcana Creek to Wood River; then westerly crossing Wood River to the mouth of Silver Salmon Creek; then westerly along the thread of Silver Salmon Creek to its intersection with Aleknagik Road; then northeasterly along the centerline of Aleknagik Road to its intersection with the City of Aleknagik boundary; then northwesterly along the City of Aleknagik boundary to its intersection with the eastern shore of a small lake west of Twin Lake; then westerly along the southern shoreline of the small lake to the mouth of Yako Creek; then northwesterly along the thread of Yako Creek to its intersection with the City of Aleknagik boundary; then west and north along the City of Aleknagik boundary to the southern shore of Lake Aleknagik; then northwesterly along the southern shoreline of Lake

Aleknagik to the mouth of Bear Creek; then southwesterly along the thread of Bear Creek to its headwaters; then southwesterly along a non-visible point-to-point line extending to the eastern shore of Nunavaugaluk Lake; then northwesterly along the eastern shoreline of Nunavaugaluk Lake to the mouth of Killan Creek; then northwesterly along the thread of Killan Creek to its headwaters; then westerly along a non-visible point-to-point line extending to the headwaters of No Lake Creek; then southwesterly along the thread of No Lake Creek to its intersection with Ongivinuk River; then northerly along the thread of Ongivinuk River to the mouth of Jondik Creek; then westerly along the thread of Jondik Creek to its intersection with the southern shore of Togiak Lake; then northerly along the eastern shoreline of Togiak Lake to the mouth of Izavieknik River; then northerly along the thread of Izavieknik River to the mouth of Trail Creek; then northwesterly along the thread of Trail Creek to its intersection with the Bristol Bay Native Corporation boundary; then northeasterly along the Bristol Bay Native Corporation boundary to the point of beginning, including all that area within the boundaries of the City of Aleknagik. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 337.704. Aleutians No. 1 Precinct. Beginning in the median of Umnak Pass; then southwesterly to a non-visible point due west of Cape Wrangell on Attu Island, including the northwestern Aleutian Islands, beginning with Umnak Island then westerly to Attu Island to the point of beginning, including all that area within the boundaries of the City of Adak and the City of Atka and the area within the communities of Amchitka, Attu, and Nikolski; and the Air Stations of Eareckson and Shemya. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

Authority: AS 15.10.020 AS 15.15.010

6 AAC 340.020. Kivalina Precinct. Beginning at the intersection of the Northwest Arctic Borough boundary and Noatak National Preserve boundary; then southeasterly and southwesterly along the Noatak National Preserve boundary to its intersection with Noatak River; then southwesterly along the northern shoreline of Noatak River to the mouth of Pingaluruk Creek; then northeasterly and northwesterly along the thread of Pingaluruk Creek to its headwaters; then southwesterly along a non-visible point-to-point line to the intersection with Kikmiksot Mountain and the Cape Krusenstern National Monument boundary; then southerly along the Cape Krusenstern National Monument boundary to its intersection with Winter Trail; then southwesterly along the centerline of Winter Trail to its intersection with the mouth of

Kilikmak Creek; then westerly along a non-visible point-to-point line extending to the Northwest Arctic Borough boundary; then northwesterly and northeasterly along the Northwest Arctic Borough boundary to the point of beginning including all that area within the boundaries of the City of Kivalina and the area within the Red Dog Port site. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 340.022. Kobuk Precinct. Beginning at the intersection of the Northwest Arctic Borough boundary and Shiniliaok Creek; then northeasterly along the thread of Shiniliaok Creek to its intersection with a non-visible point-to-point line extending to Angutikada Peak; then northerly along a non-visible point-to-point line extending to the headwaters of Kuikcherk River; then northwesterly along the thread of Kuikcherk River to its intersection with Kobuk River; then westerly along the southern shoreline of Kobuk River to the mouth of Wesley Creek; then northeasterly along the thread of Wesley Creek to its intersection with a non-visible point-to-point line west of Inerevuk Mountain, extending to Ruby Creek; then northerly along the thread of Ruby Creek to its intersection with Shungnak River; then northeasterly along the thread of Shungnak River to its headwaters; then northwesterly along a non-visible point-to-point line to the intersection of Ambler River and Ulaneak Creek; then northerly along the thread of Ambler River to its intersection with the Noatak National Preserve boundary; then northeasterly along the Noatak National Preserve boundary to its intersection with an unnamed river; then northerly along the thread of the unnamed river to the mouth of Rough Mountain Creek; then easterly along the thread of Rough Mountain Creek to its intersection with the Northwest Arctic Borough boundary; then westerly, southeasterly, and southwesterly along the Northwest Arctic Borough

