If you make a mistake while voting, return the ballot to the election official for a new one.  
**A vote which has been erased or changed will not be counted.**

**Instructions:** To vote, completely fill in the oval next to your choice, like this: ●

<b>Ballot Measure No. 1 - 17FSH2</b> <b>An act providing for the protection of wild salmon and fish and wildlife habitat</b>	<b>Fourth Judicial District District Court</b>
<b>Ballot Measure No. 1</b> <p>This act would amend Alaska's fish habitat permitting law. The act would require the Department of Fish and Game (ADF&amp;G) to apply new standards to permitting activities and development projects that have the potential to harm fish habitat. The act would exempt existing projects, operations, or facilities that have received all state and federal permits until a new permit is needed. The act would create fish and wildlife habitat-protection standards. The standards would address water quality, temperature, streamflow, and more. The act defines "anadromous fish habitat." The act would allow ADF&amp;G to apply the law to all habitat in Alaska that directly or indirectly supports salmon or other anadromous fish. The act would provide for three types of permits for development in anadromous fish habitat. ADF&amp;G could issue a general permit-a single permit that applies to many people-for certain activities. For other activities that require a permit, the act would establish a two-track permitting system. Minor permits would be issued for activities that have little impact on fish habitat. Major permits would be issued for projects that have the potential to cause significant adverse effects on fish habitat. The act defines "significant adverse effects." The act would require ADF&amp;G to avoid or minimize adverse effects through mitigation measures and permit conditions. It would provide public notice on all permits and a chance to comment on major permits. The act would create criteria, timeframes, and an appeals process for the permits by interested persons. The act would allow ADF&amp;G to respond to specified conduct with tickets, civil fines, or criminal penalties. The act would repeal two current statutes. One is regarding mitigation from a dam. The other is regarding criminal penalties that are addressed elsewhere.</p> <p>Should this initiative become law?</p> <p><input type="radio"/> YES <input type="radio"/> NO</p>	<p>Judge Seekins</p> <p>Shall Ben A. Seekins be retained as judge of the district court for four years?</p> <p><input type="radio"/> YES <input type="radio"/> NO</p>
<b>Fourth Judicial District Superior Court</b>	
	<p>Judge Lyle</p> <p>Shall Paul R. Lyle be retained as judge of the superior court for six years?</p> <p><input type="radio"/> YES <input type="radio"/> NO</p>
	<p>Judge McConahy</p> <p>Shall Michael P. McConahy be retained as judge of the superior court for six years?</p> <p><input type="radio"/> YES <input type="radio"/> NO</p>
