Position Statement:

Leading Alaska

Leading by example is the hallmark of a good leader. The attributes of honesty, integrity, and transparency come to mind in regard to good political leadership. If elected to State House, in District 23, of the State of Alaska, I will lead by the attributes I have outlined above. I will also listen, be inclusive, and make decisions by consensus. I will also work to reduce nepotism, favoritism, and corruption in State Government where I see it or find it.

The Binding Caucus

In regard to the binding caucus and its use or misuse in Juneau I hope to form a new caucus that will challenge the unethical nature of the binding caucus. Freedom of speech and the assemblance of differing views should be encouraged and respected in Juneau and in all governing bodies. We must challenge the current political elite in Juneau that are financed by outside forces to steamroll their crony's legislation in Juneau.

PFD

I will work and support the return of the 8000.00 dollars that has been taken from each Alaskan. I will also work to protect the PFD for the future.

Lobbyist

I will refuse to take money from political action committees, big corporations, and or other organizations that try to control State funding or Legislation. I also promise to never dine with lobbyist or accept any gifts or donations from lobbyist.

Moving the Capital

I support moving the Capital of Alaska to the Anchorage/Mat-Su area.
Where 65% of Alaskans live.