boundary to the point of beginning, including all that area within the boundaries of the City of Kobuk. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 340.024. Kotzebue Precinct. Beginning at the intersection of Mamelak Creek and Noatak River; then southeasterly along the eastern shoreline of Noatak River to its mouth; then southeasterly along the eastern shoreline of Kotzebue Sound to the northern shore of Hotham Inlet; then southerly along the eastern shoreline of Hotham Inlet; then southerly crossing the Baldwin Peninsula, south of Nazuruk Channel, to its intersection with a non-visible point-to-point line extending to the northern shore of Eschscholtz Bay; then southwesterly along the western shoreline of Eschscholtz Bay to the eastern shore of Kotzebue Sound; then northwesterly along a non-visible point-to-point line extending to the Northwest Arctic Borough boundary, north of Sheshalik Spit; then northwesterly along the Northwest Arctic Borough boundary to its intersection with a non-visible point-to-point line to the mouth of Kilikmak Creek extending to the Cape Krusenstern National Monument boundary; then southeasterly along the Cape Krusenstern National Monument boundary to its intersection with Mamelak Creek; then easterly along the thread of Mamelak Creek to the point of beginning, including all that area within the boundaries of the City of Kotzebue. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 340.026. Noatak Precinct. Beginning at the intersection of the Northwest Arctic Borough boundary and the Noatak National Preserve boundary; then southeasterly and southwesterly along the Noatak National Preserve boundary to its intersection with Noatak

River; then southwesterly along the eastern shoreline of Noatak River to its intersection with Pingaluruk Creek; then northwesterly along the thread of Pingaluruk Creek to its headwaters; then southwesterly along a non-visible point-to-point line to its intersection with Kikmiksot Mountain and Cape Krusenstern National Monument boundary; then southerly along the Cape Krusenstern National Monument boundary to its intersection with Mamelak Creek; then southeasterly along the thread of Mamelak Creek to its intersection with Noatak River; then southeasterly along the eastern shoreline of Noatak River to its intersection with Little Noatak Slough; then southeasterly along the thread of Little Noatak Slough to its intersection with the Noatak National Preserve boundary; then northeasterly along the Noatak National Preserve boundary to its intersection with Nanielik Creek; then northeasterly along the thread of Nanielik Creek to its intersection with Noatak River; then easterly along the northern shoreline of Noatak River to its intersection with Makpik River; then northeasterly along the thread of Makpik River to its intersection with the Northwest Arctic Borough boundary; then westerly along the Northwest Arctic Borough boundary to the point of beginning, including all that area within the community of Noatak. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 340.028. Noorvik Precinct. Beginning at the intersection of Kobuk River and Melvin Channel; then westerly along the northern shoreline of Melvin Channel to Nulvororok Channel; then northerly along the northern shoreline of Nulvororok Channel to the eastern shore of Nulvororok Lake; then northeasterly along the eastern shoreline of Nulvororok Lake to the southern shore of Ekichuk Lake; then northwesterly along the western shoreline of Ekichuk Lake to the eastern shore of Hotham Inlet; then southeasterly along the eastern shoreline of Hotham

Inlet to the western shore of Selawik Lake; then southeasterly along the northern shoreline of Selawik Lake to the mouth of Selawik River; then southeasterly along the western shoreline of Selawik River to the southwest shore of Shogvik Lake; then northerly along the western shoreline of Shogvik Lake to its intersection with Winter Trail; then northerly along the centerline of Winter Trail to its intersection with Portage Creek; then northeasterly along the thread of Portage Creek to its intersection with Kobuk River; then westerly along the southern shoreline of Kobuk River to the point of beginning, including all that area within the boundaries of the City of Noorvik. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 340.030. Nuiqsut Precinct. Beginning at the intersection of the North Slope Borough boundary and April Creek; then northerly along the thread of April Creek to its intersection with Killik River; then northwesterly along the thread of Killik River to its intersection with Colville River; then northeasterly along the thread of Colville River to the southern shore of Harrison Bay; then due north along a non-visible point-to-point line extending to the North Slope Borough boundary; then northwesterly along the North Slope Borough boundary to its intersection with a non-visible point-to-point line extending to the northern shore of Dease Inlet, south of the eastern shore of Plover Island; then southwesterly along the western shoreline of Dease Inlet to the eastern shore of Admiralty Bay; then southwesterly along the northern shoreline of Admiralty Bay to the eastern shore of Kuyanak Bay; then westerly along the northern shoreline of Kuyanak Bay to the southern shore of Sisgravik Lake; then northwesterly along the southern shoreline of Sisgravik Lake to the mouth of Inaru River; then southwesterly along the southern shoreline of Inaru River to its intersection with Winter Trail;

