Premium Tax Office Manager  
College Math Instructor  

**Service Organization(s) Membership:**  
 Volunteer Tutor and Trainer: Literacy, English as a Second Language, Mathematics  
In homes, non-profits, correctional institutions, villages and outside  

**Special Interests:**  
Aquacise Instructor, almost 5 grandchildren, solving problems, and doing what others say can't be done.  

**Position Statement:**  
Ocean Park is my home in Southwest Anchorage. My children attended Oceanview Elementary School and have bicycled District L from Bayshore to Campbell and Taku. I was Director of the UAA Adult Learning Center in Spenard, helping thousands of Alaskan Adults earn their High School and GED Diplomas.  

With an MBA, experience working for a US Senator representing Alaska, and a former Candidate, I am qualified to represent you in Juneau. But I am running because my 5-year-old granddaughter starts kindergarten this fall. Or not.  

She needs our help—every one of us. Our medical professionals have told us what we need to do individually. We need to do it. We have to provide them with supplies. Alaska Public Health Service needs our support. I was in an Alaskan Village as a VISTA helping the nurses when they visited monthly to test us for TB and eradicate it in Alaska. PHS needed to be expanded, not cut.  

Alaskans built a pipeline when others thought it was impossible because of environmental challenges and government regulations. I know how to cut through regulations; I do taxes and write grants.  

Alaskans build worksites in the most challenging environment on earth. Our construction workers test for pollutants, clean air and water. If they can do it on the North Slope, they can do it at my granddaughter's kindergarten. And our officials need to make it happen.  

Vote as if your life depended on it. Our children's do.
