

Ballot Measure No. 1

An Act Allowing Qualified Individuals to Register to Vote When Applying for a Permanent Fund Dividend.

Ballot Language

Ballot Measure No. 1 – 15PFVR
An Act Allowing Qualified Individuals to Register to Vote When Applying for a Permanent Fund Dividend.

This act would instruct the Division of Elections to register a qualified Alaskan to vote when applying for the permanent fund dividend (PFD). If a person registers to vote for the first time through a PFD application, the Division of Elections would compare the person's information to state records to ensure that the person is an eligible voter. The Division of Elections would let the citizen know if he or she has been added to the state registration list, or if the person's current voting address does not match the one provided on the PFD form. In that case, the person could change their voter registration address. The notice also would allow an applicant to request removal from the registration list. Thus, using the data from the PFD form, the Division of Elections would register a qualified Alaskan to vote unless he or she opts out. The notice would also allow a person to register with a political party. Voter information is already confidential under existing state law.

Legislative Affairs Agency Summary

This Act creates another method for a person to register to vote. A person could register using a permanent fund dividend (PFD) application. The person would have to attest that the information on the person's PFD form is true. Voter information on a PFD form would be provided to the Division of Elections. The division would check whether the person is eligible to vote. If the person is eligible, the person would be notified that the person will be registered to vote in this state. An out-of-state registration for the person would be canceled. The person has 30 days to respond to the notice and opt out. The Act provides that voter information on a PFD form would be as confidential as other voter information.

Department of Revenue

Permanent Dividend Fund Division

As required by AS 15.45.090(a)(4), the Permanent Fund Dividend Division (PFDD) has prepared the following statement of cost to implement the proposed permanent fund dividend application and the registration of voters ballot initiative. The minimum cost to PFDD to implement this change is estimated to be \$2,585.00.

The ballot initiative would amend AS 15.07.050(a) and register individuals to vote by completing a permanent fund dividend application under AS 43.23.015. The dividend application currently captures all but one of the required data elements outlined in AS 15.07.060(a)(1)-(4) and (7)-(9). The exception being, AS 15.07.060(a)(4), the applicant's Alaska residence address. The dividend application requires both a mailing and physical address, but neither is required to be within the state of Alaska. Minimal application programming will be required to modify the application to include a physical address if it must be within Alaska.

In addition, a statement of notification will be incorporated into the permanent fund dividend application. The notification language will explicitly explain that by completing a

permanent fund dividend application the applicant will simultaneously be registered to vote.

Although, the projected costs associated with this ballot initiative are relatively insignificant to PFDD, the impact on the volume of public contact is an unknown variable. An increase in non-permanent fund dividend inquires will directly affect the time PFDD technicians have to meet the program's primary mission.

Permanent Dividend Fund Division – Estimate by Category

15 programming hours to modify PFD applications	\$679
15 programming hours to include additional Alaskan address data entry component	\$679
5 programming hours to create Elections file transfer report	\$227
Increase in application printing costs to include additional Alaska address field	\$1000
Total	\$2,585