then southerly along the centerline of Winter Trail to its intersection with Meade River; then southwesterly along the thread of Meade River to its intersection with Okpiksak River; then southwesterly along the thread of Okpiksak River to its intersection with Winter Trail; then southwesterly along the centerline of Winter Trail to its intersection with a non-visible point-to-point line extending to Usuktok River; then southerly along the thread of Usuktok River to its headwaters; then southerly along a non-visible point-to-point line extending to south of the headwaters of Pahron River; then southwesterly along a non-visible point-to-point line extending to Grayling Creek; then southeasterly along the thread of Grayling Creek to its intersection with Colville River; then westerly along the thread of Colville River to its intersection with Nuka River; then southwesterly along the thread of Nuka River to its intersection with Singayoak Creek; then southwesterly along the thread of Singayoak Creek to its headwaters; then westerly along the Noatak National Preserve boundary to its intersection with Anisak River; then southeasterly along the thread of Anisak River to its intersection with the North Slope Borough boundary; then easterly along the North Slope Borough boundary to the point of beginning, including all that area within the boundaries of the City of Nuiqsut and the community of Umia. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 340.032. Point Hope Precinct. Beginning at the intersection of Sooner River and Kukpowruk River; then southerly along the thread of Sooner River to its headwaters; then southwesterly along a non-visible point-to-point line extending to the headwaters of Kivalina River; then southwesterly along the thread of Kivalina River to its intersection with the North Slope Borough boundary; then northwesterly and northeasterly along the North Slope Borough

boundary to its intersection with a non-visible point-to-point line to the mouth of Kukpowruk River; then southeasterly along the thread of Kukpowruk River to the point of beginning, including all that area within the boundaries of the City of Point Hope and the area within the community of Cape Lisburne. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 340.034. Point Lay Precinct. Beginning at the mouth of Utokok River; then southeasterly along the thread of Utokok River to the mouth of Carbon Creek; then southeasterly along the thread of Carbon Creek to its intersection with a non-visible point-to-point line extending south of the headwaters of Awuna River; then southeasterly along a non-visible point-to-point line south of Awuna River extending to Grayling Creek; then southeasterly along the thread of Grayling Creek to its intersection with Colville River; then westerly along the thread of Colville River to its intersection with Nuka River; then southwesterly along the thread of Nuka River to the mouth of Singayoak Creek; then southwesterly along the thread of Singayoak Creek to its headwaters; then westerly along the Noatak National Preserve boundary to its intersection with Anisak River; then southeasterly along the thread of Anisak River to its intersection with the North Slope Borough boundary; then westerly along the North Slope Borough boundary to its intersection with Kivalina River; then northeasterly along the thread of Kivalina River to its headwaters; then northeasterly along a non-visible point-to-point line extending to the headwaters of Sooner River; then northerly along the thread of Sooner River to its intersection with Kukpowruk River; then northeasterly along the thread of Kukpowruk River to its mouth to its intersection with a non-visible point-to-point line extending to the North Slope Borough boundary; then northeasterly along the North Slope Borough boundary to its intersection with a

non-visible point-to-point line to the mouth of Utukok River, the point of beginning, including all that area within the boundaries of the City of Point Lay. (Eff. ____/____/2014, Register ____)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 340.036. Selawik Precinct. Beginning at the intersection of the Northwest Arctic Borough boundary and Selawik River; then westerly along the thread of Selawik River to its intersection with Kugarek River; then northeasterly along the thread of Kugarek River to the mouth of Kuchuk Creek; then northerly along the thread of Kuchuk Creek to its headwaters; then northeasterly along a non-visible point-to-point line to the headwaters of Niaktuvik Creek; then northeasterly along the thread of Niaktuvik Creek to its intersection with Kobuk River; then southwesterly along the southern shoreline of Kobuk River to the mouth of Portage Creek; then southwesterly along the thread of Portage Creek to its intersection with Winter Trail to its intersection with the western shore of Shogvik Lake to Selawik River; then southwesterly along the northern shoreline of Selawik River to the northern shore of Selawik Lake; then northwesterly along the southern shoreline of Selawik Lake to the southern shore of Hotham Inlet, crossing Baldwin Peninsula south of Nazuruk channel to the northern shore of Eschscholtz Bay; then southeasterly along the northern shoreline of Eschscholtz Bay to the mouth of Kauk River; then southeasterly along the thread of Kauk River to the mouth of Harvey Creek; then southerly along the thread of Harvey Creek to its intersection with Buckland River; then southeasterly along the northern shoreline of Buckland River to its intersection with an unnamed river; then southeasterly along the thread of the unnamed river to its intersection with Middle Fork Buckland River; then northeasterly along the thread of Middle Fork Buckland River to its intersection with the Northwest Arctic Borough boundary; then northeasterly along the

Northwest Arctic Borough boundary to the point of beginning, including all that area within the boundaries of the City of Selawik. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 340.038. Shungnak Precinct. Beginning at the intersection of the Northwest Arctic Borough boundary and Shiniliaok Creek; then northeasterly along the thread of Shiniliaok Creek to its intersection with a non-visible point-to-point line extending to the headwaters of Kuikcherk River; then northwesterly along the thread of Kuikcherk River to its intersection with Kobuk River; then northwesterly along the southern shoreline of Kobuk River to the mouth of Wesley Creek; then northeasterly along the thread of Wesley Creek to its intersection with a non-visible point-to-point line extending to Ruby Creek; then northerly along the thread of Ruby Creek to its intersection with Shungnak River; then southwesterly along the thread of Shungnak River to its intersection with Kobuk River; then northwesterly along the western shoreline of Kobuk River to its intersection with Kugachevik Creek; then southwesterly along the thread of Kugachevik Creek to its intersection with Little Black Creek; then southwesterly along the thread of Little Black Creek to its headwaters; then southeasterly along a non-visible point-to-point line extending to the headwaters of Kerchurak Creek; then southwesterly along the thread of Kerchurak Creek to its intersection with Kergarek River; then southwesterly along the thread of Kergarek River to its intersection with Selawik River; then southerly along the thread of Selawik River to its intersection with the Northwest Arctic Borough boundary; then southeasterly along the Northwest Arctic Borough boundary to the point of beginning, including all that area within the boundary of the City of Shungnak. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 340.040. Wainwright Precinct. Beginning at the intersection of Utokok River and Carbon Creek; then southeasterly along the thread of Carbon Creek to its intersection with a non-visible point-to-point line extending south of the headwaters of Awuna River; then southeasterly along a non-visible point-to-point line south of Awuna River; then northeasterly along a non-visible point-to-point line north of the headwaters of Discovery Creek; then northeasterly along a non-visible point-to-point line extending to the headwaters of Pahron River; then northwesterly along the thread of Pahron River to its intersection with Meade River; then northeasterly along the thread of Meade River to the mouth of Shaningarok Creek; then northwesterly along a non-visible point-to-point line to the headwaters of Kowlak Creek; then northwesterly along the thread of Kowlak Creek to its intersection with Nigisaktuvik River; then northeasterly along the thread of Nigisaktuvik River to its intersection with Meade River; then northeasterly along the thread of Meade River to its intersection with winter trail; then northerly along the centerline of winter trail to its intersection with an unnamed river; then northwesterly along the thread of the unnamed river to the eastern shore of Walakpa Bay; then northwesterly along the northern shoreline of Walakpa Bay to its intersection with a non-visible point-to-point line extending to the North Slope Borough boundary; then southwestward along the North Slope Borough boundary to its intersection with a non-visible point-to-point line extending to the mouth of Utokok River, to the point of beginning, including all that area within the boundaries of the City of Wainwright. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 340.326. Allakaket Precinct. Beginning at the intersection of the Northwest Arctic Borough boundary and Weyahok River; then northeasterly along the thread of Weyahok River to its intersection with Alatna River; then southeasterly along the thread of Alatna River to its intersection with Malamute Fork Alatna River; then easterly along the thread of Malamute Fork Alatna River to its intersection with Bedrock Creek; then easterly along the thread of Bedrock Creek to a non-visible point; then southeasterly along a non-visible point-to-point line extending to the headwaters of East Fork Sozhekla Creek; then southerly along the thread of East Fork Sozhekla Creek to its intersection with Henshaw Creek; then southerly along the thread of Henshaw Creek to its intersection a non-visible point-to-point line extending to the southern shore of the Koyukuk River; then southeasterly along a non-visible point-to-point line extending to western shore of Mingkoket Lake; then southerly along the western shoreline of Mingkoket Lake and continuing southwestly along a non-visible point-to-point line extending to the intersection of a Winter Trail and Kanuti Chalatna Creek; then northwesterly along the thread of Kanuti Chalatna Creek to its intersection with the Kanuti River; then northwesterly along the thread of the Kanuti River to its intersection with the Tanana Allakaket Winter Trail; then southwestly along the centerline of the Tanana Allakaket Winter Trail to its intersection with the Mentanontli River; then northerly along the thread of the Mantanontli River to its intersection with Notoniono Creek; then southwestly along the thread of Notoniono Creek to its intersection with Foot Trail; then southwestly along the centerline of Foot Trail to its intersection the Indian River; then southwestly along the thread of the Indian River to its intersection with Matthews Slough; then northwesterly along the thread of Matthews Slough to its intersection with the southern shore of the Koyukuk River; then northwesterly along the southern shore of the Koyukuk River to its intersection with Dakli River; then northerly along

the thread of Dakli River to its intersection with Billy Hawk Creek; then northerly along the thread of Billy Hawk Creek to its intersection with the Northwest Arctic Borough boundary; then northeasterly along the Northwest Arctic Borough boundary to the point of beginning, excluding all that area with the City of Hughes. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 340.328. Bettles Precinct. Beginning at the intersection of the Northwest Arctic Borough boundary and Weyahok River; then northeasterly along the thread of Weyahok River to its intersection with Alatna River; then southeasterly along the thread of Alatna River to its intersection with Malamute Fork Alatna River; then easterly along the thread of Malamute Fork Alatna River to its intersection with Bedrock Creek; then southeasterly along a non-visible point-to-point line extending to the headwaters of East Fork Sozhokla Creek; then southerly along the thread of East Fork Sozhokla Creek to its intersection with Henshaw Creek; then southerly along the thread of Henshaw Creek to its intersection with a non-visible point-to-point line extending to the southern shoreline of the Koyukuk River; then easterly along the shoreline of the Koyukuk River to its intersection with South Fork Koyukuk River; then easterly along the thread of South Fork Koyukuk River to its intersection with Fish Creek; then southeasterly along the thread of Fish Creek to its intersection with Bonanza Creek; then northeasterly along the thread of Bonanza Creek to its intersection with North Fork Bonanza Creek; then northeasterly along the thread of North Fork Bonanza Creek to its intersection with the Yukon Koyukuk School District boundary; then southerly along the Yukon Koyukuk School District boundary to its intersection with the western Yukon Flats National Wildlife Refuge boundary; then northeasterly along the Yukon Flats National Wildlife Refuge boundary to its intersection with Monarch Creek; then

northerly along the thread of Monarch Creek to its intersection with the Chandalar River; then southeasterly along the thread of Chandalar River to its intersection with the southern shore of Middle Fork Chandalar River; then southeasterly along the southern shoreline of Middle Fork Chandalar River to its intersection with a non-visible point-to-point line extending to the northern shore of East Fork Chandalar River; then northeasterly along the northern shoreline of the East Fork Chandalar River to its intersection with Crow Nest Creek; then northwesterly along the thread of Crow Nest Creek to its intersection with the North Slope Borough boundary; then westerly along the North Slope Borough boundary to its intersection with the Northwest Arctic Borough boundary; then southerly along the Northwest Arctic Borough boundary to the point of beginning. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010

6 AAC 340.330. Hughes Precinct. All that area within the boundaries of the City of Hughes. (Eff. ___/___/2014, Register ___)

Authority: AS 15.10.020 AS 15.15.010
